Chapter 4691 Huh

....

Seeing Mo Yan, whether it was Yu Du or the members of the Hailong Hall present, they were all stunned, their eyes straightened.

What a beautiful woman.

However, Yu Du quickly reacted and looked at Mo Yan coldly: "Who are you? Why do you want to kill my subordinates?"

Mo Yan's delicate face did not fluctuate at all, and replied coldly: "As a pirate, burn Killing and looting is such an end."

Swish!

Hearing this, Yu Du's face sank, and his heart was full of anger, and then he sneered: "Very good, the person who killed me still dares to come to the door, you are very courageous." He raised his hand and waved. .

In an instant, the members of the Hailongtang present rushed up and surrounded the boat.

Seeing this, Mo Yan didn't panic at all, and she didn't bother to talk nonsense at this time. She looked around and said, "From now on, this Black Rock Island belongs to me, and all of you here need to respect me as master.

" If you don't want to, die!" The

cold and crisp voice spread throughout the entire Blackstone Island, and everyone couldn't help but tremble when they heard it.

quiet!

At this moment, the entire Black Rock Island was silent.

The Hailongtang disciples present all looked at each other, thinking they had heard it wrong.

Soon, after a brief silence, everyone burst into laughter.

This chapter is provided by . Visit for daily update.

“Haha... What did she say? She wants to take charge of Black Rock Island?”

“And we all have to serve her as the master?”

“It’s really interesting, how dare a weak woman dare to speak madly?”

Everyone laughed at you and I, and Yu Du also reacted. He couldn’t help but sneered and looked up and down at Mo Yan: “Beauty, although you killed Xun Dong, you did have some skills, but you have to take charge of Heishi Island. It’s a little too confident.”

Mo Yan was too lazy to talk nonsense, and said lightly: “Whoever is not convinced, you can go forward and lead to death.”

“Okay, very good!”

At this moment, Yu Du’s anger was aroused, and his eyes were locked tightly. Mo Yan: “I want to see what skills you can have.”

Om!

The voice fell, and a powerful breath burst out from Yu Du’s body. The figure rushed out like a cannonball, raised his hand suddenly, and punched Mo Yan.

I saw that this punch was wrapped in golden light, and there was a sound of tiger roaring wherever it passed.

Yes, Yu Du used to be a Shaolin disciple. At this time, what he displayed was one of the unique skills of the Shaolin school, “Fuhu Luohan Boxing”. Even a small mountain can be easily shattered.

Seeing Yu Du burst out, Mo Yan didn’t panic at all.

boom!

The next second, Mo Yan raised her jade hand and collided with Yu Du’s fist. In an instant, a roar sounded, and a terrifying breath swept out, setting off a huge water curtain on the surrounding sea.

When the water curtain fell, Yu Du groaned, and the figure was directly shaken back, and finally landed on the shore and retreated several dozen steps before stabilizing the figure.

This...

At this time, Yu Du’s face was blue and white, and his heart was even more shocked.

This woman looks weak, yet her strength is so terrifying.

Especially the power she just burst out is not only powerful, but also very evil.

Who is she?

call!

At the same time, the members of the Hailongtang present were also dumbfounded, staring at Mo Yan in a stunned manner, speechless one by one.

Is this woman so strong? You must know that the strength of the big leader broke through the Tribulation Realm half a year ago. For so many years, I have never seen him meet a strong enemy, and the woman in front of him actually repelled him with one move?

At this time, Mo Yan, who was suspended in the air at sea, looked at Yu Du quietly, and said indifferently: "This is the strength of the great leader of the Sea Dragon Hall? It's just that." The

voice was not loud, but full of contempt.

"You are courting death!"

Feeling the contempt in Mo Yan's eyes, Yu Du was burning with anger, and his eyes were extremely blood red. At that time, he roared, his hands suddenly raised, and a golden Buddha phantom appeared in front of him.

hum!

You can see that this golden Buddha is two meters high, with golden light shining all over its body, and it contains extremely strong power.

Yes, this golden Buddha phantom is exactly the Shaolin sect's secret art of 'Buddha saves all sentient beings'. Yu Du was expelled from the mountain gate by the Shaolin sect because of stealing this splendid art and killing his fellow sect by mistake. The Jianghu pursuit order.

Chapter 4692

Wow!

Seeing this situation, the surrounding Hailong Hall members reacted one by one and were excited.

"The big leader has used a trick!"

“The Buddha saved all beings, it turned out to be the Buddha saving all beings. The last time I saw the big leader perform it was two years ago...” “As soon as the Buddha saves all living beings, this woman will surely

die.”

Below, everyone’s eyes are extremely hot. In their hearts, no one can stop this trick ‘Buddha saves sentient beings’, after all, this is the Shaolin sect’s unique technique, with infinite mystery and amazing power.

call!

Listening to the discussions around, a smile appeared on Mo Yan’s delicate face, and her delicate body was suspended in the air, not panicking at all.

“Hehe...”

At this time, Yu Du, with a grim smile on his face, couldn’t hide the arrogance in his heart, and shouted at Mo Yan, “If you can force me to perform this trick, within ten years you will be The second one, I have no regrets when I lose, because the last one who asked me to use this move is already dead.” The

voice fell, and Yu Du waved his hand.

Buzzing....

In an instant, I saw that the golden Buddha phantom seemed to have life, waving his arms, and punched out dozens of Buddhist palm prints in a row. The entire Black Rock Island was dyed a golden color.

Dozens of Buddhist palm prints erupted at the same time, which was really shocking.

However, Mo Yan was suspended there, without any intention of dodging, instead she frowned and muttered: “The practice of Jiuzhou Buddhism? It’s interesting!”

Seeing that she didn’t move, Yu Du thought she was frightened and stupid, and he was full of pride at the time: “Now you know what you’re afraid of, as long as you admit defeat and promise to be my maid in the future, maybe I’ll consider letting you go... Just

halfway through, Yu Du’s voice suddenly came out of nowhere, he looked at Mo Yan in horror, his mouth opened wide, and he couldn’t say a word!

Boom boom boom...

I saw the dozens of Buddhist palm prints, and they came, directly drowning Mo Yan, and then, accompanied by an earth-shattering roar, in that piece of sea water, a full tens of meters was set off. The waves come out.

At that time, the members of the Hailong Hall who were standing on the shore were shaken back by the powerful aura, and some of the weak were directly knocked into a coma.

With such terrifying power, Mo Yan had no chance of surviving.

However...

when the waves quickly receded, both Yu Po and the members of the Hailong Hall were shocked to find that Mo Yan was standing proudly in the air, but her body was only soaked by the sea water, and she was not injured at all. .

This... how is this possible?

At this moment, Yu Du froze there, only feeling that his mind was blank, completely stupid.

He could clearly feel that his unique skill of saving sentient beings did not threaten the beautiful woman in front of him at all!

How could this be?

At this time, Yu Du didn't know that Moyan was not an ordinary human at all, but a holy demon king of the demon race. He not only possessed a demon body, but also a demon soul. Not to mention him, even if the head of the Shaolin faction came, it was impossible. Injured her hair.

"This is your stunt of pressing the bottom of the box!"

At this moment, Mo Yan stared at Yu Du, her red lips lightly spit out a few words: "You have already made a move, now it's my turn." The voice fell, and her delicate body rose up, rushing towards Yu Du like lightning, A palm slapped his heart.

"Bang!"

Yu Du was still in shock at that time, and Mo Yan's speed was so fast that she didn't react at all, she heard a muffled groan, and the whole person was like a kite with a broken string, which was directly shaken and flew out, full of flying. Hundreds of meters away, and finally fell hard on the beach.

Silence!

The huge Black Rock Island was deadly silent at this time, and the members of the Sea Dragon Hall present were all stupid and extremely terrified.

You must know that the big leader Yu Du, in the area of the Guixu Sea Area, can be said to be unknown to everyone, and even many overseas sects are afraid of his name when they hear his name.

And now, the residual poison, which is said to exist like a myth, has lost so thoroughly!

“Pfft!”

At this moment, Yu Du staggered to his feet, stared at Mo Yan, and wanted to say something, but he spat out a mouthful of blood before he even opened his mouth.

Mo Yan’s palm just now seemed to be light and without any strength, but it shattered several of his ribs. Under the heavy damage, the residual poison at this time was no longer able to fight!

Chapter 4693

Call!

At this time, many people around reacted and couldn’t help taking a breath of cold air.

The strength of this woman is really terrifying and unfathomable.

Whoosh!

At this moment, Mo Yanyu raised her hand, holding a dagger tightly, and walked towards Yu Du step by step: “I will give you one last chance, whether to accept the Lord or die, you choose!”

Hearing this After speaking, Yu Du was covered in cold sweat, and his arrogance and arrogance disappeared in an instant.

Pfft!

The next second, Yu Du endured the pain and knelt directly in front of Mo Yan, letting go of all his self-esteem: “Master, spare my life, just now I have eyes and don’t know Mount Tai, and I asked Master to spare me this time. From today onwards, you are the head of Heishi Island, and I am also willing to drive Yu Du, and I will go through fire and water in the future without any second thoughts!”

When he said this, Yu Du almost wanted to cry without tears, he never thought that he would cast ‘Buddha’ by himself. The stunt of saving sentient beings is not even her opponent.

Um!

Seeing that his attitude is still sincere, Mo Yan nodded: "Very good, the person who knows the current affairs is Junjie, I will keep your life."

"Thank you master, thank you!" Yu Du let out a long sigh of relief and stood tremblingly stand up.

Whoa!

Seeing this scene, the other people present all knelt down one after another, and the momentum was shocking.

"See Master!"

Mo Yan raised her hand, motioned everyone to get up, and then directed at Yu Du: "Hurry up and recover from the injury, and immediately help me to investigate the situation of Icefire Island when the injury is healed, do you know?"

"Yes, Master. "

.....

On the other side, God's Domain.

In Yuyao Xianyuan, Empress Hua Zhao was sitting in front of the windowsill, tasting the spiritual fruit that was just delivered.

Beside him, Aotian stood there, his face full of resentment.

"Queen Mother!"

At this time, Aotian couldn't help but say: "Since Immortal Taiyi was punished, Erchen has lost his master, and he has been doing nothing for the past few days and doesn't know what to do."

"Speaking of which, before the master was mistaken The matter of the treasure pavilion, I think it is Ao Lin and his master, who are secretly doing it, you think, my master Taiyi Immortal Venerable is famous, how could I make such a low-level mistake, and would not dare to blaspheme the goddess Nuwa. Ah."

Thinking of the scene when Ao Lin's master and apprentice left leisurely, Ao Tian became angry.

However, Aotian didn't dare to tell the truth at all. After all, he was the one who wanted to frame Yue Feng at first, but in the end he smashed his foot with a stone, and now he can only complain.

"Okay!"

Hearing this, Madam Hua Zhao frowned, put down the Spirit Fruit in her hand, and gently comforted: "The matter has passed, don't mention it again, I know you are holding back fire in your heart, and, I also believe that Taiyi Immortal Venerable is not that kind of nasty villain, but you have seen the situation at that time, and many priests were present. The evidence is conclusive, if the Palace did not deal with Taiyi Immortal Venerable at that time, how would you convince the public in the future?"

Speaking of this, Empress Hua Zhao showed a smile: "Okay, you don't have to worry anymore, I have already issued an edict to let the God King Haotian return to the God Realm to teach you."

"With the assistance of the God King Haotian, wait until the competition. In time, you will definitely be able to win against Aolin."

Hu!

Hearing this, Aotian's face softened a lot. You must know that Haotian Divine Sovereign's strength is obvious to all. If he comes to teach him, he will have a better chance of winning.

"Queen Mother!"

Just as he was talking, he heard a shout from outside, and then, a slender figure walked in quickly, wearing a bright yellow short skirt, indescribably bright and moving, and revealing a bit of naughty .

It's Princess Sia.

"Xiya!" Seeing Princess Xiya coming in, Empress Hua Zhao showed a smile and asked softly, "Have you found his master at

Aolin's place these past few days? Is there anything wrong?"

Princess Cixiya obeyed her arrangement, and obediently lurked in the fairy garden where Prince Aolin was, secretly paying attention to the every move of the master and the apprentice.

Hearing the question, Princess Xiya pouted, and said very boringly: "I didn't find it at all. For the past few days, the old man has been teaching Brother Aolin the formation method. I'm bored watching from a distance."

Chapter 4694

Formation?

When she heard the answer, Madam Hua Zhao's eyes flashed, and then she said with a smile: "This is all for the safety of your brother Aolin, how can it be boring? Good, you still have to continue to monitor, do you know?"

"Understood.!" Princess Xiya responded reluctantly. Just as he was talking

, he saw a magic soldier walk in quickly, with a complicated face, knelt in front of Empress Hua Zhao and said, "Niang Niang, it's not good, something happened to the demon clan."

Sweaty head.

"How many times have I told you?"

Empress Hua Zhao frowned, and she was very unhappy: "If it's a big thing, I have to announce it outside the palace, and just break in like this, what kind of formality is it?"

"Falling down, Aotian couldn't help but scolded: "It's really a blind thing."

"Yes..."

The magic soldier was so frightened that he lay there and kept kowtowing: "It's the subordinate who is reckless. , Niangniang calm down, His Royal Highness calm down."

Phew!

Empress Hua Zhao breathed a sigh of relief, but at this time she was too lazy to talk nonsense: "Tell me, what is going on in such a panic? What happened to the demon clan?"

When asked, Empress Hua Zhao was very calm, the demon clan was suppressed before In the sealed land for thousands of years, the vitality was greatly damaged, and there was no big wave at all.

"Report to the maiden." The magic soldier wiped his cold sweat and said quickly: "During this time, the demon clan has been expanding its territory, and today it has occupied the floating island. According to the subordinates, the demon clan wants to stay in the floating island. Set up a stronghold."

What?

Hearing this, both Empress Hua Zhao and Prince Aotian were shocked.

You must know that the floating island is not far from the Yutian Palace, and its strategic position in the entire God's Domain is very important. Moreover, the environment there is complex and it is easy to defend and difficult to attack. When the demons wanted to ambush the Nine Heavens God, they deliberately released false news, saying that the old The primordial spirit of the ancestor was imprisoned there.

But now, the demon clan actually wants to establish a stronghold on the floating island, and they don't take Yutiangong seriously.

"Really?"

However, Princess Xiya, who was standing by the side, was full of excitement, and asked the magic soldier: "This princess heard that many warriors of the demon clan are human and beast faces, which is very interesting. If they establish a stronghold on the floating island, this princess will have a chance to find them."

Princess Xiya is playful by nature, plus she is young, she has no idea of the strategic significance of floating island.

Hearing this, the magic soldier was dumbfounded.

"Little sister!"

At this time, Prince Aotian couldn't bear it anymore, and scolded Princess Xiya: "What time is it, you are still making a fool of yourself, do you know that if the floating island falls into the hands of the demon clan? , our Yutian Palace is missing a barrier."

Princess Xiya pouted, very unhappy, but did not refute.

"Okay!"

At this time, Empress Hua Zhao stood up slowly, her delicate face full of solemnity: "At this time, the matter is very important, immediately summon the ministers and go to Yutian Palace to discuss."

"Yes, Empress!"

After ten minutes Afterwards, the priests received the edict and rushed to the Imperial Palace. At that time, Yue Feng was teaching Prince Aolin how to break the formation, and he was also summoned.

At this time, in the Imperial Palace.

Madam Hua Zhao sat there, pursing her lips tightly, her expression extremely solemn.

Under her advice, Prince Aotian explained the situation in detail.

Whoa!

Knowing the situation, the entire Yutian Palace was in an uproar.

“This monster is really daring.”

“Yeah, these evil beasts, when the ancestor and the emperor were there, they huddled in the corner and dared not act rashly. Now that the emperor is gone, and the ancestor is not there, they are just about to move. “

If I knew this earlier, they should have been slaughtered in the first place.”

The discussions of the priests kept coming, and Yue Feng was also frowning secretly.

The white tiger king of the demon clan is really ambitious, and he wanted to take the opportunity to occupy the territory while the God Realm had just wiped out the demon clan and the situation was not stable.

No, no more wars can break out in the Divine Realm. Once the Divine Realm falls into war, it will affect the Kyushu Continent. This is not what Yue Feng wants to see.

“Everyone!”

At this moment, Empress Hua Zhao looked around and said softly, “Everyone knows the situation, how to solve it? Do you have a good solution?”

Chapter 4695

Hu...

Hearing the inquiry, the priests looked at each other in dismay and gave their opinions.

“Needless to say? Naturally, we will send an army to expel the demon clan from the floating island, and if necessary, they will be wiped out!”

“Yes, that’s how it should be!”

“No.... We just ended the war with the demon clan, I haven’t recovered my vitality yet, and the new Heavenly Emperor has not yet been elected. In this case, we can’t easily provoke a war. Why don’t we send messengers and have a good talk with the demon clan.” After the

discussion, the priests were divided into two. One faction advocates sending troops to attack, while the other advocates negotiation.

The two factions disagreed and quarreled endlessly in the Imperial Palace.

Seeing this, Empress Hua Zhao frowned, and she felt a headache. Finally, she raised her jade hand: "Okay, all be quiet." The

voice fell, and the priests closed their mouths one after another.

"Bengong feels that, given the current situation, it is indeed inappropriate to start a war." Madam Hua Zhao thought for a while, and said softly, "It's better to send envoys to negotiate, but I just haven't thought about who to send, I haven't thought of it yet. Is there a suitable candidate?"

This...

Hearing this, the priests looked at each other and fell silent for a while.

Seeing this situation, Yue Feng couldn't help but nodded in approval. Although this Empress Hua Zhao was a little bit arrogant and arrogant on weekdays, she was still very stable when it came to matters.

It is very rare to have not decided to send troops to attack.

"Miss!"

At this moment, a priest came out, glanced at Prince Aotian and said: "The minister thinks that this matter is the most suitable for Prince Aotian, he is the son of the previous emperor and a candidate for the next emperor of heaven, and his status is respected. If he goes there, he will definitely be able to quell the evil beasts of the demon clan who do not know the heights of the sky." The

voice fell, and many other priests around nodded in agreement.

"Yes, Prince Aotian has his own royal power. When the White Tiger King sees it, he will definitely bow his head and be his minister." "Yes

, Prince Aotian is the most suitable." Empress showed a smile and turned to look at Prince Aotian: "Aotian, what do you think?" Prince Aotian took a deep breath: "I listen to my mother." Hmm! Empress Hua Zhao nodded and announced on the spot: "Okay, I will appoint Aotian as the special envoy to negotiate with the demon clan." "Niangniang Shengming." At this moment, the priests shouted in unison. Hehe... Seeing this, Yue Feng couldn't help sneering secretly. If Prince Aotian succeeded in the negotiation, he would have made a great contribution, which would be very beneficial to the future competition for the prestige of heaven and earth, and Empress Hua Zhao was also very smart. At the beginning, I was going to let Prince Aotian go, but because of my identity, it was inconvenient to say it by myself, so I asked the priests to say it for her. And these priests, all of them are really good at flattering, and after trying to figure out Empress Hua Zhao's thoughts, they quickly recommended Prince Aotian to come out. "Master!"

At this moment, Prince Aolin, who had been silent beside him, couldn't hide his anxiety, and whispered to Yue Feng, "What should we do?"

The question that Yue Feng thought of, Prince Aolin also thought of it.

If Aotian succeeded in the negotiation, he would have one more merit than himself, which would be very detrimental to the future competition for the throne of Heavenly Emperor. There must be a way to stop it.

Ha ha!

Yue Feng looked indifferent, smiled slightly and said comfortably: "Don't worry, he will not succeed." Yue Feng and the White Tiger King have known each other for a long time, and they know the White Tiger King too well.

As for the arrogant and rude personality of Prince Aotian, the White Tiger King will definitely not give him a false pretense, so Prince Aotian will definitely return without success.

Prince Aolin originally wanted to say something, but seeing Yue Feng's confident face, he held it back.

A few minutes later, under the arrangement of Empress Hua Zhao, Prince Aotian quickly rushed to the Yaozu to negotiate with a few divine soldiers.

the other side.

The news that God's Domain sent messengers to negotiate soon spread to the demon clan.

When he got the news at that time, the White Tiger King immediately summoned his subordinates and waited for the arrival of Prince Aotian in the main hall.

Half an hour later, Prince Aotian arrived at the demon clan territory and slowly walked into the hall under the leadership of several demon clan warriors.

call!

At this moment, Prince Aotian saw that there were dozens of powerful demon generals standing on both sides of the hall, and on the throne, the White Tiger King sat there, not angry and proud.

The entire hall was filled with a depressing atmosphere.

The ultimate husband in Chinese chapter 4696-4700

Chapter 4696

“Who is coming?”

At this time, the White Tiger King looked at Prince Aotian up and down, with a high attitude: “I saw this King, why don’t you kneel and salute?”

When he spoke, the White Tiger King looked cold and his eyes But flickering cunningly.

In fact, he knows that today is a prince with a distinguished status, but the demon clan and Yutiangong always have a grudge. Today, I take this opportunity to destroy the other party’s prestige, why not do it?

Swish!

Hearing this, Prince Aotian’s face turned red all of a sudden, and he was extremely frightened.

Immediately, Prince Aotian met the gaze of the White Tiger King, unable to hide his cold arrogance, and said word by word: “You are the White Tiger King, right, the leader of the dignified White Tiger clan, who is so blind, can’t you see who I am? Do you want me to kneel down and salute you?” The

White Tiger King chuckled: “I want to ask you for advice, what is your identity?”

Prince Aotian looked arrogant: “I am Prince Aotian, and more importantly, the successor of the next Emperor of Heaven. You, the future ruler of the God Realm, the White Tiger King, tell yourself, should I bow to you? Or should you kneel down to me.”

When he said this, Prince Aotian couldn’t hide his arrogance.

“It’s interesting!”

Hearing this, the White Tiger King squinted his eyes and smiled slightly, then nodded: “It turns out to be a prince, it seems that I am old and my eyes are dazzled. When I heard it just now, I thought it was the Nine Heavens God who was resurrected. What.”

Haha.... The

voice fell, and the whole hall burst into laughter.

At this time, the White Tiger King put away his smile and said to Prince Aotian unceremoniously: “Prince Aotian, don’t you say it’s you, even if your father is present, you have to give me three points of courtesy, and you are no better than you. A little prince, in the realm of my demon clan, how dare you be so arrogant?”

This chapter is provided by . Visit for daily update.

“Just you still want to be the emperor of heaven? It’s ridiculous.”

Shuh!

Feeling the contempt of the White Tiger King, Prince Aotian was about to explode with anger, and shouted angrily on the spot: “King White Tiger, don’t be arrogant, I tell you, this Prince is here to warn you, and immediately ask your subordinates to withdraw. Floating Island, otherwise you will be at your own risk.” The

White Tiger King sneered: “It’s a joke, the entire God Realm is not the home of your gods, but also the home of our demon clan. Tiangong agrees?”

“So, don’t you plan to withdraw?” Prince Aotian was furious and shouted loudly.

The White Tiger King is too lazy to talk nonsense: “If you come to talk about things, you can get out now. For the sake of your father, this king will not care about you for the time being.”

“If you come to talk about things, give it to this king. Be polite, don’t think that you are a prince, and your status is noble, so I don’t dare to do anything to you.”

Wow!

The last word fell, and the monster generals standing on both sides drew out their long knives in unison.

In an instant, the atmosphere of the entire hall suddenly became tense.

Mad!

Faced with this situation, Prince Aotian’s expression changed, and his heart was full of anger.

I thought that if he revealed his identity, the White Tiger King would be polite, but he never imagined that the White Tiger King’s temper was so hot that he would act if two words were wrong.

“Row!”

A few seconds later, Prince Aotian reacted and glared at the White Tiger King fiercely: “You are very kind, let’s wait and see.” After speaking, he greeted the bodyguards and quickly left the hall.

“Pass my order!” As soon as the front foot left

, the White Tiger King looked around and ordered: "Immediately strengthen the defense of the territory, and make no mistake

.

“

The demon clan's territory quickly rushed towards the direction of Yutian Palace.

Along the way, Prince Aotian became annoyed the more he thought about it. Ma De, his dignified prince, the future Emperor of Heaven, was so despised by the White Tiger King. If he swallowed his breath, how would he convince the public in the future?

Soon, when I rushed back to Yutian Palace, I saw Empress Hua Zhao and all the priests, still waiting there.

Swish!

Seeing Prince Aotian coming back, the eyes of the entire Yutian Palace immediately converged on the past.

Haha...

At this moment, Yue Feng couldn't help laughing secretly. Looking at Aotian's appearance, he knew that this kid must have been shrieved in front of the White Tiger King, and the negotiation failed.

Chapter 4697

“Aotian!”

At this time, Empress Hua Zhao asked softly, “What was the result of the negotiation?” Speaking of which, she saw Aotian's face and guessed something, but she still had to ask.

At the same time, the gazes of the priests present also converged on Prince Aotian.

“Queen Mother!” Prince Aotian responded angrily with a look of indignation: “Then the White Tiger King really doesn't know how high the sky is, it's really too arrogant, he didn't take me seriously at all, and even said that he was my father. If you go, you have to be polite to him.”

Prince Aotian became more and more angry: “When we first met, the White Tiger King asked me to kneel and salute, completely defiant.”

Phew!

Hearing this, Empress Hua Zhao's delicate face suddenly showed a bit of displeasure.

This white tiger king is so bold, he dares to be rude to his emperor.

And all the priests present were extremely indignant and filled with righteous indignation.

"It's outrageous, the White Tiger King is so arrogant."

"The evil beast is so arrogant."

"To offend His Royal Highness is to disrespect our entire Imperial Palace.

"Hearing this, Prince Aolin, who was standing beside him, was very shocked.

This...

Master really said it right, and Aotian really returned without success.

Thinking to himself, Prince Aolin couldn't help but whisper: "Master, how do you know that he will not succeed?" If you guess, it is unlikely, after all, when Master said this, he was very confident.

Yue Feng showed a smile and talked eloquently: "The White Tiger King has a strong personality and has never been afraid of strong enemies, but this arrogant prince is arrogant and arrogant. He must be very arrogant when he meets the White Tiger King. In this case, the White Tiger King will give him a good face?" "It's also because Prince Aotian is lucky, the White Tiger King did

n't do anything to him, otherwise, don't even think about coming back alive." , Prince Aolin nodded suddenly, then thought of something, and said curiously: "Master, listening to you, it seems that you are very familiar with the White Tiger King." At the same time as asking, Prince Aolin was very puzzled. Master is an immortal from outside the sky, how could he know the White Tiger King? Uh... Yue Feng was stunned for a moment, then quickly waved his hand and said, "I heard all this from others, how could I know the White Tiger King?" As he spoke, Yue Feng secretly said that he was very dangerous. Revealed. Speaking of which, Yue Feng is not afraid of Ao Lin betraying himself, but the situation is special, it is better to hide his identity temporarily. At this time, in the Imperial Palace, the priests were still discussing. "Queen Mother!" At this time, the more Prince Aotian thought, the more angry he became, and he took a step forward and said to Empress Hua Zhao: "Please order me to lead the army to attack the demon clan, I will beat them to the ground and report my humiliation. Enemy, and at the same time show my royal power." The voice fell, and the entire Yutian Palace fell silent in an instant. Those priests who were talking about it, all closed their mouths at this time, each with a complicated expression. Prince Aotian.... to attack the demon clan? Once the war broke out, the consequences would be unimaginable.

Madam Hua Zhao also frowned, and did not agree to Prince Aotian's request, but sighed lightly and said slowly: "Aotian, calm down, tell me first, what did you say when you saw the White Tiger King?"

Although she dotes on Prince Aotian, she is not confused. At this time, she has already guessed that the White Tiger King is so arrogant, there must be a reason.

"I..."

Prince Aotian hesitated and said slowly: "I said at the time, let them withdraw from the floating island, otherwise the consequences will be at your own risk. Mother, I am right to say so. It's their demon clan who are daring. ..."

Before he could finish speaking, he was interrupted by Empress Hua Zhao.

"Okay, you don't need to say it." At this time, Empress Hua Zhao was very disappointed.

Ugh.

This Aotian finally gave him a good opportunity to establish his prestige, but he acted willfully, and now the relationship with the demon clan has become deadlocked, and it will be difficult to do this now.

At this time, Aotian didn't know where he was wrong, so he said again: "Mother, let me send troops."

Chapter 4698

Oh!

Madam Hua Zhao's face was full of hatred, and she said to Prince Aotian patiently, "Aotian, even if this palace agrees, can you guarantee that you will successfully exterminate the Demon Race and capture the White Tiger King alive?"

Prince Aotian was stunned. I didn't know how to answer for a while.

Madam Hua Zhao continued: "Thousands of years ago, your prehistoric ancestor led a fierce battle between Yutiangong and the demon clan. The war lasted for a long time and paid an extremely heavy price to trap the demon clan in the sealed land. In the end, it was not easily eliminated."

"And the current Yutian Palace is far less powerful than it was in the past. You vowed to exterminate the demon clan. Are you stronger than Master Honghuang?"

I..."

When he said that, Prince Aotian's face flushed and he was speechless.

In fact, Prince Aotian was angry just now. He calmed down and realized that he was too impulsive and reckless.

You must know that in the past year, the demons have been taking advantage of the battle between the Yutian Palace and the demons, keeping a low profile, and they have already recovered their vitality and their strength is far better than before. In this case, when they meet them, the Yutian Palace will not be able to take advantage of it. .

“Empress Mother!” In the

next second, Prince Aotian was ashamed and bowed his head at Empress Hua Zhao: “The Empress has failed your expectations, Empress Hua knows that she is wrong.”

Empress Hua Zhao waved her hand: “Forget it, The matter has come to this point, we can only find a way to remedy it, unless it is a last resort, we cannot easily use troops against the demon clan.”

Aotian nodded quickly, and then couldn't help asking: “Mother, what should we do next?”

Swish!

Immediately, the eyes of the surrounding priests all focused on Empress Hua Zhao. The position of the Emperor of Heaven has not yet been determined. All affairs of the Yutian Palace are now under the control of Empress Hua Zhao. Her decision is related to the future of the Yutian Palace.

At this moment, Empress Hua Zhao looked at Prince Aotian, thought for a while, and said, “Although you and the White Tiger King didn't have a good deal, he can let you come back safely, which proves that he doesn't want to be with Yutianguo. See you.”

“In the current situation, we can only send another messenger to state the interests and interests of the White Tiger King, and let his subordinates leave the floating island obediently.”

At the end of the talk, Hua Zhaoniang looked around and looked at the presence of the priests.

Son Aotian had already had a conflict with the White Tiger King, so naturally he couldn't let him go any more. He needed to find someone who was brave and wise.

Thinking to herself, Empress Hua Zhao said softly, “Dear family, who would you like to go?”

Huh...

Hearing this, the entire Yutian Palace was deadly silent, all the priests, look at me, I see Look at you, no one dares to respond.

They are not stupid.

Prince Aotian had already had a quarrel with the White Tiger King. It is estimated that the White Tiger King must be in a fit of anger now. Going to negotiate at this time is almost like pulling a tooth out of a tiger's mouth.

This is a thankless job.

Seeing this scene, Empress Hua Zhao's delicate face showed a bit of displeasure, and at the critical moment, there was nothing she needed.

At the same time, Prince Aotian couldn't help but come out, pointed at the priests and scolded: "What? No one is willing to come out and share the worries of the mother? You guys, usually speaking is better than singing, at critical times, every time Anything that works is a waste."

Hearing the accusation, all the priests looked bad.

This Prince Aotian is really interesting. You made the situation worse and worse, and now you are blaming us in turn?

However, due to Aotian's identity and the presence of Empress Hua Zhao, the priests were dissatisfied, but they dared not to speak out.

Ugh!

At this time, Empress Hua Zhao was also secretly worried. No one took the initiative to stand up. Could it be that she had to go out on her own?

A bunch of useless stuff.

Seeing that none of the priests stood up, Prince Aotian scolded again, and then saw Yue Feng's side, and suddenly had an idea.

"Empress Mother!" In the

next second, Prince Aotian laughed evilly and said, "I have someone to choose."

Empress Hua Zhao was worried, when she heard this, she quickly said: "Come on!"

Prince Aotian smiled slightly , raised his finger and pointed at Prince Ao Lin: “Ao Lin is the most suitable for this matter. He has a modest personality and will definitely not quarrel with the White Tiger King.”

Chapter 4699

When he said this, Prince Aotian was all smiles, but his eyes were gloomy.

That’s right, he wanted to kill people with a knife and use the White Tiger King to get rid of Ao Lin as a competitor. You must know that although Aolin has a humble personality, he is also full of blood, and he will definitely argue with the White Tiger King at that time.

The White Tiger King is angry, and he will definitely not let him go easily.

Swish!

The voice fell, and the eyes of the entire Yutian Palace were all focused on Prince Aolin.

Under the gaze, Prince Aolin was stunned, and immediately reacted, he was very unhappy, he was not stupid, and it could be seen that Aotian was uneasy and kind.

Hehe...

At the same time, Yue Feng also sneered secretly.

This Prince Aotian is very insidious. He wants to kill someone with a knife? Yue Feng has been in the rivers and lakes for a long time, and he can see Aotian’s tricks at a glance. But Yue Feng didn’t panic at all, after all, he was the VIP of the entire demon clan.

“Ao Lin!”

At this time, Empress Hua Zhao showed a smile, looked at Prince Ao Lin and said, “It’s rare that your brother recommended you for the first time to talk to the demon clan. As a candidate for Heavenly Emperor, you shouldn’t let him This palace is disappointed.”

When she said this, Empress Hua Zhao’s delicate face was full of gentleness, but there was a hint of complexity in her eyes.

When Aotian suggested it just now, Empress Hua Zhao understood his intention. The so-called mother-son connection, if this time, with the help of the White Tiger King, to get rid of Ao Lin, it would not be a bad thing.

After Ao Lin died, Yutianguong sent troops to attack the demon clan, which was considered a famous teacher.

call!

Facing Empress Hua Zhao's question, Prince Aolin's eyes flickered and he did not answer directly.

The next second, Ao Lin asked Yue Feng in a low voice, "Master, what should I do?" After a few things before, Ao Lin trusted Yue Feng very much, and asked him for his opinion on everything.

Going to the Monster Race is extremely dangerous, and Master must have a way to deal with it.

Yue Feng smiled slightly and signaled Aolin not to worry.

"Alas!"

At this time, seeing Ao Lin did not dare to express his position, Aotian Prince couldn't help sneering, and said yin and yang strangely: "With this little courage, do you want to be the emperor of heaven? You don't even have the courage to meet the White Tiger King. If you really become the Emperor of Heaven, how can you convince the public?"

"I see, you should just give up your qualifications to compete for the throne of the Emperor of Heaven, and don't come out and be ashamed in the future."

Pfft...

the last sentence fell, no The young priest couldn't help laughing and shook his head secretly.

Prince Aolin is so hesitant, when it comes to courage, he is really not as good as Prince Aotian. After all, Prince Aotian just went to the demon clan, and he is still fighting with the White Tiger King.

Seeing the reactions of the surrounding priests, Prince Aotian became more and more proud.

Haha...

Today, Aolin is riding a tiger and has a hard time. He went to the demon clan, and he will die. If he doesn't go, he will bear the name of being cowardly and weak.

Hearing the ridicule, Prince Aolin's face flushed red, and he was so angry that he was about to go forward to make a theory, but was held back by Yue Feng.

"Listen to Master." Yue Feng whispered comforting words, then took a step forward and smiled at Empress Hua Zhao: "Niang Niang, Aotian is willing to leave later."

Huh?

In an instant, the entire Yutian Palace was amazed, whether it was Empress Hua Zhao and Prince Aotian, or the surrounding priests, they were all stunned.

Ao Lin actually agreed?

At the same time, Ao Lin was also stunned for a moment, and looked at Yue Feng, dumbfounded: "Master, I'm not sure."

Yue Feng looked confident: "Don't worry, there is me."

Hearing this, Ao Lin felt deeply . He exhaled and nodded.

For some reason, seeing Yue Feng's confident face, he felt a lot more at ease.

"Okay!"

At this time, Empress Hua Zhao showed a smile and stood up slowly: "Then this palace will wait for the good news."

Yue Feng responded and took Prince Aolin out of the Yutian Palace.

When he returned to Yuxi Xianyuan, Yue Feng wrote a letter and gave it to Prince Aolin: "When you see the White Tiger King, give him the letter and everything will be solved."

Speaking of which, Yue Feng wanted to I went with Ao Lin, but in order to avoid being suspicious of Empress Hua Zhao and Prince Aotian, I decided to let Ao Lin go alone.

Chapter 4700

"I see, Master!"

Prince Aolin nodded and carefully put the letter away.

A few minutes later, Prince Aolin set off alone and rushed towards the demon clan territory.

...

On the other side, the demon clan's territory.

In the hall, the White Tiger King sat there, drinking wine leisurely.

Although he had just fought with Prince Aotian, the White Tiger King did not panic at all. Yutianguong had just ended the war with the demon clan, his vitality was severely

damaged, and he was in vain. He did not dare to start a war against the demon clan at all.

Moreover, the person in charge of the Yutian Palace is Empress Hua Zhao, a female class, and the White Tiger King is not afraid.

“Your Majesty!”

At this moment, a warrior of the White Tiger clan walked in quickly, with a complicated expression: “Yutian Palace has sent another person, saying that they want to negotiate, claiming to be Prince Aolin.”

What? Another prince to negotiate?

Hearing this, the White Tiger King frowned and waved his hands in disdain: “Let him get out of the way, just say that this king is in a bad mood today, and he has no exercises to talk to them.”

The White Tiger warrior quickly responded, Immediately thinking of something, he took out a letter from his body: “Your Majesty, at this time, that Prince Aolin asked me to hand it over to you, and said that you will know when you look at it.” The

letter?

The White Tiger King muttered, and took a look impatiently, his expression changed suddenly, and he urged, “Quick, please invite this prince into the hall.”

At this time, the White Tiger King was very excited, and the disdain just now disappeared. trace.

Because this letter was written by Yue Feng’s own hand, and it is very clear that Prince Aolin is Yue Feng’s direct disciple...

Yue Feng is really a VIP of the demon clan. If it wasn’t for Yue Feng back then, the entire demon clan would still be trapped in the sealed land. Now that Yue Feng’s disciples have come, how could the White Tiger King dare to neglect him?

what’s going on?

Seeing this situation, the white tiger warrior was stunned at the time, a little confused.

Why did the king change his attitude in a blink of an eye?

“What are you doing?” The

White Tiger King squinted: “Why don’t you hurry up and invite a distinguished guest?”

“Yes...”

...

After half an hour, Yutian Palace.

Empress Hua Zhao sat on the throne, her delicate face couldn't hide her tiredness.

The matter of the demon clan is really heartbreaking.

The priests gathered together in twos and threes and talked in a low voice.

“It's been half an hour, will something happen to Prince Aolin?”

“Who knows, but I think it's more fortunate.”

“If Prince Aolin is detained, or something happens, the situation will get worse. It's getting more and more chaotic.” The

voices of discussion kept coming, Prince Aotian smiled, unable to hide the carefree and leisurely mood.

It's really wonderful to use a knife to kill yourself.

Regardless of whether Aolin was detained or killed by the White Tiger King, the only candidate for the throne of the Heavenly Emperor was himself, and when the 100-day deadline came, he would successfully ascend the throne.

Really cool to think about.

Even if Ao Lin succeeded in returning, he would definitely be humiliated by the White Tiger King in every possible way, and lose all his royal face. In the end, his fame and prestige are not as good as his own...

a fool!

Looking at Ao Tian's smug look, Yue Feng frowned and couldn't help but cursed in his heart.

“The prince is back!”

At this moment, a shout came from outside Yutian Palace.

came back?

Hearing the shouts, whether it was Empress Hua Zhao, Prince Aotian, or all the priests were shocked, and they all looked towards the door of the hall.

Yue Feng had a leisurely look on his face.

The next second, I saw Prince Aolin slowly walking in, with a very calm face on his handsome face.

And behind him, followed by several monster warriors.

What's happening here? Why are you still following the demon warriors?

Seeing this, the gods and officials looked at each other in dismay, puzzled one by one.

“Niangniang!”

At this time, Prince Aolin came to the front and said to Empress Hua Zhao, “Aolin lived up to his expectations and completed his mission.” As

soon as he finished speaking, the leader of a demon warrior answered: “Our king Having said that, this time, in the face of Prince Aolin, we withdraw from the floating island. From today onwards, the demon clan and Prince Aolin will form an alliance and share life and death.”

Then, the warrior of the demon clan gave a deep salute: “The words have already been spoken. Bring it here, say goodbye!” The

last word fell, and several monster warriors turned and left.
