Chapter 3331

"Yue Feng!" Yue Feng reacted and responded.

Yarina nodded and continued to ask: "Where did you get this jade piece from?"

When she said this, Yarina's delicate face was full of expectations.

call!

Yue Feng breathed a sigh of relief, and answered truthfully: "I got this at an auction!"
After

speaking, Yue Feng continued: "Listen to you, this is part of your holy book of jade, which can make me Have a look at this holy scripture jade book?"

The words on the jade piece are ancient writings from the Kyushu continent, since there are still many in this temple of light, Yue Feng will naturally not miss the opportunity.

Whoa!

When the voice fell, whether it was Yarina or the surrounding paladins, their expressions changed.

"You are so daring!" The Golden Lion Paladin was the first to react, rushed over and kicked Yue Feng, scolding: "The Holy Code Jade Book is the holy relic of our Guangming Temple, how can I show it to you?"

Nima!

Yue Feng was very annoyed, and at the same time was a little bit dumbfounded.

"It's really interesting."

Yue Feng scratched his head and said helplessly: "You guys caught me back because of this jade piece, but you didn't let me see it. Besides, on this continent, apart from me, I'm afraid No one can recognize the words above."

What?

This chapter is provided by . Visit for daily update.

Hearing this, the entire temple fell silent.

Yarina and the surrounding paladins stared at Yue Feng, thinking they had heard it wrong.

“you...”

Finally, Yalina reacted and couldn't help but said to Yue Feng, “Do you know the words above?”

When she said this, Yalina couldn't hide her excitement.

Two thousand years ago, a legendary figure in the mainland, Mr. Fu Yi founded the Temple of Light, dedicated to safeguarding the justice of the world.

Afterwards, Lord Fu Yi secretly selected a talented girl in the entire Roland Continent, and cultivated her into a goddess of light to lead the Temple of Light.

After the creation of the Temple of Light, Master Fu Yi left behind a cultivation technique and a holy book of jade, and then he broke the void and left.

For thousands of years, every goddess of light has been able to successfully practice the exercises, but the holy book of jade left by Lord Fu Yi has never been able to comprehend.

At this time, Yalina is already the twenty-sixth generation of the goddess of light, and there is half a volume left in the holy book of jade, but Yalina has been studying for several years and has no clue.

However, this Yue Feng in front of him actually said that he knew the words above, how could he not be excited?

Uh...

Sensing the expectation in Yarina's eyes, Yue Feng was very puzzled.

Even if I know the words above, I don't need to be so excited.

“Boy!”

At this time, the Golden Lion Paladin came over and said coldly to Yue Feng: “I warn you, this is the Temple of Light, you better think clearly before you speak, if you dare to deceive His Highness the Goddess, you will be at your own risk. !”

Said, the Golden Lion Paladin continued: “The Holy Book of Jade is a sacred relic left by Lord Fu Yi back then, are you sure you know the words on it?”

Lord Fu Yi?

Hearing this, Yue Feng was stunned for a moment, and then he couldn't help laughing.

No wonder the jade tablets are engraved with ancient characters from the continent of Kyushu, which turned out to be left by Fuxi.

Thinking to himself, Yue Feng couldn't help laughing: "It turned out to be something left by Lord Fu Yi, no wonder. I really didn't lie to you, because I am a descendant of Lord Fu Yi. What's strange about knowing the words above? ?"

What?

The voice fell, and the entire hall was silent.

Whether it was Arina or the surrounding paladins, they were all stunned.

What did he just say?

He...he is the descendant of Lord Fu Yi?

Chapter 3332

"Good boy!"

Finally, the golden lion reacted and yelled at Yue Feng: "You are getting more and more courageous, and dare to say that you are the descendant of Lord Fu Yi." Lord Fu Yi is the founder of Guangming Sage The ancestors of the temple, a legendary figure passed down through the ages, and this Yue Feng dared to pretend to be his descendant was simply disrespectful.

Moreover, there is a record in the Temple of Light, Lord Fu Yi left the void two thousand years ago, how could there be descendants.

As soon as the words fell, the other holy knights around, one by one, calmed down, glared at Yue Feng, and scolded.

"That's right, this kid is so daring, he doesn't care about the Temple of Light at all!"

"Stop talking nonsense with him, just kill him!"

"Yes, kill him!"

"Paladins, all of them exploded their inner strength and locked Yue Feng!"

For a time, the atmosphere of the entire temple was extremely solemn and full of gunpowder.

At the same time, Yarina also frowned, with a trace of anger in her eyes.

This man is getting more and more outrageous!

Like the twelve paladins, Yarina also thought that Yue Feng was talking nonsense.

Ugh!

Hearing the reprimands, Yue Feng sighed and said helplessly: "If you don't believe the truth, then I can't do anything about it! By the way, the jade piece has the words 'Chang Yun Tian Dao...' written on it. This is an ancient script that no one can understand except the descendants of Lord Fu Yi!"

Hearing this, the temple fell silent again.

He... does he really recognize the words above?

But what he said is true or false, and it cannot be verified.

"Okay!"

Finally, Yarina stood up slowly, looked at Yue Feng, and a soft voice came out of her mouth: "You said that you are the descendant of Lord Fu Yi, except that you can speak the words on the jade piece. , is there any other way to prove it?"

This...

Yue Feng pondered for a while, feeling a little embarrassed for a while.

His own alchemy technique is a must, but there is no such thing as alchemy in this continent.

After thinking about it, Yue Feng suddenly had an idea and smiled at Yarina: "When Lord Fuyi traveled to the mainland, he was very good at arranging troops, right!"

Doug, the city lord of Simon City, collected a collection of This book of Lord Fuyi records the innate gossip formation. From this, it can be inferred that two thousand years ago, Lord Fuyi showed the formation technique in front of the world.

"Not bad!" Yarina nodded.

Hearing the answer, Yue Feng said very easily: "If that's the case, then so be it, wait for His Highness the Goddess to assign me fifty people, let's play an offensive and defensive battle, if I win, it means that I am Fu Yi. The descendants of your lord, if you lose, you can deal with it, how about it?"

Wow...

Hearing this, the entire temple was in an uproar, and the twelve paladins looked at each other, thinking they had heard it wrong.

Is this kid going to compete with the Temple of Light?

who gave him the courage.

You must know that the Temple of Light is the most mysterious and most powerful place in the entire Roland Continent. Not to mention the offensive and defensive battles, there are twelve Holy Knights, and if you pull out any one, you can set off a shock in the six major duchies.

At this time, Yalina was also stunned, and then looked at Yue Feng and said: "Yue Feng, I appreciate your courage, well, I will give you a chance, then how do you compare this offensive and defensive battle?"

Yue Feng smiled and said slowly: "In this offensive and defensive battle, I only need fifty people to be responsible for the defense. Everyone present, you can lead as many people as you want, and within half an hour, you can disperse me. Formation, even if you win!"

What?

As soon as the voice fell, the entire temple suddenly exploded!

Crazy, so crazy.

Only fifty people are needed to challenge the entire Temple of Light.

Yarina also frowned secretly, this Yue Feng seems to be a little overconfident. There are only fifty people, and the formation is too fragile. How can it withstand the impact of thousands of troops?

Looking at Yarina's expression, Yue Feng's face was light and cloudy: "Your Highness Goddess, you can arrange someone for me now."

Chapter 3333

Yarina nodded, and then summoned fifty guards to lead Yue Feng.

Immediately afterwards, everyone left the temple and came to the outer square.

"Everyone!"

When he got outside, Yue Feng looked around at the twelve Paladins with a smile on his lips: "The game can start, who wants to come up and try?" The

voice fell, and the golden lion said coldly: "Boy, Don't be too crazy, I will lead a hundred guards and compare with you first!"

One hundred?

Yue Feng shook his head and said lightly: "With just a hundred people, I can't break my formation at all. I think, you twelve holy knights, come together!"

Shuh!

Yue Feng's words made Jin Shi feel humiliated, and said coldly: "Good boy, I think you are really outrageous."

After saying that, Jin Shi gritted his teeth and said to the other holy knights around him: "This boy is like this. Self-confidence, let's go together, I want to see how good this guy who claims to be the descendant of Lord Fu Yi is in the formation of troops!"

Hearing this, the other Paladins nodded, At the same time, looking at Yue Feng's eyes, anger flashed.

"Okay, I'll lead a team too, try his awesomeness!"

"And me!"

When he said this, the twelve Paladins each led a hundred people, adding up to a total of 1,200 people.

One thousand two hundred people, against fifty people, the difference between the numbers of the two sides is huge.

Seeing this scene, Yarina stood there quietly, without the slightest fluctuation on her face.

I don't know why, but looking at Yue Feng's indifferent face, Yalina has a feeling she can't tell.

Just leading fifty people, can he really win?

Soon, Yue Feng set up the formation.

At this time, the twelve Holy Knights, without any nonsense, launched an attack on their subordinates!

Whoa!

In an instant, the voices of the twelve paladins fell, and 1,200 people formed a charge formation, rushing towards Yue Feng like a tide.

Dozens of people, fighting against more than a thousand people, is simply hitting the stone with an egg!

However, Yue Feng did not panic at all. On the contrary, a smile appeared on Yue Feng's face when he saw more than a thousand people rushing up.

"You guys!"

Seeing that the other party was about to rush to the front, Yue Feng ordered the fifty people behind him: "Ten steps forward, you... fifteen steps to the right, and the rest, back five steps."

When he said this, Yue Feng's face was relaxed and leisurely.

The voice fell, and fifty people acted one after another and began to change their positions.

Whoops!

At this time, one thousand two hundred people from the other party had already rushed to the front, and all of them were surrounded by Yue Feng.

call!

Seeing this scene, Yarina shook her head secretly.

With such a huge disparity in strength, there is no suspense at all, this Yue Feng will definitely lose!

However, at this moment, a shocking scene appeared.

It was seen that the fifty guards, under the command of Yue Feng, cooperated closely with each other, and stood together like an iron wall.

What?

This Yue Feng, relying on fifty people, really blocked more than a thousand people?

Seeing this scene, Yalina's tender body trembled, and she looked at Yue Feng's eyes, full of shock. She clearly saw that the fifty people led by Yue Feng easily blocked more than a thousand people of the twelve holy knights. .

Chapter 3334

Nima!

How could this be?

At the same time, the golden lion and the remaining eleven paladins were also extremely furious.

This game is about the glory of the Temple of Light, and at this time, with the absolute advantage of the number of people, it is impossible to defeat the fifty people led by Yue Feng?

Shame, a great shame.

At this time, everyone in the Golden Lions did not know that Yue Feng deployed the Jiugong Bagua Array. This formation came from the Innate Bagua Array, but it was improved a lot. Not to mention 1,200 people, even if there are ten times more, it will be difficult to break through.

Frightened, the twelve holy knights of the Golden Lion used various methods to continuously attack Yue Feng, but what annoyed them was that the fifty people led by Yue Feng were as stable as Mount Tai like a thousand troops.

“Okay!”

Seeing that half an hour was about to pass, Yarina reacted and said slowly, “Everyone, please stop.”

Yarina could see that, even if half an hour were given, Jin Shi and others, Can't beat Yue Feng.

The voice fell, and the two sides immediately stopped.

At this time, Yalina concealed the shock in her heart and asked Yue Feng: “Yue Feng, how did you do it?”

Yue Feng smiled: “I used the Jiugong Bagua Array, when Lord Fu Yi used to do it. The innate gossip was created, and after improvement, it became the current nine palace gossip.”

Phew!

Hearing this, Yalina pondered for a moment, and finally nodded: “So, you are really the descendant of Lord Fu Yi. It's really an offense to catch you hastily in the Temple of Light!

” Yarina, no longer doubts Yue Feng’s identity.

Because this innate gossip is also recorded in the sacred book, since this Yue Feng can use the gossip, he must be the descendant of Lord Fu Yi.

Not only that, but Yarina’s attitude towards Yue Feng has also become much more polite.

Just now, Yue Feng used fifty people to fight against more than a thousand people, and he commanded with ease from start to finish, which must be admired.

Seeing Yarina admitting her identity, Yue Feng smiled slightly.

However, the Paladins like the Golden Lion were dissatisfied.

“His Royal Highness Goddess!”

At this time, the golden lion took the lead, his face full of unwillingness and anger: “Don’t believe this kid, he is lucky, and we were a little underestimated just now.” The

voice fell, the other Paladins, They also nodded.

Yarina frowned, glanced at the golden lion, and said coldly: “With more than a thousand people, you can’t defeat the formation of fifty people. How dare you say that you underestimate the enemy?”

“I...”

Jin The lion’s face turned red, and he didn’t know how to answer for a while.

Yarina ignored it, and her eyes fell on Yue Feng again.

“Mr. Yue Feng!” In the

next second, Yalina smiled and said politely: “Two thousand years ago, Lord Fu Yi broke the void and left this world. Can you tell me where he went?”

This. ..Yue

Feng pondered for a while, scratched his head, and said, “In fact, Lord Fu Yi did not break the void and left, but found a remote place to live in seclusion. In order not to be disturbed, he deliberately released news that he had left. this world.”

How could Yue Feng know whether Fuxi, who lived two thousand years ago, left this different world, so he could only make up a reason at will.

It was so!

Yarina believed it to be true, nodded suddenly, and then smiled: “Mr. Yue Feng, this Temple of Light was created by Lord Fuyi back then. The temple is very destined.”

Said, Yalina’s delicate face showed a bit of seriousness, and continued: “I have decided that from now on, you will be the saint of the Temple of Light. You have the same status as me, and you can do whatever you want. Mobilize anyone in the Temple of Light! What do you think?”

What? !

When the voice fell, the twelve Templar Knights of the Golden Lion were all stunned.

Chapter 3335

Not only that, but the surrounding guards were also in an uproar, and then, all eyes converged on Yue Feng, indescribably shocked and envious.

Holy?

At the same time, Yue Feng froze there, secretly rejoicing in his heart.

Haha... I didn’t expect that, by talking nonsense, I not only deceived this Holy Maiden of Light, but also mixed up the position of a Holy Venerable.

The right to be able to mobilize anyone in the Temple of Light is cool.

“His Royal Highness Goddess!”

Just when Yue Feng was secretly excited, he saw Jin Shi shouting anxiously: “Is this Yue Feng a descendant of Lord Fu Yi? I haven’t confirmed yet, how can I seal him? For the Holy Venerable? Moreover, he has no holy power at all, if he is caught in the future, won’t it damage the prestige of our Guangming Temple?”

When he said this, Jin Shi looked at Yue Feng’s eyes, revealing A bit of contempt.

At this moment, the other Paladins also spoke.

“Your Highness Goddess, think twice!”

“Yeah, this Yue Feng, apart from being lucky, has nothing special at all.”

The doubts from the crowd kept coming, and Yue Feng stood there with a leisurely expression on his face.

This group of people is really interesting, they obviously lost, but they still refused to admit it.

call!

Yalina frowned, very displeased, her eyes swept over the golden lions, and said coldly: "I have already decided on this matter, so don't talk too much!" The

voice was not loud, but it was clear There is a strong sense of oppression, no doubt.

I have to say, as the goddess of light, Yalina's aura is really strong.

Seeing that Yarina was a little angry, the golden lion didn't dare to say anything, and stepped aside, the other paladins also quickly shut their mouths.

The Goddess of Light, the supreme ruler of the Temple of Light, has supreme rights, and no one dares to violate her wishes.

"Mr. Yue Feng knows the words on the jade book, and he also knows the gossip array created by Lord Fuyi. These two points are enough to prove that he is the descendant of Lord Fuyi. What else do you doubt?" Yalina looked around. Circle, cold road.

Hearing this, Jin Shi and the others did not dare to talk nonsense.

call!

At this moment, Yue Feng felt extremely relaxed.

"Mr. Yue Feng!"

At this time, Yalina looked at Yue Feng and said with a smile: "It's too late, you will rest in the temple tonight, and I will send someone to take you out of here tomorrow, okay?"

"Okay!" Yue Feng nodded quickly, and couldn't help saying at the same time: "By the way, what kind of sacred book, can I look at it?"

This...

Yarina pondered: "You have a good rest first, I'll make a special trip to show you tomorrow!"

Hearing this, Yue Feng felt a little disappointed, but nodded anyway.

Afterwards, Yalina chatted with Yue Feng for a few more words, and asked Jin Shi to take Yue Feng to rest.

The Golden Lion was a little reluctant, but did not dare to go against it.

Soon, taking Yue Feng to the resting room, Jin Shi couldn't help but ask: "Are you really a descendant of Lord Fu Yi?"

Although he lost badly in the offensive and defensive battle just now, Jin Shi is arrogant and still doesn't like it. Believe in Yue Feng's identity.

Ha ha....

Yue Feng couldn't help laughing, this golden lion is really interesting.

Thinking to himself, Yue Feng smiled slightly: "Then you are willing to believe it?"

Jin Shi thought about it and said: "Master Fu Yi, is the greatest sage of Roland Continent. Apart from being very eloquent and knowing how to line up a little, I really don't see anything outstanding."

Hearing this, Yue Feng was very helpless: "In this case, do you dare to make a bet with me!"

The ultimate husband in Chinese chapter 3336-3340

Chapter 3336

"What bet?" Golden Lion frowned.

Yue Feng showed a smile and said slowly: "It's very simple, you let me tap on you, and before tomorrow morning, you must come and beg me! If I get it right, you must obey my orders wholeheartedly in the future. If you don't say it, you don't want the position of the Holy Venerable, how?"

What?

At this moment, Jin Shi was stunned for a moment, then laughed: "You can really blow it, just tap on me. I have to come and beg you before tomorrow morning? Well, I'll bet with you." The

voice fell . , Yue Feng didn't talk nonsense, he directly raised his hand and clicked on Jinshi's wind numb acupoint.

Fengma acupoint is one of the important acupoints in the human body. After being tapped, there will be no signs at first, but then, symptoms of soreness and numbness will appear on the body. The longer the time, the more serious the symptoms.

Yue Feng firmly believed that no one could hold back this numbness overnight, not even the Paladins.

After being tapped on the acupuncture point, Jin Shi didn't feel anything, thinking that Yue Feng was frightening himself, and couldn't help sneering: "I think you are pretending to be mysterious, and tomorrow morning, you will wait for me to drive you out of the Temple of Light."

After saying this, the golden lion strode away.

Yue Feng didn't care about the taunting of the golden lion at all, so he lay in the room and rested.

Before I knew it, it was late at night.

Bang Bang Bang...

At this time, Yue Feng was meditating and meditating when suddenly, he heard a knock on the door.

Yue Feng quickly opened the door and saw a temple maid standing outside respectfully.

"His Royal Highness, the goddess is invited!" The saint said softly.

This chapter is provided by . Visit for daily update.

Um?

Yue Feng was stunned. It was so late, what did the goddess do for him?

Muttering in his heart, Yue Feng didn't ask much, and followed the maid to the palace where the Goddess of Light rested.

call!

After arriving, Yue Feng was stunned when he saw the scene in front of him.

I saw that in the luxurious and elegant room, Yarina was wearing a long white dress, sitting there, holding some gems in her hand, deducing something, her serious look, indescribably charming.

Soon, Yue Feng could see that she was studying the formation.

After understanding this, Yue Feng was very shocked.

As expected of the goddess of light, it is too extravagant to use gems to deduce the formation.

“Mr. Yue Feng?”

Just when Yue Feng was secretly sighing, Ya Lina saw him with a look of joy.

Yue Feng stood at the door, feeling Yalina’s joy, and smiled slightly: “What’s the matter with Your Highness the goddess looking for me so late?”

Yalina smiled and greeted Yue Feng to come in, and then said: “Yue Feng Sir, don’t you want to read the sacred book of jade? It’s here!” Saying that, Yarina pointed to the half-scroll of the jade book on the table.

Yue Feng quickly picked it up and read it carefully.

call!

Soon, Yue Feng finished reading the half volume of the jade book, and he couldn’t hide his excitement, but at the same time, he was also a little depressed.

It turned out that in this jade book, in addition to some classic scriptures, it also wrote how to leave this world, but it was broken at key places.

Depressed, Yue Feng couldn’t help but ask, “Where is the second half of this jade book?”

At this moment, Yue Feng was very anxious.

Chapter 3337

After finding the second half of the volume, you can leave here and return to the mainland of Kyushu.

Yarina bit her lip lightly, and said very ashamedly: “A thousand years ago, a civil strife broke out in the Temple of Light, and the second half of the book disappeared.”

After speaking, Yarina continued: “But in recent years , I sent the Twelve Holy Knights to investigate the news all the time, and with some eyesight, I believe that I will soon be able to find the lost second half of the volume!”

Hearing this, Yue Feng felt a little better.

“Mr. Yue Feng!”

At this moment, Yalina bit her lip and hesitated: "Can you translate for me, what is written in the first half of the book?"

Yue Feng nodded, and then he said a sentence translate.

Yarina listened very seriously. After half an hour, she understood the mystery and couldn't help sighing: "So the content of this sacred book is so mysterious."

After speaking, Yarina continued: "By the way, the Nine Palaces Eight Trigrams array you used during the day, I have been studying for a long time just now, but I still can't comprehend it, can you teach me?"

Yarina's eyes were full of anticipation when she said this.

Yes, this is the real purpose of Yalina calling Yue Feng to come. In the temple during the day, there are so many people around watching, Yalina can't let go of her identity, so she can only meet Yue Feng alone at night, and ask for the formation.

call!

Seeing the expectation in Yarina's eyes, Yue Feng breathed a sigh of relief, and

said slowly: "You have never been in contact with the formation method. It may be a little difficult to learn it for the first time..." With that, Yue Feng picked up the gem on the table, began to cover up in detail how to deploy the array.

As the goddess of light, Yalina is talented and intelligent, and under the careful teaching of Yue Feng, she quickly understood the mystery, and her delicate face was full of amazement: "It's really amazing, no wonder fifty people can block one. Thousands of people are attacking..."

Excited, Yalina couldn't help but ask: "Mr. Yue Feng, is there any other formation besides this Nine Palaces Eight Trigrams formation?"

"Of course!" Yue Feng slightly With a smile, he nodded and said, "The formation technique is broad and profound, and the gossip formation is just an introduction!" Is the gossip formation just an introduction?

At this moment, Yalina was so excited that she couldn't help pulling Yue Feng's arm and said softly, "Mr. Yue Feng, you... can you be my teacher and teach me the formation?"

After seeing the mystery of the formation, Yalina was deeply attracted at once, and Yue Feng was still a descendant of Lord Fu Yi, so he was naturally qualified to be his own teacher.

What?

At this moment, Yue Feng was stunned.

Goddess of Light, do you want to recognize yourself as a teacher?

After being stunned for a few seconds, Yue Feng scratched his head and said with a smile: "Your Highness Goddess, you have a noble status, how can I be qualified to be your teacher!"

Yalina quickly shook her head: "Mr. Yue Feng, you are too modest. Now, you are the descendant of Lord Fu Yi, and the Temple of Light was created by Lord Fu Yi, you are most qualified to be my teacher!"

Saying that, Yalina bit her lip and took Yue Feng's arm: "Mr. Yue Feng, just accept me, okay!"

Gu Dong.

At this moment, listening to Yalina's coquettish tone, Yue Feng couldn't help swallowing his saliva.

Who would have thought that the aloof goddess of light would look like a little girl at this time.

With emotion, Yue Feng had no choice but to nod with a wry smile: "Okay, I agree."

Seeing Yue Feng finally agreeing, Yalina smiled wide-eyed: "The disciple has seen the teacher!"

Yue Feng smiled and said seriously: "However, I can't give you too much for the time being, because tomorrow morning, I will return to the mainland, and I have important things to do."

Hearing this, Yalina nodded repeatedly: "Okay, I will let Jinshi and the others go with you tomorrow, to protect the safety of the teacher at any time! Recently, someone under the guise of me has supported the Principality of Ziri to launch a war, and by the way, let them check the situation."

Chapter 3338

"No need!" Yue Feng didn't even think to refuse.

The most important thing for me now is to find Xiao Xi. How can I let the Paladins follow this kind of thing?

“Okay then!” Yarina didn’t force it, she smiled and said, “It’s getting late, teacher, let’s go to rest!”

When she said this, Yarina’s delicate face was full of tenderness, which was the same as the one she had before in St. The lofty attitude of the hall is completely different from the two.

Yue Feng nodded, bid farewell to Yarina, and returned to his room.

This sleep, Yue Feng slept soundly.

“Mr. Yue Feng!” Early the

next morning, an anxious voice came from outside the door.

Yue Feng rubbed his eyes, got up and opened the door. Seeing the scene outside, he suddenly burst into laughter.

Just saw the golden lion standing outside the door, twisting and twisting all over his body, looking very uncomfortable, and the expression on his face was even more difficult to laugh or cry.

“Mr. Yue Feng, oh no, it’s His Royal Highness!”

At the moment when the door was opened, the golden lion pleaded with Yue Feng as if he had grabbed a life-saving straw: “I was wrong, I offended a lot yesterday, please raise your hand and help me. I’ll treat it.”

After making a bet with Yue Feng last night, Jin Shi didn’t care at first, and even thought that Yue Feng was playing tricks, but soon he felt something was wrong. It lasted for a full night, and the golden lion was almost tortured to death.

Jin Shi realized that Yue Feng was really the descendant of Lord Fu Yi, and he rushed to beg for mercy early this morning.

Ha ha...

Seeing the pitiful appearance of the golden lion, Yue Feng couldn’t help laughing, nodded and said, “It’s good to know the mistake.” After saying that, he raised his hand and untied the wind numbness of the golden lion.

At this moment, the golden lion clearly felt that the unbearable tingling feeling all over his body disappeared suddenly, and he dropped to the ground with Yue Feng’s admiration: “His Royal Highness, from now on, I, the golden lion, would like to be loyal all my life. Yue Feng waved his hand and said lightly, ” It’s alright , alright, I’m

going to leave here soon. Help me prepare.” Ship to send Yuefeng to the island. call! At this moment, Yue Feng sat on the boat with ease, feeling very happy. I thought that this time I was caught in a bad way, but I never thought that I would become the saint of the Temple of Light and the teacher of the goddess of light. By the way, try to cultivate holy power. Under the pleasure, Yue Feng suddenly thought of something, so he sat cross-legged and began to practice holy power. When teaching Yarina’s formation last night, Yue Feng also asked Yarina about the holy power of this other world. Through in-depth understanding, Yue Feng learned that the biggest difference between the internal power and the holy power of the Kyushu continent is that one is restrained and the other is extroverted. Internal power requires Qi to transport the dantian, which travels through the meridians of the body, while holy power is to exercise one’s own limits, sense the energy, and then focus on bursting out. Yue Feng was extremely talented, and his comprehension far surpassed that of ordinary people, and he quickly understood the mystery. hum. Half an hour later, a powerful force lingered around Yue Feng, and at the same time, Yue Feng opened his eyes and burst out with two bright beams. Haha, success!

The holy king of the previous paragraph!

At this time, Yue Feng is very excited. He has strong internal strength, and he has a natural advantage compared to anyone in this world. He just practiced for half an hour, and he reached the upper-level holy king. At this speed, it will not take half an hour. month to reach the Holy Spirit.

The more Yue Feng thought about it, the more excited he became, and he couldn’t help laughing.

...

At this moment, the Temple of Light.

After Yue Feng left, Yarina called the twelve holy knights together.

“The Principality of Ziri is using my name to start a war on the mainland!” Yarina sat on the throne and looked around at the twelve Paladins: “This matter must be thoroughly investigated.”

Chapter 3339

said, Yarina waved her hand: “Okay, you can go!”

“Yes, Your Highness Goddess!” The

twelve Paladins agreed in unison, and then set off for the mainland.

...

the other side.

Crescent King City.

In the palace of Wangcheng, the king is sitting there, drinking fine wine.

In front of him, several beauties were dancing gracefully.

“It’s not good!”

At this moment, a guard walked in in a hurry, his face full of panic: “Your Majesty, the army of Zuri Principality has already broken through our two cities.”

When he said this, the guard was full of heads. He sweated profusely, his voice trembled.

What?

The king was startled, he immediately sat up straight, and said angrily: “How strong is the army of the Principality of Ziri?” A day ago, the king heard the news from the Principality of Ziri, and he didn’t take it to heart at all. The Grand Duchy, with equal strength to each other, even if a war is provoked, it will not last long.

“Your Majesty!” The guard wiped away his cold sweat and said cautiously, “The strength of the Principality of Ziri is similar to ours, except that they have the Goddess of Light in charge, their morale is greatly increased, and their momentum is like a rainbow. Our defenders can’t stop it. “

Goddess of Light?

The king was shocked and looked at the guard closely: “What are you saying is true?”
The

guard nodded repeatedly: “It is true, our defeated soldiers have seen this goddess of light with their own eyes. It is said that she is very beautiful and powerful. Unpredictable.”

Phew!

Hearing this, the king took a deep breath, and the whole person was a little dazed.

The goddess of light supports the Principality of Zuri, I thought it was a rumor, but I didn’t expect it to be true.

It’s just...why does the Goddess of Light support the Sunzader Principality?

The more the king thought about it, the more confused he became. After a few minutes, he gradually calmed down and ordered, "Quick, send an envoy immediately to ask for help from other duchies." The

so-called dead lips and teeth are cold, his own Crescent Principality is really about to be destroyed, and so will the other duchies. Dangerous, they won't just watch.

"Yes, Your Majesty the King!"

The guard quickly responded, and then walked out of the palace quickly.

At this time, the king was no longer in the mood to watch the dance, and waved his hand: "Okay, you all retire!"

It was really a headache to lose two cities at once.

Half an hour later, the request for help from the Crescent Principality quickly spread to the other four principalities. In an instant, these principalities were extremely shaken.

However, there were only two principalities who promised to help send troops to support them.

...

a day later, Storm City.

Storm City is a prosperous city in the northwest of the Crescent Principality. Two days ago, it was captured by the Sunrise Principality.

The Principality of Ziri is led by Abel, and at the same time, Miao Ying, the 'Goddess of Light', is in charge.

After capturing Storm City, Abel was preparing to attack the royal city of the Crescent Principality. However, at this time, the other two principalities suddenly sent troops to assist the Crescent Principality.

For a time, Abel was caught in a dilemma.

At this time, in the command post of Storm City!

Abel sat there, his face extremely gloomy. I thought that Miao Ying, the 'Goddess of Light' was in charge, and other duchies did not dare to act rashly, but they did not expect that two duchies would send troops to support the Crescent Principality.

Chapter 3340

Abel was very irritable at this time.

At present, the army of the two principalities, one is on its way, and the other is directly attacking the principality of Zuri.

In this case, I can only return to help as soon as possible. You must know that the main force of Zuri Principality has been brought out by myself, and the border defense is empty.

But if they returned to help, the Storm City, which was finally defeated, would have to give up.

Faced with this dilemma, Abel has a headache!

“Abel!”

At this moment, Miao Ying, who had been silent for a while, said softly, “How about you lead an army and go back to support, and I’ll take one to guard in Storm City.”

Saying this At that time, Miao Ying’s delicate face was full of seriousness.

When I was with Yue Feng before, I had learned some formations from Yue Feng, and defending a storm city was no problem at all.

To be honest, Miao Ying has no interest in fighting at all, but in order to find Yue Feng, she can only do this. More importantly, he promised the king of Zuri Principality to boost his morale as the goddess of light, and he could not break his promise.

Hahaha....

Seeing Miaoying speaking, Abel was very excited and said with joy: “Miss Miaoying said that, I really can’t ask for it.” Speaking of which, Abel was a little worried about Miaoying’s ability to command the army, you know, It’s not easy to defend the city, but thinking about Miaoying’s strength, I don’t worry anymore.

Before Miao Ying killed the lord of Flying Eagle Castle in one move, who is her opponent among the six duchies?

A few minutes later, Abel mobilized a large army and left Storm City.

...

the other side!

Yue Feng took a small boat and finally arrived at a seaside city after half a day of sailing.

This seaside city is called Tianzhao City and belongs to the Principality of Ziri.

Um?

As soon as he got ashore, Yue Feng could clearly hear that a fierce battle was breaking out outside Tianzhao City.

Hearing this, Yue Feng didn't think much, and hurried over.

call!

Outside the city, Yue Feng was stunned when he saw the scene in front of him.

I saw that in the open space outside the city, two large armies were fighting, and the number of both sides was not large, only tens of thousands of people, but the fighting was very fierce.

One of them, on the armor of the soldiers, was embroidered with the pattern of the scorching sun, which was the army of the Sun-Zhiking Principality, and the commander was Abel.

On the other side, is the army of the Principality of Tianxing.

A few hours ago, the Principality of Tianxing received help from the Principality of the Crescent Moon, and directly sent a large army to attack Tianzhao City. It happened that Abel led the army to come back for support, and the two sides fought directly.

At this time, the two sides had been fighting fiercely for half an hour, and they saw that the army led by Abel was already showing signs of defeat.

Speaking of which, Abel was strong and well-organized, so he would not be easily defeated, but after just a few hours of marching, the soldiers didn't rest much, and when they encountered the Tianxing army that was waiting, they naturally fell behind.

"Haha..."

At this time, Wen Liang, the commander of the Tianxing Army, laughed at Abel and said, "I didn't expect you to come back to support very quickly, but now the soldiers under your command are dying, I think, you should surrender quickly."

Phew!

Hearing this, Abel took a deep breath and said coldly: "I, Abel, never knew what surrender means. With me here today, don't even think about breaking Tianzhao City."
The

voice was not loud, but it spread throughout the entire battlefield.

Seeing this scene, Yue Feng couldn't help but nodded.

This man named Abel has blood.

Muttering in his heart, Yue Feng looked at Wen Liang and felt an indescribable disgust in his heart.

Half a month ago, Yue Feng was still a royal knight of the Principality of Tianxing, but after being framed, he was hunted down by the entire Principality of Tianxing. When he thought about it, Yue Feng couldn't say anything.
