

The ultimate husband in Chinese chapter 2481-2490

Chapter 2481

Thought, Hua Ling couldn't help but said, "Do you have a way to crack it?" After speaking, Hua Ling couldn't help covering her forehead. As she inhaled more and more mist, she felt a little dizzy at this time. My legs were so weak that I couldn't stand.

"I..." Yue Feng wanted to say that I have it, but as soon as he said a word, he saw Hua Ling's delicate body trembling, and suddenly threw herself into Yue Feng's arms, her eyes were hazy, and she was very excited at the same time. : "Father, I miss you so much, I miss you so much."

Huh?

Still hallucinations.

With the warmth in his arms, Yue Feng was stunned for a moment, and at the same time secretly sighed in his heart. This Hua Ling, if she didn't contradict herself just now, wouldn't have inhaled the poisonous mist and lost her mind.

However, looking at her state, it seems that her father has died.

Yue Feng guessed right, Hua Ling's life experience is very pitiful. For thousands of years, because of the war, Hua Ling was forced to leave her hometown and wandered around with her father. One year ago, her father died of a terminal illness. Hua Ling was very sad. Although she later founded the Bloodthorn Mercenary Team, she looked like a strong woman, but when the night was quiet, she still missed her father.

At this time, Hua Ling was affected by the fog and had hallucinations, and directly regarded Yue Feng as her dead father.

Guessing this, Yue Feng was very emotional, and reached out and patted Hua Ling's shoulder.

"Okay, good daughter, don't cry, your father is by your side."

Hiss!

At the same time as comforting, he felt the aromas coming, and Yue Feng was also a little confused. I have to say that Hua Ling's figure is really good. Especially the pitiful appearance of this Chu Chu is really charming.

After hugging for a while, watching Hua Ling's mood gradually stabilize, Yue Feng picked up a flower and leaf from under his feet and placed it in front of Hua Ling's nose.

Yes, this kind of flower and leaf is the nemesis of fog.

This chapter is provided by . Visit for daily update.

In an instant, Hua Ling's whole body trembled, and her mind was instantly awake!

The first time I woke up, I found that Yue Feng was hugging him, and his body trembled suddenly!

Swish!

Hua Ling's face was flushed, and she hurriedly broke free from Yue Feng's embrace. He stared at Yue Feng with shame and anger: "You...you despicable bastard, you...you want to sully me...I want to kill you."

This lecher took advantage of himself to enter hallucinations When you take advantage of yourself, it's not a pity to die.

Thinking to herself, Hua Ling was going to kill Yue Feng, but she had absorbed the mist just now, which made her body very weak and could not exert any strength.

What the hell!

Yue Feng was very depressed. This girl, who is not very talented and has a good temper, saved her life by herself. If she is not grateful, she will kill herself.

Muttering in his heart, Yue Feng looked at Hua Ling with a smile: "Miss Hua, this is your fault, I just saved you, how can you avenge your revenge?"

"Bah!" Hua Ling's pretty face blushed, She couldn't help but spit: "You despicable villain, don't be hypocritical." With

that, Hua Ling pointed at Wang Qiang and the others who were lying in a pool of blood not far away, and was furious: "Though these people are hateful, they are also indignant. You can't die, you are so insidious, you led them here to kill them all, you...you are a devil, an out-and-out bastard."

"I..." Feeling Hua Ling's disgust and anger, Yue Feng wanted to cry without tears.

This Nima, who did a good deed by herself, even ended up scolding, provoke whoever provokes whoever.

Thinking to himself, Yue Feng endured his anger and patiently said: "Okay, you can say whatever you want, but in this place, without me leading the way, you can't get out alive."

Immediately, Yue Feng was the first to lead the way: "Let's go!"

However, Hua Ling stood there still, with disgust and anger in her eyes: "I won't go with you, let alone let you save, you Get out, get out of the way, don't bother me anymore."

Yue Fengqi smirked: "You really don't want me to lead the way?"

Hua Ling snorted coldly, too lazy to respond.

good!

Yue Feng nodded, turned and walked slowly into the distance: "Don't regret it later."

Chapter 2482

Hearing this, Hua Ling was angry and ridiculous.

I'll regret leaving you bastard?

hiss!

While thinking about it, she suddenly heard a humming sound behind her. Hua Ling looked back subconsciously, her face turned pale, and she couldn't help exclaiming.

I just saw the endless sea of flowers behind me. I don't know when a group of poisonous bees flew out. These poisonous bees, each of which was the size of a fist, glowed with a cold light, which made people's pores horrified. It is hard to imagine what it would feel like to be stung by such a poisonous bee.

Hearing the shouting, Yue Feng stopped and looked at Hua Ling with a smile and didn't speak.

Hua Ling was terrified. Seeing that the poisonous bees were not approaching, but kept flying around, she quickly shouted, "Hey, Fengtao, come and save me."

Haha...

Yue Feng was instantly happy. He smiled and said, "Ms. Hua, you said just now that you didn't let me save you, but let me go far away, and now you're begging me to save you, which makes me very embarrassed."

When he said this, Yue The wind looked relaxed and did not worry about it.

Yes, these poisonous bees are ferocious, but Yue Feng has taken the inner pill of the Sky-eye Scorpion King, which is invulnerable to all poisons, so it has a strong deterrent effect on these poisonous insects. It can also be said that Yue Feng is here, these

poisonous bees are not Dare to act rashly, but as soon as Yue Feng left, Hua Ling was finished.

“I...”

Hua Ling bit her lip tightly and said softly, “I was wrong, please help me.”

Every woman has a timid side, Hua Ling is the same, as a blood thorn Captain, Hua Ling is not afraid of those large beasts, but she is naturally afraid of these poisonous insects. At this time, seeing so many poisonous bees flying around, her legs are weak.

Yue Feng showed a smile and shook his head: “No, it’s not sincere.”

Hua Ling stomped her feet, her face flushed with anger: “You...what do you want?”

Yue Feng couldn’t help laughing, Seriously: “It’s not about me, but what do you want? Just now you kept telling me to get out, and now you ask me to save you, what do you think I am?”

Hua Ling almost cried when she heard this. , bit her lip so hard that she was about to bleed.

Yue Feng originally wanted to teach him a lesson, so that she would stop being so willful in the future.

At this moment, seeing that she was about to cry, Yue Feng smiled and said, “Well, let me save you, but you have to call me a good brother first .

“

It was hot, like a burning cloud, ashamed and angry.

This bastard is getting better and better. He took advantage of himself before, and now he makes himself call him good brother. Such a shameless person is really hateful.

However, if you don’t call, what will these poisonous bees do?

You know, this is the depths of Death Valley. If he leaves, I am afraid that there will be no second help.

However, those two words are really indescribable.

Yue Feng hugged his arms and sat in the middle of the flowers, looking very leisurely, looked at her with a smile, and said, “Miss Hua, are you calling me? If you don’t scream, I can leave.”

“You... bastard!”

Hua Ling was furious, this Feng Tao, he is a scoundrel! Now she only hates that she is not strong and inexperienced, that she would fall into such a situation, and even more irritating, she also encountered such a bastard and was so humiliated by him.

Hua Ling was furious and stared at Yue Feng. If eyes can kill, it is estimated that Yue Feng is riddled with holes.

“The personality is really strong.” Yue Feng shook his head regretfully: “Okay, in this case, we will have a future.” The

voice fell, and Yue Feng was about to turn around and leave.

“etc!”

Chapter 2483

Hua Ling was in a hurry, bit her lip tightly, and almost blurted out: “Is my name not enough? Brother, good brother, good brother...” When the

voice fell, her face was flushed red, as if she was familiar like apples.

“Haha, good sister is really good.”

Yue Feng couldn't help laughing, then folded a flower and chased away the poisonous bees a few times.

Buzz...

In an instant, the group of poisonous bees dispersed and flew into the distance.

Yes, Yue Feng is pretending, that flower can't drive away the poisonous bees at all. What the poisonous bees are really afraid of is Yue Feng, but Yue Feng doesn't want to reveal his identity, so he can only try to hide it.

Seeing this scene, Hua Ling was very shocked.

This man is so familiar with this place, how many secrets does he have?

The next second, thinking of the scene just now, Hua Ling's delicate face suddenly flushed, embarrassed and angry. She never dreamed that, as Captain of Bloodthorn, a strong woman who was fearless in the eyes of others, would be soft on a man.

Chi Chi...

Just when Hua Ling was thinking about this, she saw that her helmet and clothes on her body were rapidly corroding, especially her clothes, which corroded most of them in the blink of an eye, revealing her smooth skin.

Yue Feng had said before that the further you went into the depths of Death Valley, the more powerful the poisonous fog became. Hua Ling had been here for too long, and her clothes could no longer hold up.

“You...don’t look at it!” At this moment, seeing Yue Feng staring at her without blinking, Hua Ling bit her lip and shouted tenderly, “Look at you again and gouge out your eyes.”

Yo? Still so fierce?

Yue Feng was stunned and looked more carefully.

I have to say that Hua Ling’s figure is really tight.

“You!” Hua Ling’s face was extremely blushing. She regretted it. She knew this and asked him to be her guide.

Yue Feng looked at her with a smile, and after watching it for dozens of seconds, he smiled slightly and said, “It’s just the two of us here, what are you afraid of? Besides, I just glanced at it, and I won’t do anything to you?”

You!” Hua Ling stomped her feet in a hurry: “If you hadn’t brought us here, I would have become what I am now?!”

This person is so hateful.

Thinking to herself, Hua Ling realized something and stared at Yue Feng: “Why are you all right?!” Hua Ling

clearly saw that Yue Feng was covered in animal skins, but it was not affected by the poisonous mist at all, and it was a little corrosive. There are no signs.

At this time, Hua Ling didn’t know that Yue Feng had a physique that was invulnerable to all poisons, and his internal strength was strong.

“Oh!” Yue Feng said with a smile: “The animal skin on my body can withstand the poisonous mist. Don’t forget that the beasts that can live here are not afraid of the poisonous gas. This is basic common sense.”

Hearing this, Hua Ling was in a hurry: “You have animal skins to wear, what should I do? You...”

When she said this, Hua Ling bit her lip, and the poisonous mist around her continued to corrode. He couldn't hold it any longer, and there was a hint of pain on his delicate face.

Seeing this scene, Yue Feng said with a smile: "Well, come to my arms, let's wear animal skins together, so you don't have to worry, wait for the poisonous fog area, and I will help you make a set of animal skins. Clothes. Now you come to my arms first, come quickly."

Said, Yue Feng said helplessly: "Actually, I asked you to come into my arms just now, just to protect you like this, who knows you don't know well Hearts, alas."

What?

Hua Ling's face was extremely red.

Wearing animal skins with him? In this case, wouldn't there be skin-to-skin contact?

This Feng Tao seems to be sincere, but he didn't expect it to be so hateful.

Chapter 2484

But in order to resist the poisonous fog around her, her internal strength is almost exhausted. If you don't do what Yue Feng said, you will die here. The thought of being corroded and killed by the poisonous fog makes Hua Ling's tender body tremble and shudder.

Finally, after a struggle in her heart, Hua Ling had to accept the reality, bit her lip, and walked over to Yue Feng's arms, sharing the animal skin coat.

smell good.

At this moment, Yue Feng smelled a fragrance blowing towards his face, and the whole person was fascinated, and a pair of eyes couldn't help but look at Hua Ling from a close distance.

I have to say that Hua Ling's figure is simply too perfect.

At this time, the two people's bodies were close to each other, which was very ambiguous. At this time, if other team members were present, they would definitely be stunned.

The captain, who is always aloof, is not afraid of the sky and the earth, but he even compromised with Yue Feng.

Feeling Yue Feng's smiling eyes, Hua Ling bit her lip and was about to bleed. She felt uncomfortable, but didn't dare to move.

Because of any movement, the skin will be exposed to the air and corroded by the poisonous mist.

"Fengtao, when you get to a safe place, don't have bad thoughts on me, otherwise, I'd rather die than let you go."

"You think too much, I'm not interested in you."

"You..."

I don't know how long it took, Yue Feng and Hua Ling finally walked out of the area shrouded in poisonous fog.

Yue Feng took out an animal skin from the spirit beast bag and made a simple coat for Hua Ling.

"You..." Hua Ling was so angry that she glared at Yue Feng: "You have animal skins on your body, why did you just take it out now." This Feng Tao is really abominable, and she was tricked by him again.

Yue Feng didn't know whether to laugh or cry: "If I used animal skins to make clothes in the place just now, would you be able to withstand the poisonous fog?"

Hearing this, Hua Ling's pretty face flushed and she was speechless for a while.

"Fengtao, I warn you, if you dare to speak out about what happened just now, I won't forgive you." Hua Ling looked at Yue Feng and said incomparably shameful and angry.

When she said this, Hua Ling felt an indescribable anger and depression in her heart.

After all, he is also the captain of the Bloodthorn mercenary team, Bing Qing Yujie, but just now, he actually stayed close to Yue Feng for so long.

If this thing spreads out, how would those members of your team think of you?

Yue Feng pretended not to hear clearly, plucked out his ears, and said with a smile: "Miss Hua, I don't understand what you said, what happened to the two of us just now?"

Hahaha... This Hua Ling is so interesting. This coquettish look is simply too charming.

"You..."

Hua Ling bit her lip, angrily, but she was speechless.

Yes, although the action was a little more intimate just now, but then again, Feng Tao really didn't do anything to him.

"Captain!"

Just as he was talking, he heard a loud cry not far away, his tone was full of excitement and joy, and then a few people hurried up to greet him, it was Liu Hua and the others. Before being threatened by Wang Qiang, Liu Hua did not dare to keep up, but they did not want to abandon Hua Ling, so they had to wait here.

When they got to the front, when they saw Hua Ling's condition, several people were stunned.

This... what's the situation?

I saw that Hua Ling was wearing the same animal skin as Yue Feng, and looked very weak, but her face was blushing.

Hua Ling's face was hot and embarrassed.

Yue Feng had a calm expression on his face.

mad.

Finally, Liu Hua reacted and howled at Yue Feng: "Fuck you, you bastard, what have you done to our captain?" After the

voice fell, Liu Hua clenched the long knife and pointed directly at Yue. The wind rushed over.

Liu Hua has always liked Hua Ling. Seeing her so embarrassed at this time, he believes that it is Yue Feng's harm. Moreover, Liu Hua has always been displeased with Yue Feng, and all of a sudden, his anger erupted.

Chapter 2485

At the same time, other team members rushed up.

Yue Feng didn't panic at all, but turned his head towards Hua Ling and smiled: "Good sister, your team members have a lot of prejudice against me, you won't help explain it?"

What?

Hearing this, Liu Hua was outraged. This trash actually called the captain a good sister? In anger, he accelerated.

“Stop it!”

Seeing that the long knife was about to slash Yue Feng, Hua Ling couldn't help but shouted: “You all stop making trouble, can you?”

Seeing Hua Ling's anger, Liu Hua and the others didn't dare to act rashly.

But Liu Hua didn't give up and asked Hua Ling, “Captain, what's the situation?” The two of them were not taken away by Wang Qiang's gang before, so how come they were the only ones who came back, and they were still wearing the same beasts Leather clothes?

Hua Ling was so annoyed that she said angrily, “What's the matter with you?”

Liu Hua's expression stiffened and he didn't dare to refute. He tilted his head to look at Yue Feng, his eyes almost bursting with fire, Ma De, it must be this piece of shit. ghost.

After the previous experience, Hua Ling was a little tired and frustrated at the same time, so she found a safe place and temporarily set up a camp to rest.

night.

Yue Feng was lying on the grass, thinking secretly in his heart that he would persuade Hua Ling and the others tomorrow morning.

While thinking about it, he heard Liu Hua and his teammates whispering not far away, Yue Feng quickly sat up, and listened to what they were talking about.

“Ma De... That trash Fengtao must have done something to make the captain so angry.”

“I'm so angry when I see him, deputy team, what do you say?”

“Hey, tomorrow morning, poison this kid's food and kill him directly.

” Keep the sound very low.

But Yue Feng's realm at this time is almost listening to all directions, so he can hear it clearly.

Nima!

This kid Liu Hua is so sinister, he wants to poison himself. If you want to play, okay, let's have a good time with you.

Thinking of this, the corner of Yue Feng's mouth evoked a sneer. Immediately lay down and rested, until the early morning, when Liu Hua and others fell asleep, then stood up and carefully searched the baggage of several people.

Finally, on Liu Hua's body, he took out a small medicine bottle.

Seeing the medicine bottle, Yue Feng showed a smile.

Early the next morning, several Liu Hua got up one after another. Seeing that Yue Feng was sleeping soundly, they all sneered. Then, under Liu Hua's instruction, the two team members lost one in Yue Feng's kettle. Black elixir.

After doing this, a few people pretended that nothing happened, then set up a bonfire and started to cook game.

Soon, the aroma of meat was overflowing, and Liu Hua and the others were very excited, and they took out wine one after another.

After three rounds of drinking, Liu Hua suddenly frowned and his face became a little dignified!

Strange, I was fine just now, why do I suddenly feel sore all over? Moreover, why does this symptom look like the cartilage that I brought with me?

At the same time, several team members were also pale and sweating.

Hua Ling was in a bad mood, rested not far away, and didn't notice the abnormality here.

At this moment, Yue Feng sat up slowly and looked at Liu Hua with a half-smiling smile: "How do you feel after taking your own medicine? Are you feeling sore all over and sweating down? The purity of the medicine. It's alright."

Speaking of which, Yue Feng walked to the campfire, tore off a piece of meat and stuffed it here, pouting, "The meat doesn't taste good." Huh

.

Seeing this scene, Liu Hua and the others were dumbfounded, staring at Yue Feng, shocked and angry.

Nima, how did this kid know what he planned? Also, when did he drop the medicine and he didn't know?

The ultimate husband in Chinese chapter 2486-2490

Chapter 2486

Looking at the expressions of Liu Hua and others, Yue Feng said with a smile: "The heart of harming others must not have the heart of preventing others."

Mad!

Hearing this, Liu Hua's eyes spit fire, is this trash still pretending to be in front of him?

Thinking to himself, Liu Hua quickly touched his pocket and quickly took out the antidote.

Liu Hua thought about it, no matter how this kid saw through it, he quickly took the antidote and taught him a lesson. Anyway, his face was torn, and there was no need to continue acting.

Soon, Liu Hua took out the antidote, and after dividing it with several team members, he quickly took it one by one.

However, to Liu Hua's astonishment, after taking the antidote, not only did his physical condition not improve, but it became more serious.

"You... what did you give us?" Liu Hua said in shock.

Yue Feng smiled slightly: "You can't solve your own drug addiction, it's really sad."

Yes, when Yue Feng drugged Liu Hua and everyone, he put some things on the basis of the drug, Yue Feng was originally The master of alchemy has superb medical skills, and it is easy to improve a magical medicine.

Liu Hua was shocked and angry. The trash in front of him seemed useless, but he didn't expect it to be so cunning.

At this moment, seeing the situation here, Hua Ling came over.

When she got to the front, Hua Ling was startled when she saw the situation of Liu Hua and others. Then, she frowned and said to Yue Feng, "What's the matter? What did you do to them?"

" Tao, getting more and more eccentric, not only knew the environment of Death Valley, but also acted unpredictably.

Ha ha...

This chapter is provided by . Visit for daily update.

Yue Feng sat there leisurely, and said lightly, "It's not what I did to them. If you want to know, just ask them."

Hearing this, Hua Ling frowned and turned to look at Liu Hua.

Liu Hua was depressed and frightened again, so he told the situation.

What?

Knowing the situation, Hua Ling stomped her feet angrily: "Liu Hua, you guys are too rambunctious." Although this wind wave is hateful, it is not to be poisoned to death.

"Brother Fengtao, I was wrong, I was wrong..." Liu Hua was about to cry, and kept bowing to Yue Feng to apologize.

At this time, Liu Hua only felt that his body was getting weaker and weaker, and if it dragged on for a long time, he would die.

However, Yue Feng pretended not to hear it.

Liu Hua was so anxious that he said to Hua Ling, "Captain, please help us to beg for mercy, I don't want to die." To

be honest, Liu Hua was reluctant to ask the captain to intercede, but he had no choice. Who doesn't want to live.

call!

Hua Ling gave him a stern look, then came over, stood in front of Yue Feng, and said softly: "Fengtao, save them, they are also making a fool of yourself, don't they really want you to die."

"Really?" Yue Feng With no expression on his face, he said lightly: "Fortunately, I found out in time, otherwise, the person who fell on the ground now is me. Since they want me to die, why should I help them?"

"You..." Hua Ling's face Rising red, speechless for a while.

Seeing the change in her expression, Yue Feng breathed a sigh of relief, and said leisurely: "But I can save them, you can show your sincerity."

Hua Ling's delicate body trembled, why didn't she know what Yue Feng meant? Annoyed: "Fengtao, don't go too far."

Excessive?

Yue Feng couldn't help laughing, and looked at Hua Ling with a smile: "Who is going too far? They want my life, and I didn't ask you to do anything."

Phew!

Hua Ling took a deep breath, hesitated, and said softly, "Good brother, please, save them."

What?

Chapter 2487 When the

voice fell, Liu Hua was stunned, thinking he heard it wrong.

This... the captain called this kid a good brother? You must know that in the Bloodthorn mercenary team, Hua Ling has always been the captain of the high-ranking team. Although she is a woman, she has never compromised in the face of anything. At this time, she is so gentle to a waste?

Especially Liu Hua, almost going crazy.

Hua Ling is his goddess and the woman he wants to get all his life. Who can stand being coquettish to other men at this time?

However, in order to survive, Liu Hua held back.

Um!

Seeing Hua Ling put down her posture, Yue Feng showed a smile and nodded with satisfaction: "Okay, you can be considered sincere. I'll save them."

With that, Yue Feng walked up to Liu Hua and the others, and said lightly: "Today, because of your captain's face, I don't care about you. If there is another time, the consequences will be at your own risk, but if you want an antidote, you all have to show your attitude, understand?" To

deal with this kind of villain, Yue Feng Never pretend.

"I was wrong, I really know I was wrong." Liu Hua lay there, begging for mercy. Several teammates behind him were also crying.

Yue Feng chuckled: "This is your attitude? Kneel down and call Dad, and I'll give you the antidote."

Hearing this, Liu Hua's face changed suddenly, and he was extremely angry.

This kid is getting more and more excessive. The captain is begging for mercy, and he dares to make things difficult for himself.

“It’s not expensive!” Yue Feng was too lazy to talk nonsense, he said coldly, and was about to turn around and leave.

“I kneel.” Liu Hua panicked. At this moment, he put down his dignity, bent his knees, and knelt in front of Yue Feng.

Putong putong...

At the same time, several team members also knelt down.

“Brother Fengtao, I don’t dare anymore, give me the antidote, I beg you.” Liu Hua knelt there, almost crying.

“It’s okay to give the antidote.” Yue Feng looked at him with a half-smile. Indifferently said: “However, what do you call me?”

Speaking of which, Yue Feng leaned forward. He looked down at Liu Hua.

Liu Hua knelt there, and his heart suddenly trembled. How could he not know what Yue Feng meant.

“Dad...Dad.” Liu Hua whispered, not daring to look at Yue Feng.

“Dad...” The team members behind him also hurriedly shouted.

At this time, these people couldn’t tell the fire in their hearts. They thought they could easily get rid of this waste, but they didn’t expect that it would end up in his hands, and at this time, they even called his father humiliatingly.

Um!

Yue Feng nodded with satisfaction, and said with a chuckle, “You have to be so respectful when you see me in the future, understand?”

Liu Hua nodded quickly.

Yue Feng stopped talking nonsense, took out the antidote, and threw it to them.

Liu Hua and the others quickly picked it up and took it without hesitation. After a while, one by one regained their strength and their complexion returned to normal.

Seeing this scene, Hua Ling looked at Yue Feng complicatedly, and was secretly surprised.

Unexpectedly, this Feng Tao has a very good way of dealing with people. You must know that Liu Hua, a group of arrogant people, never convinces people easily.

Aware of Hua Ling's gaze, Yue Feng came over and said with a smile: "What do you see me doing? You don't like me, do you?"

Hua Ling's face turned red all of a sudden, and she said angrily: "Small stinky."

Yue Feng smiled and said seriously: "By the way, do you still want to continue exploring Death Valley? I advise you to use your strengths. , I'm lucky to be able to kill a few black sand pythons, continue to investigate, I'm afraid I will lose my life here."

Yue Feng is not alarmist, Death Valley is the most dangerous area in the wild and strange realm, although Hua Ling has reached the The second stage of the Martial Emperor, but with such strength, it is far from enough to explore the wild and strange realm.

Hua Ling was stunned for a moment, then bit her lip and said, "You don't need to remind me, I was going to go back."

When Chapter 2488

said this, Hua Ling was a little unwilling. You know, I prepared for more than a month before I came, and it was a pity to leave like this.

But there is no way, the technical equipment in the team is almost destroyed, and everyone is exhausted, continuing to investigate, no doubt seeking death.

Haha...

Hearing this, Yue Feng showed a smile: "That's right, I'm leaving too, let's go together and take care of each other."

This Hua Ling is still a bit self-aware, Yue Feng thought about it, if She insisted on continuing to explore, and she left with her only son, and she would no longer care.

Hua Ling said angrily: "Whatever you want."

Seriously, at this moment, Hua Ling wanted to refuse. In her opinion, this Feng Tao is cunning and cunning, especially her previous experience, she is even more embarrassed and angry. I don't want to see him again, but thinking of the harsh environment here, Feng Tao is familiar with this area, and he can follow him just in case.

A few minutes later, Hua Ling packed up and left Death Valley with Yue Feng.

call!

The moment he walked out of the valley of death, Yue Feng looked back at the sinister valley, filled with emotion.

Two hours later, Yue Feng followed Hua Ling and the others to a border town on the border between the Wild and Strange Domain and Kyushu.

When he entered the town, Yue Feng was stunned. It was not far from the original battlefield. Yue Feng clearly remembered that three years ago, this place was still a barren land, but he did not expect that in just three years, it was built. out of a town.

The town is called Heishui Town. In recent years, due to many forces in the Kyushu mainland, people have been sent to explore the wild and strange realm. There are many people, and a town has been formed here. Of course, most of the people who come and go here are cultivators. , very rare for ordinary people.

Yue Feng followed Hua Ling and others on the streets of Heishui Town, attracting the attention of many people.

Yue Feng was dressed in animal skin, with long hair and a shawl. There were three scars on his face. No matter how he looked, he looked like a savage from the mountains.

Yue Feng didn't care about the gazes of passers-by, and kept looking around, looking at the town in front of him.

Yue Feng saw that this Heishui Town was not big, but there were many shops and people came and went very lively.

When they reached the busiest street, Hua Ling asked Liu Hua and others to go back to the inn to rest, and then went to the black market to sell the inner alchemy and the skin of the black sand python. The black sand python that had been killed before, not only took out the inner alchemy, but also the snake skin. Leave. You must know that the snake skin of the black sand python is very special. In ordinary society, it can make luxurious leather goods, which is very valuable.

Knowing that there is a black market here, Yue Feng became interested and said with a smile, "I'll go take a look too."

Hua Ling tilted her head to look at him and contradicted: "What are you going to do?"

Yue Feng smiled slightly: "I also sell inside. Dan, as long as you make money, no one else is allowed to take advantage."

Hearing this, Hua Ling was helpless and had to let him follow.

A few minutes later, he arrived at a private trading house, the so-called black market, that is, a private trading house. Yue Feng saw that the trading house was very large, a whole six-storey building, with several large characters written on the plaque at the entrance: Yellow day deals.

“Huangtian Trading? This name is quite special.” Yue Feng couldn’t help muttering.

Hua Ling couldn’t help mocking: “You don’t even know about Huangtian Trading, do you? I really doubt that you are really from the mainland of Kyushu.”

Yue Feng’s heart moved: “What? You have a big background? “

Hua Ling laughed and explained. It turned out that, as more and more practitioners went to the wild and strange realm to investigate, the black market, that is, private trading houses, flourished rapidly. Among them, Huang Tian Trading Bank The largest scale, with branches all over Kyushu, the absolute strength.

What’s more worth mentioning is that the boss behind Huang Tian’s transaction is very mysterious. No one knows his surname, and no one has ever seen it.

What the hell!

After listening to this, Yue Feng frowned secretly and couldn’t help saying: “I didn’t expect a trading house to have such a scale. By the way, do you know Tianmen?” I

haven’t come back for three years, and I don’t know how Tianmen is developing.

“Tianmen.” Hua Ling’s eyes flashed with a kind of reverence: “That is the most powerful sect in the Kyushu continent, with countless disciples, I tell you, my idol is the Tianmen sect master Yue Feng, but unfortunately, I heard that He’s missing.”

Hearing this, Yue Feng was instantly happy.

Chapter 2489

Haha... I can’t tell, this Hua Ling is still her own fan.

While talking, the two entered the trading hall.

Yue Feng saw that there were a lot of people gathered inside, all of them were cultivators, and their strength was not low. They were talking to the staff of the trading house. In addition to the lobby, there were also VIP areas, as well as cafes, lounges, and so on.

Not to mention the decoration, in the entire Heishui Town, it is considered top luxury.

Swish!

As soon as Yue Feng and Hua Ling came in, many people looked over. Of course, many people were attracted by Yue Feng.

“Haha, where did the savage come from?” “

What mountain

did this come from? It made me laugh.” “At first glance, it’s a bastard who has never seen the world.”

His face turned red all of a sudden, and he felt very embarrassed.

This Fengtao told him not to follow him, he had to follow him shamelessly, now that it’s alright, it’s too embarrassing to follow him.

Yue Feng didn’t mind at all.

At this time, a working lady came over and smiled at Hua Ling: “Miss, do you need help?” As she said, she couldn’t hide her contemptuous glance at Yue Feng.

This working lady is about twenty-five, looks handsome, dressed in black business attire, and looks refreshing.

I didn’t expect that there was such a beautiful woman in this trading house.

It’s just... some power.

Yue Feng muttered to himself, chuckling softly.

Hua Ling took out the inner elixir from her body and handed it to the lady at work: “Please, give me money, thank you.”

“Okay.” The lady at work nodded politely.

At this time, Yue Feng also wanted to take out some inner alchemy from the spirit beast bag to see how much he could exchange for it. As a result, the working lady didn’t even look at him, turned around and left, and returned the money to Hua Ling.

What the fuck?

Yue Feng was speechless.

“Tsk tsk.”

At this moment, a well-dressed young man walked over slowly and looked at Hua Ling with a smile: "Isn't this Miss Hua? Long time no see." The

young man looked in his twenties, Two bodyguards followed behind. When he was talking, he kept looking at Hua Ling up and down, and at first glance it was a playboy.

The young man's name is Liu Xi, the young master of a cultivating family in the Yellowstone mainland. In recent years, because the exploration of the wild and strange realm has become more and more popular, the Liu family has also set up an industry in Heishui Town.

"Liu Shao!"

Seeing him, Hua Ling was obviously a little nervous, bit her lip and said, "I... I'll pay you back soon, can you give me a few more days, okay?"

"Small, for fear of being heard by the people around.

A year ago, Hua Ling's father was seriously ill and was short of money to save his life. Hua Ling borrowed a large amount of money from the financial company in charge of Liu Xi, but the money was spent, and in the end, his father was not saved.

In order to pay back the money, Hua Ling took the Bloodthorn mercenary team to take an adventure in the wild and strange realm.

Liu Xi smiled without saying a word, still looking at Hua Ling up and down.

At this time, the working lady took the money, Hua Ling took it, and hurriedly handed it to Liu Xi: "Liu Shao, at this time, what I have earned in the past few days, I will give it to you first, and I will return the rest as soon as possible. ."

Chapter 2490

However, Liu Xi didn't answer, but pushed it back and said with a smile: "Miss Hua, I don't care much about money, why don't you do it like this, you don't have to pay back the money if you are my woman. , just enjoy the glory and wealth in the future."

Swish.

Hearing this, Hua Ling was a little embarrassed, but she still held back her anger and smiled: "No need."

Liu Xi's face sank, and he frowned: "Hua Ling, I'm serious, we've known each other for so long, don't we? You still don't understand my intentions?"

“Look at you, you are so young and beautiful, and you have to go to a dangerous place like the Wild and Strange Realm. If you continue like this, what if you encounter danger? I am doing this for your own good, too. Moreover, I really can't bear to see you continue like this.” The

words were extremely sincere.

“Thank you for your kindness, but I don't want to get married now, and we are not suitable.” Hua Ling bit her lip and refused again.

Having known Liu Xi for so many years, Hua Ling knew that he was a dandy young master, with everything to eat, drink and play, and he was not worth entrusting for a lifetime.

Repeatedly rejected, Liu Xi suddenly lost patience, and said coldly, “I don't know how to praise.”

Immediately, Liu Xi directed at the two bodyguards beside him: “Catch her and bring her to the hotel to accompany me for a drink.

” After falling, two bodyguards came over immediately.

Hua Ling's pretty face changed, she was embarrassed and angry, she never thought that Liu Xi would be so lawless and dare to do something to herself in the trading house.

At this time, Hua Ling wanted to resist, but she knew in her heart that Liu Xi was also a cultivator. Like herself, he had the strength of a second-tier Martial Emperor, and the two bodyguards around him were not too weak. In a real fight, she was not an opponent at all.

“Wait!”

However, at this moment, a voice stood in front of Hua Ling, it was Yue Feng.

“In broad daylight, treat a girl with respect.” Yue Feng looked at Liu Xi and said lightly. The voice was not loud, but it was full of majesty.

Um?

Liu Xi looked up and down at Yue Feng, was stunned for a moment, and then shouted disdainfully, “Where's the beggar from? Go away.” This kid, covered in animal skins and dirty, was more particular about begging than him.

At this moment, the people around also cast their gazes and whispered.

“This kid is crazy, dare to challenge Liu Shao?”

“A bastard, still want to be a hero to save the beauty?”

“Yeah, it’s

over your own power.” Hua Ling was also anxious, and couldn’t help but pull Yue Feng: “Feng Tao, this is my business, don’t worry about it.” Liu Xi is very powerful, how could Feng Tao be his opponent alone?

Yue Feng smiled slightly, signaling Hua Ling not to panic.

Seeing Yue Feng standing still, Liu Xi was too lazy to talk nonsense, and said coldly: “Boy, why don’t you get out? I’ll give you one more chance. After three times, you will immediately disappear in front of me.”

Mad, a bum, He also dared to manage his own affairs, he was simply courting death.

At the same time, the two bodyguards looked Yue Feng with cold eyes, ready to act at any time.

At this moment, a slender figure came out from the inside and said coquettishly, “Oh, what’s causing Liu Shaofa to be so angry.”

At this moment, everyone’s eyes converged.

This woman is around 30 years old, wearing a white cheongsam with a very low hem, showing off her enchanting and sexy curves. She has a delicate face and heavy makeup, which is unspeakably charming.

It was Ye Hongshang, the manager of this Huangtian Trading Branch.

For a time, many men’s eyes were straight.

Even Yue Feng couldn’t help but take a few more glances.

Unexpectedly, in this small Heishui Town, I can still meet such a beautiful woman. This woman lacks the simplicity of Hua Ling, but has a little more mature charm. Any man who sees it will fall.

“Manager Ye!”
