### Chapter 2381

Sun Dasheng scratched his head, very embarrassed.

At this time, Yue Feng took a deep breath, looked around and said, "Quick, let's mobilize the army quickly and fully support Zhang Jiao, quick."

In Yue Feng's heart, he thought that Zhang Jiao's surprise attack on the Rakshasa army was to show his leadership. Soldier talent, but I don't know that he has already fallen for his plan.

"Yes!" Everyone responded, then quickly walked out of the tent and began to gather the army.

A minute later, hundreds of thousands of allied troops attacked the Rakshasa camp in a mighty manner.

...

At this moment, in the Rakshasa camp.

Tian Yuqi suddenly attacked, causing the Rakshasa army to be in a hurry, but soon, they stabilized their positions and began to fight back frantically.

"Kill them all, and leave none of them!" In the

battlefield, Meng Ao held a long sword, like a god of war, invincible, shouting, the internal force burst out, the long sword was swung, and several Tian Yuqi suddenly screamed. fell in a pool of blood.

In mid-air 100 meters away from the main camp, Zhang Jiao was suspended there, quietly watching the situation.

I saw that thousands of Tianyu cavalry soldiers followed their orders and did not fight with the Rakshasa army, but many soldiers died tragically.

Seeing this scene, Zhang Jiao didn't feel the slightest bit of distress. In his heart, those who do great things must not have the slightest kindness of women.

And the few generals next to him couldn't stand it any longer.

"Will Yue Feng bring a large army to support?"

This chapter is provided by . Visit for daily update.

“Who knows...”

“If it goes on like this, I’m afraid that these thousands of Tianyu cavalry will have to explain it here.”

During the discussion, several generals became more and more anxious.

“Look, Yue Feng is here with the Alliance Army.” At this moment, a general shouted with joy when he saw something.

I saw that not far away, hundreds of thousands of torches were slaughtering mightily under the darkness of the night.

It was Yue Feng.

Hehe...

Seeing this scene, Zhang Jiao’s mouth evoked a hint of treacherousness, Yue Feng, Yue Feng, even if you didn’t die before, what if you regained your inner strength? In this ever-changing battlefield, you are too young to fight with me.

Thinking to himself, Zhang Jiao raised his hand, which was the signal to retreat.

Seeing Zhang Jiao’s gesture, the Tianyu knights who were about to be trapped in the Rakshasa camp urged the big birds to evacuate quickly one by one.

hateful!

Seeing Tian Yuqi retreating, Meng Ao was about to lead the Rakshasa warriors to pursue him, but at this moment, he was stunned when he saw the mighty Alliance Army coming from the other side.

“Another army is coming!”

“Mad, they must have negotiated.”

“Show them some color.”

In the camp, many Rakshasa warriors howled like crazy.

Meng Ao’s eyes were blood red, and his body was filled with endless fighting spirit. He raised his long sword: “Warriors, respond to the enemy immediately, and don’t let them leave alive. Kill.

” At this time, Meng Ao gave up the pursuit and directly targeted the hundreds of thousands of allied troops killed by Yue Feng.

“kill!”

In an instant, the nearly one million Rakshasa army let out a thunderous howl and charged directly towards the alliance army.

“Ah...” The

two armies collided, with screams and screams, blood was sprayed continuously, and the entire night seemed to be dyed red.

“Fengzi, that’s not right...”

At this time, Wen Chou Chou rushed to the Rakshasa camp, and saw all the millions of Rakshasa soldiers coming towards him, he was stunned, seeing that there were no signs of Beiyong soldiers around, Suddenly understood something, and shouted anxiously: “Oh, we’ve been tricked. Zhang Jiao, this bastard, actually framed us.”

Chapter 2382

Swish!

At this moment, Yue Feng’s face was also extremely ugly.

He clearly saw that in the entire camp, there were only a few hundred Tianyu knight corpses. Apart from these, there was no Beiyong army at all.

Obviously, Zhang Jiao played a trick and decided that he would come to support, so he pretended to make a surprise attack, and then sat on the mountain to watch the tiger fight.

Zhang angle.

Yue Feng clenched his fists tightly, his eyes were extremely blood red, he never thought that Zhang Jiao was so sinister, and at this most critical time, he did not forget to frame himself.

In anger, Yue Feng wanted to call the alliance army to retreat.

However, the two sides had already fought fiercely, and it was too late to retreat.

On the other side of the battlefield, Meng Lang frowned tightly, looking at the battle in front of him, thinking about countermeasures quickly.

Beside him, Su Qingyan and Xu Qingyi stood there quietly, the sudden fierce battle made both Su Qingyan panic.

But they are not ordinary women, and they calmed down quickly.

“This Kyushu army wants to attack from both sides?” Meng Lang reacted, looked at the battlefield and chuckled: “It’s a pity that they didn’t cooperate well. If the Rakshasa army takes advantage of the situation to pursue, they will definitely win.”

He saw, Apart from the army led by Yue Feng, there were no soldiers from the Northern Ying Continent at all.

“No!” As soon as the voice fell, Xu

Qingyi trembled, and quickly said: “Although Yang Jian is not here, Yue Feng and Zhang Jiao are not mediocre. They may be tempting the enemy to go deeper.”

Qingyi used to be a famous talented girl in Xicang Continent, and she also had some accomplishments in the art of war. It was obvious at a glance that tonight’s raid was Zhang Jiao’s trick, and she wanted Yue Feng and the Rakshasa army to fight against each other.

Although he didn’t have much affection for Yue Feng, Xu Qingyi naturally didn’t want to see the Allied Army fail miserably for the sake of the Kyushu Continent.

“Oh?”

Meng Lang was stunned for a moment, then looked back at Xu Qingyi: “Then what about the teacher’s opinion?”

Xu Qingyi bit her lip and said earnestly: “Strictly defend the camp and drive the enemy back. It’s alright, you must not pursue it.”

Hearing this, Meng Lang nodded, immediately raised his dantian, and shouted at Meng Ao in the battlefield: “Second brother, repel the enemy, don’t pursue it.

” Chase?

Meng Ao looked puzzled, and at the same time he was very suffocated. The enemy troops came to the camp, but they couldn’t pursue them?

Thinking to himself, Meng Ao just pretended he couldn’t hear it, waving his long knife, and directly rushed into the opponent’s formation. Meng Ao is brave and good at fighting, and his eyes are blood red at this time, like a tiger descending the mountain.

“Ah...” In the blink of an eye, I heard many soldiers from the mainland of Kyushu fall in a pool of blood.

This kid is pretty fierce.

Seeing this scene, Yue Feng frowned, directly urging his figure to rush towards Meng Ao.

“Kill my compatriots, suffer death.” The

voice fell, Yue Feng held Fang Tianhua halberd tightly, and stabbed Meng Ao fiercely.

“It’s you?” Seeing Yue Feng, Meng Ao was full of fighting spirit. In the previous battle, Yue Feng suddenly appeared, like a divine soldier descending from the sky, killing many Rakshasa warriors. Meng Ao wanted to take revenge for a long time. Seeing that Yue Feng took the initiative to come, it was exactly what he wanted.

clang!

Meng Ao raised the long knife and blocked it in front of him, and saw Fang Tianhua halberd and the long knife collide, Meng Ao’s body was shaken, he was directly knocked back more than 100 meters, and his feet cut a deep gully on the ground.

“Good Yue Feng, I don’t believe that I can’t beat you!” Feeling Yue Feng’s powerful strength, Meng Ao didn’t panic at all, but his blood was completely aroused, roaring and rushing again.

Haha...

Yue Feng sneered, holding Fang Tianhua halberd tightly, and fighting Meng Ao fiercely.

At the beginning, Meng Ao was still able to parry, but gradually, some of his strength became too strong. Although Meng Ao’s bravery was obvious to all in the Rakshasa army, after Yue Feng broke through the Tribulation Transcendence Realm, his strength was already different. Compared with the past, Meng Ao can’t compare at all.

“This is arrogant.”

Chapter 2383

Seeing this scene, Meng Lang was so anxious, the second brother was too reckless.

“Second brother, I’m here to help you.”

At this moment, I heard a coquettish shout, followed by a valiant man who jumped into the air and came straight towards Yue Feng, wearing a blood-red leather armor. The fit and charming figure is fully displayed, and at the same time, the whole body is also filled with a powerful breath.

It was Mona.

Seeing Mona rushing towards him, Yue Feng took it easy, waving Fang Tianhua halberd, and went up to meet him with ease.

But the moment he saw Mona, he was still stunned.

What the hell, why is she?

Until this time, Yue Feng didn't know that the Rakshasa woman he had met before was the daughter of King Rakshasa and the sister of Meng Lang Meng Ao.

"It turns out that you are Yue Feng, you liar, you told me before that your name is Feng Tao." When she got to the front, Mona raised her jade hand, clenched a pair of white bone machetes, stabbed straight at Yue Feng, and said fiercely at the same time. .

He was subdued by Yue Feng at that time and then hugged on the soft couch. Mona was impressed by his strength, and at the same time, she was secretly attracted to him. At this time, when she learned that he was Yue Feng, who was famous in the Kyushu mainland, Mona felt that she had been deceived. is shame and anger.

The Rakshasa woman has a strong character, she goes straight, she feels deceived, and Mona kills her as soon as she makes a move.

Nima!

In the face of Mona's ferocious attack, although Yue Feng was not panicked, he was secretly wondering.

This woman, didn't she just lie on her soft couch and hide from the patrolmen for a while, and she didn't do anything to her, why did she kill herself when she came up?

With Mona's help, Meng Ao had a chance to breathe, stepped aside, quickly recovered his strength, and at the same time did not forget to shout: "Little sister, Yue Feng is very strong, be careful."

Mona didn't respond, just kept attacking.

At this moment, Yue Feng wanted to be ruthless, but he couldn't bear it.

Bang bang bang...

At this moment, along with the earth-shattering roar, I saw a few giants, under the control of the Rakshasa soldiers, quickly entered the battlefield.

The army led by Yue Feng originally had a disparity in strength with the Rakshasa army. At this time, Ju Kui joined the trembling, and the Kyushu Continent was in danger.

Ah..

along with a scream, I saw a lot of sect disciples being trampled to death by the giant.

Nima!

Seeing that there were people falling down on his side, Yue Feng suddenly became anxious and looked at Mona closely and said, "I'm sorry, I won't play with you anymore!"

Oh

!

The voice fell, Yue Feng slowly raised his right hand, and saw a white flame quickly condensing and forming, and then forming a lotus shape, illuminating the sky.

It is Bai Lian Leng Huo.

what is this?

Mona frowned, she didn't know Bailian Lenghuo, but she felt the terrifying temperature of the white flame, and she instinctively became vigilant.

Not far away, Xu Qingyi and Su Qingyan trembled. Meng Lang, who was

next to him, also changed his face, and quickly asked: "Two teachers, what is Yue Feng using?"

"Bai Lian Leng Huo!"

"The first strange fire in the world."

in unison.

What?

Hearing this, Meng Lang's face turned extremely pale. He didn't have time to think about it, and shouted at Mona: "Little sister, be careful, this is the number one strange fire in the world..." Although she didn't know Bailian Lenghuo had How powerful, but seeing the faces of Xu Qingyi and Su Qingyan, Meng Lang realized that this white flame was terrifying.

Chapter 2384

Hearing Meng Lang's cry, Mona's pretty face changed, without any hesitation, she immediately dodged to the side.

Although she didn't know what the white flame was in front of her, Mona felt the scorching temperature and knew that she couldn't resist it.

"Oops, I hid quite quickly."

Yue Feng sneered, his voice fell, and he rushed over quickly. Before Mona could react, he quickly raised his hand and sealed several acupoints on Mona's body.

In an instant, Mona's body froze, unable to move at all.

"Since you are the daughter of King Rakshasa, you will be wronged." Yue Feng said, and picked up Mona, with his toes on the ground, and flew towards the rear.

Yue Feng thought about it, as long as Mona was captured, the Rakshasa army would take care of it, which would be extremely beneficial to the future battle.

"You...you let me go." Mona was so angry that she kept struggling, but the acupuncture point was tapped, and she couldn't break free at all, so she could only scream angrily.

"Little sister!"

Seeing this scene, Meng Ao's face changed greatly, and he was about to rush over. It was just that he had spent too much internal energy in the battle with Yue Feng before, and was injured, so he was completely powerless.

"Put down my little sister."

Meng Lang, who was not far away, also roared, and his inner strength exploded, coming straight towards Yue Feng.

hum!

Immediately afterwards, Meng Lang's internal force exploded, and he slapped Yue Feng's back with a palm. His father was not there. As the commander-in-chief, Meng Lang should not have been so reckless, but when he saw his little sister being arrested, he couldn't help it.

"Want to save someone?"

Yue Feng showed a smile, and at the critical moment, he turned around in the air and raised his palm to meet him.

Bang!

When the two palms touched, I heard Meng Lang groan, his face paled instantly, and the whole person was shaken back dozens of meters.

After stabilizing his figure, Meng Lang was shocked and angry, and looked at Yue Feng closely!

This Yue Feng's strength is actually so strong?

Taking advantage of Menglang's repulsion, Yue Feng quickly rushed out of the battlefield, and shouted at the same time: "Retreat, quickly retreat."

When he shouted these, Yue Feng saw that on the battlefield, he brought nearly 60 more than he brought. Wan Dajun, nearly 100,000 people have fallen in a pool of blood, it can be said that this battle suffered heavy losses.

However, if he captured King Rakshasa's daughter, the Rakshasa army would not dare to pursue her.

Whoops!

Hearing Yue Feng's words, Wen Chou Chou and the others immediately summoned everyone and quickly retreated.

"Chase!"

Meng Ao's eyes were extremely red, and he hissed, "Chase them all, kill them all, and save the little sister." The

voice fell, Meng Ao gritted his teeth, and was about to lead the army to pursue.

"Stop!"

At this moment, Meng Lang walked over quickly, his face was gloomy and scary, and he said angrily: "Second brother, can you calm down, little sister is in their hands, if you push the other party in a hurry, little sister Isn't it dangerous?"

After speaking, Meng Lang looked around and shouted: "All warriors, return to the camp immediately and deploy defense." The

voice fell, and the surrounding Rakshasa army returned to the camp one after another. King Rakshasa disappeared, Meng Lang was the eldest son, and no one dared not listen to his words.

Bang!

Meng Ao was very unwilling, slapped the stone next to him with a slap, and then followed everyone back unwillingly.

Chapter 2385

At this time, Meng Ao wanted to kill the camp in Kyushu and snatch the little sister back, but seeing that everyone obeyed Meng Lang's orders, and he also suffered some injuries, he had to endure his anger.

A few minutes later!

In Meng Lang's tent, Meng Lang sat there with a gloomy face.

Dozens of Rakshasa generals stood neatly on both sides, and Meng Ao stood at the front, all silent, the atmosphere was extremely dignified.

Behind Meng Lang, Su Qingyan and Xu Qingyi sat there quietly, also silent.

The camp was suddenly raided, and the younger sister was also arrested. Meng Lang summoned everyone to discuss countermeasures.

"Big Brother!"

Finally, Meng Ao couldn't help it. He was the first to step forward and shouted, "What else can we discuss? Rescue." The

voice fell, and many surrounding generals nodded in agreement. The Rakshasa clan can conquer and fight well, when have they suffered such a loss? This breath has to come out.

However, Meng Lang just sat there, pondering silently.

"Brother, what are you thinking about?" Meng Ao suddenly became anxious.

At this time, Xu Qingyi couldn't help but said: "Second Prince, don't worry, although Yue Feng caught Mona, but based on what I know about Yue Feng, he will not treat Mona."

As soon as the words fell, Su Qingyan nodded and said: "Yes, the Kyushu Continent has always been at a disadvantage, Yue Feng captured Mona, the purpose is not to let the Rakshasa army act rashly, I think this is an opportunity, if the eldest son wants peace Coexistence, now we can send messengers over to make peace."

Make peace?

At this moment, the dozens of generals in the camp all looked at each other with expressions of conflict. In the concept of the Rakshasa people, there is only conquering others and being conquered by others, and there is never a saying of peaceful coexistence.

Meng Ao was completely angry, pointed at Su Qingyan and shouted: "You two women shut up, don't use these words to confuse my elder brother."

These two women, all kinds of rhetoric, deceived elder brother, originally elder brother acted. Decisive, but now because of them, he has become hesitant about everything.

The more Meng Ao thought about it, the more angry he became, he pulled out his long knife with a slam and pointed at Su Qingyan and Xu Qingyi: "There is a saying in the mainland of Kyushu, it's called Confidence, I will kill you today.

" Ao rushed up directly.

Swish.

Su Qingyan and Xu Qingyi both changed their pretty faces, and they never thought that Meng Ao had such a big opinion about him, and he would do it if he said it.

"Stop!" Meng Lang shouted angrily, pulled out his weapon, and blocked Meng Lang's sword.

clang!

With a shock, Meng Ao was shaken back more than ten meters, Meng Lang was also pale, and his body swayed. In the battle just now, Meng Lang and Yue Feng faced each other and were also injured.

"Brother, you..." Meng Ao was stunned for a moment, and then shouted: "What are you doing with these two women? I think you are really confused by them."

Slap!

As soon as he finished speaking, Meng Lang slapped Meng Ao's face without warning.

"This slap will hit you right from wrong." Meng Lang looked at Meng Ao coldly, and said angrily: "Father is missing, the most important thing for us now is to hold down the continent of Kyushu and find my father first. , and you, but you have to fight to the death with the Kyushu Continent."

In the first two battles, Meng Ao repeatedly disobeyed his orders, and he endured it at the time, but now Meng Lang can't bear it anymore.

Although Su Qingyan and Xu Qingyi are women, they are knowledgeable and have learned a lot from them. Now, Meng Ao wants to kill them, and he will not tolerate it.

Meng Ao was slapped by this slap, and after more than ten seconds, he reacted and looked at Meng Lang in surprise: "Brother, I did this all for our Rakshasa clan, why did you hit me? Where am I? Wrong?"

Meng Ao said more and more excited: "It's not that I don't want to find my father, let's defeat the Kyushu army first, wait until we find my father and give him a surprise, isn't it?"

"Crack!"

Hearing this, Meng Lang was so angry that he slapped him again!

## The ultimate husband in Chinese chapter 2386-2390

Chapter 2386

"For the Rakshasa clan?"

Meng Lang trembled with anger, pointed at Meng Ao and cursed: "You idiot, do you know that if you didn't listen to the command today, you rushed into the enemy formation, let yourself be in danger, the little sister will not go over to help you, and if she doesn't help you, she will not be caught by that Yue Feng."

Said, Meng Lang looked around and said coldly: "I announce now, suspend Meng Ao's position as the forward commander, stay in the camp temporarily, without my order, you can't leave the camp casually." The

second brother is so reckless, he will definitely try his best to rescue the little sister at Kyushu University, and he can't let him continue to mess around.

"Yes, eldest son!" The lieutenant generals responded in unison. Everyone felt that what Meng Lang did was inappropriate, but when they saw his angry face, they didn't dare to intercede.

What?

Hearing this, Meng Ao's eyes were blood red, and he stared at Meng Lang closely: "You suspend my position? What did I do wrong?"

"I'm still obsessed with it?" Meng Lang was so angry that he shouted angrily: "When you find your father, explain to him yourself."

"I..."

Meng Ao wanted to refute, but seeing that the situation in front of him could not be changed, he could only turn around and leave angrily.

"Go and rest." Meng Lang waved his hand and led the generals.

Hearing this, dozens of generals responded and left the camp one after another.

At this time, Meng Lang turned around and said to Su Qingyan: "Two teachers, I was startled just now, my second brother is reckless and does whatever he wants, don't mind, I am here, you It'll be fine."

"Yeah!" Su Qingyan nodded, but thinking of the situation just now, she still had some lingering fears.

Xu Qingyi smiled lightly, and then said, "It's okay, we didn't take it to heart!" To

be honest, seeing Meng Lang's pale face, Xu Qingyi said softly: "Master, you are injured, so hurry up and rest. "

When saying this, Xu Qingyi's face was full of concern. The longer they get along, the more Xu Qingyi believes that the eldest son of the Rakshasa clan in front of him has a peaceful heart and is a wise leader.

Um!

Meng Lang nodded, called the soldiers to escort Xu Qingyi and the two back to his tent, and then lay down and rested.

Meng Lang only felt that his heart was about to be broken when he touched Yue Feng before, and he needed a good rest.

It was already midnight.

Under the order of Meng Lang, the Rakshasa army deployed the defense, and the entire camp was silent, with only dozens of patrolling soldiers patrolling back and forth quietly.

Meng Lang meditated for a while, and he closed his eyes, ready to rest.

Whoa!

At this moment, a slight footstep came, and then a figure entered the tent. In the dimness, Meng Ao's face revealed a bit of complexity.

It is Mengao.

Hearing the movement, Meng Lang immediately sat up and saw that it was the second brother, and he was stunned: "Second brother? You are not resting in your tent, what are you doing to me?" His

tone was cold, thinking of Meng Ao's actions before, Meng Lang Still a little pissed.

“Big brother!” Meng Ao opened his mouth and seemed to hesitate, then he bent his knees and knelt down directly in front of Meng Lang: “Brother, I was wrong, I was too reckless before.”

Said, Meng Ao’s face was full of shame and regret: “I thought about it carefully just now, since my father disappeared, I acted too impulsive, not only killed many warriors of the tribe, but also killed the younger sister today who was arrested, brother, I You know it’s wrong, don’t be mad at me, okay?”

Phew!

Seeing his honest face admitting his mistake, Meng Lang showed a smile, raised his hand and said, “Second brother, what are you doing? You just need to know your mistake, you don’t need to kneel to me.”

He had a headache at Meng Ao’s recklessness, At this time, I was relieved to see that he finally lost his way and returned.

“Big brother will be King Rakshasa in the future, I think you should kneel down.” Meng Ao shook his head very seriously. When he said this, Meng Ao looked sincere, but there was a hint of gloom in his eyes.

Hearing this, Meng Lang came over and was about to help Meng Ao up.

“go to hell!”

Chapter 2387

At this moment, Meng Lang’s hand just touched Meng Ao’s arm, and suddenly, Meng Ao roared, a powerful breath burst out from Meng Ao’s body, and he slapped it fiercely, directly towards Meng Ao Long heart beat.

Yes, Meng Ao never thought of apologizing to his eldest brother. In his heart, Meng Lang should be the same as himself, spare no effort to completely defeat the Kyushu army, but Meng Lang listened to the words of the two Kyushu women and became indecisive. , Such a person is no longer qualified to become the next generation of Rakshasa King.

Speaking of which, Meng Ao originally respected this big brother, but just now Meng Lang slapped himself in front of so many people and taught himself a lesson, which made Meng Ao unacceptable.

Meng Lang was extremely frightened, and he never thought that the younger brother of a compatriot would suddenly attack him. At this moment, he wanted to dodge, but Meng Ao was too fast to dodge.

Speaking of which, Meng Lang's cultivation strength is also very strong, but he was injured by Yue Feng before, and his reaction power was greatly reduced.

Moreover, Meng Ao had the intention to kill Meng Lang, and he had already made sufficient preparations before coming.

Bang!

This palm, which contains ten layers of Mengao's skill, hit Meng Lang's heart ruthlessly, and when he heard a scream, the whole person flew straight up, smashed the wooden pillar behind him, and finally landed in the corner of the tent. .

At the moment of landing, Meng Lang spurted blood, and finally stared at his second brother unwillingly, swallowing his last breath.

"Brother, don't blame me for being cruel."

Meng Ao took a deep breath and quietly looked at Meng Lang's corpse, without the slightest pity or heartache in his eyes, and said coldly, "You have already been confused by those two Kyushu women, and you are completely focused. If you want to make peace with the Kyushu Continent, the future of the Rakshasa clan cannot be in your hands."

"Woo..." After the

voice fell, Meng Ao turned and walked out of the tent, raising his head and letting out a long howl. This is the signal for an emergency call.

Soon, after hearing a long whistle, dozens of Rakshasa generals rushed over.

This...

entered the camp, and when they saw the scene in front of them, all the generals were stunned and froze there, completely dumbfounded.

I saw that Meng Lang was lying there covered in blood, and had no breath.

"Everyone!"

Meng Ao looked around, pretended to squeeze out a few tears, and said with grief and indignation: "Big brother died, I met that Yue Feng before, my heart was broken, I just wanted to recover from practice, how can I know it's worse? He was injured, lost too much blood, died..."

Meng Ao was neither cruel nor stupid, he knew that he killed Meng Lang himself, and he couldn't let people know, so he could only let Yue Feng take the blame.

Whoa!

Hearing this, the lieutenant general reacted, each one was extremely sad and angry, leaving tears.

“The eldest son...”

“Damn Kyushu Continent.”

“Then Yue Feng killed the eldest son, he must not be spared.”

Seeing that no one was suspicious, a fluke flashed in Meng Ao’s eyes, and then he pretended to be very sad. Appearing, he shouted at Meng Lang’s corpse: “Brother, don’t worry, I will definitely cut off Yue Feng’s head to avenge you.” The

voice fell, causing many surrounding generals to respond.

“Yes, revenge!”

“I must kill Yue Feng and avenge the eldest son.”

Under the anger of the generals, one of them knelt down to Meng Ao in public: “Second son, the king is not here, the eldest son is dead again, please You lead the three armies and lead us to break the Kyushu army.”

“Please, the second son, take over the post of commander-in-chief...”

In an instant, other generals in the entire camp also knelt down and shouted in unison.

Um!

Meng Ao nodded with satisfaction, raised his hand and said: “Get up, pass my order, and attack the Kyushu army tomorrow morning.”

“Yes.”

Dozens of generals responded in unison.

Chapter 2388

“Prince!”

At this moment, a general suddenly thought of something, and said respectfully to Meng Ao: “The eldest prince is dead, what about the two Kyushu women?”

When Meng Lang was still there, Su Qingyan nor Xu Qingyi dared to be arrogant to them, but now that Meng Lang is dead, there is no need to respect these two women anymore.

call!

Meng Ao's eyes flickered, and he said lightly: "The two women from Kyushu are brought into my tent."

When he said this, Meng Ao's eyes flashed a bit of evil smile.

Meng Ao originally planned to directly behead Su Qingyan and Xu Qingyi in public, but on second thought, both women had stunning looks, it would be a pity to kill them directly. It's better to enjoy it yourself, and it's not too late to deal with it.

"Yes, Prince." After receiving the instruction, the general immediately strode out.

....

on the other side.

Yue Feng led the crowd back to the camp, all exhausted and annoyed at the same time.

Zhang Jiao was insidious and despicable, and he pretended to raid the Rakshasa camp, led Yue Feng to rescue him, and then took advantage of the fisherman. It was really hateful.

At this time, in the central army tent, Yue Feng summoned Wen Chou Chou to discuss the next countermeasures, and the captured Mona was locked in the cell.

Bang!

At this time, Sun Dasheng sat there, and the more he thought about it, the more angry he became. He couldn't help but patted his chair and said angrily: "Mad, Zhang Jiao is too vicious, Fengzi, I can't just swallow this breath like this." The

voice fell, no The few people nodded.

"Yes, this horn is too sinister to bear."

"Made, why don't you fight the Beiyang army, kill Zhang Jiao, and directly incorporate the Beiyang army .

"

His face was gloomy.

At this time, Yue Feng could not wait to kill Zhang Jiao. In the battle just now, nearly 100,000 soldiers were lost to Yue Feng. The losses were heavy, and everyone who was ugly and ugly was also injured. No one can stand it.

call!

A few seconds later, Yue Feng took a deep breath and was about to make a decision. Suddenly, Gonggong burst in, his delicate face was full of anxiety: "Yue Feng, hurry up... hurry up and defend, Zhang Jiao leads the way. The army will wipe you all out."  
Gonggong

quietly came to Yue Feng to apologize, but after leaving, he caught up with Zhang Jiao and led his crowd to raid the Rakshasa camp. Just now, Gonggong learned that Zhang Jiao was going to besiege Yue Feng, so he hurried. Come here to tip off.

To be honest, Gonggong has always had an opinion on Zhang Jiao, but before Yang Jian was there, Gonggong was not good at showing it. Now that Yang Jian is missing, Gonggong feels that there is no need to be under Zhang Jiao and obey his orders.

What?

Hearing this, everyone was shocked.

Yue Feng stood up all of a sudden, his face was extremely gloomy, and he was burning with anger! This Zhang Jiao wanted to kill everyone. He knew that he had just finished fighting the Rakshasa army and was exhausted, so he took the opportunity to lead the army over.

Really vicious.

"Boom!"

At this moment, only a loud noise was heard, and it came suddenly! The gate of the camp was smashed abruptly!

At the same time, a soldier walked in quickly, sweating profusely: "It's not good, Beiyong... The Beiyong army came and surrounded the entire camp."

Chapter 2389

When he said this, the soldier clenched his fists, and was obviously also very angry.

Nima!

Yue Feng cursed secretly, and immediately led the crowd out.

When he got outside, seeing the scene in front of him, Yue Feng couldn't help but take a deep breath!

I saw the army of hundreds of thousands of Northern Yingmen coming in a mighty way! The entire camp is surrounded like iron barrels! Because of waiting for work, the Beiying army at this time was imposing. The pervasive aura is amazing.

At the same time, Wen Chou Chou, Long Qian Yu, Ren Ying Ying and others were all angry, and they frowned, thinking about countermeasures quickly.

In front of the Beiying army, Zhang Jiao was suspended in the air, with a wicked smile on his sinister face.

call!

Yue Feng took a deep breath and took a step forward: "Zhang Jiao. What are you doing?..."

"What are you doing?"

Zhang Jiao sneered, looked around, and said loudly: "The continent of Kyushu is always respected by the continent of Beiying, As for you people, you have been disrespectful to His Majesty before, and refused the command of Northern Ying Continent one by one, causing His Majesty to fight against King Rakshasa, and their whereabouts are unknown

. He softened his tone and continued: "I'll give you a chance now, all return to the Northern Ying Continent and obey the command of this seat, otherwise, don't blame me for being rude."

Zhang Jiao was not afraid that the Rakshasa army would suddenly kill them, after all, they had just The battle with Yue Feng also damaged many Rakshasa warriors. Moreover, Zhang Jiao also sent someone to inquire, the Rakshasa camp is in a state of defense, and it is impossible to send troops for the time being.

Under such circumstances, Zhang Jiao would naturally not miss the opportunity, and he must force Yue Feng to surrender tonight.

Hearing this, Yue Feng smirked.

Everyone who this horn killed before almost wiped out the entire army, and now it is necessary to reverse black and white, which is really hateful.

The people behind Sun Dasheng were also very angry.

"Zhang

Jiao!" At this time, Ren Yingying couldn't bear it anymore, and shouted: "Do you want to be shameless? You pretended to raid the Rakshasa camp, which caused us to rush to support, resulting in the death of many soldiers, and now come here again Surrounding us, when Kyushu was in danger, you caused a civil war." The

voice fell, and Long Qianyu also had a pretty face and said: "Yes, if the civil war you caused causes the mainland of Kyushu to fall, you will be a sinner through the ages. "

Eternal sinner?

Zhang Jiao sneered and said lightly, "Whatever you say, I'll give you half an hour to think about it..." Before he finished speaking,

he was suddenly interrupted by Gonggong.

"Zhang Jiao!" Gong Gong walked out slowly and looked directly at Zhang Jiao: "Don't talk about things in His Majesty's name, if His Majesty were here, you would never do this, I think you are taking advantage of Since His Majesty is away, I want to dominate the Kyushu by myself."

After speaking, Gonggong looked around the Xiabeiying army and said loudly, "All officers and men, don't listen to Zhang Jiao, this man is insidious and despicable, and at such a critical time, he wants to mobilize the Kyushu. A civil war is completely reckless, once a fight breaks out, the Rakshasa army will definitely take advantage of it, do you want your homeland to fall into endless war?"

Hu!

Hearing this, many Beiyong soldiers looked at each other in dismay, and each one of them was a little shaken.

Zhang Jiao's face was extremely ugly, and he locked on Gonggong like a poisonous snake, and roared: "Gonggong, don't come here to confuse the army. When you attacked the Rakshasa camp before, you disappeared, and I suspected that you had betrayed. I didn't expect that, You are really on Yue Feng's side."

Seeing Gonggong openly contradicting himself, Zhang Jiao was furious.

How could she let her ruin the plan that she had finally made?

Thinking to himself, Zhang Jiao raised his hand and pointed to Gonggong: "All officers and men, you have all seen that, as your Majesty's person, she is on Yue Feng's side, and she has already rebelled, so let me take him down." The

voice fell, Hundreds of Beiyong soldiers, without any hesitation, drew their long knives and rushed towards Gonggong.

## Chapter 2390

“Zhang Jiao!”

Seeing Zhang Jiao's direct order to arrest himself, Gong Gong was so angry that his tender body trembled: “Don't confuse black and white, I know in my heart whether I betray you, you take advantage of His Majesty's absence, take power and destroy For the cooperation of the Kyushu mainland, you are the traitor.”

Om!

The voice fell, Gonggong's toes were a little on the ground, and he stood up lightly and greeted the hundreds of soldiers directly.

Gonggong knew that Zhang Jiao had been suspicious of himself for a long time, and today he just made an excuse. If he was soft-spoken, Zhang Jiao would still not let him go easily.

In a blink of an eye, Gonggong was fighting fiercely with hundreds of soldiers. Speaking of which, with Gonggong's strength, he didn't take these soldiers seriously at all, but thinking that these soldiers still had to fight against the Rakshasa army, Gonggong didn't do his best and wanted to shake them all back.

This...

Seeing this scene, Yue Feng frowned, looked at Zhang Jiao coldly, and quickly thought about countermeasures.

This horn is too cruel. Gonggong has always been loyal to the Northern Ying Continent, but for his own selfish interests, he slandered Gonggong and betrayed him.

At the same time, Ren Yingying and others couldn't bear to see Wen Chou Chou next to him.

“Fengzi!”

Sun Dasheng couldn't help shouting: “Zhang Jiao is too abominable, he deliberately reversed right and wrong, and directly fuck him.

” Then we will attack us, and instead of sitting still, it is better to attack directly.” To be

honest, if Wen Chou Chou had advised Yue Feng not to act rashly, but today, Zhang Jiao's actions are really hateful, first of all set a trap for Yue Feng , The people who almost killed the whole army were wiped out, and now I take the initiative to pick things up.

However, Wen Chou Chou was not impulsive. He had just fought fiercely with the Rakshasa army and captured King Rosa's daughter. The Rakshasa army would not dare to launch a battle easily.

"Okay!"

Yue Feng nodded, followed by a crisp sound, holding Fang Tianhua halberd tightly, raising his finger to the Beiyang army: "The whole army obeys the order, attack! But it's all good, try not to kill people, as long as you are subdued. Okay."

At this time, Yue Feng was also very annoyed, but still kept a little calm.

The battle with the Beiyang army is inevitable, but in order to preserve the strength of the Kyushu Continent, it will be easier to fight against the Rakshasa in the future, so in this battle, we must try to minimize casualties.

"Kill!" The

voice fell, and the army burst into a howl, pulling out their weapons and rushing towards the Beiyang army. In the blink of an eye, the two sides were fighting fiercely.

However, everyone followed Yue Feng's explanation, and instead of resorting to killers, they tried their best to suppress Beiyang soldiers.

However, they had just fought with the Rakshasa army before, and the internal strength of the soldiers had not fully recovered. At this time, facing the mighty Beiyang army, they were all helpless.

Ah...

Along with the screams, many soldiers on Yue Feng's side fell in a pool of blood.

"Yue Feng!" Zhang Jiao's catalogue was fierce, and his tone was a bit cunning: "This is your first move, you broke the cooperation agreement, and you are responsible for all the consequences."

Whoosh!

As soon as the voice fell, Zhang Jiao drew out his long sword, and his inner strength urged him. The figure was like a shooting star, coming straight towards Yue Feng.

Nima's!

Yue Feng cursed inwardly and said coldly, "Zhang Jiao, don't talk to me about words, you lead a large army to surround our camp, and the motive is impure."

When the words fell, Yue Feng grasped Fang Tianhua halberd tightly and attacked directly.

In the blink of an eye, Yue Feng and Zhang Jiao fought fiercely in mid-air, and saw terrifying auras surging forward, causing the situation to change and the world to change color.

At the beginning, Yue Feng was still somewhat confident. After breaking through the Tribulation Transcendence Realm, he believed that he could compete with Zhang Jiao, but after a few minutes, Yue Feng was secretly shocked.

Yue Feng clearly felt that Zhang Jiao's strength is very strong, and his realm is definitely above Gonggong. At the same time, because of the previous battle, Yue Feng has not fully recovered, and gradually began to become weak.
