

## The ultimate husband in Chinese chapter 2761-2765

Chapter 2761 Ren Peng's face was full of sarcasm

, and he couldn't help saying: "I don't even have a decent alchemy vessel, how dare you compete with my master? I really don't know where the courage came from!"

The wind pointed.

The red sleeves standing opposite are also in a hurry.

"Uncle, can you do this?" The red sleeves were clasped tightly, and the palms were sweating. She couldn't help but said, "It looks a little too playful!"

"Red sleeves!"

Ye Zhixin was very calm, and said softly, "Don't mess around. Speak!"

When she said this, Ye Zhixin kept her eyes fixed on Yue Feng, to be honest, she was also a little flustered, but seeing Yue Feng's calm and confident face, she still chose to believe him.

The people's discussions kept coming, but Yue Feng was not affected at all.

You must know that in the art of alchemy, the first thing to pay attention to is the material, followed by the heat, and finally the alchemy utensils. Of course, if the heat is well controlled, the utensils don't matter.

Time passed by minute by minute.

I saw that Xie Zhen's Pill Stove was burning more and more vigorously, and the Pill Stove was burning red.

Soon, a faint scent of elixir came out from the elixir furnace and floated in the air of the valley.

At this moment, Ren Peng and the surrounding Longevity Sect disciples suddenly became excited.

Master's medicinal pill is about to be refined. And looking at this sign, it is definitely a rare elixir!

On Yue Feng's side, there was no movement at all.

hum!

Suddenly, a shock was heard, and then, a colorful cloud floated from afar, slowly merging into a Dan cloud, suspended over the valley! The position is not biased, it is exactly the top of Xie Zhen's head!

Whoa!

In an instant, Ren Peng and others were all excited!

"Master is so amazing, it attracted colorful pill clouds!"

"Congratulations, master, the technique of alchemy has improved a lot, and it has attracted colorful pill clouds. This is definitely a rare and exquisite elixir in the world!"

Everyone in the longevity door cheered. When it came, Ye Zhixin, Hongxiu and the others all changed their expressions.

Especially Ye Zhixin, who regretted betting with Xie Zhen at this time.

The opponent's alchemy accomplishments are so superb that they have attracted colorful dan clouds. In this competition, the junior and junior brothers must have lost.

call!

Seeing this scene, Yue Feng smiled and said nothing.

At the same time, I also sighed in my heart, this Xie Zhen, who can actually trigger the colorful Dan Cloud, is worthy of being the head of the Longevity Sect.

No wonder he dared to challenge Ye Zhixin so confidently before.

Whoops!

At this moment, Ren Peng and the others quickly surrounded them, each and everyone was very excited.

"Master, open it up and have a look."

"Yeah, what is the peerless elixir!"

After listening to everyone's words, Xie Zhen smiled slightly, opened the small cauldron, and saw an elixir carrying a dazzling light that flew out instantly, fell on Xie Zhen's palm.

At this moment, everyone's eyes converged at once, and they were all stunned.

I saw that an elixir with colorful rays of light was quietly in Xie Zhen's hands. Under the sunlight, it was dazzling!

"Suijue Dan!"

At this time, Xie Zhen was holding the medicinal pill and was very excited: "Xiejue Dan, which can make people reborn, I didn't expect that I would finally refine it in my lifetime, haha..."

What?

Hearing this, Ye Zhi's heart trembled, and her whole body was stunned, her heart was extremely shocked.

Washing Marrow Pill, said to be a peerless elixir that has been lost, not only can make people reborn, but some people who cannot cultivate due to congenital factors can successfully cultivate after taking it. Moreover, this Washing Marrow Pill also has the effect of longevity. It can be said that, This Washing Marrow Pill is an absolute rare elixir.

Under the shock, Ye Zhixin couldn't help but glance at Yue Feng, her eyes flashing with disappointment.

It's over, Yuyao Pavilion lost this alchemy competition.

Chapter 2762

At this time, the eyes of many people also turned to Yue Feng's side, each with complicated expressions.

I saw that Yue Feng's porcelain altar was quiet, with no aura fluctuations, not to mention causing Dan Yun.

call!

Seeing this scene, many disciples of Longevity Sect couldn't help but sneer.

With this little strength, you dare to compare alchemy with our master?

"Alas!"

At this moment, Ren Peng couldn't hide the contempt in his heart, walked over slowly, looked down at Yue Feng: "Did you see, my master has already caused a colorful cloud, I don't think you need to compare it. , just admit defeat!"

"Also, what can you make out of a single crystal fairy grass?"

Hearing this, Yue Feng couldn't help laughing and glanced at Ren Peng: "Who told you You, the more materials you use, the better medicine you can make? Even if I use one crystal fairy grass and your master uses two, he won't win!"

"The most important state of mind in alchemy, do you understand? ?"

Madeleine!

Feeling Yue Feng's contempt, Ren Peng suddenly became anxious, pointed at Yue Feng and roared loudly: "You...are you courting death for your special code?"

This guy is so crazy that he dares to look down on Master!

You must know that Master Xie Zhen has more than 30 years of accomplishments in the art of alchemy. In his eyes, it is not worth a slap, he is simply outrageous.

"Peng'er, step back."

At this moment, Xie Zhen waved his hand, and then looked at Yue Feng with a leisurely face: "You are right, alchemy does pay attention to the state of mind, but it also needs to have real materials, not as simple as what you say! My alchemy The medicine has already been refined, and it has also caused a colorful cloud of pills, are you sure you want to continue the comparison?"

Hehe!

Yue Feng smiled slightly: "Ah, why not? The incense stick hasn't been burned yet, what are you anxious about?" As he

spoke, Yue Feng looked relaxed and continued to control the heat!

Xie Zhen sneered: "Okay, then I'll wait and see, if you can't make it out, when you kneel, you have to kneel three times and nine times!"

If you don't cherish your face, then don't blame me!

Yue Feng was too lazy to talk nonsense. After checking the temperature, he lifted the lid! In an instant, a scorching hot breath escaped.

What?

At this moment, Ye Zhixin and Hong Xiu were all stunned, their expressions showing disappointment.

I opened the lid before the medicinal pills were made, did you also give up?

At the same time, the disciples of Longevity Sect couldn't help sneering.

Haha...

This kid is going to admit defeat, he still has some self-knowledge.

“Hey!”

At this time, he stepped out and looked at Yue Feng mockingly: “Are you admitting defeat?”

I thought this kid had some skills, but it turned out to be ineffective. With this kind of strength, he still dares to Comparing alchemy with the master, it simply lowered the identity of the master.

this... this is...

However, no one noticed that Xie Zhen, who was still extremely confident, was shocked and looked at Yue Feng tightly, almost dumbfounded and shocked.

Xie Zhen is also a master of alchemy. At this moment, it can be seen at a glance that the person in front of him is not giving up the game, but is quenching the alchemy furnace? !

The quenching pill furnace is the most secretive and the longest lost method in the ancient alchemy technique! This method has long been lost! Now only some records can be found in some ancient books, but the records are not comprehensive.

It is said that the quenching of the pill furnace is to use the spiritual energy of the spiritual grass material to completely remove the impurities in the pill furnace, so that the refined pills can guarantee 100% purity.

Of course, the medicinal pills refined in this way are extremely rare medicinal pills!

As the head of the Longevity Sect, Xie Zhen had been refining pills for decades. Of course, he knew about the 'quenching pill furnace', but this method had long since been lost, but he never thought that Ye Zhixin's junior brother could use it so skillfully.

Chapter 2763

Under the shock, Xie Zhen stared at Yue Feng closely, he could hardly move his eyes, his eyes were extremely hot.

How did he know about this long-lost alchemy secret technique? !

Yes, Yue Feng was quenching the elixir furnace before, because he used Ye Zhixin's porcelain jar, which was not as good as Xie Zhen's Xiaoding, so he had to quench it.

In the face of the surrounding discussions, Yue Feng was not affected at all. After adjusting the heat, he put the crystal fairy grass into the pill furnace, and at the same time strengthened the intensity of the fire!

At this time, a stick of incense next to it, there is still a quarter of the length.

Obviously, time is running out, but Yue Feng has always been calm.

Haha...

Seeing this scene, the disciples of Longevity Sect are still sneering constantly. In their eyes, Yue Feng opened the pill furnace just now, which is a kind of layman's performance.

"Master..."

At this moment, Hong Xiu couldn't bear it anymore, and said to Ye Zhixin, "Or...let's admit defeat, Uncle Shi..."

Before she could finish speaking, Ye Zhixin shook her head.

Even if this junior brother is really inferior to Xie Zhen, he cannot admit defeat. After all, Yuyao Pavilion is the first sect of Xuanye Continent, and he cannot lose face.

At this time, Ye Zhixin, like Hongxiu, also thought that Yue Feng could not win, but for the dignity of Yuyao Pavilion, she had to hold on to the end no matter what.

boom!

That is, at this moment, a heaven and earth vibration came from the sky!

Everyone quickly looked up and saw that the sky was suddenly covered with dark clouds, and the originally sunny sky suddenly became extremely dark. Then, lightning flashed and thundered in the clouds, and dazzling thunder light gathered, just before Yue Feng. above the head!

Obviously, this is the vision of heaven and earth caused by Yue Feng's alchemy!

This...

in an instant, whether it was Ye Zhixin, Changshoumen and others, they were all stupid!

Xie Zhen's alchemy just now, and the ability to trigger colorful dan clouds is already shocking enough, but he didn't expect that this person could trigger a vision of heaven and earth. If he hadn't seen it with his own eyes, who would have believed it?

hiss!

Ren Peng's ability was full of pride. At this moment, his smile froze, and he stared blankly at the flashing thunder light above his head, only to feel his brain buzzing!

This... how is this possible?

This person looked unremarkable, even if he was the elder of Yuyao Pavilion and Ye Zhixin's junior brother, how could he possibly compare to his master in alchemy?

Xie Zhen next to him was also completely stupid.

Heaven and Earth anomalies? In the entire history of alchemy, there are very few people who can trigger the vision of heaven and earth. How did this person do it?

Moreover, I have been in the alchemy world for decades. How come people with such skills have never heard of it?

hum!

Just when everyone was shocked, suddenly, the porcelain jar in front of Yue Feng suddenly burst, and then under the vibration of a strong breath, a dazzling medicinal pill flew out.

Yue Feng looked relaxed, showed a smile, raised his hand and grabbed the medicine pill in his hand.

Swish!

At this moment, the eyes of everyone present immediately gathered on Yue Feng's hand!

I saw that Yue Feng's hand was a black medicinal pill, which seemed nothing special, but on the surface, there was a slight current flowing.

quiet!

In an instant, the entire valley was silent, and almost a needle could be heard clearly.

This... what kind of elixir is this? It has such spiritual power!

"Junior Brother!"

After a few seconds, Ye Zhixin took the lead in reacting, walked over, and looked at Yue Feng with a smile: "What kind of medicinal pill is this? What a unique look!"

Chapter 2764

Yue Feng smiled slightly, and did not answer directly, but looked at Xie Zhen: "Xie head is a master of alchemy, you should be able to see what kind of medicine this is!"

"What?" Xie Zhen was stunned for a moment. Haven't responded yet.

Yue Feng smiled and said, "Sect Master Xie, have you ever heard of the 'Millennium Pill'?"

What?

Hearing this, Xie Zhen was shocked, shocked, and his voice trembled: "You.... You said you are a thousand-year-old pill? Impossible, absolutely impossible!"

Most ancient emperors pursued immortality, Among them, Qin Shihuang is the most persistent. According to legend, Qin Shihuang raised a lot of alchemy masters. Later, the elixir of immortality was not refined, but he also developed a top-quality elixir of a thousand years!

According to historical records, the Millennium Pill is a kind of elixir for longevity. After taking it by ordinary people, it can extend the lifespan of a year ago, and when practitioners take it, it can improve a lot of benefits.

It's just that this kind of medicinal pill was lost when the Qin Dynasty fell, but I didn't expect that there are still people in the world who know how to refine it.

At this time, Xie Zhen didn't know that Yue Feng's Wuji alchemy technique was passed down from the Qin Dynasty.

call!

Seeing Xie Zhen's expression, everyone else around was stunned!

To make Xie Zhen so shocked, this medicinal pill must have an extraordinary origin.

"Senior sister!"

At this moment, Yue Feng smiled and handed the medicinal pill to Ye Zhixin: "Put this medicinal pill away, maybe it will be useful to you in the future!"

Hmm!

Ye Zhixin took the medicine pill and smiled lightly, not excited.

Although Xie Zhen hadn't conceded defeat, it was obvious that the younger brother had already won.

"How is it?"

At this time, Yue Feng looked at Xie Zhen with a half-smiling smile: "Sect Master Xie, the competition is over, what do you say?"

This...

Xie Zhen blushed, very embarrassed, and said for a while Not speaking.

At the same time, everyone in the Longevity Sect was silent!

A few seconds later, Xie Zhen gritted his teeth, bowed his head at Yue Feng and said, "Your Excellency in alchemy is truly amazing and admirable. I... I lost!"

Although he had already conceded defeat, Xie Zhen was very impressed. Not convinced.

To be honest, Xie Zhen didn't want to admit defeat, but the other party refined the long-lost Millennium Pill, and it also triggered a vision of heaven and earth. Anyone with a discerning eye can see who is stronger and who is weaker.

Seeing him voluntarily admit defeat, Yue Feng nodded, and then smiled: "What about the bet?" Phew

!

At this moment, Xie Zhen's face was extremely pale, his fists clenched tightly, and he didn't answer.

I just made a bet with Yue Feng, whoever loses will kneel down and admit his mistake, but he is the head of the dignified longevity sect, how can he lose this person?

"Alas!"

At this time, Ren Peng couldn't bear it anymore, looked at Yue Feng with complicated eyes, and shouted, "My master has already conceded defeat, what do you want? Don't be too aggressive!"

Mad, this person is only Ye Zhixin's Junior brother, he is not the head of Yuyao Pavilion, so there is no need for master to kneel to him and admit his mistake.

As soon as the words fell, Hongxiu couldn't help but retort: "You were the one who wanted to increase the bet just now. Now that you lose, you won't admit it. Are you all so unbelievable in the longevity door?"

"You..." Ren Peng's face flushed, but he was speechless.

call!

At this moment, Xie Zhen clenched his teeth tightly, and almost squeezed out two words from between his teeth: "I kneel." The

voice fell, Xie Zhen knelt in front of Yue Feng with his knees bent, and said, "I offended a lot just now, Please forgive me!"

When he said this, Xie Zhen's face showed deep resentment, Yuyao Pavilion waited for me, and when the Supreme Conference, the humiliation at this time must be doubled back!

Thinking to himself, Xie Zhen didn't wait for Yue Feng to respond, he got up quickly, raised his hand and waved: "Go!"

Hula!

In an instant, Ren Peng and the disciples of Longevity Sect followed Xie Zhen away cleanly.

Swish!

Chapter 2765

It wasn't until Xie Zhen and the others walked away that the female disciples like Hongxiu reacted, cheering and excited.

"Uncle Master is amazing!"

"Great, these crystal grasses are all ours!"

"It was originally ours..."

Ye Zhixin, who was on the side, also smiled and looked at Yue Feng in a complicated way.

He couldn't help but be highly skilled in medicine, and he also had such profound accomplishments in the art of alchemy.

Soon, the female disciples of Hongxiu, after collecting all the crystal fairy grass, set off on the road again.

A few hours later, Yue Feng and Ye Zhixin finally arrived at Beiyong Imperial City.

call!

The moment he entered the city gate, looking at the bustling street in front of him, Yue Feng took a deep breath, feeling somewhat inexplicable.

I saw that because the Supreme Conference was going to be held, the streets of the entire Beiyong Imperial City were almost crowded with people, and in the Kyushu continent, almost all the large and small sects came.

It was the Beiyong Palace that held the Supreme Conference, so the sects who received the invitation were arranged to rest in the courtyard of the palace.

Yue Feng, Ye Zhixin and the others crossed the street and walked towards the palace.

“Please show the invitation letter!”

As soon as they arrived at the gate of the palace, Yue Feng and others were stopped by two palace maids.

These two palace maids, both in their twenties, have the same bun on their heads and wear long court dresses. They are slim and charming!

Yue Feng clearly felt that the strength of these two palace maids was not low, and they were actually a Martial Emperor!

As expected of the Beiyong Palace, the maids received at the entrance of the palace are all so powerful!

Just when Yue Feng was sighing, Ye Zhixin took out the invitation letter.

“It turned out to be the head of Yuyao Pavilion, you are welcome to participate in this supreme meeting!” The maid said with a smile.

In the next second, the two maids invited Yue Feng and the others in: “Sect Master Ye, the Empress has already arranged a place for you to rest, the Supreme Conference will be officially held tomorrow, you all come with me first!”

Phew!

Ye Zhixin breathed a sigh of relief, nodded, and then took Yue Feng and the others, followed by the two palace maids, into the garden!

A few minutes later, in front of a unique pavilion, the two palace maids left.

call!

At this moment, looking at the beautiful surroundings, the magnificent pavilion, and the female disciples with red sleeves, they were all inexplicably excited.

“Tomorrow’s Supreme Conference will start!” At this time, Ye Zhixin looked around and ordered: “Everyone, take a good rest, remember, this is the Imperial Palace, don’t wander if you have nothing to do.”

After speaking, Ye Zhixin returned to her own place. Room to rest!

The red sleeves were a little disappointed, but they still went back to their rooms obediently!

call!

At this moment, Yue Feng also pretended to go back to the room, but seeing that it was getting dark outside, he slipped out quietly.

Earlier, Yue Feng told Ye Zhixin that joining Yuyao Pavilion to participate in the Supreme Conference was just an expedient measure. The real purpose was to infiltrate the Beiyong Imperial City and investigate Zhang Jiao’s situation. rest?

What the hell!

After going out, Yue Feng was very emotional, Mad, this Beiyong Palace is really too big. Speaking of which, he has been here many times before, and at this time in this other garden, he is still a little dizzy.

Yue Feng could clearly see that there were hundreds of palaces in this palace.

In front of each palace, there is a sign with the names of the participating sects, such as Shaolin Sect in Diyu Continent, Danzong in Dongao Continent, Famous Sword Villa in Yellow Sea Continent, etc.

At the same time, Yue Feng also discovered that A place for a restless organization!

Nima!

I heard that Zhang Jiao was named King of Beiyong by Chang’e. Chang’e knew in advance that the fake Yue Feng was Zhang Jiao’s man, so why should he be named king?

In addition, the Wutian Organization is secretive, and at this time, it has participated in the Supreme Conference in a grand manner.

Thinking of this, Yue Feng suddenly raised countless questions in his heart!
