Chapter 3391

Hearing this, the queen's delicate body trembled: "Mengyi, even if you kill me tonight, you won't get the support of the people..."

Before she could finish speaking, Mengyi interrupted .

"Of course I won't kill you myself." Meng Yi smiled evilly and said word by word, "It was these people around you who killed you. After they took your life, I will use the charge of an assassin. Catch them all."

"Wait until tomorrow morning, I will announce to the entire principality that you were killed by an assassin, and I will come to rescue you, but it is a step too late, and then everyone will elect a new king. "

And I am the most suitable candidate, understand?"

After the last sentence, Meng Yi laughed proudly.

"You..."

At this moment, the queen was so angry, her delicate body kept trembling, and she was speechless for a while.

At the same time, Yue Feng also frowned secretly.

Mad, this blindfold, let his subordinates pretend to be assassins to deal with the queen and get rid of the responsibility himself. This trick is really poisonous.

At this time, Meng Yi stopped talking nonsense, raised his hand and pointed at the Queen: "Kill her!"

Buzz...

In an instant, the people around burst out with holy energy and went towards the Queen!

Seeing everyone rushing over, the queen bit her lip tightly, her delicate face full of anger and coldness: "Mengyi, just these people want my life? You really underestimate me."

Om!

This chapter is provided by . Visit for daily update.

The voice fell, and a powerful holy force burst out from the Queen's body. In an instant, the air in the entire bedroom seemed to be stagnant.

The Queen is not only the ruler of the Principality of the Golden Lion, but her cultivation strength is also very strong.

“Crack!”

Then, with a crisp sound, a golden long sword appeared in the Queen's hand.

This golden long sword, made of special metal, is a symbol of the kingship of the Golden Lion, and only the kings of all dynasties can have it.

As soon as the golden sword came out, the entire bedroom was shrouded in a golden glow.

At this moment, everyone around was inexplicably panicked.

“What are you panicking about?”

Seeing this situation, Meng Yi frowned and shouted: “She is only one person, no matter how strong she is, it won't last long. As long as the big event is accomplished tonight, all of you will be heroes.”

Listen . At this point, everyone's heart is certain, speed up, and surround the queen in the middle.

Obviously, these people were specially trained by Meng Yi, and they cooperated very well with each other. I saw that the Queen was holding a golden sword and her figure was agile and elegant, but she couldn't rush out.

call!

Seeing this scene, Yue Feng couldn't help but take a deep breath, and then sat there cross-legged, urging the inner strength of his dantian to drive out the anesthetic residue in his body.

At this time, Yue Feng was very anxious, because he knew that once the queen was killed, Meng Yi would definitely search the entire palace, and at that time, his whereabouts would be exposed.

Under such circumstances, it is necessary to restore strength as soon as possible.

While expelling, Yue Feng also paid attention to the situation in front of him.

I saw that the Queen was holding a golden sword, and surrounded by everyone, her figure shuttled back and forth, and her perfect figure was displayed, which was simply too beautiful.

Soon, half an hour passed, the Queen's holy energy consumption was too much, the speed slowed down, and there was a bit of fatigue on her delicate face.

Haha...

Seeing this scene, Meng Yi was indescribably proud, and shouted: "Let's face the reality, don't struggle!" The

queen bit her lip and didn't respond. She continued to wave her golden sword and supported her hard.

"Alas!"

At this moment, a sigh came from behind the ivory bed: "So many people beat one, you are really embarrassing." The voice fell, and a black shadow was seen, like thunder and lightning, towards The crowd in front of the queen left.

Chapter 3392

This shadow is exactly a chair.

boom!

The crowd didn't have time to react, and one of them was hit directly in the head, and suddenly fainted.

Mad!

Seeing this scene, Meng Yi and the surrounding subordinates were shocked and angry, and they all looked behind the ivory bed.

I saw that a handsome figure came out slowly, and there was a bit of coldness on his resolute face.

It was Yue Feng.

At this time, the queen also trembled, when did this person hide here? I never knew it myself.

Swish!

At this moment, everyone's eyes were focused on Yue Feng.

"I can't control you, but if so many people bully a woman, then I can't just sit back and ignore it." Yue Feng stretched his body and said slowly.

After half an hour of dispersing, the anesthetic in Yue Feng's body had completely disappeared.

Hearing this, Meng Yi's face became gloomy, and he said coldly: "Who are you? Dare to talk to me like this, courting death?" After speaking

, Meng Yi glanced at the queen, guessed something in her heart, and laughed and mocked: "Oh, I see, this is the man you hid in the palace, right? It just so happens that you will be executed together tonight."

At this moment, in Meng Yi's heart, Yue Feng was the man the queen hid in the palace. Will hide behind an ivory bed?

Swish!

The queen's delicate face suddenly flushed red, shy and angry, and shouted at Meng Yijiao: "Shut up, I don't know him at all."

This blindfold not only commits the following crimes, but now slanders his innocence, how can he bear it?

The voice fell, and Yue Feng also said: "Yes, I have nothing to do with the Queen, you stop talking nonsense here."

Nonsense?

Meng Yi sneered, too lazy to talk nonsense: "No matter who you are, since you are hiding in the bedroom, don't even think about going out alive." With that, he raised his hand and waved, and the surrounding men quickly surrounded Yue Feng.

Ha ha!

Looking at the people who rushed away, Yue Feng did not panic at all. Ever since he was deceived by Zhan Chao, a fire was simmering in his heart, and now he was just using these people to vent his anger.

Thinking to himself, Yue Feng raised his fist directly!

Bang!

The person who rushed to the front, before he could react, was punched in the face by Yue Feng, the whole person was smashed into the air, and immediately passed out after landing!

What? !

Seeing this scene, whether it was the Queen, or Meng Yi and his subordinates, they were all shocked and their faces were full of astonishment.

This... this guy is just a holy king, he knocked out someone with a punch? !

You know, Meng Yi's subordinates are not low in strength, but in front of this guy, they have no resistance at all.

Could it be that he is the assassin who broke into the palace?

Under the shock in his heart, the other people who rushed to him didn't dare to act rashly, they secretly swallowed their saliva and looked at Yue Feng's eyes with a bit of dread.

"Your Excellency the Marquis!"

Finally, one of his subordinates cautiously said to Meng Yi, "This guy is a bit evil, what should I do?"

Meng Yi's face was black, and he yelled angrily: "Trash, this guy is only in the realm of the Holy King, and it's just one person, what are you all cowardly?! Let's go together, kill him first, and then kill the queen!"

According to the plan, before the assassins outside were caught, I killed the queen first, so that I could put the blame on those assassins, but I never thought that a man suddenly appeared and disrupted the plan.

Whoops!

Hearing Meng Yi's anger, more than a dozen of his subordinates took a breath, burst into holy energy again, and charged directly towards Yue Feng.

Chapter 3393

Yue Feng's face is relaxed, not panic at all.

Although Meng Yi's subordinates are not low in strength, in Yue Feng's eyes, there is no threat at all.

However, Yue Feng did not show his real strength, but pretended to be very scared, screaming and dodging around.

"Oh, I want to bully the less, I'm not a hero."

While dodging, Yue Feng kept moving the things in front of him to block the steps of the people behind, tables, screens, chairs, and even ivory beds. , all moved by Yue Feng.

“Ow!”

A guy, seeing that he was about to catch Yue Feng, slammed his head on the table, couldn't help howling, and squatted down, bowing like a shrimp.

“Whoops!”

“Ah...my eyes!”

In the next few minutes, the rest of the crowd were either hit in the face by the chair or hit the ivory bed, and in the end, fell to the ground one by one, The expressions were painful, and they all lost their fighting power.

Mad!

Seeing this scene, Meng Yi was about to explode with anger. So many people besieged a person, not only did he not catch him, but he was also knocked down in this way, which was really shameful.

This...

At the same time, the queen is also trembling, looking at Yue Feng's eyes, full of surprise.

So many people were knocked down by him using furniture, which is very lucky.

In the Queen's heart, Yue Feng was not as powerful as the Holy King, but he used furniture to defeat so many people. Apart from being lucky, he couldn't think of any other reason to explain it.

“you wanna die!”

Finally, Meng Yi reacted, glared at Yue Feng, and rushed over after shouting angrily.

Haha... Seeing that Meng Yi was

completely irritated, Yue Feng smiled secretly, but his face showed a very panicked look: “Aiya, are you angry?”

Circling around the palace.

When Yue Feng was dodging Meng Yi's men just now, he pulled the table and chairs, seemingly casual, but he was actually deploying a formation.

At this time, the formation has been formed, as long as Mengyi is trapped, don't think about it.

Meng Yi didn't know what the mystery of these moving furniture was. He wanted to kill Yue Feng on the spot, but after chasing it for a while, he realized that something was wrong. The distance between myself and the guy in front of me is obviously less than two meters, but I can't catch up.

Moreover, the surrounding furniture seems to have spirituality, and it seems that it can change its position with its own movements.

Time passed by minute by minute, Meng Yi vomited blood, but he still couldn't catch Yue Feng!

Phew...

Seeing this scene, the queen standing there was also full of astonishment!

She clearly saw that Yue Feng was pursued by Mengyi, fled the palace, and was in a state of indescribable embarrassment, but Mengyi couldn't catch him.

How could this be?

Meng Yi is a saint. This person is just a saint king. The disparity between the strengths of the two sides is so great that Meng Yi should be able to catch him soon, but at this time, he is playing around with him.

Who is he? Are you with the assassins outside?

But if he was an assassin, why would he help him deal with Meng Yi?

Thinking to herself, the queen frowned, staring at Yue Feng's figure, completely confused.

Soon, half an hour passed.

Meng Yi was sweating profusely, but he was still two meters away from Yue Feng.

"Your name is Meng Yi, right!"

At this moment, Yue Feng stopped and looked at Meng Yi with a smile, with a bit of drama in his eyes: "Seeing that your status is not low, your strength is average, even me You can't catch such a nameless soldier, and you still want to be a king? Aren't you afraid of being laughed at? Haha..."

Chapter 3394 The

last sentence fell, Yue Feng laughed proudly, his eyes full of drama.

Yes, Yue Feng just wanted to provoke Meng Yi on purpose.

“Mad, you are courting death!” Meng Yi was completely furious.

At this moment, Mengyi Shengli burst out, suddenly raised his arm, and heard a click, revealing a silver sleeve arrow.

It’s just that Xiu Jian did not aim at Yue Feng, but instead aimed at the Queen.

At this time, Meng Yi was already furious, but he still retained a bit of rationality. He realized that Yue Feng was deliberately delaying time with himself. In this case, he must kill the queen first.

As long as the queen is killed first, there will be no worries, and when that time comes, I will slowly clean up this guy.

What the hell!

Seeing this situation, Yue Feng scolded secretly, and at the same time shouted at the Queen: “Get out of the way!”

Whoosh!

That is, at this moment, Mengyi buckled the motor spring, and the silver sleeve arrow shot out, tearing the air, turning into a cold light, and heading towards the Queen’s heart.

Hidden arrows were so fast that the queen couldn’t react at all.

Seeing that Xiu Jian was about to hit the Queen, at this critical moment, Yue Feng didn’t have time to think about it, but luckily, he rushed over and blocked in front of the Queen.

To be honest, Yue Feng and the Queen didn’t know each other, so there was no need to block the arrows for her, but I thought that the Holy Book of Jade was in this palace, and only the Queen knew where it was. If the Queen dies, I’m afraid I will never be able to find it. arrive.

“You...”

Seeing Yue Feng standing in front of her, the queen reacted and her body trembled.

She never thought that this person would stand in front of her recklessly.

puff!

At this moment, the Xiu Jian hit Yue Feng, piercing almost the entire right shoulder. In an instant, blood came out, dyeing half of his body red!

When the pain came, Yue Feng couldn't help but gasped! But he gritted his teeth and didn't shout, his eyes stared at Meng Yi, and he showed a smile: "You are also a person with a head and face. Isn't it shameful to use such despicable methods?"

"A piece of cloth was torn off from his body and quickly wrapped around the wound.

Mad....

Meng Yi was stunned for a moment, he did not expect that Yue Feng would help the queen to block the arrow.

The next second, Meng Yi sneered and said, "Those who achieve great things are not careful about the details. As long as they can kill you, they don't care about their methods. I'll tell you, there's a poison on the sleeve arrows. Before I lose ten counts, you will be poisoned to death."

Said, Meng Yi looked proud, and began to count: "One...two..."

However, after counting a few, Meng Yi couldn't help frowning secretly, and saw Yue Feng's expression as usual, No sign of poisoning at all.

How could this be?

What's wrong with this guy?

At this time, Meng Yi didn't know that Yue Feng had a special physique and was immune to all poisons.

"Your poison doesn't work!" Yue Feng showed a smile and said to Meng Yi, "It seems that you are not very lucky today, even God will not help you, I think you should give up and surrender. "

You..."

Meng Yi was furious, his face was extremely ugly, and he was also a little panicked at this time.

This person, obviously only has the strength of the Holy King, but he has defeated so many of his subordinates at once, and now, he has been poisoned by his own arrow, and he has nothing to do. Could it be that this kid is really the nemesis sent by God?

"Sister!"

At this moment, a shout suddenly sounded outside, and then a slender figure walked in, dressed in a long court dress, with charming curves and delicate facial features.

It was the Queen's sister, Angie.

Seeing An Qi, the queen's expression changed, and she quickly shouted: "An Qi, don't come in!" But it was still too late.

Um?

Seeing the situation of the palace, An Qi was stunned for a moment, and saw that the whole palace was in a mess, and there were more than a dozen people lying on the ground. Not only that, but Meng Yi, and a strange man.

Chapter 3395

Without waiting for An Qi to react, Mengyi's eyes flashed fiercely, and he rushed up quickly, grabbed An Qi directly, and put his right hand on her jade neck.

In the next second, Meng Yi had a grim face and shouted at the queen: "Pass the position to me immediately, or I will kill her!"

At this time, Meng Yi was completely crazy, and he thought that he would be able to kill it smoothly tonight. The queen, as a result, was disrupted by a strange guy. Since she could not kill the queen, she could only use her sister to threaten.

"Meng Yi."

An Qi looked panicked and scolded: "You are so bold, you dare to commit the following crimes, have you thought about the consequences?"

At the same time, the queen trembled and shouted: "Meng Yi, let my sister go!" What the

hell!

Seeing this, Yue Feng frowned secretly.

The woman caught by Meng Yi turned out to be the queen's sister, which is in trouble.

Thinking to himself, Yue Feng took a deep breath and said to Meng Yi: "Meng Yi, accept the facts, stop fighting the beasts, and let the people go."

Meng Yi said with a grim face, "Give it to me. Shut up, what kind of thing are you qualified to teach me?"

Yue Feng sighed and continued: “Mengyi, taking an unarmed woman as a hostage, and delusional desire to be a king, as a man, do you still need a face? ?”

“What did you say?”

Meng Yi was furious, his body filled with murderous aura.

As a marquis, he has power over the entire Golden Lion Principality. Whoever sees him is not respectful, but this kid in front of him humiliates him so much.

In anger, Meng Yi stared at the Queen: “Kill this kid immediately, and then pass the throne to me, otherwise, wait for your sister to collect the body.” In the

last sentence, Meng Yi almost howled out. .

To be honest, Meng Yi really wanted to kill Yue Feng with his own hands, but he chased him for half an hour just now, and he couldn't even touch the corner of his clothes, so he could only endure his anger and force the queen to take action.

As he spoke, Meng Yi's right hand exerted force, and when he saw An Qi's delicate face, it suddenly turned purple, almost breathless.

“Stop...”

Seeing this scene, the queen panicked and couldn't help shouting, and her eyes fell on Yue Feng.

The origin of this person is unknown, and he has sneaked into his own bedroom. Even if he helped him block the arrow just now, he couldn't forgive him lightly. It's better to listen to Meng Yi's words, kill this person and change his sister's life.

Seeing the Queen's gaze, Yue Feng couldn't help but whisper: “Your Majesty, you must not believe him, even if you kill me, he will not let your sister go.”

Yue Feng's voice was very low, only Only the Queen can hear.

Yes...

Hearing this, the queen suddenly fell into a tangle.

Meng Yi is ruthless, how can he believe his words? Even if he killed the man in front of him, Meng Yi would not necessarily let An Qi go easily.

But... If you don't do it yourself, An Qi is just as dangerous.

“Your Majesty!”

Just when the Queen was secretly anxious, Yue Feng continued to whisper: "There is only one way now, I will hold him back and you will attack."

"You shoot from the ivory bed on the left, he can't react. Come."

Ivory bed?

The queen glanced at the ivory bed, just to the left of Mengyi, and frowned immediately.

Is it possible to succeed at such a close distance? Meng Yi will definitely take precautions in advance.

Seeing that the Queen was still hesitating, Yue Feng was a little anxious: "Trust me!"

The surrounding tables, chairs, screens and ivory beds were just deployed by Yue Feng into a formation, and Mengyi was in the center of the formation. Vision has been affected by the formation, in other words, the queen launched a surprise attack from the position of the ivory bed, and Meng Yi couldn't see her at all.

call!

Seeing Yue Feng's serious face, the Queen nodded. I don't know why, the person in front of him seems to be careless, but his words are inexplicably convincing.

Yue Feng no longer hesitated, and smiled at Meng Yi: "Meng Yi, being so stiff is not a solution. Let's make a deal. I advise the queen to give up the throne to you, and you let her sister go."

The ultimate husband in Chinese chapter 3396-3400

Chapter 3396

Hehe...

Hearing this, Meng Yi smiled disdainfully: "Can you persuade the Queen to treat me as a child?"

Just as the two of them were talking, the Queen took the opportunity to quietly move behind the ivory bed.

"If you don't believe me, then I can't do anything about it." Yue Feng shrugged, looking relaxed: "Do you think the queen doesn't know what you're thinking? Even if she kills me, you won't let her go. Sister, right."

Meng Yi snorted softly, too lazy to talk nonsense, and also found that the queen behind Yue Feng suddenly disappeared.

Mad, something is wrong.

hum!

Just when Meng Yi realized that something was wrong, suddenly, a dangerous breath came from the direction of the ivory bed next to him.

From Yue Feng's point of view, he saw the golden sword held by the Queen, stabbed directly towards Meng Yi.

But from Mengyi's angle, the Queen's figure could not be seen at all.

"Ah..." In the

next second, a golden light shrouded him, and Mengyi couldn't open his eyes due to the flash of light. When he reacted, he only felt a pain in his heart, and he saw the queen's golden sword, which pierced directly. his heart.

Blood dripped down the golden sword, staining the floor red.

"You..."

Until this moment, Meng Yi saw the queen. Under the severe pain, her voice trembled, and she was also extremely shocked.

This chapter is provided by . Visit for daily update.

This is impossible, how could she suddenly appear in front of him?

In the next second, Meng Yi's face was full of unwillingness, and he fell to the ground all of a sudden, dying of breathlessness. Until he died, he didn't know that he was actually killed by Yue Feng's formation.

Pfft!

The moment Mengyi died, An Qi also fell to the ground softly due to lack of oxygen, and passed out in a coma.

"Sister..." The Queen hurried over to check on An Qi, and she was relieved to see that she had just passed out.

The next second, the Queen looked back at Yue Feng, her eyes full of surprise and doubts.

done!

The method he just said was really successful.

It's just...it's so unreasonable.

Thinking to herself, the Queen couldn't help but say, "Who are you? What happened just now?"

At this time, Yue Feng moved the table, chair, and screen to their original positions. Hearing the Queen's question, Immediately smiled: "Your Majesty, don't panic, in fact, I..."

Just halfway through, I heard footsteps coming from outside.

Yue Feng didn't have time to think, and quickly hid behind the ivory bed.

The queen frowned and wanted to scold, but she held back. She was the queen, and there was a strange man in the palace. If the guards saw it, it would inevitably lead to misunderstanding.

Whoops!

Just as Yue Feng was hiding, dozens of palace guards walked in quickly.

"Your Majesty!" The

headed guards respectfully said to the Queen: "All the assassins who broke into the palace have been captured. For the preliminary interrogation, the leader of this gang is called Qiangxiong."

When he said this, the guards looked around. In the bedroom, everyone is covered!

I saw that Marquis Meng Yi fell in a pool of blood, and there were more than a dozen people around, unconscious. Not only that, but the queen's sister, An Qi, also fainted there.

Um!

The queen sat on the ivory bed, nodded, and then said coldly: "Meng Yi attempted to rebel and led someone into my bedroom, and I have already killed him. Immediately report this matter to the entire principality.

", the queen waved her hand: "Get the Mengyi corpse out."

"Yes, Your Majesty!" The guard quickly responded, and immediately put Mengyi's corpse and Mengyi's subordinates out.

Later, the queen called the maid again and took An Qi back to rest.

Chapter 3397

After a while, the blood in the bedroom was cleaned up, and everyone withdrew.

“Okay!”

At this moment, the Queen took a deep breath and said to Yue Feng who was behind the ivory bed, “You can come out!”

Yue Feng walked out slowly, smiled at the Queen and said, “Since it’s all right, I also say goodbye!” With that, he turned to leave.

“Stop!”

However, before taking two steps, I heard the Queen scolding coldly: “Who are you? What was the purpose of lurking in my bedroom before?” I

have to say, this Queen has a strong aura. Ye Feng’s heart skipped a beat at the reprimand.

Uh...

But Yue Feng quickly calmed down, scratched his head, and while thinking, he responded: “Your Majesty, calm down, in fact, I’m a new palace guard, I’m not familiar with the palace environment, and I made a mistake tonight. When I entered His Majesty’s palace, I was afraid that His Majesty would blame him, so I hid it temporarily.”

Yue Feng knew that the palace was strict and strict, no matter how he explained it, he was guilty, so he might as well make up a lie that he was a guard.

The new palace guard?

Hearing this, the queen frowned, and couldn’t help looking up and down at Yue Feng: “You still dare to deceive me? You are a criminal, but you say you are a new guard? What’s the crime?”

“

Yue Feng’s heart skipped a beat, and he was stunned.

How did she know she was a criminal?

The next second, Yue Feng followed the Queen’s gaze, looked at his right arm, and understood at once.

He saw that there was a red mark on his right arm. Obviously, this was a special mark only for criminals. Because of the mark, the queen concluded that she was a criminal.

“Okay!”

Unable to hide it, Yue Feng couldn't bear it any longer. He nodded with a wry smile and said, “My name is Fengtao, and I am the one from your five major principalities who asked the principality of the day to hand over.”

After that, Yue Feng said Tell what happened today, one by one.

call!

Hearing this, the Queen breathed a sigh of relief, and looked at Yue Feng's eyes, full of complexity: “Even if you broke into my bedroom by chance, why don't you make it clear? Do you have to make up lies? I see you This person is very dishonest!”

After speaking, the Queen shouted outside: “Someone, put this person in jail for me.”
What the

hell?

Yue Feng was taken aback, he didn't know whether to laugh or cry!

Just now, I saved you anyway, but I just told a lie and I'm going to be put in jail?

This queen is too unreasonable!

Whoops!

Soon, several palace guards rushed in, took out the rope, and prepared to tie Yue Feng Wuhua.

Seeing this situation, Yue Feng's internal force was running and he was ready to resist.

When facing Meng Yi before, Yue Feng didn't want to reveal his strength, but there was nothing he could do about the situation in front of him.

“Well...”

But at this moment, I heard the queen on the ivory bed, her brows furrowed, and a low groan came out of her mouth. Her delicate face suddenly turned pale with pain.

Yes, before the fierce battle with more than a dozen men of Mengyi, the queen was hit hard, but she endured it at first.

Whoa!

At this moment, the expressions of several guards changed.

“Your Majesty...”

“No, Your Majesty is injured!”

Seeing this scene, Yue Feng was also stunned, and then he understood something.

This queen’s character is really tough. She was seriously injured, but she can endure it until now.

Chapter 3398

For a time, the entire bedroom was in chaos, and several guards rushed to find the palace pharmacist, temporarily unable to take into account Yue Feng.

“Your Majesty!”

Soon, an old man walked in quickly, holding several potions in his hand, and respectfully walked up to the Queen: “Take the healing medicine quickly.” The

old man’s name was Gou Dong, the Queen’s royal pharmacist.

call!

Seeing that Gou Dong brought the healing medicine, everyone in the palace couldn’t help but breathe a sigh of relief.

“Wait a minute!”

However, at this moment, before the Queen could take the healing medicine, Yue Feng suddenly shouted and said solemnly at the Queen: “Your Majesty, in your current situation, it is useless to take this healing medicine. If you don’t get it right, it will aggravate the injury.”

Yue Feng has high attainments in medicine, and he could tell at a glance that the Queen had just fought fiercely with Meng Yi’s subordinates, and her heart was damaged.

And the healing medicine that Goudong brought can only temporarily relieve the pain, not the root cause.

Swish!

Hearing this, whether it was the Queen or Gou Dong and the others, their eyes suddenly converged on Yue Feng, each with a surprised expression.

Finally, the queen reacted and said lightly: "How do you know that this medicine is useless?"

Yue Feng showed a smile: "I have studied medicine, and, just now, you and Meng Yi's men fought fiercely, and I was there, of course I am clear! "

Have you studied medicine?

Hearing this, the queen was stunned for a moment.

And Gou Dong and the surrounding guards also looked at each other, and then couldn't help but laugh.

"A criminal who actually said that he has studied medicine? Haha..."

"This person is not honest..."

At this time, Gou Dong also hurriedly said to the Queen: "Your Majesty, this person is completely talking nonsense. How could the medicine that my subordinates bring to treat internal injuries doesn't work?"

Gou Dong didn't forget to glare at Yue Feng when he said this.

He is a dignified royal pharmacist and is highly valued by the Queen, but he was told by this criminal that the medicine was useless, where would he put his face in the future?

Yue Feng didn't care about everyone's discussion, but took out a pill from his body.

"Your Majesty!" In the

next second, Yue Feng looked at the Queen with a smile, and said slowly: "My medicinal pill, called Heart Quenching Pill, has a miraculous effect on treating internal injuries. Your Majesty can try taking it!

" It specializes in the treatment of damaged heart vessels. Half a year ago, Yue Feng made a few and kept them with him.

What?

Hearing this, both the Queen and Gou Dong frowned.

Heart quenching pill? What kind of drug is this? How have never heard of it.

Yue Feng was too lazy to talk nonsense, so he went over and gave the elixir to the queen.

“Stop!”

However, just two steps away, Gou Dong stopped him.

At this time, Gou Dong, with a look of suspicion and anger, scolded Yue Feng: “You are so bold, take out a pill and give it to the Queen? I think you are poison, and you want to murder Her Majesty the Queen. !”

After speaking, Gou Dong said to the Queen, “Your Majesty, this man has ulterior motives, don’t believe what he says!” The

voice fell, and the surrounding guards all nodded.

“Yeah, this person is a criminal, and he has to be guarded.”

“Let’s lock him up!”

Everyone’s discussions kept coming, Yue Feng couldn’t laugh or cry, and was very depressed.

Mad, these people are too suspicious.

call!

Chapter 3399

At the same time, the queen frowned and hesitated in her heart.

What Gou Dong and others said made sense. This Feng Tao was a criminal escorted from the Principality of Zuri, and he had a close relationship with the woman who pretended to be the goddess of light, so he had to guard against it.

“Your Majesty!”

Seeing the Queen’s expression, Yue Feng said with a wry smile: “If I wanted to harm you, I would have helped you deal with Meng Yi just now? Besides, my life is now in your hands. If I give you poison, I am not courting death. Is it?”

Hearing this, the queen pondered.

After more than ten seconds, the queen put down her guard, nodded and said, “Okay, I will trust you once.” After saying that, she took the medicinal pill from Yue Feng and took it.

At this moment, Gou Dong wanted to stop him, but he didn't dare, so he was secretly anxious.

At the same time, the surrounding guards all stared at the Queen, quietly waiting for the effect, while tightly surrounding Yue Feng.

As soon as the queen felt any discomfort, the person was killed immediately.

Seeing this situation, Yue Feng did not panic at all, but looked relaxed and relaxed.

In a blink of an eye, ten minutes passed!

I saw that the queen's pale face suddenly became ruddy, and her complexion was much better.

call!

The queen showed a smile, her eyes fell on Yue Feng, and she couldn't help but say, "This Heart Quenching Pill is really amazing, and the pain has been relieved a lot in an instant!" The

voice fell, and Gou Dong and the surrounding guards were all shocked.

It's incredible to have such an effect in such a short period of time.

In the next second, the queen looked at Yue Feng closely, her eyes were a bit dignified: "Although you healed my wounds, I have a question. I still need to ask you, what is your relationship with that goddess of light?

"Also, did the Principality of Zuri use the name of a fake goddess to start a war, did you also participate?"

When she said this, the Queen's tone was gentle, but there was an irrefutable aura.

call!

Yue Feng took a deep breath and responded, "Go back to Her Majesty the Queen, that fake goddess of light is called Miao Ying, and she is my friend. We were separated before, so I don't know how she faked the goddess, but I believe she must be I have my own reasons..."

In the next few minutes, Yue Feng told the situation, of course, he and Miao Ying were from other worlds, so they kept it a secret, after all, this kind of thing was too shocking.

It turned out to be so.

Hearing this, the queen nodded, and then said softly: "Since this is the case, I will not pursue it. From now on, you will be named as the front guard of the palace, are you willing to be loyal to me?"

The person in front of him, not only He helped himself to eradicate the blind wings, and his medical skills were so brilliant, so he had to make good use of such talents.

This...

Feeling the expectation of the Queen, Yue Feng was stunned for a moment, then nodded and said, "Thank you Your Majesty for the reward, it is my honor to be loyal to Her Majesty, and I am willing to stay."

When he said this, Yue Feng's face was serious, and his heart was even more excited.

Haha... I

was still thinking about how to stay in the palace so that I can search the whereabouts of the holy scriptures, but I never thought that the queen would seal herself as a guard in front of the palace.

What?

On the other hand, Gou Dong and the surrounding guards were all stunned.

Your Majesty made this guy a front guard?

The next second, Gou Dong took a step forward and persuaded the Queen: "Your Majesty, this person is a criminal, and it seems a bit ill-considered to designate him as a guard in front of the palace."

Hearing this, the surrounding guards nodded.

This wind wave, but the strength of the Holy King, how can he be qualified to be the guard in front of the temple?

Swish!

The Queen's face was full of displeasure, and she said to Gou Dong, "What should I do, do I still need you to teach me? Step back!"

Seeing the Queen's anger, Gou Dong's heart trembled: "Don't dare! Don't dare!" Get back quickly.

The guards around were also trembling and did not dare to talk nonsense.

Chapter 3400

“Okay!”

At this time, the queen waved her hand: “It’s getting late, you all step back.” This night, it was an assassin and a rebellion. It was really tiring.

Gou Dong and the guards responded and hurriedly exited the palace.

Yue Feng also walked out, and was named a guard in front of the palace, and Yue Feng had a special place to rest.

That night, Yue Feng slept soundly.

The next morning, someone brought soft armor specially worn by the guards. After Yue Feng put it on, he felt indescribably happy.

Haha...

As the front guard of the hall, it is more convenient to find the sacred book.

As long as you find the second half of the sacred book, you will quickly find Miao Ying, and then you will be able to leave this different world.

During the day, the queen has to deal with a lot of things and should not be in the palace.

Thinking to himself, Yue Feng walked out of the room humming a little tune and walked towards the Queen’s resting palace.

“Stop!”

Just after a few steps, I heard a scolding from behind.

Yue Feng stopped, looked back and frowned. I saw a pair of patrolling guards walking towards this side, each with a bad expression.

The one in the lead, about thirty years old, with a proud face, was the captain of the patrolling guard team, Yuan Shitong.

When he got to the front, Yuan Shitong looked up and down at Yue Feng: “You are the front guard that His Majesty just appointed last night? Feng Tao?”

Yuan Shitong is arrogant and arrogant. He learned that a person with the strength of a holy king was named the front of the palace by the queen. Guard, I’m very upset, so I came here to take a look today.

“Yes, it’s me!” Yue Feng nodded.

Yuan Shitong couldn’t hide his contempt, and sneered: “I heard that you killed Wenliang before, and last night, you helped His Majesty get rid of Mengyi? I thought it was so powerful, but it looks like that.”

This man However, with the strength of the Holy King, he can actually be the guard in front of the hall, and I don’t know what His Majesty thinks.

The voice fell, and the other guards behind him also laughed, looking at Yue Feng’s eyes with contempt.

Seeing this situation, Yue Feng was too lazy to talk nonsense, and said lightly: “Is there anything else? If it’s okay, I’m leaving!” After speaking, he turned around and left.

Um?

Seeing Yue Feng’s attitude, Yuan Shitong frowned, very upset!

“It’s not too small.” In the

next second, a guard stopped Yue Feng’s way, and shouted arrogantly: “Will you go? When you meet the captain, don’t swear, there are no rules at all.”

This guard His name is Zheng Hang, Yuan Shitong’s valet, and he knows how to beat the horse. He saw that Yuan Shitong was very upset with Yue Feng, and wanted to show it.

Yue Feng frowned: “I’m the guard in front of the hall, and you are the patrol guards. Even if you see your captain, there is no need to salute.”

“You!”

Hearing this, Zheng Hang’s face flushed and he could not speak words come.

Because Yue Feng said it well, the guards in front of the palace are directly under the jurisdiction of the Queen, and their status is higher than that of the patrolling guards. However, it was precisely because of this that Yuan Shitong looked at him unhappy.

“Interesting!”

At this time, Yuan Shitong came over, his eyes full of provocation: “According to your meaning, it is natural for you to be the guard in front of the palace, I am challenging you now, let me see how capable you are, Do you dare to fight?”

As a palace guard, you can’t fight in private, but the challenge is another matter.

At this time, Yuan Shitong had a confident face, and his strength as a saint could easily end this storm.

Whoa!

The voice fell, and Zheng Hang and others next to him were all excited.

“Captain is domineering.”

“Boy, our captain has challenged you, do you dare to fight?”

“I don’t think he dares, haha...”
