Chapter 2421

Is this monk so powerful? In a blink of an eye, he killed dozens of warriors of the wolf group. It seems that he has to take action himself.

Whoosh!

Thinking of this, Meng Ao didn't hesitate, his figure erupted and rushed towards Moroye.

call!

Seeing Meng Ao attacking, especially feeling his powerful strength, Moroye's face finally changed, becoming a little desperate and unwilling.

Meng Ao joined the situation, and the situation completely turned to Duan Yu's side. Soon, Moroye only had the power to parry, and he had no power to fight back, but with the belief in his heart, Moroye did not give up at all, still biting Tooth, desperate to resist.

At this time, Moroye's heart was very clear.

It is impossible for me to escape alive, but before dying, I must kill a few more Rakshasa people and try to clear as many enemies as possible for the Kyushu mainland.

Puff puff...

A few minutes later, Moroye was covered in blood, from head to toe, there was no intact place, there were dozens of wounds, like a bloody man.

In front of him, Meng Ao, Duan Yu, and hundreds of wild wolf warriors surrounded him.

At this time, Moroye was almost running out of inner strength, and his hand holding the Bodhidharma staff was trembling, but he still gritted his teeth and held on with his last breath.

Chill.

At this moment, Duan Yu saw the opportunity and slashed Moroye's back with an axe. Moroye groaned, and blood spurted out, but he still stood firm and did not fall down.

"Smelly monk, still not dead?" Duan Yu roared like a demon with a ferocious expression on his face.

“Rebel, if I don’t kill you, I won’t die first.” Moroye roared loudly, as loud as a bell, as powerful as thunder, like an angry King Kong, which made people dare not look at him.

At this moment, Duan Yu’s heart trembled inexplicably.

This stinky monk is about to die, and he can still burst out with such a powerful aura.

Bang!

At this moment, Meng Ao attacked from behind and slapped Moroye on the back with a savage palm.

Moroye couldn’t react at all, his body swayed, and a few mouthfuls of blood spurted out.

Hundreds of warriors from the wild wolf regiment took this opportunity to attack again, and then a warrior, holding a spear made of bone, stabbed Moroye in the abdomen at once!

“Puchi!”

This spear directly penetrated Moroye’s entire body!

Blood swarmed out all of a sudden!

Pfft!

At this moment, Moroye only felt that the strength of his body was fading away quickly, his face was pale, and his whole body was extremely weak, and he half-knelt on the ground all of a sudden.

It was at this time that more than a dozen warriors of the Wild Wolf Regiment took the opportunity to rush forward, and the swords in their hands stabbed Moroye in unison!

“Puchi! Puchi!”

In an instant, Moroye’s blood sprayed, and his body was almost stabbed into a hornet’s nest, and a dozen weapons pierced him.

“Transformation!” At this time, Moroye was covered in blood, but his eyes were still shining, making people dare not look at him. He stared at Duan Yu and said, “You betrayed Buddhism, betrayed the continent of Kyushu, and deceived teachers. Ancestor, in the world, no one can protect you, you will die miserably, and after you die, you will be thrown into Avici Hell...”

Moroye’s words were very calm, but Duan Yu heard it like a thunderbolt. Ear.

Duan Yu was a little panicked. He knew that there was talk of going to hell in Buddhism, and Moraye was an eminent Buddhist monk. When he said these words before his death, he obviously foresaw his fate.

Soon, after inexplicably flustered, Duan Yu's face was cruel, and he roared: "Long-long, hurry to die." The

voice fell, Duan Yu used his inner strength, and slapped Moroye in the heart.

This palm contains all of Duan Yu's inner strength, extremely violent, Moroye was severely injured, his inner strength was exhausted, he couldn't resist at all, his heart shattered instantly, and the whole person was also sent more than 100 meters away, and finally fell. When he fell, he was exhausted.

Chapter 2422

Hahaha...

Seeing this scene, Duan Yu laughed in the sky, and finally, he finally got his revenge.

Moraya has been eliminated, and the next one is Yue Feng.

Thinking about it, Duan Yu was extremely proud and excited, and he tilted his head and clasped his fists at Meng Ao: "Thank you for your help! There will be a period later!"
After the

voice fell, Duan Yu jumped and flew towards the sky in the distance. Soon, he disappeared in the sky. People's sight.

This...

Seeing this scene, the surrounding wild wolf warriors all frowned and looked gloomy.

This person is so rude, the prince helped him a lot, just thanked him and left? !

"Sir, do you want to pursue it?" The leader of the wolf group next to him couldn't help but said to Meng Ao.

Meng Ao looked closely at the direction Duan Yu was leaving, pondered for a moment, shook his head and said, "No need, this person is very powerful and should not be an enemy easily. Maybe it will be useful to us in the future."

Yes!

The leader of the wolf group quickly responded.

Immediately afterwards, looking at Moroye, who had died of anger not far away: "Then this..." Before he could

finish speaking, Meng Ao said coldly: "Cut off his head, and hang it on the ground when he fights with the Kyushu Continent. On the swords of the forward warriors, when the time comes, let the people in the Kyushu continent take a good look and fight against the Rakshasa, and this is the end."

"Yes!" The

voice fell, and several warriors of the wild wolf regiment put Moroye's head was cut off, and then returned to the Rakshasa camp with Meng Ao.

"Second brother!"

As soon as I arrived at the camp, I saw a beautiful figure standing at the gate of the camp, with a very beautiful and heroic face, full of anxiety.

It was Mona.

"Little sister?" Meng Ao was surprised and delighted to see that it was Mona, and walked over quickly: "Are you... all right? How did you get back?" While talking, Meng Ao looked up and down.

Speaking of which, Meng Ao believed that after Mona was captured, she was very ill-fated, and it was impossible to come back alive. You must know that the Rakshasa tribe treated the captives very cruelly, so they thought that the Kyushu Continent treated the captives just like them.

And the joy is that although Mona is a woman, her strength is in the entire Rakshasa clan, but she is a famous Valkyrie. With her help, she has more strength.

Facing Mengao's enthusiasm. Mona is not used to it. You must know that Meng Ao has always been very arrogant and rarely cares about himself so much.

"I..."

Soon, Mona reacted and lowered her head and said, "I was put back."

When she said this, Mona was full of shame. You must know that most of the Rakshasa people have strong personalities and would rather die. He will not become a prisoner, and Mona was not only captured, but also released. If this spreads out, it is almost a shame for the entire Rakshasa clan.

What?

Meng Ao was stunned for a moment, his face that was originally sullen was even more cold.

I thought that the little sister had sneaked back, so it was acceptable, but she was let back, which is simply a humiliation to the entire Rakshasa clan.

Seeing the change in Meng Ao's expression, Mona felt even more ashamed, but thinking of her previous conversation with Yue Feng, she still whispered: "Second brother, where is the eldest brother? I have something important to discuss with him."

Mona just came back, I don't know that Meng Lang is dead.

big brother?

Meng Ao sneered in his heart, with a hypocritical expression of grief: "Little sister, big brother...he is dead! He was hit hard by Yue Feng before and bled a lot..."

Hearing this, Mona's delicate body trembled, He took two steps back, his face full of disbelief.

Big brother is dead? impossible.

This is not true. After the disappearance of his father, the hope of the entire Rakshasa clan is on the elder brother. How could something happen to him?

"Little sister, I know you are sad, but it's the truth." Meng Ao sighed, put his hand on Mona's shoulder, and said seriously: "You can rest assured little sister, even if father and brother are not around, I will protect you. ."

Hmm!

Chapter 2423

Mona nodded, but she finally couldn't hold back, cried out with a wow, and threw herself into Meng Ao's arms.

"Okay, okay!"

Meng Ao coaxed a few words patiently, and then asked: "Little sister, how did you say you were put back? Also, what important things do you have?"

Mona wiped the corners of her eyes. Tears and red eyes, he looked around and said, "Second brother, let's go back to the tent." After saying that, he took the lead to go to the big tent.

The fact that Yue Feng has the help of the dragon should not be heard by too many Rakshasa people, so as not to cause panic.

Meng Ao frowned and followed.

“Second brother!”

In the tent, Mona took a deep breath, her delicate face was full of solemnity: “Did you know that there are dragons on the Kyushu continent.”

What?

Hearing this, Meng Ao was stunned.

Mona explained her conversation with Yue Feng in detail.

At this time, Meng Ao reacted and couldn't help laughing: “Haha, little sister, you are too simple, then Yue Feng is trying to scare you. If there are dragons in the Kyushu continent, it would be as early as when we crossed the Chaos Mountains. , let it out, why wait until now?”

After speaking, Meng Ao's face turned gloomy: “In Kyushu continent, the father of the murder has disappeared, and the elder brother is also dead. Well, I just saw the head of an eminent monk in Linyin Temple, which is just enough to dampen the morale of the Kyushu army.”

This...

Mona's face changed, and hurriedly said: “Second brother, is this too hasty? It's like lying, and brother, he...”

However, before he could finish speaking, Meng Ao had already strode out and began to mobilize the army.

Seeing this scene, Mona stomped her feet anxiously.

...

On the other side, the mainland of Kyushu.

In the military tent, Yue Feng was sitting there, looking at a map, studying the terrain near the Chaos Mountains.

The two sides are in a confrontation, which is very unfavorable to the Kyushu Continent. Yue Feng wants to take the initiative to attack, but he does not understand the terrain of this generation, so he must study it carefully.

After researching for a while, there was no progress. Yue Feng was very irritable. It is said that Moraye and his apprentice went to the rear of the Raksha tribe early in the morning to survey the terrain.

“Sect Master Yue!”

At this moment, a shout came from outside, and then, a figure staggered in, covered in blood, and his face was also weak, it was Duan Yu.

“Little Master Huasheng?”

Seeing Duan Yu’s appearance, Yue Feng was taken aback and quickly asked, “What happened?”

“Sect Master Yue.” Duan Yu fell to the ground, crying, “Master and I , we were surveying the terrain behind the Rakshasa clan, and we were accidentally discovered, and then we were besieged by the Rakshasa clan, and the master was killed... Sect Master Yue, you have to avenge my master.”

When he said this, Duan Yu said His face was full of grief, but his heart kept sneering.

Yes, Duan Yu killed Moroye. He should have run as far as possible, but in order to get the Dragon Ball in Yue Feng’s hand, he took the risk and returned.

On the way, Duan Yu thought about it and made up a lie, saying that Moraye was killed by the Rakshasa clan. Anyway, Moraye was dead, and no one in the Kyushu continent knew the truth.

What?

Hearing this news, Yue Feng was shocked and took a few steps back, feeling angry and sad.

Master Moraya, a generation of Buddhist monks, died?

Whoops!

At this moment, when they heard the movement of the Zhongjun tent, Wen Chouhou, Ren Yingying, Long Qianyu and Sun Dasheng all rushed over.

This...

Seeing the scene in front of them, everyone was stunned.

Chapter 2424

“Fengzi, what’s going on?” Wen Chou Chou couldn’t help asking.

While asking, Wen Chou Chou couldn’t help but look at Duan Yu, who was distraught.
call!

Yue Feng took a deep breath and said bitterly: “Master Moraye, was killed by the Rakshasa.”

Hearing this, the entire central army tent suddenly burst into anger.

“What, Master Moraye...”

“Mad, these damned Rakshasa.”

“Master Moraye, being compassionate, the Rakshasa actually attacked...”

At this time, the middle Everyone in the military tent was filled with righteous indignation. Only Zhang Jiao stood in the corner with an indifferent expression and no mood swings.

In the discussion of the crowd, Yue Feng stood there, his face extremely ugly.

No, I have already released Mona, and before she left, Mona promised herself that she would dissuade her two brothers from talking to Kyushu.

Why would the Rakshasa do this?

Under the doubts, Yue Feng couldn’t help but murmured: “Did Mona not return to the Rakshasa camp and bring the news?”

Shuh!

Yue Feng’s voice was very soft, but everyone around heard it, and all eyes focused on Yue Feng in an instant.

“Yue Feng, what did you say, you let go of that Mona?” Long Qianyu frowned, and was the first to respond and asked.

Yue Feng nodded.

At this moment, the entire Chinese army tent exploded.

“Fengzi, you are crazy, how could you let that woman go, she is the daughter of King Rakshasa.”

“Yeah, the Rakshasa people are cruel and easy to kill. If you let her go, wouldn't you be returning the tiger to the mountain? “

Sect Master Yue, you are confused.”

Everyone who said you and I came to complain about Yue Feng.

Ren Yingying was smart and wise, guessed something vaguely, looked at Yue Feng and said, “Yue Feng, did you make any agreement with that Mona?”

Huh!

Yue Feng let out a sigh of relief, nodded and said, “Yes, she promised to help me persuade her brother to negotiate peace with our Kyushu mainland.” Yue Feng felt very relieved.

Yingying still understands me.

Hearing this, Ren Yingying nodded silently, her eyebrows furrowed: “The Rakshasa family has a strong character, since they agreed, they will definitely not lie to you. In this way, when Master Moroye was killed, Mona may not have gone back. , or...”

Saying that, Ren Yingying glanced at Duan Yu subconsciously, but hesitated.

Ren Yingying wanted to say that it might be Moroye's apprentice who lied, but if he said it, it would definitely cause a lot of contradictions, and because there was no evidence, he held back.

In fact, when Duan Yu came back alone, Ren Yingying began to doubt him, but he couldn't find any clues.

Seeing that Ren Yingying's attention was always on Duan Yu, Yue Feng frowned secretly.

What does Yingying mean? Is he suspicious of Little Master Huasheng?

boom!

At this moment, there was a sudden roar outside, and then, the screams of killing resounded through the heavens and the earth, coming from far and near.

Everyone was stunned!

“It's not good!”

At this time, a soldier rushed in and shouted: "Sect Master Yue, it's not good, the whole army of the Rakshasa clan attacked and came over."

Mad!

Hearing this, everyone was extremely furious. They were thinking about how to avenge Master Moraya, but the Rakshasa clan called.

Chapter 2425

Yue Feng's face was cold, and he shouted: "Quick, the whole army gathers and prepares to respond to the enemy." The

voice fell, and quickly rushed out of the big tent, Wen Chou Chou and everyone, quickly followed behind.

call!

Outside, after the army quickly assembled, they rushed out of the camp with Yue Feng. When they saw the scene in front of them, they were all shocked.

I saw the millions of troops of the Rakshasa clan slaughtering mightily, the one headed, wearing black animal skin soft armor, holding a long white bone sword, and the murderous aura Lingyun, it is Meng Ao.

Behind Meng Ao, it was Mona.

Swish!

At this moment, Yue Feng stared at Mona and shouted: "Princess Mona, since you made an agreement with me, why did you go back on your word and let your clan kill Master Moroye?"

"I. . ." Mona's face flushed, and she immediately distinguished: "I don't know about this matter..."

Before she could finish her words, Meng Ao interrupted her.

"Yue Feng, you despicable and shameless villain." Meng Ao's eyes were blood red, staring at Yue Feng and roaring: "You despicable and shameless villain, first killed my elder brother, and then bullied my younger sister. Ignorance, today, I will step down your Kyushu camp, take your head, and avenge my brother!"

"Avenge the great prince!" The army of millions of Rakshasa behind him responded in unison, and the sound shook the mountains and rivers.

What the hell?

Yue Feng frowned and looked at Meng Ao in surprise: "What did you say? I killed your brother?"

"Made!" Sun Dasheng took a step forward, pointed at Meng Ao and cursed: "You idiot, why do you say Fengzi killed your brother? Made, you always say that our Kyushu continent is insidious and despicable, I Seeing that your Rakshasa clan is not much better, we are ashamed of letting people take the blame." The

voice fell, and the Kyushu soldiers behind him all responded.

"Yes, the Rakshasa people say that we are cunning. In fact, they are the most slanderers of people." " Barbaric

and ignorant..."

"Don't pay attention to what they say."

Ugly.

"Yue Feng!" In the

next second, Meng Ao pointed at Yue Feng and said angrily, "You can't escape my brother's death. If you hadn't inflicted heavy damage on him, he wouldn't have bled to death. , and also, you lied to my little sister, saying that you can summon dragons and want our Rakshasa tribe to talk to you? I tell you, dream!"

Said, Meng Ao's face showed a bit of ferocity: "Deal with you There is nothing to talk about with this kind of person, but before the war, I can give you a greeting." The

voice fell, and Meng Ao waved his hand.

Gululu...

I saw that a Rakshasa warrior behind him picked up a head with a long knife and threw it in the open space between the two sides. It was Moraya's head.

Swish!

At this moment, nearly a million soldiers in the Kyushu mainland were all angry and burned with anger.

They saw that there were no less than a dozen wounds on Moroye's head. It was obvious that he had suffered a tragic siege before he died, and both eyes had been

gouged out. Don't think about it, it was a masterpiece of the Rakshasa clan after his head was cut off. .

A generation of Buddhist monks, adhering to the will of Patriarch Bodhidharma, guarded the Chaos Mountains, and did many things for the Kyushu Continent, but now, it has ended in such a tragic end.

Card wipe!

Yue Feng's eyes flashed with anger, his fists clenched tightly, and his phalanx crackled.

Next to Sun Dasheng, Wen Chou Chou was also angry.

Totally angry.

"Master!"

At this moment, Duan Yu's voice resounded in the crowd, with incomparable resentment and grief: "Rakshasa, I want to kill you, kill all of you." Just howling, Duan Yu did not rush out. .

Seeing the Rakshasa army coming over, Duan Yu was overjoyed, wishing that both sides would suffer, how could they get involved, and howling deliberately was to arouse the anger of Yue Feng and make them lose their minds.

"Soldiers!"

Sun Dasheng pulled out his double axe and howled loudly: "Kill, kill them all for me, for the sake of the homeland, for the sake of Master Moraya, kill!" The voice fell, and Sun Dasheng was like a tiger, and rushed directly into the Rakshasa. in the army.

Chapter 2426

"Avenge Master Moraye, defend the Kyushu homeland, and kill me!" Wen Chouchou clenched his fists tightly, and was also furious when he saw Moraye's head chopped off.

Master Moraye, who has done so much for the Kyushu Continent, yet died so cruelly, who can not be angry.

"Kill!"

In an instant, the Kyushu army let out a thunderous roar, pouring into the enemy camp like a tide, and all of them were red-eyed!

Ren Yingying, Long Qianyu and others next to them also had red eyes and followed closely.

Haha...

Seeing that the continent of Kyushu dared to fight, Meng Ao laughed loudly, and his eyes were full of madness: "But a bunch of rabble, I will annihilate you all today." The voice fell, Meng Ao raised his hand and waved.

Whoops!

The army of one million Rakshasa erupted in a scream of killing and fought fiercely with the Kyushu Continent.

On the battlefield, a howl kept ringing!

"Ah!"

People kept falling down, and this world was completely dyed red with blood!

Seeing this scene, Duan Yu, who was on the edge of the battlefield, was indescribably excited, haha.. Fight, fight, it's better to fight and lose both.

Boom...

This chapter is provided by . Visit [for](#) daily update.

At this time, several giants in the Rakshasa army joined the battlefield with a step that shook the world.

Made!

Yue Feng's eyes were blood red, and he jumped up in anger! He could see that the Rakshasa army was extremely ferocious, especially with the help of several giants, the soldiers of the Kyushu continent were dying and wounding!

"Killing Master Moroye, but also invading my homeland, you all deserve to die!" A cold voice came from Yue Feng's mouth, and in the next instant, Yue Feng rose into the sky, reached above the thousand-meter cloud layer, and suddenly lifted up hands!

"The Promise Fortune Palm!"

Yue Feng almost roared out, and slapped the two giants below with a palm.

Yue Feng was extremely saddened by Moraya's death, and at the same time tried to keep himself calm. He knew that the biggest threat to the Rakshasa army was these giants. The Rakshasa army originally had ten giants, and five were killed. There are now five left.

As long as these five giants are killed, the Kyushu Continent can turn the tide of the battle.

As for the army of beasts that Mona said, they are still gathering in the wild and strange realm, so don't worry for the time being.

"Boom!"

An earth-shattering tiger roar came, and an incomparably huge palm shadow came down and shrouded the two giants.

Ow, ooh...

The terrifying power erupted down, the two giants let out a roar, and then fell to the ground.

hiss!

At this moment, many warriors in the Rakshasa army were speechless when they saw this scene! Shocked!

How could this Yue Feng's strength be so terrifying? !

Two days ago, with his ability, he could only kill one giant, but now, he can kill two in one move?

At this time, the Rakshasa clan did not know that Yue Feng had used all his strength in grief and anger because of Moraya's death.

Mona, not far away, stared at Yue Feng in midair, unable to say a word.

So powerful and brave, let alone the Rakshasa clan, it is the whole world, I am afraid that there is no second one to be found. If he fails to persuade the second brother, will Yue Feng still believe in himself?

Made.

On the other side of the battlefield, Meng Ao's face was extremely ugly when he saw Yue Feng kill two giants with one move.

Chapter 2427

“Wild Wolf Corps, charge immediately.” Meng Ao raised his long white bone sword, and the great sage howled.

Ow!

The voice fell, and a wolf howling was heard from the rear of the Rakshasa army. Then, tens of thousands of teams driving black hungry wolves appeared in front of everyone, all wearing black armor and holding sharp scimitars, imposing manners. amazing.

It is the wolf group.

This...

Seeing this scene, many Kyushu soldiers were extremely shocked, and couldn't help but feel a little panic in their hearts. They saw that the wolves of these wild wolves were two meters tall and their body size was larger than that of the Kyushu mainland. The ordinary wolf is twice as big, with bloody eyes and fangs, shocking people.

The wolf group came and went like the wind, and they arrived in the blink of an eye.

Ah...

before many Kyushu soldiers could react, they were thrown to the ground by the hungry wolf of the Wild Wolf Regiment, biting off their throats. In the blink of an eye, thousands of soldiers fell into a pool of blood. .

Nima!

Seeing this scene, Yue Feng was shocked and angry, and then he didn't have time to think about it, he immediately took out the dragon ball on his body, stimulated his inner strength, and tried to stimulate the power within the dragon ball.

Yue Feng knew that the treasures guarded by the sea sharks had not yet been found, and it was impossible to reverse the situation with the dragon balls alone, but he firmly believed that the power of the dragon balls could also deter the Rakshasa clan.

Roar!

At this moment, many people were stunned to see that the Dragon Ball burst into a dazzling brilliance, followed by the spiritual energy of heaven and earth, which continued to gather towards the Dragon Ball. Then, a loud dragon roar emanated from the Dragon Ball, and a huge dragon appeared in the in the air.

This dragon, hundreds of meters long, is completely formed by the condensed spiritual energy of heaven and earth, but when it takes off, it is like the real thing.

Seeing this giant dragon, everyone present was stunned.

Roar!

The giant dragon opened its bloody mouth, and let out a roar of dragon roar again. In an instant, a powerful coercion of divine beasts filled the world, and I saw the hungry wolves of the wild wolf group, one by one, crawling on the ground, moving. He didn't dare to move. Although this giant dragon was illusory, the coercion of the divine beast displayed was not something that these hungry wolves could contend with.

Haha...

Seeing this scene, Sun Dasheng was extremely excited, and the Kyushu army quickly recovered its morale.

"Kill!" The Kyushu army was like a rainbow, and immediately launched a counterattack. They saw a lot of Rakshasa warriors fall in a pool of blood, and the situation of the wolf group was even worse.

Under the suppression of the divine beast aura of the giant dragon, many warriors of the wild wolf regiment were in chaos, causing countless injuries in the blink of an eye.

"Retreat."

Meng Ao watched the battlefield closely, his face was extremely ugly, and finally he waved his hand and ordered to retreat.

Sun Dasheng's people were all red-eyed, and they chased after each other. This time, Yue Feng did not stop it. The Kyushu army pursued for more than ten miles in a row, and killed tens of thousands of Rakshasa warriors. Only then did they turn back and take Moraya's head to retreat. into the camp.

Half an hour later, inside the military tent.

Yue Feng sat there with a gloomy face, and everyone around was silent.

For a time, the atmosphere in the military tent was very heavy.

Just now, Yue Feng sent someone to find Moroye's body, and it was buried thickly with his head. Although everyone had done what they should have done, everyone still felt uncomfortable.

"Everyone!"

Finally, Yue Feng reacted, looked around, and said indifferently: "I have decided, I will immediately go to the return to the ruins sea area, and retrieve the treasure left by Xuanyuan Huangdi from the coral island."

Today's battle, Yue Feng gradually realized the matter. Seriously, the Rakshasa tribe is unwilling to make peace, and can only fight to the death. Today is the wolf group, and in two days, the Rakshasa tribe is afraid to mobilize the army of beasts.

Therefore, under such circumstances, the treasure left by Xuanyuan Huangdi must be taken out. Whether it is a real dragon or something else, this matter cannot be delayed any longer.

Whoa!

Hearing this, everyone present immediately erupted into a heated discussion.

Yue Feng tilted his head to look at Zhang Jiao: "Zhang Jiao, when I'm not here, you must do your best to command the army and block the Rakshasa, you know?"

Chapter 2428

"Yes, Sect Master Yue!" Zhang Jiao responded, respectfully on the surface, but still a little unconvinced in his heart.

Yue Feng didn't say much, turned his head to look at Duan Yu, and sighed: "Little Master Huasheng, I'm afraid you will accompany me on a trip."

When he said this, Yue Feng's tone was very polite. Roye had just died, and according to Buddhist rules, he had to recite sutras to escape, and Huasheng was Moraya's apprentice, so naturally he couldn't leave at will.

"Okay!"

Duan Yu nodded, making a very sad look, but he was very excited.

Haha...

Yue Feng is finally going to Coral Island with himself, so that he has a chance to snatch the Dragon Balls.

Duan Yu has already made a plan. Once he leaves the Kyushu camp and finds an opportunity, he will raid Yue Feng and snatch the dragon balls, because the treasure is no longer on the coral island, but is hidden by Duan Yu in a cave in a mountain forest not far from the camp. . How could it be possible to really go to Coral Island with Yue Feng?

“Let’s go too.”

At this moment, the four figures stood up, their simple and honest faces were full of determination, it was the four Sikongjia brothers.

Swish!

Everyone’s eyes suddenly converged on the four brothers, and Yue Feng couldn’t help but laugh and said, “Four senior brothers, don’t be ridiculous.” After

hearing this, the four brothers quit and shouted.

“Yue Feng, this is your fault, how can we be fooling around?”

“That is, we grew up on Ice and Fire Island and are familiar with the marine environment, so we can protect you.”

“Yes, in case you and Little Master Huasheng . . . encountered danger, something happened, isn’t our little junior sister widowed?”

Four brothers, you say a word, I say a word, the more you say it, the more you speak. Hearing this, Ren Yingying and several women couldn’t help but laugh

. Situ Yanran, who was sitting there, stood up all of a sudden, her face blushed, and she stomped her feet anxiously: “You four, sit down quickly, what nonsense are you talking about?” These four senior brothers are really a headache, so many As for people, it’s too embarrassing to even say it out as a widow. The four Sikongjia brothers scratched their heads, each of them looking very aggrieved. “Little Junior Sister, we’re right.” “Yeah, we’re doing this for your own good.” “Don’t you worry about Yue Feng’s safety?” Sikong Yanran turned even redder and stomped: “You still said ” Uh... Seeing this scene, Yue Feng also burst into laughter, a little embarrassed, and a little coke, Sikongjia four brothers, it’s still so funny. Made! Duan Yu, who was sitting there, clenched his brows and looked at the four Sikongjia brothers coldly, very angry. He endured the humiliation, waited for so long in the Kyushu camp, and finally was able to go out alone with Yue Feng. What are these four fools making fun of? No, I can’t let the four of them follow. For a while, Duan Yu’s brains turned quickly, and he had to find a way to stop it. After all, he wanted to snatch Yue Feng’s Dragon Ball, and it would be difficult to do with four more people around him.

At this moment, Yue Feng looked at the four brothers Sikongjia and said, “I took the kindness of the four brothers, don’t forget, I am from Donghai City, the continent of the earth, and I grew up by the sea since I was a child. It’s no problem for the little master to go to Coral Island.”

Hearing this, Sikongjia’s four brothers stopped insisting.

Chapter 2429

“Yue Feng!” At this moment, Sikong Yanran stood up slowly and said softly, “How about I go with you?”

As a woman of Yue Feng, Sikong Yanran wanted to help Yue Feng very much, do something for the Kyushu mainland.

Before Yue Feng could answer, Duan Yu quickly stood up and said with a smile, “No need, Miss Sikong, I have been to Coral Island and I know the way. Besides, Sect Master Yue is very powerful, and it will be fine.”

Seeing Duan Yu saying this, Yue Feng nodded in agreement.

The next second, Yue Feng said to Sikong Yanran: “Little Master Huasheng is right, we will be fine, you should stay here and guard against the Rakshasa with everyone.”

“Okay.” Sikong Yanran was a little disappointed and nodded.

Um?

At this moment, everyone around didn't notice the difference, but Ren Yingying, who was sitting there, was looking at Duan Yu closely, her eyebrows furrowed.

Why didn't he let Sikong Yanran go with him? You must know that Sikong Yanran is the eldest young lady of Icefire Island. She is familiar with the situation and the sea. With her around, she can help when encountering unexpected situations.

Moreover, this metamorphosis seems sad, but it seems that he is not so sad about Moroye's death... The

more Ren Yingying thought about it, the more suspicious it became.

Soon, Yue Feng and everyone discussed things and left the central army tent. At the same time, Yue Feng and Duan Yu also began to prepare for their departure.

As soon as he returned to the camp, Yue Feng saw that Ren Yingying followed with a complicated expression.

“What's wrong?” Yue Feng said with a smile: “What's the matter with me suddenly?”

When he said this, Yue Feng's face was not serious, but he felt a little ashamed.

Over the years, I owe Ren Yingying too much, not only her, but also Xiao Yuruo, Er Qing and the others.

"I can't find you if I'm okay?" Ren Yingying gave Yue Feng a white look and said angrily.

"Yes, why not?"

Yue Feng smiled, put down the curtain at the door, and hugged Ren Yingying in his arms: "Is it a bit reluctant for me to leave? Don't worry, I was on Coral Island and got Xuanyuan Huangdi's stay. The treasures you have left will be back soon."

Yue Feng's intimate movements made Ren Yingying very shy, and her beautiful face suddenly turned red, indescribably charming.

At this moment, Ren Yingying wanted to break free, but felt the masculine breath on Yue Feng, and held back.

"I'm a little reluctant to give up." Ren Yingying leaned against Yue Feng's arms and said softly, "You know what? Since Yang Jian conquered various continents, we haven't talked together for a long time. Now we can meet every day, but yet You have to fight against the Rakshasa clan, and now, you are going to the coral island again."

Hearing this, Yue Feng showed a smile and gently comforted: "Don't worry, this will all be over soon, when the time comes, let's find a look Shuixiu lives in seclusion, has a bunch of children, and let each of them manage a place."

"Shameless!"

Seeing Yue Feng talking more and more seriously, Ren Yingying blushed and spat: "Who wants to give birth to you? Child?" Although he said that, his eyes were filled with happiness and hope for the future.

The next second, Ren Yingying thought of something, broke free from Yue Feng's embrace, and said seriously: "By the way, I have something to tell you."

"Speak!" Yue Feng responded with a smile.

Ren Yingying tilted her head and thought for a while, and said, "Do you think that transformation is very wrong!"

Transformation Master?

Yue Feng was stunned for a moment, then smiled and said, "What's wrong with him?"

Ren Yingying let out a sigh of relief, and shared her observations and suspicions.

call!

Hearing this, Yue Feng frowned and thought for a while, then said with a smile, "Have you been thinking too much, Master Huasheng, but Master Moraya's disciple, how could there be a problem?" "Is Sect Master

Yue there?"

Then, I heard a polite voice from outside, it was Duan Yu.

Chapter 2430

Yue Feng and Ren Yingying looked at each other, really saying that Cao Cao and Cao Cao are here.

Thinking to himself, Yue Feng cleared his throat and said with a smile, "Here, Master Huasheng, please come in." The

voice fell, and Duan Yu walked in slowly.

.....

At this moment, outside the Kyushu camp, I saw a group of men and horses rushing in. There were tens of thousands of people. These people, dressed in uniform, were filled with sturdy Breath, they are all pirates.

Headed by three young men and women.

The male is eighteen or nineteen years old, cold and handsome, with extraordinary temperament.

The two women are also extremely sexy and charming, full of youthful and beautiful atmosphere.

It was Yue Wuya, Han Bing, and Hai Linger.

After sailing on the sea and traveling thousands of miles, I finally came to the Chaos Mountains.

"Who?"

A pair of patrolling soldiers couldn't help shouting as they approached the Kyushu camp.

"It's us!" Yue Wuya sank into his dantian and responded loudly.

"Yue Wuya, Han Bing?"

When they reached the front, seeing Yue Wuya and Han Bing, the Kyushu soldiers were both surprised and delighted, and immediately brought them into the camp.

Soon, after hearing the news, Wen Chou Chou, Sun Dasheng and others also came out.

Seeing the three Yue Wuya, they were all surprised.

Although this girl was dressed differently from the Kyushu Continent, the fairy-like temperament on her body was really intoxicating.

"Girl!"

At this moment, Sun Dasheng reacted and smiled at Han Bing: "I am relieved to see that you are all right, haha, if Fengzi knew, he would definitely be happy."

Han Bing is beautiful Kindness, everyone likes it, and Sun Dasheng is no exception.

When he said this, Sun Dasheng ignored Yue Wuya. This kid has always been against Fengzi and is very untidy.

At this time, Sun Dasheng didn't know yet that Yue Wuya had repented and knew that he was wrong before.

"Uncle Dasheng." Han Bing greeted everyone politely, and asked

Sun Dasheng, "Where is my father?" I'm in the camp, and I'm probably packing my things now and preparing to go to the coral island." The

voice fell, and Wen Chou Chou, who was next to him, smiled and explained the situation.

What?

Hearing this, Han Bing and Yue Wuya looked at each other, their expressions changed.

Father wants to go to coral island with that metamorphosis, that metamorphosis is Duan Yu, didn't they find out?

Immediately afterwards, Han Bing pointed at Hai Ling'er and said anxiously, "This is the princess of the sea shark clan, Hai Ling'er, my father doesn't need to go to Coral Island."

Yue Wuya followed him and said, "You have all been deceived. That metamorphosis is not the apprentice of Master Moroye at all, he is Duan Yu."

What?

Hearing this, everyone present changed their expressions.

Master Moroye's apprentice turned out to be Duan Yu, how is this possible, but thinking about it carefully, the villain Duan Yu has indeed not appeared for a long time.

"Where is Duan Yu now?" Han Bing asked anxiously.
