

The ultimate husband in Chinese chapter 3421-3430

Chapter 3421

Hearing this, Xibo was furious, slapped him again, and shouted: "You bastard, you still have to argue now? You have lost all the face of our family. I usually How did you teach you to be loyal to the royal family for the rest of your life, and to defend the safety of Her Majesty the Queen and the royal family to the death. How did you do it?"

Xi Lang was full of grievances and was speechless for a while.

Xibo was still angry at this time, pointed at Xi Lang and continued to curse: "At a critical moment, you left His Highness An Qi and ran away by yourself. If you don't punish you properly today, I will not be your father!"

Said Then, Xibo shouted at the outside: "Come on, drag him out and beat him a hundred times."

Seriously, Xibo was very distressed when he beat his son a hundred times, but there was nothing he could do. If he didn't take the lead in expressing himself, the Queen would definitely not spare him lightly.

What?

Hearing this, Xi Lang trembled all over, and suddenly slumped on the ground with a face ashen.

Hit a hundred sticks, who can withstand it.

Soon, several guards walked in quickly and dragged Xi Lang out.

"Ah..."

Immediately afterwards, Xi Lang's miserable howl sounded outside the hall.

Hearing his son's screams, Xibo looked indifferent, then walked forward, and said to the queen in fear: "Your Majesty, I teach my son no way, from now on, I must take good care of myself, and I will ask the queen for what happened yesterday. Let me open up ."
The

Queen pondered for a while, but did not respond.

The next second, the Queen turned her head to look at An Qi, and said softly, "An Qi, what do you think?" The

Queen and Sister An Qi are deeply in love. Yesterday, An Qi almost died, and the Queen was very angry, even if it happened. If you want to pass, you also need to see what An Qi means.

This chapter is provided by . Visit for daily update.

An Qi bit her lip lightly, pondered for a while, and then smiled: "Let Feng Tao make the decision."

Huh?

When the voice fell, whether it was the Queen or Xibo, they were all stunned.

Especially Xibo, looking up and down at Yue Feng, his eyes are full of complexity and surprise.

This guy, just a small bodyguard, has made His Highness An Qi pay so much attention.

Swish!

At the same time, the other city lords around were also looking at Yue Feng closely, unable to hide their curiosity.

Her Royal Highness An Qi asked for the advice of a guard.

What is his relationship with His Royal Highness An Qi?

Facing the eyes of everyone, Yue Feng looked indifferent. Afterwards, Yue Feng

smiled slightly and nodded at Xibo: "Since Your Excellency Xibo has set an example and taught his son a good lesson, I don't think there is any need to pursue it."

Bo continued: "Your Excellency Xibo, you should discipline your son well in the future, don't be ashamed."

Mad, yesterday Xilang fought against himself twice and twice. If he didn't want to hide his identity, he would have turned against him long ago. . Although Xi Lang was punished today, let him remember this lesson firmly.

"Yes..." Xibo's face turned blue and white, and nodded with a smirk.

At this time, Xibo had a smile on his face, but his heart was unspeakable.

Ma De, the commander-in-chief of his own dignified guards, was taught a lesson by a small palace guard in public. Where would he put his face in the future? But in front of the queen, it's not easy to attack, so I have to endure it.

“All right!”

At this moment, the queen said softly: “This matter is over. By the way, yesterday An Qi encountered a giant dragon, and you immediately sent someone to investigate.” The

giant dragon appeared near the Wangcheng, which is no trivial matter.

“Yes.” Everyone in the hall responded in unison.

In the next second, Mrs. Lanya walked out slowly, unable to hide her curiosity: “His Royal Highness An Qi said just now that this Fengtao understands animal language and communicated with the giant dragon yesterday, maybe he can find the whereabouts of the giant dragon. .”

When saying this, Madam Lanya looked at Yue Feng with her eyes like autumn water, her charming and delicate face, with a little smile, was indescribably charming.

Chapter 3422

Seriously, in Mrs. Lanya’s eyes, although this Feng Tao is average in strength, but it is so important to An Qi, there must be something special.

Yes...

Hearing this, the eyes of many people in the hall suddenly converged on Yue Feng.

This person understands the animal language, and it may be easier to find the dragon.

You must know that the dragon is tyrannical in strength and evil in character. If it is searched aimlessly, it is impossible to guarantee that there will be no casualties.

“Fengtao!”

At this moment, the queen showed a smile, looked at Yue Feng and said softly: “Are you sure about this matter?” If Yue Feng can find the whereabouts of the giant dragon, Wangcheng can formulate corresponding measures. Countermeasures to prevent the giant dragon from disrupting the people of the royal city.

“This....”

Yue Feng scratched his head, dumbfounded.

The giant dragon has been subdued by himself, how can he reveal its whereabouts? But seeing the Queen speak, Yue Feng is not easy to refuse.

Yue Feng thought about it, and then he secretly issued an order to the dragon to keep it away from the King City of the Golden Lion.

Thinking of this, Yue Feng took a step forward and respectfully said to the Queen: "Your Majesty, in fact, I don't think we need to go to great lengths to find the whereabouts of the giant dragon."

Huh?

Hearing this, the queen was stunned for a moment, and couldn't help but say, "Why?"

At the same time, everyone around was also puzzled.

Yue Feng smiled slightly and said slowly: "Yesterday when I encountered the giant dragon with His Royal Highness An Qi, I communicated with it and learned that the giant dragon had no plans to live nearby, so it let me and His Highness An Qi go. After that, I left directly, I think, it is no longer in our Golden Lion Principality."

So....

Knowing these circumstances, the queen pondered.

The other people around also breathed a sigh of relief. Since the dragon has left, there is no need to worry.

However, Xibo, who was standing there, sneered.

"It's really interesting!" The

next second, Xibo came out, looked at Yue Feng with a half-smile, and mocked: "It's quite like that, I think you're scared and don't dare to investigate the giant. Dragon's whereabouts, did you say that on purpose?"

"The giant dragon is powerful and evil by nature. Maybe it's dormant somewhere near Wangcheng right now. If I heard your words, Wangcheng didn't take precautions in advance, and waited until it appeared to attack Wangcheng. In the words of the people, who will take this responsibility?"

When he said this, Xibo's face was righteous, but his eyes looked at Yue Feng, but there was a bit of deep coldness.

Just now, Yue Feng embarrassed Xibo in public, and Xibo held a grudge. At this time, he deliberately contradicted Yue Feng on the issue of the giant dragon.

Whoa!

As soon as the voice fell, a discussion broke out in the entire hall.

“Your Excellency Xibo is right.”

“Yeah, if the giant dragon doesn’t leave, it will be troublesome.”

“Yes, this matter can’t be so sloppy!”

Yue Feng frowned as everyone continued to talk. , very speechless.

Seeing that many people support his point of view, Xibo’s eyes flashed with pride, and he said to Yue Feng: “Fengtao, do you have anything to say?”

“Since you think so, I have nothing to say.” Yue Feng said lightly With a smile, he responded.

Since you are going to toss, go to toss.

However, Xibo didn’t let Yue Feng go, he first looked around, and then shouted: “Everyone has seen this, this person is timid, if I guess right, he doesn’t understand animal language at all. Otherwise, Why don’t you dare to investigate the dragon’s whereabouts?”

As soon as these words came out, many people nodded in agreement.

“Yes, what Your Excellency Sibon said is reasonable.”

“How can anyone in this world understand Beast Language?”

Chapter 3423

Seeing this situation, Yue Feng was secretly angry.

Madd, is there something wrong with this Xibo? Your son acted so cowardly yesterday. It was his own problem. He was questioned in public by the queen today.

Listening to everyone’s discussion, Mrs. Lanya, who was standing there, looked at Yue Feng with a hint of disappointment.

I thought there was something special about this person, but it turned out that he could speak animal language, which was false.

“You shut up!”

At this moment, An Qi couldn't stand it any longer, looked around and said, "Yesterday Fengtao communicated with the giant dragon, I was there at the time, and I saw it with my own eyes. Don't slander him.

"Angie was very angry.

If it wasn't for Feng Tao yesterday, he would not have been able to come back alive, but this Xibo wanted to slander Yue Feng, which was really annoying.

Hehe...

Hearing this, Xibo couldn't help laughing, and said to An Qi: "Your Highness An Qi, you are too simple, although your encounter yesterday was very thrilling, but after careful consideration, there are still many doubts. Yes."

"The dragon is evil by nature, how can it communicate with humans? Perhaps, the dragon was full yesterday, so it didn't attack you."

"And this storm, when it wanted to show itself in front of you, just pretended to be. If you understand the animal language, you don't want to do it when you meet the dragon, so you can come back safely. In other words, Feng Tao was just lucky yesterday. In fact, he doesn't know the animal language at all, let alone communicate with the dragon."

After saying the last sentence, Xibo's face was determined, as if the situation at the time was the same as what he said.

"You..."

An Qi's face flushed and she was so angry that she couldn't speak.

This Xibo, saying one thing at a time, is really hard to refute.

At the same time, Yue Feng also laughed in anger.

Nima, this Xibo's imagination is really rich. What happened last night was obviously his own credit, but he insisted that he was lucky.

"Alright, alright!"

At this moment, the queen frowned and couldn't help but softly said, "Stop arguing for now!"

Seeing the queen's opening, Xibo stopped talking, and everyone around him also closed his mouth.

For a while, the entire hall was silent.

“Fengtao!” The

Queen looked at Yue Feng quietly, and couldn't help but ask: “It's true or false that you can speak animal language.” At this time, the Queen's curiosity was also aroused, and she really wanted to know , Yue Feng can't speak animal language.

Uh...

Yue Feng scratched his head and smiled bitterly: “Since Your Excellency Xibo said I was pretending, then I'm pretending.” Yue Feng was too lazy to explain this question. Anyway, the communication with the giant dragon, how to say it, everyone present will not understand.

“Haha...” The

voice fell, Xibo couldn't help sneering, grabbed the handle all of a sudden, pointed at Yue Feng and shouted: “You can't speak animal language? Then you are deceiving Your Majesty, and the sin

is unforgivable.” Yes, Xibo has been messing around on the issue of animal language before, just to force Yue Feng to admit that he does not know animal language, so that he can be charged with accusations.

At this time, seeing Yue Feng say it himself, Xibo was indescribably proud.

Mad, this kid embarrassed himself in public just now, and didn't show him any color. I really thought that I, the commander of the guards, was a piece of paper.

call!

At this moment, the queen sitting on the throne also frowned, her eyes twinkling with complexity.

To be honest, the Queen's heart is towards Yue Feng, but at this time there are so many people in the hall, Yue Feng really can't speak animal language, that is, he has committed a big crime of deception. If he is partial, he can't justify it.

At the same time, the surrounding city lords looked at Yue Feng with indifference, and none of them spoke to Yue Feng.

Made.

Yue Feng was also shocked and his heart was angry.

This Xibo is really insidious. I said so much just now, and the ultimate purpose is to put me in charge of the crime.

Chapter 3424

Thought, Yue Feng didn't panic at all, looking at Xibo with a smile but not a smile: "Your Excellency Xibo, you are indeed the commander-in-chief of the guards, so powerful."

Xibo sneered and ignored it.

The next second, Xibo respectfully said to the Queen: "Your Majesty, this wind wave is really abominable. Even though he can't speak animal language, he wants to deceive Your Majesty and beg His Majesty to give him the most severe punishment."

When he said this, Xibo looked on his face. Seriously, with a smug smile in his eyes.

The queen groaned.

At this time, Yue Feng smiled and said to Xibo: "Your Excellency Xibo, just now you kept saying that I don't know the animal language, I just follow your meaning and say it casually, you can take it seriously. , but also take the opportunity to condemn me, this seems a little unreasonable."

Hu!

Hearing this, Xibo was stunned for a moment, and then sneered: "Listen to what you mean, you really understand the animal language?"

"Otherwise?" Yue Feng looked relaxed.

Yue Feng's attitude made Xi Bo very unhappy, and said coldly: "There is no evidence, since you really know the animal language, you have to prove it." After speaking

, Xi Bo looked around: "Everyone is right . Right ?" The

voice fell, and many people who had a good relationship with Xibo agreed.

"Yes, I just said, who wouldn't."

"I have to prove it."

Listening to everyone's discussion, Yue Feng frowned secretly.

Mad, what bad idea is this Sibos holding back?

Seeing Yue Feng's expression, Xibo sneered secretly.

The next second, Xibo respectfully said to the Queen: “Your Majesty, since Feng Tao said that he can speak animal language, why not let him prove it, what does Your Majesty think?” Fengtao can speak animal language?”

As a queen, it is natural to be fair and impartial, Xibo’s proposal is not too much, and naturally he will not refuse.

Haha...

Seeing the Queen’s promise, Xibo showed a smile.

Immediately, Xibo said to the queen: “Recently, a new batch of golden lion mounts has arrived in the Royal City Guards, and there are more than a dozen of them with violent temperaments, which are difficult to tame. Since this storm can speak animal language, why not let him and these The golden lion communicates and sees if he can tame it.”

“If he succeeds, it proves that he can speak animal language, if not, he is lying and deceiving His Majesty.”

After the last sentence, Xibo looked at Yue Feng with a proud look. Vice your dead attitude.

Whoa!

After these words fell, the entire hall was suddenly in an uproar, and many people exclaimed in surprise.

“Let Fengtao tame the golden lion mount?”

“Some of you have seen it now.”

“Your Excellency Xibo, this is a great move.” During the discussion, many people looked at Yue Feng with sympathy.

You must know that the reason why the Golden Lion Principality has the word ‘Golden Lion’ is because there are a large number of golden lions inhabiting the Golden Lion Principality. These golden lions are powerful and fierce in character. The prince’s royal family invests a lot of manpower and money every year to tame the golden lion and strengthen the elite golden lion army.

Just taming the golden lion, the success rate is very low, a thousand golden lions, only a few dozen can be tamed successfully in the end.

Moreover, to tame a golden lion, it takes dozens of people to cooperate with each other. Even so, it is difficult to guarantee that no one will be bitten to death by the golden lion.

And now, Xibo actually proposed to let Yue Feng tame more than a dozen golden lions. This is not a test, but it is clear that Yue Feng will suffer.

Even if it is not done well, Yue Feng will be bitten to death by the golden lion.

“Xibo!”

At this moment, An Qi’s body was trembling, and she yelled at Xibo, “Don’t go too far.”

Even if Feng Tao could speak animal language, he couldn’t tame more than a dozen golden lions at once. This Xibo is really hateful, he is clearly looking for trouble.

“His Royal Highness An Qi!” Xibo said with an innocent look, and said with a wry smile: “This Fengtao said that he can speak animal language, I just suggested that he prove it, why is it too much?”

Said, Xibo looked at Yue Feng With a glance, he couldn’t hide the contempt in his heart: “If he doesn’t dare, he can refuse.”

Chapter 3425

As long as Feng Tao dares to refuse, it proves that he has a ghost in his heart.

Swish!

At this moment, the eyes of everyone in the hall converged on Yue Feng.

Would he dare to tame a dozen or so cruel golden lions?

At this moment, Yue Feng also frowned secretly, this Xibo’s fox tail was finally exposed, and he even asked me to tame the golden lion. interesting!

“Fengtao!” An Qi was very anxious and whispered, “Don’t agree!”

Yue Feng smiled and signaled her not to worry.

“How is it?”

Seeing that Yue Feng didn’t respond, Xi Bo couldn’t help urging: “Don’t you know the animal language? It should be no problem to tame the golden lion, you won’t dare.”

After speaking

, Xi Bo became more and more proud . : “Well, a dozen golden lions are indeed a bit too many, just two.”

“Okay!”

Yue Feng nodded and said with a smile: "Tame the golden lions, right!"

Phew!

Hearing this, whether it was Xibo or An Qi and others, they were all stunned.

He really agreed.

At this time, Yue Feng breathed a sigh of relief, and continued with a relaxed expression: "It's just that two heads are boring, didn't you say there are more than a dozen heads? Let

's release them all." When he said this, Yue Feng looked indifferent, and there was no sign that he was about to face a beast. nervous.

What?

At this moment, everyone in the entire hall was stunned, and looked at Yue Feng with unbelievable faces.

Is this storm crazy? To tame more than a dozen golden lions at the same time.

Even if he really knows the animal language and wants to express himself in front of the queen, is his confidence a bit too much?

An Qi, in particular, stomped her feet in a hurry and pulled Yue Feng: "Are you crazy?" A dozen or so golden lions became violent, and the consequences could not be imagined. You must know that an adult golden lion is equivalent to the realm of the middle-ranking saint.

Yue Feng smiled: "Don't panic!"

Mrs. Lanya, who was standing opposite, looked at Yue Feng quietly, and her delicate body trembled slightly.

He really had to tame a dozen golden lions.

Is this bravery? Or too arrogant?

"Huh!"

At this time, the queen also reacted and looked at Yue Feng in a complicated way: "Yue Feng, are you sure you want to do this? You want to tame a dozen golden lions at the same time?"

"Taming the golden lion was deliberately making things difficult for Yue Feng, but Yue Feng personally agreed. As the queen, it was inconvenient to stop him.

At this time, the queen was only worried about Yue Feng's safety.

This Feng Tao, who is erudite and talented, must not let anything happen to him.

"Your Majesty."

Feeling the Queen's worry, Yue Feng smiled slightly, with a cynical attitude: "Since Your Excellency Xibo has said it, I can't refuse it, or it will be too disrespectful!"

"Okay!"

See you He said that, the queen was not ready to say anything else, she waved her hand, and asked the guards outside to prepare, and then she led the crowd out of the hall to the square outside.

Soon, more than a dozen huge iron cages were pulled into the square. In each iron cage, a huge golden lion was trapped. Each golden lion was more than three meters high and five meters long, covered with golden colors. The hair is majestic and shocking.

What the hell!

Seeing this scene, Yue Feng secretly sighed.

No wonder Xibo was proud when he mentioned the golden lions. It turned out that these golden lions were really ferocious.

However, Yue Feng did not panic at all.

The ultimate husband in Chinese chapter 3426-3430

Chapter 3426

"Roar..."

At this time, a dozen or so golden lions roared non-stop in the iron cage, the sound shook the sky, and the breath that filled their bodies almost enveloped the entire square.

Haha...

Seeing this, Xibo smiled and his eyes were a bit gloomy.

For this wind wave to tame more than a dozen golden lions at the same time, it is simply impossible. There are only two possibilities for the end, either being bitten by the golden lion or being torn to pieces.

At this time, under the Queen's order, many guards set up a circle of iron fences in the center of the square as a venue for Yue Feng to tame the golden lion.

After doing this, more than a dozen golden lions were driven out of the cage and into the enclosure.

"Haha!"

At this moment, Xibo was very proud and laughed at Yue Feng: "Everything is ready, it's your turn to show!"

After saying that, Xibo couldn't help but mocked: "You won't be in trouble. Are you afraid?" The

voice fell, and the audience's eyes converged on Yue Feng.

"A dozen or so golden lions are too shocking, does he dare?"

"Looking at his appearance, he must be delusional!"

"Nonsense, it's you and you are delusional!"

"Come, Yue Feng smiled slightly: "What do I dare not?" The

voice fell, Yue Feng moved his hands and feet, and his figure jumped lightly, and jumped into the iron fence.

Phew...

Seeing this scene, everyone in the audience was stunned.

This guy is crazy, he really got in!

At this moment, An Qi looked at Yue Feng closely, with a bit of surprise and worry on her delicate face.

A dozen golden lions, is he really not afraid of death?

Not far away, Mrs. Lan Ya also looked closely at Yue Feng's figure, her heart was hanging.

This Feng Tao has really entered...

At the same time, the Queen quietly looked at Yue Feng, her eyes flashing with a strange brilliance, revealing deep approval.

In the face of such a dangerous situation, it is really rare to be able to be so relaxed.

“Roar, roar... Roar!”

Just when everyone was secretly surprised, they saw that after Yue Feng entered the iron fence, a dozen golden lions roared one after another, and then quickly surrounded them, each with a bloody mouth. Opened, revealing sharp fangs.

For a time, both An Qi and Mrs. Lan Ya secretly sweated for Yue Feng.

In the entire square, except for the roar of the golden lion, everyone was silent, all eyes widened, watching how Yue Feng responded!

At this time, in the iron fence.

Seeing more than a dozen golden lions quickly surrounding them, each with a dangerous atmosphere, Yue Feng did not panic at all, but urged his inner strength to quietly inject it into the beast-controlling ring on his body.

hum!

In an instant, a special power fluctuation erupted from the beast ring, with Yue Feng as the center, covering the surrounding golden lions.

“Hooho...”

Feeling the energy fluctuation, more than a dozen golden lions suddenly burst into a restlessness, and then stopped one by one, their eyes focused on Yue Feng, puzzled.

The breath of this human being is so special...

“Hooho...”

At the same time of doubt, the dozen or so golden lions kept making low-pitched roars, their eyes locked on Yue Feng, waiting for an opportunity.

call!

Seeing this scene, everyone around was holding their breaths.

Especially Xibo, with a wicked smile on his face.

Ha ha..

Chapter 3427

This wind wave has to tame more than a dozen golden lions. Now these golden lions are going to be provoked. Let's see what he does.

At this time, Xibo believed that Yue Feng could not speak animal language, and had already angered these golden lions, but he did not know that Yue Feng had activated the animal control ring, making these golden lions a little restless for the time being.

in the iron fence.

“Be good...”

Looking at the dozen or so golden lions surrounding him, Yue Feng did not panic at all, and kept sending messages through the beast ring: “Don't be impulsive, I am not here to hurt you. ...”

“You should have felt my power. If you really fight, you are not my opponent. If you do not, you will be killed by me. However, as long as you are obedient, you will be fine. Do you understand?”

” At the time, Yue Feng looked relaxed, but he was a little nervous in his heart.

Speaking of which, Yue Feng is not afraid of being besieged by these golden lions, but in that case, he will show his true strength, and at that time, his true identity will not be able to be concealed.

Therefore, it is better to communicate with these golden lions as much as possible and let them take the initiative to surrender.

“Roar, roar...”

Hearing Yue Feng's words, more than a dozen golden lions kept roaring, but the fierceness in their eyes slowly disappeared. After a few seconds, they surrounded Yue Feng one by one. Sticking out his tongue, he licked Yue Feng's face affectionately.

Yes, licking the face is a gesture of goodwill by the Golden Lion.

Pfft!

When more than a dozen golden lions rushed up to lick his face, Yue Feng couldn't stand still and fell to the ground all of a sudden.

Whoa!

Seeing this scene, the people outside the iron fence suddenly exclaimed. From their point of view, they saw Yue Feng being thrown down by a dozen golden lions, thinking that he had been attacked.

“My God, a dozen golden lions have attacked together. I’m afraid this Feng Tao will not survive!”

“I thought he really knew the animal language, but it turned out...”

“Yeah, this person is overconfident. It’s over.” The

discussion kept coming, and An Qi bit her lip tightly, feeling unspeakable sadness in her heart.

This Feng Tao is so arrogant, how can he tame so many golden lions at the same time?

Mrs. Lanya, who was not far away, couldn’t help but sigh softly and felt sorry for Yue Feng. Like everyone else, she also thought that Yue Feng was attacked by these golden lions and had no chance of surviving.

At the same time, the queen was also trembling.

This wind wave....really dead?

“Alas!”

At this time, Xibo, who was standing at the front, said with a fake expression of regret: “I just asked him to tame two golden lions, but I didn’t expect this wind wave to be so arrogant that he had to tame a dozen of them together. Now It’s really heartbreaking to end up like this.”

When he said this, Xibo’s face was full of pity, but his eyes were full of pride.

This Feng Tao, who dared to teach himself a lesson in public before, was bitten to death by these golden lions and deserved it.

Thinking to himself, Xibo said to the Queen: “Your Majesty, it seems that Feng Tao is dead, let someone drive the golden lion back to the iron cage!” The

Queen bit her lip and did not respond.

“Xibo!”

At this moment, An Qi scolded Xi Bo with grief: “It’s all you, you have to let Feng Tao prove that he can speak animal language. Now that he is dead, you are satisfied!”

At this time, An Qi hated Xibo to death. I had been in contact with Yue Feng for a day, and heard a lot of interesting things from Yue Feng, and I was thinking of letting him be my personal bodyguard, but now, he was bitten to death by the golden lion.

“His Royal Highness An Qi.” Xibo said innocently: “How can you blame me? When I was in the hall before, I didn’t force him. He wanted to tame more than a dozen golden lions at a time, but he didn’t tame them and lost them. In death, I can only say that he is too confident.”

“You...”

Hearing this, An Qi’s face flushed and her whole body trembled with anger, but she didn’t know how to refute it.

Because Xibo said it well, it was indeed Yue Feng who wanted to tame more than a dozen golden lions together.

“Look at...”!

After arguing, I suddenly heard exclamations from the surrounding people.

An Qi hurriedly followed everyone’s gaze, and when she saw it, her delicate body trembled, and she was completely dumbfounded.

He saw that Yue Feng’s figure stood up in the group of golden lions, his face was licked wet, his whole body was intact, and there was no sign of being bitten.

Not only that, but more than a dozen golden lions, snuggling up beside Yue Feng, were as docile as kittens, and completely lost their previous ferocity.

Chapter 3428

This...

At this moment, everyone’s eyes widened, staring at Yue Feng in a daze, their eyes full of incredible, completely stupid.

He actually managed to tame more than a dozen golden lions?

Incredible, he... how the hell did he do it?

If it really depends on the animal language, it would be amazing.

At this time, everyone did not know that Yue Feng had a beast ring on his body that communicated with the spirit beasts in the world. Otherwise, he would not have tamed a dozen golden lions so easily.

quiet!

At this moment, the entire square was silent, and a drop of a needle could be heard clearly.

Especially Xibo, his face turned into a pig's liver color, which was extremely ugly, and his heart was also full of anger.

Ma De, I thought that this time I could use the golden lion to teach Feng Tao a good lesson, but I never expected that Feng Tao really tamed a dozen golden lions. This kind of ability is even the top of the Golden Lion Principality. The animal trainer is also far behind.

"Fengtao!"

At this moment, An Qi couldn't hide her excitement and excitement, and shouted at Yue Feng, "You are amazing!" While shouting, her eyes flashed with excitement.

At the same time, the queen also showed a smile, and her delicate face was full of relief.

This wind wave, really did not let himself down.

Mrs. Lan Ya, who was standing not far away, looked at Yue Feng with a strange brilliance.

I originally thought that this Feng Tao was just an appearance and had no ability, but now it seems that he is really different, no wonder he is so appreciated by His Royal Highness An Qi.

Thinking to herself, Mrs. Lan Ya reacted and praised Yue Feng softly: "I really didn't expect that this Feng Tao really has such ability to tame more than a dozen golden lions at the same time. It's really incredible.

" At that time, Mrs. Lanya became more and more interested in Yue Feng.

Hearing the praise, Yue Feng smiled.

Seeing this, Xibo's face became even more gloomy. The mood was even worse.

It was originally intended to make Yue Feng make a fool of himself, but in the end, he won applause from the audience. Can you not be angry?

"Your Excellency Xibo!"

At this time, Yue Feng showed a smile and said to Xibo: "You have seen that, a dozen golden lions have been successfully tamed by me, I know the animal language, I believe you will never again. Do you have any questions?" The

voice was not loud, but it spread throughout the audience.

Swish!

In an instant, all the eyes around him focused on Xibo.

"This..." Xibo was embarrassed, scratching his head, not knowing what to say.

At this moment, An Qi couldn't help but said: "Xibo, you just said that Feng Tao deceived His Majesty, and you have to give him an accusation. Now that they are arguing, won't you say something?"

"Qi looked around the audience and continued: "Xibo, as the commander-in-chief of the Wangcheng Guards, is arguing with a palace guard over a trivial matter. In my opinion, he must publicly apologize to Fengtao."

As soon as these words came out, Many people around nodded in agreement.

"Yeah, this Fengtao does have real material!"

"Your Excellency Xibo, you really need to apologize."

"His Royal Highness An Qi is right."

Listening to the discussions around, Xibo's face was extremely ugly, and his heart was unspeakable.

I thought I was going to teach this Fengtao a lesson, but it turned out to be self-defeating, but how could he be the commander-in-chief of the guards, how could he apologize to a guard in public? If you do, what will happen next?

"Sibo!"

Chapter 3429

When Xibo was tangled in secret, the Queen who had been silent all the time said softly: "You really did something wrong today, you should apologize to Yue Feng."

After saying that, the Queen looked at Yue Feng, The admiration could not be concealed in his eyes.

"Yes, Your Majesty!" Xibo was reluctant, but he still answered.

The next second, Xibo walked up to Yue Feng and whispered: "Fengtao, I'm sorry, I was a little rude before, please don't mind."

When he said these words, Xibo almost squeezed between his teeth. When he came out, his heart was full of anger and humiliation.

Ma De, Fengtao, you wait for me, and when it falls into my hands in the future, it will definitely make your life worse than death.

Seeing Xibo's dissatisfaction, Yue Feng smiled slightly and didn't take it to heart: "Your Excellency Xibo is really polite, if you didn't insist on it just now, I wouldn't have the chance to show you the beast language, so, I still have to thank you."

Yue Feng's attitude made Xibo almost explode with anger, he snorted softly and said nothing more.

"Okay!"

At this time, the queen raised her jade hand, motioned everyone to be quiet, and said slowly: "Today Fengtao demonstrated his animal taming skills, which is eye-opening, such talents are really rare, I announce that from now on, and promoted Yue Feng to be the commander of the palace guards."

Wow!

When the words fell, the audience was in an uproar, and everyone looked at Yue Feng with envy.

Immediately afterwards, many people came to congratulate.

Yue Feng smiled and greeted those who came to congratulate him.

"Your Excellency Fengtao!"

At this moment, a gentle and pleasant voice came, and I saw Mrs. Lanya walking slowly, and smiled at Yue Feng: "The scene just now was really wonderful, how did you do it, let more than ten people. The golden lion is so obedient?"

After speaking, Mrs. Lanya looked at Yue Feng closely, her delicate face full of curiosity.

Yue Feng smiled: "Well... the animal language I learned is somewhat mysterious, and I can't explain it clearly for a while." As he spoke, he admired Mrs. Lanya up close and sighed.

I have to say that this Mrs. Lanya is really sexy, especially her unique charming temperament. Any man who sees it will fall into it and cannot extricate himself.

That's it...

Hearing this, Mrs. Lanya was a little disappointed, and then smiled lightly: "Since this is the case, if there is a chance another day, I will ask for some advice. I hope Your Excellency Fengtao will not refuse."

After speaking, Madam Lanya smiled charmingly at Yue Feng and turned to leave.

Gudong.

With that smile, Yue Feng only felt that his entire soul had flown away. At the same time, he could not help but sigh with emotion.

Looking at the situation, the rumors may be true, this Mrs. Lanya really has a way of dealing with men. You can be careful in the future.

...

an hour later, Hibiscus Manor.

Furong Manor is the residence of Mrs. Lanya. It is located in the southeast corner of Wangcheng. It occupies an area the size of a football field. It is full of flowers and plants.

At this time, in the hall, Mrs. Lanya was sitting on a chair, and opposite her, a man sat there with a thorn, wearing armor, majestic, but his face was full of anger.

It's Sibō.

"Made!"

At this moment, Xibo raised his head and drank a glass of wine, and said angrily: "Today is really shameful and lost at home. If I don't take revenge, I, Xibo, will not be

a human being." Thinking of today's events, Xibo is unforgivable. , First the son lost his face, and then he was taught by that Feng Tao in public.

Seeing Xibo's face full of anger, Mrs. Lanya smiled lightly and comforted: "Your Excellency Commander! Why are you making such a big fire? I think that wind wave is quite interesting."

While speaking, Mrs. Lanya got up . Come here and pour Sibō a glass of wine.

Chapter 3430

If there are outsiders present at this time, they will definitely be surprised.

In the dignified Golden Lion Principality, Mrs. Lan Lanya, the only one who received the privilege of the title, was so gentle and obedient in front of Xibo.

To be honest, Mrs. Lan Lanya didn't want to do this either. Xibo held her very important handle in his hand. In front of him, he could only put down his body and make compromises.

"Haha..."

Hearing Mrs. Lan Lanya's words, Xibo sneered: "It seems that you appreciate him, don't you?" After the

voice fell, Xibo stretched out his hand and squeezed Mrs. Lan Lanya's chin, and his eyes flickering with a bit of ferocity, without the slightest pity.

"Your Excellency Commander!"

Madam Lan Lanya exclaimed tenderly, her delicate face showing pain: "You hurt me."

Xibo laughed evilly and let go of his hand.

At this time, Mrs. Lan Lanya stabilized her emotions and said softly: "That wind wave can speak animal language and can tame more than a dozen powerful golden lions at once, which is extraordinary, you saw it with your own eyes, and this man He is highly valued by the Queen, and has just been designated as the commander of the guards, if you continue to oppose him, I'm afraid it will be inappropriate."

Thinking of Feng Tao, Mrs. Lan Lanya's eyes could not help but flicker with a strange brilliance.

However, Xibo, the more he thought about it, the more angry he became, and he said coldly, "What if you are highly valued by the Queen? If you provoke me, it will look good to him." When the

voice fell, Xibo's fingers were hard, and the wine glass instantly shattered.

Madam Lan Lanya was startled and couldn't help but say, "Then what are you going to do with him?" Huh

!

Xibo took a deep breath, then looked up and down Mrs. Lan Lanya, and smiled badly: "When I was in the square before, I saw Feng Tao's eyes staring at you all the time, I must have some thoughts about you, so, You look for opportunities to confuse him."

What?

Hearing this, Mrs. Lan Lanya's delicate body trembled: "You let me go... to confuse him?"

Xibo nodded, his face unquestionable: "With your beauty and the way you deal with men, That kid is by no means your opponent, and when he is addicted to your beauty and can't extricate himself, it's time for me to take action." When

he said this, Xibo looked smug.

In the Golden Lion King City, there is no man who can resist the temptation of Mrs. Lan Lanya's beauty.

This...

Hearing this, Mrs. Lan Lanya bit her lip tightly, very tangled.

To be honest, she really appreciates Feng Tao in her heart, but if she wants to take the initiative to tempt it, it's a little...

Seeing her hesitating, Xibo's face darkened, and he said coldly: "What? You don't want to?" The voice was not loud, but revealed a hellish gloom.

Mrs. Lan Lanya's heart trembled, and she quickly said: "Okay, I will find an opportunity as soon as possible."

While responding, Mrs. Lan Lanya couldn't tell the grievances.

If her husband was still alive, Mrs. Lan Lanya would never have been bullied by Xibo like this, but now, apart from enjoying the status of the title, she looks like she is completely helpless. If she doesn't agree to Xibo, the end will be extremely miserable.

"Hehe..."

Seeing her finally agreeing, Xibo showed a smile and said proudly: "That's right, don't worry, as long as you help me deal with Feng Tao, I will never treat you badly."

Speaking of these knowledgeable goods, Xibo drank the wine, feeling indescribably happy.

Fengtao, with the help of a peerless stunner like Mrs. Lan Lanya, just wait to die.

.....

On the other side, the Royal Palace.

Yue Feng returned to his residence with a very complicated mood.
