

The ultimate husband in Chinese chapter 4991-5000

Chapter 4991

Hearing this, Lu Xiaoshuang trembled, panicked completely, and felt a little despair in his heart.

It's over, do you really want to die here today?

I am alone, not to mention Daoist Qianqiu, even the disciples of the three major sects around can't beat him.

For a while, Lu Xiaoshuang trembled faintly while holding the long sword in his hand.

"Tsk tsk..."

At this moment, Yue Feng, who was beside him, suddenly laughed, and bursts of sighs came out of his mouth.

Lu Xiaoshuang frowned suddenly, what time is this, what does Yue Feng want to do? Will he try to distance himself from me, and then beg Taoist Qianqiu to spare his life?

Swish!

At the same time, the surrounding disciples of the three major sects also locked their eyes on Yue Feng.

Daoist Qianqiu frowned even more, with a displeased expression on his face, looked at Yue Feng and said coldly: "Boy, what are you laughing at?" This kid doesn't know that he will die, he is scared stupid?

Yue Feng smiled slightly, took a step forward slowly, and said lightly: "Old Daoist, the things you three sects do are ridiculous, don't they make people laugh at them?"

Seriously, facing the scene in front of him, Yue Feng felt in his heart. I was also panicked, but there was nothing I could do. Instead of sitting still, it would be better to take a gamble.

"What do you mean?"

Taoist Qianqiu's expression changed, and he was furious: "Speak clearly, or you will die ugly." This kid is really bold, dare to say that the three major sects are all a joke?

What's even more hateful is that he actually called me an old Taoist?

This chapter is provided by . Visit for daily update.

Who gave him the courage?

At the same time, the disciples of the three surrounding sects also glared at Yue Feng. Did this kid eat the gall of a bear heart and a leopard? Dare to talk to Daoist Qianqiu like this?

He...he's crazy!

Lu Xiaoshuang's body trembled even more, her delicate face was instantly pale, she couldn't help but shouted at Yue Feng in a low voice, "Hey, what are you doing? You really want to die."

That's Taoist Qianqiu, He actually called the old Taoist priest?

It's crazy.

Yue Feng smiled slightly and gave Lu Xiaoshuang a comforting look, signaling her not to be nervous.

call!

Afterwards, Yue Feng looked around and felt the anger of Daoist Qianqiu and the disciples of the three surrounding sects. He did not panic at all, and said to Daoist Qianqiu: "Your three sects have occupied this mysterious realm for nearly a hundred years, and have never been able to find out here. The secret."

"But your three major sects are good-natured and selfish. You can't find any clues yourself, and you don't allow others to come in.

" When you come in, you will show the attitude of the master, and you will fight and kill at any time, isn't it funny?"

Although the words are a bit unpleasant, they are righteous words and cannot be refuted.

Pfft...

Seeing his serious lesson to Daoist Qianqiu, Lu Xiaoshuang was originally panicked, but at this moment he couldn't help but pursed his lips and laughed.

It's crazy that Yue Feng dares to talk to Taoist Qianqiu like this, but if you think about it carefully, what he said makes sense. This place was originally created by the gods and does not belong to any sect, but the three major sects force the sect to occupy For nearly a hundred years, and during this hundred years, the Overlord Rules have also been drawn up, and other sects are not allowed to enter.

It's just that in these years, the three major sects are powerful, and no one dares to say such words in person. But he never expected that Yue Feng would have the courage to speak clearly in front of Taoist Qianqiu.

"You..."

At this time, I saw Taoist Qianqiu's face, blue and white, glaring at Yue Feng and wanted to refute, but he just said one word, and he couldn't continue.

Because Yue Feng said it well, the three major sects forcibly occupy this place, which is beyond reason. However, if these words were said by the heads of other sects, Daoist Qianqiu might still think about it in his heart.

But these words came from the mouth of a little-known boy, which is really too suffocating.

Wow...

At the same time, the three surrounding disciples of the three sects also exploded at this time, and they were all shocked and angry.

"Stinky boy, what are you talking about?"

"A rubbish with no strength at all dares to comment on the affairs of our three major sects?"

"It's really courting death, killing him directly..."

Chapter 4992

Facing the anger of everyone, Yue Feng's expression remained unchanged, and he looked at Taoist Qianqiu with a smile that was not a smile.

"Ma De!"

At this moment, a young man on the side of Taoist Qianqiu couldn't help it, strode out, pointed at Yue Feng and cursed: "How come there is a boy who doesn't know how to live and doesn't urinate. According to yourself, what qualifications do you have to judge the affairs of our three major sects?"

"Master, let me kill him." The

last sentence fell, and the young man drew his long sword and was about to rush up.

The young man's name is Liu Qiang. He is a close disciple of Taoist Qianqiu, and he admires Taoist Qianqiu very much.

And just now, Yue Feng first called his master, the old Taoist, and then, there were three major sects mocking, Liu Qiang was full of blood, how could he hold back? After all, the disciples of the three major sects have been respected wherever they go.

Seeing Liu Qiang's move, Taoist Qianqiu's face was gloomy and he didn't speak, as if he had acquiesced.

Oops!

Seeing this situation, Lu Xiaoshuang couldn't be more anxious, and Yue Feng was too bold, so let's ignore it, and dare to despise the three major sects at this time?

This time, he was dead. He had no strength at all. He was afraid that he would die under Liu Qiang's sword in one round.

Hehe...

Yue Feng chuckled lightly, looked at Liu Qiang who was rushing up and said lightly: "What? You are so embarrassed that you are talking about the pain point?" With

that, Yue Feng turned his head to look at Taoist Qianqiu: "Old Taoist priest, that's how your Chunyang Palace walks the rivers and lakes? You can only listen to good words, and can't hear others say that you don't say anything?"

"Only use this kind of violence to maintain the reputation of the sect, hehe...that's just to stop others' mouths, and can't control others' hearts..."

"Speaking of which, I was originally against you Chunyang. Gong, there is still some yearning, now it seems...hehe...you acquiesce to your disciple to kill me, then come on, I believe that there is justice in the world." The

last word fell, Yue Feng slowly closed his eyes, did not mean to dodge at all, there was no panic on his face, and there was a trace of disdain between his brows.

Phew...

Seeing this situation, Taoist Qianqiu frowned and fell silent.

Liu Qiang also stood on his feet subconsciously and looked at Yue Feng in surprise, this kid is not afraid of death?

"Liu Qiang!" In the

next second, Daoist Qianqiu waved his hand and motioned Liu Qiang to step back: "Don't kill him first." The

so-called murderous heart, Yue Feng's words just now, very accurately control Daoist Qianqiu's Mind, seriously, if Yue Feng had yelled loudly just now, Daoist Qianqiu would have asked Liu Qiang to do it as soon as possible.

But Yue Feng did not scold, but took out the morality of the rivers and lakes, stood in the perspective of fairness in the world, and criticized the people of Qianqiu. Every sentence hit the pain point, but Qianqiu was speechless.

"Master?"

Liu Qiang thought he had heard it wrong, and looked back at Taoist Qianqiu in amazement: "This kid is so abhorrent, why didn't you kill him?" Master is a figure at the level of the elders of Chunyang Palace, and was mocked by an unknown pawn at this time. , beheading him is not enough to vent his anger, and the master doesn't want to kill him?

Taoist Qianqiu's face was solemn, and he frowned: "Liu Qiang, you step back first and don't speak."

To be honest, Daoist Qianqiu was very angry and wanted to kill Yue Feng immediately, but the other guy, he just said everything he had to say, if he really wanted to kill him, the three major sects would end up with a 'unreasonable' , bullying the weak' talk.

Maybe, when the time comes, he will also be laughed at by the people on the rivers and lakes.

The dignified Chunyang Palace elder actually killed an unnamed pawn who had no strength at all, just because the other party said what was in his heart... If this matter spreads out, whether it is Chunyang Palace or the other two sects, the reputation will be affected.

You can't let it go, you can't kill it and you can't kill it. For a time, Daoist Qianqiu was very angry.

Um?

Seeing this scene, Lu Xiaoshuang was completely stunned, staring at Yue Feng in shock.

With just a few words, he stunned Taoist Qianqiu? It's really unexpected. Speaking of which, what Yue Feng said just now was also Lu Xiaoshuang's heart.

It's just that she doesn't have the guts to say it.

Chapter 4993

Call!

Finally, Taoist Qianqiu calmed down and said lightly: "First arrest them both, and then deal with them together after finding other intruders."

They couldn't kill or let them go, so they had to catch them first.

"Yes, Master!" Liu Qiang responded, then greeted the surrounding allies, and rushed towards Yue Feng.

call!

Seeing this result, Lu Xiaoshuang breathed a sigh of relief, as long as the other party didn't want to kill for a while, there was still a chance to survive.

However, Yue Feng shook his head, sighed, and did not look at Liu Qiang and the others who rushed up, but said seriously to Taoist Qianqiu: "Riding the boat against the water, walking against the sky, old Taoist, if you continue like this, But time is short."
The

tone was indifferent, but there was a deep meaning.

Um?

For a time, whether it was Taoist Qianqiu or Liu Qiang and the three surrounding disciples of the three sects, they were all stunned and frowned secretly.

What the hell is this kid talking about?

Lu Xiaoshuang was also full of doubts and looked at Yue Feng in surprise. What does he want to do? Wouldn't you still plan to accuse Daoist Qianqiu, would you?

"Ma De!" In the

next second, Liu Qiang reacted and scolded himself: "To make a fool of yourself, even if you broke the sky today, you can't escape the disaster." After the words fell, Liu Qiang was ready to rush over and tie Yue Feng Wu Hua. .

In his heart, the boy in front of him had no strength at all, all relying on a mouthful of nonsense.

This kind of person is the most disgusting.

"Wait!"

Just at this critical moment, Taoist Qianqiu suddenly shouted: "Liu Qiang, don't do it yet." No one else could hear what Yue Feng said just now, but he vaguely felt that he meant something else.

Anyway, the other party's life is in his hands, and he is not afraid of what tricks he will play.

"Master!" Liu Qiang was a little anxious: "This kid is just talking nonsense, don't listen to him." He was irritable, and he couldn't help it just now. At this time, he just wanted to tie Yue Feng and teach him a lesson.

Taoist Qianqiu shook his head, with a firm attitude: "Retreat first."

"Yes, Master!" Seeing the seriousness of Master's face, Liu Qiang didn't dare to defy it, so he had to answer and obediently stepped aside.

call!

Seeing this, Yue Feng showed a smile.

This is, Taoist Qianqiu squinted slightly, looked at Yue Feng and said, "What did you mean just now? What is going against the sky? Why am I running out of time?"

Shuh!

As soon as the words fell, no matter it was Liu Qiang and everyone around, even Lu Xiaoshuang looked at Yue Feng curiously, waiting for his answer. Facing the gazes of the crowd, Yue Feng did not change his expression and his heart did not

beat, and slowly said to Taoist Qianqiu: "Dare to ask the old Taoist, have you just passed the retreat in the past three days?"

Taoist Qianqiu was stunned for a moment, then thought about it, and answered truthfully: "Yes."

Yue Feng nodded, and continued to ask: "And what you are practicing in retreat is a kind of mind that is just the most yang? Right?" When saying this, Yue Feng smiled.

Although his divine power was imprisoned, Yue Feng's observational power was still keen. When Taoist Qianqiu brought people just now, he could see at a glance that this Taoist Qianqiu was cultivating a kind of pure yang internal energy. The martial arts of the Wudang School are somewhat similar.

Um?

Hearing this question, Taoist Qianqiu was startled and did not answer directly, but looked at Yue Feng tightly, very surprised.

Strange, this kid has no strength at all, how does he know what kind of exercises I am practicing?

Guessing?

Thinking to himself, Taoist Qianqiu took a deep breath and said indifferently: "So what? What about no?" He was still in a hurry to catch other intruders, and he really didn't have time to waste his saliva with Yue Feng.

However, what Yue Feng said next surprised him.

Ha ha!

Seeing that he was deliberately not telling the truth, Yue Feng smiled slightly and said lightly: "If you are not practicing the pure Yang method, it's fine, if you are practicing the pure Yang method, I'm afraid it won't take a few days, which is the limit of the Taoist priest. day."

What?

The last few words, like a thunderbolt, suddenly exploded in the ears of Taoist Qianqiu.

Chapter 4994 The day of

the deadline, that is, returning to the sky, the meaning of death, how does the Taoist Qianqiu not know?

Swish!

Therefore, after being shocked, Taoist Qianqiu's face was instantly ugly, and his heart was burning with anger.

This kid dares to curse me to death, really tired of living.

At the same time, the surrounding Liu Qiang and the disciples of the three sects also changed color, and each one pointed at Yue Feng and cursed.

"Kid is rude..."

"Dare to speak rudely and seek death."

"I'm really impatient."

Lu Xiaoshuang also reacted to the scolding around, and kept blinking at Yue Feng, almost crying. .

What is this Yue Feng going to do?

He managed to escape the catastrophe just now and could temporarily save his life, but now he is taking the initiative to provoke Daoist Qianqiu. Can't be honest and think about how to escape?

The more Lu Xiaoshuang thought about it, the more anxious he wanted to remind Yue Feng, but there was no chance to speak at all in the current situation.

A bunch of idiots.

Listening to the abuse from the surrounding Liu Qiang, Yue Feng frowned and ignored it.

In the next second, Yue Feng looked at Taoist Qianqiu and said lightly: "Old Taoist, you must be thinking in your heart now, I'm open-mouthed, if you don't believe it, use your skills now and travel to Sanshang and Baichi points. Nearby, see if there is a biting cold feeling?"

After saying this, Yue Feng put his hands behind his back, looking unfathomable.

call!

Taoist Qianqiu frowned and didn't want to pay attention, but seeing his gesture, he couldn't help but silently run the exercises.

Daoist Qianqiu suddenly trembled when he had just activated his inner strength. He clearly sensed that after the exercise was running around the acupoints mentioned by Dao Yue Feng, there was indeed a biting chill.

Moreover, this gloomy cold is simply unbearable for human beings, as if falling into an ice cave.

This...

for a time, Taoist Qianqiu gritted his teeth, endured the biting cold, and was shocked.

I really got caught up in this kid.

It's just... I have been practicing for decades, and it has always been smooth and smooth, and there has never been any situation, and the recent pure Yang internal force has almost reached the peak state, how can this happen suddenly?

What the hell is going on here?

For a time, Taoist Qianqiu fell into deep doubts.

what's the situation?

At the same time, seeing that Taoist Qianqiu suddenly changed his face, both Lu Xiaoshuang and Liu Qiang were secretly surprised. It wasn't all right just now, why did Daoist Qianqiu's face turn so bad in the blink of an eye?

Phew...

After a full two minutes, Taoist Qianqiu took a deep breath and looked at Yue Feng with complicated eyes: "This... what the hell is going on?"

His tone was obviously not as strong as before.

Yue Feng smiled and said slowly: "It's very simple, it's caused by the Taoist's practice habits. When I asked the Taoist just now, the Taoist also admitted that he had retreated in the past few days. If my guess is correct, Because of today's Dao Discussion Conference, the Dao Master left the customs ahead of schedule."

"Retreat practice, pay attention to the unity of mind and spirit. The most taboo is to retreat and go out of the seclusion at will. Although there is nothing on the surface, once you reach a high level, it is very dangerous. Letting go of fire..."

When he said this, Yue Feng looked serious, but his eyes were always paying attention to the changes in Taoist Qianqiu's face, and he laughed secretly in his heart.

Yes, Yue Feng deliberately scare him.

In fact, the reason why Taoist Qianqiu is in this situation is entirely because there is a piece of ice jade under the altar next to it. The ice jade belongs to yin and is very cold, and Taoist Qianqiu is practicing pure yang exercises.

Fire and water are incompatible, this is the eternal truth.

Although Taoist Qianqiu was not standing on the altar at this time, his body was also affected by the ice and jade, so he hurriedly urged the exercise to run near a specific acupuncture point, which would produce an icy and biting feeling.

To be honest, although Taoist Qianqiu is much older than Yue Feng, his talent in cultivation is very different. After all, Yue Feng is not only the Nine Heavens Profound Sage of the Divine Realm, but also an imperial teacher.

Chapter 4995

Under such circumstances, Taoist Qianqiu would easily be led by Yue Feng's nose.
call!

Hearing Yue Feng's explanation at this time, Taoist Qianqiu took a deep breath, and his heart suddenly felt.

It turned out to be because of these, no wonder...

"Master!"

At this moment, Liu Qiang next to him reacted and couldn't help shouting: "This kid is just talking nonsense, don't be fooled by him. ."

This person has no strength at all, how can he possibly know so much, he must be making up.

At the same time, Lu Xiaoshuang also stared at Yue Feng blankly, surprised and puzzled. What he said is serious, is it true or false?

He has no strength at all, how can he know so much?

Could it be that... is it really a fabrication and deliberately deceiving Daoist Qianqiu?

At this time, Taoist Qianqiu was still frowning, thinking about something secretly. Seeing this situation, Liu Qiang was in a hurry and was about to rush up to teach Yue Feng a lesson.

Ma De, this kid just despised the three major sects, and now he is talking nonsense again, cursing the master to have an accident, it is really hateful.

"Stop!"

Just when Liu Qiang was about to start, Taoist Qianqiu suddenly scolded: "Do you still have a master like me in your eyes, step back." This apprentice, everything is good, but his temper is too irascible.

Liu Qiang's heart was shaken by this loud shout, and he wanted to say something at that time, but when he saw Taoist Qianqiu's face, he held back and stepped aside angrily.

For a while, the atmosphere also became a little subtle.

"you..."

At this time, Taoist Qianqiu looked closely at Yue Feng, and as soon as he said a word, he immediately changed his words: "Little brother, is there a way to solve my situation?" To be

honest, he didn't want to do this to Yue Feng either. You are polite, but there is no way to do it. The condition of his own body is really incredible. It is the first time he has encountered Dao for so many years, and he has no clue at all.

As for Yue Feng in front of him, since he can tell his own problems in a straight-forward manner, there must be a solution.

Um!

Facing the question from Taoist Qianqiu, Yue Feng pretended to ponder, and nodded, "Let me think about it." He said that, but his heart was filled with joy.

Haha...

This Qianqiu Taoist, thanks to him still being a veteran of Chunyang Palace, he has lived in vain for so many years, and he scared him into this with a few words of his own.

Excited in his heart, Yue Feng pretended to think for a moment, then slowly said: "The Taoist priest's condition is very serious, it is impossible to self-regulate, only by taking medicinal pills, maybe there is still some hope."

medicinal pills?

Hearing this, Daoist Qianqiu's eyes flashed, and he was very excited: "I have medicinal pills, I don't know which one the little brother is talking about?" After speaking, he took out a few bottles of medicinal pills from his body.

I saw that it was colorful, and there were all kinds of medicinal herbs.

What the hell!

Seeing these elixir, Yue Feng couldn't help but secretly praised, this Chunyang Palace is worthy of being one of the three major sects, this Taoist Qianqiu is only an elder, and he can carry so many elixir with him.

Lu Xiaoshuang on the side was also trembling in the suburbs, inexplicably excited.

So many medicinal pills, any one placed on the rivers and lakes, are treasures that cannot be found. It's just... On the Ziwei Continent, the pharmacist has already mastered his skills. Where did this Taoist Qianqiu get these elixirs?

At this time, Lu Xiaoshuang didn't know that the medicinal pills on Taoist Qianqiu were all obtained in this mysterious realm.

"These..."

At this time, Yue Feng calmed down and glanced at the medicinal pill in the hands of Taoist Qianqiu. He shook his head and said, "Though these medicinal pills are good, they can't cure your condition."

Originally, this incident was intended to scare him, how could he get his wish so quickly?

Not at all...

Hearing this, Daoist Qianqiu suddenly panicked, with a bit of urgency in his eyes: "Little brother, what should I do now? What kind of medicinal pill is it that I take to be effective?"

Yue Feng He smiled and said, "In your situation, only 'Three Yuan Guiyi Dan' is effective."

Three Yuan Guiyi Dan?

Hearing this name, Taoist Qianqiu was immediately confused, what kind of medicine is this? I have never heard of it. It seems that there is no record on those medicinal pills in Chunyang Palace.

The ultimate husband in Chinese chapter 4996-5000

Chapter 4996

Muttering in his heart, Taoist Qianqiu looked at Yue Feng suspiciously.

Is there such a medicine in the world? Or did this kid just make it up?

call!

After pondering for a few seconds, Taoist Qianqiu looked at Yue Feng with a burning gaze, holding back his displeasure and anger: "I asked you to tell me that, the old man's situation is completely hopeless?"

"Dan, this world doesn't exist at all, you are deliberately playing tricks on this old man, right?"

When the last word fell, Daoist Qianqiu's eyes flashed with murderous intent.

Swish!

At the same time, Liu Qiang and the surrounding disciples of the three major sects also glared at Yue Feng, each eager to try, ready to act at any time.

Seeing this scene, Lu Xiaoshuang was in a hurry.

It's broken, this Yue Feng was talking about it just now, and he thought he could solve the plight of Taoist Qianqiu, but it turned out to be nothing, and now he has completely angered the other party.

"Daoist don't need to be excited!"

Yue Feng did not panic at all, looking at the Taoist Qianqiu and said with a smile: "This world is vast, what kind of treasure is not there? , Sanyuan Guiyi Dan, you haven't heard or seen it, it doesn't mean it doesn't exist."

Hearing these remarks, Taoist Qianqiu frowned: "What do you mean, you mean, you have seen Sanyuan Guiyi. Dan?"

While speaking, Daoist Qianqiu's eyes showed a bit of eagerness.

It would be great if there were.

This chapter is provided by . Visit for daily update.

Ha ha...

Yue Feng smiled slightly: "Since I said it, of course I have seen it."

"Where is it?" Taoist Qianqiu asked quickly, while looking at Yue Feng up and down: "Or...you have it?"

Yue Feng shook He shook his head: "I don't have it on me, but I can refine it." In fact, there is no Sanyuan Guiyi Pill in the world, and it was completely made up by Yue Feng just now.

You must know that Daoist Qianqiu's situation is not as simple as Yue Feng said. As long as he leaves here, his body will not be affected by the ice and jade, and he will be able to return to normal.

It's just that Yue Feng, in order to create a high-level attitude, has to continue acting since he has already pretended.

Can you refine?

At this moment, Taoist Qianqiu was shocked, staring blankly at Yue Feng, speechless.

Um?

At the same time, Lu Xiaoshuang and the others around Liu Qiang were also stunned, staring blankly at Yue Feng, speechless.

What did he just say? He can refine alchemy, and can he refine the three yuan return to one dan?

For a while, the audience was silent.

Haha...

The next second, I don't know who couldn't help laughing out first, and then, there was a lot of laughter around.

Especially Liu Qiang, looking at Yue Feng's eyes at this time, full of contempt and contempt. I couldn't help being the first to mock: "Boy, what did you just say? You can make alchemy? It's really interesting, do you know what you're talking about?" The

voice fell, and everyone around couldn't help but speak.

"That's... alchemy masters have been extinct for thousands of years, and their inheritance has long been broken..."

"The whole world, and even our three major sects, dare not say how high attainments are in the art of medicine pills, but you are so shameless?"

"I can see that this kid is just bragging, making things mysterious and grandstanding."
..."

The disciples of the three major sects, you mocked me one by one, even Lu Xiaoshuang next to him was too anxious at this time, this Yue Feng is too blown away, the alchemy technique has long been lost on the entire continent. , how could he possibly be?

"Boy!"

At this time, Liu Qiang couldn't hide his contempt, and said coldly to Yue Feng: "I think you are so daring, even my master dares to lie. Saying that you are good at alchemy? Do you really think we are all easy to fool?"

When he said this, Liu Qiang's eyes were full of anger.

call!

At the same time, Taoist Qianqiu took a deep breath, obviously also had no patience, looked at Yue Feng and said coldly: "Boy, this old man didn't intend to kill you, but what you said is becoming more and more absurd, do you know that What's the fate of teasing the old man?"

Chapter 4997 The

voice fell, and a powerful breath burst out from Taoist Qianqiu, locking Yue Feng tightly.

At this time, the Taoist Qianqiu also thought that Yue Feng was arrogant.

After all, no alchemist has appeared in the past thousand years, especially the three major sects. For thousands of years, they have been collecting the fragments of medicinal pills, trying to train a group of medicinal alchemists, just a lot of things about medicinal herbs, There are too many missing, and it has not been successful.

Even Daoist Qianqiu has only been studying alchemy techniques in recent years, and he still has no clue.

And the boy in front of him, who has no strength at all, even brazenly said that he can refine medicine pills, who can believe this?

Uh...

Seeing their reaction so big, Yue Feng was very speechless. At that time, he gave a wry smile and said to the Taoist Qianqiu: "Daoist, if I don't have full confidence, how can I talk nonsense?"

Said, Yue Feng His face was full of sincerity: "Also, now my life is in the hands of the Taoist priest, why don't you believe me once, let me give it a try? If I refine the Sanyuan Guiyi Pill, the Taoist priest will let me go. With this girl Lu!"

"If I can't refine it, you will kill or cut, and I have no complaints at all." The

words were extremely sincere and could not be refuted.

Phew...

Seeing Yue Feng say this, Taoist Qianqiu frowned and pondered.

What this kid said is not unreasonable. Anyway, his life is in his hands, and he is afraid that he will not be able to play tricks? Moreover, if he really refines the medicine pill, it will be a rare genius in a thousand years. This kind of genius must find a way to win the Chunyang Palace.

In short, whether it is successful or not, it is not harmful to yourself.

Thinking to himself, Taoist Qianqiu looked at the evil wind in a complicated way, nodded and said, "Okay! This old man will believe you once. You can refine a three-yuan Guiyi Dan now, and let this old man take a look."

"If you refine it . If you don't come out, don't blame the old man for being rude."

After speaking, Taoist Qianqiu waved his hand, signaling Liu Qiang to disperse.

What? The master agreed.

Seeing this situation, Liu Qiang felt anxious and wanted to persuade Taoist Qianqiu not to believe this kid.

Just seeing Taoist Qianqiu's face, Liu Qiang finally held back, and then he beckoned everyone to back away, vacating a space.

At this moment, Taoist Qianqiu stopped talking nonsense, looked at Yue Feng and said, "You can start alchemy now. Whatever you need, just say it."

At this time, Lu Xiaoshuang was also a little confused, and looked at Yue Feng blankly.

He....really going to alchemy next?

Um!

Hearing the words of Taoist Qianqiu, Yue Feng nodded, thought about it and said, "I need some herbs, Longyang grass, Angelica, Xumizi..."

In just a few seconds, Yue Feng reported more than a dozen kinds of herbs. herbal.

Sanyuan Guiyi Dan was made up by Yue Feng and could not be refined at all. The medicinal material requested at this time was the formula of 'Peiyuan Dan'. Anyway, Taoist Qianqiu and the people around did not understand alchemy. Whatever you say will do.

These herbs... have never heard of many.

At this moment, whether it was Taoist Qianqiu, or Lu Xiaoshuang and Liu Qiang, their brows were furrowed, and they were all puzzled.

Almost forgot...

Seeing their expressions, Yue Feng patted his forehead. The names of these herbs in Kyushu Continent and Ziwei Continent are completely different, so it is no wonder that they are confused.

Thinking about it, Yue Feng reported the name of the herb again according to the name here.

This time, Taoist Qianqiu understood, and hurriedly instructed Liu Qiang and the others: “Everyone, take out all the herbs he needs, hurry up!”

The disciples of the three major sects, because they often walk around the rivers and lakes, will bring some of them with them. Some herbs for a rainy day.

Whoa!

Hearing Taoist Qianqiu’s orders at this time, Liu Qiang and the others handed over the herbs on their bodies one after another.

I have to say that the hundreds of sect disciples still have quite a few herbs on their bodies, and they gathered them all in a short while.

“Okay!”

Looking at the herbs gathered in front of him, Yue Feng looked relaxed, then turned to look at Liu Qiang, and Liu Qiang faintly ordered: “You, go to the corner and find a copper tripod, I’m going to start alchemy. .” When I looked around just now, I found that there were many porcelain jars and bronze tripods in the corners.

There is no alchemy furnace, but a copper tripod is also a good choice.

Chapter 4998

Speaking of which, Yue Feng did this kind of little work himself.

But this Liu Qiang, since he appeared, has been targeting Yue Feng everywhere. He always thought that it would be good for Yue Feng to die, which made Yue Feng very uncomfortable. At this time, he took this opportunity to call him well.

“What did you say?...”

Liu Qiang’s face changed when he heard Yue Feng’s words, and he couldn’t help shouting, Mad, this kid is not too timid, whether he can live or not is a different matter later. , how dare you call me now?

Really looking for death!

In Liu Qiang’s heart, he didn’t believe that Yue Feng could concoct alchemy, but at this time he was just pretending.

Cough cough...

Just as soon as he finished speaking, Taoist Qianqiu pretended to cough and said indifferently: "Liu Qiang, what this little brother says, do whatever you want. Don't be so rude.

"Feng's alchemy is also skeptical, but he also knows in his heart that nothing can be too absolute. If the other party really knows how to alchemy, he is a hot wizard, so he can't be offended.

"Yes, Master!" Seeing Taoist Qianqiu speak, Liu Qiang was full of reluctance, but still went to the corner to look for the bronze tripod.

This...

At this moment, Lu Xiaoshuang, who was standing beside him, looked at Yue Feng blankly, only to feel that the man in front of her made her more and more unable to see through.

He first bit the herbal medicine, and now he has asked people to find the copper tripod.

Could it be... he really wants to prepare alchemy?

At the same time, the three surrounding disciples of the three sects also looked at Yue Feng with incomparably complicated expressions, and their eyes flickered with surprise.

This.... this kid really can alchemy?

It's not a trick, is it?

Boom!

At this moment, Liu Qiang found a copper tripod, perhaps because he was upset, he placed the tripod heavily on the ground, and then said coldly, "I've found it."

Yue Feng took a look and saw that the size of the copper tripod was just right. Quite satisfied.

In the next second, Yue Feng looked around, his eyes fell on Liu Qiang and several disciples of the three major sects again: "You guys, take off your clothes."

What?

Hearing this, Liu Qiang's heart burst into anger: "Boy, what do you want to do?" Mad, this boy is getting more and more presumptuous because of his master's refusal to do anything to him for the time being.

Feeling Liu Qiang's unhappiness, Yue Feng said lightly: "Of course it's a fire. There is not a single branch here. If you want to make alchemy, you can only use your clothes."

After speaking, Yue Feng glanced at the other disciples: "It's not just your clothes. If you want to refine the medicine pill, their clothes should also be taken off."

Yue Feng is right. Around this altar, except for the large square next to it, there are stones everywhere. Not even a single piece of wood, if you want to make alchemy, you can only burn clothes.

Mad!

At this moment, Liu Qiang was completely blown up, staring at Yue Feng and said coldly: "Boy, your special code is intentional, right?" This place is extremely cold, who can stand it when you take off your clothes?

Hehe...

Yue Feng didn't care about Liu Qiang's shouting, and chuckled at the time: "It's just a piece of clothing, is it more important than your master's life? If you don't want to take it off, take someone to find something that can be burned. Things, but hurry up, the alchemy thing can't be delayed."

Mad!

Hearing this, Liu Qiang almost smoked with anger, is this kid deliberately looking for trouble? There are rocks all over the place, where do you get something to burn?

What's even more hateful is that this kid still makes a fuss about his master.

Thinking to himself, looking at Taoist Qianqiu's expressionless face, Liu Qiang suppressed his anger abruptly and took off his clothes. Although this kid is hateful, he can't offend Master.

Swish..

Seeing Liu Qiang taking the lead in undressing, the other disciples around also hesitated, and then took off their shirts.

I saw that hundreds of disciples took off their shirts and stood there with their shirtless shirts, all shivering a little. You must know that the altar is under the ice and jade. Chills.

And these chills are not something that Liu Qiang's disciples can bear.

Pfft...

Lu Xiaoshuang was very nervous at first, but seeing Liu Qiang and everyone's appearance at this time, all of them shrank their necks from the cold, and couldn't help covering their mouths and laughing.

Chapter 4999

At the same time, Lu Xiaoshuang couldn't help but glance at Yue Feng, both applauding and funny.

This Yue Feng is really bad, and he deliberately made the disciples of the three major sects make a fool of himself, but Liu Qiang was too arrogant just now, so he deserved it.

At this time, Yue Feng set the clothes on fire, then put the copper tripod on it, and began to refine the medicinal pills.

Sorting herbs and controlling the heat, Yue Feng was methodical and serious at every step.

This... just started?

Liu Qiang and the surrounding disciples, standing there frozen one by one, were a little suffocated in their hearts. At this time, they frowned secretly when they saw Yue Feng's actions.

Especially Liu Qiang, who frowned secretly.

This kid asked me to find the copper cauldron just now. I thought he was only using it to store herbs, but I didn't expect that he would actually use it as a pill furnace?

The bronze tripod is just an ornamental object for decoration, can it be used for alchemy?

It's too much of a play, this kid obviously doesn't understand anything, he's acting here.

Thinking to himself, Liu Qiang couldn't help shouting at Yue Feng: "Boy, who are you trying to fool? You use a copper cauldron to make alchemy? What can you make?"

"I don't think you understand at all. Are you playing us as fools?"

At this time, Liu Qiang was very annoyed, especially when he thought of his clothes, which was burned by him, he was even more angry.

For a time, the other disciples around were also filled with righteous indignation.

"It's obviously bullshit.."

“I think so too, Mad, he even burned our clothes...”

“You can’t let him continue to bullshit like this.”

Everyone was discussing, you said, and I came, Yue Feng’s face was indifferent, without the slightest fluctuation.

The next second, Yue Feng looked at Liu Qiang and said angrily, “Can you stop arguing, who told you that the bronze cauldron can’t alchemy?”

Yue Feng’s current achievements in alchemy have surpassed those of his predecessors. , Moreover, the real master of alchemy, not the alchemy utensils, but the control of the fire, and the realm of alchemy...

And Yue Feng in the realm of alchemy, as long as anything that can be burned can be used as alchemy utensils.

Just like a master swordsman who has reached a certain level, everything in the world can be used as a sword, which is a truth.

Um?

Seeing Yue Feng’s serious appearance, Liu Qiang and the surrounding disciples were stunned.

This kid is quite confident...

At the same time, Taoist Qianqiu also frowned secretly, looking at the copper cauldron in front of Yue Feng’s eyes, can this copper cauldron really refine medicinal pills?

But looking at Yue Feng’s self-confidence, it doesn’t seem like he’s bragging...

At the same time, Lu Xiaoshuang bit his lip tightly and looked at Yue Feng, feeling a little nervous for no reason. It has to be said that this Yue Feng is indeed very witty. The original predicament with many crises was dominated by him, and he easily took control of the situation.

It’s just...he is now using a copper cauldron to concoct alchemy, can he do it?

Although Lu Xiaoshuang knew nothing about alchemy, he had seen some fragments of ancient books on alchemy in the library of Shendiaomen. He knew that the former alchemists used special alchemy furnaces to alchemy, and he had never heard of them. Pills can be made with copper tripods.

Thinking about it, Lu Xiaoshuang couldn’t help but feel a little worried.

This Yue Feng has given Taoist Qianqiu such great expectations. If he can't refine it later, he can imagine what he will end up doing, and together with Yue Feng, I am afraid that they will also be affected by the fish pond...

"Hehe... ."

Just when Lu Xiaoshuang was secretly worried, Liu Qiang also came to his senses, sneered at Yue Feng and sneered: "Boy, I think you should stop pretending, I have seen some fragments of alchemy, In the past, alchemists used special alchemy furnaces to make medicinal pills, but now you are using a copper cauldron, which is completely nonsense."

After speaking, Liu Qiang shouted at Taoist Qianqiu: "Master, this kid doesn't see anything at all. I understand, he just lied to you."

Shuh!

The words fell, and the disciples of the three major sects around also looked at Daoist Qianqiu to see how he expressed his position.

After all, Daoist Qianqiu was a veteran of the Chunyang Palace. Although he didn't understand alchemy, he at least had some research on alchemy.

Hu...

Facing Liu Qiang's comments, Taoist Qianqiu took a deep breath: "Don't make any noise!"

Chapter 5000 The

next second, Taoist Qianqiu looked at Liu Qiang and everyone, and said slowly: "You all stay calm and don't be impatient, this little brother just said it well, the real master of alchemy will not stick to one style, but It is the state of mind that matters. As for the alchemy utensils, they are all secondary."

When speaking, Taoist Qianqiu couldn't help but glance at Yue Feng, his eyes flickering with complexity.

Speaking of which, Taoist Qianqiu just now also thought that Yue Feng was fooling around, but then he suddenly thought of something. Five years ago, he had seen a thousand-year-old alchemy master in a fragment of an alchemy recipe. Written about alchemy experience.

In that experience, it was written that alchemists should put their state of mind first, followed by other aspects. It also wrote that as long as the materials are complete and the heat control is accurate, the alchemy utensils are not important at all...

This theory, and what Yue Feng just said, Can't find much at all.

It's just... those who can do this are absolute masters, and Yue Feng, who is looking at a young age, can have such great ability?

This....

Hearing the words of Taoist Qianqiu, Liu Qiang and the surrounding disciples were all stunned.

Are there really people in this world who can make medicinal pills without an alchemy furnace?

Just when Liu Qiang and others were secretly surprised, they saw that Yue Feng had finished putting out the materials and was standing there, staring at the copper tripod, carefully controlling the heat.

After a while, as the temperature continued to rise, the surrounding area of the altar was also warm.

Time passed by minute by minute.

Liu Qiang and others stopped talking, except for the sound of burning fire, there was silence.

Soon, ten minutes passed, and there was still no movement in the copper tripod. Liu Qiang couldn't help sneering and said to Yue Feng: "Boy, I think you don't need to pretend, you are a real master, just look for anything. , can be refined. But now so long has passed, there is no movement in the copper cauldron."

"Obviously, you are not an alchemy master, I even suspect that you don't know alchemy at all. " Yes." "Those who know each

other, kneel down and admit your mistake, and I'll give you a treat."

When he said this, Liu Qiang couldn't hide the contempt and anger in his eyes. In his heart, he didn't think Yue Feng could make alchemy at all, he was just afraid of death. , just use this method to delay time.

Stupid...

Liu Qiang's clamor, Yue Feng just pretended he didn't hear it, but looked at the copper tripod seriously.

Yue Feng's attitude made Liu Qiang very annoyed and wanted to come over.

Bang!

Just before Liu Qiang took two steps, suddenly, a vibration came from the copper tripod. This vibration, like a dull thunder, shocked everyone present, and their eardrums were buzzing.

what's the situation?

At this moment, whether it was Liu Qiang, Lu Xiaoshuang and the three surrounding disciples, they were all taken aback, and they all retreated subconsciously. They all thought that it was Yue Feng's mishandling that was going to blow up the copper cauldron. .

In fact, that sound was the reaction of the hot air inside the copper tripod under the action of high temperature.

Didn't blow up?

The next second, seeing that the bronze tripod was intact, everyone stopped in their tracks, and they were all extremely surprised.

It was at this time that he saw Yue Feng with a relaxed smile, put out the fire below, and then reached out into the copper tripod.

Whoa!

At this moment, all the three major sect disciples couldn't help but surround themselves, and even Lu Xiaoshuang couldn't help but stare on tiptoe, feeling apprehensive and inexplicable anticipation.

Is this Yue Feng really refined?

Soon, Yue Feng took it out from the bronze tripod.

For a moment, the audience was silent, and everyone was stunned.

This... This kid really used a copper cauldron to refine a medicinal pill....

I saw that at this moment, Yue Feng was holding a red medicinal pill in his hand, and the medicinal pill was flowing with charming light. Halo, exuding bursts of medicinal herb fragrance.

At this moment, whether it was Liu Qiang or the disciples of the three major sects around, their minds were blank. Looking at the medicinal pill in Yue Feng's hand, his eyes were filled with incredible!

Lu Xiaoshuang was also completely stupid, biting his lips tightly, his delicate body trembling, staring at Yue Feng blankly, speechless.

He really knows how to make alchemy!

How many secrets does this man have?
