

The ultimate husband in Chinese chapter 4921-4930

Chapter 4921

“Who is outside?”

Hearing the movement, Mr. Shuiyue immediately walked out of the room with a look of vigilance.

At the same time, Ye He and Bai Lin also opened the door one after another.

“It won’t be someone who will treat the disease.” Bai Lin couldn’t help but said.

“Junior sister, it’s so late, how could someone come to see a doctor?” Ye He said, and walked out quickly. When he reached the gate, he saw Mr. Shuiyue standing there with a look of astonishment. like a sculpture.

Looking at Master’s feet again, Ye He was also shocked.

This...

“Master, Senior Brother, what’s wrong with you?” Bai Lin couldn’t help but asked curiously, and walked out, her body trembled in the next second.

Oh my god... this time yellow phosphorus grass? And...so much.

Under the moonlight, Bai Lin could clearly see that there were seven or eight yellow phosphorous plants standing outside the door, with night dew on the leaves, exuding a scorching golden glow.

“Who is it?” In the

next second, Ye He responded. When he came over, he looked around and couldn’t help shouting: “Who put the yellow phosphorus grass here? Please show up quickly.”

However, what responded to him was only the silence around him.

Ye He wanted to shout, and Mr. Shuiyue waved his hand and said with a deep expression: “Don’t shout, the other party put the yellow phosphorus grass in it, but he didn’t want to show up, and the other party used this method to ask us Save the man in the house.”

When he said this, Mr. Shuiyue was indifferent on the surface, but he was extremely shocked in his heart. What is the identity of the comatose man in the room, so that people can send so many yellow phosphorus grass silently, you must know, yellow phosphorus grass is a treasure that cannot be found. over one.

This chapter is provided by . Visit for daily update.

And the mysterious person who came just now actually sent so many.

Incredible. In shock, Mr. Shuiyue

quickly greeted the two of them: "Hurry up and bring in the yellow phosphorus grass. Also, don't tell anyone about tonight's matter, do you know?"

The identity of the person who can get so much yellow phosphorus grass at once is definitely not simple, and it is best not to spread it out.

Um!

Hearing the order, Bai Lin and Ye He both responded, put away the yellow phosphorus grass, and then closed the door.

At this moment, in the woods not far from Shuiyuewu.

Seeing that the yellow phosphorus grass was put away by Mr. Shuiyue and the three of them, Kuangxi, who was hiding there, was relieved: Lord Beast God, you'll be fine... the other side.

Back in the house, Mr. Shuiyue was no longer in the mood to sleep, and immediately brought a yellow phosphorus grass, mixed with other medicines, and gave it to Yue Feng.

Huh...

I don't know how long it took, Yue Feng let out a low hum and slowly woke up. He only felt that he had a very long dream, but he couldn't remember the scene in the dream.

When he opened his eyes, Yue Feng still felt a bit of a splitting headache, but he was stunned when he saw the surrounding environment and the three teachers and apprentices beside him.

shit.

where is this? I was rescued by them?

A few seconds later, Yue Feng looked at Mr. Shuiyue: "You are..."

"My name is Mr. Shuiyue!" Mr. Shuiyue said with a smile: "I'm just a mountain villager who knows a little about medical skills. Yesterday My two apprentices brought you back when they saw you comatose in the woods."

It turned out to be so.

Hearing this, Yue Feng was stunned, and immediately said gratefully: "Thank you, Mr., for helping me." When he said this, Yue Feng clearly felt that the silver needle on his back was pulled out, and the pain disappeared. Just a little weak.

Mr. Shuiyue waved his hand with a humble expression on his face: "Your Excellency, I'm not that great at saving you. In the end, it's your own good fortune."

Yue Feng was stunned. It wasn't you who saved me...

At this moment, Bai Lin came up and couldn't hide the enthusiasm on her delicate face: "Oh, you are awake, knowing how much you were when we found you. Is it scary? Your face is as white as a piece of paper... In the end, it was me and my brother who brought you back."

"After returning, the master said that you need yellow phosphorus grass to wake up, and for this, the master went out on purpose. One day, the yellow phosphorus grass was not found."

Chapter 4922

"But just now, I don't know who put a few yellow phosphorus grass outside the gate. That's how you can wake up."

Bai Lin said in a row, and finally looked at Yue Feng curiously: "Say After so much, I forgot to ask what your name is, by the way, who gave you the yellow phosphorus grass, the identity must not be simple."

Uh...

Facing Bai Lin's continuous questioning, Yue Fengyi Time is a little fuzzy. However, he secretly stroked it in his heart and understood something.

I was in a coma in the woods, and then they brought them back. Because I was too weak, I needed a kind of yellow phosphorus grass for treatment, but there was no one here. After that, there was a mysterious person who took the initiative to send the yellow phosphorus grass...

Who would it be?

In this Ziwei continent, I have no relatives, no reason, and no friends. Who is so concerned about my life and death?

Thinking about it, Yue Feng's eyes suddenly lit up, could it be that Kuangxi?

Seeing that he was silent, Bai Lin wanted to ask.

Cough cough...

But at this moment, Mr. Shuiyue pretended to cough twice and said solemnly: "Lin'er, this little brother has just woken up and needs to rest, so don't ask so much, go and rest. ."

As he spoke, he secretly shook his head at Bai Lin, signaling that he should not ask too much.

This apprentice is really naive. The man in front of him can make people send so much yellow phosphorus grass late at night. His identity is extraordinary, and he knows too much, which is not a good thing.

The voice fell, and Ye He, who was on the side, quickly said: "Yes, junior sister, it's too late, let's go to rest." After saying that, Ye He couldn't help but look at Yue Feng, and the hostility in his eyes could not be concealed.

What is the charm of this kid, the junior sister is so enthusiastic about him.

Bai Lin looked reluctant, but she still pouted and returned to her room.

Ye He also turned and left.

As soon as his forefoot left, Mr. Shuiyue took a deep look at Yue Feng and said with a smile: "Little friend is not in good health, so he will rest in my Shuiyuewu for a few days. It is relatively quiet here, and no one will disturb you."

"Thank you . Yes!" Yue Feng was very grateful.

Mr. Shuiyue said no more and returned to the room to rest.

Phew...

Yue Feng sat there and took a deep breath. At this time, his mood also calmed down. This place is really good. It's good to rest here for a few days...

The next morning, Mr. Shuiyue went out. Bai Lin and Ye He, in the herb room at the back, cleaned up the herbs that had been dried before.

Yue Feng is sitting in the pavilion in the courtyard, closing his eyes and resting.

"Mr. Shuiyue! Mr. Shuiyue..."

At this moment, there was a panicked shout from outside the gate. Immediately afterwards, I saw a village woman, holding a boy of about three years old, ran in in a panic.

The boy's face was full of pain, and there were two bite holes on his right leg, and blood kept flowing out.

"Mr. Shuiyue, hurry up, my child was bitten by a snake, save him..." The woman was so anxious that she kept crying.

This...

Yue Feng hurriedly stood up, Mr. Shuiyue hadn't come back at this time, Bai Lin and the two were still making herbal medicines in the back, they didn't think much about it at the time, hugged the child and said, "Don't panic, I'll help him Look!"

"Okay...Okay..." The woman nodded again and again, looking at Yue Feng's eyes with some doubts.

Who is this man? Haven't seen it before!

Just when Madam was muttering in her heart, Yue Feng had already carried the child and entered the hall.

Putting the child on the bamboo bed, Yue Feng checked it carefully and found that the child was only bleeding from his leg, and the wound was not swollen or black, which proved that the snake that bit him was not poisonous.

After confirming this, Yue Feng got a dried herb from the side, smashed it and pressed it on the wound, and then began to bandage it.

call!

Seeing this situation, the woman was a little skeptical at first, but when she saw Yue Feng's skill, she was relieved. This man must be Mr. Shuiyue's new disciple...

Soon, Yue Feng wrapped up It was a good wound. I got a few herbs and said to the woman: "Don't worry, the snake that bit him is not poisonous, but the child bleeds a lot. You can decoct these herbs at home and take good care of him. It's all right."

"Thank you..Thank you sir..." The woman took the herbal medicine and was very grateful.

Whoa!

However, at this moment, Ye He walked in, and when he saw the scene in front of him, he was instantly furious, and pointed at Yue Feng and shouted, "Hey, what are you doing?"

Chapter 4923

"Cure!" Yue Feng said lightly.

cure?

Ye He was instantly furious, and he couldn't hide his disdain: "You are a patient, who do you treat? If you treat this child out of the ordinary, wouldn't it ruin my master's reputation?"

At this time, Ye He was very Angry, he was originally unhappy with Yue Feng, and brought him back with arrogance, and the younger sister seemed to be estranged from him, but now, he actually used the name of Shuiyuewu without authorization to treat people?

What? Isn't this person a disciple of Mr. Shuiyue? Also a patient?

Seeing this, the woman was frightened and hurried to see her son.

Ye He walked over quickly, took off the gauze and looked at the wound, and he was relieved. Fortunately, the child was not poisoned, otherwise the consequences would be disastrous.

"The child is all right!"

Ye He re-bandaged the wound and smiled at the woman: "Don't panic, I will give you a few more medicines."

Hearing this, the woman relaxed and took Ye He's refilled medicine left.

"Yue Feng!"

As soon as his forefoot left, Ye He turned his head to look at Yue Feng coldly, and said angrily, "Do you know what you were doing just now? We are in Shuiyuewu here, life is at stake, it's not you who are blind. It 's a nonsense place!"

"Can't you see? I'm saving people." Yue Feng frowned, Mad, this Ye He has something wrong, after he woke up, he would target me everywhere.

Thinking to himself, Yue Feng continued: "Also, the child is not poisoned, just bleeding too much."

“Nonsense!” Ye He said aggressively: “Of course I see it, even if it is like this, you can’t treat people casually, have you studied medicine? Do you know how to save people? Huh?”

I do not understand?

Hearing this, Yue Feng couldn’t help but want to laugh. He was a disciple of Shennong, known as the ancestor of medicine, and it was not a problem at all to treat various incurable diseases.

However, Yue Feng was too lazy to argue with him, stretched his waist, and was ready to go to the pavilion to rest!

“Hey!” Yue Feng’s attitude made Ye He very upset, and he was about to explode with anger: “I’m talking to you, have you heard? Don’t forget your identity...”

At this time, Bai Lin listened to When the news came, he walked out quickly and couldn’t help asking, “Senior brother, what’s the matter, you’re yelling.”

Seeing Bai Lin coming over, Ye He became even more excited, so he told what happened just now. He came out and said at the end, pointing at Yue Feng and said, “It’s too outrageous, you can just give him treatment if you don’t understand anything. What if that child has three strengths and two weaknesses? Master’s reputation is ruined, who will come to see him in the future? “

Huh?

Knowing the situation, Bai Lin was not angry at all, but her eyes lit up and looked at Yue Feng with interest: “Yue Feng, have you studied medicine?”

Yue Feng smiled and nodded, “I understand a little bit.”

“Oh, I can’t see it.” Bai Lin suddenly became interested and walked over quickly: “Can you tell me what you have learned? Is it different from what my master taught?”

” At that time, Bai Lin’s eyes were full of anticipation.

“Junior sister!” Ye He was in a hurry, came over and grabbed Bai Lin: “Don’t listen to his bragging, if he had studied medicine, how could he have been unconscious in the woods before?”

Bai Lin was more friendly to Yue Feng, Ye He was more upset.

Bai Lin frowned and said to Ye He, “Senior brother, how can you say that? Didn’t he just bandage the child’s wound? Nothing unexpected happened.”

Hehe...

Hearing this, Ye He smiled contemptuously and snorted coldly: "He just hit and hit by mistake, and he is right. Let me tell you, fortunately, the snake that bit the child is not poisonous, otherwise, the trouble will be big."

Said Then, Ye He did not forget to say to Yue Feng: "What happened just now is not an example, otherwise, I will tell the master to blow you away."

Stupid!

Yue Feng was too lazy to pay attention, lying in the pavilion and meditating.

"Junior sister...have you seen it, what's this kid's attitude?" Ye He was unwilling to give up. At this time, he really wanted to do something to Yue Feng, but thinking of the instructions from the master before he left, he still endured it.

"Okay, Senior Brother!"

Bai Lin was speechless and gently persuaded: "Yue Feng just woke up last night, and you always look at him unpleasantly, can you stop being so stingy?"

"Where am I stingy? I am the most tolerant. Yes." Ye He argued.

Chapter 4924

Seeing him like this, Bai Lin was very helpless, and without saying much, she turned around and walked towards Yue Feng.

"Yue Feng!"

Bai Lin said embarrassedly when she got to the front, "Actually, my senior brother is a good person, I don't know why it suddenly became like this, and I care about you everywhere, don't forget to take it seriously. "

Yue Feng opened his eyes and smiled slightly: "It's okay, I don't care."

For so many years, Yue Feng has seen many people of all kinds. It would be very tiring to care about everyone.

Swish!

Seeing Bai Lin running over to say good things to Yue Feng, Ye He's expression changed instantly. He was about to speak, but at this moment, he heard footsteps coming from outside the gate again.

The footsteps were dense, and there seemed to be a lot of people.

For a while, Yue Feng and the three all looked towards the gate subconsciously.

I saw more than a dozen big men, the first to pour in, standing around the yard, followed by a young man in Chinese clothes, hugging a girl, and walked in quickly.

The girl's facial features are delicate, but her face is pale, sleepy and very weak.

Feeling each other's aura, Ye He and Bai Lin became nervous subconsciously.

Afterwards, Ye He hurried up to meet him with a smile: "Does your Excellency come to see a doctor?"

"Nonsense!"

As soon as he finished speaking, a big man with a stubborn back glared and said coldly, "You are blind, Can't you see that my young lady is seriously ill?"

Seeing the vicious look of the other party, Ye He's heart shuddered, and he was so scared that he didn't dare to speak.

"Don't be rude!"

At this moment, the young man in Chinese clothing scolded lightly, then looked around, when he saw Bai Lin, his eyes lit up, and then he regained his indifference, and said with a smile, "Listen. It is said that there is a Mr. Shuiyue who lives here, and his medical skills are very good. My little sister was infected with typhoid a few days ago, and she took several prescriptions to no avail, so I took her to seek treatment."

After speaking, the youth in Huafu shouted at the main hall . "I also asked Mr. Shuiyue to come out and treat my little sister."

This young man in Chinese clothing is called Sun Haocheng, the young master of the Sun family dozens of miles away from Shuiyuewu, and his little sister Sun Wan'er is in his arms.

A few days ago, Sun Wan'er was playing and contracted typhoid fever. At that time, she asked a doctor to prescribe a few prescriptions, but the results were not good. Hearing that there was another relationship with Mr. Shuiyue, Sun Haocheng hurriedly brought her little sister.

Phew...

Seeing this, Ye He and Bai Lin looked at each other.

In the next second, Bai Lin took a step forward and said crisply, "Stop shouting, this son, my master is going out."

Going out?

Sun Haocheng frowned, very unhappy: "When will you be back?"

Bai Lin thought about it and said, "I can't tell, it may be a long time, or a day."

How can this be possible?

Hearing this, Sun Haocheng instantly became uneasy, the little sister's illness could not drag on, how could it be possible to wait here all the time?

Thinking to himself, Sun Haocheng's eyes fell on Ye He: "You... go out and find your master." His tone was awe-inspiring, unquestionable.

Ah?

Ye He was stunned for a moment, then said with a bitter face: "This son, where is my master, he never told us, I... Where can I find it..." What

he said was the truth. Mr. Yue likes to travel around, and every time he goes out, he never tells his disciples where he is going.

Hearing this answer, Sun Haocheng frowned, and then, the big man behind him strode over, grabbed Ye He's collar and lifted him directly.

Mad!

The big man looked fierce: "Young master asked you to look for it, so you can look for it. Where is there so much nonsense? It delayed my young lady's illness, and I smashed your entire Shuiyuewu."

Ye He was so frightened that he shivered. But he didn't dare to talk nonsense: "I... I really don't know where Master is."

Yue Feng sat in the pavilion, his expression remained unchanged, and he was not affected by the events in front of him at all, but seeing Sun Haocheng indulging his subordinates, so Arrogant, at that time there was also a dark frown.

Everyone said that Mr. Shuiyue was not here, and it was a bit unreasonable to be so arrogant.

However, this Ye He bullied the soft and was afraid of the hard, so it would be fine to let him suffer a little.

Chapter 4925

At this moment, Bai Lin couldn't stand it anymore, walked up quickly, and said to Sun Haocheng: "You can't beat people, my master is not here, we can cure it."

"Yes, yes..." The

voice fell, Ye He nodded again and again, with a flattering look on his face: "We can cure it." After learning medicine from Mr. Shuiyue for several years, Ye He was still a little confident. It was just a typhoid fever, which could be easily cured.

you rule?

Sun Haocheng squinted, looked at Ye He and Bai Lin, and then raised his hand. The big man immediately released Ye He.

Cough cough...

Ye He coughed a few times, almost out of breath just now, and then politely said to Sun Haocheng: "Please bring her into the room."

Sun Haocheng nodded and put Sun Wan'er in the inside. Bamboo bed.

Ye He and Bai Lin walked over quickly and checked Sun Wan'er's situation together.

"Senior brother." Bai Lin frowned and whispered to Ye He: "She is so cold, it must be cold to the bones, I'm afraid it will be troublesome to treat."

Ye He said confidently: "It's alright, in the pharmacy. The herbs are sufficient, as long as we follow the instructions of the master, we will be able to cure her soon."

"Hey!"

Seeing the two muttering, Sun Haocheng looked impatient: "Can you two do it?" He clearly saw, Sister Sun Wan'er's condition is getting worse and worse, and her heart is already anxious.

"Okay, of course!" Ye He nodded again and again, his face full of flattery: "Don't worry, young master, I will prepare medicine for the young lady right away."

After saying that, he gestured towards Bai Lin.

Bai Lin didn't dare to delay, she hurriedly went to the back warehouse to get the medicine, then put it into the medicine jar in an orderly manner, and began to suffer. After doing this, she put a hot towel on Sun Wan'er's forehead.

Yue Feng stood outside, watching quietly, with a bit of approval in his eyes.

It seems that Mr. Shuiyue really has some attainments in medical skills, and the two disciples he taught are also good.

But in the next second, seeing the medicinal herbs that Bai Lin brought, Yue Feng couldn't help frowning secretly.

Ice hay?

Ice hay is cold, it can absorb the cold air in the human body, and it is really effective in treating typhoid fever. However, it is only for patients who have just contracted typhoid fever, and Sun Wan'er in front of her has been infected for several days, and the cold air has penetrated into the bones. In this case, if you use ice hay again, I'm afraid it will backfire.

Thinking of this, Yue Feng wanted to remind him, but it was too late. At this time, the medicine was almost ready.

"The medicine is ready."

At this time, Ye He smiled, poured the medicine into a bowl, and handed it to Bai Lin to let her feed Sun Wan'er.

"Can you do this medicine?" Sun Haocheng asked indifferently, expressionless.

Ye He said flatteringly, "Young master, don't worry, this medicine was created by my master. It specializes in treating typhoid fever. There has never been a problem. I keep the medicine until the disease is cured."

When he said this, Ye He subconsciously straightened his back and his face also full of confidence.

Hearing this, Sun Haocheng breathed a sigh of relief.

At this time, Sun Wan'er had finished drinking the bowl of medicine. For a while, the room was silent, and everyone's eyes were fixed on Sun Wan'er, waiting for her reaction.

"Well..."

After more than ten seconds, Sun Wan'er suddenly trembled, her eyebrows knitted tightly, and then she kept shaking.

Sun Haocheng's face changed: "Little sister, what's wrong with you?"

“Brother!” Sun Wan’er’s forehead was covered in cold sweat, and she trembled as she spoke: “Cold, I’m so... cold!” Once closed, he fainted.

I saw that her face was pale, and as her body became colder and colder, a thin layer of ice had formed on her skin...

Mad!

Sun Haocheng was instantly angry, his eyes were extremely blood red, and he glared at Ye He: “You bastard, are you going to kill my sister?” After he finished speaking, he raised his hand and slapped him in the face.

Snapped!

With this slap, Sun Haocheng almost used all his strength, and then heard a crisp, screaming scream from Ye He, and the whole person flew a few meters away, with a five-fingerprint on half of his face, and a trace of blood oozing out of the corner of his mouth.

“This...” Ye He covered his face, the whole person was stupid and wanted to cry without tears.

What’s the matter? I obviously did what my master taught me, and the formula of the medicinal materials was correct.

Bai Lin, who was beside her, was also blinded, and stood there dumbfounded, at a loss.

The ultimate husband in Chinese chapter 4926-4930

Chapter 4926

“You...”

Soon, Bai Lin reacted, caring for her courage, and said to Sun Haocheng: “How can you beat people?” These people are so hateful, and they didn’t do it on purpose. Acting?

Sun Haocheng’s face was full of sternness: “You made my sister like this, I didn’t kill him.” The

voice fell, and the big man next to him also said viciously: “If there is something wrong with my young lady, don’t say hitting you. Not only did you want to be buried with you, but the Shuiyuewu also burned down.”

“You guys are unreasonable.” Bai Lin was angry and argued: “The method we used is correct, it is this lady who wasted her time too much. It’s been a long time. That’s why it’s like this...”

Oh?

Hearing this, Sun Haocheng laughed in anger and looked at Bai Lin coldly: "According to you, are we making trouble unreasonably?" Having said that, Sun Haocheng looked impatient and said coldly, "I ask you, Can the two of you save my sister?"

Bai Lin pondered for a while, and looked at Ye He at the door with an embarrassed expression: "This...it's hard to say..." The herbs just used were all it was taught by the master. It's true, so why can't it work?

Not knowing the situation, Bai Lin naturally didn't dare to promise at this time.

Swish!

At this moment, Sun Haocheng's face sank, and he waved his hand sharply: "Break this place for me."

"Yes, young master!" Hearing the order, the big men around responded in unison. Rush into the hall, pick up things and smash them.

Almost in a blink of an eye, the entire hall was already in a mess.

Ye He was shocked and angry, but in the face of Sun Haocheng's powerful aura, how could he dare to stop it?

"Stop it! Don't smash it.. Stop it..."

This chapter is provided by . Visit for daily update.

Seeing this scene, Bai Lin was also in a hurry. She rushed over to stop it, but was pushed down by a big man: "Looking for death, go to the side."

Putong !

The big man was very strong, and Bai Lin felt that she almost flew out. She staggered and slammed into the pillar next to her, knocking a hole on her forehead, and blood flowed instantly.

"Junior sister!" Ye He exclaimed, and hurried over to support Bai Lin.

Immediately, Ye He took courage and said to Sun Haocheng, "Young master, we really tried our best just now, and we didn't play tricks in secret. It's your sister's situation, really..."

Before he finished speaking, Sun Haocheng's eyes flickered. With a cold snort, Ye He closed his mouth in fright. Then quickly bandage Bai Lin's wound.

Huh ...

At this moment, Sun Haocheng looked at Sun Wan'er's condition, and saw that her whole body was extremely cold, almost turned into an ice sculpture, and her face was extremely gloomy: "I'll give you one last chance, within a stick of incense, you can't be saved. Good my sister, the two of you will be buried with you." When the

voice fell, the big man next to him immediately lit a stick of incense, and then looked at Ye He: "Are you particularly deaf? Didn't hear what my young master said? Why don't you hurry up? Treat Miss?"

I...

Ye He stood there trembling, almost crying, with a sad face: "Master, I have never seen Miss's current situation, how dare you treat it rashly."

Speaking of which, Ye He was full of self-confidence before, but after Sun Wan'er's accident, the whole person was blinded. It was the first time he had seen such a situation, so how dare he act rashly.

Bai Lin was also in a hurry. She quickly thought about the methods that Master had taught before, but after thinking about it, she couldn't find any symptom that was right for Sun Wan'er.

Ma De..

Seeing the reaction of the brothers and sisters, Sun Haocheng clenched his fists and his face was extremely hideous. Could it be that his sister is really helpless? She is still so young...

The more Sun Haocheng thought about it, the more grief he felt, and his heart was also burning with anger.

Thinking of this, Sun Haocheng waved his hand, and spit out a few words coldly: "Send these two wastes on the road, and then set fire to this place."

Swish... When

the voice fell, a few big men around immediately pulled out The long knife on his body surrounded Ye He and Bai Lin fiercely.

At this moment, Ye He was frightened, knelt on the ground with a thud, and kept begging for mercy: "Young master, spare your life, spare your life, why don't I try again?"

Chapter 4927

“You can rest assured, I will do my best to bring the young lady back.”

When begging for mercy, Ye He almost cried bitterly. He never thought that today was so good, bad luck would come to him.

Bai Lin was so frightened that her legs went weak and she could barely stand still. She never thought that the group of people in front of her would be so cruel, especially this young master of the Sun family, who not only wanted to kill people, but also burned Shuiyuewu. , It's a waste of life...

However...

Ye He's plea for mercy, Sun Haocheng didn't listen at all, his eyes fixed on Sun Wan'er, immersed in grief and loss.

“Boy.”

At this time, a big man walked up to him, raised his long knife and said viciously: “You killed our eldest young lady, and it will be cheaper for you to go down and be buried with you. Let's go.” The

last word fell, the long knife A cold glow was drawn, and it was cut directly towards Ye He's neck.

Ye He was so frightened that he was paralyzed and shivered. He forgot to hide...

At the same time, Bai Lin was so frightened that he almost fainted.

“Wait!”

Seeing that Ye He's neck was about to be cut off, at this critical moment, a faint voice came, and then Yue Feng walked in quickly and stood in front of the bamboo bed.

Um?

Sun Haocheng frowned and looked at Yue Feng up and down: “Who are you kid?” When he came in just now, Sun Haocheng saw Yue Feng and thought he was also here to see a doctor, so he never cared about it.

When he asked his subordinates to do it just now, Sun Haocheng thought that Yue Feng would definitely be scared away, but he didn't expect that he was always outside.

Swish!

At the same time, the eyes of more than a dozen big men around him also converged on Yue Feng.

The big man at the head held the long knife tightly, walked over quickly, and scolded Yue Feng: "Do you know who our young master is? The young master of the Sun family in Luoxian Town, don't mind your own business and get out of here, or you Killed too."

Seeing this scene, Bai Lin was even more nervous, what is this Yue Feng going to do? These people are ruthless, isn't he afraid of causing trouble?

Ye He sat there paralyzed, but his face was indifferent.

This Yue Feng is really sick. He didn't see that the other party was not good, so he dared to come together...

But that's fine. Yue Feng took the initiative to come forward, and these people would have no time to take care of themselves. Yes, it is best for Yue Feng to take them all. Provoked, maybe after waiting for myself and my junior sister, I can still have a chance to escape.

"Young Master Sun, isn't it?"

Facing the bad eyes around him, Yue Feng did not change his expression and looked at Sun Haocheng quietly: "You don't have to be nervous, maybe I can take a look at your sister's illness.

" With that, Yue Feng observed Sun Wan'er's situation up close.

It seemed that he had guessed well before. Sun Wan'er had been infected with typhoid fever for several days, and the cold had already penetrated into the bones. In this case, Ye He and Bai Lin used ice hay, not only could they not be able to expel the cold poison from their bodies, but also will backfire.

At this moment, Sun Haocheng was stunned when he heard Yue Feng's words.

In the next second, Sun Haocheng reacted and looked at Yue Feng up and down, his eyes were full of contempt and suspicion: "Can you cure it?" The boy's face was pale, how could he look like he was just recovering from a serious illness, he knew medical skills?

At this moment, Bai Lin also recovered, looking at Yue Feng's eyes, she was both happy and a little nervous.

Great..

If Yue Feng saves Sun Wan'er, Shuiyuewu can avoid a disaster.

However, at this moment, Ye He couldn't help shouting: "Master Sun, don't listen to his nonsense, he is a patient here and doesn't understand medical skills at all."

“My master will be back soon. Wait for a while, let my master give Lingmei governance.”

Ye He’s face was nervous and frightened when he shouted these words, but there was a hint of cunning in his eyes, yes, he did it on purpose, to do this on purpose Sun Haocheng’s attention and hatred were shifted to Yue Feng, so that he and his junior sister could be spared death.

When the words fell, Bai Lin was a little anxious, and couldn’t help but whispered to Ye He: “Senior brother, what are you doing? How can you say that?”

Ye He glanced at Sun Haocheng cautiously, and replied in a low voice, “Senior sister , I’m not wrong, this Yue Feng has no medical skills at all, if he makes things worse, wouldn’t it be a problem for us?”

Chapter 4928

Implicated?

Hearing this, Bai Lin was furious.

In the situation just now, anyone who knew how to protect themselves would have run away long ago, but Yue Feng not only did not run, but also took the initiative to come forward. Such a person with a sense of justice, but in the eyes of his brother, he is so worthless.

What’s even more irritating, the senior brother also made a mockery of Yue Feng, which is really outrageous.

Thinking of this, Bai Lin stomped her feet and ignored Ye He.

At the same time, Yue Feng is here.

“Interesting.”

Hearing Ye He’s shout, Sun Haocheng’s face was grim and he showed a sneer.

The next second, Sun Haocheng stared at Yue Feng: “Why are you a patient here to join in the fun? Do you think you have a long life?” He was already angry, but now Yue Feng took the initiative to bump into it, and he was immediately angry.

When the voice fell, the big man next to him walked over quickly, pulled out Yue Feng’s collar, and said coldly: “Boy, even our young master dares to tease?”

“Quickly kowtow to our young master to apologize, maybe the young master can forgive me You are dead.”

His tone was stern, unquestionable.

Stupid...

Yue Feng didn't even look at the big man, his expression was indifferent, and he said lightly to Sun Haocheng: "Is there any ability to save your sister, I have no evidence, just let me try it and find out."

Hearing this, Sun Haocheng frowned.

The big man next to him couldn't help but yelled, "Are you really courting death? My young lady's illness, how can you try it casually?"

"Your sister's illness is very serious." Yue Feng still ignored the big man, and admitted the truth to Sun Hao: "It will definitely not be able to drag Mr. Shuiyue back, why don't you let me give it a try, if it works, so can all of us. Everyone is happy, what do you think?"

Seriously, Sun Haocheng and these people are not good people, Yue Feng's divine power has not recovered, and he didn't intend to meddle in his own business, especially that Ye He, who is always targeting himself, and is currently eating under Sun Haocheng's hands. For Yue Feng, he was happy to hear it.

It's just... Bai Lin is kind-hearted. Since she woke up yesterday, she has been taking care of Yue Feng everywhere, so Yue Feng really can't bear to see her being bullied by Sun Haocheng's group.

Huh ...

Hearing Yue Feng's words, Sun Haocheng took a deep breath and pondered. He clearly saw that his sister Sun Wan'er's arrival was extremely pale and her breathing was a little weak.

"Young master!" The big man next to him didn't believe that Yue Feng could cure the disease at all, so he couldn't help shouting: "This kid looks like a liar, cut him down." After he finished speaking, he raised the long knife in his hand.

However, Sun Haocheng raised his hand to stop it: "Retreat!"

"Yes, young master!" The big man looked reluctant, but he still responded, loosened Yue Feng's collar, and stepped aside.

"Boy!"

At this time, Sun Haocheng stared at Yue Feng, his tone was very solemn: "I will give you one chance, and this is the last chance, if you dare to lie to me, you will not be able

to save my sister at all, this Shuiyuewu not only wants If you burn it to the ground, the two of them are going to die, and I will also smash your body into ten thousand pieces.” The

last sentence, Sun Haocheng almost squeezed out of his teeth, very cold.

call!

At this moment, both Ye He and Bai Lin couldn't help shivering.

Immediately, Ye He reacted and shouted at Sun Haocheng with a face full of panic: “Master Sun, his business has nothing to do with us, he is just here for treatment and recuperation, and my junior sister and I are not familiar with him. “...”

As he spoke, Ye He couldn't help but glared at Yue Feng, Mad, this kid is really a broom star, you blow each other's air, and in the end you will still hurt us...

Bai Lin watched quietly. Looking at Yue Feng, he was thoughtful.

“Shut up!”

Ye He's shouting made Sun Haocheng very upset, and he immediately ordered to the big man beside him: “This kid will cut off his tongue if he yells again.” The

big man nodded and looked back at Ye He fiercely. .

Gudong!

Ye He couldn't help swallowing his saliva, his heart trembled, and he quickly closed his mouth.

“Boy!”

At this time, Sun Haocheng looked at Yue Feng coldly: “You can start.”

Yue Feng nodded and pointed at Bai Lin: “Let your people let go of her, I need her help.”

Sun Haocheng No objection, he waved his hand and motioned the big man to let go of Bai Lin.

Chapter 4929

With freedom, Bai Lin walked over quickly and said softly to Yue Feng: “What do I need to do?”

Yue Feng smiled slightly, first looked at Sun Wan'er's situation, and then said: "Go and help me grab a few pairs The medicinal materials are here, and I want three grams of bamboo green and five grams of apricot..."

However, Bai Lin was blank and stood there without moving.

Uh...

Yue Feng patted his forehead, and then he remembered that this place is Ziwei Continent, and the names of herbs here are different from those in Kyushu Continent.

Thinking of this, Yue Feng said again: "It's the medicinal material you prepared just now, prepare another one."

Bai Lin was stunned and asked subconsciously, "Are you sure?" It doesn't work, why does he have to prepare another one?

Could it be... Senior Brother is right, he doesn't understand medical skills at all?

"Master Sun!"

At this moment, Ye He, who was not far away, couldn't help shouting: "This kid doesn't understand at all, the prescription he wants to prepare is the same as the one we used just now, he is learning from us. , don't believe him."

Ye He's eyes were full of madness at this time.

Ma De, this Yue Feng is too shameless. To ask junior sister to prepare another copy of the medicinal herbs just now is a complete plagiarism. According to his method, who wouldn't...

shhh!

At this moment, Sun Haocheng's face was also extremely gloomy, and he asked Yue Feng coldly, "Will you?"

Yue Feng calmly said, "Young Master Sun, my life is in your hands, are you afraid? What? If it really doesn't work, I'll bury your sister with you."

"Don't listen to him, he's a liar..." Ye He couldn't help shouting again.

This time Sun Haocheng couldn't speak, and the big man next to him slapped him in the face: "Ma De, what are you talking about? Believe it or not, I really cut your tongue off?"

Ye He quickly shut up.

“Okay!” At this moment, Sun Haocheng also calmed down and motioned for Yue Feng to continue.

Yue Feng nodded at Bai Lin and said in a low voice, “Don’t panic, trust me.”

Phew!

Seeing Yue Feng’s serious look, Bai Lin nodded, turned around and went to the back to get the herbs. Speaking of which, she didn’t understand why she trusted Yue Feng so much.

Soon, the medicinal materials were brought over, Yue Feng checked it, and picked out the ice hay from it. At the same time, he instructed Bai Lin: “Bring me another copy of *Rehmannia glutinosa*, *Rehmannia glutinosa* is your ‘brown hay’.”

This...

Bai Lin’s body was shocked, she couldn’t help but said, “Ice hay has the ability to absorb the cold air in the body. The effect is the medicine of this whole medicine. If you pick it out, this medicine will lose its effect. Moreover, brown hay is hot. If Miss Sun takes it, the heat and cold in her body will be mixed, and she will be even more unbearable. The...”

Ye He, who was not far away, dared not speak again, but nodded again and again.

What the younger sister said was right, this kid doesn’t make sense, he’s a complete nonsense...

However, Yue Feng smiled slightly and comforted Bai Lin: “Trust me, go get it.”

Seeing his insistence, Bai Lin Not sure what to say, so I brought rehmannia.

When the medicinal materials were all ready, Yue Feng gave Sun Wan’er a pulse, while instructing Bai Lin to decoct the medicine, and said at the same time, “Ice hay is indeed the nemesis of typhoid fever. What you did before was right, but the prescription you made is only for the medicine just now. A patient infected with typhoid fever, and this Miss Sun has been infected for several days, and the cold is so cold that it is

useless to use ice hay at this time. These, Bai Lin’s eyes flickered, if she realized something.

Hehe..

Ye He, not far away, sneered secretly, this Yue Feng is complete nonsense, this formula was researched by our master, how could there be a problem?

Soon, Bai Lin cooked the medicine and carefully fed it to Sun Wan'er.

At the same time, Yue Feng instructed Bai Lin to massage Sun Wan'er's acupoints.

"What is this?" Sun Haocheng couldn't help asking.

"Massage acupoints!" Yue Feng responded lightly: "Dredging the meridians, promoting blood circulation and resolving cold, so that the decoction can be quickly absorbed by Miss Sun."

Chapter 4930

Hearing this, Sun Haocheng nodded subconsciously and stopped talking.

At this time, Bai Lin finished feeding the medicine and stood by quietly.

At the same time, the eyes of everyone around were also focused on Sun Wan'er, quietly waiting for the effect.

For a while, the entire hall was silent.

"Well..." A

few minutes later, Sun Wan'er woke up, let out a low pain, and her body trembled slightly. "Brother!" At this time ,

Sun Wan'er was in a daze. Seeing Sun Haocheng, she said weakly, "I'm so uncomfortable... Am I going to die?"

Also full of cold sweat.

Oops!

Seeing this situation, Bai Lin instantly became nervous. The prescription that Yue Feng said didn't seem to work.

Ye He, who was not far away, also had a complicated face, staring fiercely at Yue Feng and Ma De. He knew that this kid didn't understand anything, and he was doing a fool. Originally, there were still some opportunities when Master came back, but now he said It's too late, and when that Sun Wan'er really dies, the entire Shuiyuewu will be over.

"Wan'er is not afraid, my brother is here!" Sun Haocheng stepped forward and held Sun Wan'er's hand tightly, tears welling up in his eyes. At the same time, anger rose in his heart.

Swish!

At this moment, all the big men around were glaring at Yue Feng.

In the next second, one of the big men shouted, and clenched the long knife and slashed towards Yue Feng: "You bastard, do you really plan to kill the young lady? I will kill you!"

Looking at the long knife, Yue Feng stood there, as steady as Mount Tai, not panicking at all.

"Retreat!"

Seeing that the long saber was about to slash at Yue Feng, Sun Haocheng shouted loudly, his eyes fixed on Sun Wan'er, and he was very excited.

He saw that the thin layer of ice formed on Sun Wan'er's body was melting at a speed visible to the naked eye. Not only that, but the pale complexion gradually recovered some blood color, and her body became quiet and did not tremble.

Obviously, this is a symptom that is slowly getting better.

"Brother!"

At this time, Sun Wan'er's eyes also recovered, and she was no longer in a trance. She said to Sun Haocheng: "Brother, I don't seem to be cold anymore.

"It's healed."

Hmm!

Sun Wan'er responded with a sound, and then her stomach made a gurgling sound. For a while, Sun Wan'er was very embarrassed: "Brother, I'm hungry."

Sun Wan'er has basically had no food for the past few days after contracting typhoid fever, and her condition has now recovered. , I feel very hungry.

Haha...

Hearing this, Sun Haocheng couldn't help laughing. He reached out and touched Sun Wan'er's forehead: "Okay, okay, my brother will take you to eat something delicious later. Let's go to Xianhe Tower and order your favorite. The food I like."

Sun Wan'er replied, and then with the help of Sun Haocheng, she got off the bamboo bed. Compared with when she first came, her whole person's spirit was completely different, like a different person.

This...

Seeing this scene, Ye He was instantly dumbfounded, looking at Yue Feng's eyes, full of incredible.

Impossible, this kid doesn't understand medical skills, yet he cured Sun Wan'er?

Bai Lin was also trembling, staring blankly at Yue Feng, completely dumbfounded.

It worked.

Moreover, he actually cured typhoid fever without using ice hay. It was incredible. If he hadn't seen it with his own eyes, who would have believed it?

Haha...

At the same time, the big men around were all overjoyed and excited.

"I know, Miss is auspicious."

"That's for sure, Miss is still so young, how could she be knocked down by typhoid fever?"

"Haha, great, Miss is finally fine."

At this moment, Sun Haocheng was also in a good mood, looking at Yue Feng's eyes were full of admiration: "I can't see it. Your Excellency seems to be mediocre in appearance, but your medical skills are so superb. You were offended just now!"

Immediately, Sun Haocheng took out a gold ingot and placed it on the table next to him, a pair of rich and powerful people. Posture: "You keep this money, it's even a reward!"

After saying the last word, Sun Haocheng greeted the big men around him and was about to take Sun Wan'er away.

However, Yue Feng did not go to get the gold ingot, but said indifferently: "Wait a minute, Young Master Sun stay for now!"
