

## The ultimate husband in Chinese chapter 3866-3870

### Chapter 3866

However, the secret room was quiet and there was no response at all.

At this time, Guo Dong found that the door of the secret room was left open, and he had a bad premonition in his heart. You must know that Luo Jue was very cautious. Generally, when cultivating in the secret room, the door of the secret room was closed. It turned out to be a false cover, too suspicious.

At the same time, Gong Ao also sensed something was wrong and couldn't help shouting: "Luo Jue, I'm Gong Ao, Your Majesty specially sent me to pass the letter, come out quickly." But

the voice fell, and there was still nothing in the secret room. movement.

Squeak!

At this moment, Gong Ao lost his patience and pushed the door directly in. Guo Dong hurriedly followed behind. After entering the secret room, Gong Ao's body shook and froze immediately after seeing the scene in front of him.

Guo Dong also grew his mouth, and with a buzzing sound in his head, the whole person was stunned and extremely frightened.

I saw Luo Jue lying there softly, his face was terrifyingly blue, and he was no longer breathing.

Not only that, but on the wall next to it, there are several vigorous and powerful characters written, which are particularly eye-catching.

'Those who violate me will be killed without mercy: Yue Feng left a message! "

Yue Feng?

Seeing these words, Gong Ao was both shocked and angry.

This Yue Feng was really audacious and actually killed Luo Jue. It seems that his actions were much more serious than he imagined.

"Ma De! At

this time, Guo Dong also reacted, and said with a heartache: "This Yue Feng is too insidious, and he secretly assassinated while Tianzun was healing. With

This chapter is provided by . Visit for daily update.

that said, Guo Dong said to Gong Ao, "Your Excellency Special Envoy, you must avenge the Heavenly Venerate. "

In Guo Dong's heart, Luo Jue is his biggest backer. Now that the backer is gone, he can only rely on Gong Ao. After all, Gong Ao is also from the God's Domain, and his identity is higher than Luo Jue.

Gong Ao didn't respond, his face was indescribably gloomy.

Yue Feng dared to kill Luo Jue, it was extremely arrogant, and he had to be caught in the God's Domain for His Majesty to deal with.

"Om!"

While thinking about it, suddenly the entire Tiandao League main altar shook violently. Gong Ao sensed that a violent roar came from the emperor under his feet, and the strong vibration almost made people stand unsteady, as if the heaven and the earth were collapsing. General!

what's the situation?

At this moment, Guo Dong was also taken aback, why was there an earthquake all of a sudden?

Immediately, Gong Ao and Guo Dong walked out of the secret room and looked in the direction of the vibration together!

At the same time, the disciples of the entire Tiandao Alliance also ran out, looking at the sky in the distance!

Just seeing the direction of the Apocalypse Continent, the distant horizon, the wind and the clouds are surging, and a dazzling blood-colored beam of light shoots straight into the sky, which is very shocking!

What the hell!

It is the direction of the Apocalypse Continent!

Guo Dong was stunned and couldn't help muttering to himself: "It's the Apocalypse Continent again... Could it be that the Apocalypse Continent has more than one axe? Now another artifact has been born?

"Elephant, and then the Kaitian Axe was born, which shocked Kyushu. At that time, Guo Dong was still the head of a small sect. Although he did not see the birth of the

Kaitian Axe with his own eyes, he clearly remembered that at that time, the world was shaking and the sky was different. elephant!

Divine Soldier was born?

Hearing this, Gong Ao frowned secretly and asked, "What kind of magic weapon was born?"

Gong Ao came from the God Realm. He did not know that there were many peerless weapons buried in the Kyushu Continent. Once these weapons were born, they would cause changes in the world. In addition to the magical weapons, the tombs of some powerful people appeared in the world, which could also cause the heaven and the earth to shake.

Guo Dong was excited, and hurriedly explained the birth of the magic soldier in detail.

Knowing these circumstances, Gong Ao pondered: "According to you, once such a vision occurs, all sects in Kyushu will flock to snatch treasures? At that time, Yue Feng may also go?

" !

Guo Dong nodded: "With such a big movement, Yue Feng must be present."

Chapter 3867

"Very good!"

Gong Ao took a deep breath, with endless gloom in his eyes: "Then I'll be waiting for him at the place where the god soldier was born."

.....

At this moment, Tianqi Continent, Imperial City!

In the Qianyuan Hall, King Guangping was dressed in a golden dragon robe, and his expression was solemn. There were hundreds of civil and military officials standing there, all of them looking inexplicably flustered.

Just now, the imperial mausoleum in the southeast of the imperial city suddenly vibrated violently, and a blood-colored light shot straight into the sky, causing the situation to change, as if the end of the world.

In the face of this sudden situation, the civil and military officials are all inexplicably uneasy.

It may be a good thing for this change in the world to appear in other places, but this is in the imperial mausoleum, where the emperors of the weather royal family are buried. If it collapses, the foundation of the royal family will be lost.

At this time, King Guangping's mood was also extremely bad.

There was a strong vibration in the imperial mausoleum, which was not a good omen.

Thinking to himself, King Guangping ordered to the eunuch beside him: "Go, take out all the books about the royal family in the library." There are many records about the emperor's mausoleum in the library, maybe from these ancient books, Find some clues.

"Yes, Your Majesty!"

After hearing the order, several eunuchs hurried to the library.

After a while, several eunuchs came back with thousands of ancient books.

King Guangping did not hesitate, and ordered the civil and military officials: "Check, let me check them all, and you must find out the clues." The

civil and military officials did not dare to neglect, and walked over quickly and began to inquire about these ancient royal books. Thousands of ancient books were searched for more than two hours.

King Guangping was not idle either. He picked up a few books and read them carefully.

call!

Finally, King Guangping found some clues, took a deep breath, his gloomy face suddenly stretched out, and he laughed: "Haha, the vibration of the imperial mausoleum is a blessing rather than a disaster."

Wow!

When the voice fell, all the civil and military officials were stunned!

The vibration of the imperial mausoleum is actually a good thing?

In shock, a general came out and couldn't help but ask, "Your Majesty, is there a magic weapon that is about to appear in the imperial mausoleum?"

The eyes of everyone in the hall were also fixed on King Guangping.

At this time, King Guangping was in a very happy mood. He smiled and said: "It's not the magic weapon that is going to be born, but the ancient tomb of my royal ancestor, which is about to come into existence!"

The ancient tomb of the royal ancestor?

Hearing this, all the cultural relic officials present looked at each other in dismay, each one becoming more puzzled.

In this imperial mausoleum, the ancient tombs of the previous emperors were originally buried?

Seeing everyone's doubts, King Guangping showed a smile and continued: "Of course this tomb is not an ordinary ancient tomb, it is even more extraordinary than the tomb of Lv Bu back then."

After speaking, King Guangping pointed to the ancient book in his hand: "Every Qing family. You should all know that my royal family was originally a descendant of Chiyou. Thousands of years ago, our ancestor Chiyou and Xuanyuan Huangdi had a war. In the end, they were defeated and evacuated from the Diyuan Continent, and came here to establish the Tianqi Royal Family.

"The ancestors practiced in seclusion and did not care about the world. Later, when the ancestor Chiyou died, he was buried under the imperial mausoleum."

"Now that there is a vision in the imperial mausoleum, it must be the ancient tomb of the ancestor Chiyou."

When he said the last sentence, King Guangping couldn't hide his excitement.

In recent years, King Guangping has been determined to prosper the weather royal family and disdain for Kyushu, but he is only in the face of the powerful Nanyun royal family and the Beiming Continent, but he is more than enough.

Recently, the Tiandao Alliance was established, and King Guangping took the initiative to form an alliance, but he was also subordinate to Luo Jue, which made King Guangping very aggrieved.

And now, with the appearance of Chiyou's ancient tomb, King Guangping suddenly saw hope. You must know that Chiyou is an existence that can stand up to Xuanyuan Huangdi. His strength is terrifying, and he can be called a legendary overlord.

If it can get Chiyou's inheritance, the weather royal family will definitely be able to stand on the top of Kyushu.

Speaking of which, King Guangping didn't know much about the situation of Chiyou's ancient tomb, because it was too old, but when he saw the records in the ancient royal books, King Guangping immediately determined that the phenomenon of heaven and earth that appeared in the imperial tomb was exactly Chiyou's ancient tomb. caused.

Chapter 3868

Wow!

When King Guangping's words fell, the entire Qianyuan Hall exploded in an instant, and the civil and military officials were extremely excited and excited.

The tomb of Chiyou the Great!

If it is true, the Tianqi royal family is really about to rise. You must know that when Chiyou and Xuanyuan Huangdi fought against each other thousands of years ago, although they were defeated in the end, Xuanyuan Huangdi suffered heavy losses at that time.

More importantly, it is rumored that Emperor Chiyou had a practice called "The Holy Luo Jing". This practice is all-encompassing.

"Tell me the decree!"

At this time, King Guangping smiled and ordered to the civil and military officials: "You can send the Royal Forest Army to strictly guard the entrances of the imperial mausoleum. If there are any Jianghu sects approaching, they will be expelled immediately."

When saying this, King Guangping had a firm look on his face.

The vision of heaven and earth just now, there was too much movement, the various sects of Kyushu must be on their way, and they must be prepared in advance.

After all, the ancient tomb of Chiyou belongs to the Apocalypse royal family and must not allow other forces to interfere.

"Follow His Majesty's will!" The

civil and military officials responded in unison, and then quickly exited the hall.

In a few minutes, the hundreds of thousands of Imperial Forest troops set off in a mighty manner, and surrounded the imperial mausoleum so tightly that not a single fly could enter.

...

at this moment! Ouyang family.

Yue Feng, Wen Chou Chou, and the eight saintess Huanxiang finally returned to the Ouyang Family Manor after two hours of travel.

At this time, Sun Dasheng's mental state also recovered.

In the hall at this time.

Yue Feng, Wen Chou Chou, and Ren Yingying were sitting there with their eyes focused on Sun Dasheng.

“You...”

Facing everyone's gaze, Sun Dasheng scratched his head and looked puzzled: “Why are you looking at me like this? Also, aren't we at the main altar of the Tiandao Alliance? Why did you come back?”

Sun Dasheng just woke up, still don't know what happened. Because when he was controlled by the Soul Eater Blood Worm, his mind was always blank.

Huh....

Hearing this, everyone looked at each other with complicated expressions.

Looking at it, the Great Sage really doesn't know what he has done.

“Yue Feng!”

At this time, Ren Yingying gently pulled Yue Feng and whispered, “You said, is the Great Sage being controlled by someone?” In the current situation, apart from this possibility, there is really no other explanation. way.

Yue Feng nodded, and Bai Yunfei appeared in his mind.

Could it be that he...

hum... As he

was talking, suddenly a strong vibration came, and everyone was shocked, and then they walked out of the hall.

When they got outside, they saw the vision of heaven and earth in the direction of the Apocalypse Continent. Yue Feng and Wen Chou Chou all looked complicated.

call!

A few seconds later, Yue Feng took a deep breath and frowned: "Looking at the situation, either the divine soldier was born, or the ancient tomb appeared."

As soon as the words fell, Ren Yingying said, "It seems to be the Emperor's Mausoleum."

Yue Feng was stunned. Next: "How do you know?"

"Guess!" Ren Yingying shook her head, her delicate face showing complexity.

Ren Yingying didn't know what was going on, but the moment the shock came, subconsciously thought of the imperial mausoleum in her mind.

Chapter 3869

Seeing Ren Yingying's affirmation, Yue Feng nodded: "Just prepare, let

's go and see the situation!" When he said this, Yue Feng glanced at Sun Dasheng subconsciously.

The great sage must have been controlled, and the biggest suspect is Bai Yunfei, but Bai Yun's flight is erratic, and it is difficult to find him, and now there is a vision of heaven and earth from Tianqi Continent, when Bai Yunfei and the various schools of Jianghu Will definitely check it out.

A few minutes later, Yue Feng, Ren Yingying and the others left the Ouyang family and rushed towards the world. ....

A vision of heaven and earth suddenly appeared in the Apocalypse Continent, and the entire Jiuzhou rivers and lakes shook.

For a time, various sects in Kyushu gathered their disciples and quickly set off towards Tianqi Continent.

At this moment, a small town dozens of miles away from Tiandao League.

In the room, Ji Hongshang stood in front of the windowsill, looking at the red beam of light in the distance, unable to hide her excitement: "The vision of heaven and earth, there must be a peerless treasure born."

After saying that, Ji Hongshang turned back to Baiyun Fei Dao: "Sect Master, whether it's a magic weapon or an ancient tomb, we must not miss the opportunity."

Bai Yunfei sat there with a look of disapproval: "What kind of magic weapon and ancient tombs are only pursued by ordinary masters. Things, but there is a vision of heaven and earth in Tianqi Continent. For us, there are only advantages and no disadvantages."

“Now the Tiandao Alliance and the major sects must all go to investigate the visions of heaven and earth. Let’s prepare immediately and enter the ghost world to rescue Demon Venerable. Your Excellency.”

When he said this, Bai Yunfei’s face was full of confidence.

He has a demon soul, and he doesn’t even care about the opening axe. Naturally, he is not interested in other divine weapons or ancient tombs.

In Bai Yunfei’s heart, there is no respect for rescuing the demons in any matter. You must know that Luo Jue was successfully assassinated just now and blamed on Yue Feng. At this time, a vision of heaven and earth suddenly appeared in Tianqi Continent. At that time, Yue Feng and Tiandao Alliance Will definitely check it out. As long as the two sides meet, it must be an endless situation.

As a result, Yue Feng was entangled by the Heavenly Dao Alliance, and he had no time to take care of the ghost world. In this case, Bai Yunfei could rescue the Demon Venerable more easily.

This...

Seeing that Bai Yunfei did not intend to investigate the phenomenon of heaven and earth, but was about to enter the ghost world again, Ji Hongshang was a little disappointed, but still nodded: “This subordinate will prepare.”

...

a day later!

Apocalypse Continent, Imperial Mausoleum.

At this time, the red beam of light reaching the sky had disappeared, but the sky was still cloudy and dark.

Around the imperial mausoleum, more than 100,000 imperial forest troops were waiting in battle, surrounding the huge imperial mausoleum like iron barrels.

At the entrance of the main entrance of the imperial mausoleum, there are many people from all corners of the world, almost a sea of people.

This time, there was a vision of heaven and earth in the Tomb of Tianqi Emperor, and all the sects rushed over at the first time. These sects added up to hundreds of thousands of people, and the momentum was huge.

However, the atmosphere in the field was somewhat tense, and the air seemed to be filled with the smell of gunpowder.

I saw that at the entrance of the imperial mausoleum, opposite the major sects, King Guangping was sitting on the throne with a stern expression, and around him were dozens of master guards.

“Fellow fellows from all corners of the world!”

At this time, King Guangping looked around, with an unquestionable tone: “You have also seen that this vision of heaven and earth came from my Tianqi Emperor’s Mausoleum, and the ancient tomb that is about to appear is Chi You, the ancestor of my royal family. , In other words, this is my own business. I hope you don’t trespass.”

Speaking, King Guangping showed a smile and continued: “Of course, if you really want to explore the ancient tomb, after the royal family has cleaned up the ancient tomb, you can explore it at will! But if you try hard, I, Emperor Tianqi, will do my best to the end. Alone, you have to swear to the death to defend the ancient tomb.”

Wow!

Hearing this, the various sects present immediately began to discuss.

“What? Don’t let us in?”

“Why?”

“That is, Emperor Tianqi clearly wanted to take over the ancient tomb for himself. Without any evidence, he said that the ancient tomb of Chiyu belongs only to the weather royal family? It’s ridiculous.

” In the middle, everyone was very dissatisfied.

“What a joke!”

Chapter 3870

At this moment, a sect leader came out and said to King Guangping: “Your Majesty, you keep saying that the tomb that is about to come to life belongs to Chiyu and belongs to your royal family, but what evidence do you have?”

” Falling down, many people roared.

“Yes, take out the evidence.”

“If you can’t come up with it, don’t stop us.”

“That is, we came all the way, how could you be sent away in just a few words?” the

crowd shouted It kept coming, and the commander of the Imperial Forest Army couldn't bear it any longer. He

glared in a circle, and shouted: "You guys are not small, you dare to talk to your majesty like this." Half a step away from the tomb, I will make him die without a place to be buried."

Qiang! Clang! Clang!

As soon as the words fell, the surrounding Royal Forest Army also pulled out their long knives, one by one with murderous aura.

This....

Feeling the momentum of the Imperial Forest Army, the sect masters present showed a bit of dread in their eyes.

For a while, the two sides were at a standstill.

At this moment, there was a sound of footsteps not far away, and then, dozens of figures came slowly, it was the people of the Ouyang family.

The leader is Yue Feng.

Swish!

At this moment, the eyes of the audience all focused on Yue Feng.

Yue Feng brought the Ouyang family here? It's more lively now.

King Guangping's face became even more gloomy. He and Yue Feng already had a feud. At this time, seeing Yue Feng also wanted to explore the ancient tomb, naturally he would not have a good face.

what's the situation?

At this moment, Yue Feng felt the tense atmosphere and subconsciously frowned.

Why does it seem to be fighting?

Soon, Yue Feng learned from the people around him that the Tianqi royal family was going to monopolize the ancient tomb, and he suddenly said to Ren Yingying beside him: "It seems that your intuition is right, this vision of heaven and earth really comes from the emperor. Mausoleum."

"Yue Feng!"

Just as he was talking, he heard King Guangping coldly say: "I have said just now that the tomb that is about to come to life is the ancestor of my royal family, Chi You, and anyone who has nothing to do with it should not approach it. So, you should go back with the people of the Ouyang family." The

voice spread throughout the imperial mausoleum, and there was no doubt about it.

Yue Feng chuckled and didn't respond, while looking around to see if Bai Yunfei was there.

As a result, I looked around, but did not find Bai Yunfei's figure.

strangeness!

At this moment, Yue Feng was full of doubts and couldn't help muttering in his heart.

This Bai Yunfei has always liked to join in the fun. Today, such a big scene, there is something wrong.

Just when Yue Feng was thinking about it, he saw Ren Yingying walking straight towards the entrance of the imperial mausoleum.

Just before taking a few steps, he was stopped by several imperial guards.

"Ren Yingying!"

King Guangping frowned, and said with a grim expression: "You want to challenge the imperial power?"

Ren Yingying was not afraid at all, and said to King Guangping: "King Guangping, don't scare me, this imperial mausoleum, Others can't enter, I'm qualified to enter, don't forget, I'm Princess Yueying."
