

The ultimate husband in Chinese chapter 2451-2460

Chapter 2451

Duan Yu at this time, after practicing Yang Jian's "Sacred Universe Art", his strength is much stronger than before, and his speed is as fast as lightning, it is really too fast! At this speed, you can't dodge at all!

Although Su Qingyan was also close to the Tribulation Realm, compared to Duan Yu, he was no match at all.

Seeing Duan Yu burst out, Su Qingyan knew that dodging would be boring, so she just bit her lip, motivated her inner strength, and greeted her with a palm.

Bang!

When the two palms touched each other, Su Qingyan let out a coquettish cry, and the whole person was directly shaken back a few steps, her beautiful face was pale, and at the same time, a mouthful of blood flowed out from the corner of her mouth.

"ZuiZhi, Senior Sister, you still want to resist."

Duan Yu stood there, looking at Su Qingyan up and down, his eyes were full of abuse: "Give it up, you are not my opponent, I just used the slap just now. You have achieved four successes, otherwise, you are already dead!"

Yes, Duan Yu was right, he didn't use all his strength in the palm of his hand, otherwise, Su Qingyan would have vanished.

Speaking of which, Duan Yu really wanted to kill Su Qingyan, but thinking that Su Qingyan was Yue Feng's woman, it would be useful to keep it, so he resisted the killing intent.

hum!

Su Qingyan didn't respond, but bit her lip tightly, tapped the ground with her toes, drew out her long sword, and stabbed at Duan Yu fiercely.

Anyway, if he can't go, it is better to die than to be caught and humiliated.

Um?

Seeing that Su Qingyan was rather unyielding, Duan Yu frowned, then sneered, and went up to meet him. In an instant, the two fought fiercely in mid-air.

However, Su Qingyan was not Duan Yu's opponent, and the more she fought, the more anxious she became.

At this moment, the surrounding fog slowly dissipated.

Not far away, there was an abyss. Below the abyss was scorching magma. Su Qingyan's figure turned in mid-air and headed directly towards the abyss. When she reached the edge, Su Qingyan did not hesitate and jumped for the rest of her life.

If you can't fight, you can't fight, and you can't die. Now jump down into the abyss and see what Duan Yu will do.

What?

Seeing this scene, Duan Yu's brows were furrowed, and endless evil spirits flashed in his eyes. Mad, this Su Qingyan has a very stubborn personality.

You want to die, I lied not to let you die.

Thinking of this, Duan Yu took a deep breath and jumped down.

Whoosh!

With the wind whistling in his ears, Su Qingyan's beautiful face was full of determination. As she landed, she sensed the temperature of the magma below, which was getting hotter and hotter.

It was at this moment that Su Qingyan suddenly trembled.

This scene in front of me.

I seem to have experienced it before...

At this moment, Su Qingyan's memories of Fengchen still swarmed out like an iceberg melting!

Ten years ago, for the man I loved, I jumped off the bottom of the volcano. At that time, that place was called the Tianji Mountains, where the Kaitian Axe was born.

And the man he loved was Yue Feng.

He was originally the Sect Master Wenzong of Dongao Continent, and he didn't grow up in Wangyou Valley at all...

Scenes and scenes of the past flashed in Su Qingyan's mind like a slideshow.

I remembered.

She remembered it all.

Yue Feng...I remembered, I am your woman...

At this moment, Su Qingyan's tears kept flowing, looking at the magma that was getting closer and closer, she couldn't tell the complexity and despair in her heart, she remembered everything, but she was going to die.

Chapter 2452

At this moment, a hand suddenly grabbed Su Qingyan's wrist.

call!

Su Qingyan looked back, and saw Meng Ao staring at him with a smirk, his eyes full of madness.

"Want to die? How could it be so easy." Meng Ao sneered, wielding the Heaven-opening Axe, slashing on the stone wall, and the relay soared up.

"Let go of me, let me go." Su Qingyan was shocked and angry, struggling at the same time. She never thought that Meng Ao would jump down after him.

Although Su Qingyan regained her memory and did not want to die, she also knew that in Meng Ao's hands, it would be better to die.

It's just that her wrist is tightly held by Meng Ao, and her meridians are restrained, and she can't break free at all.

In just a few short breaths, Meng Ao grabbed Su Qingyan and rushed to the edge of the abyss. Because he brought a person, Meng Ao consumed a lot, but he always had a smile on his face.

"I said, don't try to escape from my palm." Meng Ao said with a sneer, then clicked on Su Qingyan's acupuncture point, Su Qingyan's tender body trembled, and she couldn't move.

In the next second, Meng Ao picked up Su Qingyan by the waist and walked towards the Rakshasa camp.

Yue Feng...

At this moment, Su Qingyan closed her eyes in despair, tears streaming down her heart, and her heart was ashes.

At this moment, the Rakshasa camp is here.

In the big tent, Meng Ao is gathering soldiers and discussing the battle plan. The beast army will arrive here in two days, and it needs to be deployed in advance.

“Mengao!”

At this moment, there was a coquettish shout, and then Mona rushed in, her delicate face was full of grief and anger.

All the generals present hurriedly saluted and took a step back at the same time.

“Mona, what are you doing here? And you don’t report it, it’s too unruly.” Meng Ao frowned and said displeasably. Although he also loves this little girl, he is now the president and pays great attention to majesty.

Moreover, the little sister didn’t even call the second brother, it was really neither big nor small.

“Meng Ao, let me ask you, how did the eldest brother die?” Get out of here! “Mona clenched her teeth, her eyes were red, and she was about to cry.

Phew!

Seeing this scene, the surrounding generals took a deep breath, and all of them were nervous.

What happened to the princess? He even questioned the president in public?

“What did you say? Meng Ao frowned, and he was really panicked. She knew about the murder of his elder brother?

Seeing that she didn’t admit it, Mona was so angry that she shouted: “You don’t have to pretend, I already know it.” Big brother didn’t bleed to death at all, you killed him, right? “

“Why are you doing this?” He’s a big brother, why are you so cruel? That Su Qingyan has already told me, don’t think about quibbling. “

“What are you talking about? I killed big brother? Don’t spit your blood, just shut up! Meng Ao suddenly became anxious and shouted.

Mona looked stubborn: “I can’t stop talking, tell me quickly, did you kill the big brother?” “

Meng Ao's eyes flashed with cold light, and he finally couldn't help it, and slapped it with his backhand!

"Crack!" With

this slap, Meng Ao tried his best to hear Mona yelling out, and a bright red handprint appeared on her face.

"You...you hit me..." Mona was angry and wronged again. Yelling at Meng Ao.

"Hit you? For today's matter, I can kill you. You said that Su Qingyan told you that she was just a woman from Kyushu. She deceived her eldest brother at first, and now she is here to confuse you." Meng Ao's eyes were blood red, growl.

"You would rather believe the words of a Kyushu woman than me? Let me tell you, if it wasn't for the sake of your being my little sister, I would have killed you today."

Feeling Meng Ao's anger, Mona covered her head. face and stay there.

Such a terrible look.

Is this the second brother you know? Are you going to kill yourself now?

The many generals around were also silent, and they did not dare to let out the air.

Chapter 2453

Wow!

At this moment, the curtain of the big tent was lifted, and Duan Yu strode in.

Seeing the scene in front of him, Duan Yu was stunned, and then smiled at Meng Ao: "Why is the prince so angry? What happened?"

Mad!

Meng Ao cursed secretly, pointed at Mona and said angrily, "My little sister was also bewildered by the Kyushu woman, saying that I killed my elder brother." After speaking

, Meng Ao thought of something and said coldly: "By the way, what about those two women?"

Duan Yu's eyes flickered and he smiled, "One was killed by me, the other..."

Immediately after, Duan Yu glanced at Mona and continued: "The other is called Su. The light smoke was released by Princess Mona, but luckily I found it in time and caught it back."

What?

Hearing this, Mona's body trembled and she was furious.

Miss Su was caught by him again?

"Mad!"

At this moment, Meng Ao scolded and slapped Mona again, and said coldly, "I'm going to kill you today." The words

fell, and the surrounding generals were all startled. Pleading.

"Prince, Nianzai is ignorant, please forgive her."

"Yeah, please think twice."

The pleas from the crowd kept coming, Meng Ao's face was cold, without the slightest fluctuation.

A few seconds later, Meng Ao took a deep breath and waved his hand: "Forget it, you can spare your life, but the guilt is hard to escape."

Said, Meng Ao said to Duan Yu: "Little sister is willful and reckless, how to punish, it will be handed over to the deputy commander." When he said this, Meng Ao didn't even look at Mona.

To be honest, Meng Ao already had the intention to kill when Mona found out the truth, but then again, after all, she is her own sister. If she wants to kill her, she will be brought down.

"Thank you for your trust." Duan Yu nodded, then grabbed Mona: "Princess, I have offended you." After

saying that, she took Mona out of the tent.

"You... let me go, let me go." Mona kept shouting and struggling at the same time, but the acupoint was blocked by Duan Yu, and she was completely helpless.

Duan Yu was too lazy to pay attention to it, and did not think for a while how to punish Mona. After all, Mona made a mistake and is also the princess of the Rakshasa clan.

When he was about to reach the tent, Duan Yu was so annoyed that Mona was still yelling, and he stunned with a slap, and then brought him into the tent.

call!

Seeing this scene, Su Qingyan, who was tied up in the tent, suddenly trembled, and she was angry and desperate.

Princess Mona, why was she also caught?

Seeing Su Qingyan's expression, Duan Yu smiled slightly, and his eyes showed a bit of drama: "Do you really want to know why she fell into my hands?"

"It's all because of you, she let you go in private. When Meng Ao knew about the news, he handed her over to me."

"It can be said that her current situation is all thanks to you." As

he spoke, he looked at Su Qingyan up and down, his face full of expression proud.

"Despicable." Su Qingyan said coldly: "Duan Yu, don't be too complacent, even if you receive the blessing of the Rakshasa clan, it will not end well, Yue Feng will not let you go."

Huh?

Hearing this, Duan Yu was stunned. Seeing the change in Su Qingyan's expression, he suddenly realized something: "You...restored your memory?" You

know, Su Qingyan rarely mentioned Yue actively before. Wind, and now, when talking about Yue Feng, there is tenderness in his eyes.

Obviously, this is to restore memory.

Chapter 2454

Swish!

Hearing this, a trace of complexity flashed across Su Qingyan's delicate face.

In the next second, Su Qingyan said coldly, "Duan Yu, I just hate that I was blind before and I listened to your lies."

Haha...

Duan Yu laughed and said mockingly, "You are still so stubborn when you are caught." , you should worry about yourself."

After speaking, Duan Yu tilted his head and glanced at the unconscious Mona: "But I have to say, Yue Feng's kid is quite good, and he even persuaded this Rakshasa Princess, and she, I actually risked letting you go, and I went to Meng Ao to make trouble just now, I really don't know how to write it."

Hearing this, Su Qingyan was a little flustered and asked subconsciously, "What are you going to do with her?"

"What do you think?" Duan Yu's smile gradually deepened, and he said lightly: "Meng Ao handed her over to me, I can do whatever I want. But this Princess Rakshasa has a bad impression on me, and it will definitely hurt me in the future. Son, it's better to kill her."

"Don't..."

Su Qingyan suddenly became anxious and said, "You don't want to kill her."

Mona ended up in this situation, and she was inseparable from herself, if she really died Now, Su Qingyan will feel guilty for a lifetime.

"Haha, do you think your words as a prisoner will be of any use to me?" Duan Yu sneered and said, rolling his eyes, and said with a wicked smile, "I don't want to kill her, but you have to promise me one condition. "

What conditions?" Su Qingyan asked without hesitation.

When I fell into Duan Yu's hands, I had lost all hope. As long as I could hug Mona, I would be able to help a little bit.

Ha ha...

Duan Yu smiled proudly, then, looking at her delicate cheeks, he said word by word: "My condition is, you marry me, tomorrow we will hold a wedding in the Rakshasa camp, you must be in front of everyone, Admit it to be my woman."

After saying this, Duan Yu's smile was a bit sinister.

She lost her life, and she couldn't do anything if she married Su Qingyan, but in this way, Su Qingyan's reputation was ruined, didn't she regain her memory? She was about to completely destroy all her hopes.

More importantly, if Yue Feng knew about it, he would definitely be furious and be in chaos. When the Rakshasa army attacked, the Kyushu Continent would definitely not be able to stop him.

What?

Hearing this, Su Qingyan's tender body trembled, her whole body was stunned, and she couldn't be more angry.

Tomorrow, are you going to hold a wedding with him at the Rakshasa camp? This Duan Yu is indeed sinister and despicable.

For a time, Su Qingyan was full of resistance, and she managed to recover her memory. She was all about Yue Feng, how could she marry Duan Yu?

Moreover, Duan Yu is notoriously ruthless, and now he has betrayed the Kyushu Continent and colluded with the Rakshasa clan. Such a person will be remembered for thousands of years. How could he be his woman?

No, absolutely not! Not willing to die.

"Tsk tsk, I knew you didn't want to." Duan Yu watched her expression change and sneered: "In this case, what I do with Princess Mona has nothing to do with you."

After saying that, Duan Yu walked over and said with a sneer. To drag Mona out.

"Don't!" Su Qingyan became anxious and couldn't help shouting.

Duan Yu stopped, turned his head to look at her, and teased: "What? You won?"

Su Qingyan didn't answer, bit her lip tightly, her mind was in chaos, and her heart was struggling.

call!

Finally, a few seconds later, Su Qingyan nodded and said, "Okay, I promise you." When she said this, Su Qingyan bit her lip, almost bleeding!

The eyes are also red. She really can't help it. If you watch Mona be executed and you are indifferent, you will be ashamed for the rest of your life.

As for Yue Feng, he can only have no relationship with him.

Haha...

Seeing her promise, Duan Yu showed a smile and nodded: "Okay, then I will spare her life."

Then, Duan Yu walked out of the tent and told Meng Ao about his marriage.

Chapter 2455

Knowing that Duan Yu did this to stimulate Yue Feng and benefit the Rakshasa clan, Meng Ao was very happy and strongly supported it.

Soon, under the arrangement of Meng Ao, in the camp, the lanterns and lanterns began to prepare for Duan Yu's wedding.

.....

In the middle of the night, the Rakshasa camp was silent.

Although it was late at night, the Rakshasa camp was already heavily guarded, and I saw many patrols patrolling everywhere.

Whoosh! Whoosh!

Suddenly, in the darkness of night, two figures came from not far away and quickly arrived at the back door of the camp.

One man and one woman, the man is handsome and stylish, and the woman is sexy and charming.

It was Yue Feng and Long Qianyu.

Under the moonlight, they were both wearing black night clothes, but they still couldn't hide Long Qianyu's graceful curves. Her tight figure was looming, extremely beautiful!

Yes, Yue Feng and Long Qianyu came to visit the Rakshasa camp at night.

In the previous battles, Yue Feng and even, the biggest threat of the Rakshasa clan to the Kyushu Continent were those giants, the ten giants, half of them had been killed in the previous battle, and now there are five remaining.

Speaking of which, with Yue Feng's strength, he is not afraid of these giants at all. With a single blow, he can kill one of them. It's just too much internal energy, but for the Kyushu army, these giants are life harvesters.

Therefore, Yue Feng refined five huge obedient pills, and decided to sneak into the Rakshasa camp quietly at night, and give them to these giants, so that they can be used for himself.

Obedience Pill is a special kind of pill in "Wu Ji Pill". After taking it, it can obey various commands of the manipulator, but Yue Feng has never used it, and in order to control these giants, Yue Feng added it. Improvement, using ten times the material, refining five large obedient pills.

These obedient pills, each the size of a basketball, were collected by Yue Feng in the spirit beast sack.

Long Qianyu was worried that Yue Feng was in danger alone, so he followed.

"Let's go!"

At this time, Yue Feng observed the situation around him, and slipped in. Long Qianyu bit his lip, a little nervous, and followed closely.

Yue Feng had visited the Rakshasa camp the night before, and he was familiar with it. After a while, he approached the area where Ju Kui was.

Snoring, snoring... Before

I got close, I heard the loud snoring of Ju Kui.

Yue Feng was very excited, haha, he found Ju Kui and gave them the Obedience Pill, so he would not be afraid of the next battle and cause harm to the soldiers of Kyushu.

Thinking to himself, Yue Feng was about to take out the Obedient Pill from the spirit beast sack.

Hmm...

But at this moment, I heard the low voice of a Rakshasa woman in the direction not far away.

Yue Feng walked over subconsciously, glanced at it, and was stunned.

I saw a pair of Rakshasa men and women rolling together on a haystack not far away.

What the hell!

Yue Feng scratched his head.

Long Qianyu, who was behind him, followed him and took a curious look, his body trembled, and his beautiful face turned red all of a sudden.

"These Rakshasa people are really savage and ignorant!" Long Qianyu couldn't help but whisper, blushing, indescribably charming.

At the same time, he couldn't help kicking Yue Feng: "You still see..."

Haha...

Seeing her reaction, Yue Feng was immediately amused, and couldn't help joking: "The Rakshasa people don't care. , I'll take a look at what I'm afraid of, and besides, didn't you look at it too?"

"You said..."

Chapter 2456

"Who's there?"

Yue Feng and Long Qianyu were talking when they heard an angry shout, and then they saw a pair of Rakshasa patrolmen walking slowly.

Because of the dim light, these patrolmen could only see the silhouettes of Yue Feng and the two of them, but could not see their faces clearly.

Oops!

Yue Feng's face changed, and he only focused on the exciting things, forgetting that he was in the Rakshasa camp.

Long Qianyu next to him also trembled, and became a little nervous.

To be honest, as the eldest princess of the Southern Cloud Continent, Long Qianyu's status is completely below one person and above ten thousand people. No matter what he faces, he has never been afraid.

But the situation at this time is different. This is the Rakshasa camp. Once the identity is exposed, it may not be able to get out.

Holy crap, I can't handle that much.

Seeing those patrolling soldiers getting closer and closer, Yue Feng's thoughts flashed, he hugged Long Qianyu in his arms, leaned up, and kissed Long Qianyu's red lips directly.

Swish!

At this moment, Long Qianyu's delicate body trembled, and the whole person was stunned.

This bastard, Yue Feng, took the opportunity to take advantage of himself. Although the two had a marriage contract, they couldn't be so casual.

Under the shyness, Long Qianyu wanted to break free, but was hugged tightly by Yue Feng and could not move at all.

hum!

This chapter is provided by . Visit for daily update.

At the same time, feeling the softness, Yue Feng only felt that his brain was blank, and his whole body felt like an electric shock. That feeling was indescribably wonderful.

Feeling Long Qianyu's struggle, Yue Feng reacted and quickly wrote on her back with his fingers: pretend to deceive these patrolmen.

Feeling Yue Feng's meaning, Long Qianyu suddenly became quiet, but Juemei's face turned even redder.

"Haha..."

At this time, the patrolling team finally arrived ten meters in front of them. Seeing the two of them kissing me and me, they thought it was a pair of Rakshasa men and women enjoying love. The captain led by them laughed playfully. , and took people away.

Yes, the Rakshasa people are unrestrained and unrestrained, even in matters of men and women, they are very open, not as hidden and tucked away as in the Kyushu Continent. Therefore, it is no surprise that Rakshasa men and women act in the wild.

call!

Listening to the sound of footsteps leaving, Yue Feng let go of Long Qianyu and at the same time heaved a sigh of relief, Nima, it was really dangerous just now.

Long Qianyu's beautiful face, red and indescribably charming, immediately stretched out his hand and pinched Yue Feng's waist.

hiss!

When the pain came, Yue Feng almost jumped up and couldn't help gasping for air: "What are you... why?"

Long Qianyu's face was full of anger: "Next time, I will stab you with a sword.

"The eldest princess of the Cloud Continent, Bingqing Yujie, even if she has a marriage contract with him, but she has not yet held the wedding, she was actually caught by him, by him..."

Seeing her expression, Yue Feng understood something and said with a smile: "You are murdering Husband, it's nothing to kiss..."

"You..." Long Qian stomped his feet in a tone, and even stretched out his hand to pinch.

Yue Feng smiled and dodged: "Okay, let's stop making trouble, let's hurry up." When the voice fell, he touched Ju Kui not far away.

Long Qianyu glared at him and followed closely.

Soon, in front of the five giant giants, Yue Feng couldn't help taking a deep breath.

This Nima, such a huge beast, does not know how the Rakshasa clan tamed it. Lying here and resting at this time is like a mountain.

Thinking of the soldiers from the Kyushu Continent before, who didn't know how many they had killed, Yue Feng was angry and wanted to take the opportunity to learn about the lives of these giants, but in the end he held back.

Gudong!

In the next second, Yue Feng opened the mouths of these giants and stuffed the huge obedient pills in the spirit beast sack one by one. Long Qianyu was on guard.

Chapter 2457

Soon, after feeding the Obedient Pill, Yue Feng clapped his hands and showed a smile on his face.

haha...get it done.

"Madam, let's go." Yue Feng said to Long Qianyu with a smile.

Seeing that Long Qianyu was so angry and charming just now, Yue Feng suddenly became addicted and deliberately teased.

"Go away!" Long Qianyu said coldly, embarrassed and angry.

This Yue Feng is really getting more and more serious. In this kind of place, I still have the mood to do this.

Yue Feng smiled and led the way, ready to leave.

Um?

It was at this time that a huge bonfire was lit in the center of the camp, and a huge wooden platform was set up next to it. Around the wooden platform, there were lanterns and red ribbons, which was full of joy.

what's the situation?

Yue Feng frowned and looked at it, very puzzled. When he came in before, he was always close to the edge of the camp, and he didn't notice it at all. When he saw this scene, he was a little stunned.

Long Qianyu also frowned slightly, and couldn't help but said softly: "This...isn't this the prince of Rakshasa, who wants to get married?" The

camp was decorated with lanterns and red ribbons. What is marriage?

"If the prince gets married, our opportunity in the Kyushu continent will come." Yue Feng nodded and said.

Afterwards, Yue Feng couldn't help but sighed: "These Rakshasa people are really doing what they want. The two armies are facing each other, but they are still in the mood to get married?"

"You still talk about other people?" Long Qianyu rolled his eyes at Yue Feng, angrily said: "You just weren't..."

Halfway through the words, Long Qianyu stopped, thinking that Yue Feng had kissed him just now, and his delicate face suddenly became hot.

Haha...

Seeing this scene, Yue Feng was instantly happy.

This Long Qianyu is really interesting, and I couldn't help but say it without letting me mention what happened just now.

Thinking to himself, Yue Feng resisted the urge to continue teasing, and then quickly walked outside with Long Qianyu. When he was about to leave the camp, he saw a lonely Rakshasa warrior in front of him. Yue Feng did not hesitate and touched it quietly. past.

Snapped!

When he got to the front, Yue Feng shot like a bolt of lightning, and suddenly clicked on the acupoint of the Rakshasa warrior, and then dragged him into the woods next to the camp.

Long Qianyu was very smart. Knowing that Yue Feng wanted to inquire about the news, he silently followed behind and guarded the surroundings.

“You...you!” The Rakshasa warrior was furious, staring at Yue Feng, his voice trembling.

Shhh!

Yue Feng made a small gesture, and then asked coldly: “I ask you, your Rakshasa camp is decorated with lanterns, who is going to get married? That prince named Meng Ao?”

“Why should I tell you?” Luo The hostility on the warrior’s face.

yo?

Yue Feng couldn’t help laughing, pulled out his dagger, and shook it in front of him: “It’s pretty tough, I heard that you Rakshasa are not afraid of death, but if I dig your eyes, I don’t know if you can carry it Hold on.” The

voice fell, and the dagger slowly approached.

Seeing that the dagger was about to stab him in the eye, the Rakshasa warrior panicked, almost urinating, and waved his hands again and again: “I said, don’t blind me...”

Not afraid, but blind, It was too painful.

Yue Feng sneered and put away the dagger: “Speak.”

“It’s our deputy commander who wants to get married.” The Rakshasa warrior said in a panic, “The woman is from the Kyushu mainland and one of the teachers of the great prince, called ...It’s called Su Qingyan...”

What?

Hearing this, both Yue Feng and Long Qianyu were shocked.

Chapter 2458

Especially Yue Feng, he just felt his brain buzzing, thinking he heard it wrong.

Qingyan is getting married?

Who is their deputy commander?

call!

Finally, a few seconds later, Yue Feng stunned the Rakshasa warrior with a palm, and then said to Long Qianyu: "Princess, you hurry back to the camp and tell Brother Wen and the others about the situation, so that they will immediately gather an army and attack Luo. Stop the camp, hurry up." You

and Su Qingyan have gone through so many ups and downs, how can you let him marry another man.

Never allow.

"Yue Feng, calm down." Long Qianyu became anxious all of a sudden, and couldn't help but comfort him: "If you want to save Su Qingyan, we can go back and discuss slowly, how can you do it alone?"

Long Qianyu is smart Woman, know that Yue Feng wants to make a riot in the Rakshasa camp alone.

She is her future husband, how can she watch him take risks?

"I'm fine!" Yue Feng was sweating profusely, and was so anxious: "You forget, these five-headed giants have already been controlled by me, and the Rakshasa army will not do anything to me."

Said, Yue Feng's eyes flashed with determination: "No matter what, I must find Qingyan and take her out successfully. Don't worry, before the Kyushu army comes, I will not act recklessly."

Alas!

Seeing him say this, Su Qingyan knew that she couldn't be persuaded anymore, sighed, stomped her feet, turned around and walked towards the Kyushu Camp.

Seeing Su Qingyan's back disappear into the night, Yue Feng gritted his teeth and returned to the Rakshasa camp.

Right now!

In a tent in the middle of the Rakshasa camp.

Around the tent, a circle of candles were lit, and inside, several Rakshasa women were dressing Su Qingyan.

Whoa!

While dressing up, several Rakshasa women were envious, and the two Rakshasa soldiers who were guarding the mouth at the same time also looked straight.

beautiful.

So beautiful.

Because it was in the camp, there was not much jewelry to dress up, Su Qingyan only wore a long red dress. The conditions were simple, but she still couldn't hide her sexy figure. She put on a light makeup on her face, which was also beautiful. Nothing can be squared, just like a fairy descending to earth.

Su Qingyan sat there, as if she had lost her soul, her face was indifferent, full of despair, without the slightest expression.

She bit her lip so hard that she almost bleed, tears welling in her eyes.

After tonight, I am Duan Yu's woman!

You and Yue Feng, is this the end? I'm so unhappy!

What if, if only I could restore my memory earlier?

Bang bang...

At this moment, the sound of two falling to the ground sounded, and I saw two Rakshasa guards at the door, fainting without warning.

The next second, a surprised and complicated voice sounded: "Qingyan, I'm here." In an

instant, whether it was Su Qingyan or a few Rakshasa women, they were all startled and looked at the door at the same time!

I saw a stalwart man standing at the door, with complex and eager eyes flashing.

Yue Feng!

why did he come here? !

Seeing him, several Rakshasa women were terrified, with deep fear on their faces, unable to speak. In the previous battle, Yue Feng killed the three headed giants of the Rakshasa clan. His strength was terrifying, and he could Said to be the number one enemy of the Rakshasa.

“Yue Feng...you, you’re here...”

Su Qingyan sitting there, her delicate body seemed to be unable to stand still, she looked at Yue Feng in a daze, her heart trembled!

Seeing Su Qingyan’s reaction, Yue Feng was full of surprises: “You... have you recovered your memory?”

I hadn’t seen this look for a long time, and Qingyan remembered herself, I couldn’t be wrong.

Um!

Su Qingyan showed a smile, but there were tears in her eyes, and she nodded.

Chapter 2459

“Qingyan, I’m here.” Yue Feng responded, walked in quickly, stood firmly in front of Su Qingyan, and looked at her! Full of affection!

Immediately afterwards, Yue Feng hugged Su Qingyan in his arms: “I’ll take you out tonight.”

Su Qingyan pressed her face tightly against Yue Feng’s heart, and her delicate body kept trembling.

He came, as expected of the man he liked. At this last moment, Yue Feng appeared.

Whoa!

As a result, at this moment, a fire suddenly lit up outside!

Made!

Yue Feng immediately turned his head to look, and his heart was shocked, Su Qingyan in his arms trembled even more, and his face was pale.

I saw that there were hundreds of torches lit around the camp, and the people holding the torches were all elites of the Rakshasa army.

Not only that, there are also a large number of Rakshasa soldiers coming here, besieging this place, there are countless!

Duan Yu?

Seeing Duan Yu, Yue Feng only felt that the blood all over his body was about to boil, and his eyes were instantly congested. This scum was actually hiding in the Rakshasa camp?

Immediately after, seeing the big red flower on Duan Yu's chest, Yue Feng's anger rose, and even an idiot could see that this Rakshasa clan's wedding was for Duan Yu and Su Qingyan.

Duan Yu, this bastard, cheated his Dragon Ball, and now he is forcing Su Qingyan to marry him.

For a time, Yue Feng clenched his fists tightly, burning with anger.

"Yue Feng!"

Feeling Daoyuefeng's anger, Duan Yu showed a smile. In the smile, he couldn't hide the cunning and coldness: "Did you not expect? I will be in the Rakshasa army, and I will drink Su Qingyan to get married? Haha..."

Yue Feng did not speak, but looked at him quietly.

Duan Yu was full of pride and continued: "Originally, I planned to send a message to the Kyushu camp to rest at dawn, and then use the wedding to lead you to attack. I didn't expect you to get the news so quickly. Fortunately, I was in advance. An ambush has been set up around this place." As he spoke, Duan Yu

's tone became colder, revealing deep resentment: "Yue Feng, today you can't escape, this is your burial place!"

Really cunning and vicious.

With a curse in his heart, Yue Feng looked at Duan Yu and said coldly: "Duan Yu, you lied to me about the Dragon Ball, and now you have taken refuge with the Rakshasa clan, you are a scum and traitor in the Kyushu continent, and everyone can be punished. Today, who died here? , not necessarily."

When he said this, Yue Feng's face was cold and arrogant, but his heart was a little uneasy.

You must know that this is the Rakshasa camp, and since I have to protect Su Qingyan, I don't know if I can successfully break out.

“Looking for death!”

At this moment, a cold shout came from not far away, and then, Meng Ao, wearing armor and holding a long white bone sword, strode forward, glaring at Yue Feng: “Take him down for me! “

Meng Ao was very excited at this time, I didn't expect Duan Yu's method to be so effective, and Yue Feng was attracted before the wedding started.

As soon as Yue Feng died and took over Kyushu, it was just around the corner.

Swish swish....

The voice fell, and countless Rakshasa warriors screamed and charged directly towards Yue Feng!

“Ha ha..”

Looking at the Rakshasa warriors rushing up, Yue Feng laughed loudly, with endless fighting intent on his face: “Duan Yu, do you think you can kill me with the help of the Rakshasa clan? You underestimate me too much! “

Even if there are many of you! I am not afraid at all!

The voice fell, Yue Feng raised his hand and waved, and with a clear sound, Fang Tianhuaji shook hands tightly.

“Kill!” The

icy howl came from Yue Feng's mouth, and a terrifying aura burst out from the body, and then, a dazzling brilliance swept away towards countless Rakshasa warriors.

Ah...

under the brilliance, I heard a scream, and in the blink of an eye, hundreds of Rakshasa warriors fell into a pool of blood.

However, Yue Feng's bravery did not deter the remaining Rakshasa army, but aroused their bloodliness, and they rushed forward one by one.

“Yue Feng!”

Seeing this scene, Su Qingyan was in a hurry, but the acupoints were tapped, so she couldn't help at all.

The battle is getting more and more intense, and the situation is very unfavorable for Yue Feng.

Chapter 2460

Seeing this scene, Meng Ao was furious.

Mad, this Yue Feng is so powerful that he killed so many warriors in the blink of an eye.

Duan Yu sneered and stood on the side to watch the battle. He didn't join the Rakshasa clan wholeheartedly, but his purpose was to use the Rakshasa clan to consume Yue Feng. At this time, seeing the two sides successfully fight, he was naturally happy to relax.

The more Meng Ao thought about it, the more angry he became, and he waved his bone knife: "Kill him, the corpse will be broken into thousands of pieces!"

In any case, this Yue Feng must be killed today, and he must not be allowed to leave alive!

Whoosh ...

Hearing Meng Ao's roar, twelve burly figures roared out of the crowd and charged directly towards Yue Feng! It is the 'Twelve Magicians' of the Rakshasa clan.

The Twelve Divine Warriors, born with divine power, have a very high talent in cultivation. They were originally the personal guards of the Rakshasa King, protecting the safety of the Rakshasa King, and also Meng Ao's killer left behind.

But today, when Yue Feng visited the camp at night and was surrounded, Meng Ao dispatched the twelve gods without hesitation.

Nima! Feeling the aura of the Twelve Divine Powers, Yue Feng cursed secretly, gritted his teeth, and quickly turned his inner strength!

"Clang!"

Immediately afterwards, the Twelve Divine Warriors and Yue Feng collided fiercely! Hearing a loud bang, a tyrannical internal force fluctuation swept the entire camp!

"Pfft..."

Yue Feng staggered back a few steps, his face turned pale, and he spat out a mouthful of blood.

And the Twelve Divine Powers were also uncomfortable, and they all retreated a dozen steps!

“Yue Feng!” Su Qingyan was so anxious that she couldn’t help exclaiming, and her tears kept flowing. If Yue Feng had three long and two short points today, he would not have to live anymore.

At this time, Yue Feng was taken aback. He thought that the Rakshasa clan had no other trump cards besides the ability to control the beasts and the army of the beasts, but he never thought that there were still twelve divine warriors, and the strength of these twelve people, it’s really terrifying, I’m afraid everyone is close to Transcending Tribulation Realm.

These twelve people can’t handle it on their own, plus the surrounding Rakshasa army, I’m afraid they’re going to die here today!

Yue Feng clenched his fists tightly, endured the churning of qi and blood in his body, and stared at Linghu Wushang and the others, his heart was extremely shocked.

“Yue Feng!”

At this moment, Meng Ao’s face was grim: “You are a famous person in Kyushu. If you surrender to me, you can die around you.”

Surrender?

Hearing this, Yue Feng couldn’t help laughing up to the sky, his eyes instantly blood red: “You savage aliens are also worthy of my Yue Feng surrender? If you want to kill me, just come...” The

voice fell, Yue Feng turned his wrist, a mass of white flames, tossing and jumping in the air, and finally transformed into the shape of a lotus! In an instant, the surrounding temperature rose rapidly. It was a dark night, and the quilt was like day!

It is Bailian Lenghuo!

“No...” Su Qingyan couldn’t help crying, and at this moment she almost burst into tears: “Yue Feng, let’s go, leave me alone, let’s go...”

Although Yue Feng was very strong, But Su Qingyan knew that it was impossible for him to successfully rescue himself by himself. After all, this was the Rakshasa camp.

“Bai Lian cold fire?”

At the same time, feeling the scorching temperature, the faces of the Twelve Divine Powers changed greatly, and they all panicked. At that time, Meng Ao almost died

under the cold fire of Bai Lian, which caused Mona to help, and then was caught by Yue Feng.

“call!”

Yue Feng didn't talk nonsense, he waved his hand, and Bai Lian's cold fire floated directly to the twelve gods!

Done!

The speed of Bai Lian's cold fire is very fast, and it is about to cover the twelve gods.

“Yue Feng, don't be mad here!”

At this moment, Duan Yu, who had been fighting all the time, shouted loudly, waved his axe, and a golden beam erupted, coming straight towards Yue Feng.

Duan Yu's original intention was to sit on the mountain and watch the tiger fight. At this time, seeing that Yue Feng had consumed a lot of internal energy, he knew that the opportunity was coming.

hum!

The golden light formed a huge golden light curtain, like pulling up a golden protective film between heaven and earth, separating Bailian Lenghuo from the twelve divine warriors.
