

The ultimate husband in Chinese chapter 3111-3115

Chapter 3111

At this time, Wen Chou Chou sat there and couldn't help taking a deep breath, feeling very complicated.

In the past few days, Wen Chou Chou has been trying to fight the iron chain, but he was too weak and failed. This made Wen Chou Chou very annoyed, and what made him even more inexplicably disturbed was that the soul contract between himself and Hades seemed to have happened. Variety.

At this time, Wen Chou Chou still didn't know that a lot of things had happened in the past few days. Duan Yu devoured the power of Pluto and replaced it, becoming the new Pluto.

Shasha...

Just when Wen Chou Chou was secretly depressed, he heard footsteps outside, very light and light.

Immediately afterwards, the dungeon door was pushed open, and a figure walked in. The person who came had the head of a deer, with cunning flashes in his eyes. It was White Horse's confidant Huang Qiang.

Seeing Huang Qiang, Wen Chou Chou secretly frowned.

"Palace Master Wen!"

When he got to the front, Huang Qiang squeezed out a smile, and said to please: "How do you feel after staying here for a few days?"

Wen Chou Chou sneered: "If you come to see my joke, you will be disappointed. , in ten days and a half months, Lao Tzu will not die."

Bai Ma is sinister and despicable, and Huang Qiang is his minion, so Wen Chou Chou will naturally not have a good face.

Uh...

Seeing Wen Chou Chou's attitude, Huang Qiang was very embarrassed, but he still smiled and said, "Palace Master Wen, don't be so rude, my subordinates are here to care about you."

When he said this, Huang Qiang looked serious, but his eyes flashed with cunning.

This Huang Qiang is also cunning by nature. There was no news of the white horse for a few days, and suddenly he had a different heart, so he wanted to come to Wen Chou Chou to get some benefits.

Care about me?

Hearing this, Wen Chou Chou couldn't help sneering: "Don't come here, tell me, what should Bai Ma tell you to do with me?"

"Palace Master Wen!" Huang Qiang hurriedly said: "It wasn't Bai Ma who sent me here, but I came to find you myself. Speaking of which, the white horse took the position of the palace master and imprisoned you. It was a complete crime, and the subordinates couldn't stand it for a long time. This adventure came in with the intention of letting you go out! "

Really?" Wen Chou Chou looked at Huang Qiang up and down, and said lightly, "I'm afraid it's not that simple, right?"

Wen Chou Chou thought about it, and at a glance, it was obvious that Huang Qiang had other plans.

"Hehe..."

Huang Qiang smiled and leaned over to say, "Palace Master Wen is indeed resourceful and far-sighted, yes, there are conditions for this subordinate to take such a big risk. I'll let you go, how about it?"

Yes, Huang Qiang's purpose is to get the practice of moving flowers and connecting trees, you must know that moving flowers and connecting trees is the secret book of the hall of longevity, only the master of the hall can practice, Huang Qiang has been coveted for a long time.

Hehe...

Hearing this, Wen Chou Chou laughed out loud on the spot, too lazy to talk nonsense: "Just a shameless villain like you, you also want to get the unique skills of the longevity hall? Hurry up and don't let the old man get dirty.

" Talk, resolutely, resolutely and mercilessly.

Swish!

Huang Qiang's face changed suddenly, it was extremely ugly, and at the same time, he was also angry.

“Ma De!” In the

next second, Huang Qiang’s face was hideous, showing his true face, he pulled out his dagger, placed it against Wen Chou Chou’s heart, and said viciously: “I don’t know how to lift up, Wen Chou Chou, you think you are still the high-level Hall Master of the Palace of Longevity. ? Now you are just a prisoner, hand over the secret book quickly, otherwise, I will let you die without a burial place.”

However, Wen Chou Chou did not panic at all, but stared at him coldly with contempt in his eyes.

“Looking for death!”

Wen Chou Chou’s gaze completely angered Huang Qiang, and with a howl, the dagger stabbed fiercely.

Seeing that the dagger was about to pierce his heart, Wen Chou Chou was tied with chains on his hands and feet, unable to fight back.

Whoa!

In the next second, a crisp sound was heard, and then the chain on Wen Chou Chou’s hand snapped. It turned out that the moment Wen Chou Chou leaned to dodge, the dagger accidentally cut off the chain in his hand.

Chapter 3112

Huh?

Seeing that the iron chain on Wen Chou Chou’s hand was accidentally cut off by himself, Huang Qiang was shocked and immediately stunned.

“Shameless villain!”

At this moment, Wen Chou Chou shouted angrily, suddenly raised his right hand, and slapped Huang Qiang with his palm.

After being detained for so many days, Wen Chou Chou was extremely weak, but he did his best for this palm.

boom!

Huang Qiang hadn’t regained his senses yet, and he didn’t have time to dodge. He let out a miserable howl, and flew out, tens of meters away, and finally slammed into the wall at the entrance of the cave, before sliding down softly.

Pfft....

At the moment of landing, Huang Qiang spurted out a mouthful of blood, and immediately lost his breath. He didn't even think about it when he was about to die, and he ventured in to seek benefits from Wen Chou Chou.

Huang Qiang was killed with one palm, and Wen Chou Chou's remaining internal strength was almost exhausted. He was so tired that he sat there gasping for breath.

Click click!

After resting for a while, Wen Chou Chou slowly stood up, picked up the dagger that had fallen on the ground, and cut off the chain on his feet. Then prepare to leave the cave.

Boom...

But at this moment, there was a roar from the entrance of the cave, soil and gravel crashed down, the entire cave collapsed at once, and the entrance was sealed tightly.

Obviously, this cave has been abandoned for a long time. Just now, Huang Qiang was knocked flying by a palm, and his body was smashed at the entrance, causing the collapse.

What the hell!

Seeing this scene, Wen Chou Chou was shocked and angry, and wanted to cry without tears.

I thought I could take the opportunity to escape, but I didn't expect that I was completely in a desperate situation.

Is this his destiny?

At this moment, Wen Chou Chou was full of bitterness, took a few steps back and leaned against the stone wall, feeling extremely bad.

Clap la la...

And at this moment, I heard a piece of gravel slide down from the stone wall behind me, revealing a fist-sized hole.

Um?

Wen Chou Chou was stunned there, uncertain, but he could clearly feel that there was a faint wind blowing from the entrance of the hole, revealing a hint of coldness.

Strangely, in this abandoned cave, there is actually another universe.

Thinking to himself, Wen Chou Chou immediately squatted down and started digging the hole with the dagger in his hand.

In a short while, the hole was digging bigger and bigger!

hiss!

At this moment, seeing the situation inside, Wen Chou Chou was shocked and completely stunned!

As you can see, the steps extend down, this is not a natural cave at all, but a secret passage. Wen Chou Chou saw that the stone walls on both sides are engraved with simple patterns, which are obviously old.

In shock, Wen Chou Chou walked in directly.

The further down he went, the more surprised Wen Chou Chou felt in his heart. There was no end in sight of the steps in front of him, and he didn't know how long they were. Not only that, but there was also a faint chill in the pervading cold and yin air. gas.

hiss!

I don't know how long it took, but finally, Wen Chou Chou came to the end of the stone steps. Wen Chou Chou was completely stunned by the scene in front of him.

Chapter 3113 What is

presented in front of you is a huge open space! And in this open space, there was a black army lined up neatly, a total of hundreds of thousands of people, all blood-red black armor, holding a black iron long knife, murderous aura.

This.... this secret passage is underground, how can there be an army?

Shocked, utterly shocked.

Soon, Wen Chou Chou realized that something was wrong.

I saw the army in front of me. The soldiers were riding black horses, neatly arranged, but they didn't move, like statues. Every soldier was very burly, but his face showed a dead gray, obviously dead. It has been a long time, but there is no sign of decay in the body, and it seems that it can come back to life at any time.

In front of this army, there is a huge stone platform on which is placed a tiger talisman and a volume of Zongwen.

Wen Chou Chou walked over curiously, unfolded Zong Wen, and read word by word: "My name is Sima Yunfei, General Xuan Jia of Da Wu Zhou..."

Da Wu Zhou?

At this moment, Wen Chou Chou only felt his brain buzzing.

Wen Chou Chou is familiar with ancient books and has read a historical document about the Nanyun Continent. He clearly remembers that before the current Nanyun royal family, there was a Dawu Zhou Dynasty that ruled the Nanyun Continent for nearly a thousand years. At that time, the Dawu Zhou Dynasty, once established a black armored cavalry, called the blood Buddha, this blood Buddha is brave and good at fighting, invincible, and the commander of the blood Buddha is called an admiral.

Later, the Dawu Zhou Dynasty was overthrown, and the blood Buddha army also mysteriously disappeared.

Could it be that the army in front of him is the Blood Buddha?

Under the shock, Wen Chou Chou looked at Zong Wen and continued reading: "I heard about Long's mutiny recently. I led the generals and quickly supported the imperial capital at the border. How could I know that while resting on the way, I was lurking in the army by Long's spies. I was poisoned, and none of the 180,000 soldiers were spared, and I couldn't help but die..."

"Later... Long's traitors seized the throne, and in order to prevent the scandal from being exposed, all my 180,000 soldiers were buried underground... .. I and all the officers and men failed to repay the favor of the emperor, and died in anger, and the resentment lingered in death, only one day to see the sun again..." At the

end of reading, Wen Chou Chou's heart trembled, and it was difficult for him to calm down for a long time.

It is no wonder that there are very few ancient books about Xuanjia iron in the history books. It turned out that when the Dawu Zhou Dynasty was destroyed, the soldiers of the entire Xuefutu were poisoned by the enemy with despicable methods, and then all were buried.

And these 180,000 blood slaughtered soldiers died because of anger.

Speaking of which, if it was before, Wen Chou Chou would never have figured it out, but after becoming the messenger of Pluto, he understood a lot. For example, the soldiers in front of the blood slaughter died because of anger, and the ghosts did not want to leave the body after death. .

Swish!

Just when Wen Chou Chou secretly sighed, all of a sudden, the blood buddha soldiers under the stage, each with a cold light flashing in his eyes, directly locked Wen Chou Chou.

Oops!

Suddenly locked in the eyes of so many dead people, Wen Chou Chou's heart trembled and he shuddered.

Although the soldiers of these blood slaughterhouses have been dead for a long time, they still have some consciousness because of their grievances and ghosts. It was a complete offense to stumble into their dormant place by mistake.

call!

Panicked, Wen Chou Chou tried his best to calm himself down. After taking a deep breath, he subconsciously picked up the tiger talisman on the stage as a weapon, and said nervously, "All blood buddha soldiers, I didn't mean to offend, I just came here unintentionally."

I am very sympathetic to what you have suffered, but it has been so long, you should rest in peace."

As he said, Wen Chou Chou blocked the tiger talisman in front of him to prevent the bloody Buddha army in front of him, the dagger on his body, I lost it when I dug a hole just now, and I can only use the tiger talisman as a weapon.

Pfft...

But what Wen Chou Chou didn't expect was that the blood slaughtered army in front of him did not launch an attack, but bent his knees one by one and knelt down directly to him.

This...

This time, Wen Chou Chou is completely stupid. The hundreds of thousands of troops kneeling in front of him is too shocking. It is difficult for anyone to calm down about this matter.

what's going on?

A few seconds later, Wen Chou Chou reacted, and when he saw the tiger talisman in his hand, he immediately understood.

Chapter 3114

It is said that the soldiers of the Blood Buddha are strictly disciplined and regard military orders as mountains, and the tiger talisman symbolizes the supremacy of the monarchy.

Knowing this, Wen Chou Chou was both surprised and delighted.

“All soldiers, get up!” The

next second, Wen Chou Chou cleared his throat and said slowly.

Whoa!

As soon as the words fell, hundreds of thousands of blood slaughtered soldiers stood up in unison, and no one responded, each and everyone was filled with a deadly coldness, but the momentum was shocking.

If there are other people around, you will definitely be shocked by the scene in front of you. It is incredible that an army that has been dead for thousands of years can still obey the command, but it did happen.

.....

On the other side, the border of Nanyun Continent, Longmen Pass!

Longmen Pass is a frontier fortress in the Nanyun Continent. The environment is dangerous, it is easy to defend and difficult to attack.

I saw that in the wilderness more than ten miles outside the city, a dense army of death was constantly gathering, and the breath of death enveloped the whole world.

On the tower of Longmen Pass, the Nanyun defenders were waiting in full force, but every soldier's face showed a panic from the bottom of his heart.

The army of death in front of them, even the brave and skilled Rakshasa clan could not stop them. How could a small Longmen Pass be able to defeat them?

In order to resist the army of death, the people of Longmen Pass have all been evacuated under the arrangement of the defending generals. Not only that, the various sects of the Kyushu mainland have also come to support them one after another.

At this moment, on the official road in the northwest of Longmen Pass, Yue Feng and Ren Yingying are coming quickly.

I go!

At this time, looking at the Longmen Pass not far away, both Yue Feng and Ren Yingying were all stunned.

I saw that on the city wall of Longmen Pass, the densely packed soldiers were all standing there, all of them holding long swords, waiting in full force, and defense deployments were also made on the outside of the city gate!

At this time, the Longmen Pass can be said to be heavily guarded, like a copper wall and an iron wall, and not a fly can fly in.

And in the vast field a few miles away from Longmen Pass, nearly a million dead armies are gathering. These dead armies are all people who died in the Chaos Mountains three years ago, some are Kyushu soldiers, some are Rakshasa warriors, gathered together, Gives a feeling of being in hell.

From far away, you can feel a strong breath of death.

Nima, this Jed has gathered so many dead warriors!

After being stunned for a few seconds, Yue Feng calmed down, greeted Ren Yingying and everyone, and hurriedly entered the Longmen Pass.

When I got inside, I saw many sects coming, there were hundreds of thousands, but compared to Jed's army of millions of deaths, it still paled in comparison.

strangeness!

Yue Feng looked around, not only frowning secretly, but the Nayun border was at stake, why didn't he see the Queen and Long Qianyu?

At this time, Yue Feng did not know that the Queen and Long Qianyu had been imprisoned by Long Yaotian.

Whew wow...

Just when Yue Feng was muttering secretly, he heard footsteps coming from outside the city, and then someone exclaimed: "Quick, the other party is calling!"

Hearing the voice, all the sect masters It was taken aback, and immediately flew up and landed on the city wall, ready to start to meet the enemy.

Whoosh!

Yue Feng didn't have time to think about it, his inner strength urged him to fly high into the sky, and when he looked out of the city, he saw an army of millions of dead, slowly advancing.

"I'm here to see the power of these dead armies!" A cold voice came from Yue Feng's mouth, and then he waved Fang Tianhua halberd, and a blood-colored light condensed.

“Blood battles in all directions!”

Yue Feng roared, Fang Tian drew a halberd and pointed at the army of death!

hum!

Chapter 3115 The

bloody light, like a thunder and lightning, swept down and slammed into the army of millions. I saw a violent roar, and nearly a thousand dead soldiers were sent flying.

Seeing this scene, whether it is the defenders of Longmen Pass or the major sects, they are very excited.

As expected of the Sect Master of Tianmen, with such a strong strength, these death armies are not to be feared at all.

“Haha, Fengzi, I’m here to help you...”

At this moment, Sun Dasheng laughed loudly, his body filled with fighting intent, and he also flew high into the sky, waving the sky-opening axe, and bursts of golden beams blasted towards the army of millions.

Boom, boom, boom!

With a roar, I saw another one fell among the army of millions of dead, nearly ten thousand people.

Seeing this scene, Yue Feng and Sun Dasheng looked at each other and smiled.

What army of death is not vulnerable.

However, the next second, an astonishing scene appeared, and I saw the downed death warriors stand up tremblingly, the wounds on their bodies seemed shocking, but there was no blood flowing out.

Obviously, the outbreak of Yue Feng and Sun Dasheng just now did not cause fundamental damage.

Whoa!

In an instant, the entire Longmen Gate was in an uproar, and everyone was stunned.

what’s going on? Can these dead armies kill?

At the same time, Yue Feng and Sun Dasheng, who were suspended in mid-air, also frowned secretly, their eyes dignified.

Nima, if you don't die like this, how can you fight?

"Hahaha..."

At this moment, a burst of laughter came, and then, over the army of death, a figure quickly flew over, dressed in black armor and looking arrogant, it was Jed.

"Yue Feng!"

At this time, Jade faced Yue Feng in the air, his tone full of contempt: "The Rakshasa clan has been defeated, and the Kyushu continent will not be my opponent when you unite, so you should surrender obediently. "

Surrender?

Hearing this, Yue Feng smiled coldly, met Jade's gaze, fearless, and his voice spread throughout the audience: "Jede, you betrayed the Rakshasa clan and took refuge in Hades, you are no longer a human being. You surrender, isn't it even worse than you?"

He said, neither humble nor arrogant.

"You are courting death."

Hearing this, Jed's face flushed, and he only felt greatly humiliated. In his heart, he never felt that he had betrayed the Rakshasa clan, and Yue Feng was a traitor, which was simply unbearable.

Feeling Jade's anger, Yue Feng didn't panic at all, and sneered: "You betrayed your clan and took refuge in Hades. Heaven and earth will not tolerate it. Even if you have an army of millions of dead, you are just a soulless poor bastard!

" !"

Jed was completely furious and roared frantically: "The whole army attack, let me level the gantry gate, not a single one!" The

voice fell, and the army of millions of deaths let out a howl, rushing up like a tide.

Jed hovered in mid-air, madness flashing in his eyes.

Even if Yue Feng and the major sects came, they couldn't stop his army of death.

"Everyone..."

Looking at the army of death swarming up, Yue Feng took a deep breath, turned back and shouted at the people at Longmenguan: "The way of heaven will last forever, evil is invincible, kill me!"

The voice fell, and the guards of the major sects and Longmenguan responded loudly as if they had been beaten with blood.

"That's right, evil can't overcome righteousness, kill it!" In the

next second, everyone rushed out of the Dragon Gate Pass and fought fiercely with the army of millions of dead.
