

The ultimate husband in Chinese chapter 4211-4215

Chapter 4211

Ren Yingying is quick-witted, she is afraid that Bai Yunfei will do the same thing in the face, but she will do it behind the back, so she specially warns a few words.

away for a few days?

Hearing this, Wen Chou Chou was stunned, and he and Sun Dasheng looked at each other.

The next second, Sun Dasheng couldn't help but say: "It's so sudden, where are you going? Do you need help?"

"No."

Ren Yingying smiled and shook her head: "This is my own business, you don't need to. I'm worried, I'll be back soon." The

voice fell, and Ren Yingying walked out of the hall quickly.

What can I say about the matter with Bai Yunfei?

This...

Seeing this situation, Wen Chou Chou, Sun Dasheng and the others were completely blinded, and they stood there in a daze, unable to slow down.

What's the matter, so urgent.

Whoosh!

Not long after he left, he saw a petite and charming figure and walked quickly into the hall, it was Xiao Xi.

"Xiao Xi!"

Seeing Xiao Xi, Wen Chou Chou reacted with concern: "It's so late, why did you come back from outside?"

This chapter is provided by . Visit [for daily update.](#)

Xiao Xi didn't have time to explain, so she pulled Wen Chou Chou and asked, "Brother Wen, see you Is Sister Yingying?"

“Just left!” Wen Chou Chou said with a wry smile.

The voice fell, and Sun Dasheng said: “She just said that she will go out for a few days, and she wants us to strengthen the defense of the family, and I will not say the specifics.”

What?

At this moment, Xiao Xi was stunned for a moment, and then became anxious: “It’s broken, it must be something wrong.”

After saying that, Xiao Xi looked around and continued: “I followed Sister Yingying just now and went to the north of the city. A broken temple, she met Bai Yunfei at that time.”
After

speaking, Xiao Xi explained in detail what she saw at that time.

What?

Knowing these circumstances, whether it was Wen Chou Chou or Sun Dasheng and others, they were all stunned.

Ren Yingying met Bai Yunfei privately?

This is broken, that Bai Yunfei is Mozun’s subordinate, very despicable and insidious.

The more Wen Chou Chou thought about it, the more wrong it became. He didn’t have time to think about it at the time, and hurriedly shouted: “Come on, let’s go right away, no matter what.”

Wen Chou Chou was full of anxiety when he said this.

He firmly believes that Ren Yingying is a person and will not become friends with Bai Yunfei. The only explanation is what method Bai Yunfei used to coerce Ren Yingying to do something.

The words fell, and Sun Dasheng and others set off one after another.

.....

On the other side, King Guangping brought an army of 300,000 people, and after several hours of marching, they finally arrived outside the Feilongguan City.

Because the master Bai Yunfei said had not yet appeared, King Guangping did not rush to attack the city, but ordered the army to camp in the wilderness ten miles outside the city.

At this time it was still dark, the camp was brightly lit, and soldiers were patrolling from time to time.

Whoosh!

At this moment, a slender figure flew from a distance and gently landed in the camp.

Wearing a black tights, the charming curves are vividly displayed, with a black mask on his face, and his exposed eyes shine like stars in the sky.

It was Ren Yingying.

“Who?”

“Stop and don’t move.”

As soon as Ren Yingying appeared, he immediately alerted the surrounding soldiers, who all shouted and surrounded him.

At the same time, King Guangping heard the movement and walked out quickly.

“Who are you.”

Because Ren Yingying was wearing a mask, King Guangping couldn’t recognize it for a while, and he scolded coldly at that time: “Dare to trespass on my Apocalypse camp, are you courting death?”

Swish...

Ren Yingying didn’t have the slightest emotion He fluctuated and said coldly: “Bai Yunfei asked me to come.”

Hearing this, King Guangping was stunned for a moment, then quickly waved his hands and said, “Go back, all go back.”

After saying that, King Guangping accompanied a smile and rushed towards Ren Yingying flattered: “It turns out that the ‘superior’ is here, hurry up, please come in.”

Ren Yingying nodded and entered the tent at the invitation of King Guangping.

“Your Excellency!”

After entering the tent and taking a seat, King Guangping couldn’t wait, and said to Ren Yingying: “My Tianqi army is ready and can attack the city at any time. I wonder if Your Excellency has a detailed battle plan?”

In the heart of King Guangping , Those who can be favored by Bai Yunfei are not the generals.

At this time, he didn't know that the sexy woman in front of him was Ren Yingying.

"Since it's ready, it's good to attack the city tomorrow morning. What other battle plan do you need?" Ren Yingying responded lightly.

Chapter 4212

What?

To attack the city directly tomorrow morning?

Hearing this, King Guangping was stunned for a moment, and couldn't help muttering to himself, the 'skilled man' sent by Bai Yunfei was too cold and confident, and he didn't even deploy the battle plan...

"What?"

Jian Guang King Ping's expression changed, Ren Yingying was tightly locked, and she said coldly, "Do you have any objections?"

To be honest, Ren Yingying really wanted to kill King Guangping directly.

Especially when she thought of the tragic death of her father, Ren Yingying couldn't control her anger, but she finally held back.

"Don't dare, don't dare." Guangping Wang sneered, not daring to question any more.

Although there are some doubts about the ability of this 'skilled person', but considering that she was sent by Bai Yunfei, there should be no problem.

In the next second, King Guangping immediately summoned all the generals and said: "Pass my order, the whole army rests, and the city can be attacked early tomorrow .

" A few hours later, the sky was slightly brighter. Under the convocation of King Guangping, the 300,000-strong Imperial Forest Army was ready to go, and they saw the battle flags like clouds, the spears were lined up, and the chilling air filled the world. At this moment, Feilongguan, a few miles away, is also waiting. The tower is full of archers, and hundreds of thousands of defenders have also set up a formation outside the city. In the high sky above the tower, a graceful figure is quietly suspended there, cold and arrogant, and the whole body is filled with unacceptable desecration. breath. It is the world-famous Water God Gonggong.

At the time when the Rakshasa tribe crossed the wild and treacherous territory, causing the Great War in Kyushu, Yang Jian and other continents temporarily put aside their grievances and fought the enemy together. In the end, Yang Jian was killed in the battle. Since then, Gonggong has returned to the Northern Continent and no longer participates in the rivers and lakes. strife.

However, Gonggong was tyrannical and was soon elected as the Grand Marshal to protect the safety of the Northern Ying Continent.

This time, King Guangping led an army of 300,000 Tianqi to invade the Northern Ying mainland. After Gonggong learned the news, he immediately came to Feilongguan to deploy defense.

Wow wow wow...

At this time, I saw the army of 300,000 Tianqi, led by King Guangping, came quickly. For a time, above the wilderness, the dust was flying, shocking.

“Come, come, they are here...”

“The Apocalypse army is calling.”

Seeing this scene, the guard soldiers standing on the city tower were all inexplicably panicked and talked a lot.

Speaking of which, the Northern Ying Continent is strong and powerful, these defending soldiers did not need to be so nervous, but now they are guarding Feilongguan, with less than 100,000 troops.

However, there are 300,000 troops in the Tianqi army, which is twice as many. How can you not panic?

“What are you panicking about?”

Hearing the following discussion, Gong Gong knitted his brows and shouted angrily: “The Feilong Pass has not fallen yet, what are you nervous about? All cheer up, these hundreds of thousands of Tianqi army are only crowded. It’s just a little bit, nothing to worry about.”

When he said this, Gonggong looked at King Guangping who was slowly approaching from a distance, and his eyes were full of contempt.

In her heart, the strength of King Guangping was average, and she didn’t take it to heart at all.

Gonggong planned to take the life of King Guangping directly after the war. As long as King Guangping died, the army of 300,000 Apocalypse would be defeated.

At this time, King Guangping and his army of 300,000 people had already arrived at the Feilong Pass.

hiss, is that her?

At this moment, Wang Guangping was stunned when he saw Gonggong floating in the air, and then he couldn't help but gasp.

He thought that the guard at Feilongguan was just an ordinary general, but he never thought that it would be the water god Gonggong. You must know that Gonggong has lived for nearly a thousand years, and its strength is unfathomable, second only to Yang Jian.

King Guangping is also very confident in his own strength, but facing Gonggong, he has no chance of winning.

"Your Excellency."

Under the tension, King Guangping couldn't help but said to Ren Yingying behind him: "The guardian of Feilongguan is the world-famous Water God Gonggong. I have no confidence in dealing with her."

Saying this At that time, King Guangping couldn't hide his unease.

Chapter 4213

At this time, Ren Yingying was still wearing a mask. Seeing Wang Guangping's uneasy look, she snorted coldly and said lightly: "Why are you panicking, if she wants to take action later, you just fight, the key is When the time comes, I will come to help you."

This King Guangping is really cowardly, and when he encounters someone who is stronger than himself, he is afraid of being like this.

Huh....

Hearing this, King Guangping took a deep breath, wiped the cold sweat on his forehead, and said with a smile: "That's great, you must take action when you have a chance."

Ren Yingying was too lazy I understood, just nodded.

Of course Ren Yingying knew that King Guangping was not an opponent of Gonggong. He just said this to deliberately want King Guangping to suffer.

Of course, Ren Yingying would not let Gonggong kill King Guangping. After all, he had promised Bai Yunfei before, and he would also assist King Guangping in breaking the Beiyang Imperial City.

Whoosh.

At this moment, I saw Gonggong's delicate body flashing, coming from the sky, looking at King Guangping condescendingly: "King Guangping, you really ate the guts of a bear and a leopard, and came to invade my Northern Ying Continent, thought about it. Consequences?" The

voice was not loud, but it was majestic.

Gudong.

King Guangping couldn't help swallowing his saliva. He suppressed the nervousness in his heart and sneered at Gonggong: "Gonggong, don't put on airs in front of me. If you are not sure, I will not come.

"Surrender early, so as not to wait until the city is broken and bring disaster to innocent people."

Shua!

Hearing this, Gonggong's delicate face instantly became extremely ugly, and the anger in his heart also rose.

For many years, Gonggong has been respected as the God of Water by the world, with a high status. Even if Yang Jian sees it, he has to give three points of courtesy. When has he been threatened like this?

"Okay, very good."

At this time, Gonggong's mouth twitched, showing a sneer, looking at King Guangping's eyes with absolute contempt: "You are really kind, then I will see and see, wait a minute. How did you break through the Feilongguan?"

"But before the war starts, I have to measure your strength. Take it!" The

voice fell, Gonggong's delicate body came out gracefully, and came straight to King Guangping.

hum!

The speed of Gonggong was very fast, and it was in front of King Guangping in the blink of an eye. At that time, the internal force was urged, and a powerful breath burst out. The air within a kilometer around was distorted.

The strong breath, the suppressed people panic.

Immediately afterwards, Gonggong's jade raised his hand and hit King Guangping with a palm.

Hiss...

what a powerful force.

Feeling the fluctuating breath of Gonggong's outbreak, King Guangping's expression changed greatly.

At this time, King Guangping didn't dare to be careless at all, this palm stimulated almost all his inner strength.

boom!

The palms of the two collided, and King Guangping only felt an incomparably vast force coming. At that time, with a grunt, the volley was knocked back more than 100 meters.

When he landed, King Guangping was unsteady, and staggered back a dozen steps before he stabilized his figure. His face was pale, and his blood was surging, but he still resisted with gritted teeth.

Mad!

After stabilizing his figure, King Guangping looked at Gonggong closely and was shocked.

The strength of this Gonggong is simply too terrifying, and he used all his internal strength to barely block her palm!

Wow...

At the same time, the surrounding army of 300,000 Apocalypse was also incomparably shocked.

This Gonggong's strength is so terrifying that he wounded His Majesty in one move, can he still break through the Feilongguan today?

Under the tension, many soldiers couldn't help worrying about King Guangping.

On the other hand, the soldiers guarding Feilongguan on the opposite side were very excited and shouted excitedly one by one.

“Haha, this is the strength of Emperor Tianqi?”

“It’s a shame to dare to attack Feilongguan with this strength.”

“Hahaha...” The

laughter kept coming, and King Guangping blushed and embarrassed. Extremely, I can’t wait to find a ground seam to get in.

Ma De is really embarrassing, the emperor of his dignified Apocalypse Continent was injured by a woman. If this is spread out, how will Kyushu be unified in the future?

Embarrassed at the same time, there are some calls in my heart.

Why didn’t the ‘skilled man’ sent by Bai Yunfei take action?

Chapter 4214

Thinking of this, King Guangping looked behind him subconsciously. When he saw this, his heart was half cold, and he saw where Ren Yingying stood before, where is there still a shadow?

It’s over, the master is gone?

For a time, King Guangping was like an ant on a hot pan, almost crying.

At this time, King Guangping did not know that Ren Yingying did not leave, but hid.

The purpose of doing this is, firstly, to teach Gonggong more lessons to King Guangping, and secondly, to find the right time to attack.

“The strength is much stronger than I thought?”

At this time, Gonggong looked down at King Guangping, and sneered: “It’s not bad to be able to block my palm.”

Crack!

The voice fell, Gong Gong’s jade hand raised, holding a blue long sword tightly.

This blue long sword is a purple-ranked weapon of Fengchen in the Beiyong Palace’s warehouse. According to legend, it was a gift specially made by Emperor Hou Yi for the

Empress Chang'e. As a result, Empress Chang'e didn't like it very much, so she put it in the army. in the library.

When Gonggong was elected as the Grand Marshal, he took out this sword.

hum!

At this moment, as soon as the blue long sword came out, the surrounding temperature seemed to plummet!

Gudong!

Feeling the killing intent pervading Gonggong, King Guangping's face was pale, and he couldn't help swallowing his saliva, and his forehead was constantly sweating.

Oops, this Gonggong is going to make a killing move, I'm afraid I can't stop it.

"King Guangping, use all your abilities."

Gonggong's red lips parted lightly, and with a wave of his jade hand, the sky was torn apart abruptly. Then, a dazzling radiance ripped apart the world and burst towards King Guangping.

It was a sword shadow, a sword shadow that was completely condensed by internal force, nearly 100 meters long, and its power was amazing.

Hiss...

Seeing this, the 300,000 Tianqi army present sucked in their breaths. At the same time, many generals wanted to come and help, but the sword shadow was lightning fast, and it was too late.

Mad, this move can't be stopped, will he die?

When King Guangping was terrified, he didn't have time to think about it, so he quickly activated all his inner strength and pulled out his long sword to resist.

Bang!

The blue sword shadow slashed on the long sword in King Guangping's hand, and saw that the long sword shattered in an instant. Then, King Guangping let out a miserable howl, and was directly shaken and flew out, flying more than 100 meters away. He fell heavily into the wilderness.

At the moment of landing, King Guangping's face was miserable, a mouthful of blood spurted out, and his breath was extremely weak.

When he resisted Gonggong's power just now, King Guangping had already consumed a lot of internal energy. At this time, he was completely unable to resist Gonggong's stunts.

After all, the Water God Gonggong is a person who has been famous for nearly a thousand years, and her background is not comparable to that of King Guangping.

"Your Majesty..."

Seeing this scene, the 300,000 Apocalypse soldiers exclaimed in surprise, and then, those generals wanted to rush over, but they were afraid of Gonggong's strength and did not dare to approach.

And Ren Yingying, who was hiding in the dark, sneered even more.

At the beginning of the martial arts competition, King Guangping killed his father and emperor, and the hatred was as deep as the sea, but now he has been taught by Gonggong, which really relieves his hatred.

"With this little strength, you dare to speak up and attack Feilongguan?"

At this moment, Gonggong landed gracefully, his delicate face full of contempt, and then he walked step by step.

King Guangping was so shocked that he secretly swallowed his saliva, wanting to cry without tears!

Madd, just died like this?

No, you can't just die in Feilongguan. I haven't unified the Kyushu continent yet, so I can't die like this.

"Your Excellency!"

Seeing that Gonggong was getting closer and closer, King Guangping was in a hurry and rushed to his surroundings: "If you don't take action, I will die. Please show up and help."

When he shouted this, King Guangping was frightened and anxious again, almost crying.

Speaking of which, after becoming the emperor of the Apocalypse Continent, King Guangping's mood has become increasingly arrogant, and he would never ask for help in front of so many people. die.

Dignity and face are important, but not life.

Senior?

Hearing King Guangping's shout, Gong Gong Xiumei locked his arms tightly, and then sneered and said, "Even if Daluo Jinxian comes today, I can't save you."

When he said this, Gong Gong's face was cold, but he was secretly amused.

This King Guangping was beaten stupidly, and he even fantasized about someone who was good at saving him.

Chapter 4215 In the

contempt, Gonggong stopped talking nonsense, accelerated the speed, and stabbed the king of Guangping with a sword.

Done.

Faced with this situation, King Guangping suddenly became desperate.

hum!

However, at this critical moment, in the direction behind Gong Gong, there was a wave of aura, and then, a charming figure burst out with rapid lightning.

He was slender, dressed in black, with a mask on his face, revealing a pair of eyes like autumn water.

It is Ren Yingying!

Originally, Ren Yingying wanted to continue to hide in the dark, so that Gonggong could teach King Guangping a lesson, but seeing that King Guangping was dying, she was depressed and had to show up to help.

Because once King Guangping dies, Bai Yunfei will not give her the secret recipe to solve the demon soul backlash.

who?

Suddenly feeling the danger coming from behind, Gong Gong's heart trembled and he quickly looked back.

Seeing Ren Yingying, Gonggong was secretly shocked.

Such a powerful aura, when did such a strong woman emerge from the Kyushu mainland?

Because Ren Yingying was wearing a mask, Gonggong didn't recognize it for a while, but was very shocked.

Haha...

and King Guangping was very excited, the previous nervousness and fear were swept away, his face was full of smiles, and he shouted excitedly: "Your Excellency, you have finally appeared, hurry, hurry up and deal with this communist party. Gong, as long as you defeat her, the Feilongguan will be broken in a moment."

Ren Yingying ignored her.

She wished that King Guangping would immediately die at the hands of Gonggong, but in order to get the secret book in Bai Yunfei's hands, she could only help him temporarily.

In the blink of an eye, Ren Yingying rushed behind Gonggong. At that time, the power of the demon soul exploded, and the surrounding air suddenly distorted and changed.

This...

is this the power of the demon soul?

Feeling the power of the powerful demon soul, Gong Gong's delicate body was shocked, and shock and anger flashed on his delicate face. As the world-famous water god, Gonggong has a lot of knowledge and knowledge, and immediately recognized that the opponent was using the power of the demon soul.

The next second, Gong Gong shouted at Guangping Wang Jiao, "King Guangping, have you colluded with the demons, have you thought about the consequences?"

At this time, Gong Gong was full of anger.

Previously, Bai Yunfei stole the magic mirror that sealed the Demon Venerable from the ghost world, and then helped the Demon Respect to shape his body, and then launched a battle in the rivers and lakes, which made people's lives difficult.

It can be said that Bai Yunfei and the Demon Race are the great enemies of the entire Kyushu.

At this time, Gonggong never expected that King Guangping would find help from the Demon Race.

"Haha..."

Feeling the anger of Gonggong, King Guangping was a little flustered, but he still laughed: "Gonggong, Gonggong, you have become famous for nearly a thousand years, and you still haven't seen the situation clearly? Let me tell you, Not only did I join the Demon Race, but the entire Apocalypse Royal Family joined the Demon Race."

If five minutes ago, King Guangping didn't dare to provoke Gonggong like this, he was only nervous, but now it's different, Your Excellency has already taken action, Just wait and watch the battle.

"Despicable and shameless!" For a time, Gonggong was furious.

"Gonggong!"

At this time, Ren Yingying had reached the back of Gonggong, and said coldly: "Today, the Feilong Pass will be broken, you give up."

The voice fell, Ren Yingying's demonic soul exploded, and she slapped Gonggong's back with a palm.

With this palm, Ren Yingying did not exert her full strength. You must know that she and Gonggong did not have a deep hatred. At this time, she just wanted to let her recognize the reality and take the initiative to give up Feilongguan, and did not want to kill her.

"Grand Marshal, be careful!"

Seeing this scene, the guard soldiers on the city tower couldn't help but speak, and they all sweated for Gonggong.

Although they did not recognize Ren Yingying's identity, they could feel that the strength of this sexy beauty was much more terrifying than that of King Guangping.

"I'm afraid you won't succeed?"

Gonggong responded quickly, turning his delicate body, raising his jade hand, and colliding with Ren Yingying's palms!

boom!

At the moment when the two palms collided, there was only a loud noise, and then, a tyrannical fluctuation of internal force swept the audience!

Immediately afterwards, both Ren Yingying and Gonggong were shocked by their delicate bodies, and at the same time they were shaken back by the volley.

Obviously, the two sides in this palm are evenly matched.

However, Gonggong's heart was secretly shocked, because the palm of her hand just now stimulated all her internal strength, but she only fought a tie with the opponent.
