

The ultimate husband in Chinese chapter 2341-2350

Chapter 2341

No, we have to speed up.

Thinking about it, Yue Feng picked up his spirit and continued to practice cross-legged.

.....

the other side.

In the vast sea, returning to the ruins of the sea.

Under the guidance of Hai Ling'er, Yue Wuya led the blood shark pirates, steered thousands of sailboats, and successfully passed through the vortex and rapids area. After several hours of sailing, they finally arrived at the coral island.

Coral Island, located in the center of the Guixu sea area, is also the habitat where the sea sharks guard the secrets of the Guixu sea area for generations.

call!

When they arrived at the coral island, they were all stunned when they saw the scene in front of them, whether it was Yue Wuya, Bingbing, and many blood shark pirates, all of them were amazed and sighed at the magic of the Creator.

I can see that the coral island in front of me is very large, but there is no land. The whole island is a piece of coral group, which is connected. Some of these coral groups are tens of meters high, and some are half a meter high, almost half a meter high. There are all kinds of corals, under the sun, colorful and radiant.

The dwellings of the sea sharks are built on these coral groups with huge shells. From a distance, one after another, it is like a fairy tale world.

"It's so beautiful here." Han Bing was stunned, and couldn't help but exclaimed in admiration.

Yue Wuya was also amazed and couldn't help but said to Hai Ling'er: "I really didn't expect that in this dangerous environment of the Returning Market Sea, there is such a beautiful place, it's just a paradise.

“

Hai Ling'er couldn't help laughing out loud, and said to Yue Wuya, "This is where we have lived for generations, isn't it special? Your mainland residence is different from here?"

This chapter is provided by . Visit for daily update.

Hai Linger grew up in the sea since she was a child, and has never been to the mainland, so she believes that all human dwellings are like this.

Yue Wuya smiled slightly and replied, "Of course it's different. There are palaces and more majestic buildings in the mainland. When the time comes, I will definitely show you."

Hmm!

Hai Ling'er nodded, and then said softly: "You two and I go to see your father, but your subordinates will be waiting here. Our sea sharks have regulations, and we can't bring outsiders in casually. Yes ." During the

previous voyage, Yue Wuya wanted to catch Duan Yu as soon as possible, but he never encountered it. Now that he arrived at the habitat of the sea sharks, Yue Wuya decided to make some repairs here. At the same time, he wanted to visit the sea. The patriarch of the shark clan, also the father of Hai Linger.

Hai Ling'er was kind-hearted and agreed, but she didn't forget the rules of the sea shark clan.

Yue Wuya responded and expressed his understanding.

"Ling'er." At this moment, Han Bing couldn't help but ask curiously: "For thousands of years, has there really been no other humans here in your shark clan?"

Hai Ling'er smiled lightly: "I want to When you come here, you have to pass through the vortex and rapids. Even experienced pirates cannot easily pass through it, so there are very few people who can come here. It can be said that your brothers and sisters have been together for thousands of years. , was the first to receive the invitation."

After speaking, Hai Linger suddenly thought of something, clapped her hands and said, "Yes, a few days ago, my father rescued a few people from Jianghu, who are said to have come from the Earth-Earth Continent. Maybe you know each other."

From the Earth Continent?

Hearing this, Yue Wuya and Han Bing looked at each other in surprise.

Immediately afterwards, Yue Wuya's eyes flashed, thinking of something, he quickly asked Hai Ling'er, "What do those people look like?"

Before, when they were at the seaside of Donghai City, there were people from several other sects in Tangjiabao, who robbed the people of fishing boats and went to sea to escape the war. Could it be that the few people Hai Linger mentioned are these people?

However, several sects add up to tens of thousands, it is impossible to have only a few people left...

Chapter 2342

Seeing that both brothers and sisters were looking at him seriously, Hai Linger tilted her head for a while, and responded, "Those people are not too young, and one of them claims to be the castle owner of Tangjiabao. , said that he is very famous in the Earth Circle..."

Tang Qingyun? Sure enough it was them.

Without waiting for Hai Linger to finish speaking, Yue Wuya's eyes lit up, revealing a sneer: "Mad, these bastards have gone to the Guixu sea area. The sky has eyes, let me touch it, and I will not forgive them lightly. "

Before, Yang Jian led the Northern Ying army to attack, but the sects of Tang Qingyun fled without fighting, and then went to Donghai City and robbed the people's fishing boats, which is absolutely hateful.

At that time, Yue Wuya and Han Bing tried their best to stop them but let Tang Qingyun and the others run away, but they never forgot. At that time, Yue Wuya secretly swore that if he saw it in the future, he would teach these scumbags a good lesson. Actually in the sea shark clan.

While angry, Yue Wuya was also a little curious.

At that time, Tang Qingyun and several sects added up to tens of thousands of people. Now there are only a few left. What happened to them?

Just when Yue Wuya was thinking about it, Hai Ling'er led the way and headed for the largest residence on Coral Island.

Of course, this residence is also made of shells. More than a dozen huge shells are stacked together to form a unique Qionglou. It seems simple, but it gives people a luxurious and elegant feeling.

Yue Wuya and Han Bing quickly followed.

Along the way, I saw many other people from the sea shark clan, all of them handsome men and beautiful women. When they met Hai Linger, they saluted respectfully, and at the same time, they looked at the Yue Wuya brothers and sisters curiously.

“Ling’er, are you back?”

When it was about to arrive, with an old voice, more than a dozen people walked out slowly. The head of the one had gray beard but a ruddy complexion. He was wearing a robe made of fish scales and sea animal skins, and he was majestic.

It is Hai Ling’er’s father, Hai Kun, the patriarch of the sea shark clan!

At this time, Hai Kun looked at Hai Ling’er with love and worry in his eyes. One day ago, his daughter went out to play and suddenly disappeared. This made Hai Kun very anxious. .

Just now, Hai Kun summoned the clansmen and continued to discuss ways to find it, but unexpectedly, his daughter came back safe and sound, which made Hai Kun overjoyed.

“Father!” Hai Ling’er shouted, running over and throwing herself into Hai Kun’s arms.

“Where have you been all day?” Hai Kun stroked his daughter’s hair and couldn’t help but ask gently.

Hai Ling’er smiled and said, “I was chased by a bad guy, so I kept swimming. I was about to swim outside the Guixu sea area. I met a benefactor, and the benefactor beat the bad guy and saved me.”

Thinking of the scene at that time , Hai Linger was still a little scared.

benefactor?

Hearing this, Hai Kun was stunned for a moment, then looked at Yue Wuya and Han Bing: “That’s them?”

As he said, Hai Kun looked at Yue Wuya and the two closely, and saw that the two were not very old, male and female. The long is handsome and handsome, and the female is youthful and charming.

Hai Ling’er nodded heavily and greeted Yue Wuya at the same time: “Benefactor, this is my father, the head of the sea shark clan.”

Hearing this, Yue Wuya and Han Bing were about to come over.

“Wait!”

At this moment, behind Hai Kun, a person came out and stopped, wearing a satin robe, his face was sinister and cunning, it was Tang Qingyun.

At this time, Tang Qingyun looked at Yue Wuya tightly, full of fear.

Chapter 2343

At the same time, I was shocked beyond words.

I thought that after a festival at the seaside of Donghai City, we would never meet again, but I didn't expect that the sea sharks would meet again here.

Tang Qingyun saw that Yue Wuya's internal strength had completely recovered, and he was no longer as weak as before, and his strength seemed to have improved a lot.

What shocked Tang Qingyun even more was that not far away, on the sea next to the coral island, there were thousands of sailboats, all of which were people.

Swish!

Yue Wuya's eyes were also locked on Tang Qingyun, and his face was gloomy.

This scum is indeed here.

"Patriarch!"

Finally, Tang Qingyun reacted and said to Hai Kun: "Princess may have been deceived, these two are brothers and sisters, very dangerous, their father is Yue Feng, who is the big devil on the continent of Kyushu, and he does all kinds of evil. , How can someone like this save the princess? There must be something strange behind it."

When he said this, Tang Qingyun looked sincere and serious, but his eyes flashed with cunning.

Half a month ago, Tang Qingyun and several sects robbed the common people's sailboats and planned to go to Peach Blossom Island to settle down, but when they arrived, they saw that Peach Blossom Island had become a ruin. Peach Blossom Island was first swept away, and Donghai City was attacked later.

In this case, Tang Qingyun and everyone had to continue to sail to the deep sea.

During the period, the heads of other sects wanted to give up and decided to return to the mainland, but Tang Qingyun was very insistent, because Tang Qingyun had read "Returning to the Ruins and Surveying the Sea". Although the picture was lost, he still remembered a lot.

Tang Qingyun knew that there was an ancient secret hidden in the chart. As long as he found this secret, he would not only be able to carry forward Tangjiabao, but he could also become a figure like the Supreme Being of Kyushu.

Relying on his memory, Tang Qingyun brought everyone to the Guixu Sea Area. As a result, the vortex and rapids were severely damaged, and tens of thousands of people were trapped in it, and they were swept into the seabed one by one.

In the end, only a few Tang Qingyun survived, and were finally rescued by the sea sharks.

When he arrived at the shark clan, Tang Qingyun was pleasantly surprised to discover that the coral island where the shark clan was located was the location of the secrets in the chart, so he stayed and tried his best to find out.

But today, I didn't expect that the Yue Wuya brothers and sisters suddenly appeared.

Tang Qingyun knew that Yue Wuya would not let him go, and instead of being passive, it would be better to strike first, bewitch the sea sharks, and get rid of Yue Wuya for himself.

Swish!

Hearing this, Yue Wuya was furious, pointed at Tang Qingyun and scolded: "You despicable and shameless villain, confounding black and white, fabricating facts, it is not a pity to die!"

The ice next to him was also trembling with anger. , followed Jiao shouted: "Tang Qingyun, do you have a conscience? The Earth's Continent is at stake, you fled, and now you are slandering us?"

The cold air at this time is broken, this Tang Qingyun is too hateful, and it's fine to fabricate the facts. , and slandered his father as the big devil of the Kyushu continent?

Hai Linger was also a little anxious, and said to Tang Qingyun: "Don't talk nonsense, they are good people." After speaking

, Hai Linger pulled Hai Kun's sleeve and said anxiously: "Dad, that Wuya eldest brother and His sisters are all good people, don't listen to this person's nonsense." The

voice fell, and Hai Linger gave Tang Qingyun a vigilant look. In fact, when Tang Qingyun first came to Coral Island, Hai Linger felt , This man is full of etiquette and morality, but his eyes often flash with a cold light, he doesn't seem to be a good person, and at this time, seeing him slandering his benefactor, he immediately panics.

Hai Kun stood there, silently looking at the two Yue Wuya, expressionless and not speaking.

Tang Qingyun was able to speak well and won Hai Kun's trust in just a few days. Therefore, Hai Kun believed Tang Qingyun more at this time, but when he saw his daughter trying to protect the siblings, Hai Kun hesitated for a while.

Chapter 2344

This time, Tang Qingyun was completely anxious.

"Patriarch!" At this moment, Yang Qingyun thought of something, pointed to the pirates not far away, and said eagerly: "Did you see, these brothers and sisters are pirates, if they are good people, how could they be mixed with pirates? "

The princess is still young, kind-hearted, and easy to be deceived by others. The patriarch can't be so confused."

Hearing this, Hai Kun looked over immediately.

Swish!

Seeing the blood shark pirates, Hai Kun's expression changed suddenly, and a bit of anger appeared in his eyes.

Fortunately, Mr. Tang's eyes are sharp, otherwise, he almost believed his daughter's words and led the wolf into the room.

Thinking to himself, Hai Kun's eyes locked on Yue Wuya, and he said coldly, "Take them down!"

Swish swish.

At this moment, several powerful sea sharks with their skills moved their figures one after another and burst out towards the Yue Wuya brothers and sisters.

"Huh..."

Yue Wuya let out a long breath, his expression not flustered at all.

During this time at sea, my understanding of the realm has improved a lot, and I don't know how much stronger my inner strength is than before! At this time, looking at the strong sea sharks flying over, Yue Wuya smiled lightly: "You are not my opponent."

"What a arrogant boy!"

“Looking for death.

“

With Yue Wuya’s words, several sea shark powerhouses were extremely annoyed, and they all pulled out their weapons and went straight to Yue Wuya’s heart!

Yue Wuya shook his head: “Since you guys want to fight, I’ll play with you.” Yue Wuya can feel that these powerhouses are all in the realm of Emperor Wu, but he owns the Overlord’s Hammer, which is not in vain. .

hum!

The voice fell, Yue Wuya summoned the Overlord Hammer, and in an instant, a majestic internal force roared out!

A few sea shark powerhouses only felt a violent force, crushing them in an instant! One by one, they lost their balance in mid-air, shocked.

“I’m here to help you!” Seeing this scene, Tang Qingyun didn’t have time to think, he pulled out his long sword and flew straight.

If you can’t take down the siblings with the help of the sea sharks today, your plans will be completely disrupted. After all, through the secret investigation of the past few days, Tang Qingyun has already found the secret truth, and he can’t give up no matter what.

Tang Qingyun joined the battle, and several strong men of the sea shark suddenly regained their morale, surrounded Yue Wuya, and a fierce battle broke out.

“Shameless, take advantage of people’s danger.”

Seeing this scene, Han Bing couldn’t help but scolded, and with his toes on the coral, he flew away and rushed into the battlefield.

In an instant, the figures of both sides shuttled in the air, causing the situation to change and the tide to rise.

call!

Seeing this scene, many sea sharks clansmen gathered around to watch, shocked.

“Father!”

Hai Ling’er was so anxious that she pleaded with Hai Kun, “You must stop them, don’t fight.”

However, Hai Kun seemed to have not heard, and stared at the fierce battle in mid-air, saying a word. Do not send.

“elder brother.”

In midair, Han Bing clenched his long sword and shouted at Yue Wuya, “I’ll deal with these sea sharks, go and catch Tang Qingyun!” The

voice fell, and the Han Bing’s sword was reversed. The last few sea sharks are strong.

Um!

Yue Wuya nodded, without any hesitation, turned around and went straight to Tang Qingyun.

If it was before, Yue Wuya would not be so decisive, but he believes in his sister’s strength, and it is no problem to deal with these strong sea sharks.

Han Bing’s red lips parted lightly, and she shouted coldly: “The sword breaks the sky!”

Chapter 2345

Om!

In an instant, a powerful force surged between the heavens and the earth, and then, a dazzling sword shadow burst out, bursting straight towards the surrounding sea shark powerhouses.

The sword breaks the sky, is the sword technique in the inextinguishable scripture, it is a realm higher than the sword that was cast before the ice, and its power is also greater.

Bang bang bang!

Several sea shark powerhouses were too late to react, and were instantly enveloped by those sword shadows. They only felt that the power in their bodies was instantly blocked, and at the same time, their figures swayed and fell one by one.

Yes, Han Bing didn’t make a ruthless attack. At a critical moment, she withdrew the power of this move. In her heart, Hai Linger was so cute, and these were all Hai Linger’s clansmen, how could she bear to kill her?

hiss!

Seeing this scene, many people from the shark clan below couldn’t help gasping for air.

So strong, this girl, at most seventeen or eighteen, right? Is the strength so strong?

Hai Kun, who was standing there, frowned and his face was extremely ugly. The few people sent were the best among the younger generation of the sea sharks, but they couldn't even catch the girl's move.

Hai Ling'er on the side was overjoyed. The benefactor's sister is so powerful. It seems that in the future, I have to practice hard, and I can't be playful.

On the other side, Yue Wuya locked Tang Qingyun tightly, and the cold voice came out word by word: "Tang Qingyun, you are such an infidel, despicable and shameless person, how do you want to die?"

Om!

The voice fell, and a powerful aura burst out from Yue Wuya's body. In an instant, the surrounding air seemed to be stagnant!

Immediately afterwards, Yue Wuya raised his right hand and punched Tang Qingyun! Yes, Yue Wuya didn't use the Overlord Hammer for the time being. To deal with people like Tang Qingyun, using the Overlord Hammer from the very beginning was too flattering.

In the blink of an eye, Yue Wuya's speed was extremely fast, and he was in front of him in the blink of an eye.

hiss!

This speed...

Feeling the speed of Yue Wuya's lightning fast, Tang Qingyun was startled, he didn't have time to dodge, so he raised his palm and attacked! Tang Qingyun didn't dare to be careless, and urged all his internal forces to resist!

Bang!

His fist slammed into the palm of his hand, Tang Qingyun only felt an overwhelming force coming, he groaned, and took a dozen steps back, the blood in his body was churning, and he felt that he was out of breath.

Nima!

This Yue Wuya's strength is simply too terrifying. He used all his internal strength to barely block this palm. It is unimaginable that he is only twenty years old, and he has such strength. Wouldn't it be more terrifying in the future?

At this time, Tang Qingyun was extremely frightened in his heart.

Yue Wuya, on the other hand, floated quietly in the air with a cold expression. But in my heart, I was secretly surprised. This scum is not weak, but he escaped without fighting.

Click!

Thinking to himself, Yue Wuya raised his hand and waved, and the Overlord Hammer clenched tightly!

As soon as the Overlord Hammer came out, the surrounding air seemed to be violently distorted!

call!

At this moment, many people from the shark clan below were shocked and broke into a cold sweat for Tang Qingyun.

Just now, this young man repelled Mr. Tang with just one punch, and now he took out his weapon again, I was afraid that Mr. Tang would be in danger.

Gudong!

Feeling the fighting spirit pervading Yue Wuya, Tang Qingyun broke out in cold sweat on his forehead, and couldn't help swallowing!

Done!

This Yue Wuya is going to use the Overlord Hammer, and he is afraid that he can't stop it.

"Tang Qingyun, being able to take a punch from me proves that you are not weak. If you are on the battlefield, you must have done something, but you fled without fighting, which is simply a shame for a cultivator."

Yue Wuya said coldly, With a strong wave, a whistling sound that shocked the world was heard, bursting out from the Overlord Hammer, and then, a powerful and unparalleled force directly shrouded Tang Qingyun.

Tang Qingyun didn't have time to think about it, so he quickly activated all the strength of his dantian and quickly deployed a protective film in front of him.

The ultimate husband in Chinese chapter 2346-2350

Bang!

The terrifying force slammed on the protective film, and saw that the protective film instantly collapsed. Then Tang Qingyun let out a groan, and the whole person was shocked and flew out, flying more than 100 meters away, smashing it. After a dozen corals were broken, it fell heavily on a shell.

When he resisted Yue Wuya's punch just now, Tang Qingyun had already consumed a lot of internal strength. At this time, facing the power of the Overlord's Hammer, he couldn't resist it at all.

After all, Yue Wuya's Overlord Hammer is also a rare magic weapon. "Tang Qingyun!" At this time, Yue Wuya

stared at Tang Qingyun, his tone was full of killing intent: "Do you have any last words, hurry up and say it!"

Slowly walked towards Tang Qingyun.

A strong breath permeates the sky and sea.

Gudong!

Tang Qingyun was even more shocked, and secretly swallowed his saliva, wanting to cry without tears!

"Wait!"

Seeing Yue Wuya getting closer, Tang Qingyun couldn't help shouting: "His Royal Highness, Yue Shaoxia, I was wrong, I'm not a person, I'm unfaithful, I beg you, forgive me, forgive me Let me go..."

Seriously, Tang Qingyun never thought that he would kneel down and beg for mercy on Yue Wuya, but there is no way, this Yue Wuya's strength is too strong, and if he refuses to obey, his life is really dead. .

However, Yue Wuya just chuckled, did not stop, and continued to approach.

This kind of scum, it is a scourge to keep it, and it is better to get rid of it as soon as possible.

"Yue Shaoxia, Yue Shaozhu..." Tang Qingyun was completely panicked and kept kowtowing: "For the sake of serving your father, please spare my life."

This chapter is provided by . Visit for daily update.

At the same time, Hai Kun, who had been cold-faced and silent, couldn't help but said, "This young man, since Mr. Tang has admitted his mistake, you should give him a chance."

When he said this, Hai Kun gave him a cold look. Tang Qingyun glanced at him, completely losing the politeness he had before.

As the patriarch of the sea shark clan, Hai Kun could see that what Tang Qingyun said before was false and fooled himself. Hai Kun was very angry, but after all, this is the territory of the sea shark clan, and two outsiders are fighting here.

When the words fell, Hai Ling'er couldn't help but say, "Big Brother Wu Ya, even if this person is hateful, you should spare him once. Our sea sharks have ancestral teachings, and we cannot kill people within our territory."

See Hai Ling Son said the same thing, Yue Wuya stopped and hesitated.

Tang Qingyun is so abominable, so is he forgiving?

"Brother!"

At this moment, Han Bing walked over slowly, glanced at Tang Qingyun, and said softly: "Hailing has spoken, let's leave him alive for the time being ." After speaking, Han Bing

thought What, continued: "The situation in the mainland must be very tense now. It is the time of hiring people, so keep him first, and when he returns to the mainland, let him take the blame and make merit."

Phew!

Hearing this, Yue Wuya looked at Tang Qingyun coldly: "Did you hear it? Today, I look at Hai Ling'er's face and spare your life. From now on, follow my orders with everyone. I can't be forgiven."

"Yes..." Tang Qingyun was dripping with cold sweat, and nodded again and again: "I will definitely contribute to the mainland, and I will never run away again."

Yue Wuya ignored it, put away the Overlord Hammer, and Han Bing Together, walk slowly.

Arriving in front of him, Yue Wuya showed a smile and said to Hai Kun, "I have seen the patriarch."

Hai Kun nodded and smiled embarrassingly: "You two are really heroes. Thank you for saving the little girl. I really offended you just now."

Yue Wuya smiled: "The patriarch is very polite.

"Kun Jiang, the Yue Wuya brothers and sisters, invited them inside and hosted a banquet. Tang Qingyun followed in a sullen manner, completely missing the appearance of the head of the sect.

An hour later, Hai Kun learned about the situation and was very angry: "Damn, that person named Duan Yu actually pursued Ling'er. I will definitely send people from the clan to cooperate with you and pursue this person with all my strength."

Chapter 2347

Yue Wuya nodded: "I am relieved to have the words of the patriarch." The

sea sharks have lived here for thousands of years, and they are very familiar with the surrounding environment. With their help, they will definitely be able to catch Duan Yu.

As he was talking, Yue Wuya glanced at Tang Qingyun who was standing beside him, and couldn't help but said, "Tang Qingyun, why have you been staying here? Is there any purpose

?

"Hesitating, he said cautiously, "Young Master Yue, do you still remember the chart I dropped before? There is a secret recorded. I have seen the chart before and found it here." Yue Wuya is Yue Feng's son, so he naturally wants to

secret.

Yue Wuya was stunned for a moment, looked at Han Bing, and quickly took out the map of returning to the ruins.

Just a glance, the Yue Wuya brothers and sisters were shocked, and they saw the mark above, which was the coral island.

"This..."

It was at this time that Hai Kun stood up and stared at the chart, unable to hide the excitement and shock in his heart, and his words trembled: "This... The uploaded relics have been missing for nearly a thousand years, and I didn't expect to see them..."

What?

Hearing this, whether it was Yue Wuya, Han Bing, or Tang Qingyun, they were all shocked.

Is this chart the ancestral relic of the sea shark?

.....

On the other side, in a deep mountain cave.

Buzzing...

Yue Feng sat there cross-legged, a violent force lingered around him, and the air in the entire stone room was completely distorted.

Yue Feng has been here for two days and two nights.

At this time, the internal strength has finally recovered to the previous five-stage Martial Emperor Realm, and he is about to break through the Tribulation Transcendence Realm.

What makes Yue Feng anxious is that this bottleneck is always difficult to break through.

Card wipe.

At this moment, as the power in the stone chamber became stronger and stronger, the surrounding stone walls and stone platforms suddenly shattered. Yue Feng opened his eyes, startled, and deployed a protective film to cover Guiguzi's body.

Guiguzi has already ascended, but his body is immortal, sitting there cross-legged, as if he was asleep, lifelike.

Yue Feng was grateful for Guiguzi's incomparable respect, and naturally did not want to see his body destroyed.

Finally, everything was calm, Yue Feng heaved a sigh of relief, but he was stunned when he tilted his head.

I saw that there was actually a patio under the stone platform. The so-called patio means that there is no water in it, and it looks like a well. Yue Feng saw that there was a simple stone box under the patio, which was covered with runes and carved with many patterns.

What the hell, is there something under here?

Yue Feng was very surprised, and without thinking much, he took out the stone box.

I saw the pattern above, the background was very old, and the words on it also showed a vicissitudes of life, but Yue Feng recognized it at once, and read every word: "The

Rakshasa family is cruel and easy to kill. In the name of Emperor Xuanyuan, all ethnic groups attacked it, and the Rakshasa family was exiled to the wild and strange realm...”

What?

Emperor Xuanyuan? This... this stone box, is something left by Xuanyuan Huangdi?

Emperor Xuanyuan, also known as Xuanyuan Huangdi, was the head of the Three Sovereigns and Five Emperors in ancient times.

At this moment, Yue Feng only felt that his mind was blank, and his heart was extremely shocked.

Chapter 2348

Shocked, Yue Feng took a deep breath and continued to read: “In this battle, various tribes suffered heavy losses. I had to summon the dragon... and finally succeeded...”

The more he read, the more Yue Feng became. Is shocked.

It turned out that when the Yellow Emperor exiled the Rakshasa clan to the wild and strange realm, it was not as simple as imagined. At that time, the Rakshasa clan was very powerful and desperately resisted, resulting in heavy casualties among various tribes.

In the end, Huangdi had to summon his own spirit beast, Shenlong, and finally defeated the Rakshasa tribe, but Shenlong was also injured and finally died. Huangdi was heartbroken. Before Shenlong died, he left two treasures of Shenlong’s bloodline. As for what treasures , not mentioned above.

After Yue Feng read the engraving above, he only knew that the two treasures were related to the continuation of the dragon. At that time, the famous Huangdi built two stone boxes, separated the treasures, and left them in the cave near the Chaos Mountains, that is, Yue Feng. This place in front of me is used to guard the Chaos Mountains.

As for another treasure, the Yellow Emperor handed it over to a tribe, and asked them to go to the vast sea and put the treasure on the seabed for storage, because in this way, the aura of the treasure would not be disintegrated.

The engraving on the stone box reads: As long as you find two treasures, you can unlock the strongest power of the dragon lineage. At that time, if the Rakshasa tribe returns to the Kyushu mainland and harms the people, they can be suppressed...

call!

After reading this, Yue Feng only felt that his brain was buzzing, and he couldn't calm down for a long time.

As expected of Huangdi Xuanyuan, he planned the strategy. He knew that one day the Rakshasa tribe would climb over the Chaos Mountains, so he deliberately left behind!

And... the line of Shenlong, is it really a dragon? It is said that the dragon did exist thousands of years ago, but then disappeared from the Kyushu continent. Could it be that the fierce battle with the Rakshasa led to the extinction of the dragon?

Thinking to himself, Yue Feng's hands trembled and he couldn't help but open the stone box.

hiss!

The moment he opened it, Yue Feng was stunned when he saw what was inside, and he couldn't help gasping for air.

I saw that there was a crystal clear bead in the stone box. This bead was the size of a fist, showing colorful lights, and it could clearly sense that there was a full of heaven and earth aura inside.

Moreover, this spiritual energy of heaven and earth is thicker and purer than what Yue Feng felt before, pure...

roar!

The moment he got it in his hand, Yue Feng vaguely heard that there seemed to be a sound of dragon roar coming from the bead.

The sound of dragon roar?

Yue Feng froze there, staring at the beads in his hand, unable to tell whether he was excited or shocked. At this moment, he suddenly understood something.

This bead is a dragon ball. It is also the essence of the dragon. Obviously, this dragon ball is the essence of the dragon owned by the Yellow Emperor.

Haha...

With this thing, are you still afraid of the Rakshasa?

At this moment, Yue Feng couldn't describe the excitement and excitement, but after thinking about it, he found one of the two treasures. What is the other?

It was clearly stated on the stone box that another treasure was brought into the deep sea, but in the vast sea, how should I find it?

Muttering in his heart, Yue Feng stopped thinking about it, put away the dragon ball, sat up again, and continued to practice.

The most important thing now is to break through the Tribulation Transcendence Realm as soon as possible, and then go out to defend against the Rakshasa army. As for the second treasure, let's slowly think of a way!

buzzing.

Soon, Yue Feng entered the state of cultivation, and all over his body, a wave of violent power spread out again, which was very amazing.

....

on the other side.

At the foot of the Chaos Mountains.

On the battlefield, the Alliance Army and the Northern Ying Army were still desperately resisting, and the battle became more and more fierce.

Bang bang bang...

Above the sky, the wind and clouds were surging, and the fierce battle between Yang Jian and the Rakshasa King continued. Until now, they have been fighting fiercely for several hours. However, the Rakshasa King has never been able to suppress Yang Jian.

Likewise, Yang Jian could not defeat the Rakshasa King.

Speaking of which, the Rakshasa King is the most brilliant and talented king of the Rakshasa clan in all dynasties, especially in terms of cultivation, he is even more gifted, and now he has reached the stage of enlightenment.

However, as the true emperor of Erlang, Yang Jian is also a rare cultivation wizard. Since he became the emperor of Beiyang, he has taken a lot of heaven and earth treasures in the Tibetan Pavilion left by Hou Yi, and his strength should not be underestimated. watch for.

At this time, both of them are doing their best for the sake of their respective kings and dominance.

Chapter 2349

"It's really strong!" King Rakshasa hovered in the air, looked at Yang Jian closely, and said coldly: "However, you will eventually die under my sword, and this king will use your head as a celebration feast. Wine glass."

Om!

When the voice fell, King Rakshasa raised the bone knife: "God and evil punish the Tao."

Om!

When the last word fell, the world changed color! I saw dark clouds in the sky, and at the same time, the originally gloomy sky became even darker in an instant.

"Kacha!"

Then, with a loud noise, with the Rakshasa King as the center, a group of black mists quickly gathered around him. In these black mists, there is an extremely violent evil force.

In an instant, the temperature between heaven and earth suddenly became much colder.

Whether it was the Northern Ying Army or the Alliance Army, they all felt a chill all over their bodies, and they were all inexplicably frightened.

The cultivation of the Rakshasa tribe is very different from that of the Kyushu mainland. Because they live in the evil environment of the wild and strange realm, the power of cultivation is extremely evil.

At this time, the Rakshasa King burst out with all his strength, and it can be said that the sky and the earth changed color.

hum!

Soon, as the gathered evil forces became stronger and stronger, the whole world, flying sand and stone, saw that at this time, in front of King Rakshasa, a huge black shadow condensed, it was a wild beast, this beast It is completely condensed by evil forces, but it is hundreds of meters high, with bloody eyes and fangs, which is frightening to see.

hiss!

Seeing the huge beast, the Beiyong army below, and the alliance army couldn't help gasping for air, and at the same time secretly worried about Yang Jian.

The Rakshasa army cheered and cheered.

Feeling the terrifying aura from that huge beast, Yang Jian's expression was solemn, and his eyes also showed a bit of fear and seriousness.

"It's not that easy for a barbarian to kill me." A

cold voice came from Yang Jian's mouth. In the next second, the internal force completely exploded, and a golden beam burst out, covering Yang Jian's whole body.

Under the golden light, Yang Jian stood proudly in the air, like a god descending from the sky.

"Death to me!"

King Rakshasa didn't talk nonsense, he roared wildly, and the incomparably huge black beast came straight towards Yang Jian.

hum!

With a fearless expression on his face, Yang Jian shouted, "Destroying Immortal Slash!"

Immortal Destruction Slash is Yang Jian's strongest stunt. It has never been easily performed for thousands of years, but facing the mighty Rakshasa King today, he has no choice but to use it. The stunt of pressing the bottom of the box came out.

Chi....

the moment the words fell, Yang Jian suddenly for a while, the golden light all over his body merged into the three-pointed two-edged sword, and then, a golden beam of light burst out, in this dim world, it looked extremely dazzling .

"Boom!"

In the next second, the golden beam of light slammed on the huge black beast, and a terrifying burst of energy erupted, covering a radius of several hundred kilometers, shrouded in a golden glow and black mist, and dust and smoke were everywhere.

Rumbling...

The violent aura vibrated, causing the Chaos Mountains to vibrate, and then they collapsed one after another. In an instant, the hurricane roared, and the magma erupted everywhere...

This...

Seeing this scene, the armies of both sides were stunned.

Strong, too strong, the two strongest blows actually caused the Chaos Mountains to collapse.

Bang bang ..

And in the dust filled with smoke, I saw Yang Jian and the Rakshasa King, and they confronted again, but their internal strength was almost exhausted, and finally both fell into the shattered ruins of the Chaos Mountains.

In the ruins, black fog and raging lava, as well as hurricanes, are everywhere.

Everyone was taken aback, and they realized that King Rosa and Yang Jian could no longer be seen.

Chapter 2350

“Your Majesty.”

“Erlang Zhenjun...”

At this moment, Zhang Jiao, Wen Chou Chou, and the army below couldn't help exclaiming. Yang Jian and the Rakshasa King fought fiercely for several hours, exhausting a lot of internal strength, and now they have fallen into the ruins, I am afraid that Yang Jian is more fortunate than good.

Speaking of which, although Wen Chou Chou has a prejudice against Yang Jian, in the fight against the Rakshasa army, Yang Jian is powerful and can play a key role.

“Your Majesty...”

“Father...” On

the opposite side of the battlefield, countless Rakshasa soldiers, as well as Meng Lang Mengao brothers, also changed their expressions and couldn't help shouting loudly.

The Rakshasa King is the supreme leader of the Rakshasa clan, and it is also the spiritual support of the Rakshasa clan. In the hearts of the Rakshasa clan, their king is invincible and invincible, but at this time, they saw Yang Jianhe. The Rakshasa King was beaten and lost, and fell into the ruins together, all of them were angry and anxious.

“Everyone listen to my orders.”

Anxious, Meng Lang jumped into the chariot and shouted at the army: “Temporarily...”

Meng Lang intends to temporarily stop the battle, search the ruins to find King Rakshasa, and then look for opportunities to dissuade him. King Rakshasa stopped the war and coexisted peacefully with the continent of Kyushu.

However, as soon as he said two words, he was interrupted by Meng Ao.

“Damn Kyushu Continent, hurt my father, kill me, kill them all.” Meng Ao was hot and reckless, he shouted, his figure burst out, and rushed towards the Kyushu army.

In Meng Ao’s heart, he believed that his father was invincible, and even if he fell into the ruins, he would not have to worry about his life. The most important thing at hand is to completely defeat the Kyushu Continent and win this war.

At this time, Meng Ao was like a god of killing. In the blink of an eye, more than a dozen soldiers from the Kyushu continent were killed.

“Kill!”

Seeing this scene, many Rakshasa soldiers suddenly red-eyed, burst into a roar, and launched an attack.

“Meng Ao.” Meng Lang clenched his fists, extremely annoyed.

This younger brother is too reckless, his father is not there, the command should be his own, after all, he is the prince, but Meng Ao actually acted without authorization, leading the army into a situation of endless fighting.

It’s just that the Rakshasa army was crazy, and everyone was red-eyed. Meng Lang realized that a temporary truce was impossible. He just gritted his teeth and rushed into the battlefield.

Ah...

Facing the attack of the Rakshasa army, many soldiers from Kyushu screamed and fell in a pool of blood.

Made!

Seeing this scene, Wen Chou Chou and everyone were also inspired with blood.

“Kill, the fight to the death is endless!” Wen Chou Chou held a long sword with no fear on his face. After a roar, he went straight to meet him!

“Fighting to the death!”

The Alliance Army behind him, as well as the Northern Ying army, roared in rage, and they all gritted their teeth and went up to meet them.

In an instant, the sound of killing shook the sky, and blood stained the sky.

....

On the other side, the Guixu Sea Area, the Coral Island.

In the hall built by the shells, Yue Wuya, Han Bing, and Tang Qingyun gathered their eyes on Hai Kun.

Hai Kun was excited and excited, holding the "Returning to the Ruins Surveying the Sea Map", his hands trembled a little because of his excitement, and he said word by word: "The sky is above, the relics left by my ancestors of the sea sharks have finally been found. It's so god-like."

This...

Seeing this scene, Yue Wuya and Han Bing looked at each other, puzzled.
