

The ultimate husband in Chinese chapter 4231-4240

Chapter 4231

said, the general was very excited: "The last general guessed that this person may have gone to rescue soldiers." Huh

..

Hearing this, King Guangping suddenly cheered up and waved his hand: "Where is the person? Bring it in."

The general replied, and quickly walked out of the tent, and after a while, he brought a person in, dressed in Jianghu clothes, with a cold and arrogant expression, and his strength was not low.

This person's name is Liu Heng, and he is the foundation of Guiyuanzong. Guiyuanzong belongs to a small sect in Beiyang mainland, but everyone has a chivalrous heart. Today, when he learned that Tianqi's army was attacking Beiyang Imperial City, he rushed out spontaneously. to support.

"Who are you?"

At this time, King Guangping looked at Liu Heng up and down, and asked coldly, "Leaving the imperial city late at night, what are you going to do? Tell

the truth." When he said this, King Guangping sternly said, A powerful royal aura pervaded his body.

Hehe...

However, feeling the momentum of King Guangping, Liu Heng sneered, without panic, and said lightly: "I am a person from the rivers and lakes, and I like to travel around. Is there anything wrong with leaving the imperial city late at night?"

" Liu Heng looked directly at King Guangping: "You are the emperor of the Apocalypse Continent. You rashly start a war. It goes against the law of heaven, arrests people casually, and violates public opinion. You'd better let me go."

Shua!

Hearing this, King Guangping frowned, feeling very angry.

This person is very talkative, he is the dignified Emperor Apocalypse, he actually said that it is not mine?

“Presumptuous!”

This chapter is provided by . Visit for daily update.

At this moment, the general standing by the side couldn't help but shout, and then kicked Liu Heng's leg, he heard Liu Heng snort and knelt directly there.

“You are robbers, bandits, why do you arrest me for no reason?” Liu Heng shouted with dissatisfaction on his face.

King Guangping was too lazy to talk nonsense, so he waved his hand: “Search it.”

The general next to him hurried up and searched Liu Heng carefully, and finally found a letter.

Swish!

At this moment, Liu Heng, who was still very calm, changed his face in an instant.

This letter was given to him by a mysterious woman, asking him to go to Xia Yinzong as soon as possible to rescue soldiers, but he did not expect that he would be arrested as soon as he left the imperial city.

But Liu Heng didn't panic at that time, thinking that if he revealed his identity, he would be let go. After all, he was not the defender of the imperial city, but he never thought that the letter of help would be found.

“Your Majesty!” The

general presented the letter to King Guangping.

King Guangping immediately opened the letter and looked at it. At that time, his face was gloomy and he was burning with anger. Because it was clearly written in the letter, it was to seek help from Xia Yinzong.

The Xia Yin Sect was powerful, and it was an ancient sect that could compete with the Heavenly Dao Alliance. Of course, King Guangping knew it.

“Who gave you the letter?” Wang Guangping looked at Liu Heng coldly and asked.

call!

Liu Heng took a deep breath, his face full of unyielding and perseverance: “I wrote it myself.” Although he is only a disciple of a small sect, Liu Heng has a tough personality and would rather die than tell the truth.

Hearing this answer, King Guangping didn't bother to talk nonsense: "Drag it out and behead it." The

voice fell, and the two soldiers walked in quickly and took Liu Heng out.

"His Majesty!"

At this time, the general leaned up and looked at the channel in the hands of King Guangping: "I see this handwriting, it is very similar to Ren Yingying's handwriting, look at this, she entered the imperial city just to find someone to deliver the letter."

Mad!

King Guangping's face was gloomy and he didn't respond, but his heart was burning with anger.

Ren Yingying, this bitch, really betrayed.

The more King Guangping thought about it, the more angry he became, and he wanted to bring someone to tie Ren Yingying, but thinking of Ren Yingying's strength, he forcibly suppressed his anger.

"Your Majesty!"

Seeing that King Guangping's face was gloomy and uncertain, the general said cautiously: "Then Ren Yingying is very strong, we might as well act on her rashly, but the last general has thought of a good plan to attack the city."

Said, the general pointed to The letter said: "We can order some loyal and brave soldiers to disguise themselves as disciples of the Xia Yin Sect and infiltrate the imperial city. When we attack the city, we should cooperate with the inside and the outside."

"At that time, we will definitely be able to attack without Ren Yingying's help. Go to the Imperial City."

Haha...

Upon hearing this proposal, King Guangping's eyes lit up, and he couldn't help but patted the table: "Okay, very good, this is a great idea."

Chapter 4232

King Guangping was very excited at this time.

Speaking of which, Ren Yingying has a demon soul, and King Guangping needs to rely on her strength if he attacks the imperial city.

But now that this method is in place, King Guangping doesn't need to look at Ren Yingying's face anymore.

Under the excitement, King Guangping was also a little annoyed.

This Ren Yingying is really hateful. On the surface, he wants to help the Tianqi army to attack the imperial city, but behind the scenes, he helps the enemy go to Xia Yinzong for help. Mad, after breaking the imperial city, he must not spare her lightly.

King Guangping thought about it, and immediately sent someone to deliver a letter to Bai Yunfei after he broke the imperial city.

call!

Thinking of this, King Guangping took a deep breath and instructed the general: "Wait, you first arrange the matter of the fake hero Yinzong, and after you are done, secretly spy on that bitch Ren Yingying, remember not to be discovered by her. That 's it."

Speaking of which, King Guangping didn't want to be so cautious, but there was no way, Ren Yingying was too strong and had to be careful.

"Yes, Your Majesty."

The general responded and walked out of the tent quickly.

.....

On the other side, Beiyong Imperial City.

Inside the Imperial City Hall, Gonggong was dressed in military uniform and sat on the main seat. His delicate face showed a bit of shame and dullness. Half a day ago, in the battle of Feilongguan, Gonggong was defeated by Ren Yingying. It was a great shame.

And now, King Guangping's army of several hundred thousand has already arrived at the imperial city.

At a critical juncture, Gonggong is almost at a loss.

King Guangping's army of 300,000 Apocalypse is not afraid at all, but that Ren Yingying has a demon soul and is too strong, and he is not an opponent at all.

On both sides of her sat dozens of imperial city generals, all of them frowning.

Ren Yingying in the enemy army, not even the Grand Marshal is an opponent, how to fight this battle?

Depressed, many generals couldn't help but talk.

"I didn't expect that the woman of the Kyushu hero Yue Feng would actually take refuge in the demons."

"It's not that, as far as I know, only the descendants of the demons have the demon soul. It can be seen that Ren Yingying is the descendants of the demons.

"What about Ren Yingying? The entire Tianqi royal family is descended from the Demon Race."

The following generals' comments kept coming, Gong Gong's beautiful face could not hide the irritability, and coldly shouted: "What's the use of talking about this now? The most important thing now is how to keep the imperial city."

Once the imperial city is lost, the entire Northern Ying Continent will fall, which is not what Gongong wants to see.

As soon as the words fell, dozens of generals immediately shut their mouths, each with embarrassed and complicated expressions.

"Grand Marshal." A

few seconds later, a general wearing a white robe stood up and said cautiously: "It is difficult for us to stop the current situation. In my opinion, we can only ask for foreign aid."

Said, the general Pointing to the topographic map in the middle of the table: "We can ask for help from the Xuanye Continent that borders us, and the Xi Cang Continent. As long as they are fast, they should be in time." The

voice fell, and the other generals nodded.

"No."

However, Gongong shook his head, his delicate face full of resistance: "Our Northern Ying Continent has always ranked first in Kyushu, and for thousands of years, we have never condescended to show affection to other continents. How can you keep your head up after asking for help from other continents?"

When he said this, Gongong's delicate face was full of arrogance.

Gongong's arrogance and arrogance, coupled with the superiority of the Northern Ying mainland, is that they are unwilling to ask other continents for help no matter what.

Uh..

Seeing Gonggong's rejection, dozens of generals were embarrassed and stopped talking rashly.

For a while, the entire hall was silent.

"Report!"

At this moment, a soldier from the imperial city guards rushed in, sweating profusely, and reported to Gonggong, "Reporting to the Grand Marshal, there are hundreds of people outside the north gate of the imperial city. A martial artist, they claim to be from the Xia Yin Sect, and they want to come to support us."

Then, the guard soldier's face showed a bit of complexity: "The captain doesn't dare to make his own decisions, so he specially asked me to ask for instructions.

" !

When the voice fell, the entire hall was in an uproar, and dozens of generals were inexplicably excited.

"Great, Xia Yinzong is here to help, there is hope in this battle."

"Yeah, Xia Yinzong is very strong, and I thought it could compete with Tiandao Alliance at the beginning."

Chapter 4233

While discussing, many generals looked at Gonggong subconsciously, expecting her response.

Just now, Gonggong was unwilling to take the initiative to invite foreign aid out of face, but now, Xia Yinzong took the initiative to come to help, she shouldn't refuse, right?

Under the gazes of everyone, Gonggong's delicate face did not show the slightest emotional fluctuations, nor the slightest excitement, but secretly muttered in his heart.

It was unexpected that Xia Yinzong suddenly came to help.

These generals here do not know about the situation of Xia Yinzong, but Gonggong knows it very well. Two months ago, the two suzerains of Xia Yinzong died one after another, and finally Su Qingyan became the new suzerain.

And Su Qingyan, like Ren Yingying, is also a woman of Yue Feng. Now, Ren Yingying helps Tianqi army to attack Beiyong Imperial City, and Su Qingyan comes to help defend the city. Anyone would doubt this matter. .

call!

But after thinking for a few seconds, Gong Gong still raised his hand and said indifferently: "Open the city gate, and then let these people from Xia Yinzong come to see me."

No matter what the other party's purpose is, ask first.

"Yes, Grand Marshal." The soldier responded and walked out quickly.

Ten minutes later, the soldier returned to the main hall, followed by a dozen powerful people from all corners of the world, wearing uniform white shorts and embroidered with the symbol of Xia Yinzong.

The one headed by him is tall and imposing, and his whole body is filled with a powerful aura.

This person is called Hongda, and he is a spy sent by King Guangping, who pretends to be Xia Yinzong.

"Are you from Xia Yinzong?" Gong Gong sat there, looked Hong Da up and down, and asked lightly.

"Yes."

Hong Da responded and gave a deep salute to Gong Gong: "In Xia Hongda, it is Elder Xia Yin Zong Huo who sits down as a big disciple, your Excellency is the Grand Marshal of Gong Gong, I received news from Xia Yin Zong that the Tianqi royal family is taking refuge. After the Demon Race, and now they have attacked the Northern Ying Continent, the situation is extremely critical. At that time, the suzerain of my family discussed with the elders and sent our five hundred disciples to come to support."

When he said this, Hong Da's face was sincere, because of these remarks, are prepared in advance. However, there was still some apprehension.

You must know that the other party is Gonggong, not only powerful, but also witty. You must deceive her this time, otherwise, if your identity is revealed, you and hundreds of apocalypse soldiers will not want to leave alive.

Disciple of Elder Huo?

Hearing this, Gong Gong Xiu frowned, and some were suspicious. The fire elder of Xia Yin Sect, Gong Gong had met once, and he was a strong man in the sky, but he was only his disciple and had never seen it before.

But looking at Hong Da's attitude and rhetoric, it doesn't seem like it's fake.

Thinking about it, Gonggong's red lips lightly opened, and he asked again: "Xia Yinzong puts the world first and helps you with chivalry. Naturally, I am grateful, but I have a question."

Question?

At this moment, Hongda became inexplicably nervous, but he still pretended to be very calm: "If the Marshal has any doubts, just say it."

Gong Gong smiled lightly, looking casual: "As far as I know You know, your Xia Yin Sect, the two previous sect masters died in the Five Poison Sect, and the current Sect Master is Yue Feng's woman Su Qingyan." As

he spoke, Gong Gong's delicate face showed a bit of gloom. "And now, Ren Yingying, who came with the Tianqi army, is also Yue Feng's woman."

"Yue Feng's two women, one is going to attack us, the other is going to help us, tell me, should I believe you? ?"

When the last sentence fell, Gong Gong's eyes were fixed on Hong Da's face, noticing the change in his expression.

Swish!

At this moment, the other generals in the hall also looked at Hong Da, waiting for his response, while whispering.

"The current Sect Master of Xia Yin Sect is that Su Qingyan?"

"I really didn't expect that Yue Feng's woman became the Sect Master of Xia Yin Sect."

"Yeah, I don't know if the Grand Marshal doesn't say it. "The

surrounding discussions kept coming, and Hong Da stood there, unspeakably nervous, and secretly admired in his heart.

This Gonggong is really amazing, the problem is so tricky.

However, Hong Da was very witty, and he quickly thought of his words. At that time, he squeezed out a smile and said slowly: "The Grand Marshal is really overthinking it."

Chapter 4234 Having

said that, Hong Da took a step forward and continued with sincerity on his face: "To tell the truth, the suzerain of my family was Yue Feng's woman before, but Yue Feng has

been missing for two months, and we, Xia Yin, There is an unwritten rule in Zong that once you become the suzerain, you can no longer involve your children.”

“In other words, the suzerain of my family has nothing to do with Yue Feng. Moreover, the Tianqi royal family has taken refuge in the Mozu to bring disaster to Kyushu. , this is a major event in the world, and the suzerain of our family is also for the overall situation, so let us support.” At the

end, Hong Da said with emotion: “What should be said has already been said below, if the marshal does not trust it, we will Just leave and return to the suzerain.”

Saying so, Hong Da did not leave in a hurry, but paid attention to Gonggong’s reaction.

Phew ...

Hearing this, Gong Gong Xiumei frowned and pondered.

What Hongda said was reasonable, and he seemed to have no reason to doubt it.

At the same time, the dozens of generals around were talking in a low voice.

“I didn’t expect this Su Qingyan to be so knowledgeable.”

“Needless to say, she used to be the sect master of the Wenzong Continent in Dongao Continent.”

“Alas, such a goddess, I didn’t know what to think at the beginning, but she actually fell in love with Yue Feng. Kind of people...” During the

discussion, a general stood up and said to Gonggong: “Grand Marshal, Xia Yinzong came to help with sincerity, so let’s not turn away thousands of miles.”

The voice fell, and the other generals also nodded.

Huh...

Seeing this situation, Gonggong no longer doubted, nodded, and then said to Hong Da: “During the war, this commander must be cautious, I hope you don’t take offense.”

When he said this, Gonggong showed a smile, and he completely let down his guard.

Haha...

Seeing that Gonggong no longer doubted, Hong Da was extremely excited in his heart, but his face showed a very humble look: “The Marshal is serious, it is also our honor to be able to help you.”

At this time, Hongda, a big stone hanging in his heart finally fell to the ground.

Great, I finally won the trust of Gonggong and lived up to His Majesty's trust.

Gong Gong nodded and ordered a general named Ding Ning next to him: "Hong Da and other knights of the Xia Yinzong have been exhausted all the way, first arrange for them to rest, and after dawn, let them familiarize themselves with the deployment of the imperial city. The situation."

"Yes." Ding Ning responded, and then greeted Hong Da and everyone to leave.

"General!"

When he got outside, Hong Da's eyes flashed cunningly, and he said to Ding Ning: "Leave the rest for a while, let's take us to see the deployment of

the imperial city." If you want to cooperate with the inside and outside, and cooperate with the army to attack the city, how can you go to rest?

This...

Ding Ning looked melancholy: "I'm afraid this is inappropriate. If the Grand Marshal finds out, he will definitely blame me for not taking good care of the chivalrous men."

Haha.

Hong Da laughed loudly, shook his head and said, "We are here to help defend against the Apocalypse army, not to have fun. How can the Grand Marshal blame him?"

Seeing his sincere expression, Ding Ning nodded and couldn't help but admire: "All It is Xia Yinzong who cherishes the world and puts chivalry first, and when I see it today, it really lives up to its reputation." As the

voice fell, Ding Ning led the way in front, leading Hongda's people to see the defense of the imperial city.

Soon after arriving at the South Gate, Ding Ning said with a smile: "Apocalypse's army is just outside the South Gate, more than ten miles away, so the deployment here is also the strongest, you can take a look at it."

Well!

Hong Da responded, smiled and said nothing. In my heart, I was extremely excited and excited. I entered the imperial city tonight, and the ultimate goal was to open the south gate, cooperate with the inside and outside, and let the Tianqi army rush in.

The next second, taking advantage of the moment Ding Ning turned around, Hong Da shot like electricity and slapped him in the back of the heart. Ding Ning didn't have time to scream, a mouthful of blood spurted out and passed out.

"You..."

Seeing this scene, the surrounding soldiers in the city were all shocked and angry.

However, Hongda didn't give them any chance to fight back. At that time, he raised his hand and waved: "Kill!"

"

The voice fell, and the hundreds of companions behind them quickly rushed up and fought with the soldiers guarding the city at the south gate.

Chapter 4235 The

sudden change made those defending the city too late to react. In just a few minutes, they were killed by Hong Da and others one by one and fell in a pool of blood.

Haha...

At this moment, Hong Da was extremely excited, and directed at his companions: "Hide all the corpses, put on their clothes, and send a signal to the camp."

"Yes..."

.....

On the other side, King Guangping was sitting in the tent, closing his eyes and resting.

On both sides below him, more than a dozen weather generals, one by one, dressed in armor, were ready to fight.

Half an hour ago, the five hundred elite soldiers sent out had successfully entered the imperial city, and now we are waiting for their news.

"Report..."

I don't know how long I waited, but a soldier came over excitedly, knelt down with a plop, and shouted at King Guangping: "Your Majesty, there is news from Hongda!"

Shuh!

King Guangping suddenly opened his eyes, concealing his inner urgency: "Come on, what's going on over there?"

The soldier was very excited and said, "Your Majesty, Hongda and the others have successfully won the trust of Gonggong, and they have just occupied the After entering the South Gate, wait for His Majesty's order now!"

Haha...

Hearing this, King Guangping was extremely overjoyed, stood up all of a sudden, and laughed loudly: "Okay, very good, this Hongda really didn't let him down. I am disappointed."

Having said that, King Guangping looked around and shouted: "Pass my word, and you can launch an attack. Before dawn, be sure to take the Beiyong Imperial City!"

"Follow my order!"

As soon as the voice fell, a dozen generals quickly stood up and responded in unison.

"Boom! Boom! Boom!" A

few seconds later, the Apocalypse Barracks, the war drums were beating! Hundreds of thousands of troops were slaughtering the imperial city of Beiyong!

At this moment, Ren Yingying is in the tent.

what's the situation?

Ren Yingying was meditating and resting. Suddenly, the army quickly assembled to attack the Beiyong Imperial City. At that time, Ren Yingying was shocked and angry.

What the hell is this King Guangping?

Without his own help, he actually started to attack the city. The Beiyong Imperial City has a strong defense, can he attack it?

Thinking about it, Ren Yingying quickly walked out of the tent and chased after the army.

"King Guangping!"

When approaching the city gate, Ren Yingying caught up with the army and shouted at Wang Jiao of Guangping: "Why don't you listen to me and attack the city now, if you fail, will you take responsibility yourself?"

Haha. ..

Hearing this, Guangping Wang Yangtian laughed, his face full of arrogance: "Ren Yingying, you think you are very strong, and I have to rely on you to win this battle? You are wrong, the way of using soldiers is to The ever- changing, unexpected."

"Before dawn, I will be able to break through the Beiyang Imperial City, so you can watch the show."

When he said this, King Guangping's face was extremely proud, and there was a hint of gloom in his eyes.

Ren Yingying, you secretly helped Northern Ying Continent to seek help from Xia Yinzong, this matter will be counted with you in the future.

Huh..

Seeing his confident look, Ren Yingying frowned, ignoring it, but suspended in mid-air, watching the situation.

The next second, seeing the situation in front of her, Ren Yingying's body was shocked and she was immediately blinded.

"Open the city gate."

I heard a loud cry from the south gate of the imperial city, and then the heavy city gate slowly opened. For a while, the Tianqi army barely encountered any resistance, and rushed in like a tide.

This scene, Ren Yingying was shocked.

King Guangping actually sent someone to sneak into the imperial city, but how did these apocalyptic soldiers sneak in without being discovered by the defenders of the imperial city?

At this time, Ren Yingying didn't know that Liu Heng, who she asked to send letters to Xia Yinzong, was caught by King Guangping's people as soon as he left the imperial city. After that, King Guangping was inspired and asked Tianqi soldiers to pretend to be Xia Yinzong. Only then did they successfully infiltrate the imperial city.

At this moment, within the imperial city.

In the hall, Gong Gong and dozens of soldiers were still discussing the countermeasures.

Wow...

Suddenly, there was a sound of fighting in the distance outside the hall.

what's the situation?

Gong Gong frowned and stood up suddenly.

It was at this moment that a guard soldier staggered in and ran in with a pale face: "Grand Marshal, it's not good, the South Gate has been lost, and the Tianqi army is fighting.... It's coming in!"

When he said this, the soldier's breath Weak, almost paralyzed to the ground!

The ultimate husband in Chinese chapter 4236-4240

Chapter 4236

What?

Hearing this, both Gong Ao and the generals present changed their expressions.

South Gate lost?

How is this possible? You know, the South Gate is the most tightly guarded.

Thinking to himself, Gonggong suppressed his anger and asked coldly, "How could the South Gate fall?

" people, they pretended to check the deployment of the South Gate, but when they arrived, they suddenly started..."

Damn!

Hearing this, Gonggong's heart trembled, and he was both regretful and angry.

Those heroes of Yinzong were really unreliable, and I was so negligent at the time that I actually believed them.

Gonggong at this time didn't know that Hongda and the others were not disciples of Xia Yinzong at all, but soldiers of Tianqi pretending to be soldiers.

But at this time, Gonggong didn't blame himself too much. He calmed down and walked quickly out of the hall. Dozens of generals followed.

Phew...

Outside the palace, seeing the scene in front of him, Gong Gong's delicate body was shocked, his delicate face was extremely frightened, and the dozens of generals behind him also took a deep breath.

I saw that on the street in front of the palace, the corpses of the soldiers of the garrison were everywhere, and the ground was stained with blood. Hundreds of thousands of the apocalypse army came in a mighty manner, surrounding the entire palace like an iron barrel!

In front of the army, a man was riding a white horse, wearing a golden armor, majestic.

This chapter is provided by . Visit for daily update.

It was King Guangping.

In the sky above the rear of the army, there was a slender figure floating in the air, with a delicate and beautiful face, full of complexity, it was Ren Yingying.

At this time, Ren Yingying felt very uncomfortable seeing the Beiyong Palace being breached.

Before helping to break Feilongguan, it was all to gain Bai Yunfei's trust. At that time, Ren Yingying had thought about it. When King Guangping attacked Beiyong Imperial City, he must try his best to delay the time.

But she never thought that Beiyong Imperial City would be breached so quickly.

"Haha..."

At this moment, King Guangping couldn't help laughing proudly, and said to Gonggong, "Your Excellency Gonggong, didn't you expect us to meet again so soon?"

Gonggong bit his lip tightly . , said coldly, "King Guangping, don't be proud of yourself. You sent people

to pretend to be disciples of the Xia Yinzong to break through the southern gate. Even if you win, it will be disgraceful." Disciples', all arranged by King Guangping.

King Guangping smiled coldly: "A soldier never tires of deceit, if you lose, you lose. You don't need to give yourself a reason." With

that, there was a treacherous glint in King Guangping's eyes, and he looked back at Ren Yingying, who was hovering in the sky not far away, and continued: "Speaking of this time, I was able to break through the South Gate. It was all thanks to Your Excellency Ren Yingying. She deliberately arranged for the people of Xia Yinzong to

infiltrate the imperial city. Otherwise, I wouldn't have broken through the South Gate so quickly!"

King Guangping was very cunning. At this time, he did not forget to deliberately provoke the hatred between Gonggong and Ren Yingying.

Swish!

Sure enough, hearing this, Gonggong's eyes locked on Ren Yingying in the sky, his eyes were full of resentment and hatred.

It's her again!

Half a day ago, she was the one who fell at Feilongguan, and now, because of this woman, the imperial city is about to fall.

"The whole army obeys orders!" At

this time, King Guangping was too lazy to talk nonsense. They responded in unison, the momentum was overwhelming, and then they rushed into the palace directly by mobilizing their internal strength! "Arrange to meet the enemy!" Seeing this situation, Gong Gong didn't have time to think about it. At this time, Gonggong knew very well that the South Gate was lost and the enemy troops poured into the imperial city. There was no possibility of reversing the situation. The battle had already been defeated. The current situation made it impossible to defend the last area of the palace. But it was very unwilling to fail like this. Before the palace fell completely, he had to kill a few more enemy soldiers. "Kill! Defend the palace." At this moment, dozens of generals, as well as the palace guards who came quickly, howled, pulled out their weapons, and fought fiercely with the Tianqi army. However, there was too much difference between the numbers of the two sides, and during the fierce battle, many imperial guards wailed and fell in a pool of blood.

Chapter 4237

"King Guangping!"

Seeing this scene, Gonggong was furious, his body flashed, and he went straight to King Guangping.

Gonggong even captures the thief first and captures the king first. As long as the King of Guangping is killed, there may be room to turn around. Of course, Gonggong has no net and pays attention to Ren Yingying not far away.

Yes, Gonggong is not afraid of King Guangping and the army of hundreds of thousands of Tianqi. The only thing they are afraid of is the power of Ren Yingying's demon soul.

I saw Ren Yingying suspended there quietly, without any intention of doing anything.

For a time, Gong Gong was a little surprised.

what's the situation? Why didn't Ren Yingying do it?

At this time, Gonggong didn't know that Ren Yingying never thought of helping the Tianqi army, let alone breaking the Beiyong Imperial City.

"Haha! I'm afraid you won't succeed."

Watching Gonggong approaching quickly, a trace of disdain flashed on King Guangping's face, then he drew out his long sword and headed towards Gonggong to meet him.

If it was half a day ago, King Guangping would never be so confident, because he is not a rival of Gonggong at all, but in the previous battle at Feilongguan, Gonggong was defeated by Ren Yingying. At this time, King Guangping clearly felt that Gonggong was injured. Not healed yet.

In this case, King Guangping is naturally true.

"Your Majesty, we are here to help you."

At this moment, more than a dozen weather generals shouted one after another, and immediately followed, one by one vacated the sky and surrounded Gonggong!

"Okay, very good..."

Seeing this scene, Gonggong sneered, without the slightest expression on his face: "Since you all come to die together, then I will fulfill you.", hum!

The voice fell, and a terrifying aura erupted from Gonggong's body. In an instant, the surrounding air seemed to stagnate.

Incomparably powerful breath, the people who suppressed it panic!

Phew...

Feeling such a strong aura, whether it was King Guangping or those generals, they couldn't help but take a deep breath, but they still rushed forward, fighting and working together.

King Guangping firmly believed that Gonggong's injuries had not healed, and no matter how severe it was, he would not be able to stop himself and so many of his subordinates from being besieged at this time.

In fact, King Guangping made a right bet. Since the fiasco at Feilongguan, Gonggong has not fully recovered because of his severe injuries, so facing the siege of King Guangping, he is completely helpless.

“Ah..”

At the same time, the battle in the palace has also heated up. It is seen that many palace guards fought desperately to resist, but they couldn't stop the Apocalypse army, and the last one fell in a pool of blood.

Inside the palace, there were originally tens of thousands of imperial guards, but in less than ten minutes, more than half of them were damaged.

At this time, the palace was full of blood, and the air was filled with the smell of killing and blood.

hateful!

Seeing this scene, Gong Gong's delicate face was extremely cold and angry!

Can't stop today?

I'm so unhappy.

At the same time of anger, Gonggong's delicate body trembled, and he felt a little regretful in his heart. If he knew this would be the case, he should not have let in those fake 'Xia Yinzong' before, but now it's too late to say anything.

“Haha, take me a slap.”

At this moment, seeing Gonggong distracted, King Guangping laughed loudly, his figure came hurriedly, and slapped Gonggong's Xiang on the shoulder.

“Huh...”

With this palm, King Guangping almost used all his strength, when he heard Gonggong groan, his tender body trembled, and he stepped back a dozen steps, his face pale and a little ugly.

Although Gonggong had a strong defense, the palm of her hand made her even more injured, and at this time she was no longer able to fight.

“Grand Marshal!”

Seeing this scene, the imperial guards not far away couldn't help exclaiming, and at the same time wanted to rush over, but there were just too many enemies in front of them.

“Grand Marshal... Stop being persistent, I think we should withdraw...” The

situation is getting more and more serious, this is the side of the Guards, and I don't know who shouted, and then, many imperial cities banned The guards turned around and ran away, their faces full of fear!

Seriously, they also want to fight desperately. But in the current situation, if you continue to resist, you will die.

None of these imperial guards are stupid. I saw it just now. Gonggong was besieged and has been at a disadvantage. It can't reverse the situation at all. Now they have been injured by King Guangping. very thorough.

Chapter 4238 Gonggong

is a well-respected water god in Northern Ying Continent. He has been famous all over the world for nearly a thousand years. There are very few people who can hurt her. Now, even she can't stand the imperial city. How can you fight this battle? !

Huh....

Seeing the guards fleeing into the distance, Gonggong bit his lip, feeling anxious and indignant at the same time.

She wanted to yell at these men and let them continue fighting, but she couldn't shout.

At this time, Gonggong also knew that the imperial city could not be preserved today, but he was not reconciled.

However, Gonggong calmed down very quickly. He didn't have time to think about it at the time. He hit it with a palm. With this palm, Gonggong stimulated all the power in his body, and the air was extremely distorted and the power was amazing.

King Guangping and more than a dozen generals, fully aware of the power of Gonggong, did not dare to meet them, and they all ducked back.

Whoosh!

Taking this opportunity, Gonggong turned around and flew towards the sky in the distance.

But when they escaped, Gong Gong did not forget to turn around and shout at Wang Jiao of Guangping: “King Guangping, don't be too proud, I will take this imperial city back sooner or later.”

Mad!

Hearing this, King Guangping's face was gloomy, he waved his big hand, and shouted angrily: "Follow me, whoever catches Gonggong alive, I am seriously injured.

"Go up to the sky and chase in the direction where Gonggong left.

It's just that the speed of Gonggong is very fast, how can those apocalyptic soldiers catch up? In the blink of an eye, he was left far behind.

"waste!"

Seeing this situation, King Guangping was furious, and said angrily: "If a woman can't catch up, what do you want?" After saying that, King Guangping's eyes flashed, and he immediately locked on Ren Yingying, who had been floating in the air.

"Your Excellency Ren Yingying." In the

next second, King Guangping took a deep breath and shouted at Ren Yingying, "Don't let Gonggong escape, help me get it back." Gonggong is the Grand Marshal of Northern Ying Continent, if he escapes Yes, there are endless troubles.

However, Ren Yingying didn't seem to hear it. She hovered there, motionless, and said lightly, "King Guangping, I'm only responsible for helping you break through the imperial city, but I'm not obliged to help you arrest people. So don't make a mistake."

Hearing this, King Guangping was very angry, but he had nothing to refute.

At this time, the Tianqi army completely occupied the palace, and the soldiers cheered in unison for a while, and the sound shook the sky.

Haha...

King Guangping was in a very comfortable mood, he couldn't help laughing, and then surrounded by many soldiers, he slowly entered the palace hall.

Ren Yingying remained calm and walked in as well.

call!

The moment he entered the hall, King Guangping couldn't help but take a deep breath, feeling extremely emotional.

This Beiyong Palace is worthy of being the place where Emperor Hou Yi lived. It is so majestic, I don't know how many times bigger than the Weather Palace.

The many generals behind him were all inexplicably excited.

You know, this is the Northern Ying Palace. For thousands of years, the Northern Ying Continent has surpassed Kyushu in strength, and no other continent can compete with it. It can be said that attacking the Northern Ying Continent in the past was simply unthinkable.

At this time, the Beiyong Palace was actually taken down, which is a lifetime honor for any battle-hardened soldier.

Swish!

Just when the surrounding soldiers were extremely excited, King Guangping suddenly turned pale, his eyes locked on Ren Yingying, and he said with a smile, "Ren Yingying, don't you have anything to explain?" The eyes of the soldiers and soldiers all converged on Ren Yingying, each with a complex expression.

Gonggong escaped just now, but Ren Yingying did not pursue him, which was really suspicious.

Um?

Seeing the situation in front of her, Ren Yingying frowned, looked at King Guangping puzzled and said, "King Guangping, what do you mean? What can I explain to you?"

This King Guangping is sick.

call!

King Guangping's face was gloomy and cold, resisting the anger in his heart, he said coldly: "I ask you, Gonggong escaped just now, why didn't you pursue it?"

"Do you know that Gonggong is tyrannical and the biggest enemy of my Tianqi royal family? , once you escape, she will have endless troubles." The

last sentence, King Guangping almost roared out.

Hearing this, Ren Yingying suddenly understood that it was because of this.

Chapter 4239 In the

next second, Ren Yingying showed a meaningful smile and said lightly: "King Guangping, don't play your prestige in front of me, you know my identity best, I'm here just to help, I won't be affected by you at all. Command."

"Also, as I said before, I'm only responsible for helping you attack the imperial city, and I'm not obliged to help you arrest people."

“So, it’s not enough for you to punish me for offending me.”

When he finished the last sentence, Ren Yingying’s delicate face was full of fearlessness and disdain.

Swish!

At this moment, King Guangping’s face flushed red and he was burning with anger.

Crazy, this Ren Yingying is so crazy, how dare to be so rude to me in front of so many people.

Wow...

At the same time, many soldiers and soldiers around were also shocked and angry, and couldn’t help but talk about it.

“Ren Yingying is really arrogant.”

“Yeah, let’s just resist the decree, and now I dare to contradict Your Majesty...” During the

discussion, a general walked out quickly, pointed at Ren Yingying and yelled loudly: “Ren Yingying, you are so daring, you dare to be so arrogant to His Majesty, you don’t have to rely on your own strength, you can be arrogant.”

“Yes, you did make great achievements in the previous battle of Feilongguan, but today’s battle, without you, We also broke through the imperial city, so don’t stand in front of your majesty.” The

voice fell, and the other generals around nodded their heads one after another.

Hehe..

In the face of this situation, Ren Yingying was not angry at all, but chuckled: “Tsk tsk, you are really powerful, anyway, the imperial city has been captured, and my mission has been completed, so leave.”

When the voice fell, Ren Yingying turned around and was about to walk out of the hall.

In Ren Yingying’s heart, she didn’t want Beiyong Imperial City to be forced as soon as possible, but the situation is now a foregone conclusion, and it cannot be changed.

As long as the backlash of the demon soul in the body is completely resolved, there will be no need to look at Bai Yunfei’s face in the future.

“Stop!”

However, before taking two steps, he heard a cold scolding from King Guangping.

Ren Yingying stopped and looked back at King Guangping: “Is there anything else?”

Hu...

King Guangping took a deep breath, and there was a bit of meaning in his smile: “Ren Yingying, don’t you want to know how I broke through? Is it from the Imperial City?”

When he said this, King Guangping had a smile on his face, but his eyes were full of gloom.

This Ren Yingying secretly helped Beiyong Palace to find reinforcements. This matter is not counted, how can she easily let her leave?

King Guangping knew in his heart that with his strength, he was not qualified to challenge Ren Yingying at all, but no matter what, he was Bai Yunfei’s person, so Ren Yingying didn’t dare to do anything to King Guangping easily.

“Oh?”

Hearing this, Ren Yingying Xiumei frowned slightly, showing a bit of interest: “I want to listen to what you want to say.” His

face was calm, and his heart was a little curious.

You know, Ren Yingying has been pondering just now, how the soldiers of the apocalypse should cooperate with each other and break through the south gate first...

“Hehe...”

Seeing the change in Ren Yingying’s face, King Guangping laughed and said slowly: “Speaking of this matter, it all depends on a letter. Last night I sent people to secretly monitor several exits of Beiyong Imperial City. I grabbed a man named Hong Da, who was carrying a secret letter asking for help and was

about to send it to Xia Yinzong.” At the end, King Guangping looked closely at Ren Yingying: “Do you know about this matter? know?”

What?

At this moment, Ren Yingying’s body trembled, and she was shocked.

The secret letter he wrote by himself last night was actually intercepted by King Guangping?

Looking at this situation, King Guangping sent someone to pretend to be a disciple of Xia Yinzong, and then they infiltrated the Beiyang Imperial City. It is no wonder that Nanmen was attacked so quickly...

Under the shock, Ren Yingying looked like a With a calm look, he shook his head at King Guangping and said, "How would I know about this?"

"I don't know?"

King Guangping sneered: "According to my observation, the handwriting of that letter is almost the same as yours, you dare to say Didn't you write it?"

This... In

the face of King Guangping's questioning, Ren Yingying's face changed, and she suddenly panicked.

At the same time, the generals present also exploded.

"What's the situation?"

"Ren Yingying secretly wrote a secret letter to Xia Yinzong?"

Chapter 4240

"She helped us outright, but secretly, but helped Beiyang Imperial City to find reinforcements?"

Ren Yingying's eyes flickered and she was very uneasy when the surrounding discussions came.

Oops, if the truth is exposed, King Guangping will definitely tell Bai Yunfei that he will never be able to solve the demon soul's backlash when he is suspicious of Bai Yunfei.

After all, Bai Yunfei is cunning and powerful, but he is not so easy to deal with.

However, Ren Yingying quickly reacted.

When writing the letter at that time, there was no signature at all. Even if the handwriting was similar, King Guangping could not conclude that it was written by himself.

Yes, come to die and refuse to admit it.

Thinking of this, Ren Yingying exhaled softly and looked at King Guangping with a half-smiling smile: "King Guangping, you said I wrote a secret letter to Xia Yinzong, where is the letter? Can you show me?"

"Haha..."

Guang King Ping's eyes flickered, and he sneered: "It's fine if you don't admit it. You'd better be calm, otherwise, I will definitely tell Your Excellency Bai Yunfei about the situation."

The secret letter, King Guangping has already sent someone to the Weather Emperor . It's a city, how can I get it out at this time?

King Guangping was very thoughtful. The purpose of talking about the secret letter at this time was to upset Ren Yingying. He didn't want to completely tear his face. He thought about it and waited until Bai Yunfei read the letter. Fei is backing up, and then deal with Ren Yingying well.

Huh...

Seeing that King Guangping couldn't take out the letter, Ren Yingying was completely relieved, and said lightly: "If there is nothing else, I will leave." After saying that, she walked out of the hall quickly.

After leaving the hall, Ren Yingying did not leave in a hurry, but hid on the top of the hall, secretly observing the movements of King Guangping.

Ren Yingying Bingxue was smart and realized that King Guangping would not let him go easily. Since he mentioned superstition, he will definitely have a backhand.

At this time, in the hall.

Ma De,

seeing Ren Yingying leaving, King Guangping's face was extremely gloomy, and his heart was burning with anger.

This Ren Yingying is really arrogant. She just leaves and doesn't take herself seriously. If this continues in the future, what kind of majesty does he have as an emperor?

The more King Guangping thought about it, the angrier he became, and he waved at the generals in front of him: "Okay, you all step back and arrange for the soldiers to clean the battlefield. I want to be quiet."

"Yes, Your Majesty.

” The general walked out of the hall quickly.

Huh..

Seeing this scene, Ren Yingying, who was hiding on the top of the hall, just felt that it was boring and had to leave completely.

“Your Majesty!”

However, at this moment, a guard from the Weather Palace quickly ran into the hall, panting and soaked with sweat. Seeing this, it was the Weather Palace who rushed over and looked very anxious.

“What’s so urgent?” King Guangping frowned and asked angrily.

“It’s not good.”

The palace guard was about to cry, lying there, panicking: “Ji Hongshang, the sect master of the Five Poison Sect, raided His Excellency Bai Yunfei, took him out of the palace, and killed him before leaving. Our captain...”

When he said this, the palace guard’s eyes were black for a while, and he was so tired that he almost fainted. At that time, after Ji Hongshang severely injured Bai Yunfei in the prayer hall, the guard left and came to Beibei. Ying mainland reported the news, and rushed all the way, without resting for a moment.

What?

Hearing this, King Guangping widened his eyes and stood up abruptly, feeling his brain buzzing.

Ji Hongshang attacked Bai Yunfei?

How is this possible, Ji Hongshang is Bai Yunfei’s most loyal subordinate, how can he betray?

At the same time, Ren Yingying, who was hiding on the top of the hall, was also shocked and shocked.

“Then...”

Soon, King Guangping reacted, looking closely at the guard and asking, “Your Excellency Bai Yunfei, how was the situation when you were taken away?”

When asked, King Guangping was extremely anxious.

After King Guangping brought the Tianqi royal family to join the Demon Race, it can be said that all the chips were placed on Bai Yunfei. Once Bai Yunfei had an accident, the consequences would be unimaginable.

“Your Majesty.” The guard knelt on the ground, tremblingly said: “Your Excellency Bai Yunfei was dying at the time, very weak, and the situation was very bad.”
