

The ultimate husband in Chinese chapter 4341-4350

Chapter 4341

At the same time, I was also secretly shocked.

This human can actually speak the language of our wolf clan?

Incredible.

“Ow...”

At the same time, the other wild wolves around, after hearing Yue Feng’s words, also let out a burst of agitation, and then stopped, their eyes focused on Yue Feng, puzzled.

This person actually speaks our language?

However, while puzzled, the wolves did not relax their vigilance, their eyes locked on Yue Feng, and they let out a low roar, waiting for an opportunity.

Haha...

Seeing this situation, the man on the hillside was nervous and relieved for no reason.

This stinky beggar dared to hit my junior sister’s attention and wanted to show off his ability to tame animals, but unfortunately, his courage is commendable and his ability is not very good. At this time, he has already angered the wolves. Let’s see what he will do.

The man at this time believed that Yue Feng was too arrogant and had already angered the wolves, but he did not know that Yue Feng had just used his inner strength and spoke the language of the wolf clan to make the wolves a little restless.

At this time, in front of the woods.

Seeing that he was surrounded by wolves, Yue Feng looked leisurely and relaxed, smiled and said to the wolf king in front of him: “Calm down, I don’t want to have a conflict with you.”

“And, I’m not afraid to tell you, I and I The Four Great Innate Spirit Beasts have deep roots. You know the Four Great Congenital Spirit Beasts, so if you go against me, you will not gain the slightest benefit.”

“As long as you are obedient, you will be fine.”

This chapter is provided by . Visit for daily update.

Saying this At the time, Yue Feng was very relaxed, but he was a little uneasy in his heart.

I used to have a beast ring on my body, and I was not afraid of any beasts, but now that the beast ring is gone, I just rely on the beast language to communicate, what if the wolf king in front of me doesn't buy it?

"Aww.."

Hearing Yue Feng's words, the wolf king first let out a howl, and then responded in wolf language: "Dear Your Excellency, it turns out that you are a friend of the four innate spirit beasts, please forgive us for being rude just now."

Saying that, the wolf king walked over slowly, and when he reached Yue Feng, he stretched out his tongue and licked Yue Feng's hand.

There are many beasts in the world who like to lick them when they show their affection. So do wolves.

Whoa!

At this moment, seeing the wolf king's movements, other wild wolves around also quickly gathered around and licked Yue Feng's hands and legs.

Huh ...

In the face of this situation, Yue Feng breathed a sigh of relief, and a stone hanging in his heart finally fell to the ground.

It seems that his wolf language is okay, and he has finally saved his life.

Seeing this scene, the man standing on the hillside was trembling all over. From his angle, hundreds of wolves surrounded Yue Feng and completely blocked Yue Feng's figure, so he thought he was besieged.

Deserved!

While trembling, the corner of the man's mouth evoked a hint of indifference.

This is the end of arrogance.

"Senior brother?"

At this time, the girl waited for a while, but couldn't help but open her eyes and asked, "How is the situation?" While asking, she couldn't help but look in the direction of the woods.

Seeing this, the girl suddenly couldn't help exclaiming, her delicate body trembled, and she could hardly stand still.

She saw that there were hundreds of wolves around, licking something.

Obviously, the man was attacked just now. At this time, these wild wolves are eating his flesh...

alas!

Thinking to herself, the girl felt inexplicably sad, and whispered, "I knew this earlier, I should have stopped him just now." Although he was just a stranger, but seeing him eaten by the wolves made the girl feel bad. .

The man pouted and said disapprovingly, "It's him who is courting death, who can be blamed?"

After saying that, the man couldn't help but glanced at it, then took the girl's hand and said, "Junior sister, hurry up, let's go quickly, Now that the wolves are eating that person, they shouldn't have time to pay attention to us, let's take the opportunity to leave quickly." The

man pulled the girl and quickly went down the hillside.

"Senior brother, look..." The

girl felt a little sad in her heart. When she was being dragged down the hill, she couldn't help but look back. At this sight, her body trembled and she couldn't help but exclaimed.

"Junior sister, don't scream, you'll bring the wolves here later." The man frowned and muttered. At the same time, he couldn't help but follow the girl's gaze. He was stunned and his mind went blank.

Chapter 4342

saw that the wolves slowly dispersed, and Yue Feng's figure also stood up. Although it looked a bit wasteful, there was no scar on his body.

Obviously, the wolves didn't attack him at all just now.

Not only that, but the man was even more surprised to discover that the wolves, which were originally vicious and brutal, became extremely docile in front of Yue Feng at this time.

At this...

At this moment, both brothers and sisters widened their eyes, staring at Yue Feng dumbfounded, their eyes full of inconceivable, completely stupid.

Has he successfully tamed all these hundreds of wild wolves?

It's incredible.

He... how the hell did he do it?

The two brothers and sisters at this time did not know that Yue Feng was extremely talented and had learned a lot of animal language a few years ago, so it was not a problem to communicate with the wolves in front of him at this time.

quiet!

Shocked, the brothers and sisters froze there, incomparably silent.

However, after being shocked, the man's face turned into a pig liver color, which was indescribably embarrassing, and his heart was also inexplicably annoyed.

Mad, I thought that this kid was too arrogant and would definitely be buried among the wolves, but he never expected that this guy was lucky enough to tame these wolves quietly.

This kind of ability, the entire East Austria Continent, I am afraid that there is no second one.

"Big brother!"

At this time, the girl also recovered, unable to hide her excitement and excitement, and shouted at Yue Feng: "You are so amazing, how did you do it?!"

When shouting these words, the girl's face was full of admiration and excitement, and she looked at Yue Feng's eyes with a strange brilliance.

Like her senior brother, she also thought that this man would die badly in the end, but the result was unexpected.

Hearing the girl's admiration, Yue Feng smiled slightly.

"Okay!" In the

next second, Yue Feng turned around and said to the wolf king: "The two people on the hillside are my friends. I hope you don't hurt them. There's nothing else to do. Let's go.

" At that time, Yue Feng's tone was gentle, but he gave people an undeniable majesty.

“Ow!”

Hearing this, the wolf king raised his head and howled in response, then turned and walked towards the depths of the woods.

Whoa!

The wolf king took the lead, and the other wild wolves also let out a howl, and then followed the wolf king away, disappearing into the dense woods in the blink of an eye.

“Wow...”

Seeing this scene, the girl was even more excited and looked at Yue Feng with joy: “It’s really amazing, these wild wolves can still understand you, are you a beast trainer?”

said The girl’s eyes were full of anticipation.

You must know that there used to be animal trainers in the Kyushu continent, but because of the excessive rounding up of spirit beasts by humans, there are fewer and fewer spirit beasts. Therefore, beast trainers mastered their skills thousands of years ago.

And at this time, this weirdo in front of him could tame the wolves, no doubt that he was a beast trainer. This was simply too attractive for a girl who had not yet experienced the world, and it was impossible to be excited.

Uh...

Feeling the urgency in the girl’s eyes, Yue Feng scratched his head embarrassedly: “I only know a little animal language, so I’m not a beast trainer.”

Yue Feng is not being humble, he has never learned the skills of a beast trainer. Actually, it doesn’t count.

Hehe...

At this moment, the man who was standing on the sidelines could not help but said coldly: “Beast language? I think it’s just luck.”

In his heart, he still didn’t believe that this guy with all the marks on his face could tame the wolves. The ability, at best, is luck, the blind cat meets the dead mouse.

But the girl ignored her brother’s words and looked at Yue Feng with a look of admiration: “Even if you can speak animal language, that’s very powerful, you know, I like small animals since I was a child, and I really want to communicate with them, just a little beast. I don’t even know how to speak. How about you teach me something?”

When she said this, the girl's face was innocent and cute.

"Haha..."

Yue Feng couldn't help laughing, nodded and said, "Okay, in fact, beast language is very easy to learn." After speaking, he simply explained the language tricks of various beasts.

The girl listened very carefully and memorized every word of Yue Feng.

Chapter 4343 The

man was a little impatient, and urged the girl: "Okay, don't fool around, let's hurry up to find the master."

This guy with a face full of imprints, the more he looks, the more angry he is. Break up with him now.

However, the girl's impression of Yue Feng was getting better and better, and she refused to leave at this time.

"Big brother!"

At this time, the girl said to Yue Feng very enthusiastically: "My name is Yueqing, and my brother's name is Cheng Yi. Big brother helped us drive away the wolves just now. I don't know what your name is or where you came from. What."

"Me!"

Hearing the question, Yue Feng thought for a while, and replied with a smile: "My name is Ah Feng, I'm just a nameless person wandering around."

Yue Feng is like this, naturally he won't reveal his true identity, and said the name used in Jianzong along the way.

Ah Feng!

Hearing this, Yueqing tilted his head and mumbled a few words, then nodded with a smile: "The name is quite special, you must have been to many places and seen a lot of the world, no wonder you can understand animal language!"

Immediately, Yueqing thought of something, He asked Yue Feng curiously, "Where are you going next?" Huh

!

Hearing this, Yue Feng secretly sighed and said with a smile, "Wandering around."

Then, Yue Feng thought of something, looked at Yue Qing with a complicated face, and continued: "By the way, I heard you just now that your master was taken by I'm caught, what's going on?" To

be honest, Yue Feng didn't want to ask so much, but this Yueqing was so lovable, he couldn't help but ask.

Ugh...

When he mentioned Master, Yueqing sighed, and his delicate face showed a bit of sadness: "My master is called Yang Chenzi, and his medical skills are the most powerful. A few days ago, Master took us out to collect spirit herbs, and suddenly he was attacked by a group of hackers. The clothed man blocked the way, and the other party asked the master's name, and then took him away." After

speaking, Yueqing's eyes were a little red, and he was very worried: "Now the master doesn't know what's going on, is there any danger."

Is there such a thing?

Hearing this, Yue Feng was stunned.

At this time, Yue Feng didn't know that the people who captured Yang Chenzi were the disciples of the Five Poison Sect.

"Junior sister!"

At the same time, Cheng Yi was full of anxiety and rebuked Yueqing: "You are crazy, how can you tell an outsider about Master's affairs?"

Cheng Yi couldn't help but glance at him. He glanced at Yue Feng, full of contempt.

Yueqing Xiumei frowned and said puzzled: "Senior brother, how can you do this? Master said that the most important thing in walking around the rivers and lakes is to make friends. This eldest brother helped us drive away the wolves just now, so chivalrous, don't you think? Isn't it our friend? Why do you have trouble getting along with him everywhere?"

"I..."

After saying that, Cheng Yi didn't know how to refute, and turned his head angrily.

Cheng Yi's aim was everywhere, but Yue Feng didn't take it to heart.

A few seconds later, Yue Feng pondered for a while, and couldn't help but ask Yueqing, "Do those people in black have any grudges against you?"

Yueqing shook his head: "My master hangs the pot to help the world, and he has been saving people all these years. , I didn't offend anyone at all."

No enemies?

Hearing this, Yue Feng frowned and smelled again: "Then do you know the origin of the other party?"

Yue Feng firmly believes that there will be some reason for any grievances, otherwise, the other party will not seek trouble for no reason.

This...

Yueqing tilted his head and thought for a while: "When the other party was leaving, he claimed to be from Fengzhuang."

At this moment, Yue Feng became more and more confused, Fengzhuang? Never heard of such a sect in Dongao Continent.

"That's right!"

At this moment, Yueqing's eyes flashed, and he seemed to think of something: "Today, my senior brother and I passed through a small town, and I heard that besides my master, there are other genius doctors who were also arrested by this Fengzhuang. "

Furthermore, according to the gossip in the rivers and lakes, those people in Fengzhuang were originally from the Xi Cang Continent, and they seem to be the Five Poison Sect..."

What?

Five Poison Sect?

At this moment, upon hearing Yueqing's words, Yue Feng's heart was shocked and he almost jumped up.

The main altar of the Five Poison Sect is in the Xicang Continent, how could it come to the Dongao Continent? Moreover, the previous battles between the major sects and the demons had already destroyed the Five Poison Sects.

Chapter 4344

Yue Feng clearly remembers that Ji Hongshang, the suzerain of the Five Poison Sect at that time, disappeared without a trace after the destruction of the Five Poison Sect.

Thinking of this, Yue Feng looked at Yueqing eagerly: "Yueqing, are you sure those people in Fengzhuang belong to the Five Poison Sect?"

"Proud of the mainland, there will definitely be a bloody storm on the rivers and lakes.

This...

Seeing Yue Feng's serious face, Yue Qing bit his lip lightly and said uncertainly, "I don't know either, but that's how the gossip is spread."

Hearing this, Yue Feng pondered . down.

Ma De, if it was really Ji Hongshang, he would not be able to leave Dongao Continent for the time being.

"Junior sister!"

At this time, Cheng Yi, who had been silent by the side, urged angrily: "It's getting late, let's go to Fengzhuang to save Master, I'm afraid it will be too late."

After speaking, Cheng Yi looked Looking at Yue Feng, Yin Yang said strangely: "Don't make new friends and forget about the life and death of Master."

Shah!

Hearing this, Yueqing's delicate face suddenly turned red, very embarrassed.

At this time, Yue Feng took a deep breath, made a decision in his heart, and said to Yueqing: "Yueqing, it is fate to meet each other, since your master has been arrested, I will go to Fengzhuang with you, maybe I can help I'm busy."

Speaking of which, Yue Feng didn't want to meddle in his own business, but as the matter involved the Five Poison Sect, he couldn't just stand by.

After all, the Five Poison Sect, under the leadership of Ji Hongshang, fully supported Bai Yunfei, not only that, but also released the ancient poisonous scorpion, which harmed many people in the arena and became poisonous. Therefore, Yue Feng must be in charge.

What?

This kid wants to go to Fengzhuang with us?

At this moment, Cheng Yi frowned and his face was also very unhappy.

This guy is not trying to help at all, but is looking for an opportunity to get close to his junior sister.

“That’s great.”

Yueqing was very happy, and cheered and held Yue Feng’s hand: “Are you going to help us save Master? Brother Afeng, you are so nice.”

Just as he was talking, Yueqing was caught by Cheng Yi . pull away.

“Oh, boy!” In the

next second, Cheng Yi looked at Yue Feng up and down, unable to hide the contempt in his heart, and said coldly: “I don’t care what your purpose is, from now on, stay away from us.”

“But I am here . It’s not unreasonable, you just drove away the wolves, it’s a favor for us, and this gold coin is your reward.” The

voice fell, Cheng Yi took out a gold coin from his body and threw it away. At Yue Feng’s feet, there was a very contemptuous attitude.

In Cheng Yi’s heart, he was the only one who could be so close to his junior sister. At this time, seeing Yueqing’s admiration for Yue Feng, not only talking about his friends, but also holding hands and laughing, he was very upset.

Nima!

Looking at the gold coins on the ground, Yue Feng remained calm, but his heart was a little angry.

This Cheng Yi is really interesting. I don’t know you in the same way. Are you finished yet?

Thinking to himself, Yue Feng still ignored Cheng Yi, but smiled at Yueqing: “It just so happens that I have something to do, and I have to pass through Fengzhuang. We are friends, so please help if you can, so don’t be too polite.”

Um!

Hearing this, Yueqing was very happy and nodded quickly.

Swish!

Yue Feng's ignorance completely made Cheng Yi angry.

In the next second, Cheng Yi grabbed Yue Feng's collar, gnashing his teeth and threatening: "Boy, take my words as a deaf ear, right? I warn you again, stay away from us."

With that, Cheng Yi pointed to the ground The gold coin: "Just like you, a scoundrel, you want to approach my junior sister? You should take care of yourself first when you urinate. This is my last warning. Get the gold coin and get out."

Seeing his angry look, Yue Fengqing Laugh without saying a word.

"Senior brother!"

However, Yueqing couldn't stand it any longer, and quickly pulled Cheng Yi away, and said very unhappily, "How can you do this? This brother Afeng is bright and upright, and he helped us drive away the wolves just now. , how can it be as unbearable as you said?"

When he said this, Yueqing's face flushed, and he was angry and shy.

Senior brother is really, always said that this Feng has ideas for me.

Uh...

Seeing that Junior Sister was angry, Cheng Yi was stunned for a moment, then his tone softened, and he comforted: "Junior Sister, don't be angry, I'm doing this for your own good, you must know that the rivers and lakes are sinister."

Chapter 4345

"Look at this person, a person appears in such a place, with so many marks on his face, he has to be guarded."

Hehe..

Hearing this, Yue Feng couldn't help laughing: "I just It just happened to be passing by."

Saying that, Yue Feng tilted his head towards Yueqing and said, "Forget it, since your senior brother is suspicious of me, let's not be together, you can hurry up." The

voice fell, and Yue Feng turned around and was about to leave.

Yue Feng really planned to go to Fengzhuang to find out, and he had no idea about Yueqing, but Cheng Yi kept making irresponsible remarks, so he dismissed the idea.

“Big Brother Ah Feng!”

However, at this moment, Yueqing chased after him and grabbed Yue Feng’s arm, his delicate face was full of sincerity: “My senior brother doesn’t know what’s wrong today, he’s crazy, please don’t I have the same knowledge as him.”

Having said that, Yueqing looked at the mark on Yue Feng’s face, and continued: “Brother Ah Feng, I see the mark on your face, it is not natural, my master is very skilled in medicine, you can follow us. Let’s go together, when the master is rescued, I will let him remove the mark on your face for you, and it can be considered as a repayment for your life-saving grace, okay?” The

words were so reasonable that it was difficult to refuse.

call!

At this moment, Yue Feng breathed a sigh of relief and nodded in approval.

This Yueqing is not young, but he knows how to repay his gratitude, which is really rare.

Seeing Yue Feng smiling but not speaking, Yueqing was a little anxious, and continued: “Brother Ah Feng, you forgot, you promised to teach me animal language just now, you are gone, who will teach me? Let’s be together, okay? “

When he said this, Yueqing’s charming eyes were full of sincerity.

“Junior Sister!”

Seeing this scene, Cheng Yi was completely anxious, and suddenly shouted: “He is going to leave, why do you keep him?”

Immediately, Cheng Yi gave Yue Feng a cold look: “Boy, hurry up Let’s go, don’t stay here

to get in the way.” When he said this, Cheng Yi was both annoyed and depressed.

I don’t know what kind of charm this kid has, and he actually fascinated his junior sister like this.

No, no matter what, this kid can’t be allowed to follow.

“Brother, are you enough?”

At this moment, Yueqing’s pretty face was full of anger, completely anxious, and stomped her feet: “If you do this again, I will tell Master everything that happened today,

Brother Afeng helped us just now, you But if you treat him like this, see if the master knows and won't punish you!"

With that, Yue Qing snorted, then pulled Yue Feng and said, "Brother Ah Feng, let's go!"

Hmm!

Yue Feng nodded and walked down the hill with Yueqing.

To be honest, Yue Feng didn't want to go with them, this Cheng Yi was really annoying, but Yueqing sincerely invited him and was really embarrassed to refuse.

This....

seeing this scene, Cheng Yi's face was blue and white for a while, and then he reacted and shouted: "Junior sister, wait for me."

Yelling, Cheng Yi quickly chased after him.

...

the other side. Fengzhuang.

Mu Xixi and Song Qian, led by Yuan Tong, finally arrived at Fengzhuang after two hours of rushing.

At this time, it was dusk, and I saw the entire Fengzhuang bathed in a golden sunset. Not far away, the mountains in the distance and the lake nearby formed a beautiful picture. This beauty is simply fascinating. .

call!

Seeing this scene, Song Qian was very emotional, and couldn't help but said to Mu Xixi: "Master, this place is so beautiful. It would be very nice to be able to live in seclusion in such a place."

Mu Xixi smiled lightly and said Without responding, he was interrupted by Yuan Tong, who was walking in front.

"Haha..."

At this time, Yuan Tong was full of smiles, looking at Song Qian and said with a smile: "Little Master, as long as Your Excellency the Goddess Doctor cures the illness of my house owner, you are our VIP guests of Fengzhuang, and I want to be here. You can stay as long as you want."

As he spoke, Yuan Tong led the master and the apprentice into the hall of the manor.

“Yuantong?”

Mu Xixi looked around in the hall, and saw that there was no one there, and couldn't help but ask, “Where is the owner of your house?”

Mu Xixi frowned secretly as she spoke.

Strange, before entering Fengzhuang, I thought the environment here was pretty good, but after entering, why did it feel gloomy?

At this time, Mu Xixi didn't know that after Ji Hongshang occupied Fengzhuang, he instructed his disciples to raise poisonous insects everywhere.

The ultimate husband in Chinese chapter 4346-4350

Chapter 4346

“Wait a moment for the goddess doctor.”

Hearing the question, Yuan Tong showed a smile and responded calmly: “The owner of my house is suffering from a chronic illness and rarely comes out to walk around. I am afraid that he is still recuperating in the secret room.”

Immediately, Yuan Tong clapped his hands: “Come here, show the two distinguished guests some tea.”

Wow... the

voice fell, and the two maids slowly entered the hall, holding the freshly brewed tea in their hands, giving it to them very respectfully. Mu Xixi and his apprentice poured a cup of tea each.

For a time, a scent of clear tea filled the entire hall.

“Smelling tea.”

Song Qian couldn't help but sighed in admiration when she smelled the fragrance of the tea.

Hearing this, Yuan Tong said with a smile: “The little master also seems to be someone who understands tea. This tea is called ‘Mingxiang’, which is a special product in our area and is not found anywhere else.”

Saying these At the time, Yuan Tong looked polite, but treacherous flashed in his eyes.

Yes, the tea was poisoned.

In the past few days, the disciples of the Five Poison Sect have arrested many famous doctors from all over the world. In order to ensure that these famous doctors can be controlled, they have poisoned their tea.

Um!

Mu Xixi didn't notice Yuan Tong's strangeness, she nodded and smiled, "Thank you for your hospitality." After saying that, she picked up the teacup and took a sip.

Song Qian also quickly tasted it.

This chapter is provided by . Visit for daily update.

Haha....

Seeing both the master and the apprentice drinking, Yuan Tong was extremely excited and proud, but he still pretended to be very polite: "Those two are slow, I will ask the owner to come out."

Said Then quickly walked out of the hall.

At this moment, the secret room in the backyard of Fengzhuang.

Ji Hongshang sat there cross-legged, her delicate face was pale, her forehead was covered with a layer of sweat, and the suburbs trembled faintly.

On the chair next to him, Bai Yunfei was sitting there tied up.

At this time, Bai Yunfei's expression was very weak, and he could hardly exert any strength. Ever since he was brought here by Ji Hongshang, Bai Yunfei has been tortured every day.

Even more cruel, Ji Hongshang broke Bai Yunfei's leg bone, and then helped him connect it, just to make him suffer, but even so, Bai Yunfei still did not tell her how to integrate the power of the devil soul.

Phew...

Finally, Ji Hongshang adjusted her breath and played with her inner strength, slowly opened her eyes, her delicate face was full of doubts and anger.

"Bai Yunfei!" In the

next second, Ji Hongshang picked up the secret book in front of her and looked at Bai Yunfei closely: "Why is the formula for luck that you wrote yourself useless?" The

cover of the secret book is golden, it is Bai Yun The formula that was specially written for Ren Yingying before Fei.

At that time, after Ji Hongshang raided Bai Yunfei, she got this cheat book, but she never read it carefully until she saw it two days ago, and she was pleasantly surprised to find that it said how to prevent the backlash of the demon soul.

Afterwards, Ji Hongshang began to practice directly, but what made her depressed was that no matter how she practiced, the power of the demon soul in her body still showed no signs of getting rid of the disorder.

"Haha..."

Facing Ji Hongshang's questioning, Bai Yunfei's weak face showed cold arrogance, and said lightly: "You are not a descendant of the demon race, you don't have the blood of demons, so cultivating this formula is naturally useless at all. ." That's

it.

Hearing this, Ji Hongshang suddenly woke up, and immediately asked: "Then what should I do?"

"No comment."

Bai Yunfei spit out four words coldly without any hesitation.

In his heart, Ji Hongshang committed the following crimes, absorbed the power of his own demon soul, and delusionally wanted to successfully merge. Bai Yunfei is a person who will be punished, how can she make her wish?

Swish!

Hearing this, Ji Hongshang's pretty face froze: "Are you really not afraid of death?"

Bai Yunfei smiled: "Ji Hongshang, don't scare me, if you could kill me, you would have killed me long ago. It won't be delayed until now, and I have almost learned your methods, if you have other skills, feel free to use them."

"You..."

Ji Hongshang's suburban trembled with anger, and she didn't know how to refute it . .

Because Bai Yunfei said it well, during this time, all kinds of means were used, and Bai Yunfei was almost tortured to death, but he just didn't let go.

It's just like a stone in a hut, stinky and hard, making people helpless.

"Sect Master!"

At this moment, Yuan Tong's voice came from outside the secret room: "The goddess doctor from Baihua Valley is here, do you want to meet?"

Chapter 4347 The

goddess doctor in the Valley of Flowers?

Hearing this, Ji Hongshang was refreshed, and she was in a depressed mood, but also instantly relaxed a lot.

You must know that Ji Hongshang ordered people to inquire about the famous doctors in Dongao Continent during this time, and the one who heard the most was the goddess doctor of Baihuagu. There are rumors in the rivers and lakes that this goddess doctor of Baihuagu has superb medical skills, which is comparable to a medical fairy.

For a time, Ji Hongshang was very excited, and quickly walked out of the secret room, and said to Yuan Tong: "Very good, take me to see the doctor."

"Yes, Sect Master!"

Yuan Tong responded and hurriedly led the way in front.

Um?

Soon after reaching the front hall, Ji Hongshang just glanced at it, and was suddenly shocked inwardly.

Those two women felt so familiar.

I saw two slender figures sitting quietly in the hall, one soft and quiet, the other enthusiastic and energetic, it was Mu Xixi and Song Qian.

Over the years, Ji Hongshang has been trying to find a way to seek revenge for Yue Feng, so she has checked many of Yue Feng's friends. Mu Xixi and Song Qian, one is Yue Feng's confidante, and the other is Yue Feng's cousin. He was still with Yue Feng for a while, and Ji Hongshang had met before.

However, after two or three years, Ji Hongshang couldn't remember it for a while, she just felt very familiar.

piano?

The next second, when Ji Hongshang saw Qin beside Mu Xixi, her tender body trembled, and she thought of it in an instant, and couldn't help being shocked in her heart: It turned out to be Qin Sheng Mu Xixi, no wonder she looked so familiar.

It turns out....the goddess doctor of Baihua Valley is her.

It's really a narrow road.

Thinking of this, Ji Hongshang's delicate and charming face showed a bit of gloom.

"Two distinguished guests."

Just when Ji Hongshang was muttering secretly, Yuan Tong quickly walked over and introduced Mu Xixi's master and apprentice with a smile, "This is our Fengzhuang owner.

" !

At this moment, the eyes of Mu Xixi and Song Qian converged on Ji Hongshang's face.

What a beautiful woman, looks familiar.

Moreover, the aura that pervaded the woman's body was a bit evil, as if...

Suspicious in her heart, Mu Xixi thought for a moment, her pretty face suddenly changed, and she stared at Ji Hongshang and said, "You are five Ji Hongshang, the sect master of the Poison Sect?"

Like Ji Hongshang, Mu Xixi was a little surprised when she first saw it, she only felt that the woman in front of her looked very familiar, so she didn't react at the time, but she quickly thought of it. the identity of the opponent.

You must know that Mu Xixi had traveled around and had stayed in Xicang Continent for a long time. She was very familiar with the various sects in Xicang Continent, and she was no stranger to the Five Poison Sect.

More importantly, the Five Poison Sect had been fighting against the Ouyang family in recent years. In this case, Mu Xixi, who was Yue Feng's friend, was even more impressed by Ji Hongshang.

"It's her?"

Hearing Mu Xixi's words, Song Qian also trembled, and said in surprise, "I said why she looks so familiar, it turned out to be that vicious woman."

When she said this, Song Qian looked at Ji Hongshang closely, unable to hide the hatred in her heart.

In Song Qian's heart, although Yue Feng is only a cousin-in-law, he is more pro-brother than his own brother, and the Ji Hongshang in front of her, who opposes Yue Feng everywhere, is naturally her own enemy.

Swish!

Seeing this scene, Yuan Tong, who was standing beside him, turned gloomy in an instant. He stared at Song Qian and said coldly, "Young master, don't be presumptuous. Dare to talk to our villa owner like this. Have you thought about the consequences?"

"Ji Hongshang waved his hand and said lightly: "Yuantong, don't interrupt, they are my old friends, you go out first and leave it to this seat."

When she said this, Ji Hongshang was blank. expression.

"Yes, Sect Master!"

Yuan Tong responded, turned around and walked out of the hall, but the moment he walked out, he didn't forget to give Song Qian a stern look.

"The two of you!"

Ji Hongshang first looked at Song Qian before she left, and finally her eyes fell on Mu Xixi, she said with a half-smile, "Remember the last time we met, it was at the Jianghu Conference held by the Heavenly Dao Alliance. Thinking that you haven't seen each other for so long, you still have the same demeanor."

Phew!

Seeing Ji Hongshang's appearance, Mu Xixi Xiumei frowned lightly and said lightly, "You don't need to be hypocritical between us, why are you in such a place? Also, what is the purpose of letting your subordinates lie to us over here? ?"

Chapter 4348

Mu Xixi is smart and smart. Seeing Ji Hongshang's state at this time, he knows that he has been deceived. The owner of Fengzhuang Village and the hidden illness are all excuses and fake.

Ha ha! Feeling Mu Xixi's hostility, Ji Hongshang didn't get angry at all, but smiled lightly: "As expected of the famous piano saint in the world, in the face of this situation, she can still keep her face unchanged. I really admire it."

, Ji Hongshang's pretty face sank, and she continued: "My Five Poison Sect acts, and I never need to explain it to anyone."

Phew!

Hearing this, Mu Xixi and Song Qian looked at each other, but did not respond, but secretly guarded.

At this time, Mu Xixi finally understood why the interior of Fengzhuang was so gloomy, it must be because the Five Poison Sect raised poisonous insects.

"Sacred Qin."

Just when the master and the apprentice were secretly guarding, Ji Hongshang showed a smile and said slowly: "To be honest, I am also surprised that the famous goddess doctor in the Valley of Flowers is actually you. , If I knew in advance, I would never let my subordinates disturb you easily."

"But since you are here, I can tell you."

When she came to this point, Ji Hongshang's face changed, and she said word by word: " This seat has absorbed the power of Bai Yunfei's demon soul before, but this power of demon soul is very powerful, I have tried many methods, but I can't successfully integrate it."

After speaking, Ji Hongshang looked at Mu Xixi closely: " Since you are the goddess doctor of Baihua Valley, if you can help me fully integrate the power of the devil soul, I will be very grateful, and I will assure you that the previous grievances with Yue Feng will be over, and I will not be able to do it in the future. How about going to trouble the Ouyang family again?"

Ji Hongshang's eyes were full of anticipation when the last sentence fell.

To be honest, Ji Hongsang didn't want to be so polite in front of Mu Xixi, but in order to fully integrate the power of the demon soul, he could only apologise to himself temporarily.

Moreover, what Ji Hongshang said was only one-sided. The hatred between her and Yue Feng is inexorable, so how could she be able to release the quarrel?

She has already thought about it, no matter what method she uses, let Mu Xixi do her best to help her first, and when the goal is achieved, how to deal with it is how to deal with it.

What?

Hearing Ji Hongshang's words, Mu Xixi's delicate body was shocked, and she was immediately blinded.

This woman actually absorbed the power of Bai Yunfei's demon soul?

It's incredible, how did she do it? You must know that Bai Yunfei's demon soul power is very terrifying. At the beginning, he easily defeated the leader of the Heavenly Dao Alliance. In Kyushu, there were almost very few people who could suppress him.

And such a powerful person was planted in Ji Hongshang's hands.

Under the shock, Mu Xixi looked at Ji Hongshang, her red lips parted lightly, without the slightest hesitation: "You think too much, I will not help you, and I will not do any business with you."

Although there is not much contact, Mu Xixi also understood Ji Hongshang's personality, the five poison sect master, charming and charming on the surface, but like a snake in his heart.

More importantly, her sister died indirectly at the hands of Yue Feng, and Ji Hongshang could not give up because of such deep hatred.

"That's right."

Song Qian, who was next to her, couldn't help but said, "You vicious woman, you helped Bai Yunfei and killed so many comrades in the rivers and lakes. It's a heinous crime, and I want us to help you fuse the spirit of the devil. It's like a dream of spring and autumn."

After speaking, Song Qian said to Mu Xixi, "Master, let's go."

At this time, Song Qian had no idea about the beautiful environment of Fengzhuang, and just wanted to leave early.

Um!

Mu Xixi nodded, and without looking at Ji Hongshang, she was about to leave with Song Qian.

Hehe...

Seeing this situation, Ji Hongshang sat there leisurely, without any intention of getting up and blocking, and said lightly: "Go? Come to Fengzhuang, without my order, I'm afraid you won't be able to leave."

Said At these times, Ji Hongshang had a faint smile on her face, but her eyes flashed coldly.

Swish!

Hearing this, Mu Xixi stopped and turned to look at Ji Hongshang, her delicate face did not fluctuate at all: "Ji Hongshang, I know you are very powerful, but my master and apprentice are leaving, I am afraid you still Can't stop."

Chapter 4349 The

voice is not loud, but it gives people an unquestionable aura.

Mu Xixi wasn't talking big. In the past year, she and Song Qian spent most of the time in seclusion in Baihua Valley, and their cultivation realm improved a lot.

In this case, even if the entire Fengzhuang belonged to the Five Poison Sect, she was not afraid.

"Really?"

Hearing this, Ji Hongshang was not angry at all, but said with a smile: "You are a famous Qin sage in the entire Kyushu, I know you are very powerful, but I don't believe in evil, I really want to Give it a try." The

last word fell, Ji Hongshang slowly stood up from the chair, her delicate and charming face was full of arrogance and confidence.

Huh ...

Seeing this scene, Mu Xixi frowned, knowing that this battle was inevitable, then nodded and said, "Okay, since you want to try, then I will fulfill you."

Said, Mu Xi Xi held the Yuqin tightly, and at the same time prepared to stimulate her inner strength.

Um?

However, at this moment, Mu Xixi's delicate body suddenly trembled, and her delicate face was also somewhat pale.

Strange, I was fine just now, why is my body soft now, as if all the strength in my body has been emptied, not only that, but also in the dantian, it has also been virtually suppressed.

This...this is a clear sign of poisoning.

In shock, Mu Xixi only felt that her legs were weak, and she could not stand still.

“Master?”

Seeing Mu Xixi’s state, Song Qian was taken aback, and quickly asked, “What’s wrong with you?”

At this time, Song Qian was also very shocked. Master was fine just now, why suddenly, look so bad?

Mu Xixi frowned and shook her head.

“Hee hee!”

At this moment, Ji Hongshang walked slowly, with a playful expression on her delicate face: “Your Excellency Qin Sheng, is the tea you just had just now good?”

After speaking, Ji Hongshang’s smile grew thicker: “When I activated my inner strength just now, did I feel a sudden throbbing pain in my dantian, and then my whole body felt weak and weak.”

Shuh.

Mu Xixi is a smart woman. Hearing this, her face changed suddenly. She looked at Ji Hongshang in shock and anger: “There is poison in the tea?”

At this time, Mu Xixi was very regretful, she was too careless just now. .

At the same time, I was also extremely shocked, what kind of poison is this? It’s so powerful that when I was drinking tea just now, I didn’t even notice it!

“Hee hee..”

Seeing the change in Mu Xixi’s expression, Ji Hongshang became even more proud, picked up the teapot from the table, and said in a leisurely tone, “Although my behavior, Ji Hongshang is disgraceful, we are still old. Knowing each other, so I will not hide from you, the poison in the tea makes the Qian Gu of our Five Poison Sect scattered.”

Qian Gu scattered?

Hearing these three words, Mu Xixi’s face changed, and she only felt cold all over.

In recent years, Mu Xixi has been studying medical theory, and naturally he has heard of Qian Gu San. It is said that this poison is the most terrifying poison in the Five Poison Sect. At the point above, you will be completely powerless and your inner strength will be suppressed.

To be honest, when tasting the tea just now, Mu Xixi felt that there was something wrong with the tea scent, but she did not expect that there would be Thousand Gu San in it.

In the final analysis, this Ji Hongshang is really a scorpion woman, and she is not sure about fighting herself alone, so she uses this despicable and shameless method.

“you...”

Thinking about it, Mu Xixi glared at Ji Hongshang and mocked: “The sect master of the five poisonous sects will only hurt people with secret arrows, don’t you feel ashamed?”

When he said this, Mu Xixi was very angry. , After so many years, walking around the rivers and lakes by yourself, what scenes have you never seen? Unexpectedly, I was planted on a cup of tea today.

What a shame.

Hearing the ridicule, Ji Hongshang did not panic at all, and smiled slightly: “Qin Sheng, you are wrong about this, the tea is not aimed at you alone, these days, the entire Dongao Continent has As long as there are some famous doctors in the world, I have invited them here, and this Thousand Gu San is to deal with them.”

“As for your master and apprentice, it’s just a coincidence.”

“You...”

Hearing this, Mu Xixi’s weak face turned red all of a sudden, and she was so angry that she couldn’t refute it.

What Ji Hongshang said was right, it was because she was not cautious, no one could blame others.

Chapter 4350

“You wicked woman.”

At this time, Song Qian couldn’t help it, and yelled at Ji Hongshang: “It’s obvious that she is despicable and shameless, but it’s reasonable? Do you feel honored for using this method?”

” The Five Poison Sects are nothing more than that.”

Swish!

Hearing the scolding, Ji Hongshang's face changed, and she glared at Song Qian with a sneer: "You are Yue Feng's cousin, right? You have sharp teeth, but don't shout, you are just like your master, I was also hit by Qian Gu San."

Song Qian hurriedly tried to activate her inner strength, and her delicate body trembled.

At this time, Song Qian clearly felt that her inner strength could not be exerted, and her whole body was limp.

In a frightened anger, Song Qian couldn't bear it anymore, and scolded Ji Hongshang: "Ji Hongshang, you vicious woman, you are going to die..."

"You got the devil . What can you do with soul power? A wicked woman like you will never try to integrate completely..."

Song Qian scolded more and more fiercely, scolding whatever she thought of.

court death!

Hearing Song Qian's scolding, Ji Hongshang couldn't calm down, her delicate and charming face was covered with frost.

His own dignified Five Poison Sect Sect Master, was so abused, if it spread to the rivers and lakes, what face would he have?

In anger, Ji Hongshang walked over quickly and slapped Song Qian in the face without warning!

This slap used all his strength!

Snapped!

Hearing a crisp sound, Song Qian exclaimed, and her delicate body trembled and took a few steps back. At the same time, a slap print appeared on her fair face. Blood flowed from the corners of his mouth.

"Stinky girl, just because you are qualified to scold me? Your cousin Yue Feng, who gave my sister a poison, not only forced her to do things, but also caused her to die from the poison, and the corpse was not left, if it really counts Damn person, your cousin Yue Feng is the one." Ji Hongshang said coldly, her eyes full of resentment: "As Yue Feng's cousin, I should have killed you immediately, but I decided to let you live a few more days. , so, shut up for me immediately. You have no right to scold me." The

voice fell, and Ji Hongshang slapped her again!

Song Qian covered her face, feeling both grievance and anger: "You lie, my brother is not a hateful person at all, you are."

"You helped Bai Yunfei and the Demon Race to bring disaster to the Kyushu Continent before, full of evil, I have to say Evil, your five poisonous sects are the worst."

Shua!

Hearing this, Ji Hongshang's face was extremely gloomy, and she shouted coldly: "Shut up for me, my Five Poison Sect was only temporarily helping Bai Yunfei before, and it is not complicity at all."

When it comes to Bai Yunfei, Ji Hongshang Get out of breath.

At that time, Bai Yunfei promised to avenge himself by killing Yue Feng, but he has not done so until now. However, because of the cooperation with Bai Yunfei, the Five Poison Sect has now become the source of evil in the Kyushu continent.

"Stop arguing..."

Seeing that Ji Hongshang was a little out of breath, Song Qian sneered and continued to mock: "Now who doesn't know the entire Jiuzhou Jianghu, you are the dignified Five Poison Sect Sect Master, but willing to be Bai Yunfei's lackey, Facts have proved that this statement is not wrong at all, you are a lackey, not only to harm the rivers and lakes, but also to bite your own master."

"You think that if you absorb the power of Bai Yunfei's demon soul, the Jiuzhou rivers and lakes will be able to change the way they treat you. Are you wrong? Your five poisonous sects will be completely destroyed in the end. And you will also pay the price you deserve."

"Okay, very good!"

Hearing this, Ji Hongshang trembled in the suburbs, and laughed in anger: "You can say yes, I will let you say it. I want to see how powerful your mouth is." The

voice fell, Ji Hongshang He raised his jade hand again, and slapped it slap after slap.

Snapped! Snapped! Snapped!

A slap is heavier than a slap. At first, Song Qian was able to retort, but gradually she couldn't say it anymore, and her whole face was swollen.

"Stop it."

Seeing this scene, Mu Xixi was so angry that she shouted at Ji Hongshang, "You are also the master of a sect, don't you feel ashamed to attack a poisoned girl now? Do you want to? Come at me when you're angry."

While shouting, Mu Xixi wanted to rush over, but her body was sore and weak, completely helpless.
