

The ultimate husband in Chinese chapter 4841-4850

Chapter 4841

It's really good luck.

With emotion, Yue Feng put on the groom's clothes, and soon a servant came over and led Yue Feng out of the yard.

At this time, the Su family was already lit up with lanterns and a beaming scene.

Outside the yard, I saw an exquisite sedan chair parked there, and behind the sedan chair was a long welcoming procession.

Huh...

The moment he sat in the sedan chair, Yue Feng felt uncomfortable all over, and he also thought of the days when he was the son-in-law of the Liu family's house...

Although it was still dark, on the street outside the gate of the Su family, it was already crowded. Who does not know in the entire Yinlong Town, the Su family recruited a son-in-law who came to the house, and the wedding was going to be held today, so they came early to watch the fun.

"Start!"

At this moment, the leader of the team shouted, and suddenly the entire welcoming team began to beat gongs and drums and move forward slowly.

Bang bang bang...

Along with the sound of gongs, drums and firecrackers, the people watching the lively around also began to point to the sedan chair, and there was a lot of discussion.

"As expected of the Su family, this team is really pompous!"

"It's just a pity, the people sitting in it are notoriously rubbish."

"Who said no, I heard that the Miss Su family was terminally ill, otherwise, Master Su would not I will recruit this kid Yue Yang."

"Oh, it's really a pity, I heard that the Miss Su family is beautiful..." The

surrounding discussions kept coming, but Yue Feng just pretended not to hear it, he just wanted this The parade was about to end, and when the wedding was over, I tried to see a doctor for Su Liner, and then I found a chance to leave.

Soon, the team crossed the main street and came to a rural road outside Hidden Dragon Town.

I have to say that Yinlong Town has a beautiful environment, like a paradise. At this time, it is midsummer. On both sides of the road outside the town, flowers are blooming, and the grass is very beautiful.

“Stop, stop!”

Just as Yue Feng was admiring these beautiful scenery through the small window of the sedan chair, suddenly, a loud shout came from the front. Suddenly, the entire welcoming team was forced to stop.

Damn, how dare anyone in the Su family’s welcoming team dare to stop it?

Yue Feng frowned, and quickly opened the curtain to look outside. He saw a few playboy disciples stopped in front of the team, all brightly dressed, obviously disciples of big families.

The head of the one, wearing a bright yellow long gown, holding a folding fan, is graceful, but in those eyes, there is a sinister glitter.

“Master Liu!”

At this time, the leader of the team hurried over, with a respectful look on his face: “Today is the happy day of the Su family, and I ask Master Liu to raise your hand!”

“Look at what you said!”

Known as Master Liu The old man shook the folding fan lightly, his face full of arrogance: “Su Liner is my cousin, today is her big day, how can I make trouble? I’m waiting here, I have a few words to say to the groom. , it’s not a broken rule!”

This person is Liu He, Su Lin’er’s cousin, the eldest young master of the Liu family.

The Liu family is not in Yinlong Town, but it is also a big and famous family nearby. Liu He and Su Liner grew up together, and they are childhood sweethearts.

Speaking of which, Liu He has liked Su Liner since he was a child, and once vowed to marry Su Liner when he grows up, but Su Liner had an incurable disease, and the marriage was over, but he learned that the Su family was Su Liner. He recruited a son-

in-law who came to the house, and he was also a gambler, which made Liu He very upset, so he deliberately waited on the only way to the parade.

Uh...

At this moment, the leader looked embarrassed, and he didn't dare to talk nonsense in the face of Liu He's arrogance.

"Get out of the way!" Liu He, too lazy to talk nonsense, pushed the leader away and went straight to the sedan chair.

Whoa!

In the next second, Liu He lifted the curtain and looked at Yue Feng with a bad look: "You are the waste called Yue Yang? Come down here, I have something to tell you."

The

voice fell, and he pulled Yue Feng out and pulled it into the grove next to him.

To be honest, Yue Feng wanted to fight back at this time, but because he didn't know the identity of the other party, he held back.

At this time, when he arrived at the grove, Yue Feng asked indifferently, "Who is your Excellency? What do you have to do with me?"

"Haha..."

Liu He smiled contemptuously, with a lofty attitude: "You kid even me. I don't know. Still want to enter the Su family's door? Tell you, I'm Su Liner's childhood cousin, Liu He, Young Master Liu!"

Chapter 4842

Yue Feng was stunned for a moment, then quickly squeezed out a smile and stretched out his hand: "It turns out to be my cousin, disrespectful!"

Ziwei mainland did not have the etiquette to shake hands, but Liu He could also see that the 'Yue Yang' in front of him was In order to please himself, he immediately slapped Yue Feng's hand away, and said coldly: "The special code is close to me!"

Then, Liu He pointed to the groom's clothes on Yue Feng's body: "Take it off for this young master."

Liu He Arrogant and arrogant, he likes to bully others the most. Today, he made up his mind to make the groom make a fool of himself. When he returns to Su's house, he will be even more embarrassed without the groom's clothes.

What? Take off the groom's clothes?

Hearing this, Yue Feng was stunned for a moment, then smiled: "It's not good." He could see that Liu He was deliberately looking for trouble when he intercepted the welcoming team on the way, but at the moment he was also worried. Don't care.

"Ma De!"

Seeing him grinding and chirping, Liu He suddenly lost his patience and shouted coldly, "If this young master asks you to take it off, you will take it off. What nonsense?" The voice fell, and several companions behind him immediately gathered around him, swearing.

"A piece of trash, how dare you bargain with Young Master Liu?"

"Look at your virtue, are you qualified to be the son-in-law of the Su family?"

"If you dare to talk nonsense again, Young Master will make you look good today.

" Take action against Yue Feng.

Mad!

Facing this situation, Yue Feng secretly clenched his fists, and his heart was a little angry at this time.

If you don't know the same thing as you guys, you still smack your nose on your face.

"Master Liu!"

Just at this critical moment, I heard a coquettish shout, and then a slender figure walked over quickly, it was Su Liner's personal maid Qiu Hong.

It stands to reason that Qiu Hong is Su Lin'er's personal maid and should not have appeared here, but according to the local rules, on the wedding day of the new husband, the wife's family must send a trusted person to follow in the welcoming team.

Just now, the wedding reception team was suddenly forced to stop. Qiu Hong was very curious.

"Young Master Liu!"

At this time, Qiu Hong was full of smiles and said respectfully: "Today is the big day of the young lady, please hold your hand high and let the welcoming team move on, otherwise it will delay the good day. Auspicious days, it will be bad."

After speaking, Qiu Hong gave Yue Feng a scornful look, and scolded coldly: "Yue Yang, what's the matter with you? Today's wedding day, you are not well in the sedan chair. Wait, run out to offend Young Master Liu, can you save some food? Why don't you hurry to kneel down and apologize to Young Master Liu?"

His voice was fierce, his attitude was different from that of Liu He.

What?

Should I kneel down and apologize to him?

Hearing this, Yue Feng almost laughed angrily, Nima, it was going well, but Liu He stopped the welcoming team and made things difficult for me in every possible way, but when it came to Qiu Hong's mouth, it became mine. problem.

Can this even make sense?

Haha...

At this time, Liu He was full of pride, and said to Qiu Hong, "It's still Qiu Hong

's general knowledge." Then he looked at Yue Feng viciously: "Quickly kneel down and apologize to this young master, for today's matter, this young master will I don't care about you anymore, know each other, and don't know how to praise."

When he said this, Liu He's face was arrogant, and his tone was unquestionable.

Nima!

At this moment, Yue Feng couldn't help it at all, and sneered: "It's really interesting, why did I kneel down and apologize to you for robbing your wife? Are you still awake?"

Seriously, Yue Feng originally I don't want to tear my face off, but this Liu He is so hateful, he can't bear it or not.

"Yueyang!" Qiu Hong was in a hurry and stomped her feet: "You dare to talk to Young Master Liu like this, you don't want to live anymore?" This Yue Yang is really hateful. .

Mad!

At the same time, Liu He's face was also extremely cold, and he howled at that time: "You kid, you are courting death, hit me!"

Whoa!

The voice fell, and several accomplices around, rolled up their sleeves one after another, and rushed towards Yue Feng.

Seriously, if these slutty children in the past, Yue Feng would not have paid attention to it at all, but now and then, at this time, Yue Feng's soul was still imprisoned in his body, and his power could not be released, and he was completely the same as ordinary people. Undoubtedly, the positive resistance is only a loss.

Chapter 4843

So Yue Feng didn't even think about it at that time, and ran to the depths of the grove.

While running, Yue Feng shouted, "Oh, you're beating someone, and the young master of the Liu family is bullying someone."

Wow!

The welcoming team was originally waiting on the road. At this time, when they heard the call, many people came over to watch. Seeing Liu He and a few chasing Yue Feng in the woods, there was a lot of discussion.

"Yueyang, this kid is really a bum star. On the day of the wedding, Liu Shao asked for trouble."

"This kid is nothing but gambling, and he deserves to be taught by Liu Shao..."

"But then again, this Liu Shao also It's so lawless, how can I say that today is also the day of Miss Su's big wedding, as a cousin, he took the initiative to pick things

up..." "Shh, keep your voice down..." The

surrounding discussions kept coming, Liu He was so angry that Yue Feng talked back just now, which made him very angry. At this time, when he saw him running away and shouting to attract so many onlookers, Liu He was even more furious. Climbing up...

"Stinky boy."

At this time, Liu He greeted his companions and chased after him. At the same time, he shouted: "If you are caught by me, I have to rip your skin off." An

angry shout came . , Yue Feng kept at his feet, turned back and sneered and said: "Master Liu, I won't really tell you, you want to marry Su Liner, but she is seriously ill, and now you are marrying me, and you are not happy. "

If you really want to be the bridegroom, I'll just give you the clothes, there's no need to make it look like killing your father's enemy."

Anyway, his face was torn apart, and Yue Feng had no scruples, so he just joked happily and talked about it. He has never been afraid of anyone.

“what...”

These remarks directly stabbed Liu He's pain like adding fuel to the fire. At that time, he was so angry that he shouted: “Okay, you bastard, don't run away, if I forgive you lightly today, I won't be called Liu He. Crane.”

How could Yue Feng be so stupid, when he heard this, he ran faster.

This....

Seeing this scene, Qiu Hong, who was standing not far away, stomped her feet in a hurry.

This Yue Yang is really not worrying at all. What could have been solved with two words of apology, he insisted on getting bigger and bigger, and it was difficult to clean up in the end.

At this moment, Yue Feng was running while observing the surrounding environment. He saw a huge beehive hanging on a tree trunk not far away, and his eyes suddenly lit up.

As you can see, the hive is half a meter in diameter, and it is densely covered with bees. Roughly speaking, there are at least hundreds of thousands of them. If they are stung, people will gain weight.

Ma De, Liu He is bullying others, I will give you some hardships today.

Just in the blink of an eye, Yue Feng noticed in his heart, and while running, he picked up a few purple wild flowers, this purple wild flower is called 'Eight Spirit Grass', because of its special smell, it has the effect of repelling mosquitoes. Especially when the bees smell it, they will avoid it far away.

At this moment, Yue Feng took off the 'night spirit grass' and quickly spread the pollen all over his body, at the same time he did not forget to shout at Liu He who was chasing behind him: “Tsk tsk, Liu Shao, your physical strength is not good, you are chasing me as a waste. No, I advise you to go home and go to sleep, haha...”

When he shouted this, Yue Feng had already run under the hive.

“Ma De!”

At this time, Liu He heard Yue Feng's ridicule, and he was almost furious, he had lost his mind, and his face was extremely hideous: "Boy, you'd better not be caught by me, otherwise it will interrupt you. Legs."

Roaring, Liu He greeted his companions and walked towards Yue Feng.

pat!

However, at this time, Yue Feng smiled slightly, knocked down the hive, then turned and ran towards the road.

Haha... these hundreds of thousands of bees, you can enjoy it slowly.

Om...

The moment the hive landed, the bees inside exploded, because Yue Feng smelled of 'Eight Spirit Grass' pollen, those bees were very afraid and didn't dare to approach, but their homes were destroyed and their anger was hard to calm down. , they locked Liu He and others.

Hundreds of thousands of bees erupted together, and the scene was almost obscuring the sky.

"My God, so many bees!"

"Liu...Liu Shao...run!"

At this moment, seeing the dense swarm of bees rushing towards, both Liu He and his accomplices were all shocked. Losing his color, he turned his head and ran away, but it was too late.

Chapter 4844

"Ah..."

"Oh, my nose..."

"Help..." The swarm of

bees was like a black fog, directly shrouding Liu He, and in an instant, several people were stung Jumping up and down, there was a burst of ghost crying and wolf howling.

Seeing this scene, whether it was Qiu Hong or other people watching not far away, they couldn't help but take a deep breath. Especially hearing the miserable howls of Liu He and others, he was even more frightened.

Oh my god... so many wild bees can't sting people to death.

In shock, some people wanted to go up to help, but when they saw the bee colony that covered the sky and the sun, they couldn't summon the courage.

At this moment, Qiu Hong also trembled. She thought that Yue Yang would be beaten hard today, but she never expected that the situation would change like this.

But she was also a little curious, why those wild bees just attacked Liu He and others, but turned a blind eye to 'Yue Yang'?

Huh...

At this moment, Yue Feng ran to the front panting, and said with a smile at Qiu Hong: "Let's continue to set off, today's big day, we can't delay the good time."

"You... .."

At this time, Qiu Hong, still in shock, couldn't help but ask: "What's going on with those wild bees?" She didn't believe that Yue Feng had such a great ability, which would make the wild bees fear. There must be something odd about it.

Yue Feng showed a smile: "Who knows, maybe those wild bees like young master Liu, so they want to get close to them. They don't like me, so they don't chase me."

Hearing this, Qiu Hong was speechless.

What is this explanation? These wild bees are not human, so how can you tell whether you like them or not?

Thinking about it, Qiu Hong still wanted to ask.

However, Yue Feng would not give her a chance, and immediately shouted: "Oh, those wild bees seem to be coming. I heard that this kind of wild bee stings people the most, especially like to sting beautiful women's faces.

" into the sedan chair.

At this moment, Qiu Hong's delicate body trembled, subconsciously touched her face, and then quickly followed, urging loudly at the team: "Go, go!"

She wanted to ask someone to help Liu He, after all Liu He is a Miss's cousin, but thinking of his better face, he decided to leave.

A few minutes later!

The welcoming team finally returned to the Su family compound.

It was seen that the Su family compound at this time was already full of high friends, and almost all the guests were there.

Whoa!

Seeing Yue Feng walking into the yard in a groom's attire, the guests present immediately pointed at Yue Feng, and when they started talking, many people even took the opportunity to boo!

"Oh, the bride is here!"

As soon as the voice fell, someone smiled and corrected: "What bride, see clearly, this is a man, and he is a son-in-law."

"Look at me, forget this is this . The Su family has recruited a son-in-law." The voice fell, and there was laughter around. In their opinion, Yue Yang's entry into the Su family was a joke in itself.

The sound of laughter came, Yue Feng just pretended he didn't hear it, and led directly into the hall under the guidance of Qiu Hong.

At this time, in the hall, Master Su was sitting on the main seat in a fancy dress. Seeing that the welcoming team finally came back, a trace of displeasure appeared on his face, and he asked Qiu Hong, "Why so late?"

According to the plan, the wedding team should have returned very early, and now it has been delayed by a stick of incense, almost missing the hour.

"Master..."

Qiu Hong bit her lip lightly, and said very nervously: "It's like this, halfway through, Young Master Liu stopped the team and said he wanted to have a few words with the groom, so he was delayed for a while. Time."

Liu He?

Hearing this, Master Su frowned, what is this bastard doing?

Muttering in his heart, Master Su smelled at Yue Feng, "What did Liu He say to you?"

Yue Feng was about to answer when he heard a commotion outside, and then the crowd parted ways, and Liu He walked in quickly up the hall.

Haha...

Seeing Liu He's appearance, Yue Feng almost couldn't help laughing.

I saw that at this time, Liu He's face was covered with a big red and swollen bag, like a pig's head. He was also stung by wild bees in many parts of his body, and he gained a lot of weight. Recognized, this is the arrogant and arrogant young master of the Liu family on weekdays.

Chapter 4845

Wow!

Seeing Liu He's appearance, everyone in the hall was also startled. Master Su's eyes were dim

. It took a long time for him to recognize that it was Liu He. He immediately asked, "Liu He? How did you become like this?"

"Uncle!"

Complaining to Master Su: "It's all good deed done by this bastard Yueyang. When the wedding parade was just now, I kindly stopped the sedan chair and wanted to explain a few words to Yueyang, so that he wouldn't make a joke at the wedding.

" I know, this kid doesn't know what to do, and he doesn't know what kind of magic trick he used to get a swarm of wild bees, look at me, sting me..."

"Uncle, you have to decide for me."

Say At these times, Liu He couldn't help but glared at Yue Feng.

In his heart, even if he reverses right and wrong, Master Su will turn towards him. After all, Yue Yang is an unmotivated waste in the entire Yinlong Town.

Nima!

At this moment, Yue Feng was both angry and funny.

This Liu He lied without blinking his eyes. It was you who made things difficult for me in every possible way, but now you are confounding black and white, and it is all my fault.

However, Yue Feng didn't bother to explain, standing there with an indifferent expression and no fluctuation at all.

Master Su is not a fool either. Liu He's virtues are very clear. He is an uncle. He immediately waved his hand and said angrily: "Okay, today is your cousin's big day, so don't make trouble with it. Don't you feel ashamed?"

"Yes!"

Liu He replied reluctantly, not forgetting to give Yue Feng a look.

Mad, you stinky boy wait for me, next time I'm in my hands, I definitely want you to look good.

"Okay!"

At this moment, Master Su looked at the time, waved his hand and said, "The time has come, let the lady come out!"

Qiu Hong responded quickly and walked quickly into the backyard.

After a while, with Qiu Hong's help, Su Lin'er slowly walked into the hall!

In an instant, the eyes of the audience all converged on Su Lin'er.

Whoa!

The moment they saw Su Lin'er, there was an uproar in the audience. Many male guests stared wide-eyed, almost insane, and many female guests were also full of jealousy.

beautiful.

So beautiful.

I saw that at this time, Su Lin'er was wearing red bridal makeup, showing her perfect and sexy figure to the fullest. Although she wore a red hijab on her head, her beautiful face was still looming, as if in full bloom. The roses, so that the surrounding herbs have lost their color.

Simply beautiful.

However, because of her terminal illness, Su Lin'er at this time looked extremely weak and needed Qiu Hong's support to walk. Even so, she still couldn't hide her charming temperament.

For a time, many male guests did not forget to laugh and discuss while admiring it.

"It is said that Miss Su's beauty is like a fairy, but now that she looks at it, she really lives up to her reputation!"

"Yeah, it's just a pity that she is suffering from an incurable disease, so she is cheap for this waste of Yueyang!"

"Hehe, we don't need to be envious. , this Yue Yang was just chosen by Master Su, to be happy for the Miss Su family, do you really think he can enjoy the grace of beauty?"

"Haha, also..."

Under the discussion of everyone, Su Lin'er and Yue Feng had already stood in the hall. At this time, the official Shen Qinghe

walked out quickly, stood at the door and looked around, and said loudly: "The auspicious time has come, the wedding will begin now.

"

Outside, I bowed to heaven and earth.

At this time, Shen Qinghe continued to shout: "Er Baigao..."

"Wait!" Before

he could finish speaking, he heard a loud shout from outside, and then the crowd separated, a man with a few big men, aggressive came in.

The man at the head, dressed in a black silk coat, looked like he was hanging around, and it was Li San, a well-known local ruffian in Yinlong Town.

This....

what's the situation?

At this moment, the audience was silent and all eyes were on Li San. You must know that Li San is a well-known gangster in Yinlong Town. head, so no one dares to provoke it.

The ultimate husband in Chinese chapter 4846-4850

Chapter 4846 The

Su family and Li San have never communicated, and suddenly broke into the wedding today, and everyone present couldn't help muttering secretly.

“Why is Li San here?”

“Isn’t he here to look for something?”

“Who knows...”

During the discussion, Master Su stood up tremblingly with a cane, looking at Li in displeasement. Three: “Li San, today is the happy day of my Su family. What are you rushing in for?”

Li San smiled and folded his fists pretendingly: “Master Su, calm down, I, Li San, are rude. People, originally, your Su family is having a wedding today, so I shouldn’t bother.”

After speaking, Li Sanyu turned around and glanced at Yue Feng with a half-smile, “It’s just your uncle, Yue Yang, this kid, three days. I owe me one hundred taels of silver before, and I haven’t paid it back yet, so I have to come and ask for it!” The

last word fell, and Li San took out the IOU.

Whoa!

At this moment, the audience suddenly exploded, and many people looked at Yue Feng with complicated eyes.

“This Yue Yang is really muddy and can’t support the wall. He doesn’t have the ability, so it’s so good to gamble!”

“Yeah, I owe Li San so much money.”

“There’s a good show to watch.”

Yue Feng also secretly frowning, Nima, how much money Yue Yang owes, someone will come to collect the debt on the wedding day.

Just as he was muttering, he felt a coldness coming from the side. Yue Feng turned his head subconsciously, and saw Su Liner’s face was flushed, and her eyes were staring coldly at herself through the hood.

This chapter is provided by . Visit for daily update.

“It’s really useless waste.” Su Lin’er said coldly, unable to hide her contempt.

Uh...

Yue Feng can’t laugh or cry, Nima, it’s Yue Yang who owes money, not me.

But on second thought, now that she has replaced Yue Yang's identity, Su Lin'er's attitude is understandable.

"Cough cough!"

At this moment, Master Su reacted, coughed a few times, and said slowly: "Li San, the debt Yue Yang owed outside, the Su family has already helped him pay off, where did you get this IOU from? Come?"

Master Su was right, when he decided to recruit Yue Yang as his son-in-law, the Su family paid off the gambling debts for him.

Uh...

Hearing this, Li San's face was a little embarrassed, but he quickly regained his composure and said with a smile: "Master Su, you don't know something, these silvers were borrowed from me by Yue Yang that night when he was drunk. , you can see his fingerprints on it."

Immediately, Li San looked at Yue Feng coldly: "Yue Yang, in black and white, you won't want to default."

When he said this, Li San subconsciously looked not far away. of Liu He.

Yes, this IOU is not real at all, but faked by Li San, and these are arranged by Liu He. Liu He was determined to make Yue Yang make a fool of himself today, so he planned to take off his groom's costume during the parade of the wedding party, but it backfired and failed.

However, when Li San arrived, Liu He's swollen face showed a smile again.

On the big day, someone comes to ask for a debt, what do you do?

Yue Feng smiled wryly, he is not Yue Yang at all, how do you know if there is such a thing?

"Hey!"

Seeing Yue Feng's expression, thinking he was cowardly, Li San shook the IOU in his hand proudly: "How about Yue Yang, now pay back the money?"

As soon as he finished speaking, Master Su sighed and waved at Qiu Hong: "Go and get one hundred taels of silver." Although he was very annoyed in his heart, it was only natural for him to pay his debts. Yue Yang was already the son-in-law of the Su family. This account helped him change it.

After all, it is a good day and auspicious day, and the wedding cannot be delayed.

Qiu Hong reluctantly responded and went to get the silver.

“Father!”

At this moment, Su Lin'er looked anxious and stopped Qiu Hong: “Why should we help him pay back the money owed by this waste?” This waste is just the mud that can't support the wall. If it is for him today It's repaid, once the precedent is set, everyone will come to ask for debts in the future. Isn't it a bottomless pit?

When the words fell, Yue Feng also smiled bitterly and said, “Miss is right, I will pay my own debts.”

Huh?

Hearing this, both Master Su and everyone around were stunned.

This kid wants to repay the debt by himself, does he have any money?

Chapter 4847

Li San was also stunned, and then sneered at Yue Feng: “Oh? This is the son-in-law of the Su family, but it's different. I'm very confident.”

After speaking, Li San stretched out his hand, his face full of expression. It is contempt: “Come, one hundred taels of silver, hand it over.”

“No money!”

Yue Feng stood there with a calm expression, and simply spit out two words.

Whoa!

The voice fell, and there was an uproar around!

“This kid owes money and is so righteous?”

“Dare to talk to Li San, this kid is timid...”

“Haha, it's getting more and more interesting.”

At this moment, Li San also froze . He rolled his eyes and looked at Yue Feng coldly: “What did you say?”

“I said I have no money!” Yue Feng showed a smile and looked like a condescending child: “Are you deaf, can’t you hear?”

Haha.. .

Many people couldn’t help laughing out loud.

Mad!

Hearing the sarcasm in Yue Feng’s tone, Li San became furious and pointed at Yue Feng and shouted: “Good boy, are you afraid you have forgotten my identity? Dare to talk to me like this? I tell you, if you don’t pay back the money today, You can’t imagine it better!”

Li San was very angry at this time. In the past, when Yue Yang saw him, he nodded and bowed.

In the face of Li San’s anger, Yue Feng did not panic at all, and said lightly: “I have no money to pay back anyway. Otherwise, let’s bet on the spot. If I win, the money I owe will be written off.”

“Anyway, the one hundred taels of silver was lost to you in the game. Now I want to win it back, no problem?”

What?

At this moment, the audience exploded. Is this kid crazy, betting on his wedding?

Many guests shook their heads secretly, believing that this ‘Yue Yang’ was completely useless, and everyone in the surrounding Su family looked extremely ugly.

Master Su, in particular, was so angry that he paused on his crutches: “Yue Yang, don’t be ridiculous!” As the

voice fell, Su Lin’er next to him couldn’t hide the contempt and disgust in her heart: “Yue Yang, if you want to bet, just Get out of the Su family, this is not a casino!”

This bastard, a good wedding, was messed up by him.

“Master!”

In the face of everyone’s accusations, Yue Feng’s expression remained unchanged, and he patiently said to Master Su: “I know this is inappropriate, but before entering Su’s house, I have to settle all my previous affairs. Otherwise, it will be more troublesome in the future.”

Hearing this, Master Su calmed down.

Yes, Yue Yang is right. The Li San in front of him is supported by the head of the yamen. If Yue Yang doesn't settle the matter today, I'm afraid that Li San will find trouble with the old Su family every day in the future.

It's just...Is Yue Yang sure he will win? Seeing that Master Su didn't speak anymore, he should acquiesce. Yue Feng smiled

slightly and looked at Li San and said, "How? Gamble or not?"

"

Disdain: "If you have a seed, you can gamble, but let's talk about it before. If you win, the one hundred taels will be written off in one lump sum, but what if you lose?"

"You can do what you say." Yue Feng said without thinking: "You can mention the conditions, as long as I can do it."

"Hehe..."

Li San waited for these words, and immediately sneered. : "If you lose, kneel for me on the spot and kowtow three times." When he said this, Li San couldn't help but glance at Liu He who was not far away.

Speaking of which, Li San was originally entrusted by Liu He, and today he deliberately embarrassed Yue Yang and made a fool of himself. The 100 taels of IOUs were also forged. He never thought that Yue Yang would be able to repay the money. I can't afford it. Naturally, how to make him humiliated.

Huh....

Seeing this situation, the eyes of the surrounding guests suddenly converged on Yue Feng and whispered.

"I'll go, kneel in public, this Li San is really cruel..."

"Yeah, today is a big day for people, if you kneel in public, your face will be embarrassed."

"But then again, This Yue Yang also deserves it, saying that he should not be motivated."

Chapter 4848

"Okay!"

Yue Feng just pretended he didn't hear the surrounding discussions, and immediately nodded to Li San in agreement.

The next second, Yue Feng smiled at Qiu Hong and said, "Go, prepare three dice for me."

"You..."

Seeing Yue Feng ordering himself, Qiu Hong was furious. Pointing fingers is really hateful, but with so many people around her watching, she didn't have a seizure, but went reluctantly.

At this time, someone had already moved the gift list table and used it as a gambling table for the time being.

Whoa!

At the same time, the surrounding guests also gathered around, watching the excitement one by one with interest.

It was the first time that the groom had a bet with someone at the wedding, so everyone wanted to see how it turned out.

"Here!"

At this time, Qiu Hong brought three dice, threw them to Yue Feng with a look of contempt, and then stepped aside.

Yue Feng took a porcelain bowl from the side, threw the dice into it, and looked at Li San with a half-smiling smile: "How are you going to gamble?"

Li San said with confidence and a proud tone: "Let's roll the dice once, and compare Big size!"

When he said this, Li San looked at Yue Feng with mocking eyes, this bastard was very lucky, and he preferred to gamble. Over the years, every time he bet with himself, he has never won.

Want to turn the carp over today? It's just a dream!

Haha...

Sensing the contempt in Li San's eyes, Yue Feng didn't care at all. Instead, a confident smile appeared on his face.

To be honest, Yue Feng rarely gambles, and even hates gambling in his heart, but he has full confidence that he can make Li San feel ashamed of losing today.

“Better than the size? Okay!”

At this moment, Yue Feng smiled slightly and handed the dice to Li San: “You come first!”

Li San rolled the dice with arrogance and confidence on his face, and quickly shook it a few times. , put the bowl upside down on the table: “Let’s play three games, two wins in three games.”

“This first game, we are younger.” The

voice fell, and Li San opened the porcelain bowl first.

Whoa!

At this moment, everyone around looked around, exclaimed in surprise, and saw the number of points on the three dice, which were three 1s.

This is already the smallest point, and it is the point that Li San opened first. Even if Yue Feng rolls three 1s next, he will not win.

In this match, Yue Feng lost steadily.

For a time, many people couldn’t help but give Li San a thumbs up and compliment him.

“It’s actually three 1’s, amazing.”

“This dice rolls wonderfully.”

At the same time, everyone in the Su family had an ugly expression on their faces.

This first game Yueyang is about to lose, it seems that the next game will be even more ominous.

Um?

Seeing this number, Yue Feng also frowned secretly, as if he didn’t expect Li San to be quite good at gambling. But not at all panic.

“Hehe!”

At this moment, Li San showed a smile and said triumphantly at Yue Feng: "How is it? The eldest son-in-law of the Su family, it's up to you, but I don't think you need to shake it, anyway, you will lose."

"Really?"

Yue Feng smiled and said calmly: "It's not necessarily, maybe God favors me?" As he said that, he picked up the dice on the table and shook it, and then The china bowl is upside down.

"Haha..." Li San's face was full of contempt: "I don't believe it, you can still roll out a score smaller than three." When the

voice fell, Li San lifted the porcelain bowl away.

What?

The next second, seeing the points on the table, Li San was surprised.

At the same time, the surrounding people also exclaimed again, all of them were dumbfounded, and their eyes were full of incredible.

I saw that Yue Fengyao's three dice were all facing up at 1 o'clock, but.... two dice were stacked on top of each other.

After all, the total number of points is two.

This....

Li San was stunned there, only feeling that his brain was buzzing and blank.

what is this? Can the dice still roll this effect?

Everyone around was also dumbfounded. For a while, the entire Su family was silent, and a needle could be heard clearly.

"This..."

Finally, some people around were relieved and couldn't help but say, "How should this be calculated? Did Yue Yang win?"

Chapter 4849 The

voice fell, and someone answered: "According to the rules, it should be Yue Yang who won, I remember a year ago, I saw two masters betting against each other in the Golden City casino, and one of them also used this kind of game. The way to win, it's

just that people shake it out based on their ability, it's simply amazing, and Yue Yang... It should be a blind cat encountering a dead mouse, and it's blind."

"That's right!"

Hearing this, Li San also reacted and shouted: "How can the dice be stacked together? This one doesn't count, it doesn't count!"

Like everyone around him, Li San also thought that Yue Feng was blind.

It's just that neither he nor the people around him knew that when he was rolling the dice just now, Yue Feng secretly used the 'Ghost Hand' and deliberately stacked the two dice together.

The ghost hand stunt is a kind of Jianghu technique that Yue Feng learned many years ago on Tongtian Island.

don't count?

At this time, Yue Feng smiled and didn't bother with Li San, nodded and said, "Okay, then it doesn't count, let's continue!"

Then he handed the dice to Li San!

Li San was very confident, and after shaking it a few times, he still didn't forget to blow on the porcelain bowl, and shouted, "We are still younger this time!" After

speaking, he opened the porcelain bowl!

I saw that the dice below were 123, with a total of six points.

Yue Feng smiled, picked up the dice and shook it casually, then opened it, and it was 122, a total of five points.

"You lost!" Yue Feng said slowly with a relaxed face.

Yes, just now was the moment when the dice was opened, Yue Feng still used the 'Ghost Hand' and changed the number of points in it. With the 'Ghost Hand' stunt, Yue Feng was completely sure to win!

call...

Seeing this situation, everyone in the Su family, who had been nervous at first, breathed a sigh of relief at this time.

It seems that Yue Yang was lucky today, he actually won the first game.

Mad! 123 can you lose with a total of six points?

At this time, Li San's face almost turned into a pig's liver color, and he was very unconvinced, but he nodded and said, "Okay, you are lucky, you win the first game! Let's continue!"

Yue Feng nodded and continued to play dice with Li San.

Li San is still full of confidence, thinking that Yue Feng's victory in the first game is completely lucky.

But in the next two games, he completely collapsed.

Li San loses all three! The second one is bigger, Li San's score is 655, which is already big enough, but Yue Feng shakes out a leopard and three sixes.

The third game was relatively small, Li San was 112, while Yue Feng was three 1s. In each hand, Yue Feng won by a narrow margin, but all three were won, which made people uncomfortable.

Whoa!

When the third round ended, everyone around was in an uproar.

"My God, this boy Yueyang has such good luck today? He actually won all three games." "Is n't

this boy a loser? How can he win?

"

, Yueyang has bad luck, but he likes to gamble. Every time he goes to the casino, he loses everything and never wins.

Today, he won three games in a row, which is incredible.

Mad!

Li San was also sweating profusely when the surrounding discussions came. He was furious at the time. Looking at Yue Feng's eyes, he couldn't hide his anger and doubts.

Today is really bad. This kid lost three games in a row today.

At this time, Li San didn't know that the person in front of him was not the real Yue Yang at all, and Yue Feng didn't use all the 'ghost hands', the stunts of ghost hands, and the fast-moving naked eye couldn't see it at all.

In this case, Li San wanted to win against Yue Feng, unless the sun hit the west side.

At this moment, Su Lin'er looked at Yue Feng in astonishment. She heard that this trash, every time she goes out to gamble, she loses nothing, but she didn't expect to win three games in a row today.

It's incredible.

"Li San!" At this moment, Yue Feng smiled slightly, looked at Li San and said, "Three hands are determined to win or lose, you have already lost, is this IOU of one hundred taels written off?"

Nima.

Facing Yue Feng's question, Li San's face flushed and he was speechless for a while. His eyes were also subconsciously looking at Liu He who was not far away.

I came to trouble today because I was instructed by Liu He, and now everything is messed up.

Chapter 4850

Just a glance, I saw that Liu He was gone.

Obviously, seeing that Li San lost three games in a row and his plan to make 'Yue Yang' embarrassed in public failed, Liu He was very annoyed and thought it was boring to stay, so he quietly left.

"Li San!"

Seeing Li San froze on the spot and refusing to speak for a long time, Master Su couldn't help but say: "Let's keep our word, you said before, if Yue Yang wins, I owe you money. Just write it off."

"You are a respectable person in Yinlong Town, so you shouldn't break your promise. I hope you don't waste everyone's time. Today is the happy day of my Su family, and please don't delay the time."

Uh.. Seeing Master Su speak and Liu He was not around ,

Li San was sweating profusely, and squeezed out a smile: "Master Su said that I lost, and the money was written off."

After speaking, Li San wiped his sweat and left in a dreadful manner.

Huh...

There is no liveliness to watch, and many guests around have returned to their positions.

At this time, Master Su was also in a good mood. He smiled and waved his hand: "The wedding continues." The

voice fell, and Shen Qinghe, who was on the side, hurriedly shouted: "Second thanks to the high hall."

...

On the other side, Kyushu mainland.

Donghai City on the Earth-round Continent.

Recently, Donghai City has been very unstable, and several major news have been released one after another.

Before the news of Li Tianci's complete madness was recovered, someone broke out that Li Tianci unconditionally transferred all the properties of the Li family to Liu Hao's name.

The Liu family behind Liu Hao was already in decline. With this money, it became the top giant in Donghai City.

Not only that, Liu Hao established the Liu Group, which covers various industries. These news directly caused a sensation in the entire Donghai City!

Liu's Group Building, located in the commercial street of the new district of Donghai City, has a full 108 floors. From a distance, it reaches the sky and still becomes a new landmark building in Donghai City.

At this time, in the president's office on the top floor of the building, Gogne, dressed in a black suit, was sitting leisurely on the sofa sipping tea.

In front of him was a man in a black robe, which gave people a very mysterious feeling.

It is the messenger of the ghost world, Ji Sheng.

"Congratulations

, Zunshang!” At this time, Qi Sheng was full of compliments, and congratulated with a smile: “This time, I reincarnated through the body, I didn’t expect to take over such a big industry by mistake, and this pair of Zunshang regained their peak strength. , but it’s a good thing.”

Hearing this, Gogne smiled contemptuously: “Stop flattering, you know, the wealth and honor in this human world are completely disdainful of this deity.”

“My current cultivation has reached a bottleneck. , you need to absorb the essence of pure yang and pure yin, is there anything you can do?”

Gone frowned when he said this, looking very troubled.

It is a necessary process for the demons to use the essence of human beings to restore their powerful strength. At first, the remnant soul of Gone was trapped in the magic mirror, and then sealed in the depths of the ghost world. At that time, after Bai Yunfei designed it to rescue him, in order to help Ge Nirvana rebuilt his body and found many virgins for him.

And this time, Gone was resurrected with the help of Liu Hao’s body. Although he didn’t need a boy or girl, he also needed to absorb the pure yang and pure yin essence of human beings.

Well...

Ji Sheng looked embarrassed, pondered, and said: “Your Highness, you also know my identity, it is very inconvenient for you to do these things for you. Once Pluto notices, I will be completely finished.”

“But I have a suggestion, Since you have established the Liu Group and have strong financial resources, this is a unique condition. There is no ordinary person in Kyushu who does not love money.”

“Especially some women, they are even more vain, as long as the honor puts forward generous conditions, I will believe that there will be many people who will come to the door one after another.”

Well...

Hearing these suggestions, Gone narrowed his eyes slightly, nodded and said: “Okay, I understand, there is nothing else, you go back. Let’s go!”

“Yes, Your Highness!”

Ji Sheng responded quickly, and then a black mist rose up, and the figure disappeared on the spot.

“Using money as a bait, um... that’s a good idea.”

After Ji Sheng left, Gogne muttered to himself, then a smile appeared on the corner of his mouth, and he stood up and walked out of the office slowly.
