

## The ultimate husband in Chinese chapter 4761-4765

Chapter 4761

Bang bang bang...

Soon, a guard took advantage of her unpreparedness and slapped Lu Yufei behind the back, only to hear her scream, her figure was shaken back a few steps, and before she responded, there were several more guards Rush up and seal her acupuncture point.

Seeing this scene, Huang Zheng was overjoyed and waved his hand: "Take it and hang it on the tower to show the crowd."

"Yes!"

Upon hearing the order, all the guards responded in unison, and then tied Lu Yufei.

"You..."

At this time, Lu Yufei was shocked and angry. Seeing that all the guards around were all of Huang Zheng's cronies, she felt despair in her heart.

"Huang Zheng!" Lu Yufei glared at Huang Zheng fiercely: "You're going to die..." Before she could finish her sentence, the guards walked out of the hall.

quiet!

Seeing Lu Yufei being taken away by the guards, the entire hall was silent, and a needle could be heard clearly. The civil and military officials looked at each other in dismay, each with an extremely complicated heart.

I really didn't expect that Lu Yufei would dare to betray Your Majesty...

At this time, being exposed by the general in public is what he deserved.

It's just.... Her Majesty is not here, and Lu Yufei has also been arrested. Who is in charge of the entire Southern Cloud Continent?

"Everyone!"

Seeing this, Huang Zheng raised his eyebrows slightly, looked around, and said loudly: "Your Majesty the Queen sank into the sea, life and death are unknown, although we are all deeply used by Your Majesty, but we in the Southern Cloud Continent cannot live without one day. Lord, why don't we discuss it now and choose a sage who will temporarily replace the emperor, what do you all think?"

This chapter is provided by . Visit for daily update.

Wow!

The voice fell, and a heated discussion broke out in the entire hall.

Huang Zheng is right, a country cannot be without a ruler for a day. Under the governance of Long Qianyu, all aspects of the Nanyun Continent have become more and more prosperous over the years, and the people live and work in peace and contentment.

It's just that Long Qianyu has never been married and has no children at all. Who can succeed her?

“Does this still need to be negotiated?”

Just as everyone was talking endlessly, a military general strode out, looked around and said: “In this hall, the only person who is most qualified to temporarily take the throne is General Huang.”

“Over the years, the general has made a lot of contributions to our Southern Cloud Continent. Back then, when there were bandits in the northern mountain of the imperial city, it was the general who attacked quickly and was pacified in just one day. Sha clan...”

“Maybe, besides the general, who is qualified?” The

last sentence fell, the general strode out, and knelt down in front of Huang Zheng in public: “See your majesty! “

The general's name is Yang Sheng, who is Huang Zheng's direct descendant. He was originally a soldier, and was later promoted to the title of general by Huang Zheng. Speaking of which, Yang Sheng is very smart. When Huang Zheng accused Lu Yufei of betrayal just now, he I know that the general is deliberately slandering, of course, the purpose is to be the emperor.

Since this is the case, being a subordinate yourself will naturally add fuel to the flames.

Huh....

Seeing this scene, all the civil and military officials present looked at each other in dismay, and then they all knelt down.

“Chen, wait, see Your Majesty!”

They are all smart people, and they all recommend Huang Zheng to be the emperor when they see Yang Sheng, and none of them want to be left behind.

Ha ha...

Seeing this scene, Huang Zheng couldn't tell the excitement and excitement, but he did have a very humble look on his face: "I am a martial artist, how can I be the emperor? But everyone respects it so much, so I will do my part."

Having said that, Huang Zhen walked up step by step and walked on the throne of the dragon.

"Everyone!"

At the moment of sitting down, Huang Zheng's eyes flashed with ruthlessness, and he said slowly: "The most urgent task now is to gather the fallen soldiers as soon as possible, and there is another more important thing."

Shah!

At this moment, Yang Sheng and the surrounding officials all stared at Huang Zheng with great respect.

I saw Huang Zheng's dignified face: "I encountered an infuriating incident on my way back to the imperial city. The Ouyang family seemed to know the news of our failure to destroy the pirates, so they sent Yue Wuya to investigate. situation." The

Ouyang family?

Hearing this, the civil and military officials all had complicated expressions. You must know that Long Qianyu attacked the Ouyang family more than once, but they all failed.

Chapter 4762

And this time, it's really suspicious that the Ouyang family cares so much about the pirates in the Southern Cloud Continent.

"Then what?"

At this moment, seeing Huang Zheng paused, Yang Sheng couldn't help but ask: "What did Yue Wuya do? To make His Majesty so angry?"

Hehe...

Huang Zheng chuckled and did With a very angry look: “Yue Wuya is nothing, but the people around him are daring, when I saw Yue Wuya, I saw a woman next to him. This woman is sneaky and very suspicious. “

Later I followed them to a ruined temple, only to find out that the woman was disguised as an empress.”

When he said this, Huang Zheng was angry, but his eyes flashed with cunning.

Yes, he deliberately fabricated these to prevent Long Qianyu from coming back.

What?

Hearing this, the entire hall was in an uproar, whether it was Yang Sheng or the civil and military officials, they were all shocked and angry.

This Ouyang family is really abominable, and they called people to pretend to be the queen?

Looking at the expressions of everyone, Huang Zheng sneered at the corners of his mouth and continued: “The Ouyang family has ulterior motives, they don’t know how to know that the queen was buried at the bottom of the sea, so they deliberately let a woman pretend to be the queen in an attempt to take charge of our Southern Cloud Continent. the power.”

Shua!

The voice fell, and all the civil and military officials below were filled with righteous indignation.

“Dare to let people pretend to be the queen, their hearts can be punished...”

“Too hateful...”

“Sooner or later, they must be completely wiped out.”

During the discussion, Yang Sheng took a step forward, bowed to Huang Zheng, and complimented his face: “Fortunately, Your Majesty happened to meet, otherwise, Yue Wuya will come back with a fake queen, I’m afraid everyone will be fooled. When the power falls into the hands of others, our entire Southern Cloud Continent will be finished.” The

voice fell, and many people nodded in agreement.

Huang Zheng nodded, his face extremely solemn: “This matter is no trivial matter, so we can’t take it lightly and pass my order. From now on, the four gates will be strictly

guarded. Once the figures of Yue Wuya and the fake queen are found, they will be taken immediately. Get down...”

When he said this, Huang Zheng’s face was serious, but he sneered secretly in his heart.

Long Qianyu, I have blocked all escape routes. Even if you return to the imperial city, no one will recognize you as the queen, haha...

“Yes, Your Majesty...”

Hearing the order, the civil and military officials gathered together. Acoustic and harmonious.

...

On the other side, God’s Domain, Yuxi Xianyuan.

In the room, Yue Feng was meditating cross-legged, closing his eyes and resting. He taught Prince Aolin for a day during the day. He was so tired that he could finally rest.

Bang Bang..As

a result, at this moment, there was a knock on the door outside.

Yue Feng frowned, very speechless, who is looking for him so late? Could it be that Princess Xia again?

With a murmur in his heart, Yue Feng sighed and opened the door helplessly.

hiss!

As a result, the moment the door was opened, Yue Feng was stunned. I saw a charming figure standing at the door, under the moonlight, smiling like a flower, so beautiful.

She is the alchemist of Yuxi Xianyuan, Fairy Luqi.

This Fairy Lvqi, who specially made medicinal pills for Prince Aolin, was not low in status here. She had met Yue Feng several times on weekdays, but she seldom spoke.

So seeing her, Yue Feng was very surprised.

At this time, Fairy Lvqi was wearing a pale green corset dress, and her charming curves were looming, making people imagine. Huh

...

After watching it for a few seconds, Yue Feng regained his senses and said with a smile, "Fairy knocked on the door so late, but what's the matter?"

Strange.

Fairy Lvqi smiled sweetly, and her beautiful face showed a bit of restraint: "It's so late to disturb Xianweng." After

speaking, Fairy Lvqi bit her lip and said softly: "That's right, I heard Xianweng Yesterday, I helped Niangniang with the still troubled Nine Yin Profound Body, so I just wanted to ask, how does that kind of alchemist refine it..."

When she said this, Fairy Luqi lowered her head, looking very embarrassed, her eyes A little bit of anticipation.

To be honest, Fairy Lvqi is very embarrassed to come to Yue Feng so late. After all, it's not suitable for a single man and a widow, but she can't help it, because she is also the most yin physique. Like Empress Hua Zhao, she has been troubled for many years.

Chapter 4763

Yue Feng was stunned.

Immediately, Yue Feng secretly sensed the situation of Fairy Lvqi, and suddenly he suddenly said with a smile: "Fairy is also of the most yin constitution?"

Hmm!

Fairy Luqi nodded, looking very shy.

Seeing her confession, Yue Feng nodded and smiled and said, "Actually, this is not difficult. You only need to refine the Peiyuan Qingdan, and you can completely heal. If you are interested, I can teach you."

Seriously, if other people, Yue Feng would not agree so happily, after all, he had lied to Empress Hua Zhao before, and went to the black swamp to collect ghost grass.

But Fairy Lvqi is the person of Prince Aolin, who lives in Yuxi Xianyuan all the year round. She has no chance to see Empress Hua Zhao at all, so don't worry.

"That's great!"

Seeing Yue Feng say this, Fairy Lvqi was very happy, and said with a smile: "Xianweng is really a good person."

After saying that, Fairy Lvqi looked expectantly: "Does Xianweng have time tonight? Let's Go to the alchemy room, where the materials are complete, if not, I will find a way."

Hmm!

Yue Feng nodded, expressing no opinion.

Fairy Lvqi was very excited, she quickly led the way and walked towards the alchemy room. Yue Feng followed behind.

When he arrived at the alchemy room, Yue Feng couldn't help but sigh.

I have to say that the alchemy room in Yuxi Immortal Garden is different. It is much more luxurious than those of the major sects in the Kyushu mainland. There are all kinds of Lingzhi Immortal Grass.

"Xianweng!"

This is, Fairy Luqi said with a smile: "I will prepare what materials are needed."

Yue Feng smiled, and then explained in detail the materials needed to refine the Yuan-cultivating Qingdan.

Fairy Lvqi listened very carefully, quickly sorted the materials, and then skillfully ignited the furnace. All the details do not need Yue Feng's hands.

Seeing this, Yue Feng nodded approvingly: "Very good, let's start practicing calligraphy now."

Fairy Lvqi responded, and under the command of Yue Feng, began to refine the medicine pill.

"Huh?"

However, at this moment, a doubt suddenly came from outside the alchemy room, and then, a slender figure ran in like a butterfly.

It's Princess Sia.

Holy crap..

Seeing Princess Xi Ya, Yue Feng had a headache.

I'm really afraid of what's coming. Why doesn't this girl sleep in the middle of the night, she keeps running around.

At the same time, Fairy Lvqi also trembled and was startled. After seeing that it was Princess Xi Ya, she was even more uneasy. When it was broken, I asked Xian Weng to help me in private, but the princess saw it. According to the rules, I would be punished.

“Oh!”

At this time, Princess Xiya also saw the two of them. She was stunned for a moment, and then shouted: “It’s actually the two of you, who didn’t sleep in the middle of the night, what are you doing here?” As

she said, Princess Xiya Curiously, she leaned over and looked at the still burning fire: “Alchemy at night?” After the

voice fell, Fairy Luqi nodded quickly and said cautiously, “Yes, Your Royal Highness, I have some medicinal herbs that I don’t understand, so I found them. Xianweng ask for advice.”

She dared not say that she came to ask Yue Feng because of her physique, after all, she was suspected of favoritism.

Oh!

Hearing this, Princess Xiya nodded, then curled her lips and said: “Does the old man still practice alchemy?”

After saying that, Princess Xiya came over and took Yue Feng’s arm: “Hey, white-bearded old man, Come out with me.” After speaking, he dragged Yue Feng and walked outside, ignoring the image of the princess.

Seeing this situation, Fairy Luqi was very embarrassed to stand there. In her capacity, she didn’t dare to stop Princess Xiya.

I’m going...

Yue Feng has a headache, what is this girl going to do?

Thinking to himself, Yue Feng broke free from Princess Xiya’s hand and said in a low voice, “Your Highness, it’s not appropriate for you to be pulling like this. If you have something to do, just talk about it here.”

“Okay...”

Xia The princess stopped and looked at Yue Feng with her hands on her hips: “Old man with a white beard, I ask you, you really don’t have a disciple named Fengge?” Do not forget.

At this time, Princess Xia didn't know that the person she was looking for was standing in front of her.

Chapter 4764

Hearing the question, Yue Feng was dumbfounded.

This unruly princess seems to be unforgettable.

Thinking to himself, Yue Feng looked serious: "His Royal Highness, you asked me before in the Empress's bedroom, and I also said at the time, I really don't have a disciple named Fengge, and I know it to the end. A disciple, that is His Royal Highness Prince Aolin."

After speaking, Yue Feng glanced at the pill furnace and continued: "Princess, I'm discussing pill refining with Fairy Luqi, I hope you don't disturb me, hurry back and rest. Right."

"What if I don't go?"

Princess Xiya looked arrogant and unreasonable: "This princess can go wherever she wants, you don't need to meddle with your old man's business."

After speaking, Princess Xiya tilted her head and thought . After a while, he muttered: "Strange, did that person lie to me, he is not called Fengge at all?"

It's really difficult...

Seeing what she was muttering by herself, Yue Feng didn't bother to pay attention to it and turned around. Go to the Dan furnace.

When they got to the front, Yue Feng whispered to Fairy Lvqi: "Don't worry about her, let's continue alchemy."

Hmm!

Fairy Lvqi bit her lip in response, secretly glad that this unruly princess, only with the identity of a fairy, can suppress her, otherwise, the alchemy room will definitely be messed up by her.

Thinking to herself, Fairy Lvqi walked to the stove and carefully controlled the heat.

"Hey!"

At this moment, Princess Xiya calmed down. Seeing that the two of them were ignoring her, she suddenly got angry, walked over quickly, and asked loudly, "What kind of medicine are you refining?"

"Ordinary medicine." Medicine pill." Yue Feng said lightly.

Princess Xiya continued to ask: "What's the effect?"

Yue Feng smiled: "Princess, if you don't understand alchemy, don't ask. If you want to play, go somewhere else." let her stay here.

"I don't want to leave yet." Princess Xiya said, staring at the pill stove, looking very curious: "Old man with a white beard, since you want to teach Fairy Lvqi to make pills, why don't you teach me too, okay?"

When she said this, Princess Xi Ya's eyes were full of cunning, she didn't want to learn alchemy, she just wanted to play.

Yue Feng was so annoyed: "No time!"

"You..."

Seeing his attitude, Princess Xiya suddenly became angry: "Why can't you teach me if you want to teach her?"

Yue Feng looked at her, said indifferently: "Fairy Luqi is an alchemist, and you don't know anything about the princess. Also, you don't want to alchemy at all, you just want to play, right?"

After speaking, Princess Xi Ya was speechless. Word. But she was too lazy to argue with Yue Feng. At that time, she angrily walked to the shelf aside, took out some materials at random, and said

in a fit of anger, "What's so amazing, isn't it just alchemy, this princess can do it too."

Throw the ingredients into another pill furnace, then light the fire, ready to refine.

shit.

Seeing this situation, Yue Feng's head froze. This Princess Xi Ya is really rambunctious. How can alchemy be so casual? You must know that each material contains different powers, some of which are mutually reinforcing and mutually restraining. A catastrophe will occur.

Thinking to himself, Yue Feng quickly consoled: "Your Highness, I was wrong just now, so let me teach you alchemy when I have time in the future? Now I have a few questions with Fairy Lvqi that need to be discussed, so you can avoid it. one time."

At this time, Yue Feng was already very depressed, but he still suppressed his emotions and was kind to Princess Xi Ya.

Fairy Lvqi next to her was also dumbfounded. She wanted to follow along with a few words of comfort, but she was worried that it would cause Princess Xiya's dissatisfaction, so she held back.

"No!"

However, Princess Xi Ya was so playful at this time, how could she listen to him? He immediately shook his head and said, "I don't want to go, I will train mine, you will train yours, and we will not disturb each other."

As he spoke, he increased the fire.

Oops!

Seeing her increase the fire, Yue Feng's face changed, and he couldn't calm down.

Because he could see clearly, most of the materials that Princess Xi Ya had just grabbed at random were materials of the cold and cold properties. Putting so many materials with the same properties together to refine them was a taboo in alchemy.

Chapter 4765

"Turn off the fire."

At this moment, Yue Feng lost his patience, walked over quickly, and

said to Princess Xiya: "You are making a fool of yourself, something will happen, do you know?" Going to turn off the fire!

However, before he could make a move, he was stopped by Princess Xia.

At this time, Princess Xi Ya quickly walked over to block the fire and pushed Yue Feng: "You old man is not annoying, this alchemy room belongs to my brother, and it is also mine, how do I want to play, It's just how you play, it's not your turn to take care of it."

Whoops!

Yue Feng was pushed away several steps, and was speechless at the time. At the same time, something on his body accidentally fell out and made a soft sound.

I saw that when I took things, the golden light was shining, the carvings were exquisite, and there were characters written on them. It was the gold medal of the Emperor of Heaven that Yue Feng had obtained in the cave in the black swamp.

Swish!

At this moment, whether it was Princess Xi Ya or Fairy Lvqi, their eyes were all focused on the gold medal.

“What is this?” After two seconds, Princess Xiya reacted and was about to rush over to pick it up.

What the hell!

Yue Feng was shocked. This thing is very important. If Princess Xiya knows about it, and then spreads it out, is it worth it? I didn't have time to think about it at the time, so I grabbed the gold medal first and said, “This is something from this old man, so it's inconvenient to show it.” The

voice fell, and Yue Feng quickly put it away.

“You...” Princess Xiya was very angry, and she pouted: “It's stingy, there is something you can't see with a gold medal, you can't see it if you don't see it.” After speaking, she kicked the pill furnace angrily. superior.

boom!

The material in the pill furnace was originally put in by Princess Xiya randomly, and without the slightest chance, she was kicked at this time, and there was a sudden roar, which exploded directly.

Buzzing...

At the moment when the pill furnace burst, an extremely strong cold air burst out. In an instant, the temperature of the entire pill refining room plummeted, as if it were in an extremely cold place.

At this moment, whether it was Yue Feng or Fairy Lvqi, they were all taken aback, instinctively motivated their divine power to deploy a protective film around their bodies.

Princess Xiya was not so lucky. She was originally the closest to the pill furnace, and the cold air that burst out instantly enveloped her. In just two seconds, Princess Xiya froze all over, like an ice sculpture, moving. Must not.

“Princess!”

Seeing this, Fairy Lvqi exclaimed and rushed over to rescue Princess Xiya, but just after a few steps, she was stopped by Yue Feng.

“Fairy, leave her alone.”

Yue Feng shook his head and looked at Princess Xiya, who was frozen into an ice sculpture, and said lightly, “The princess is stubborn and doesn’t change, she should also suffer, let’s continue alchemy.”

“Then ...”

After hearing this, Fairy Luqi hesitated for a while, and finally nodded, “Okay.”

Xianweng said it right, this princess is really making a fool of herself.

At this time, Yue Feng looked around the alchemy room and smiled bitterly: “The princess is making a fool of yourself, and the whole alchemy room is full of cold air. It seems that it is impossible to refine the cultivating essence pill today, so turn off the stove and wait for tomorrow. The cold air here has completely dissipated, so let’s make it again.” The

alchemy is very particular, and there cannot be the slightest mistake. Originally, Peiyuan Qingdan was almost finished, but Princess Xi Ya made a fool of it and could only be forced to interrupt it. .

This...

At this moment, Fairy Lvqi bit her lip, still reluctant, but finally nodded, and put out the fire as Yue Feng said.

“It’s getting late, I’ll take the princess back, and the fairy will rest early.” Yue Feng said a few words, then hugged Princess Xiya, who was frozen into an ice sculpture, and quickly walked out of the alchemy room.

“Alas!”

Seeing Yue Feng’s back moving away, Fairy Luqi was very unwilling, and said to herself: “It seems that it is about to succeed, but it has to be interrupted. Forget it, I will refine it myself, anyway, all I know the details.”

After speaking, Fairy Lvqi sorted the materials again and started a fire.

At this time, Fairy Lvqi still had some luck in her heart, and felt that Yue Feng was too cautious. After all, she had been troubled by her physique for so many years, and she finally found a solution. She just wanted to solve it quickly, not even a moment waited.

Huhuhu...

In the blink of an eye, the fire was burning more and more vigorously, and Fairy Lvqi's eyes were full of expectations.
