

The ultimate husband in Chinese chapter 4981-4990

Chapter 4981

Yue Feng smiled slightly and pointed to the square behind the stone tablet: "The inscription on the tablet said, let's pass through the square in front of us first, and then we will make a major discovery."

When he said this, Yue Feng had a look on his face Seriously, but there was a hint of cunning in his eyes.

The inscription is right, crossing the square is indeed the only way, but Yue Feng is suspiciously hiding something, that is the square in front of him, which is very mysterious.

It doesn't look like much from a distance, but if you identify it carefully, you will find that every stone slab on the square is arranged in an orderly manner.

Just now, when Yue Feng came over from the Iron Chain Bridge, he noticed it.

At that time, in Yue Feng's mind, the scene of exploring the ancient tomb of Lu Bu a few years ago appeared. At that time, when he was in the ancient tomb of Lu Bu, before entering the last Hall of Heroes, there was also a large square.

At that time, the square was also paved with slate, and each slate had strange patterns. It seemed nothing, but it was actually a very dangerous Nine Netherworld Fire Formation.

Yue Feng clearly remembered that after finding the hall where Lu Bu and Diao Chan were dormant, Bai Xiaotian, Ouyang Jingwen's boyfriend at the time, took advantage of Yue Feng's unpreparedness and stole the secrets of the bloody battle. in the fire array.

Although many years have passed since this incident, it is still fresh in Yue Feng's memory.

The square in front of him is similar to the square in the ancient tomb of Lu Bu at that time. Of course, there are no other formations deployed in this square, but a lot of secret mechanisms are set up.

And these organs are very hidden and can't be seen with the naked eye at all. However, Yue Feng can deduce the location of these organs through the laws of Jiugong and gossip.

"Ha ha.."

Hearing Yue Feng's words at this time, Wang Meng was very excited and said with a big laugh: "Brother is really not an ordinary person, haha, I feel more relieved with my brother leading the way."

After speaking, Wang Meng greeted everyone behind him, and Yue Feng Together, start entering the plaza.

At this moment, when Yue Feng was leaving, he subconsciously looked back at Lu Xiaoshuang and motioned her to follow in secret.

call!

Getting the hint from Yue Feng, Lu Xiaoshuang frowned.

What the hell is this guy doing?

However, Lu Xiaoshuang was not easy to inquire about the situation in front of him, so he waited until Wang Meng and Yue Feng were far away and opened up some distance before slowly catching up.

"Ma De!"

At this time, when he entered the edge of the square, Wang Meng burst into a foul language and said with emotion: "This ghost place is really big, and I don't know what this square is for."

After speaking, Wang Meng rushed over . The red-clothed clergy behind them said, "Wait, everyone will speed up and try to pass through this place as quickly as possible." Just now, Yue Feng said that he would make a major discovery when he passed through this place, and Wang Meng couldn't wait.

"Yes, Hall Master!"

Upon hearing the order, dozens of red-clothed disciples responded in unison, and then quickly crossed the square.

"Wait a minute!"

However, at this moment, Yue Feng suddenly couldn't help shouting.

Everyone was startled and looked at Yue Feng.

Wang Meng was also full of doubts, and couldn't help but say, "What's wrong?"

Yue Feng took a deep breath and pointed at the slate paved on the square in front of him: "Tang Master Wang, you may not have noticed, these slates seem to be nothing. But there are hidden weapons below, and stepping on them rashly will trigger the mechanism."

What?

Have an agency?

Hearing this, whether it was Wang Meng or the red-clothed disciples, their expressions changed, and they didn't dare to act rashly in an instant.

A few seconds later, Wang Meng swallowed his saliva and asked cautiously, "Brother, since you know there are traps below, do you know how to avoid it?"

"Of course you do!" Yue Feng nodded with a smile, and then pointed to the slate on the ground. , analyzed: "This mechanism is also very easy to crack. When you enter the next time, everyone forms a column, walks five slates forward, then turns right and walks three slates, and then walks forward five slates..."

"Top five, right three, if you follow this rule, you will be able to avoid the following organs."

When he said this, Yue Feng looked serious, but secretly laughed in his heart. He never thought of cooperating with Wang Meng, how could he tell The way they actually cross the square?

Chapter 4982

Wow!

However, Wang Meng and these red-clothed sects don't grow flowers, but they don't know what Yue Feng's thoughts are. Seeing that his analysis is eloquent at this time, they are all very excited.

"It's so dangerous, I almost stepped on it just now."

"Yeah, fortunately, this Yue Feng stopped us in time."

Wang Meng was also full of praise, and said to Yue Feng: "Thank you brother, otherwise, just now I made a big mistake."

After speaking, Wang Meng shouted at the people around him: "Everyone heard what this brother said just now? Quickly, line up in a column. According to Brother Yue Feng's words, the top five are on the right. Three, move forward slowly."

“If someone goes wrong with the special code and triggers the mechanism, I will beat him to death.”

Whoa!

The last word fell, and dozens of red-clothed clergymen quickly lined up and stepped into the square cautiously.

Seeing this, Yue Feng smiled secretly and followed slowly.

For the first few minutes, everything was calm and nothing happened. However, after walking nearly 500 meters, suddenly, a red-clothed cleric walking in the front, the slate under his feet suddenly creaked. Click.

In an instant, everyone stopped quickly, and all their faces turned pale.

Mad!

Wang Meng, who was walking in the middle, suddenly changed his face, and couldn't help scolding the man in the lead: “Your special code is looking for death, right? What did I say just now? Follow the rules, are you special code leading the wrong way? ?”

Having said that, Wang Meng wanted to rush over and teach the red-clothed sect members a lesson, but considering that there were organs around, he suppressed his anger.

“I...”

The man was scolded bloody, fearful, and wronged: “Master, I'm not wrong, I just follow the rules of the first five and the right three.”

When he spoke, the man stood there tremblingly, He didn't dare to move at all, for fear that something might be touched, and everyone behind him was nervous.

However, they don't know that the organ has been touched.

Kazushi...

At this moment, Wang Meng was about to scold again, and suddenly he heard the stone slabs on both sides of five meters away, flipped over quickly, revealing rows of arrow holes, followed by a series of feather arrows, lashing out out.

Swish swish...

The arrow holes on both sides released feather arrows at the same time. Wang Meng and everyone had no time to react. At the same time, there was no way to avoid it. On

the spot, there were several disciples of the Red Clothes Sect. Spray, dye the ground red.

“Ah...”

“Ouch, my leg...”

However, the triggering of these organs, the feather arrows shot out were limited, and soon stopped, but even so, two people under Wang Meng were shot on the spot. He died and fell in a pool of blood, and seven or eight people were seriously injured.

Gudong!

At this moment, seeing those hidden weapons stopped, everyone was relieved, but they were still nervous. This place is really terrible. If you are not careful, you will die. Wang Meng's face was also extremely embarrassed. Then he thought of something, turned back to look at Yue Feng in a complicated way, and said solemnly, “Brother, is there something wrong with the method you just said?”

That's right, it's exactly what Yue Feng said. But something happened, Wang Meng was not a fool, he immediately understood that it might be Yue Feng's intention.

Seeing the situation here, Lu Xiaoshuang, who was following far behind, quickly stopped.

At this time, Lu Xiaoshuang was indescribably comfortable. It turns out that Yue Feng just said that he was cooperating with Wang Meng in order to lead them into the trap of the agency here.

It seemed that he had misunderstood him just now.

But seeing Wang Meng questioning Yue Feng with a bad face, Lu Xiaoshuang couldn't help worrying about him.

Uh...

At this moment, in the face of Wang Meng's questioning, Yue Feng scratched his head and looked very embarrassed: “Tang Master Wang, don't get excited, what was written on the stone tablet before was that the first five, right and third passed through. Yes. Let me observe...”

After speaking, Yue Feng pretended to observe all around.

On the surface, Yue Feng looked serious, but in his heart he was overjoyed.

Haha...

This Wang Meng is really well-developed and simple-minded. He believes whatever I say. Now that his subordinates are injured, he can't blame others. Who told you to forcefully cooperate with me?

Chapter 4983

At this time, after Yue Feng pretended to look around, he made a sudden realization and said, "Aiya, the person who deployed the agency is really cunning."

"How do you say it?" Wang Meng said coldly .

Yue Feng said hypocritically: "In the section we walked before, as long as we follow the rules of the first five, right and third, we can indeed avoid the hidden weapons, but after arriving here, the positions of these hidden weapons have changed."

"I guess, It may be that the person who designed it in the first place thought that someone would break the formation, so he changed these organs halfway."

At this time, Yue Feng, determined to make fun of Wang Meng, began to talk nonsense.

Mad!

Hearing this, Wang Meng couldn't help scolding: "The person who designed this mechanism is really abominable. This is to rectify people to death." After

speaking, he couldn't wait to ask: "Then... ..Brother, since this organization has changed, what shall we do next?"

At this time, Wang Meng still didn't know that he was being tricked by Yue Feng.

call!

Yue Feng took a deep breath, pretended to look at the road in front of him, and said thoughtfully: "The organization has changed, so will our route, if my guess is correct, we will follow the top four and the left two later, which is to move forward four One slate, then turn left and walk two slates."

At this time, Yue Feng only spoke half the truth.

However, Wang Meng didn't know anything about the legal organs. He naturally believed Yue Feng's words, and immediately shouted: "Quick, move on, the injured will follow behind, don't fall behind .

"

Line up and move on.

Seeing this scene, Lu Xiaoshuang, who was following far behind, was immediately relieved. Fortunately, Wang Meng didn't turn his back on Yue Feng. But what made her wonder was what Yue Feng said, which not only made Wang Meng dispel his anger, but also bowed his head to him like this... Mumbling

in her heart, Lu Xiaoshuang quickly followed.

As the eldest sister of Shendiaomen, Lu Xiaoshuang was a little slow except in front of Yue Feng, and was very agitated in other matters. At this time, she had realized that Yue Feng was deliberately teasing Wang Meng. Therefore, the disciples of the Red Clothes Sect at the forefront are the easiest to set off and the most dangerous.

However, Yue Feng followed behind, and the place where he went was naturally the safest.

So Lu Xiaoshuang stared closely at Yue Feng, wherever Yue Feng went, she would go wherever she went, not a bad step.

Ka Zha Zha...

However, before walking 200 meters, the leading Red Clothes Sect disciple heard the sound of an organ triggering.

call!

In an instant, everyone hurriedly stopped, and at the same time stimulated their inner strength, looked at both sides vigilantly, and guarded against another feather arrow.

At the same time, Wang Meng was also shocked and angry, and shouted: "Stand still."

Then, Wang Meng looked back at Yue Feng: "What's going on? Didn't you say it's okay?" At this time, Wang Meng was almost on the verge of collapsing. According to this method, he was afraid that before he left the square, dozens of his subordinates would all die on these hidden weapons.

Uh...

Yue Feng looked distressed and said helplessly: "Tang Master Wang, I said it just now. If there is no accident, it's fine to go in the way of the first four and the second left. Who knows that there will be accidents."

Saying this At that time, Yue Feng was aggrieved, but his heart was filled with joy.

Wang Meng frowned, did he just say that?

At this time, a member of the red-clothed sect next to him couldn't help but said, "Palace Master, this brother Yue really said so."

Mad!

Wang Meng was a little suffocated at first, but when he heard his subordinate's words, he immediately stared: "Shut up, did I ask you the special code

?" After speaking, Wang Meng smelled towards Yue Feng in a speechless manner: "What should I do next?" Said Really, at this time, Wang Meng was already suspicious of Yue Feng, but without any conclusive evidence, he was able to hold the fire in his heart.

Moreover, there are many dangers around, and it is useful to keep Yue Feng.

Yue Feng smiled bitterly: "Don't go now, the leading brother has already triggered the mechanism, let's guard against any hidden arrows on both sides."

Chapter 4984

Wang Meng nodded, signaling everyone to be vigilant on both sides.

call!

However, at this moment, the leading disciple of the Red Clothes Sect suddenly burst into flames under his feet. The disciple didn't react and was directly burned to coke.

"Ah..."

The few people around them were also ignited by the fire, each and everyone was crying and screaming, jumping up and down and slapping, trying to put out the fire, but accidentally stepped on the slate next to it.

Huhuhu...

In the next second, several fire pillars rose up again, directly drowning the red-clothed sect members. After the firelight subsided, only a few blackened corpses were left on the spot.

Gudong!

Seeing this situation, whether it was Wang Meng or the rest of the red-clothed disciples, they couldn't help swallowing their saliva, and they couldn't hide the panic and nervousness on their faces.

It was so terrifying. Before, it was just a fluttering feather arrow, but now it has turned into a raging fire. It is hard to imagine that if you continue to move forward, you will encounter any terrifying mechanisms.

After losing a few more subordinates, Wang Meng was angry and annoyed, and looked at Yue Feng coldly: "Didn't you say, be careful of the feather arrows on both sides? How did it become a fire?"

Mad, this boy Do you understand what's going on here? Has he been blind before?

Yue Feng shrugged and said speechlessly, "Tang Master Wang, the organization below is unpredictable. How can I guess it right? Depending on the situation, the organization has changed here again. Let me study the route again.

" Falling down, Yue Feng pointed out the route again.

For a while, Wang Meng was very annoyed, and at the same time wanted to teach Yue Feng a hard lesson, but he held back when he thought that he needed to guide him before walking out of the square.

Pfft...

At this moment, Lu Xiaoshuang followed behind. Seeing this scene, he couldn't help laughing out loud.

This Yue Feng is really cunning. After walking a distance, he deliberately let Wang Meng damage some of his men, but this Wang Meng was counting on him to lead the way, and he did not dare to do anything to him.

At this time, Lu Xiaoshuang completely understood Yue Feng's intention. While applauding secretly, he suddenly thought of something.

This Yue Feng is much more cunning than he imagined.

Could it be that in that hall before, those beasts were very unfriendly to him, and it was all arranged by him?

Also, at that time, I clearly saw that Yue Feng was thrown down by those beasts. According to the situation at the time, even if someone broke in later, Yue Feng should have been injured, but when he touched him just now, there was no scar on his body.

...

This bastard, dare to lie to me.

Realizing this, Lu Xiaoshuang stamped his feet angrily. Seeing Yue Feng and the others starting to leave again, he continued to follow.

For the next half hour, Wang Meng felt it was torture.

Because every few hundred meters away, the team will definitely trigger the mechanism, and every time the mechanism is triggered, the surrounding red-clothed clergy members will inevitably suffer casualties. Either they were poisoned, or their limbs were cut off. Some of them were even worse. Bleed to death.

At that time, Wang Meng was about to explode with anger and realized that Yue Feng had tricked him, but he held back and did not do anything. It wasn't until he completely walked out of the square that he said to Yue Feng, "Boy, are you playing tricks on me?"

Ma De, the huge square, walked for nearly an hour, dozens of subordinates, dead and wounded, There are only less than ten left now, and no one can calm down.

This is going to turn around.

Feeling the suffocating aura pervading Wang Meng, Yue Feng frowned secretly, but with a smile on his face: "Tang Master Wang, what do you mean?"

Wang Meng didn't talk nonsense, and said coldly: "I ask you, did you deliberately point us the wrong way?"

"Aiya!" Yue Feng was stunned, and said speechlessly: "Tang Master Wang's words, but It's really my fault, as I said just now, we are on the same boat, how could I harm you? Besides, what's the benefit of me doing that?"

Still quibbling?

Wang Meng is not a big fool, he no longer believes in Yue Feng, so he will act immediately.

And at this time, Yue Feng suddenly discovered something, and pointed not far away: "Palace Master Wang, there is a discovery, a great treasure..."

Shuh!

Hearing the shout, Wang Meng and the surrounding red-clothed sect members all looked over, and when they saw it, they were all shocked and stunned.

Chapter 4985

saw that there was a golden altar not far away.

The real altar is all made of gold bricks, and the golden light is so bright that it can illuminate the eyes of the blind. Around the altar, there are piles of gold and silver jewelry, and if you take them out, they are all invaluable!

In the center of the altar, is a whole piece of ice jade.

Across the distance, everyone could feel the cold air coming from the ice jade stone, and on the ice jade stone, there was a beautiful woman lying quietly. The woman's eyes were closed and she didn't move. As if asleep.

Whoa!

Seeing the scene in front of him, both Wang Meng and the disciples of the Red Clothes Sect were extremely excited.

I got rich, this time I really got rich.

At the same time of excitement, everyone's eyes also stared at the beauty on the frozen jade stone without blinking, and one eye was straight.

This exquisite facial features, a snow-white long dress, is really a fairy, especially the exquisite and graceful curves, people will be imaginative at a glance.

beautiful! How beautiful!

At the same time, Yue Feng was also a little stunned, but he quickly realized that this is the mysterious realm of heaven, an exclusive space created by the realm of the gods, and those who can lie on it are definitely not human beings.

Could it be... that this beauty is the same as the Nine Heavens Mysterious Girl from the Kyushu Continent? Is it the fairy who is in charge of supervising the continuation of Ziwei Continent?

"Haha..."

Just when Yue Feng was muttering, Wang Meng reacted. He laughed and said excitedly: "Ma De, this trip is not in vain.

" All the treasures I have looted, take as many as you have."

When he said this, Wang Meng's eyes were fixed on the beauty on the frozen jade stone, flashing a strange light. The beauty was not dead at first sight, but fell into a deep sleep, and waited to find a way to wake her up. Then make her my woman.

It's beautiful to think about.

"Yes, Hall Master!" After

hearing the order, several Red Clothes Sect disciples responded and rushed over.

“Wait!”

However, at this moment, Yue Feng suddenly shouted and stopped: “Tang Master Wang, the square we passed by before was already extremely dangerous. Now that we are here, we can’t take it lightly.

” Yue Feng pointed at the surroundings of the altar seriously: “This is a lore formation. If you enter rashly, you will touch the formation mechanism. Therefore, you must not act rashly.”

When he said this, Yue Feng had a serious face, and his eyes Flickering complex.

Yes, this time Yue Feng didn’t lie. There was indeed a formation around the altar in front of him, and it was a very dangerous ‘Six Path Killing Formation’.

However, Yue Feng suddenly reminded that it was not his conscience that he wanted to help Wang Meng and the others.

After walking around the world for so many years, in addition to relying on courage, Yue Feng is also very good at figuring out other people’s psychological thoughts. When he passed through the square before, Yue Feng kept repeating his old skills, and indirectly got rid of many of Wang Meng’s men. Wang Meng would never believe in himself again.

Even if Yue Feng told the truth, Wang Meng would think that he deliberately lied.

This is a kind of mental tactic, and Yue Feng is just right at this time.

Sure enough, when he heard Yue Feng’s words, Wang Meng didn’t believe it at all, and there was a bit of murderousness in his eyes: “Ma De, do you think I will still believe your words now?”

“You’re afraid that I’ll run out of treasures, so you deliberately scare me, huh, huh, are you really stupid?” After

saying that, Wang Meng waved his hand and signaled the disciples in red to continue their actions, but at the same time, he was a little itchy. Unable to bear it, he strode towards the ice jade stone on the altar.

Wang Meng thought about it, first search for treasures and beauties, and then settle accounts with Yue Feng. Anyway, this kid has no strength at all, and he can’t run away.

Ugh!

Seeing that Wang Meng was fooled, Yue Feng smiled, and then sighed helplessly.

Sure enough, people died for money and birds died for food. This Wang Meng is actually not too stupid, but it is a pity that in the end, he still lost in the desire in his heart.

“Haha, I’ve made a fortune!”

“With so many treasures, can you buy a city?”

At this time, Wang Meng and several of his subordinates had already rushed into the altar, scavenging for the treasures, and shouting excitedly.

Chapter 4986

At this time, Wang Meng was also full of excitement, laughed, and quickly rushed to the top of the ice jade platform, staring at the beautiful woman lying on it, admiring: “Beautiful, so beautiful.... It’s absolutely stunning in this world.”

Seeing from a distance just now, Wang Meng was already very amazed, and when he observed it up close, he was instantly intoxicated.

You can see that this woman has a beautiful face, sexy curves, and impeccable perfection.

This kind of beauty can no longer be described in words.

Ha ha!

Seeing Wang Meng’s obsessed look, Yue Feng couldn’t help but laugh secretly. Wang Meng’s unpromising appearance was still the head of the Red Clothes Sect, as if he had never seen a woman in his life.

Speaking of which, the woman lying on the ice and jade is indeed very beautiful, but in Yue Feng’s eyes, she is not considered to be the best in appearance. A beautiful fairy.

“Haha..”

At this moment, Wang Meng became more and more excited as he looked at it, so he reached out to touch it.

hum!

It’s just that before the hand touched the beautiful woman, the altar under her feet suddenly turned slightly, and then, a powerful icy aura burst out from the icy jade.

call!

Seeing this scene, Yue Feng couldn't help but take a deep breath. It was indeed a six-path lore formation. Moreover, this formation was set under the ice jade stone, which combined the power of ice, and its power was terrifying.

Buzzing...

Just as Yue Feng was muttering secretly, he saw the cold air, which eventually formed blobs of blue ice and fire, completely covering the altar.

This chapter is provided by . Visit for daily update.

“what...”

With the sudden change, Wang Meng and several Red Clothes Sect disciples didn't have time to react. They were instantly drowned by ice and fire, and one by one was frozen into ice sculptures. This blue ice and fire could not only freeze their bodies, but also their souls. Imprisoned in an instant.

After

a few seconds, Wang Meng and the others, like sculptures made of ice, shattered into a pair of ice slag. Prepared, but also startled.

I'm going, the six-path lore formation, coupled with the ice jade, can actually play such a terrifying effect? I really didn't expect it.

Under the shock, Yue Feng did not have the slightest fluctuation in his heart for the death of Wang Meng and others.

This Wang Meng, arrogant, arrogant and arrogant, must have done a lot of bad things on the rivers and lakes because he is the master of the red-clothed church.

This...

At this moment, Lu Xiaoshuang, who followed from behind, couldn't help but tremble when he saw the scene in front of him.

Wang Meng and several people, weren't they all right just now? How could he all die in a blink of an eye?

In the back just now, Lu Xiaoshuang saw Wang Meng rushing up to the altar excitedly. At that time, he was still a little anxious. They couldn't let them take all the treasures on the altar, but he never expected that the situation would suddenly change.

call! Hearing the question, Yue

Feng said lightly: "The greed is not enough to swallow the elephant. These people only saw the beautiful women and treasures, and completely forgot the dangers around them. I warned them just now, but they didn't listen."

Feng Feng pretended to sigh: "Alas, can this be their fate."

Fate?

Hearing this, Lu Xiaoshuang chuckled and pouted: "Don't pretend to be a cat and cry a mouse, I ask you, did you mean it just now?"

"What?" Yue Feng asked knowingly.

Lu Xiaoshuang said angrily: "Do you really think I'm stupid? When you walked across the square just now, you deliberately led the wrong way, causing Wang Meng to damage a lot of his men. At that time, Wang Meng held back and didn't do anything to you in order to get out of the square safely. , in fact, I don't believe you anymore."

"And you just caught his heart and said that the altar was in danger, and the truth is the same, but Wang Meng no longer trusts you, so naturally he didn't listen to you. That's why you end up like this."

"This trick of 'false and true, true and false' you played very well."

When she said this, Lu Xiaoshuang seemed to admire on the surface, but there was something in her eyes. Divided complex.

Chapter 4987

I'm going!

Hearing Lu Xiaoshuang's analysis, Yue Feng was stunned and secretly startled.

I can't see it. This Lu Xiaoshuang seems to be acting recklessly. When analyzing things, she is quite delicate.

Thinking to himself, Yue Feng said in astonishment: "Miss Lu, how can you think of me as such a person? I have always acted upright and upright, how could I use such a sinister method to deal with them?"

Even if Lu Xiaoshuang guessed it Now, this kind of thing cannot be admitted, after all, it is dozens of human lives.

"It's alright, alright!"

Seeing his frank appearance, Lu Xiaoshuang was speechless and waved his hand: "Don't brag about yourself in disguise, I'll ask you something."

"What's the matter?" Yue Feng smiled and responded.

call!

Lu Xiaoshuang took a deep breath and looked serious: "In the previous hall, did you lie to me, you were not attacked by those beasts at all, but deliberately frightened me, right?"

Lu Xiaoshuang held back when he spoke. did not catch fire.

My dignified eldest sister of Shendiaomen, who has been walking around the world for so many years, who is not polite and courteous when she meets her? And this Yue Feng in front of him dared to make fun of him.

Just too nasty.

Hearing that Lu Xiaoshuang suddenly asked about this matter, Yue Feng was suddenly startled, I'll go, how did this woman find out that she had been deceived? In the hall before, your performance should be impeccable, right?

Muttering in his heart, Yue Feng smiled: "Why do you say that? Can I joke about this kind of thing? I was really attacked by those beasts at that time."

Anyway, Lu Xiaoshuang didn't have conclusive evidence, so he refused to admit it.

Seeing his tough mouth, Lu Xiaoshuang stomped his feet angrily: "You still don't admit it, do you, if you were attacked by those fierce beasts, you would definitely be injured, but you, your whole body is fine, where is the injury? Show me. "

As he spoke, he gave Yue Feng a stern look.

Uh...

Hearing this, Yue Feng was helpless and stunned.

It took me a long time to judge from this aspect.

Thinking to himself, Yue Feng smiled and looked at Lu Xiaoshuang with a deep expression on his face: "Miss Lu, you are so right, you were attacked by a beast, it is impossible not to be injured, I do have injuries, it's just..."

After speaking, Yue Feng hesitated: "It's just inconvenient for you to see."

Inconvenient?

Lu Xiaoshuang frowned, but didn't think much about it at the time, and said coldly: "What is convenient or inconvenient, if you show me the injury, I will believe you, otherwise, you are lying to me."

At this time, Lu Xiaoshuang had already thought about what to do. He taught Yue Feng a lesson, especially when he thought that in the hall before, he beat Yue Feng's legs and pinched his shoulders again, and he was even more angry.

Ugh!

Seeing her insistence, Yue Feng sighed and said with a complicated expression: "Well, since Miss Lu wants to see, I'll give it up..." Then, he took off his pants.

"You..." Lu Xiaoshuang's tender body trembled, and she stopped shyly and angrily: "What are you doing? Stop it." This Yue Feng is getting more and more extreme.

Really shameless.

Yue Feng stopped, looking innocent and helpless: "Miss Lu, don't you want to see my injury? Those beasts bit my butt just now, didn't I show you now?" Feng pretended to rub it: "Oh, speaking of which, the teeth of those beasts are too sharp, and it still hurts now."

Shuh!

Hearing this, Lu Xiaoshuang's delicate face instantly turned extremely red, and at the same time, she quickly said, "I won't watch it, you quickly put it on, what does this look like..." After

speaking, Lu Xiaoshuang turned her head in embarrassment. At this time, I can't wait to find a crack to dig into.

No wonder he didn't find the wound on his body. It turned out that he was bitten by those beasts...

For a while, Lu Xiaoshuang was shy and embarrassed, imagining Yue Feng being bitten, and wanted to laugh, but because of his identity, he still endured it. Living.

Haha...

Seeing Lu Xiaoshuang's appearance, Yue Feng showed a smile and felt extremely relaxed.

Although this Lu Xiaoshuang is very smart, in terms of Jianghu experience, he is far worse than me. With just a few words, it can be done easily.

Chapter 4988

“You...”

After a few seconds, Lu Xiaoshuang bit her lip and said with a bit of anxiety: “Are you dressed yet?”

In fact, Yue Feng didn't take it off just now, when he heard the question, Still wanting to tease her, he said, “Not yet, don't worry.” As he said that, Yue Feng looked towards Hanbing Yushi.

You know, this Lu Xiaoshuang is very difficult to deal with. In order to avoid being robbed by her in the future, Yue Feng has to take a look at the altar. Besides those jewels and the women on the frozen jade, what else is there?

After looking around, a few seconds later, Yue Feng's eyes fell on the ice jade.

I saw that in the hands of the woman lying on it, it seemed to be holding something, with a faint golden light, it was an egg-sized bead, but it was oval.

Yue Feng clearly felt that the golden beads contained a very unique power.

What is this?

Yue Feng frowned secretly and was very curious, so he couldn't help but take a few steps closer.

Om...

Just after taking a few steps, suddenly, the imprisoned divine power in Yue Feng's body was faintly showing signs of recovery, and at the same time, the golden beads in the beautiful woman's hand radiated even stronger light.

Obviously, the Yuanshen in Zhuzi and Yue Feng had already reacted.

What the hell!

Feeling this, Yue Feng was stunned for a moment, then thought for a while, and was immediately pleasantly surprised.

Haha...

I know what this thing is, this is the Heavenly Marrow Golden Core.

The Heavenly Marrow Golden Elixir is a unique medicinal pill of the Divine Realm. It has the effect of cultivating the soul and strengthening the essence. Especially when the divine power is imprisoned, using the Heavenly Marrow Golden Elixir can break the confinement, which is very miraculous.

For a time, Yue Feng was too excited.

There are really good things on this altar. Although I haven't found the teleportation array yet, I have encountered the Tianzhu Jindan, haha, this adventure to explore the mysterious realm of the sky, it really didn't come in vain.

"Who is this woman?"

Just when Yue Feng was secretly excited, Lu Xiaoshuang couldn't help walking over, staring at the woman on the frozen jade stone, unable to hide his envy.

She had waited for Yue Feng to get dressed before turning around, but after waiting for a while, she couldn't see Yue Feng's words, so she couldn't stand it anymore.

When he turned back, Lu Xiaoshuang was both annoyed and contemptuous when he saw Yue Feng staring at the woman on the frozen jade stone. Sure enough, all men in the world were lustful, and there was no good thing.

And just when she was born, she was stunned when she saw the woman on the ice jade stone.

What a beautiful woman.

Lu Xiaoshuang is conceited that she looks good. Not only is she a well-known beauty and senior sister in Shendiaomen, but she is also quite famous in the world. However, seeing the woman in front of her, with her delicate face and perfect body proportions, she feels a little ashamed. .

There are such perfect women in the world.

call!

Hearing Lu Xiaoshuang's question, Yue Feng scratched his head and said, "She is not an ordinary human, but a fairy from God's Domain. If my guess is correct, it should be sent by God's Domain to supervise the order of Ziwei Continent..."

Before There is still some uncertainty, but when he saw the Tianzhu Jindan just now, Yue Feng immediately decided that the beautiful woman in front of her was sent from the God Realm just like the Jiutian Xuannv of the Kyushu Continent.

After all, only God's Domain has the Heavenly Marrow Golden Core, and there is no such thing as a treasure in the human world.

Holy area?

Hearing this word, Lu Xiaoshuang and Xiumei frowned and was stunned.

Seeing her expression, Yue Feng realized something, and changed his words: "That's what you call the realm of the gods." In Ziwei Continent, the realm of the gods is called the realm of the gods, and Yue Feng has only recently learned about it.

Huh...

Lu Xiaoshuang nodded suddenly, and felt a little better. It turned out to be a fairy from the Heavenly God Realm. No wonder she was so beautiful.

Thinking to herself, Lu Xiaoshuang also saw the Heaven Marrow Golden Pill in the woman's hand, and her eyes lit up: "What is this?"

"Don't move!" Yue Feng was taken aback and quickly stopped.

Whether he can recover his divine power depends entirely on this Heavenly Marrow Golden Elixir, so Lu Xiaoshuang can't take it away.

Lu Xiaoshuang was startled, very displeased, and frowned, "What are you doing? You're shocked." He said that, and at the same time withdrew his hand.

Chapter 4989

Yue Feng smiled and explained: "Miss Lu, don't get excited, I kindly remind you."

After speaking, Yue Feng pointed to the ice cubes scattered around, mixed with Wang Meng and others The flesh and bones, seriously said: "How did these people die just now, you have seen it, there are many organs here, there are dangers everywhere, it is better not to mess with things."

When he said this, Yue Feng's eyes were intentional or unintentional. Glancing at the Heavenly Marrow Golden Core.

Lu Xiaoshuang is here, but he can't get it now, or he will definitely be suspected by her, or he should try to lead her to another place, and then find a chance to come back and get it...

huh...

Hearing Yue Feng's words, Lu Xiaoshuang's delicate face, immediately, a deep fear emerged.

Yes, just now, Wang Meng and the others rushed to the altar rashly, one of them died worse than the other, how could they forget it?

Seeing the minced meat mixed with ice cubes on the surrounding ground, Lu Xiaoshuang's face turned even paler.

Haha...

Seeing her appearance, my younger brother Yue Feng shouted, and then took the opportunity to say: "I haven't seen the mystery of this altar, otherwise, let's go and check around, and then come back?"

Yue Feng had already thought about it, and when he and Lu Xiaoshuang got off the altar together, he secretly used the 'Ghost Hand' stunt to get the Heaven Marrow Golden Pill.

Um!

At this time, Lu Xiaoshuang was already panicking. Hearing Yue Feng's suggestion, he nodded, then turned around and walked outside the altar.

Here comes the opportunity.

At this moment, Yue Feng was so excited that he looked closely at the Heaven Marrow Golden Pill, and was about to reach out to get it.

Stuck...

However, at this moment, the altar suddenly trembled, as if it had been shaken. Although the movement was not very big, Yue Feng and Lu Xiaoshuang were also a little unsteady.

what's the situation?

Yue Feng was startled and looked at Lu Xiaoshuang subconsciously. Did this woman accidentally trigger the mechanism?

However, Lu Xiaoshuang was also stunned. He turned to look at Yue Feng, and at the same time subconsciously clarified, "I... I didn't touch anything, Yue Feng, what's going on?"

She didn't touch the mechanism?

Yue Feng immediately frowned, but what happened to the sudden vibration? Although the contact time is not long, Yue Feng also has a general understanding of Lu Xiaoshuang's character. Under the current situation, it is impossible for her to lie.

After all, no one would joke about their own life.

Card wipe!

Just when Yue Feng was thinking about it, another shock came, and then he saw a secret door suddenly opened under the ice jade stone. The whole piece of ice jade, together with the woman on it and the Heavenly Marrow Golden Core, fell directly into it.

What the hell!

Yue Feng's complexion changed, and he subconsciously wanted to grab the Heaven Marrow Golden Pill, but he was still a step behind. After the Frost Jade fell, the thick slate immediately closed.

Nima!

For a time, Yue Feng was stunned, almost crying without tears in his heart.

I finally came across the Heaven Marrow Golden Core, but at the most critical moment, it slipped out of my hands. What is this?

Lu Xiaoshuang was also amazed: "There are secret passages under this frozen jade stone?" How many hidden organs are there in this place.

clap la la...

Yue Feng smiled bitterly, and was about to respond when suddenly there was a sound of footsteps in the square not far away.

At this moment, Yue Feng and Lu Xiaoshuang looked at each other at the same time, and their expressions changed.

I saw that hundreds of disciples from the three major sects came aggressively, and the leader was a middle-aged man wearing a black robe. breath.

It is the Great Elder of Chunyang Palace, the Taoist Qianqiu.

Done!

Seeing Taoist Qianqiu, Lu Xiaoshuang's delicate body trembled, and deep fear appeared on her delicate face. You must know that the three major sects are on the rivers and lakes, but they are the most powerful sects.

As the Great Elder of Chunyang Palace, Taoist Qianqiu's strength is even more unfathomable. What Lu Xiaoshuang remembers most is the winter eight years ago.

At that time, the mountain was covered by heavy snow, and in a village closest to Chunyang Palace, because the river froze overnight, many fishing boats were trapped on the river, and many people almost froze to death.

Chapter 4990

It can be said that it was a winter disaster.

At that time, Taoist Qianqiu was in retreat. After learning about this time, he immediately rushed to the riverside and used the supreme mysterious power to melt the ice, and solved the crisis of many people trapped.

With the supreme profound art, the ice layer on the river surface is melted, and the thought of it is terrifying.

Phew...

At this moment, seeing Taoist Qianqiu, Yue Feng couldn't help but take a deep breath, his face extremely solemn.

Although the divine power is still imprisoned, Yue Feng can also sense that the Taoist Qianqiu in front of him is very powerful. Compared with the level of the Kyushu continent, it should be the ascension period.

The leader's strength is so strong, and he also brings hundreds of disciples from the three major sects. On his side, only one Lu Xiaoshuang can fight, which is troublesome.

Yue Feng noticed that Taoist Qianqiu took hundreds of disciples from the three major sects and crossed the square. There were basically no casualties, but there were even two disciples who were shot by feather arrows and injured their shoulders and arms. Everyone else was safe. thing.

The three major sects have controlled the mysterious realm of the sky for nearly a hundred years. Every year, elite disciples are sent in to investigate. At first, there were countless casualties. Now that a hundred years have passed, the three major sects also have a general understanding of the situation here, and the chance of triggering the agency is greatly reduced. , of course, there will not be too many casualties.

At the same time, Yue Feng was also a little depressed. The organ of the altar was suddenly touched just now, apparently it was related to Daoist Qianqiu.

Whoa!

Just when Yue Feng and Lu Xiaoshuang were secretly shocked, they saw Taoist Qianqiu wave his hand, and hundreds of disciples from the three major sects rushed up and surrounded them.

“Not a little timid.”

Daoist Qianqiu walked up slowly with an angry expression on his face, and said in a clear tone: “Today is the Dao Discussion Conference of our three major sects, how dare you take the opportunity to break into the mysterious realm of heaven?” After the words

fell, Daoist Qianqiu’s eyes fell on Lu Xiaoshuang: “You are The girl named Lu Xiaoshuang from Shendiaomen, if you have nothing to say, just kill yourself.” The

tone was arrogant and unquestionable.

Daoist Qianqiu is in the three major sects, but he is a senior-level figure. Lu Xiaoshuang is not in his eyes at all. Calling a girl is considered a flattery to her.

In the eyes of Taoist Qianqiu, Lu Xiaoshuang entered the mysterious realm of the sky privately, and did not put the three major sects in his eyes.

As for Lu Xiaoshuang’s identity, Taoist Qianqiu didn’t bother to do it himself, so she let her kill herself.

As for Yue Feng next to him, he had no strength at all, so he was regarded by Taoist Qianqiu as the root of Lu Xiaoshuang, so he didn’t need to look straight at it.

Swish!

Hearing this, Lu Xiaoshuang’s delicate face instantly paled, and her delicate body trembled slightly.

At the same time, Yue Feng couldn’t help but take a deep breath of air-conditioning. What the hell, the other party’s tone is not small, we just broke into the mysterious realm of the sky, and before we took anything, we were going to commit suicide?

This is too overbearing.

“What?”

Seeing that Lu Xiaoshuang did not respond, Taoist Qianqiu frowned and said impatiently: “Don’t dare to do it yourself? I have limited patience, but I don’t have time to spend so much time with you, girl, if you let me do it for you, It will be a terrible death.” The

voice was not loud, but there was a suffocating aura.

“senior.”

Lu Xiaoshuang bit her lip tightly. At this time, her previous pride was gone, but she was extremely obedient: “I didn’t mean to break in, I came today, and I was able to watch the game. As a result, after passing through the entrance of the secret realm, I saw a lot of Everyone in the rivers and lakes broke in, so they were curious to follow up to see.”

“If you don’t believe me, senior, you can let the disciples you accept take away. We didn’t take anything here.”

At this time, Lu Xiaoshuang’s tone was very sincere, and he felt in his heart. Also extremely apprehensive.

Seriously, Lu Xiaoshuang would never be so lowly if he met others, but the person in front of him was the Taoist Qianqiu of Chunyang Palace, and his skills were unfathomable, let alone fight, even if Lu Xiaoshuang tried his best to escape, he would escape. out of the palm of his hand.

Hehe...

Hearing this, Taoist Qianqiu smiled contemptuously, and didn’t care about it at all. He shook his head and said, “Girl, I don’t care if you are curious or intentional. Today, apart from our three major sects, whoever breaks in will only die.”
