

The ultimate husband in Chinese chapter 2541-2550

Chapter 2541

At this moment, the Holy Fire Palace.

call!

Looking at the vision of heaven and earth in the distance, Yue Feng took a deep breath and calmed down.

At this time, Lu Lingshan also reacted, bit her lip and said, "Yue Feng, you shameless villain, don't you just want to get me? I'll give you a chance today."

After speaking, Lu Lingshan took a few steps back and stretched out her hand. , ready to unbutton the pajamas.

shit.

Seeing this scene, Yue Feng was stunned. What is this woman going to do? Give up resistance and give up on yourself?

wow.

Just when Yue Feng was stunned, Lu Lingshan retreated a safe distance, and suddenly turned on a button on the table, and saw a big iron cage descend, directly covering Yue Feng inside.

That's right, this trap was prepared by Lu Lingshan long ago, just in case it was unexpectedly needed. It was controlled by Yue Feng just now, and Lu Lingshan has been looking for opportunities.

Taking advantage of Yue Feng being shrouded in iron, Lu Lingshan turned around and rushed out without any hesitation. Speaking of which, Lu Lingshan was tapped on acupuncture points, but in the exercises she practiced, there is a formula that can be solved in an instant, but it consumes a lot of internal energy.

Lu Lingshan knew that Yue Feng had Bailian cold fire and was not afraid of the cage at all, but he had enough time to escape before he melted the cage.

"Yue Feng, wait for me, our account is not over." The moment she rushed out of the door, Lu Lingshan glared at Yue Feng.

To be honest, Lu Lingshan really wanted to kill Yue Feng immediately, but forcibly releasing the acupoints consumed too much internal energy, killing Yue Feng was almost more difficult than reaching the sky.

Nima.

This chapter is provided by . Visit for daily update.

Yue Feng was very annoyed that this Lu Lingshan was so cunning and seemed to have compromised.

Thinking to himself, Yue Feng mobilized Bai Lian's cold fire, melted a hole in the iron cage, and rushed out, but at this time, Lu Lingshan had already run away.

Rumbling...

At this moment, in the direction of the wild and strange realm, there was another wave of vibrations in the world.

Since it is a divine beast, let's go and see it.

Muttering in his heart, Yue Feng was not hesitating, urging his figure to rush towards the wild and strange realm.

.....

The wild and strange realm, Death Valley.

The wild and strange realm itself has a harsh environment, and today, the weather is even more gloomy and scary, with dark clouds rolling in the sky, thunder and lightning, as if the world is ending.

At the entrance of Death Valley, there are a lot of people, it can be said to be a sea of people.

This time, a vision of heaven and earth appeared in the wild and strange realm. Various sects in the nine continents, as well as various cultivation organizations and mercenary groups, rushed over immediately. Dozens of sects, adding up to hundreds of thousands of people, the scene was extremely grand!

However, so many sects did not enter Death Valley, but wandered there.

I saw that there were tens of thousands of wooden stakes standing inside the entrance, and there were many large rocks scattered between the wooden stakes. Obviously, this was a formation.

Facing this huge formation, all the forces present had complex expressions on their faces.

This formation seems simple, but as long as you go in, you will be trapped in it, and you will never be able to get out. Just before, several sects entered, and they heard their collapsed cries after a while.

Under such circumstances, the other sects, and the various forces, would not dare to take risks easily.

At this moment, a figure came from a distance.

It was Yue Feng.

After several hours of rushing, Yue Feng finally arrived at Death Valley. Seeing that many sects were blocked at the entrance, he couldn't help frowning secretly.

At this moment, Yue Feng walked to the front, looked at the piece of wood, and frowned suddenly.

Aoki Maze?

It is recorded in "Bai Qi Shen Array" that the Aoki Mystery Array is a brilliant formation method. It seems simple, but it is very mysterious. If you don't know how to crack it, if you break in easily, you will be trapped alive.

Chapter 2542

Who is so insidious, and even got an Aoki Mystery Formation to block the entrance?

Muttering in his heart, Yue Feng walked in slowly.

The Aoki Mystery Formation was an insurmountable danger to others, but to Yue Feng, it was no threat at all.

Whoa!

Seeing this scene, many people present were stunned, and there was an uproar.

"Who is this kid? Don't die?"

"Looking at his dress, he should be from a mercenary team..."

"A boy who doesn't know whether to live or die, what does he do..."

Yue Feng ignored those discussions, and was about to The moment he entered the formation, a slender figure rushed over quickly. It was Xiao Xi.

"Brother Tao!" Xiao Xi shouted in surprise.

Xiao Xi is very smart, knowing that Yue Feng didn't want to reveal his identity, so he didn't cry out.

Yue Feng was surprised and delighted: "Why are you here? Didn't I tell you to wait for me at Tian Fei's company?"

Xiao Xi pouted and said aggrieved: "You have been gone for two days without any news, and then something strange happened here. Elephant, Tian Fei sent someone from the company to check, and I followed."

Hearing this, Yue Feng nodded, and immediately walked in with Xiao Xi.

call!

As soon as I got inside, I heard the shouts of many people in the maze, all of them in panic and despair.

"Made, why can't you get out?"

"It's over, do you want to be trapped here?"

It was the masters of the martial art who broke in before.

Listening to the shouts from around, Xiao Xi was very nervous and couldn't help asking Yue Feng, "Brother Tao, these people seem to be trapped."

Huh.

Yue Feng took a deep breath, his eyes flickered, and he said slowly: "This is an Aoki Mystery Formation, Xiao Xi, wait for you to follow me closely, don't go away, if you are also trapped, it will be troublesome. "

Hmm!

Xiao Xi nodded heavily and followed Yue Feng, never leaving her.

...

at this very moment, deep in Death Valley.

Zhang Jiao led tens of thousands of disciples through the area shrouded in poisonous mist, and finally arrived in front of a huge cave.

I saw that at the entrance of the cave, there was a huge figure, it was a giant python, with bright black scales, nearly 100 meters long. On the huge head, there are two faint bulges. There was an air of terror all over.

Seeing this scene, whether it was Zhang Jiao or the tens of thousands of disciples behind him, they were all stunned, and their eyes were full of shock!

This seems to be a black sand python, but... it is very strong, much bigger than the black sand python I have seen before, the breath is also very terrifying, and there are horns bulging on the top of the head, what's going on?

Is it the phenomenon of heaven and earth that it caused?

At this moment, everyone was stunned and their faces were incredible.

"My lord, this giant python..." In shock, a hall master stuttered.

Just before he said a few words, he was interrupted by Zhang Jiao.

Zhang Jiao breathed a sigh of relief, the whole person could not hide the shock in his heart, and said slowly: "Snake transformed into a python, python transformed into a dragon, Jiao transformed into a dragon, this black sand python, I don't know how long it has been cultivating, and it has turned into a flood dragon. "

"The previous vision of heaven and earth was caused by it, because it is about to transform into a dragon. Once it transforms into a dragon, it will be the strongest divine beast in the world."

When he said this, Zhang Jiao's eyes flashed with excitement.

What? Turning a python into a dragon?

At this moment, the eyes of everyone around, all of a sudden converge on the giant python, and they are shocked.

At this moment, the surrounding hall masters cupped their hands towards Zhang Jiao and congratulated: "My lord, so it seems that this flood dragon is the critical period for transcending the calamity and transforming it into a dragon. Before it successfully transforms into a dragon, it will be surrendered. The world must be invincible."

Hahaha...

Hearing this, Zhang Jiao laughed up to the sky, then stared at the giant Jiaojiao tightly, raised his hand and waved: "Quick, take it to me immediately. "

Chapter 2543

Swish swish... The

voice fell, and nearly a thousand elite disciples rose into the air one after another, rushing towards the giant Jiao!

These elite disciples, with the lowest strength are also Marquis, most of them are in the realm of Martial Saints. In an instant, more than a thousand disciples erupted at the same time, and the gathered aura distorted the sky, and the momentum was astonishing.

Feeling the danger, the giant Jiao was instantly aroused by his ferocity.

“Roar!”

Only a roar close to a dragon’s roar was heard, coming from the giant Jiaojiao’s mouth, and the next moment, the huge tail swung fiercely and swept towards more than a thousand disciples!

“Ah!” In the

blink of an eye, the more than 1,000 elite disciples screamed incessantly, one by one fell from the air and fell into a pool of blood.

Made!

Seeing this scene, Zhang Jiao’s face was extremely ugly.

I thought that a flood dragon could be easily taken down, but I didn’t expect that the strength of this giant flood dragon was very terrifying. In the blink of an eye, it severely injured more than a thousand disciples.

“Let’s deal with him.” The dozen or so hall masters behind him looked at each other, roaring in anger, urging their figures to fight fiercely with the giant flood dragon.

In the blink of an eye, the two sides fought fiercely for nearly half an hour.

And this giant flood dragon is getting more and more brave!

In the end, Zhang Jiao had to do it himself.

However, what shocked Zhang Jiao was that this giant flood dragon had a very strong defense and was very sensitive. Even when he used his stunt, he couldn’t suppress it!

At this time, Zhang Jiao didn’t know that the black sand python that turned into a flood dragon was the one that attacked Duan Yu back then. Later, he swallowed the dragon ball and absorbed the essence of heaven and earth. In just three years, it became a flood dragon.

During those three years, this black sand python had been lurking in the depths of the cave, so Yue Feng had been searching for so long, but he could not find its whereabouts.

And now, this Flood Dragon is about to break through the bottleneck again and is ready to turn the Flood Dragon into a dragon. Although it hasn't completely become a dragon, the defensive power of this dragon has reached a perverted level, and it is simply not something that ordinary practitioners can break through.

Made!

Under the fierce battle, Zhang Jiao's face became more and more ugly, and he was very annoyed.

How about turning into a dragon? I can't believe so many people can't stop you!

call! Thinking to himself, Zhang Jiao took a deep breath, looked closely at the mad giant Jiaoyu ,

and shouted: "Give it to me, you must subdue this giant Jiaojiao!" The disciples exploded their inner strength one after another and rushed towards the giant Jiao. "Roar!" Ju Jiao was completely enraged, and he let out a loud roar, opened his bloody mouth, and threw his long tail out fiercely! Whoosh! He heard a whistling whistling in a hurricane version, and the poisonous mist spewed out from the giant Jiaojiao's mouth. "Ah..." In the blink of an eye, many experts were shrouded in the poisonous mist, screaming constantly, falling down one by one into a pool of blood. Either it was corroded by the poisonous mist, or it was burned by the fire. This... This giant flood dragon's attack has the fire poison attribute?

Seeing this scene, whether it was Zhang Jiao or the others around him, he couldn't help gasping for air.

Is this the power to become a dragon?

so horrible.

That's right, this giant dragon was originally the evolution of the black sand python, and the black sand python is entrenched in a poisonous place like Death Valley, and it has the characteristics of being highly poisonous.

"Roar!" At this moment, the giant flood dragon was completely provoked, let out a roar, and rushed to the crowd again!

"Ah..." In the

screams, many people died on the spot! In an instant, many people were frightened, and they had no desire to fight again, and just wanted to turn around and run away.

Chapter 2544

“Everyone is scattered!”

Seeing this scene, Zhang Jiao was so anxious that he shouted.

hula.

The voice fell, and the rest of the crowd quickly dispersed, and then, under the command of Zhang Jiao, formed a trapped formation to surround the giant flood dragon.

Zhang Jiao used his soldiers like a god, especially the formation technique, and he was very accomplished.

In an instant, the giant flood dragon was trapped in it, unable to rush out for a while. Under the siege of the crowd, his body was full of wounds, blood kept flowing out, and the ground was almost completely dyed red.

Taking advantage of the opportunity, Zhang Jiao sneered and slapped the palm of his hand, hitting Ju Jiao's head.

Bang!

With this palm, Zhang Jiao activated five layers of skill. He wanted to capture it alive, but he didn't want to kill this giant dragon for the time being. You must know that the dragon has not been seen in the Kyushu continent for thousands of years. It would be a pity to kill it directly.

Roar! After being

slapped, the anger of the giant flood dragon was completely aroused. The eyes as huge as copper bells were instantly bloodshot, and he raised his tail and threw it fiercely towards Zhang Jiao. Zhang Jiao

did not dare to meet him, so he had to back away. Some disciples who were closest to him, and hurriedly dodged. In an instant, a gap appeared in the formation, which was originally impregnable.

Taking advantage of the opportunity, the giant flood dragon did not hesitate, rushed out of the gap, and rushed towards the dense forest in the depths of Death Valley. In the blink of an eye, it disappeared from everyone's sight.

Bang! Seeing

this scene, Zhang Jiao's face was extremely ugly, he smashed the boulder next to him with one palm, and shouted: "Chase, chase after me." It's

hard to come across a mythical beast that is about to turn into a dragon, no matter what.

...

the other side.

Yue Feng took Xiao Xi and quickly passed through the poisonous fog area.

When he arrived at the intricate cave, Yue Feng stopped.

At this time, Yue Feng clearly sensed that there was a dangerous aura coming from the front.

Huh...

Just when Yue Feng was about to slow down and go to investigate, suddenly a poisonous mist filled the air, and the poisonous mist was still flickering with scorching fire.

Seeing this scene, Xiao Xi was taken aback and hid behind Yue Feng subconsciously.

Yue Feng didn't have time to think about it, his inner strength urged him to deploy a protective film in front of him, and at the same time summoned the cold white lotus fire to absorb the flame.

"Huh? It turned out to be Bailian Lenghuo."

At this moment, a deep voice suddenly came from the side.

who? Who is speaking? !

Yue Feng and Xiao Xi were both shocked, and quickly took a few steps forward. The next second, they were stunned when they saw the scene in front of them.

Just saw a giant python coiled under a boulder in front of him, blood dripping all over his body, and his breath was weak, but his eyes were still flickering fiercely, the top of his head was bulging, and the whole body was filled with a kingly aura.

It was the giant flood dragon chased by Zhang Jiao before.

I go! This... is this Jiao? And can you speak?

Yue Feng was shocked when he reacted.

He knew that when a beast's cultivation reached a certain level, he would be able to speak. In the past, as long as he reached a certain level, he would be able to communicate with him. Unfortunately, he was killed by Lu Lingshan.

As for the giant dragon in front of him, it was obvious that his strength had reached the ability to speak.

It's just... that this giant dragon looks a little familiar.

Thinking to himself, Yue Feng took a deep breath, looked at Ju Jiao, thought for a while, and said, "Have we met?"

"Have you seen?"

Ju Jiao seemed to be stunned, then looked up and down. Looking at Yue Feng, his eyes flickered, as if thinking of something: "I remember, you are the unlucky bastard who fell from the cliff three years ago."

Chapter 2545

Unlucky?

Hearing this title, Yue Feng frowned and was very unhappy, but he didn't show it.

The next second, Yue Feng reacted and asked, "I ask you, where is the Dragon Ball?"

Three years ago, Duan Yu was attacked by this giant python and fell off a cliff to his death, but Yue Feng accidentally fell at the time, and later. For three years, Yue Feng has been following the whereabouts of this giant python, but found nothing.

But he never imagined that when we met again three years later, the giant python had turned into a dragon, and, recently, it caused the world to shake, and it immediately became a dragon.

"Dragon Ball?"

Hearing this, Ju Jiao opened his mouth wide, and suddenly burst out laughing: "Boy, it has been three years, do you think I might give you back the Dragon Ball?"

Saying that, Ju Jiao's eyes flickered. A little complicated, he continued: "We are also destined, I will tell you the truth, after I swallowed the Dragon Ball, I said that my inner alchemy was integrated into it, and with the help of the power of the Dragon Ball, I became a Jiao, and today, I'm about to turn the Flood Dragon into a dragon. In other words, the Dragon Ball is my inner elixir, and if I give you the inner elixir, you will die."

What?

Yue Feng was stunned for a moment, and soon understood.

It turned out to be the creation of Dragon Ball, no wonder this giant python cultivated so quickly.

“Boy!”

Just when Yue Feng was thinking about it, Ju Jiao’s tone softened: “Originally, I was about to become a dragon, but a hateful person, with tens of thousands of subordinates, severely injured me, as long as you are willing to heal me. I promise to be your spirit beast, how about you?”

Seriously, considering Yue Feng as the master, there are ten thousand reluctances in Ju Jiao’s heart, and he is about to transform into a dragon in the future. Yun Wanli, above the nine heavens, there is no existence that can subdue it.

But if you don’t recognize the master, your injury will be difficult to heal in a short time. At that time, Zhang Jiao’s gang will catch up, I’m afraid that your life will not be saved.

Hiss...

Hearing this, Yue Feng was shocked.

If you take a dragon as a spirit beast, won’t you be invincible in the future? This is a dream that many cultivators can meet and cannot ask for.

It’s just that this giant dragon has too many traumas, and the success rate of treatment is too small. Even if Yue Feng knows medical skills, he can still know the infinite alchemy, but the giant dragon in front of him is too special. He will soon turn into a dragon. Speaking of Yue Feng, even if Shennong came, he could not pay attention.

After all, no one has ever encountered such a situation for thousands of years.

“Save it, son, look at how pitiful it is.” At this moment, Xiao Xi next to him couldn’t help it and asked. There was no one else here, and Xiao Xi also used the previous name.

Yue Feng smiled bitterly: “I don’t have a clue to help a Jiao dragon who is about to become a dragon.”

Hula!

Just as he was talking, he heard footsteps coming from the surrounding area, and then, he saw thousands of cultivators gathered around. The leader, with a grim face, was Zhang Jiao.

Just now, Zhang Jiao led his men to search for clues all the way, and finally found the hiding place of the giant flood dragon.

“Yue Feng?”

Zhang Jiao’s eyes flashed coldly when he saw Yue Feng: “It’s really a narrow road for the enemy.” At first, he was thinking of using the Ouyang family to lure Yue Feng out, but he didn’t expect that he would meet him here.

Made!

Yue Feng’s face changed, and he was furious.

“I’ll deal with Yue Feng, and you guys will catch this giant Jiaodong alive for me.” A cold voice came from Zhang Jiao’s mouth, and then, his internal force exploded, rushing straight towards Yue Feng.

In Zhang Jiao’s heart, killing Yue Feng and catching Ju Jiao alive are equally important, and neither should be delayed.

hula.

At the same time, nearly 10,000 subordinates swarmed towards the giant Jiaojiao.

Seeing this scene, Yue Feng frowned secretly, but still kept calm, and shouted at Xiao Xi: “Xiao Xi, you help Ju Jiao to block this group of people. When I deal with Zhang Jiao, I will help you.

” Falling down, Yue Feng’s internal force urged him to meet Zhang Jiao.

Yue Feng is not afraid that Xiao Xi is in danger. Although this giant Jiao dragon is injured, its strength is still terrifying. With it, Xiao Xi will not be in danger for the time being.

Xiao Xi nodded and stayed beside Ju Jiao.

Looking at the people who rushed up, the giant Jiao was furious: “You hateful human beings, you all deserve to die.” It originally planned to recognize Yue Feng as the master and save his life, but he did not expect to be found by Zhang Jiao so quickly. Zhang Jiao’s aggressiveness finally couldn’t help it.

The ultimate husband in Chinese chapter 2546-2550

Chapter 2546

Roar!

A roar came out, and the air around the giant Jiao suddenly condensed! A powerful aura burst out frantically from its huge body.

“I’ll help you.”

At this moment, Xiao Xijiao shouted, holding a long sword, unable to hold back her fighting spirit, stood beside Ju Jiao and helped him fight against all the enemies.

On the other side, Yue Feng and Zhang Jiao also fought fiercely.

At the beginning, Yue Feng had full confidence, but gradually he became extremely shocked, because he felt that Zhang Jiao’s strength was much stronger than three years ago.

At this time, Yue Feng didn’t know that since Zhang Jiao created the Yellow Sky Trading, he would absorb a lot of top-quality inner elixir every once in a while, and also took a lot of elixir. The technique has also reached the pinnacle of excellence. As long as there are materials, it is not a problem to refine the top-quality elixir.

In a blink of an eye, half an hour passed. Yue Feng was still unable to suppress Zhang Jiao.

At the same time, the situation on Ju Jiao and Xiao Xi’s side is also full of dangers.

To be honest, if Ju Jiao hadn’t been severely injured by Zhang Jiao before, he would not have been afraid of these people in front of him, but after being injured, facing the siege of so many people, Ju Jiao gradually couldn’t support it anymore.

Chi Chi... After

half an hour of fierce fighting, the power of the giant flood dragon quickly lost. Several elite disciples, looking for an opportunity, stabbed the long sword on the body of the giant flood dragon. In an instant, blood sprayed, and the giant flood dragon let out a whimper. .

“Even if I die today, I will not surrender to you.”

Under the roar, Ju Jiao’s eyes flashed with determination, and then he opened his mouth and spat out a radiant orb, which was the Dragon Ball swallowed by the giant Jiao three years ago.

“Little girl, thank you for helping me when I was dying. This dragon ball is given to you.” Ju Jiao said sadly and indignantly, and the long tail wrapped Xiao Xi, causing her to open her mouth, and then stuffed the dragon ball. go in.

This chapter is provided by . Visit for daily update.

Gudong!

Before Xiao Xi could react, the dragon ball had slipped into her mouth!

What?

Seeing this scene, everyone in Wutian Organization changed their faces, and they were indescribably shocked!

Especially the nearest hall masters are even more annoyed. For this giant dragon, the Wutian organization has damaged too many disciples, and they can catch it at a glance, but I didn't expect that this giant dragon actually took the inner alchemy. to this woman.

"Haha!"

Looking at their expressions, Ju Jiao laughed in the sky, and he couldn't help but relieve his anger: "You despicable human beings, want to force me to surrender, and tell you, your wishful thinking is wrong, hahaha ..." The

voice fell, and Ju Jiao tried his last strength and rushed to the crowd again. Just how far he rushed, the huge body suddenly collapsed to the ground and died of breathlessness.

Without the inner alchemy, the giant flood dragon has completely lost its vitality, and there is no possibility of surviving at all.

Made.

Seeing this scene, Zhang Jiao scolded secretly, his face extremely ugly.

Seeing that he could subdue a divine beast that was about to become a dragon, he didn't expect that in the end, this giant Jiao would rather die than surrender.

Yue Feng also frowned and had a bad premonition. The so-called 'every man is innocent and guilty', Xiao Xi's strength is not strong, and there is no threat to this group of people, so he is not taken seriously, but now, swallowing the dragon ball Dangerous.

Just when Yue Feng knew something was wrong, the people around reacted and attacked Xiao Xi at once.

"Well..."

But before she rushed to the front, she saw Xiao Xi's delicate body trembling, her delicate face was extremely flushed, showing pain, and then her skin was also red and blue, which was indescribably weird.

Obviously, the power of Dragon Ball began to spread in Xiao Xi's body.

At this time, Xiao Xi only felt as if she had entered hell, and she felt unspeakably uncomfortable all over her body. At the same time, a violent force rushed into her meridians.

Yue Feng's brows were furrowed, his secret path was not good, he wanted to rush over, but was stopped by Zhang Jiao.

Whoa!

Seeing this scene, the surrounding Wutian organization people were all astonished and secretly excited.

"This... such a powerful force..."

Chapter 2547

"So powerful, it seems that the inner alchemy of the giant Jiaoyu broke out in her body, but her strength is too weak to fully integrate and absorb."

"This is a good opportunity, let's go together and take her down. "

Xiao Xi bit her lip tightly, looking at so many people, she rushed over to grab herself, and she was in a panic. At this time, Xiao Xi wanted to fuse the dragon balls. However, the dragon balls contained powerful divine beast power, according to her. The power of , can't be integrated in a short period of time.

In a blink of an eye, Xiao Xi couldn't hold it anymore, her delicate body kept shaking, her red lips opened slightly, and she weakly shouted at Yue Feng: "Young Master, I'm so uncomfortable..."

Huh!

Seeing this scene, Yue Feng was so anxious that he shouted at Xiao Xi: "Xiao Xi is not afraid, with me, you will be fine."

"Yue Feng, go to hell."

Taking advantage of Yue Feng's attention Force, attracted by Xiao Xi, Zhang Jiao sneered, without any hesitation, the internal force surged, and a palm hit Yue Feng.

With this palm, Zhang Jiao stimulated the internal force of the ninth floor, and the air suddenly distorted wherever he passed.

"Be careful... son!"

Seeing this scene, Xiao Xi's pretty face changed, and she exclaimed. At the same time, Xiao Xi wanted to rush up, but her situation at this time was even more severe than Yue Feng. It's not too late at all!

call!

The palm force caused an energy storm, which instantly arrived in front of Yue Feng!

At this time, Yue Feng was still worried about Xiao Xi. He didn't have time to react, and he didn't have time to dodge.

"Boom!" In the

blink of an eye, Zhang Jiao slapped Yue Feng with a palm! Yue Feng's body trembled, and he spat out a mouthful of blood and flew out.

In mid-air, Yue Feng spurted blood wildly. He only felt that his internal organs were shattered. He flew more than 100 meters, smashed a few boulders, and then fell heavily on the ground.

Swish!

At this moment, Yue Feng's face was pale, and his eyes were fixed on Zhang Jiao, with indescribable resentment and annoyance in his heart.

To be honest, Yue Feng is not afraid of Zhang Jiao at all. It's a pity that he was disturbed by Xiao Xi's situation, so Zhang Jiao had the opportunity to take advantage of it.

Whoa!

Seeing this scene, more than 10,000 people around without a heavenly organization cheered.

Haha... worthy of being the lord, he actually defeated Yue Feng, who was famous in Jiuzhou. It was too strong.

Listening to the cheers around, Zhang Jiao showed a smile, and then waved his hand: "Take them both for me, and bring them back to the main altar together."

When saying this, Zhang Jiao looked at Yue who was sad and angry. Wind, my heart is very excited and excited. What if you are the hero of Kyushu, didn't it fall into my hands in the end?

"Yes, my lord!" The

voice fell, and everyone agreed, and immediately rushed over to tie up Yue Feng and Xiao Xi.

Made!

Yue Feng cursed inwardly, and looked at Xiao Xi closely, worried, and saw that Xiao Xi's face was flushed, as if her body was on fire, so pitiful and pitiful.

A few hours later, Yue Feng and Xiao Xi were taken to the main altar of Wutian Organization, Taiyin Mountain.

in the hall.

Zhang Jiao ordered Yue Feng to be tied to a pillar, and then began to investigate Xiao Xi's situation.

At this time, Xiao Xi, because she couldn't stand the powerful power in her body, was so weak that she could faint at any time.

“Quick!”

At this time, Zhang Jiao ordered his disciples: “Quickly take out the treasure chest.” As long as the dragon ball can be taken out from this little Xi, the treasure chest can be opened, and then the treasure left by Emperor Xuanyuan Huangdi will be obtained.

The words fell, and several disciples walked out quickly, and after a while, they came back with the stone box.

Chapter 2548

What?

Seeing this scene, Yue Feng was furious.

When did Zhang Jiao get the stone box? Three years ago, wasn't this stone box in the camp of Kyushu, where everyone was taking care of it?

At this time, Yue Feng didn't know that after the war, the stone box had been under the care of the Ouyang family, and just a few days ago, Zhang Jiao used despicable means to deceive it.

The stone box was lifted up, Zhang Jiao was very excited, and began to run his internal force, trying to extract dragon balls from Xiao Xi.

However, a few minutes later, Zhang Jiao was shocked to find that although Xiao Xi was delicate, she had absorbed a lot of Dragon Ball's power in her dantian. If you insist on Dragon Ball, you can only put her into the alchemy furnace.

"Wasting my time."

At this moment, Zhang Jiao was very annoyed, he said coldly, then suddenly raised his hand and hit Xiao Xi with a palm.

puff.

Xiao Xi was extremely weak, and she could stand it there. Suddenly, a mouthful of blood spurted out, and she saw that the blood turned black. It was obvious that this palm contained the poison of Yin evil.

Two seconds later, Xiao Xi's skin turned black.

"Xiao Xi!" Yue Feng shouted hoarsely. In an instant, his heart was broken. Xiao Xi was so gentle and kind, yet suffered from this kind of pain...

"Hahaha..."

Looking at Yue Feng's grief, Zhang Jiao was full of pride: "Yue Feng, is your heart hurting? When you forced me to eat Tongtian Pill, did you ever think about today?"

"I tell you, this palm of mine is called 'Nine Netherworld Poisonous Palm'. The whole body will be corroded by the poison, and the death will be very miserable."

After saying this, Zhang Jiao coldly instructed: "Tie her and the stone box together and throw them into the river in the back mountain."

Of course Zhang Jiao didn't want to throw away the stone box and Xiao Xi. To the north of Taiyin Mountain, there is a The shady river, the water temperature is extremely cold, Xiao Xi was poisoned by the palm, and will die soon, immersed her in the icy river water, which is convenient for alchemy later.

As for that slap, it was all to make Yue Feng's heart hurt!

The voice fell, and Xiao Xi, who had passed out in a coma, and the stone box were carried out.

"Xiao Xi!"

At this moment, Yue Feng let out a howl, tears blurring his vision!

Heartache, sadness, endless anger, one after another! At this time, Yue Feng collapsed directly!

Ten years ago, Yue Feng met Xiao Xi who was wandering around in Dongao Continent. At that time, Xiao Xi was still a teenage girl. She was sensible, considerate, and heart-wrenching. In Yue Feng's heart, she was like his own. Just like my sister, I thought that when the situation stabilized, I would take Xiao Xi to enjoy life.

Unexpectedly, before this day came, Xiao Xi was poisoned by Zhang Jiao.

Furious!

Yue Feng's eyes were red, and he locked onto Zhang Jiao.

Looking at Yue Feng's heartache, Zhang Jiao was very happy and sneered: "Yue Feng, are you heartbroken? Tell you, a day ago, all the members of the Ouyang family were arrested by me, and now they are in the back mountain. In the cell."

"Haha, are you even more angry? But I can't blame you, who made you a stumbling block for me to dominate Kyushu? Don't worry, after killing you, the relatives and friends of the Ouyang family will be sent to Huangquan together with me. Reunited with you."

"Did I cheat on you! I'll take care of your life!" Yue Feng roared frantically, a violent force burst out from his body, and all the ropes and chains on his body were broken.

Yes, under extreme anger, Yue Feng forcibly rushed to open the acupoint.

"I want you to die!" The

roar came out, Yue Feng raised his hands and the air around him quickly twisted, and then he slapped Zhang Jiao with a palm.

Chapter 2549

"Despair!"

Despair is exactly what Yue Feng had learned at the bottom of the volcanic magma. This trick is usually difficult to perform. It can only erupt when it is extremely sad.

hiss!

Seeing this scene, many disciples of the Heavenless Organization couldn't help but gasp.

Zhang Jiao sneered.

“I have a bit of skill. Under this circumstance, I can still open the acupuncture points. I am worthy of being a famous person in the Kyushu Continent.” Zhang Jiao said coldly, his eyes flashing coldly: “However, it is not that easy for you to kill me.”

As soon as the words fell, Zhang Jiao raised his hand and waved, and a golden beam burst out, tearing apart the world and attacking!

At this moment, Zhang Jiao was holding a golden giant axe tightly in his hand, and the rays of light flowed like a scorching sun. It was the opening axe.

What?

Seeing the opening axe, Yue Feng's heart was shocked, and he was stunned.

It turns out that he has an axe to open the sky, no wonder he is so fearless. This corner of the city is too deep. He has always owned the opening axe, but he does not show it. It is not used until the last critical moment. It is really ruthless.

Hahaha...

Sensing Yue Feng's expression, Zhang Jiao laughed in the sky: “It's a surprise, let me tell you, I got the opening axe a year ago, but it was hidden by me all the time.”

“Yue Feng, I have been hiding the Kaitian Axe all the time, just waiting for this day to use it to take your life.”

A year ago, a cultivator family in Nanyun Continent was exploring the wild and strange realm, and inadvertently obtained the Kaitian Axe, after Zhang Jiao found out, then secretly sent someone to destroy the aristocratic family, and then seized the Kaitian Axe.

For more than a year, Zhang Jiao has been hiding the opening axe, just to deal with Yue Feng. Speaking of which, when he was in Death Valley before, Zhang Jiao wanted to summon the Sky Axe, but at that time Xiao Xi had an accident, which attracted Yue Feng's attention. Zhang Jiao caught Yue Feng before he could use the Sky Axe. wind.

At this time, feeling the endless anger of Yue Feng, Zhang Jiao didn't have time to think, and called out directly.

boom! boom! Boom...

This golden light emitted by Zhang Jiao collided with Yue Feng's palm, and a violent vibration of aura erupted. In an instant, the entire hall was smashed into pieces, and the dust filled the air.

In the dust and smoke, Zhang Jiao staggered back dozens of steps, his face was pale, and there was a trace of blood oozing from the corner of his mouth.

That's right, Yue Feng's thoughts were all despairing, and his power was terrifying. Even if Zhang Jiao blocked most of his power with the Sky-Opening Axe, he was still traumatized.

At the same time, outside the ruins of the main hall, Yue Feng looked miserable, covered in blood, and was rushing down the mountain quickly.

At that moment just now, Yue Feng wanted to die with Zhang Jiao, but thinking of Xiao Xi, there was still a glimmer of hope in Yue Feng's heart. If Xiaoxi didn't die, and Zhang Jiao and Jade were both burned, wouldn't it be too much of a loss?

Yue Feng thought about it, escaped from here for the first time, and then tried to find a way to enter the river in the back mountain to find Xiao Xi.

Hula...

Seeing this scene, everyone around was stunned. After a few seconds, dozens of disciples quickly gathered around and supported Zhang Jiao.

"My lord, Yue Feng has run away."

Zhang Jiao's face was extremely ugly, but he still showed a treacherous smile: "Don't worry, he won't run far, this person is the most affectionate person, and he will definitely come back to save that woman."

With that said, Zhang Jiao coldly instructed: "Immediately strengthen the alert. If there is any situation, report it as soon as possible." After the voice fell, Zhang Jiao turned around and entered the back room to practice. The palm of Yue Feng just now seriously injured him and must recover as soon as possible. Just do it.

"Yes, my lord!" Everyone in the hall responded in unison.

the other side!

Xiao Xi and the stone box were tied together and immersed in the freezing cold river water.

Chapter 2550

Time passed minute by minute, Xiao Xi only felt that she had had countless nightmares, and finally woke up, only to feel the burning pain all over her body and face.

Are you dead?

Opening her eyes, she saw that she was in the icy water, and Xiao Xi was panicked and sad. Then, when she saw her own reflection on the water, Xiao Xi was even more startled.

I saw that my face, which was originally exquisite and beautiful, was as black as ink, and it became ugly.

For a time, Xiao Xi was completely desperate.

Anyway, he wouldn't be able to live for long, so instead of being alchemy by Zhang Jiao, he might as well just die.

Thinking of this, Xiao Xi was about to commit suicide by hitting her head against a stone box.

hum!

However, at this time, before Xiao Xi collided, he sensed an invisible force that enveloped him, and then, a beautiful figure appeared in front of him.

Wearing a long lavender dress, her facial features are exquisitely beautiful, and her figure is graceful, just like walking out of a painting.

It is Diao Chan, whom I haven't seen for a long time.

"Diaochan..." Xiao Xi bit her lip, and looked at Diaochan almost dumbfounded: "Mother Diaochan? Why do you want to save me?"

Diaochan lived in the Ouyang family for a while, and of course Xiaoxi knew her.

"Are you Miss Xiao Xi?" Diao Chan was very surprised.

At this time, Xiao Xi was almost disfigured, but when she heard her voice, Diao Chan recognized her.

Seeing Xiao Xi nodding, Diao Chan couldn't help but ask, "Xiao Xi, what happened?"

Ten years ago, the opening of the ancient tomb of Lu Bu caused a shock in Kyushu. Later, countless sects poured into the ancient tomb in an attempt to get the treasure of Lu Bu. At that time, Diaochan was resurrected by chance, and later went to the Ouyang family.

Later, the situation on the mainland of Kyushu changed, and wars broke out. Diaochan left the Ouyang family to find a place to live. Over the years, he has been living a wandering life. Today, he passed by Taiyin Mountain and found that someone had been

thrown into the river, and there were still people guarding him. I came to see it out of curiosity, but I didn't expect it to be Xiao Xi.

Xiao Xi's eyes were red, and she couldn't help choking: "I... I won't live long, and I've become so ugly..." As she spoke, a string of tears flowed down, and it was heartbreaking to see .

Hearing this, Diaochan looked up and down at Xiaoxi: "Have you swallowed a powerful inner elixir and fell into the hands of others?"

Diaochan used to be Lu Bu's woman, and she was well-informed and could see it at a glance. Xiaoxi's situation.

Xiao Xi nodded, very sad, and told what happened.

At the end, Xiao Xi's eyes showed reluctance and entanglement: "I don't want to die like this, I don't want to leave the son, but I can't live at all, even if I can survive, I can't meet the son like this. ."

Phew!

Hearing this, Diao Chan breathed a sigh of relief. This girl is indeed Yue Feng's confidante. Her delicate and kind appearance at this time is distressing.

Muttering in her heart, Diao Chan looked at Xiao Xi seriously: "You really can't bear Yue Feng?"

Xiao Xi nodded seriously, her eyes full of determination: "If I can, I want to protect him for the rest of my life, even if I sacrifice my life for him. "

Diaochan is deeply touched, she is really affectionate and righteous.

Thinking to herself, Diao Chan said seriously: "In your current situation, you will definitely die, but I have a way to let you protect Yue Feng for a lifetime, but you have to sacrifice a lot."

Diao Chan raised her jade hand and pointed at the stone box: "In this stone box, there is a dragon egg left by Xuanyuan Huangdi, and it is also the descendant of his dragon spirit beast. You are poisonous and will not live long. , but I have a way to integrate your soul and dragon ball into the dragon egg, but the price is to give up the body."

"In other words, you have to replace the dragon fright in the dragon egg and make yourself a dragon. ...on the day you break out of the shell, you can choose to become Yue Feng's dragon spirit beast, so that you can always accompany him."

“But you have to think about it, after doing this, you will have a peak when you Before Zhili, it was impossible to communicate with Yue Feng, that is to say, Yue Feng would not know who you are.”

After saying the last sentence, Diao Chan quietly looked at Xiao Xi with pity in her eyes.
