

The ultimate husband in Chinese chapter 2351-2360

Chapter 2351

Even if it is an ancestor's relic, don't be so excited.

Tang Qingyun on the side, but his face changed and his eyes were complicated.

"Patriarch!"

Finally, Yue Wuya reacted and couldn't help asking Hai Kun, "Is this relic important?"
This is a sea chart.

At the same time, Han Bing also looked at Hai Kun closely, his delicate face was full of curiosity.

"Of course."

Hai Kun nodded solemnly: "You may not know, this chart hides a secret, and this secret is related to the thousands of years of responsibility of our sea sharks."

Said, Hai Kun Looking at the boundless sea outside, he slowly continued: "Thousands of years ago, our tribe responded to Xuanyuan Huangdi's call and expelled the Rakshasa tribe. Although it was successful, all tribes suffered heavy casualties, and Xuanyuan Huangdi also damaged a lot of capable people. Assistant, later, Emperor Xuanyuan predicted that the Rakshasa clan would return, causing chaos in the Kyushu and ruining all living beings, so he gave our clan a treasure, and let us go to the sea and hide the treasure under the sea." The

Rakshasa clan?

Hearing this, Yue Wuya and Han Bing were stunned. At this time, I was extremely shocked. I didn't expect that the secret guarded by the sea sharks was actually related to the Rakshasa.

Soon, Yue Wuya recovered and asked impatiently, "And then?"

Huh!

Hai Kun took a deep breath and said slowly: "The Emperor Xuanyuan ordered our tribe to protect the treasures from generation to generation after they put them into the seabed. There can be no mistakes. Once the Chaos Mountains change, the treasures must be taken out."

“My tribe’s ancestors . I didn’t dare to forget it. After putting away the treasures, I drew a map. As a result, the coral island was attacked by pirates thousands of years ago. Although my people repelled the pirates at that time, this map was accidentally lost.”

“I didn’t expect that the sky has eyes. Today’s picture is back in the hands of my sea sharks.” When

This chapter is provided by . Visit for daily update.

he spoke the last sentence, Hai Kun burst into tears and was very excited.

Hearing this, Yue Wuya and Han Bing were both shocked and could not calm down for a long time.

Xuanyuan Huangdi? treasure?

Unexpectedly, this sea map has such a big history behind it.

Shocked by this, Yue Wuya couldn’t help but glance at Tang Qingyun. This picture was picked up from him. It seems that Tang Qingyun must know the secret behind it, otherwise, he would not have found it here.

“Young Master Yue!”

Tang Qingyun was shocked when he felt Yue Wuya’s gaze, and quickly said with a smile: “Don’t look at me like that, I also got this picture by accident, how do I know the secret above? , came to Coral Island, it was a coincidence.”

Yes, Tang Qingyun lied, he had already seen the secrets on the chart, but these words, how dare to say them?

Seeing his flattering and flattering look, Yue Wuya snorted softly and didn’t bother to pay attention.

The next second, Yue Wuya looked at Hai Kun and couldn’t help but ask, “Patriarch, what exactly is that treasure you’re talking about?”

Shuh!

Seeing Yue Wuya’s straightforward question, Hai Kun’s expression changed, and he shook his head: “We are only responsible for guarding, and no one knows what the treasure is, not even the ancestors of our sea sharks.”

Hearing this After saying this, Yue Wuya couldn’t help but smile bitterly: “I don’t know what the treasure is. Your sea sharks have been guarding it here for thousands of years. It seems a little worthless.”

Uh...

Hearing this, Hai Kun was a little embarrassed.

At this time, Han Bing pulled Yue Wuya down and whispered, "Brother, don't be so straightforward."

Yue Wuya scratched his head and smiled.

At this time, Han Bing thought of something, and asked Hai Kun: "Patriarch, you just said that as long as there is a mutation in the Chaos Mountains, you can take out the treasures, but I just heard you say that the Chaos Mountains are far away from the Guixu Sea Area. For tens of thousands of miles, if the Chaos Mountains really changed, how would you know?"

Chapter 2352

Yes!

Yue Wuya nodded silently, agreeing with Han Bing's statement, and looked closely at Hai Kun, waiting for his answer.

Hai Kun smiled bitterly and was about to speak.

hum!

Suddenly, the entire coral island suddenly vibrated. Although the vibration frequency was not strong, everyone present felt it, as if there was an earthquake.

"Look!"

Immediately afterwards, someone outside shouted, and suddenly, everyone looked towards the distant horizon.

I saw that in the direction of the Kyushu Continent, in the distant sky, a black fog rose up, and the black fog covered the sky and the sun, as if the end of the world.

It was the vision caused by the collapse of the Chaos Mountains.

Of course, Yue Wuya and Han Bing didn't know, and thought it was an ancient tomb, or a treasure was born.

"This..."

However, Hai Kun was trembling all over, and slowly walked out of the hall, staring at the distant sky, and muttered: "The black mist is flying into the sky, a natural

phenomenon, this... This is the mutation of the Chaos Mountains. Ah.” The sea sharks have passed it down from generation to generation, if there is a change in the Chaos Mountains, there must be a black mist. This is obviously different from the celestial signs and auspicious signs of ancient tombs coming to the world.

Is this the mutation of the Chaos Mountains?

Hearing this, everyone in Yue Wuya was stunned.

“Quick, immediately go to the treasure trove and take out the treasure.” Hai Kun immediately summoned the tribe and shouted excitedly. As long as there is a change in the Chaos Mountains, treasures must be taken out. This is Xuanyuan Huangdi’s will, and it is also the responsibility of the sea sharks to stick to the millennium.

However, when the voice fell, no one from the surrounding sea sharks stood up.

Seeing this scene, Hai Kun was a little embarrassed. The place where the treasure was placed is on the bottom of the coral island, which is 1,000 meters below the seabed. Only people with good water quality and strong strength can go down. However, the most powerful members of the sea shark tribe are just now with Yue Wu Ya played against each other, and they were all injured and needed to rest.

At this time, Yue Wuya stood up and said seriously: “Otherwise, I’ll go.”

Although Hai Kun didn’t say it, Yue Wuya also knew that the place to prevent treasures must be very dangerous, so these people from the sea shark tribe , did not dare to go easily.

“You?”

Hai Kun suddenly hesitated. The treasures on the bottom of the sea have been guarded by the sea sharks for thousands of years, and they have always protected this secret, never letting outsiders know about them. After all, treasures are no trivial matter.

Yue Wuya saw his worries and smiled: “The patriarch said just now that this treasure is related to the safety of the Kyushu continent. As a member of the Kyushu, it is understandable for me to do my part.

” Hai Linger said quickly, “Father, let Big Brother Wuya go, I’ll accompany him.” When he said this, Hai Linger’s face was full of requests.

At this moment, Han Bing was about to speak, but with Yue Wuya, she held back when she saw Hai Linger speak first, and at the same time, a smile appeared on her delicate face.

Han Bing had intended to match Yue Wuya and Hai Ling'er for a long time. Why was he unhappy when he saw that they had the opportunity to get along alone?

"Okay!"

Seeing his daughter speak, Hai Kun no longer hesitated and nodded: "Then be careful."

Yue Wuya hummed, looked at Hai Linger with a smile, and was about to leave. Kun smiled and said, "What are you doing in such a hurry? You can't find it without a chart."

Saying that, Hai Kun ordered someone to get some fish oil and smear it on the chart.

The next moment, an astonishing scene appeared, and I saw that another pattern appeared on the chart, which was the line that went deep into the sea.

Amazing.

Seeing this, Yue Wuya couldn't help but admire secretly, the sea sharks are so smart, there are secrets hidden on this chart.

Tang Qingyun on the side also widened his eyes, his inner breath was very complicated.

Madd, it turns out that fish oil is the only way to do it. No wonder I haven't been able to find the key.

At this time, Yue Wuya took the chart and jumped into the sea with Hai Linger under everyone's attention, diving towards the bottom of the sea.

Chapter 2353

As the princess of the sea shark clan, Hai Ling'er entered the sea like a duck to water, she swam very fast, and in the blink of an eye, she was under water of dozens of meters.

On the other hand, Yue Wuya seemed a little clumsy.

Hai Ling'er looked back at Yue Wuya, couldn't help but pursed her lips and swam back. Holding Yue Wuya's hand, he mouthed at the same time: I'll take you with me, but you have to protect me.

Feeling the softness of Hailinger's jade hand, Yue Wuya felt a warm current in his heart, and then nodded.

The next moment, the two continued to dive towards the depths of the sea.

Yue Wuya entered the seabed for the first time and was shocked to see the underwater world of light and shadow in front of him.

After an unknown amount of time, they finally reached the bottom of the sea. Hai Linger and Yue Wuya took out the chart and quickly found the place where the treasure was placed.

hiss!

Seeing the scene in front of him, Yue Wuya was shocked and shocked.

I saw that there was a huge underwater cave in front of me. The cave was full of colorful and strange seaweeds. The cave was not big, but it shone with a charming blue light.

Not only that, there are many boulders within a hundred meters around the cave. The boulders seem to be chaotic, but there are traces to follow.

Yue Wuya knew that these boulders were actually a formation, just in case, the treasures inside were destroyed by sea fish or found.

However, with the route instructed by the chart, Yue Wuya and Hai Linger easily reached the entrance of the cave.

Afterwards, Yue Wuya used his inner strength to break the protective film and took out the treasure. The treasure was a huge stone box covered with ancient words.

Yue Wuya couldn't understand it, so he tried to open the stone box, but he couldn't open it. Finally, he found that there was a circular depression above the box. Obviously, to open the box, something was needed, and this thing was a circle. of.

Knowing this, Yue Wuya no longer insisted, and decided to bring the box with Hai Linger to talk about it.

Of course, the stone box was dragged by Yue Wuya, and Hai Linger led the way.

Just after ascending a few hundred meters, Hai Linger found something, and her delicate body trembled.

hiss!

Yue Wuya couldn't help taking a breath of cold air, and quickly stopped, and saw that in the water ahead, a giant shark stopped there, slowly wagging its tail, as if it was resting.

However, Yue Wuya saw that the shark's eyes were open.

At this time, the shark also discovered them, and immediately, Yue Wuya and Hai Linger were a little nervous. Speaking of which, Yue Wuya was not afraid of sharks, but now with the stone box in his hand, it was difficult to protect Hai Linger. clam down.

But as a result, the shark confronted them for more than ten seconds, but did not attack at all.

what's the situation?

Yue Wuya frowned secretly, very puzzled, you must know that sharks are very ferocious, especially when they meet people, most sharks will take the initiative to attack. And this one in front of him is really abnormal.

At this moment, Hai Linger pulled Yue Wuya and motioned to continue to float.

Yue Wuya nodded, and then the two continued upstream.

wrong.

Just after swimming for more than ten meters, Yue Wuya suddenly thought of something, a cold light flashed in his eyes, he stopped immediately, and turned his head to lock on the giant shark.

Seeing Yue Wuya stop, Hai Linger was very curious and waved at him, asking what was going on. You can't speak underwater, you can only rely on body language.

Yue Wuya signaled Hai Linger not to panic, and at the same time stared at the giant shark.

At this moment, a startling scene appeared.

I saw the giant shark's mouth, which was slowly pushed up and opened from the inside, just like being pushed open by a door. Then, a person stretched and came out of the shark's mouth.

With a bald head, handsome and stylish facial features, but with an evil spirit, it was Duan Yu.

Chapter 2354

Duan Yu has a keen talent and is also a rare cultivation wizard. After subduing this giant shark a few days ago, while adapting to the sea environment, Duan Yu also has a very high comprehension. An underwater breath-holding stunt, this stunt can hold your breath for hours in the water.

Under such circumstances, every time Duan Yu took a rest, he would drive a giant shark to dive into the deep sea, and it was precisely because of this that Yue Wuya led the blood shark pirates and never found his whereabouts.

A day ago, Duan Yu passed through the vortex and rapids area and discovered the coral island. At that time, he thought of occupying this place as king, but Duan Yu did not act rashly, but dived into the deep sea and rested in the mouth of the giant shark.

This rest is more than ten hours. It just so happened that Duan Yu just woke up when Yue Wuya and Hai Linger passed by.

This...

Seeing this scene, Yue Wuya was shocked and angry.

Duan Yu is worthy of being his father's old enemy. In this vast sea, he not only tamed a giant shark, he could even lurk under the deep sea to rest.

No wonder his whereabouts have never been found before.

Yue Wuya clearly felt that Duan Yu at this time was full of energy and had a very strong breath.

hiss!

Hai Ling'er also trembled.

Isn't this the bad guy who chased him before? In the mouth of the giant shark? It's broken, are you and Wuya big brother in danger?

Swish!

At this moment, Duan Yu also saw Yue Wuya two. The expression was startled at first, followed by the incomparable ecstasy in the heart.

Haha... It really takes no effort to get through the iron shoes.

In the past few days, Duan Yu was almost forced to retreat by Yue Wuya. He was very annoyed. He was thinking about how to think of a way to kill this kid, but he didn't expect to meet him at the bottom of this deep sea.

Thinking to himself, Duan Yu's eyes were again attracted by the big stone box in Yue Wuya's hand.

Such a simple box must have treasures.

Although Duan Yu didn't know the origin of this box, he knew that the things that Yue Wuya ventured into the bottom of the water to get must not be ordinary things.

hum!

Duan Yu didn't hesitate, his inner strength exploded in an instant, his eyes locked on Yue Wuya, he raised his hand, opened the axe and shook hands tightly, and then went straight to Yue Wuya.

In the past few days, Duan Yu's understanding of strength in this sea environment has improved a lot.

I saw that the moment Duan Yu rushed over, the surrounding sea water surged in an instant, which was amazing.

Made!

Seeing Duan Yu erupting, Yue Wuya scolded secretly and tried to keep calm. Fortunately, he was careful just now and looked back, otherwise, wouldn't he be attacked by Duan Yu?

Thinking to himself, Yue Wuya immediately summoned the Overlord Hammer and attacked it.

Seeing this scene, Hai Ling'er couldn't tell how worried she was. Because she couldn't speak, she could only cover her mouth and watch the situation closely.

"Huh!"

At this moment, Duan Yu rushed to the front, raised his hand and waved, and saw a violent force burst out from the opening axe. The next moment, a touch of golden light seemed to tear the seabed into two pieces. The world is sweeping towards Yue Wuya!

At this moment, Duan Yu revealed a cruel sneer.

Although this kid has the Overlord Hammer, he is not his opponent at all.

Yue Wuya's face was cold, and he waved the Overlord's Hammer, a violent force greeted him.

"Om!" In the

next second, the Overlord's Hammer and the Heaven-Opening Axe collided, as if an earthquake had been triggered on the bottom of the sea. A strong roar was heard, and Yue Wuya was shaken back several dozen meters, his face pale.

And Duan Yu's figure swayed, and soon, he stabilized in the water.

Obviously, Yue Wuya suffered a loss from the attack just now.

Haha...

Duan Yu laughed wildly in his heart, took advantage of the situation to pursue, and charged again.

Mad, this Duan Yu is really strong.

Chapter 2355

Yue Wuya only felt his blood churn, and was very shocked. Seeing Duan Yu rushing again, he instinctively wanted to retreat, but when he thought of Hai Linger next to him, he immediately dismissed the idea.

Kill me first, come on.

Yue Wuya gritted his teeth secretly, clenched the Overlord Hammer tightly, and fought fiercely with Duan Yu again.

Speaking of which, it was the first time for the two of them to fight underwater, and they had no experience at all. Moreover, due to the environment and water pressure, their internal strength could not be fully exerted, but even so, during the battle between the two, the surrounding sea water was boiling. The surging, like overturning the river, is amazing.

call!

Seeing Yue Wuya being suppressed by Duan Yu, Hai Linger was so anxious.

In the next second, Hai Ling'er made up her mind, swam in quickly, and decided to help Yue Wuya.

When Hai Linger was dozens of meters away, the figure stopped, raised her left hand, and came out holding a blue longbow, which was covered with pearl accessories, which was very beautiful.

Hailing'er's longbow, called the scale of the ocean, is made from the bones of coral arowana and is full of spirituality.

"Om!"

At this moment, Hai Linger's right hand was raised, and her slender fingers hit the bowstring, but the bowstring was not seen, but Hai Linger's posture was clearly like a shot.

In the next instant, Hai Ling'er's internal force was surging, and then, the sea water in front of her suddenly oscillated, and a feather arrow condensed by sea water aura and internal force quickly condensed and formed.

The sea sharks have been guarding the Guixu sea area for thousands of years. They are very familiar with the sea. The exercises they practice are also inseparable from the sea. On land, the sea sharks may be very weak, but in the water, they are not afraid of any strong ones. .

laugh!

In a short blink of an eye, the feather arrow separated from the water stream, rushed out, and flew towards Duan Yu in an instant!

Duan Yu's attention was all on Yue Wuya, and he never thought that the girl who had been chased by him before would suddenly attack him.

This arrow stabbed Duan Yu's shoulder fiercely.

hiss!

Duan Yu's body trembled, and he couldn't help taking a breath of cold air.

Taking advantage of the opportunity, Yue Wuya waved the Overlord Hammer and smashed directly at Duan Yu.

Duan Yu hurriedly parried, but he was severely injured by the arrow, and his internal strength was too late to stimulate, and he spat out a mouthful of blood, and his body was directly shaken ten meters away.

Under the injury, even if he has the axe, he can't resist this blow!

Suffer!

Yue Wuya roared wildly in his heart, and took advantage of the situation to pursue.

Duan Yu didn't have time to think, turned to avoid, the Overlord Hammer directly hit the giant shark's head, saw the giant shark's huge body, twitched violently a few times, then sank, lost breath, a large amount of blood gushed out, The sea water within a few hundred meters around was dyed red.

Made!

Seeing this scene, Duan Yu was furious. He didn't expect that instead of killing Yue Wuya, he was severely injured by him. Now, the giant shark that he managed to tame has also been killed.

At this moment, Duan Yu wanted to kill Yue Wuya very much, but he was afraid of Hai Linger's feather arrow. Taking advantage of the blood around the sea, Duan Yu didn't hesitate and turned around and ran.

However, when he fled, Duan Yu did not look back at Yue Wuya's direction, his eyes were blood red, full of anger and hatred.

Boy, if I don't kill you, I won't be Duan Yu.

Soon, Duan Yu disappeared into this sea area.

Made!

The blood gradually dissipated, and seeing that Duan Yu was gone, Yue Wuya smashed the stone box with a ruthless punch, letting the bastard run away again.

At this time, Hai Ling'er swam over, took Yue Wuya's arm, pointed to the sea, and motioned to go up first.

The surface is calm, but Hai Ling'er is also a little scared in her heart. Thinking of the scene just now, her heart palpitates. Fortunately, if the two of you and Big Brother Wu Ya encounter this bad person alone, the consequences will be disastrous.

Yue Wuya nodded, and then the two of them went upstream.

After a while, the two finally surfaced.

Whoops!

At this moment, Hai Kun, who had been waiting for a long time, and everyone from Bingbing suddenly gathered around.

The ultimate husband in Chinese chapter 2356-2360

Chapter 2356

"I got the treasure."

"It's great, but it's been so long, we're really worried..."

"What a big stone box."

At this moment, many people opened their mouths, and at the same time curious
Looking at the stone box.

Han Bing was very thoughtful. Seeing that Yue Wuya's face was a little pale, he couldn't help but ask, "Brother, have you encountered any danger?"

Shuh!

As soon as the voice fell, Hai Kun and everyone's eyes converged on Yue Wuya.

Yue Wuya took a deep breath and said indifferently, "I met that scumbag Duan Yu." As he spoke, he repeated what happened just now in detail.

What?

Han Bing's delicate body trembled, very surprised.

That Duan Yu was so cunning, he had been hiding in the bottom of the sea before? He also used the giant shark to cover up his whereabouts. If this person is not eliminated, there will be endless troubles.

Tang Qingyun, who was beside him, frowned secretly, and there was a strange look in his eyes.

But Tang Qingyun didn't say anything, just stood quietly.

At this time, Han Bing reacted and joked at Hai Linger: "I didn't expect that the two of you joined forces to beat the wicked Duan Yu away. I was thinking, are you two a couple arranged by God? Hee hee. ..."

Swoosh!

This chapter is provided by . Visit [for daily update.](#)

Although Hai Ling'er is inexperienced in Jianghu, Bingxue is smart, how could she not understand what Han Bing said, her delicate face instantly blushed, and she was indescribably charming.

Yue Wuya also blushed, very embarrassed.

But soon, Yue Wuya thought of something, and asked Hai Kun: "Patriarch, the treasure has been brought up, please open the stone box, take out the treasure, and help us resist the Rakshasa army.

" The situation must be tense, Yue Wuya thought about it, and immediately returned to the mainland to help the Kyushu mainland resist.

As for chasing Duan Yu, we can only wait until later.

“This...” Hai Kun pondered for a while, and said in a very complicated way: “When Xuanyuan Huangdi gave us treasures, he only said that we should guard them, and he did not give us the right to use them, so what is inside? My people have never opened it.”

What?

Hearing this, Yue Wuya was stunned.

This sea shark has guarded the treasure for thousands of years, but they don't know what is inside, and there is no way to open it? This... how should this be?

Just when Yue Wuya was secretly depressed, Hai Kun smiled and continued: “Xuanyuan Huangdi is very clever and resourceful, and he must have put the key to open the treasure chest somewhere in the Kyushu mainland. Someone stole the treasure.”

Hmm!

Yue Wuya nodded secretly, it seems to make sense to say so, separate the treasure chest from the opened things, so that even if some people with good intentions get it, it is useless.

“Okay.”

At this time, Hai Kun looked solemn and said, “Since there is a mutation in the Chaos Mountains, it must be the Rakshasa tribe who invaded the Kyushu Continent, and the situation is critical. Since you and this brother Yue are so connected, Linger, Just take the treasure chest and go to the mainland with them to find a way to open the treasure chest and help the continent of Kyushu.”

Said, Hai Kun looked around at the others: “Other clansmen, prepare immediately and return to the mainland.”

After saying the last sentence, Hai Kun looked at the direction of the Kyushu Continent from afar, with incomparable emotion, and muttered in his heart: The duties of the sea sharks have finally been completed, and it is time to go back.

Um!

Hai Ling'er nodded.

Yue Wuya didn't hesitate, called Xue Luo Siyan, put the stone box on the boat, and then took Hai Linger and the blood shark pirates, and headed for the Kyushu mainland.

As soon as the forefoot left, under the order of Hai Kun, the entire sea shark clan quickly got busy and started to migrate.

On the vast sea.

Chapter 2357

Yue Wuya, Han Bing, Hai Ling'er, stood on the bow of the boat, with a calm expression, but there was a trace of anxiety on his brows.

Behind him, Xue Luo Siyan, Tang Qingyun and others stood there quietly guarding.

"Brother, what do you think of the situation in Kyushu Continent now?" Finally, Han Bing couldn't help but said.

Yue Wuya shook his head: "Who knows, but I guess, it's definitely not optimistic. After all, the Beiyang army has been conquering all the roads before, and several continents have suffered greatly because of the battle."

Yue Wuya said, Glancing at the stone box placed there, he frowned and said, "I don't know what's in it, but we must guard it strictly and make no mistakes."

Hearing this, Han Bing and Hai Ling'er both A serious nod.

"Young Master Yue!"

At this moment, Tang Qingyun stepped forward with a smile, with a sincere and respectful look on his face: "If the Kyushu continent is in trouble, everyone is responsible, why don't you leave this stone box to my care, I promise, as long as Tang Qingyun lives, the box will never be lost."

When he said this, Tang Qingyun smiled, but treacherousness flashed in his eyes.

Yes, Tang Qingyun wanted to steal the treasures in the box. After going through all kinds of difficulties and dangers before, he finally arrived at the coral island. In the end, he was caught by Yue Wuya. What made him even more unacceptable was that the secret treasures in the sea that he had been thinking about were also unacceptable. It fell into Yue Wuya's hands.

Tang Qingyun thought about it, first gain the trust of Yue Wuya, get the right to guard the treasure chest, and then look for an opportunity to take out the treasure and leave.

Hehe...

Yue Wuya chuckled and looked at Tang Qingyun: “Tang Qingyun, do you think I’m a three-year-old child? It’s impossible for you to keep the treasure chest until I’m sure if you are 100% loyal. .”

Yue Wuya has experienced many ups and downs since childhood, and has a mature mind. He can guess Tang Qingyun’s mind at a glance.

Uh...

Hearing this, Tang Qingyun blushed and stepped back in embarrassment, with a humble smile on his face, but his heart was full of anger.

Mad, the master of his own dignified family, can’t even play with a teenage child. No, he must find a way to steal the treasure chest and leave.

Seeing Tang Qingyun retiring with interest, Yue Wuya ignored it.

In the next second, Yue Wuya looked at Hai Ling’er and smiled: “This box has been guarded by your sharks for thousands of years, so you should keep this way, remember, except for me and Sister Han Bing, No one is allowed to approach the treasure chest.”

Hmm!

Hai Ling’er nodded heavily and said with a shallow smile, “I see, Big Brother Wuya.”

.....

On the other side, in a cave in a valley more than ten miles away from the Chaos Mountains.

Buzzing...

Yue Feng sat cross-legged, a powerful force lingering around him, and the momentum was amazing.

If anyone is present at this time, they will be surprised to find that Yue Feng’s internal strength can’t help but become more and more vigorous and pure.

call!

Finally, Yue Feng took a deep breath, opened his eyes suddenly, and a touch of golden light flashed away. At the same time, it is indescribably exciting!

Cross the Tribulation Realm!

Hahaha... I finally broke through the Tribulation Transcendence Realm.

Excited, Yue Feng stood up at once, put the body of Guiguzi next to him in the patio where Dragon Ball was found, and then covered it with boulders. It's not a disgrace to his identity.

After doing all this, Yue Feng took a deep breath and rose directly into the sky.

boom!

A terrifying force erupted, and Yue Feng, like a cannonball, directly broke through the cave, the entire hill collapsed, and Yue Feng's figure reached the sky in the blink of an eye.

I, Yue Feng, are back!

Breathing the air outside, Yue Feng felt like he had passed away, shouted in his heart, and flew towards the Chaos Mountains.

Chapter 2358

At this moment, at the foot of the Chaos Mountains!

On the battlefield that stretched for dozens of miles, the ground has been dyed red with blood. The Kyushu continent, the major sects of the elder brother, and the various armies, under the impact of the Rakshasa tribe, almost collapsed, one by one fell into a pool of blood!

The two sides have been fighting here for two days and two nights.

At that time, when Yang Jian was still there, the Kyushu Continent seemed to have a reassurance. After all, with Yang Jian's strength, he could kill a huge giant with one blow. However, two days ago, Yang Jian and Rakshasa King fought fiercely and finally fell into the ruins. , so far there is still no audio.

In the absence of Yang Jian, Ju Kui seemed to have no natural enemies and swept the battlefield unscrupulously.

Under such circumstances, people in the Kyushu Continent continued to suffer casualties. In the past two days and two nights, more than 100,000 people were injured or killed. It can be said that the casualties were heavy.

However, even if the enemy is strong and we are weak, the Kyushu Continent is still clenching its teeth.

boom!

Suddenly, when the two sides continued to fight, only a loud noise was heard, which suddenly came from the mountains and forests not far away.

This loud noise was like a thunderstorm, whether it was everyone in the Kyushu continent or the Rakshasa army, they were all shocked.

Wen Chou Chou's face changed in the battlefield, and he frowned: "What's going on?"

After saying that, Wen Chou Chou looked back.

At the same time, many people on the battlefield also watched.

This...

At this moment, everyone in the audience was stunned.

I saw a small mountain completely collapsed in the forest more than ten kilometers away, and within a thousand kilometers of the surrounding area, a cloud of dust filled the air.

And above that piece of dust, in mid-air, there is a figure that is particularly conspicuous, and this figure, justice came at the speed of lightning.

It is Yue Feng!

Seeing this scene, everyone in the Kyushu mainland was in an uproar.

Isn't this... Yue Feng failed to break through and has no internal strength? Why....

Everyone clearly felt that at this time, Yue Feng's inner strength was pure and deep, and his temperament and aura were much stronger than before.

And Ren Yingying, Xiao Yuruo, Ye Ziyi and the others were all trembling, weeping with joy, and shouting at the same time.

"Yue Feng!"

"Yue Feng, I knew you wouldn't leave us..."

At the same time, on the side of the Rakshasa army, Meng Lang stood on the station bus, staring closely at Yue Feng in the air, his heart Full of shock.

Who is this person? Strength.. so strong!

"Haha..." Sun Dasheng was extremely excited. At this time, he was covered in blood, but his eyes were full of excitement and excitement: "Fengzi, you are finally back."

Wen Chou Chou also showed a smile.

The three brothers looked at each other and laughed, and then, Yue Feng looked at the Rakshasa army opposite, and his heart was shocked, and he couldn't help gasping for air.

There are so many people in this Rakshasa clan? Densely packed, I'm afraid there are millions of people, right?

Moreover, the strength of the soldiers is generally much stronger than that of the Kyushu Continent.

The next second, when he saw the mainland of Kyushu in the battlefield, the dead were dead and the wounds were wounded. Suddenly, Yue Feng's eyes were extremely red.

"Breaking my homeland and hurting my compatriots, you should all be damned!" A cold voice came from Yue Feng's mouth, and in the next instant, Yue Feng raised his hands suddenly! There is a terrifying aura all over the body!

"Big Sky Breaker!"

Yue Feng almost roared out, pointing at the Rakshasa army.

"Om!"

In an instant, the wind was surging, and a terrifying force condensed and swept down! Go straight to the ground!

"Ah..."

All of a sudden. Under the raging force of terror, thousands of soldiers screamed and fell into a pool of blood!

At this moment, the Kyushu Continent was full of cheers and excitement!

On the side of the Rakshasa army, everyone is afraid! Shocked!

Who is this person?

How can the strength be so terrifying? !

Standing on the bus, Meng Lang clenched his fists and turned to ask Xu Qingyi, "Who is this person?"

Chapter 2359

Xu Qingyi bit her lip tightly, looked at Yue Feng in midair, and said softly: "This person is the Yue Feng I told you before, the emperor of Xi Cang, the lord of Tianmen, the hero of the Kyushu continent!"

Yue Feng?!

Hearing this, Meng Lang's heart was shocked, and he was speechless.

Because when I asked about the situation in the Kyushu continent before, Xu Qingyi often mentioned this Yue Feng. At that time, Xu Qingyi told Menglang that the Rakshasa tribe really wanted to conquer the Kyushu continent, and there were two people who could not be ignored, one was Yang Jian and the other was Yue Feng.

At this time, Meng Lang looked at Yue Feng and muttered to himself, it turns out that this person is Yue Feng, no wonder he is so strong.

"Come to sign up!" At this moment, Meng Ao, standing proudly on the battlefield, asked Yue Feng word by word.

"Yue Feng!" Yue Feng responded coldly.

"Yue Feng? Good, very good." Meng Ao stared at Yue Feng tightly, his face full of grimness, he raised his hand and waved: "The warriors obey the order, kill all the enemies, and this Yue Feng, I want to cut it all down. Block!"

This person killed thousands of his clan with one skill, unforgivable.

"Kill!" The

voice fell, and the Rakshasa army responded in unison, rushing up like a tide.

Meng Lang was so anxious that he shouted, "Brother, don't be impulsive!" The person in front of him was Yue Feng, which should not be underestimated.

But it's too late.

"Hahaha..."

Looking at the swarming Rakshasa soldiers, Yue Fengyang laughed loudly, Fang Tianhuaji appeared in his hand instantly!

"With me, Yue Feng, you can never think of harming the continent of Kyushu." Yue Feng let out a long roar, his body filled with a strong fighting spirit, turned around and shouted at everyone in the continent of Kyushu: "Defend your homeland, kill!"

At this time, the Kyushu Continent, whether it is all sects or the army, has been exhausted, but the arrival of Yue Feng has made everyone's morale soar!

"Kill! Defend the homeland!"

"Kill!" A

burst of howls came, Yue Feng held Fang Tianhua halberd and rushed into the enemy army!

"Rakshasa, you invade the Kyushu Continent and start a war, the crime cannot be punished!" A cold voice came from Yue Feng's mouth.

In the next second, a violent aura burst out from Yue Feng's body, and immediately, the figure leaped into the sky and slowly raised his palm!

"The Promise Fortune Palm!" The

five words came out of Yue Feng's mouth, like a blast of thunder!

boom!

The moment the voice fell, the surrounding air was instantly distorted, and an extremely terrifying storm swirled in the air, and then a palm shadow with a diameter of several thousand meters fell.

"Om!"

In a radius of 100 miles, the dust filled the air!

"Hu! Hu!"

Everyone's heart was trembling, and they saw that in the palm-shaped pit, tens of thousands of Rakshasa soldiers, their bones were all broken, and they fell in a pool of blood.

Not only that, but a giant was shot to death directly.

hiss!

Seeing this scene, many Rakshasa soldiers broke out in cold sweat and couldn't help gasping for air.

This... this person's strength is too terrifying.

Meng Ao was also stunned, watching Yue Feng closely, his heart was full of shock, but at the same time, his eyes flashed with endless fighting intent.

Unexpectedly, there are such powerful characters in the Kyushu Continent.

“All the warriors obey the order and withdraw their troops immediately, hurry up!” At this moment, Meng Lang rushed into the sky and shouted.

First it was Yang Jian, and now it was Yue Feng, the Nine Provinces Continent Hidden Dragons and Crouching Tigers, this battle cannot continue, otherwise, the Rakshasa clan will become more and more passive.

Whoa!

This time, the Rakshasa army obeyed Meng Lang’s orders, including Meng Ao, and was no longer as reckless as before, and quickly retreated.

call!

Seeing this scene, Yue Feng’s face was solemn, and he was about to take advantage of the situation to pursue. That is, at this moment, when he saw the two slender figures beside the chariot in the army, Yue Feng was shocked and suddenly stunned.

Yue Feng saw two slim figures, one floating like a fairy, the other graceful and charming.

It was Su Qingyan and Xu Qingyi!

Chapter 2360

“Fengzi!” At this moment

, Sun Dasheng walked over quickly, his face full of impatience, and shouted: “Go after it.”

At this time, Sun Dasheng was all covered with blood, and for two consecutive days After the fierce battle, he was exhausted, but the arrival of Yue Feng turned the tide of the battle, and Sun Dasheng suddenly had a high fighting spirit.

Sun Dasheng has a straight personality and is full of blood. At this time, he just wants to completely defeat the Rakshasa clan and avenge the dead Kyushu compatriots.

“Great Sage, don’t be impulsive.” Yue Feng shook his head.

What?

Sun Dasheng was stunned, suddenly anxious: "This is a good opportunity. Why don't you pursue it?" As

soon as he finished speaking, Wen Chouchou came over, a bit helpless on his tired face, and smiled bitterly at Sun Dasheng: "Dasheng, Listen to Fengzi's words, don't be reckless, everyone is exhausted, it's inappropriate to pursue rashly, you have to understand that poor thieves don't chase..."

Wen Chou Chou is a steady and meticulous person, and at this time he did not hesitate to stand in Yue Feng's position.

"But..." Sun Dasheng was very angry, sighed heavily, and said no more.

At this moment, Yue Feng looked at the direction of the retreat of the Rakshasa army, and said slowly: "I also want to take advantage of the situation to pursue, but I can't guarantee that the Rakshasa tribe will set up an ambush. We have to guard against it, and..."

Said Then , Yue Feng's tone became complicated: "Also, Qingyan is in the Rakshasa army."

What?

Hearing this, whether it was Wen Chou Chou, Sun Dasheng, or the others around, they were all taken aback.

Su Qingyan is in the Rakshasa army? How is this possible?

Before the fierce battle between the two sides, Su Qingyan and Xu Qingyi had been standing by the chariot in the rear to watch. The situation was chaotic at the time, so Wen Chou Chou and everyone did not find out. Now, the Rakshasa army is retreating rapidly, and everyone can't see it even more. .

"Are you sure?"

Finally, Wen Chou Chou reacted and looked at Yue Feng closely: "If it is true, then we really can't act rashly."

Yue Feng nodded, he saw clearly just now, Su Qingyan and Xu Qingyi followed the chariot and retreated with the Rakshasa army, and the two women were not bound by any restraints, so they were obviously not threatened.

This is also the place where Yue Feng can't understand and dare not act rashly.

If the two of Su Qingyan were caught, they should have been tied up, but just now, he found out that the two of Su Qingyan were taking the initiative to follow the Rakshasa clan.

How could this be?

Su Qingyan and Xu Qingyi are both famous talented women in the Kyushu mainland. They are very firm on the righteousness of Kyushu, and it is impossible for them to join the Rakshasa.

Thinking to himself, and facing Wen Chou Chou's question again, Yue Feng took a deep breath, shook his head and said, "I won't get it wrong, let everyone go back to the camp to rest, recharge, and then make plans."

Well!

Wen Chou Chou responded, immediately greeted everyone, returned to the camp to rest, and at the same time arranged for people to clean up the battlefield and bury the dead.

A few hundred meters away, the Northern Ying army also suffered heavy casualties.

At this moment, Zhang Jiao stood there, looking closely at Yue Feng, his complicated face was even more shocked and puzzled.

How can it be? Before this kid survived the hardship, he became a cripple, and it was impossible to cultivate his inner strength, but now, not only has his inner strength been restored, but he has also broken through the transcendence realm.

How did he do that?

Gong Gong next to him was also trembling, and his thoughts were surging when he looked at Yue Feng.

He's back in strength, which is great. You don't have to feel guilty anymore. At this time, Gonggong wanted to come over and apologize to Yue Feng, but thinking of his own identity, he held back.

"Bury the fallen soldiers." Finally, Zhang Jiao reacted, stopped looking at Yue Feng, and commanded the soldiers around him: "Also, Tian Yuqi will gather immediately, follow me to the ruins of the Chaos Mountains, and look for Your Majesty, hurry up."

Yue Feng To regain his strength, he is lucky. The most important thing now is to find Yang Jian quickly.

"Yes, military advisor!" The voice fell, and the surrounding soldiers responded in unison.

Soon, hundreds of Tian Yuqi quickly assembled and rushed towards the ruins with Zhang Jiao.

the other side.

Yue Feng and the Alliance Army returned to the camp and saw that many sects and forces were missing. They learned that they were all shocked by the power of the Rakshasa clan and left.

In particular, the Huanyin Sect and Xiyao Pavilion in the Yellow Sea Continent were all taken away by Yu Wenyan.

Hearing about these circumstances, Yue Feng clenched his fists and was very annoyed. This Yu Wenyan, at an emergency moment when the Rakshasa army was crushing the realm, avenged his personal revenge. Leave.
