

## The ultimate husband in Chinese chapter 3366-3370

Chapter 3366 The

voice fell, and Zhan Chao next to him couldn't help shouting: "Yes, you are really capable, and you can draw a picture!"

At the same time, other people around were also booing!

"That's right, what's the use of being pretty? Show your real skills." "Yes, draw a picture on the spot!"

"Hehe, I don't think he has the guts."

Taking a deep breath, he said to Yue Feng: "Fengtao, since everyone has said so, you can also paint a picture. Let's take a look at your painting skills."

At this time, the king was also very curious. Is this Feng Tao really able to paint, or is he just bragging.

The voice fell, the king raised his hand, and immediately someone prepared new drawing paper on the drawing table.

Seeing this scene, Abel and Hong Chang were a little dumbfounded.

They also felt that Yue Feng was a little too flamboyant today. Although he is very strong and has a good ability to lead troops and fights, but... in terms of painting, is he good at it?

At this moment, Zhan Chao walked over slowly and smiled faintly at Yue Feng: "Fengtao, since you have studied painting so much, you should have a good foundation. Let us have a look."

Futian next to him, look In Yue Feng's eyes, anger flashed.

I don't know how high the sky is, the boy will teach you to be a good person later.

Swish!

At the same time, many of the surrounding city lords were also staring at Yue Feng, and their eyes were full of teasing and ridicule.

This chapter is provided by . Visit for daily update.

Dare to compare painting with Tomita, I don't know how high the sky is!

At this time, everyone expected that Yue Feng would not dare to paint on the spot, and even if he agreed, he would not be able to paint any good works.

“Okay.”

Under everyone’s attention, Yue Feng nodded with a smile, then walked to the painting table and moved his wrists: “Since everyone wants to see it, then I will paint one, I haven’t painted it for a long time. , I don’t want to take advantage of this, I’ll just do it!”

Yue Feng said it right, before in the Kyushu mainland, painting was not a brush, but a professional brush, and this feather pen was the first time I used it!

Haha..

when I heard this, there was laughter around!

This kid can really blow, no, no, he even said that the pen is not good at hand!

Yue Feng ignored everyone’s ridicule, his expression was indifferent, he picked up the quill, began to color paint, and then drew on the paper.

Yue Feng also painted a landscape.

At first, everyone around them was sarcastic and contemptuous, but gradually, when they saw Yue Feng’s paintings, after seeing the prototype for the first time, many people closed their mouths.

Um?

The same is true for Tomita. At first, he always had a contemptuous smile on his face. After Yue Feng finished painting, his expression suddenly became solemn, and deep in his heart, he was also a little surprised.

I saw the peaks in Yue Feng’s painting, although there are only a few strokes, but they are full of artistic conception.

This...

For a moment, Zhan Chao was shaking in his heart, staring at the painting blankly, unable to speak for a long time.

This person can really draw, and he has such a solid foundation.

At the same time, everyone around was dumbfounded.

The landscape in front of me is more than one level higher than Tomita's painting, whether it is artistic conception, charm, or skill.

How could this be?

This seemingly inconspicuous guy has such a strong foundation in painting?

call!

Looking at everyone's expressions, Yue Feng smiled, but secretly heaved a sigh of relief!

I haven't written for so many years, but I'm not ashamed at last!

Thinking to himself, Yue Feng looked around, and finally his eyes fell on Futian. He said with a smile: "Futian City Lord, this is my landscape map, how much do you think it is different from yours?"

"I... ."

Chapter 3367

Hearing this, Tomita's face flushed red, and he couldn't tell the embarrassment, and said ashamed: "Mr. Fengtao's painting art is indeed better than me, I am really convinced!"

Seriously, bowed his head to Yue Feng To admit defeat, Tomita was ten thousand reluctant in his heart.

But it is an indisputable fact that the landscape pictures drawn by others in public are indeed better than their own.

"Tomita..."

At this moment, Zhan Chao was in a hurry, but he couldn't go on with only two words.

I thought that taking this opportunity today would allow Tomita to suppress Fengtao well, but he did not expect that Tomita, who is the number one painter, would actually lose to Fengtao.

quiet!

At this moment, the entire hall was silent.

Everyone's eyes are focused on Yue Feng, including the king!

“Haha!”

At this time, the king recovered from his amazement, unable to hide his excitement, and laughed at Yue Feng: “Yes, yes, this painting by Feng Tao is a masterpiece among the best. Come here, hang the painting in the inner hall and keep it as a Chinese painting.”

“Yes!” A maid quickly responded, then carefully put the painting away and brought it into the inner hall.

Seeing this scene, everyone looked at Yue Feng’s eyes with deep envy.

In particular, Tomita has mixed feelings in his heart.

You must know that, as the first painter in the Principality of Zuri, Tomita has painted so many paintings, and there has never been a painting that was regarded as a Chinese painting by the king.

“Ha ha..”

At this time, Abel was so excited and excited that he patted Yue Feng’s shoulder and said, “I really didn’t expect that Mr. Fengtao has such high attainments in painting. I admire, admire.”

The Hongshang next to her, Even more delicate body trembled, looking at Yue Feng closely, indescribable admiration.

This man is so powerful, he can’t do anything.

“Come on!”

At this time, the king smiled and raised his cup: “We have another great painter in the Principality of the Sun. It is gratifying that we will not be drunk today.”

Hearing this, everyone in the hall raised their hands. Pick up the wine glass.

“Your Majesty!”

But at this moment, a messenger rushed in in a panic: “Your Majesty, it’s not good, Storm City was taken back by the coalition forces, and the Goddess of Light was also arrested!”

What?

Hearing this, whether it was the king or the people around, there was an uproar.

“Impossible!”

Abel was the first to react, frowning and said: "The goddess of light is unfathomable, who can catch her?"

The messenger was sweating profusely, and panicked: "Originally, there was a goddess in Storm City. , there is no danger, but the twelve Paladins suddenly appeared..." The

Twelve Paladins?

Hearing this, Abel was shocked, and suddenly understood something.

It's broken, Miao Ying's impersonation of the goddess of light has been exposed.

At this time, the king was also shocked and looked at Abel: "Oops, Miss Miaoying's identity has been revealed."

What?

Originally Yue Feng was very calm, but when he heard Miao Ying's name suddenly, the whole person was stunned.

.....

On the other side, Storm City.

The weather is not very good today, the sky is overcast and overcast.

At this time, a wooden high platform was built outside Storm City.

Around the high platform, hundreds of thousands of coalition troops were lined up neatly, and not far away, there were many people standing on their feet and watching.

Before, the twelve holy knights joined forces to capture Miaoying and handed her over to Tian Yi. After Tian Yi led the army to occupy Storm City, he immediately ordered people to build a high platform and publicly executed Miaoying.

Chapter 3368

Wow!

At this moment, along with the sound of iron chains, I saw several soldiers escorting Miaoying out and slowly ascended the high platform.

At this time, Miao Ying's delicate face showed a bit of indifference, and she was not nervous at all about being captured.

As a fairy born in the illusory realm, Miao Ying is not only kind-hearted, but also has a tough personality, and is not afraid of death at all. More importantly, Miao Ying firmly believes that if Yue Feng is on this road, if she knows the news, she will definitely come to save herself. of.

But... after searching for so long, there is no news of him!

Is he really in this Roland continent?

Thinking about it, not only a little sadness flashed in Miao Ying's eyes.

call!

Seeing this scene, the onlookers at the scene gathered their eyes on Miaoying, and there were many discussions, some with emotion, some with regret.

"Such a beautiful woman pretends to be the Goddess of Light!"

"Yeah, what a pity!"

"But I have to say, this woman is really strong. If the Twelve Paladins hadn't appeared in time, I'd be afraid of the hundreds of thousands of coalition forces. , it is very difficult to break through Storm City."

Under the discussion, many men's eyes could not help but look at Miao Ying, all eyes were straight.

At this time, Miao Ying, although she was bound with iron chains, still couldn't hide her charming temperament, with her delicate face and perfect curves, any man would be unable to extricate himself when he saw her.

Facing the strange gazes around her, Miao Ying didn't care at all, but quietly looked at the distant sky in a trance.

He is about to be executed, will Yue Feng appear?

If Yue Feng was not in this continent, he would die if he died. Anyway, without Yue Feng's company, it would be meaningless to live alone here.

"Everyone!"

At this moment, Tian Yi slowly walked towards the high platform, first glanced at Miao Ying, and then looked around the audience and said loudly: "This woman, pretending to be the goddess of light, is extremely sinful, today I, Tian Yi, have the honor to get the Twelve Saints The knight's order, deal with this woman! All the people present testify that I am not killing innocent people, but doing justice for the sky." The

voice fell, Tian Yi looked at the time and waved his hand: "The hour has come, prepare to execute!"

"!

The words fell, and two soldiers came over, holding hemp ropes in their hands, ready to hang Miaoying.

In Roland Continent, executions are rarely performed by beheading, but by hanging.

Seeing this scene, Miao Ying slowly closed her eyes, feeling despair in her heart.

Yue Feng, I hope you are still alive now.

And I can't accompany you from now on.

call!

At this moment, the people watching from a distance, seeing the scene in front of them, all looked complicated.

Speaking of which, many people felt that it was a pity to hang Miao Ying, but none of them came out to beg for mercy. You must know that the Goddess of Light is the god of justice that the people of the entire Roland Continent believe in. She is a spiritual sustenance, and this woman faked the Goddess of Light. It is blaspheming the beliefs of the entire Roland Continent.

In this case, no one sympathized with Miaoying.

"Execution!" Tian Yi's eyes were cold, and he said coldly!

The voice fell, and the two soldiers tied the rope to Miaoying's jade neck.

hum!

However, at this critical moment, suddenly, in the sky not far away, a fiery red figure came quickly, like a shooting star.

At the same time, a very strong aura surged towards the high platform.

Dengdengdeng... Under

the impact of the aura fluctuation, whether it was Tian Yi or a few soldiers on the high platform, their bodies trembled, and they took a dozen steps back before they stabilized their figure!

Tian Yi was shocked and angry: "Who is making trouble?"

While shouting angrily, his eyes turned to the fiery red figure.

At the same time, the eyes of everyone present also converged.

Chapter 3369

Hiss!

What a beautiful woman.

At this moment, seeing the face of the other party clearly, whether it was Tian Yi or the others around, were all stunned, and at the same time he secretly took a breath of cold air.

I saw that it was a woman who was wearing a long red dress. She was astonishing, with a compact body and charming facial features, but her whole body was filled with a coldness that could not be blasphemed.

It is Yanhong!

Since Yue Feng left Pearl City, Yanhong has been following him. Half a day ago, while passing through Storm City, she learned that a woman had been caught pretending to be the Goddess of Light. Yanhong didn't care at the time, and later learned about this. The woman who pretended to be the goddess of light was called Miao Ying, Yan Hong was very surprised and rushed over immediately.

"You..."

At this time, Tian Yi was also stunned by Yanhong's beauty, but he quickly reacted and shouted, "Who are you?"

Yan Hong was too lazy to talk nonsense, and said lightly: "You don't deserve to know my name, I'm going to take this woman away!" After speaking, her jade hand went straight to Miaoying.

Although she has always been against Miao Ying, how can she see Miao Ying being executed by others?

The voice fell, and Yan Hong slowly landed on the high platform.

Swish!

Feeling Yanhong's contemptuous gaze, Tian Yi felt extremely humiliated and angry, and shouted: "Someone, take her down!"

This woman in red is not only arrogant, but also wants to rob the criminal. Why? Can you bear it?

Whoops!

The words fell, and the surrounding soldiers burst into holy energy, rushing towards Yan Hong.

Overcome!

Yan Hong sneered and gently raised her jade hand. In an instant, the air distorted and vibrated on the entire high platform!

Bang bang bang!

The terrifying aura swept up, and the soldiers who rushed up only felt a strong force, and they were shaken out one by one, and fell to the ground.

What?

Seeing this scene, everyone present was stunned.

This woman is so strong.

At the same time, Tian Yi was also stunned there, inexplicably panicked.

At this time, Yan Hong removed the iron chain and hemp rope from Miao Ying's body, and said lightly, "Follow me!" The tone was indifferent, without the slightest emotional fluctuation.

Miaoying was stunned and couldn't help but say, "You...why do you want to save me?"

In Miaoying's memory, Yanhong always wanted to compete with herself, and even wanted to get rid of herself many times. And today, he actually saved himself in public.

"Your life is mine, and if you want to die, you have to die in my hands." Yan Hong replied lightly, and immediately took Miaoying and flew high into the sky.

Mad!

Seeing this, Tian Yiqi's face turned black, and he shouted: "Stop her, stop them for me..."

Hearing the order, the surrounding soldiers chased after them. However, Yanhong's speed was too fast, how could they Can you catch up? In a blink of an eye, Yan Hong and Miao Ying disappeared from everyone's sight.

This!

Seeing this scene, the people watching from a distance suddenly burst into an uproar.

“Who is that woman?”

“She’s so strong.”

“Yes, and she’s so beautiful..”

Seeing Miao Ying being rescued, Tian Yi’s face was extremely ugly.

I thought that if this woman who pretended to be the goddess of light was disposed of in public today, she would be able to become famous in the Roland continent, but at a critical moment, people were left, and she was watched by so many people.

“Your Excellency!”

At this moment, a soldier came over and said cautiously, “What should I do now?”

Chapter 3370

Tian Yi was so annoyed that he didn’t have a good air: “What else can I do? Remove the platform, and strengthen the guards of Storm City.” Everyone was rescued, and he lost face, and the high platform for execution was also useless.

“Yes!”

Hearing this, the soldier hurriedly backed away, and after a while, the high platform was demolished.

...

On the other side, in the woods dozens of miles northwest of Storm City, Yan Hong and Miao Ying slowly landed.

“Yanhong!”

At the moment of landing, Miaoying couldn’t help but said: “Thank you, I thought you were trapped in the chaotic vortex, so you are all right.”

When she said this, Miaoying couldn’t say anything in her heart. easy.

I thought it was doomed this time, but I didn’t expect Yanhong to appear in time. Although it wasn’t Yue Feng who saved him, he was safe anyway.

Miao Ying's gratitude, but Yan Hong did not appreciate it at all, and said coldly: "What? You really hope that I will be trapped in the chaotic vortex? Without me, you can be with Yue Feng, right?"

"Yue Feng, Yan Hong couldn't tell the fire in her heart.

Kunlun in the Kyushu Continent was at the top of the mountain before, if Yue Feng suddenly dragged him, he would not have been involved in the vortex of chaos, and a few days ago in Pearl City, I thought that Yue Feng could be forced to soften, but the gang of trash in Pearl City, it made him run away.

"I..."

Miao Ying bit her lip lightly and said softly, "Yanhong, don't be like this, why are you always fighting against Yue Feng, in fact, they are very nice."

"Haha!" Yanhong smiled disdainfully. : "If you like him, of course you say he's good."  
The

more Miao Ying said good things to Yue Feng, the more disgusted Yan Hong became.

Swish!

At this moment, Miao Ying's delicate face suddenly turned red, shy and indescribably charming.

In the next second, Miao Ying thought of something, and quickly asked, "By the way, do you have any news about Yue Feng?"

"Yes!" Yan Hong nodded and replied, but her tone was still very cold.

Miao Ying suddenly became excited and couldn't help holding Yan Hong's hand: "Where is he? Can you take me to see him?" When she said this, Miao Ying's eyes were full of anticipation.

In order to find Yue Feng, Miao Ying did not hesitate to pretend to be the goddess of light, and became a sinner on this continent. Now that she finally has the news of Yue Feng, can you not be excited?

call!

Seeing Miao Ying's expression, Yanhong breathed a sigh of relief and showed a smile: "I can tell you where Yue Feng is, but you have to promise me one condition."

When saying this, Yanhong had a serious face, but her eyes were full of a bit cunning.

“What conditions?” Miao Ying asked without thinking.

Yanhong smiled slightly: “From now on, you will obey my arrangements in everything, you have to do whatever I ask you to do, if you agree, I will take you to see Yue Feng, if you don’t listen to me, You’ll never want to see him.”

Speaking of which, Yanhong didn’t want to threaten Miaoying like this, but she was very unhappy when she saw that she cared so much about Yue Feng.

“This...”

Hearing this, Miao Ying bit her lip tightly, her beautiful face full of entanglements.

Yanhong has a wicked personality, if she agrees, she will definitely let herself do some bad things.

But if you don’t agree, you won’t be able to see Yue Feng.

Seeing Miaoying’s hesitation, Yanhong lost her patience and couldn’t help urging: “Have you made up your mind, I don’t have the patience to spend time with you here.”

Miaoying sighed softly and had to nod her head: “Okay, I promise you!”

As long as you can find Yue Feng, everything you do is worth it.

.....

At this moment, in Storm City.

Miaoying was rescued, the high platform was demolished, and the people who were watching were scattered.

At this time, Tian Yi sat there in the hall of the City Lord’s Mansion with a gloomy expression on his face, because Miao Ying was rescued, and his anger had not subsided.
