

The ultimate husband in Chinese chapter 4401-4410

Chapter 4401

Haha!

Hearing this, Cheng Yi smiled coldly: "What if I have to take it away?"

Yuan Tong clenched his teeth tightly and shouted, "Since you don't know how to lift, then we will be blamed for being rude." As soon as he finished speaking, he waved at the surrounding disciples of the Five Poison Sect!

To be honest, Yuan Tong really didn't want to fight with Cheng Yi, but there was no way, let him take Yue Feng away today, even if the prestige of the Five Poison Sect was completely destroyed.

Swish swish... The

voice fell, and hundreds of disciples of the Five Poison Sect erupted one after another, rushing directly towards Cheng Yi.

"Beyond one's own strength!"

Looking at the hundreds of disciples of the Five Poison Sect who were rushing in, Cheng Yi's mouth curled up with a trace of cruelty, he sneered, without a word of nonsense, he raised his hand and waved suddenly!

hum!

In an instant, an extremely strong breath burst out from his body, forming a poisonous mist in mid-air. Then, sharp blades condensed in the poisonous mist, tearing the air and flying towards the disciples of the Five Poison Sect!

As you can see, these sharp blades are completely condensed from poisonous mist, appearing green and extremely sharp.

"Ah!"

These sharp knives were like shooting stars. The hundreds of disciples of the Five Poison Sect didn't have time to dodge, and they were passed through by the sharp knives one by one. In an instant, screaming constantly, they fell from the air and fell into a pool of blood.

After landing, I saw these disciples of the Five Poison Sect, all of their faces turned black, and their death was very terrifying.

hiss!

This chapter is provided by . Visit for daily update.

Seeing this scene, whether it was Yuan Tong, or the remaining disciples of the Five Poison Sect, as well as Mu Xixi and Song Qian, they couldn't help gasping for air!

So strong!

Especially Yuan Tong, who looked at Cheng Yi in horror, almost unable to stand still.

This... This is the 'Five Saint Heaven's ultimate power' of the Five Poison Sect, it can't be wrong.

But he is a person from the East Proud Continent, how can he know the unique skills of our Five Poison Sect?

quiet!

For a while, the audience was silent, and a drop of a needle could be heard clearly.

Cheng Yi stood there arrogantly, looking at Yuan Tong with contempt in his eyes: "Do you want to continue?" The

voice was not loud, but the aura was amazing.

Gudong!

Yuan Tong secretly swallowed his saliva. At this time, he was very unconvinced, but he didn't have the courage to respond.

The disciples of the Five Poison Sect around, look at me, I look at you, there is no one who dares to step forward. This person is too powerful, and if he goes up, he will die.

"Let's go!"

Seeing this situation, Cheng Yi smiled disdainfully, and took the three of Mu Xixi and strode away.

Watching Cheng Yi and the four go away, the disciples of the Five Poison Sect present were extremely suffocating, and it was a shame for the Five Poison Sect to let Yue Feng take away under their noses.

"Senior Brother Yuantong!"

Soon, one of the disciples reacted and asked Yuantong, "What should we do? Just watch them go away like this?"

Huh!

Yuan Tong took a deep breath and his face was extremely gloomy: "Send a few people to follow them quietly, and the others go to find the Sect Master."

"Yes, Senior Brother!"

...

On the other side, Cheng Yi took Mu Xixi's master and apprentice, as well as Yue Feng, to a cave.

In front of the cave is a small stream, the water is gurgling, the environment is quiet, and the location is also very hidden. It is a very good place for healing.

"You two!"

At this time, Cheng Yi put the unconscious Yue Feng in the cave, and said with a smile: "You must have been very tired from the fierce battle with the Five Poison Sects before. Just rest here now, and I'll go get some water."

The face is polite, but the heart has a bad idea.

Although Mu Xixi was injured, he was an old man after all. It would be inappropriate to do it directly, so he had to think of a foolproof solution.

Um!

Mu Xixi didn't suspect that Cheng Yi had other motives, nodded, and sat cross-legged with Song Qian in the cave, and began to regain his strength.

Cheng Yi stopped talking nonsense and walked out of the cave quickly.

Mad!

When he got to the stream, Cheng Yi didn't lock up and started to get into trouble.

How can Mu Xixi lose their resistance completely?

Got it!

The next second, Cheng Yi's eyes flashed, he thought of something, took out a small black bottle from his body, and saw a few small words 'soft tendons scattered' written on it.

This bottle of Soft Tendon Powder was found by Cheng Yi on Ji Hongshang before, and he put it away without much thought.

Cheng Yi studied medicine with Yang Chenzi for several years, and knew that Ruanjinsan is a unique poison in the world. It is colorless and tasteless. After taking it, it will become weak and weak, and internal strength will also be suppressed.

Chapter 4402

Yes, just use soft tendons to disperse!

Cheng Yi was very excited at this time, and after using the soft tendon powder, he was not afraid that Mu Xixi's master and apprentice would escape from his palm. As for Yue Feng, he was still in a coma at this time, which was nothing to worry about.

Thinking to himself, Cheng Yi wiped off the words on the bottle with all his might, then made a pot of water by the stream and hurried back to the cave.

"Come on!"

When he got to the cave, Cheng Yi put the water in front of Mu Xixi and the two of them, and said hypocritically, "You two are tired too, drink some water. By the way, I have some healing medicines here, you guys should take them first. That's it."

After speaking, Cheng Yi poured out the soft tendons, divided them into two parts, and handed them to Mu Xixi's master and apprentice: "This medicine was prepared by my master Yang Chenzi. You quickly recover your inner strength."

At the end, Cheng Yi's eyes were full of urgency.

Take it quickly, after taking it, you will no longer have the power to resist.

"Thank you!"

Mu Xixi nodded, picked up the water and took a sip, at the same time, muttered in her heart.

This person is so attentive and attentive, it seems that he is really Yue Feng's friend, but the way he looks at people, he always feels that something is wrong...

Muttering in his heart, Mu Xixi picked up the soft tendons.

At the same time, Song Qian also picked up Ruanjinsan and prepared to take it.

“Xiaoqian! Hold on...”

At this critical moment, Mu Xixi noticed something and interrupted Song Qian, her delicate face also became extremely solemn.

No, this is not a healing medicine.

During the six months of her seclusion in Baihua Valley, Mu Xixi was called a goddess doctor by people in the world. She has good medical skills. Just smelled it and found out the clue.

“Master!”

Song Qian was startled, she quickly put down the soft muscles and looked at Mu Xixi puzzled: “What’s wrong?”

At the same time, Cheng Yi was also shocked and looked at Mu Xixi complicatedly.

This piano saint won’t find anything, right?

call!

Mu Xixi took a deep breath and glanced at Cheng Yi coldly: “This is not a healing medicine at all, but the famous ‘soft muscle powder’ in the world. You are not Yue Feng’s friend at all.”

At this time, Mu Xixi I was very angry. The person in front of me was so cunning. He even used the soft tendons to disperse fake healing medicines.

What?

Hearing this, Song Qian’s body trembled, and she hurriedly threw away the soft tendons in her hands. She looked at Cheng Yi in shock and anger: “You...why did you lie to us?”

” Instead, he smiled and nodded his head in approval: “As expected of a world-renowned qin sage, he is indeed amazing, so you can detect it.”

Mu Xixi’s eyebrows were tightly locked, and she silently used her inner strength.

“No matter what your purpose is, if you dare to poison us, you must get rid of you scum today!” The cold words came from Mu Xixi’s mouth, and then, Mu Xixi walked lightly and called Cheng Yi with a palm.

call!

Although Mu Xixi's strength has not fully recovered, the ash content of this palm is fierce, and you can clearly see that wherever the figure passes, the air in the cave is distorted!

At the same time, Song Qian also gave a coquettish shout and called Cheng Yi with a palm!

Watching the master and apprentice attacking at the same time, Cheng Yi smiled slightly, without any intention of dodging.

"Two beauties come together, it's exactly what I want, haha..."

Cheng Yi laughed, his tone was full of frivolity, then his inner strength exploded, his figure sprang out like lightning, raised his hand and slapped Song Qian bump.

At that moment, Song Qian's delicate body trembled, and she was directly shaken back a few steps.

Song Qian's strength is not comparable to Cheng Yi, and because she has not fully recovered, she is naturally not an opponent. With just one move, he was repelled by Cheng Yi.

Papa..

At the same time that Song Qian was repelled, Cheng Yi followed closely, charged her with electricity, and quickly tapped her acupuncture point. In an instant, Song Qian's body was shocked, and she couldn't move!

After controlling Song Qian, Cheng Yi turned around and met Mu Xixi directly, and the two fought fiercely in the cave.

"Bang bang bang!"

I saw the figures of the two of them, constantly shuttled to each other, and the palms collided with each other. Mu Xixi was able to deal with it at first, but after a few rounds, he couldn't hold it anymore.

For a time, Mu Xixi was secretly surprised.

Chapter 4403

This person's strength is too strong.

It's just...how come the exercises he used belong to the Five Poison Sect?

Wasn't his master arrested by the Five Poison Sect? It stands to reason that he should have a hostile relationship with the Five Poison Sect.

"How is Mu Damei? Do you want to continue fighting?"

Just when Mu Xixi was secretly surprised, she saw Cheng Yi let out a wicked smile, and then she raised her hand and slapped it towards Mu Xixi's heart.

This palm was as fast as thunder, and the cave was so small that Mu Xixi couldn't dodge it at all. In desperation, she bit her lip, burst out all her inner strength, and greeted it with a palm.

boom!

The two palms touched each other and made a dull vibration. At this moment, Mu Xixi's delicate body stepped back several steps, and her face was instantly ugly!

Speaking of which, Mu Xixi had regained some strength in Fengzhuang before, but at that time the situation was urgent and less than half of her internal strength had recovered. Naturally, she was not Cheng Yi's opponent.

After all, Cheng Yi obtained Ji Hongshang's eighth-level skill. And among these eight layers of skill, it is the power of the ancient poisonous scorpion inner core, and its power is infinite.

"You..."

Mu Xixi stabilized her figure, her face was pale, she only felt a tightness in her chest, she looked at Cheng Yi in shock and anger at the time, and asked in surprise, "How do you know the five poison sect's exercises?"

While inquiring, Mu Xixi was puzzled.

Hahaha...

In the face of the inquiry, Cheng Yi was full of pride, and looked at Mu Xixi with a half-smile: "As of now, I won't lie to you anymore, I am indeed Yang Chenzi's apprentice, and my strength is in all corners of the world. I'm not in the flow at all, but I can't help it, I'm lucky, I got the power of the Five Poison Sect Sect Master half a day ago. And, this power, I have completely integrated."

What?

Hearing this, Mu Xixi was shocked.

This person...this person got Ji Hongshang's practice? How did he do that? You must know that the exercises of the Five Poison Sect are terrifyingly toxic, which is simply beyond the reach of ordinary practitioners. That is to say, this Yang Chenzi has absorbed Ji Hongshang's power and will only end up being poisoned.

But not only was he alive and well, he even successfully merged.

At this time, Mu Xixi still didn't know that Yue Feng had a big reason for Cheng Yi's success in gaining Ji Hongshang's power. He detoxified Cheng Yi at that time, and the effect lasted for twelve hours. In the middle, Cheng Yi belongs to the state of being invincible from all poisons, and it is in this way that he can successfully integrate Ji Hongshang's skills.

Seeing Mu Xixi's surprised expression, Cheng Yi's smile gradually deepened: "Mr. Mu, didn't you expect it?" After the

voice fell, Cheng Yi quickly raised his hand and tapped on Mu Xixi's acupuncture point twice.

In an instant, Mu Xixi's delicate body trembled, and she couldn't move.

"Master..."

Seeing this scene, Song Qian's face changed greatly, she couldn't help exclaiming, and then shouted at Cheng Yi: "You bastard, let us go! We have no grievances with you. Qiu, why do you do this?"

At this time, Song Qian was very angry.

The person in front of him is really despicable and shameless. He pretended to be a friend of his brother-in-law, and then tricked himself and his master here. This kind of person is simply a scum of the rivers and lakes.

At the same time, Mu Xixi also glared at Cheng Yi fiercely.

"No grievances?"

Hearing this, the corner of Cheng Yi's mouth evoked a hint of coldness: "This Yue Feng, relying on his own reputation in the arena, took my junior sister's attention and robbed my woman, he will not be despicable anymore. ?"

With that said, Cheng Yi kicked Yue Feng fiercely and continued: "He can do this, why can't I do it? One of you is his confidante, and the other is his cousin. It is only natural that I will attack you. "

Shut up!"

Song Qian's body trembled, and she was very angry: "You are not allowed to say that to my brother-in-law, he is not that kind of person. How can a villain like you be compared with my brother-in-law? Quickly give us a solution. "

Little man?"

Hearing these two words, Cheng Yi only felt humiliated. At that time, his face was gloomy, his eyes were blood red, and he slapped Song Qian fiercely.

Snapped!

As soon as this slap went down, Song Qian let out a coquettish cry, and a slap print instantly appeared on her delicate and fair face.

Chapter 4404

"Bitch woman!"

At this time, Cheng Yi had lost his mind, like a demon in hell, gnashing his teeth and scolding: "Yue Feng has bad conduct, insulting the title of Hero of Jiuzhou, you even help him scold him Me? What qualifications do you have?"

Slap!

Speaking fiercely, Cheng Yi slapped him again.

The more Cheng Yi talked, the more angry he became, especially when he thought of the situation where his junior sister and Yue Feng had been intimate these days, the anger in his heart could not be controlled.

With this slap, Song Qian's body trembled, she staggered back, and almost fell to the ground.

brute!

Seeing this scene, Mu Xixi's petite body trembled with anger, and her delicate face was covered with frost, and shouted, "Stop, you shameless scum."

In recent years, Mu Xixi and Song Qian have They are inseparable, although they are master and apprentice, but in her heart, she regards Song Qian as her own sister, and Mu Xixi is heartbroken when she sees Cheng Yi beating Song Qian.

He is a dignified musician and famous in Kyushu, but he cannot protect his apprentices.

Simply a great shame.

Swish!

Hearing the angry shout, Cheng Yi stopped, turned around and looked at Mu Xixi with a smile instead of a smile, with a playful expression: "Tsk tsk, it hurts to beat your apprentice? Well, then I won't beat her, let's have fun! When the words

fell, Cheng Yi turned around and walked towards Mu Xixi step by step.

"You..."

Cheng Yi's gaze made Mu Xixi furious and couldn't help shouting: "You dare to touch me, I will teach you to die without a place to be buried."

While shouting, Mu Xixi looked at Song Qian with distress.

Ha ha!

Cheng Yi sneered, looked Mu Xixi up and down, and saw that she was angry, but gave a different kind of sexy.

After appreciating for a few seconds, Cheng Yi said with a smile: "You are the famous qin sage in the world, why would I be willing to hit you? On the contrary, it's too late for me to love you."

With that, Cheng Yi picked up the soft tendons on the ground, He walked to Mu Xixi, opened her lips, and forced her to take it.

Gudong!

At this time, Mu Xixi had no resistance at all, and before she could react, she swallowed the loose tendons.

"You..."

Ji Hongshang looked at Cheng Yi fiercely, panicked and angry.

Cheng Yi clapped his hands with a playful expression on his face: "Don't look at me like that, you are a powerful Qin Sheng, and I did this to be safe."

While talking, Cheng Yi forced Song Qian to take Soft Tendon Powder . .

Done!

At this moment, Mu Xixi and Song Qian looked at each other, and they were extremely desperate for each other.

After taking Ruanjinsan, the internal force will be suppressed, and it is no longer possible to open the acupoints. This time, it is completely in the hands of this bastard.

At the same time of despair, Mu Xixi and Song Qian looked at the unconscious Yue Feng at the same time.

Yue Feng....

you wake up soon.

.....

On the other side, in the underground cave.

call!

Ji Hongshang woke up faintly in the darkness, let out a sigh of relief, and began to look around.

What the hell is this place?

The surrounding light is dim, but Ji Hongshang can vaguely see that this is an underground cave, this cave is full of disgusting mucus, and the smell is suffocating.

Not only that, but there are several bones not far away. Obviously, someone has fallen and failed to get out alive in the end.

Seeing this kind of environment, Ji Hongshang's delicate body trembled and she felt inexplicably flustered.

The next second, Ji Hongshang struggled to stand up and looked around.

rustling ...

However, at this moment, I heard a rustling sound, which was the sound of countless legs rubbing against the stone, which made people feel nervous.

As the sect master of the Five Poison Sect, Ji Hongshang has been dealing with poisonous insects all the year round. As soon as she heard this voice, she knew that there were poisonous insects and their size was not small.

At this moment, Ji Hongshang was very vigilant and looked in the direction from which the voice came.

hiss!

Seeing this, Ji Hongshang's delicate body trembled, and she couldn't help but gasp.

I saw hundreds of gigantic poisonous scorpions crawling over quickly. Each of these poisonous scorpions was half a meter long, with a faint blue body, obviously extremely poisonous.

Under this huge cave, there are so many poisonous scorpions naturally cultivated?

In the past, Ji Hongshang was not afraid of seeing so many poisonous scorpions, but now it is different. She has been taken away by Cheng Yi, and she has no way to control these poisonous insects through the secret techniques of the Five Poison Sect.

Chapter 4405 In the

blink of an eye, hundreds of poisonous scorpions rushed to the front.

“Go away!”

Ji Hongshang forced herself to calm down, raised her hand and slapped it out, directly smashing the poisonous scorpion that had rushed to the front, smashing it, and the poisonous juice splashed on the ground.

Although Ji Hongshang was very weak at this time, it was not a problem to deal with these poisonous scorpions.

Hissing...

The companion was killed, instead of scaring the remaining scorpions, it inspired their ferocity. All of a sudden, they screamed and rushed up.

All things have spirits, and these poisonous scorpions also have their own spiritual wisdom. They can sense that the woman in front of them contains a strong poisonous power. As long as they devour this power, they can become stronger.

Driven by the concept of 'the strong eat the weak', these poisonous scorpions are desperate one by one.

“Looking for death!”

Ji Hongshang was shocked and angry when she saw the poisonous scorpion rushing towards her, urging her internal strength to burst out again and again.

Bang Bang Bang...

With the wave of the palm, the poisonous scorpions were continuously killed, and the sprayed poisonous scorpions also splashed on Ji Hongshang's body, but Ji Hongshang did not panic at all.

Speaking of which, if other cultivators were sprayed with these venoms, they would have been poisoned to death, but Ji Hongshang was different. As the sect master of the Five Poison Sect, she had a special physique and was not afraid of these poisons at all.

In the blink of an eye, a few minutes passed, and hundreds of poisonous scorpions were killed by Ji Hongshang, and the corpses were all over the place.

Ji Hongshang was already weak. Killing so many poisonous scorpions in a row made her even more exhausted, but she was gratified that among the hundreds of poisonous scorpions, more than a dozen actually possessed inner elixir within their bodies.

Ji Hongshang once read an ancient book, which said that some insects and beasts have lived for a long time and absorb the spiritual energy of heaven and earth, and will form an inner elixir in their bodies.

Seems to have good luck.

For a while, Ji Hongshang took the inner pill without hesitation, but felt that her internal strength had improved a little, and her weakness suddenly disappeared a lot.

After taking the inner elixir, Ji Hongshang regained his strength and walked forward slowly.

This place is so big.

After walking for half an hour, Ji Hongshang only felt that her head was getting bigger. This underground cave was like a huge labyrinth.

Hissing...

At a fork in the road, Ji Hongshang suddenly stood on the footcloth, and heard the screams of poisonous insects not far away, the screams were intense, it seemed that two waves of poisonous insects were biting each other.

And poisonous insects?

Hearing the biting sound, Ji Hongshang frowned, and then she couldn't help but slowly walked over to check.

This...

When she got to the front, Ji Hongshang was stunned when she saw the scene in front of her.

I saw thousands of poisonous scorpions besieging a giant python. The giant python was covered with golden scales, and the bowl was as thick as a dozen meters long.

Obviously, this giant python is not yet an adult, otherwise it will be more than this big.

At this moment, Ji Hongshang stared at the golden giant python with incomparable surprise.

This... This seems to be the 'Holy Scale Golden Python'.

The holy scale golden python is the most powerful one among the giant snakes in Kyushu. It is said that the adult holy scale golden python is second only to the dragon in strength, even if it is the beast unicorn, Qiongqi and the like, seeing the holy scale The golden python is also afraid of three points, but for thousands of years, under the scrutiny of the practitioners in the rivers and lakes, the holy scale golden python has disappeared.

As the sect master of the Five Poisons Sect, Ji Hongshang had seen the picture of the holy scale golden python in ancient books, but had never seen the real one, but unexpectedly, in this unknown underground cave, she saw a living one.

Hissing...

Just when Ji Hongshang was secretly shocked, he saw the holy scale golden python, under the siege of thousands of poisonous scorpions, opened its bloody mouth, twisted its huge body to fight back, and every bite went down. , there must have been a dozen scorpions killed.

But despite this, there are still dangers. Those poisonous scorpions kept biting on it, and soon, the huge body became slow under the paralysis of the poison.

Like the previous attack on Ji Hongshang, these poisonous scorpions wanted to devour the power of the holy scale golden python to strengthen themselves.

call!

Seeing this, Ji Hongshang's eyes were complicated, and she had a feeling of being connected to this holy scale golden python in her heart.

The ultimate husband in Chinese chapter 4406-4410

“Hey, you and I are both being bullied by dogs.” Ji Hongshang’s red lips lightly opened, looking at the holy scale golden python, she said to herself: “If you meet me, we count as us. If you have a predestined relationship, I’ll help you.” The

voice fell, Ji Hongshang’s inner strength urged, she rose up, and rushed directly into the scorpion group.

Bang Bang Bang...

After more than an hour of fierce battle, thousands of poisonous scorpions, after seeing Ji Hongshang’s poisonous skills, finally slowly retreated, leaving behind a wreckage.

Huh ..

Ji Hongshang picked up the inner pills left on the ground and took them one by one, only to feel refreshed.

Afterwards, Ji Hongshang turned her head to look, and saw that the body of the holy scale golden python was dozens of meters long, covered with bite marks, which looked shocking, but the holy scale golden python had strong defense, tough scales, and countless bite marks. Among them, it is basically skin trauma.

However, under the paralysis of the poison, the holy scale golden python was already frozen, and it was difficult to move.

If it is not treated in time, it will not last long.

Hissing...

At this moment, Ji Hongshang looked at the holy scale golden python, and the holy scale golden python also stared at her, and kept spitting out snake letters, with vigilance in his spiritual eyes.

The holy scale golden python has a very high spiritual wisdom. Although the human woman in front of him helped it, it still did not let its guard down, because it knew that sometimes people are more terrifying than poisonous insects.

“Don’t panic!”

Aware of the vigilance in the eyes of the holy scale golden python, Ji Hongshang breathed a sigh of relief, and said slowly, “I was just passing by and saw you being besieged by poisonous scorpions, I will help you, I will not hurt you. of.”

After saying that, Ji Hongshang looked at its state and continued: “You are very poisoned, if you don’t expel the poison in time, it will be very dangerous. I am the sect

master of the Five Poison Sect, and I am the best at this. If you believe me, just do it. Nod, I'll help you detoxify, how?"

This chapter is provided by . Visit for daily update.

When she said this, Ji Hongshang's charming face was full of sincerity.

This holy scale golden python, even though it is still a minor, is already spiritual, and can fully understand human speech. At this time, seeing Ji Hongshang say this, he pondered.

A few seconds later, the holy scale golden python nodded at Ji Hongshang.

call!

Seeing that it agreed, Ji Hongshang breathed a sigh of relief, then walked over slowly, and began to help the holy scale golden python to expel the poison from the body.

A few minutes later, the detoxification was completed. Ji Hongshang clapped her hands and stood up with a smile on her face: "Okay! You should be all right now, and I should go too." She

quickly found a way to get out of here.

After speaking, Ji Hongshang turned around and wanted to leave.

Hiss...

But at this moment, the holy scale golden python suddenly let out a hiss, and then it opened its mouth and bit the corner of Ji Hongshang's skirt.

Ji Hongshang stopped in her footsteps with a surprised look on her face: "Do you have anything else to do?"

Saint Scale Jin Pythonsong opened his mouth, nodded, and then walked quickly into a dark hole behind him, while turning his head to signal Ji Hongshang to follow. .

What is it going to do?

Seeing this scene, Ji Hongshang was secretly surprised, but she still followed.

A few minutes later, the holy scale golden python took Ji Hongshang to a unique cave, and saw this cave, which was a little different from other places in the cave. It was very dry here, not as humid and uncomfortable as other places.

And in the deepest part of the cave, sat a mummified corpse.

Ji Hongshang saw that the clothes on the mummified corpse showed no signs of weathering. It was obvious that the person had died a few years ago, and looking at the clothes, he was also a person from the rivers and lakes.

Hissing..

At this moment, the holy scale golden python swam to the side of the mummy, and kept screaming at Ji Hongshang, which meant something.

Ji Hongshang is a smart woman, she immediately understood that she walked over quickly, checked the mummified body, and soon found a secret book.

Nether Dafa?

At this moment, Ji Hongshang's tender body trembled when she saw the four words on the secret book, she was surprised and delighted.

As the suzerain of the Five Poison Sect, Ji Hongshang naturally knew about the Great Law of the Netherworld. According to legend, this is a kind of evil practice that is forbidden to practice in the arena. If you want to practice this practice, you need to absorb the essence of a woman every day, and a woman who is absorbed by the essence will not survive a day and a night.

When Ji Hongshang first investigated Yue Feng, she learned that one of Yue Feng's confidantes was named Xiao Yuruo, who was almost killed by Hu Sanyang, the head of Kunlun. Later, Yue Feng found the phoenix gall and rescued Xiao Yuruo.

Chapter 4407

This person...

Under the shock, Ji Hongshang stared at the mummified corpse in front of her, very puzzled.

In the past 100 years, there has been only one person in the Kyushu mainland who has successfully practiced this exercise, that is, Hu Sanyang, the head of Kunlun, and it happened that Hu Sanyang disappeared in Jianghu five years ago.

The mummified corpse in front of him had been dead for several years depending on the situation.

Could it be... this mummy is Hu Sanyang?

Ji Hongshang guessed right. The mummified corpse in front of her was Hu Sanyang. Hu Sanyang did a lot of evil and completely angered Yue Feng. Under the suppression and

pursuit of Yue Feng and the Ouyang family, he was forced to hide everywhere. Finally, he passed through this place and accidentally fell to the ground.

At that time, Hu Sanyang himself was injured, fell into the burrow and broke his leg. He was alone, calling Tian Tian not working, and calling the ground not working. Finally, he was attacked by poisonous insects and died here. A few years later, the body was already weathering.

Phew...

At this moment, Ji Hongshang stopped thinking about it, couldn't wait to open the "Netherworld Dafa", and began to study it carefully.

Half an hour later, Ji Hongshang read the secret book roughly, and she couldn't hide her excitement and excitement. Her charming face was also full of smiles.

Great.

I didn't expect that I would survive the hardship, and I even picked up a baby.

Because she had heard rumors about the "Netherworld Dafa" on the rivers and lakes, Ji Hongshang always believed that only men could practice this secret book, but just after reading the secret book, she realized that this secret book can be practiced by both men and women.

It is rare to cultivate to absorb the essence of a woman to improve her strength. Similarly, after a woman cultivates, she also needs to absorb the essence of a man to make herself stronger.

As long as you absorb the essence of a man, you can improve your strength, how can Ji Hongshang not get excited? After all, she was deprived of eight layers of skill by Cheng Yi. She was very weak, and she was thinking about how to recover quickly. At this time, she suddenly got the secret book of "Netherworld Dafa", which was like a help in the snow.

With this secret book, as long as you absorb enough man's essence, you can return to the peak state.

God is so kind to me.

Thinking of this, Ji Hongshang felt very comfortable. With the "Netherworld Dafa", she could quickly improve her strength and seek revenge on Chengyi. Can you be unhappy?

Thinking to herself, Ji Hongshang quickly put away the secret book, and then said to Saint Scale Jin Mang: "Thank you for bringing me here, I saved you just now, you brought me to find the secret book, we don't owe each other."

"We have a chance to see you again, good luck!"

Ji Hongshang strode into the distance downstairs at the last floor.

Hissing...

But just after walking a few steps, he heard the scream of the holy scale golden python behind him. Ji Hongshang looked back subconsciously and was stunned.

I saw that Saint Scale Jinmang followed unhurriedly, and kept screaming at the same time, as if he had something to say to Ji Hongshang.

"You..."

Ji Hongshang was witty, although she didn't understand what Saint Scale Jinmang wanted to express, but she also guessed something, and said complicatedly at that time: "You want to come with me?"

Hu...

voice Falling down, Saint Scale Jinmang nodded quickly, and in the scary blood-colored eyes, there was also a bit of urgency and expectation.

Although this holy scale golden python is not yet an adult, it has a certain IQ. It knows that the woman in front of it is not simple, and it has been trapped here for a long time. Instead of fighting with the poisonous insects in the cave every day, it is better to do it. Her spirit beast, at that time, the sky is high and the sea is wide, and it can be freely vertical and horizontal.

Did you guess right?

Seeing the holy scale golden python nodding, Ji Hongshang was stunned for a moment, then showed a charming smile, nodded and said: "Well, we can meet in such a place, it is also fate, you can follow me in the future, I am Your master." After speaking, Ji Hongshang looked at the holy scale golden python and continued: "Look at your golden body, from now on, I will call you Xiaojin

. How is it?" Seeing

that

Ji Hongshang promised to take him, Xiao Jin was very excited, nodded again and again, and then came over and rubbed his head against Ji Hongshang's leg, very intimate.

"Good!"

Ji Hongshang was also in a good mood after receiving a holy scale golden python spirit beast. She patted Xiaojin's head and turned to leave.

Chapter 4408

Xiaojin has lived here for many years, and he knows the environment of the entire underground cave very well. After a while, under its guidance, Ji Hongshang successfully left the cave and returned to the ground.

Phew...

At this moment, breathing the fresh air outside, Ji Hongshang was filled with emotion.

Finally came out, thought he was going to be trapped inside.

With emotion, Ji Hongshang's charming face was instantly cold and cold, and she swore in her heart.

Yue Feng, and the one named Cheng Yi, you all wait for me. When I regain my strength, I will definitely smash your corpses into ten thousand pieces.

.....

On the other side, in the cave.

Mu Xixi and Song Qian sat there back to back, both the master and the apprentice were weak, and their brows were full of despair.

After being forced to take Ruanjinsan, they were all sore and weak, unable to exert any strength.

On the ground not far from them, Yue Feng was lying there with his eyes closed, and there was still no sign of waking up.

call!

At this time, it was getting dark, and Mu Xixi and Song Qian looked at each other, both anxious.

Half an hour ago, Cheng Yi left the cave and didn't know what to do. It was a good opportunity to escape, but both of them were so weak that they didn't have the strength to escape.

More importantly, don't leave Yue Feng alone.

call!

At this moment, a fire lit up outside the cave, and he saw Cheng Yi lit a bonfire, then skinned two hares, and then skewered them on the branches to start the barbecue.

Obviously, Cheng Yi just went hunting.

After a while, the smell of meat spread to the cave. Mu Xixi and Song Qian both bit their lips subconsciously. They were locked in Fengzhuang for several days, and they were weak, hungry and sleepy.

Speaking of which, Cheng Yi's roast was not very good, but Mu Xixi couldn't help but smell the meat.

"Hey!"

At this time, Cheng Yi walked into the cave with two skewers of roasted rabbit meat, and said to Mu Xixi with a smile: "You two beauties, you must be hungry, come, this is what I specially gave to you. Baked."

Saying that, Cheng Yi looked at the figure of the master and apprentice unscrupulously, and smiled evilly: "You can do other things with me when you are full, hehe."

At this time, Cheng Yi's face was wretched and even more serious, furious.

In his heart, the two Mu Xixis in front of him were boiled ducks, and it was impossible for them to fly out of his palm. In this case, how can nature be happy.

Swish!

Feeling Cheng Yi's arrogant gaze, Mu Xixi's face was frosty, and she ignored her and turned her face aside.

Mu Xixi seems to be delicate, but her mind is very strong. She is really hungry at the moment, but even if she starves to death, she will not eat what this bastard made.

Song Qian was the same, she didn't see it as the meat skewers in Yi's hands, she shouted coldly: "You shameless person, don't come to disgust us, I warn you, let us go quickly, otherwise my brother-in-law will wake up. , you look good."

When she said this, Song Qian's delicate face was full of contempt and anger.

Hehe...

Cheng Yi laughed, glanced at Yue Feng lightly, and said disdainfully, "Just him? It's not as good as a dead dog at this time. With his current state, even if he wakes up, he's a waste."

Saying that, Cheng Yi threw the meat skewers in front of the two of them: "I put the stuff here, I advise you to eat it. It's a long night, let's have fun, haha..." The

last word fell. , Cheng Yi laughed and walked out, sitting by the bonfire, eating rabbit meat, while observing the master and apprentice.

However, Mu Xixi did not pick up the meat skewers on the ground at all.

Quite character.

Seeing this scene, the corner of Cheng Yi's mouth evoked a sinister smile.

The next second, Cheng Yi took out a bottle of wine from his body and drank while eating meat.

I don't know how much I drank, but Cheng Yi got a little drunk and entered the cave again, pointed at Mu Xixi and said arrogantly: "Mr. Mu, don't pretend to be arrogant in front of me, come, have a drink with Lao Tzu, maybe Lao Tzu If you're happy, I'll kill you."

At this time, Cheng Yi looked at Mu Xixi closely with the strength of the wine, and the whole person was fascinated.

Chapter 4409

Let the world-famous Qin Sheng accompany you to drink, the taste must be wonderful.

Shameless!

Hearing this, Mu Xixi was so angry that she shouted coldly: "You are not as good as pigs and dogs, you are also qualified to let me drink with you? Stop daydreaming."

At this time, Mu Xixi, again Angry and a little nervous at the same time.

This shameless villain, if he really wants to do something wrong with his own plans, what should he do?

Song Qian next to her was also trembling with anger, she couldn't help cursing, "You are a villain, you are not worthy to carry shoes for my master, and you want to drink with you, I see you drinking. The swill is more or less the same."

Swish!

Hearing the insults from the master and the apprentice, Cheng Yi's face was instantly ugly, and his eyes were extremely cold: "Ma De, shame on your face."

After saying that, Cheng Yi picked up the jug and handed it directly to Mu Xixi's mouth: "For Lao Tzu Drink!"

What piano saint? It's just my daughter who was toyed with and applauded by me. At this time, she dared to slap her face, it was really courting death.

Cheng Yi thought about it, and today Mu Xixi will accompany him to drink no matter what.

Pooh!

Seeing that Cheng Yi was going to forcibly drink alcohol, Mu Xixi was anxious and angry, and then spit at Cheng Yi and scolded: "Shameless villain, go away! Don't use this method to humiliate me, if you have the ability, you can One sword killed me."

When she said this, Mu Xixi's delicate face was full of fearlessness.

Rather than being humiliated like this, it would be better to just die.

Song Qian also stared at Cheng Yi fiercely, full of hatred.

"good very good."

Seeing that Mu Xixi's face was not afraid of death, Cheng Yi was also completely angry, and his face was grim: "You want to die? I won't let you die." When the words

fell, Cheng Yi dropped the jug and grabbed Song Qian's wrist.

Song Qian was so weak that she couldn't dodge at all. She let out a coquettish cry and slammed into his arms.

call!

At this moment, Cheng Yi had a wicked smile on his face, sniffed gently in front of her, his face full of intoxication: "Beauty's body is so fragrant. In this comparison, the wine I just drank has no taste at all, haha. .."

While speaking, Cheng Yi looked at Mu Xixi proudly.

Aren't you strong-willed? I'll take your apprentice first.

"You despicable and shameless bastard, let me go." Song Qian was anxious and angry, cursing and struggling, but she was tightly grasped by Cheng Yi's wrist, how could she break free?

"You..."

Seeing this scene, Mu Xixi was also very angry, and scolded coldly: "You quickly let her go?"

Hehe...

Cheng Yi smiled evilly, looking at Mu Xixi's leisurely expression. He said, "Do you think your words are a threat to me now?" As he spoke, he began to slap Song Qian again.

Song Qian couldn't break free, she was about to cry in a hurry, and kept scolding: "Bastard, let me go, let me go..."

At this moment, Mu Xixi was also very anxious, so she had to compromise: "Okay. , Aren't you going to drink? I'll accompany you to drink, but you let my apprentice go." To

be honest, Mu Xixi was reluctant to agree to accompany Cheng Yi to drink.

But there is no way. Compared with his own dignity, the innocence of the apprentice is more important. After all, innocence is more precious to a woman than life.

"Tsk tsk..."

Seeing that Mu Xixi finally agreed, Cheng Yi couldn't help laughing, his face full of teasing: "Beauty Mu? Now you know how to be soft? Haha, but it's too late. I don't want to drink now. That's it."

After speaking, Cheng Yi couldn't help but hooked Song Qian's chin with his hand: "I want to play something else now, you apprentice, you are so beautiful, like a flower that has just bloomed, it tickles your heart. , I'll make her an appetizer first, and after I taste it, let's have fun." The

last word fell, Cheng Yi smiled, and slowly moved his mouth towards Song Qian.

"Shameless, beasts are not as good as..."

At this moment, Mu Xixi's eyes almost burst into flames, and she kept cursing.

At the same time, I felt extremely guilty towards Song Qian.

Xiaoqian, my good apprentice, Master is sorry for you, for not protecting you...

Under the anger, Mu Xixi almost fainted, and the tears could not stop flowing.

I really suffer.

At this moment, Song Qian knew she couldn't escape, so she closed her eyes with despair on her face.

Chapter 4410

At this time, Song Qian was desperate and miserable.

Over the years, I have been walking the rivers and lakes with my master, and I have learned a lot, but in the end, I have to be defiled by such a shameless person.

It's really eyeless.

Thinking to herself, Song Qian's tears couldn't stop falling. She could clearly feel that Cheng Yi's lips were about to touch her, and her heart was ashes at that time.

"Stop!"

At this critical moment, a hoarse voice came from behind.

Hearing this voice, both Cheng Yi and Mu Xixi's master and apprentice were shocked.

The next second, the three of them turned their heads to look at the same time, and saw that Yue Feng had woken up at an unknown time. At this moment, he was standing there quietly. Although his face was pale and very weak, his eyes were blood red and his aura was amazing.

"Brother-in-law!"

"Yue Feng, you're awake."

After being stunned for two seconds, Mu Xixi and Song Qian reacted almost at the same time, and spoke in surprise.

Especially Song Qian, she was even more excited to shed tears.

My brother-in-law woke up, and he would not be bullied again.

In Song Qian's heart, Yue Feng is omnipotent. Even if he is very weak at this time, there must be a way to help himself and his master out of trouble.

Feeling Song Qian's excitement, Yue Feng comforted her softly: "Don't be afraid, my brother-in-law is here." After

speaking, Yue Feng looked at Cheng Yi coldly, with an unquestionable tone: "Let her go."

"Yo?"

Cheng Yi squinted and looked at Yue Feng with disdain: "Awake? As expected of a hero in Kyushu, the momentum of his speech is different, but, as you are now, if I don't let her go, you can What do you do to me?" As he

spoke, Cheng Yi held onto Song Qian tightly, without any intention of letting go, and his eyes were full of provocation.

Speaking of which, if he had learned a day ago that the person in front of him was the famous Yue Feng, Cheng Yi would never have dared to be so arrogant, but now it is different. And Yue Feng was extremely weak, so naturally he didn't take it seriously.

Huh...

Seeing this scene, the anger in Yue Feng's heart rose, and he shouted angrily: "Cheng Yi, your master Yang Chenzi is a bit famous in the rivers and lakes of Dongao Continent, as his disciple. , you actually did such a despicable thing, bullying weak women, and you are not afraid to spread it out, ruin your master's reputation, and be ridiculed by the whole world?"

When he said this, Yue Feng's eyes were full of killing intent.

At the same time, I was a little surprised.

Strange, how did this kid Cheng Yi suddenly become so strong? A day ago, it was just Martial Emperor, and in the blink of an eye, he broke through the late Daodu Tribulation Realm?

How did he do it?

At this time, Yue Feng didn't know yet, and the cause took advantage of Ji Hongshang's weakness and took away her eighth-level skill.

"Fuck you."

Hearing the scolding, Cheng Yi's face changed, and he retorted coldly: "Yue Feng, don't pretend to be a righteous gentleman in front of me, if you want to be shameless, the most shameless is you, you are not deliberately hiding it yourself. Identity, to approach my little junior sister?"

"You can hit my junior sister's attention, so I can't start with the woman next to you?"
The

last sentence, Cheng Yi almost howled.

This man is sick.

Yue Feng frowned secretly, and responded coldly: "I tell you, I never thought of getting close to your junior sister, and I have no other thoughts about her. I just help her as a friend."

"You said I hit your junior sister. Attention, it's just imaginary, is there any evidence?"
The

words were so powerful that they couldn't be refuted.

This...

For a time, Cheng Yi was stunned, not knowing how to respond, because what Yue Feng said was the truth.

But at this time Cheng Yi was already crazy. At that time, his eyes flashed, and he shouted: "I don't care so much, anyway, when I see you and my junior sister together, I am not happy, and I just want to go against you.

" Yi looked at Mu Xixi and Song Qian, and continued to shout: "Yue Feng, you just woke up, I want to play with the women around you in front of your face, so that you can also understand the offense. Taste."

Nima!

Hearing this, Yue Feng trembled all over, burning with anger: "You dare."
