

The ultimate husband in Chinese chapter 3466-3470

Chapter 3466

As the young master of the Maiwei family, although Maida is arrogant and domineering in Pearl City, he is not stupid.

He could see that the goddess of light in front of him was going to hold a grand ceremony in Pearl City, and he had specially invited the rulers of the six major duchies to participate. Obviously, he was going to intervene in the whole continent.

In other words, the Goddess of Light may want to unify the continent.

In this case, it is natural to take the initiative to move closer to the Goddess of Light. As long as they join the Temple of Light, the Maiwei family can also grow stronger in the future.

What?

He wants to join the Temple of Light?

At this moment, the entire temple was in an uproar, and many people looked at Maddie in amazement, each with complicated eyes.

The Temple of Light has a supreme sacred status in the entire continent, and it is not easy to join. And this Maddie, who is just a young master from a small family in Pearl City, actually proposed to the goddess to join the Temple of Light, crazy.

If the goddess of light is angered, I am afraid that the entire Maiwei family will be wiped out.

Everyone present felt that Maddie was too bold.

At the same time, Yan Hong was also stunned, her eyebrows frowned.

A few seconds later, Yanhong looked at Maddie and said lightly, "Looks like you are very sincere. Well, you can temporarily become a named knight in the temple. If you perform well in the future, you will be promoted to a full knight."

Seriously, Yanhong didn't want to pay attention to Maddie's request. But these few days in Pearl City, this Maddie was very attentive, making Yanhong feel very good.

Moreover, in order to unify the continent in the future, his subordinates also need people like Maddie.

What?

This chapter is provided by . Visit for daily update.

Seeing this situation, the people around immediately exploded, looking at Maddie's eyes with envy.

The goddess actually agreed?

Maddie was even more delighted, and she was so excited that she knelt there and said to Yanhong, "Thank you, Your Highness, Goddess for your appreciation."

Although it's only a named knight, with this title, who else can compete with the others present? Compare yourself?

At this time, everyone around them reacted and wanted to take this opportunity to join the Temple of Light.

"Okay!"

However, before everyone could speak, Yan Hong raised her jade hand: "It's nothing, you all step back." The voice was not loud, but there was no doubt about it.

"Yes!" Everyone's faces were full of unwillingness, but they did not dare to disobey.

Haha...

Maddie is not excited. Today, there are so many people, only himself has been allowed by the goddess to join the Temple of Light, can you not be excited?

After leaving the temple, Maddie hurried to the Dumen family.

This good news must be told to Lolita.

During this time, Maddie went to the Dumen family when he had nothing to do, and visited Lolita. With rhetoric, the relationship between the two became much closer.

It was getting late, and night fell.

When they arrived at the Dumen family's manor, Maddie walked directly to Lolita's room. During this time, Maddie not only visited Lolita often, but also used family connections to help the Dumen family in business, so in the eyes of the Dumen family's servants, Maddie is his own person, and there is no obstruction at all.

call!

When approaching the room, far away, I saw Lolita sitting on a chair outside, staring at the sunset in the sky.

At this time, Lolita, wearing a long lavender dress, the afterglow of the sunset sprinkled on her delicate face, was indescribably charming.

For a while, Maddie was stunned.

Lolita is getting more and more beautiful, and she must be her own woman as soon as possible.

Chapter 3467

Thinking, Maddie showed a smile and walked over slowly: "Lolita, how about watching the sunset?"

"Mady?"

Seeing Maddie, Lolita smiled lightly and was very happy: "Why are you here? Did you?"

Speaking of which, Lolita hated Maddie very much. Relying on her status as the young master, she was arrogant and domineering in Pearl City and often bullied the weak, but Maddie has been helping her since her grandfather's death. Moreover, under the persuasion of Lolita, Maddie rarely bullied the weak.

In this case, Lolita's view of Maddie has changed greatly.

However, Lolita didn't know that Maddie's transformation was only superficial, deliberately done to her.

Feeling the joy of Lolita, Maddie was very happy, he smiled and said: "If I don't see you for a day, I feel that there is something missing in my life."

After speaking, Maddie couldn't hide his excitement: "Also, I want to I have good news to tell you, I have joined the Temple of Light."

Phew!

Hearing this, Lolita's body trembled, and she was shocked beyond words.

"Really? That's congratulations to you!" Lolita came back to her senses and smiled, very happy for Maddie.

Lolita has an introverted personality and doesn't like socializing the most, so today when major families and celebrities from other cities met the Goddess of Light, Lolita did not follow.

But Lolita knew in her heart that the Goddess of Light had a supreme and sacred status in the entire continent, and if Maddie could join the Temple of Light, she would surely flourish in the future. As a friend, she would naturally be happy for him.

Maddie was very excited at this time, and said to Lolita: "Lolita, I'm so happy today, you can go out with me."

When he said this, Maddie looked serious, but his eyes flashed with slyness.

I am now a member of the Temple of Light, and my status is not what it used to be. It is time to go further with Lolita.

Lolita didn't notice the change in Maddie's expression, but she nodded and said happily: "Okay!"

Maddie joined the Temple of Light, which is a good thing. As a friend, go out with him and enjoy this together. It's normal to be happy.

A few minutes later, Maddie and Lolita, riding in a unicorn car, slowly drove by the sea.

I saw that the afterglow of the setting sun dyed the entire sea golden, and the sparkling waves flickered. This seascape is like a fairy tale dream and beautiful.

"What a beautiful view!"

Seeing this scene, Lolita couldn't help but admire.

However, Maddie next to him did not appreciate the beauty in front of him, but stared at Lolita.

The next second, Maddie finally couldn't help it, and said affectionately: "Lolita, marry me and be my woman, okay?" After saying that, Maddie held Lolita's jade hand at once.

Lolita's body trembled, and she quickly withdrew her hand: "Maddy, don't be joking."

At this time, Lolita's face was a little red, and she was a little unhappy. She kindly accompanies him, but he treats herself Hands and feet.

Maddie looked serious: "I'm not joking, Lolita, I am a member of the Temple of Light now, and I will be reused by the Goddess of Light in the future. I have a bright future."

"Think about it, being my woman, the Dumen family will also Wouldn't that be good?"

Maddie's eyes were full of scorching heat when he said this.

Lolita bit her lip tightly and fell silent.

After a few seconds, Lolita said softly: "Maddy, I know you are for my own good, but have you forgotten that I will be filial to grandpa for one year, within this year, I will not consider it Married."

When Yue Feng was framed and escaped from Pearl City, Maddie wanted to propose to Lolita. At that time, Lolita said that she would be filial to Mr. Dumen for a year.

Of course Maddie knew about this.

However, at this time, McGrady just wanted to get Lolita as soon as possible, so how could he care so much?

Chapter 3468

"Lolita!"

Maddie took a deep breath and looked serious: "I know you are filial, but there are many ways to be filial, you don't have to be filial for a year, so let's do it, I will invest tomorrow, specifically Make a statue for the old man to commemorate, okay?" As

he spoke, Maddie looked up and down Lolita, and couldn't wait.

Lolita pondered for a while, then shook her head firmly: "No, I swore at the beginning, how can I change it?"

Although Maddie has become much better than before, Lolita is still a little hesitant to marry him.

Made!

Seeing Lolita's persistence, Maddie couldn't help it, and smiled contemptuously: "Okay, don't pretend to be innocent with me, you married that Yue Feng before, and you've already married a woman once, I can see you, it's your honor, don't know how to praise."

"You..."

Lolita's body trembled, and she stared at Maddie. I never thought that Maddie would suddenly change his face.

And Maddie hadn't finished speaking, and continued to sneer: "Did I say something wrong? Lolita, I've waited for you for so long, and the whole Pearl City knows that I want to marry you, don't challenge my patience."

"I don't . I'll marry you!" Lolita blushed and responded coldly.

I thought this McGrady had changed his mind, but it turned out that he pretended all this. And at this time, it finally showed its true colors.

“Haha...”

Maddie at this time was too lazy to pretend, and sneered: “Won’t you marry me? Do you think you still have a choice?” Saying that, Maddie sat beside Lolita and sneered. At the same time, he was about to grab Lolita’s hand.

Maddie figured it out, no matter if Lolita is willing or not today, she will get her.

Lolita was furious, hid for a moment, and said very displeased: “Maddy, you’d better show some respect.”

When she said this, Lolita’s face was calm, but she was very flustered. Now it’s getting late, except for the beach. Neither myself nor Maddie are alone. What would happen if Maddie forcibly took possession of him.

“Tsk tsk!”

Lolita’s scolding did not restrain Maddie, but stimulated him even more: “Lolita, don’t try to resist, tonight, I’m going to kill you, haha...” The

voice fell, Maddie again Grab Lolita.

The unicorn’s compartment is so cramped that Lolita has nowhere to dodge, her wrists clenched tightly.

“You...you let me go!” Lolita was furious.

Maddie had a wicked smile on her face, got a little closer, and took a deep breath in front of Lolita: “It’s so fragrant... I heard that after you married that Yue Feng, you haven’t been in the same room, so today, just Let me help you become a real woman.”

After saying this, Maddie’s eyes flashed with evil light, and he grabbed Lolita’s hand and yanked it.

Lolita exclaimed and slammed into Maddie’s arms, and was hugged tightly by Maddie.

“Lolita, don’t be afraid, I will take good care of you, haha...” Maddie laughed, and put his mouth up slowly.

At this moment, Lolita was very desperate and helpless.

If I knew that Maddie was pretending in front of me, I wouldn’t come out with him.

Grandpa died, and the family business went from bad to worse. If he was tainted by Maddie, there would be nothing left. It is better to die than to live like this.

Thinking to herself, Lolita's eyes were red and tears kept falling.

At this time, McGrady is also getting more and more excessive.

Lolita clearly felt that Maddie's breathing was getting closer and closer, and she was about to touch herself. At this moment, she was completely desperate.

Whoa!

Seeing that Maddie was about to succeed, suddenly, he heard footsteps coming from a distance.

Mad, who's going to mess with me?

Chapter 3469

Hearing the movement, Maddie was very angry, and quickly looked out of the car, and saw that several big men came over, the one headed, with a giant hammer in his hand, was very mighty, and his whole body was filled with power breath.

hiss! The strength is so strong.

Feeling the other party's breath, Maddie couldn't help taking a deep breath. Recently, Pearl City is going to hold the Holy Light Ceremony, and various forces are coming one after another. Obviously, these big men in front of them are also from other places, and they want to see the demeanor of the goddess of light.

Thinking of this, Maddie no longer panics.

I have no grudges against these people, and I have just joined the Temple of Light, and my status is extraordinary. What are you afraid of?

At this time, Maddie didn't know that the big men in front of him were bandits from Giant Bear Mountain.

And at the head, it was Okuyama.

A month ago, Yue Feng was framed by Maddie and was forced to leave Pearl City. When he passed through Giant Bear Mountain, he subdued the bandits of Aoshan. At that time, Yue Feng told Aoshan to let them go to Pearl City and secretly protect Lolita and Dumen. family.

Okuyama's words matter. For the past month, he has been lurking in Pearl City with his brother, always keeping an eye on the situation of the Dumen family and Lolita. Today, when I learned that Lolita and Maddie came to the beach, Okuyama didn't think much about it at the time. He rushed over with his brother.

"Several!"

Finally, Maddie reacted and said to Ou Shan: "If you guys are playing, go far away and don't disturb this young master."

When he said this, Maddie's tone was unquestionable, and his expression was extremely cold and arrogant.

These big men in front of them, at first glance, are cultivators who are not in the mainstream. He is the young master of the Maiwei family, and he has just joined the Temple of Light, so he doesn't need to pay attention.

However, Okuyama and the others did not intend to leave.

The next second, Ou Shan glanced at Maddie coldly: "Get out of the car immediately and get out of the car!"

At that time, when he worshipped Yue Feng as the boss, Ou Shan knew that Yue Feng was framed and left Pearl City, and the culprit was the , is Maddie. At this time, seeing Maddie's arrogance, he couldn't help it.

Made!

Hearing this, Maddie felt humiliated and scolded: "I don't know what I am, do you know who I am? The young master of the Maiwei family, the named knight of the Temple of Light, you dare to challenge me, have you thought about the consequences? ?"

What?

Hearing this, Okuyama was stunned. Is this kid from the Temple of Light?

"Haha..."

Seeing Ou Shan's expression, thinking he was afraid, Maddie was very proud: "I'm afraid, while I'm in a good mood, get out."

The most important thing in front of me is to enjoy Lolita. Be gentle, there is no need to waste time with these people.

"Special code doesn't care who you are!"

At this time, Ou Shan reacted and roared: "I just don't like you. Brothers, call me!"

Hu La!

In an instant, a few men behind him rushed over and dragged Maddie out of the car, followed by punching and kicking.

Although McGrady's cultivation strength is not low, which is the opponent of Ou Shan's subordinates, you must know that Ou Shan's group has been entrenched in Giant Bear Mountain for so long, and each of them is very strong.

"You...you dare to do something to me...wait to die..." Maddie couldn't stand up at all, he was beaten and rolled, howling in his mouth. The dignified young master of the Mai Wei family, the named knight of the Temple of Light, was beaten by a few unknown people. How could he swallow his breath?

After playing for more than ten minutes, seeing that Maddie was about to be beaten to death, a few talents stopped.

Then, Okuyama led his men and drove the unicorn car towards the distance.

It's over..

At this moment, Lolita sitting in the car was terrified, and her delicate face was full of horror.

Only escaped the clutches of Maddie, and fell into the hands of these people.

Where are they taking me?

Chapter 3470 Panicked

in her heart, Lolita couldn't help but look at the situation outside the car.

Um?

Seeing this, Lolita's delicate body trembled, and she was immediately stunned.

I thought that these people would take themselves away from Pearl City, but at this time, Lolita saw that several people from Okuyama were driving the unicorn car, heading towards the city.

What's going on here?

At this moment, Lolita couldn't express the doubts in her heart.

Aren't these people trying to conspire against themselves?

A few minutes later, the unicorn stopped at the gate of the Duman family estate.

"Miss Lolita!"

At this time, Okuyama said respectfully and politely to Lolita: "You must be shocked, but don't worry, it's all right now." When he said this, Okuyama smiled, It's completely different from the fierce look before.

"You..."

Lolita bit her lip and was very surprised: "Who are you? Why do you want to help me?"

At this time, Lolita finally understood that these people in front of her were deliberately coming to save herself Yes, but....I don't know them at all.

Okuyama scratched his head, with a simple and honest face: "My name is Okuyama, in fact, Miss Lolita, you don't have to thank me, it's our boss who told me to secretly protect you.

"

boss?

Hearing this, Lolita was even more confused. At first glance, these people are not ordinary people. Do you know their boss?

Thinking of this, Lolita couldn't help but ask, "Who is your boss?"

Ou Shan's eyes flickered, and when he thought of Yue Feng, there was a hint of admiration, and he was outspoken, so he said it directly: "I said Lori Miss Ta, who can help you in this world besides your husband?"

"To tell you the truth, my boss is Yue Feng, and he specially explained to me that he wanted to protect you secretly."

"Actually The boss told me about everything between you, he was framed by Maddie, a bastard, but unfortunately you don't believe him."

When he said this, Okuyama looked excited.

After recognizing Yue Feng as the boss, Ou Shan was deeply impressed by Yue Feng's bearing, and at the same time was deeply angry with Yue Feng's experience in Pearl City. When he saw Lolita at this time, he naturally wanted to help Yue Feng. Clear the charges.

What?

Hearing this, Lolita's body trembled, and she only felt her brain buzzing.

Yue Feng...he is the boss of these people? Moreover, Yue Feng also sent them to protect themselves secretly.

At this moment, Lolita was very complicated, her emotions were up and down, and she could not calm down for a long time.

Could it be that Yue Feng was really framed before? However, when all the families were present, and there were witnesses, they all pointed out that Yue Feng was the murderer of Grandpa.

Seeing that Lolita looked complicated and remained silent, Okuyama wanted to continue talking, but was interrupted by a call.

"Miss!"

With a happy shout, I saw a middle-aged woman walking out of the manor, with a sour face and freckles, it was the housekeeper Launa.

Seeing that someone came out, Ou Shan was inconvenient to say more, and smiled at Lolita: "Miss Lolita, you should rest early, by the way, you must be careful about that Maddie in the future, he is not a good person."

The voice fell, and Okuyama left in a hurry with his subordinates.

"Miss!"

As soon as she left, Launa walked over quickly, very worried: "Didn't you go out with Master Maddie? Why did you come back alone? Also, who are those people? They look fierce. At

this time, Laona clearly saw that Lolita's delicate face was pale, and she was obviously frightened.

"Don't tell me about Maddie."
