Haha...

Hearing this, Yi Taier couldn't help laughing: "It is said that the members of the Wudang School are all free-spirited people. When I saw them today, they really deserved their reputation."

Saying that, Yi Taier With a sincere expression on his face: "I just heard that Tang Jian said that your Excellency is the new head of Wudang. If

you don't dislike it, let this general be the host later. Let's have a good drink." A few words of thanks also seemed too shabby.

This...

Prince Aotian's purpose was to get acquainted with Itair. Seeing him say this, he immediately nodded with a smile: "Since the general is so gracious, then I will be disrespectful."

"Sect Master Ye Really happy." Seeing his promise, Itel was very happy.

After the two sides exchanged a few words of greetings, Itel ordered the other cavalymen present to clean up the battlefield. Prince Aotian was not idle to help rescue the wounded of the black armored cavalry.

This made Itail's affection for Prince Aotian doubled in his heart.

Soon, an hour passed.

After the battlefield was cleared, Prince Aotian entered the headquarters hall of the Heavenly Dao Society at the invitation of Itair. You can see that the whole hall is resplendently decorated, and the surrounding pillars are carved with dragons and phoenixes, glittering with gold, which is even more luxurious than the palace.

Mad!

Seeing the scene in front of him, Itel couldn't help but scolded: "The bastards of the Tiandao Society have made a lot of money in doing business in our Rakshasa over the years. This hall is much more luxurious than my military camp. "

What's more abhorrent is that Tang Jian, who is arrogant and arrogant, still wants to snatch our treasures."

Thinking that he almost died in Tang Jian's hands before, Yi Taier couldn't help but hold back his fire.

Hehe...

Hearing this, Prince Aotian smiled slightly: "In the end, they are a bunch of rabble, and they can't make a big deal. Besides, Tang Jian is dead, so the general doesn't need to worry."

Itel nodded in agreement. Immediately, he ordered his subordinates: "Go, prepare the wine and food, and I want to have a drunken break with Ye Zhangmen."

"Yes, General!"

After hearing the order, several subordinates quickly went to prepare. Speaking of which, this is the Tiandao Society. In the headquarters, there are all kinds of treasures, and in the back cellar, a lot of fine wines are found.

In a short while, a table of sumptuous wine and dishes was ready.

"Sect Master Ye!"

Ital was straightforward, and immediately opened a jar of wine and poured a glass for Prince Aotian, and said excitedly: "It is a great honor to meet Sect Master Ye today, come, I respect you A cup."

Prince Aotian was not polite, picked up the wine cup and touched Itair.

"This cup, the head of Jingye saved my life just now." Immediately, Itel poured another cup.

Prince Aotian smiled slightly and drank the wine.

Seeing that Prince Aotian was not pretentious at all, Itel was in a very happy mood, and immediately chatted with Prince Aotian while drinking and drinking.

Three rounds of wine.

Yi Taier thought of something and couldn't help but ask: "Wudang Sect is thousands of miles away, why did the head of Ye suddenly come here?"

Hu...

Prince Aotian breathed a sigh of relief and said slowly: "There was a natural phenomenon here before, and the sun became a strange blood color, so I came here to take a look."

After speaking, Prince Aotian took the opportunity to ask: "What happened at that time, please tell the general."

When it came to this question, Ite's face suddenly became complicated, and he sighed: "Alas, speaking of it, it was caused by two idiots breaking into the forbidden area and releasing nine strange birds."

In the next few minutes, Ite Describe the situation at that time in detail.

The three-legged strange bird will also cast a terrifying flame....

At this moment, when Prince Aotian heard this, he was stunned for a moment, and then he understood something: "General, that is not a strange bird, but the guardian of the sun back then. The three-legged golden crow."

As a royal family of the God Realm, Prince Aotian is well versed in ancient and modern times, and the allusions of Emperor Hou Yi shooting the sun are also very clear. Hearing Yi Taier's description at this time, he immediately knew that it was guarding the sun back then. The nine Golden Crows of .

"So that's what happened..."

Yi Taier looked at the eyes of Aotian Prince with a bit of reverence: "Ye Zhangmen is really knowledgeable and talented, if you don't tell me, I am now. I still don't know the origin of the nine strange birds."

The ultimate husband in Chinese chapter 5802

Facing the praise, Prince Aotian just smiled faintly.

Immediately, what Prince Aotian thought of, took the opportunity to ask: "Dare to ask the general, what happened to the nine golden crows?" When they were on the road, the vision of the heaven and earth here had disappeared, and the sun had returned to its previous state. . Phew

... Ite took a deep breath and said, "The nine Golden Crows have already been killed by Yue Feng. Speaking of that Yue Feng, it really lives up to its reputation. The strength of those nine Golden Crows is terrifying, and I almost died at the time. Now

, he was able to kill them all at once..."

Saying this, Ite shook his head and sighed, getting another glass of wine.

What?

At this moment, Prince Aotian was shocked.

Yue Feng's speed is very fast, and he came to the Rakshasa tribe one step earlier than himself.

At the same time, Prince Aotian also had some feelings in his heart.

This Yue Feng, in the end, was the teacher of the Emperor of Heaven, and the nine golden crows were all killed by him...

Thinking to himself, Prince Aotian endured the shock in his heart, made a very indifferent look, and said slowly: "Yuefeng is recognized as a great hero in Kyushu, and it is not unusual to be able to deal with nine golden crows." After

speaking, Prince Aotian asked, "I don't know where Yue Feng is now?" If Yue Feng was still in the Rakshasa clan, Be careful yourself.

Itai did not answer directly, but asked curiously, "Are Ye Zhangmen and Yue Feng friends?"

Prince Aotian was stunned for a moment, then smiled: "The general is joking, although I am Wudang's trusted leader. However, his status in the arena is only a junior, how can he be qualified to be friends with Yue Feng?"

"But I have always admired Yue Feng, but unfortunately I didn't get to know each other. If I could meet here this time, I would not let it's a waste of time."

This chapter is provided by . Visit for daily update.

When saying this, Prince Aotian deliberately made a humble appearance. After all, the grievances between him and Yue Feng cannot be easily known to others.

"So that's how it is..."

Hearing the explanation, Yi Taier nodded, then took a deep breath and said: "To be honest, Yue Feng is our queen's guest of honor, and is currently recuperating in the palace."

Recuperating?

Hearing this, Prince Aotian was stunned for a moment, and then secretly ecstatic...

Haha...

Those nine Golden Crows are all very terrifying, and Yue Feng must have consumed a lot of divine power to kill them in one fell swoop. This is a good opportunity.

His heart was ecstatic, but Prince Aotian was calm on the surface.

How could Yi Taier know what Prince Aotian was thinking, thinking that he really admired Yue Feng, he sighed and said, "If it was a day ago, maybe I could bring Ye Zhangmen into the palace and meet Yue Feng in the face. , now... ah, it's hard to say."

Yesterday in the side hall, I was reprimanded several times by the queen, and now I don't have the right to enter the palace for a close audience.

Ok?

Seeing his melancholy expression, Prince Aotian calmed down and couldn't help but ask, "Why is the general so melancholy?"

Itel smiled bitterly and told what happened yesterday.

Knowing the situation, Prince Aotian nodded secretly. It seemed that the news that Qin Tianjian had inquired was correct. The Rakshasa clan seemed to be united on the surface, but in reality, there were undercurrents surging.

Thinking of this, Prince Aotian and Itaire touched a glass of wine, and said sincerely: "The general is so loyal, yet being treated like this by the queen, it's really hard to understand." After

speaking, Prince Aotian looked serious. , lowered his voice: "General, I don't know if I can say something."

call!

Ital sat up straight, with a serious face: "Head Ye is my savior, what can't you say? You can just say it."

Prince Aotian nodded and said word by word: "General Tian It's really unfair for a talented person to be subordinated to a woman. In my opinion, the general is the most qualified to be the king of the Rakshasa clan. As for the current queen, it is difficult to achieve a great career with a girl."

Gudong!

Hearing this, Itel was shocked, he couldn't help swallowing, and quickly said: "Master Ye, you can't talk nonsense." When speaking, Itel's eyes flashed with panic.

Although he acted arrogantly and domineeringly, he never thought that he would be the king of the Rakshasa.

Haha....

Seeing his reaction, Prince Aotian couldn't help laughing: "You don't have to be nervous, General, I just said what was in my heart and didn't let you really rebel."

The ultimate husband in Chinese chapter 5803

Speaking, Prince Aotian raised his glass: "Come on, let's continue drinking."

"Well, drink and drink..."

.....

On the other side, the pasture is forbidden.

After Yue Feng arrived, he could see from a distance around the huge black stone monument, guarding dozens of black armored cavalry.

These cavalymen, each armed with a machete, were vigilant about their surroundings and had a domineering aura.

Before Yi Taier led his troops to clear the Tiandao Society, he deliberately left some people behind to stay in the forbidden area to prevent people with ulterior motives from approaching.

Swish!

At this time, seeing Yue Feng approaching, dozens of black armored cavalry suddenly gathered their eyes, and then scolded them one after another.

"Stop!"

"Who dares to trespass into the forbidden area?"

Seeing Yue Feng dressed as a Kyushu, the captain of the cavalry headed, even more rude words: "Where are the Kyushu people who came out, dare to break into the forbidden area of our Rakshasa clan? , are you courting death?"

Saying this, he waved his hand.

Wow...

In an instant, dozens of black armored cavalry rushed up and surrounded Yue Feng.

In the face of this situation, Yue Feng did not panic at all, and smiled: "Don't be nervous, everyone, I am Yue Feng, and I came to see the cave under this forbidden area."

Yue Feng could see that the black armored cavalry in front of him were all recent. It was normal that I didn't know myself, but I had heard my name.

Yue Feng?

The famous Jiuzhou hero?

At this moment, the black armored cavalry present all looked at each other, their expressions were not as arrogant as before, but they did not let go.

“What's the matter?”

At this moment, a crisp voice came.

Hearing this voice, dozens of black-armored cavalry turned around in unison, and each spoke respectfully.

“General Yi...”

Yue Feng also subconsciously turned his head to look, and was immediately stunned.

I saw a slender figure slowly coming, a black and red soft armor, which perfectly set off the sexy curve, with a ponytail, delicate facial features, and a healthy wheat color.

The red cloak fluttered behind him, indescribably heroic.

It was Ite's younger sister, Ilona.

Ilona is several years younger than Ite. She is just over 20 this year. Although she is a woman, because her father and brother are senior generals of the Rakshasa clan, she likes life in the military since she was a child, and she is very talented in martial arts. She is sixteen years old. At that time, in the ring competition held by the Rakshasa clan, he achieved the proud result of the first place.

A few years have passed, and Ilona's strength has changed even more. Now she is a general in the army and the only female general of the Rakshasa clan.

Yesterday, Yi Taier went to Suppress the Heavenly Dao Society, so he asked his sister to take someone and guard the forbidden area.

call!

At this moment, Yue Feng couldn't help looking at Ilona up and down, admiring secretly in his heart.

Unexpectedly, in addition to the charming queen, there is such a heroic female general among the Rakshasa.

This appearance and figure are comparable to those of Xing Yao back then.

shuh....

Feeling Yue Feng's gaze, Ilona was very unhappy, and her delicate face instantly turned cold: "Who are you? Dare to break into the forbidden land of our Rakshasa."

Ilona has naturally heard of Yue Feng's name. , but he had never seen a real person before, so he thought that the man in front of him was a thief who was thinking about forbidden treasures.

"I'm Yue Feng. Come and see what's going on below." Yue Feng smiled bitterly and once again showed his identity.

At this moment, Ilona was stunned, looked at Yue Feng carefully, and her red lips lightly opened: "You are Yue Feng?"

Yue Feng nodded.

Ilona breathed a sigh of relief, her tone indifferent: "Even if you are the Queen's VIP, you can't break into the forbidden area at will. This place is always under the supervision of my brother. If you really want to enter and check, unless you have my brother's warrant." The

voice was clear and pleasant . , but beyond doubt.

Speaking of which, Ilona had heard a lot about Yue Feng's deeds, and she was a little curious at first, but Yue Feng's eyes just now made her feel no good in her heart.

"Your brother?" Yue Feng was stunned.

Ok!

Ilona responded, her face unable to hide her pride: "It's the Great General Itel."

Hearing this, Yue Feng was stunned, and then said with a smile: "Listen to what you mean, the queen's right , is not as old as your brother?"

This woman is interesting, young, but has a very arrogant personality.

The ultimate husband in Chinese chapter 5804

Feeling the ridicule in Yue Feng's tone, Ilona's face flushed instantly.

In the next second, Ilona said angrily: "Don't tell me these are useless, outsiders can't go in, you can go."

Oh?

Seeing that the other party didn't give face at all, Yue Feng was not displeased at all, but couldn't help laughing: "I just went in to have a look, and I didn't take anything, why are you like a thief?" The

last word fell, Yue Feng Motivating the figure, he rushed out of the crowd and quickly entered the cave.

Yue Feng's speed was so fast that Ilona and dozens of black-armored cavalymen had no time to react.

"Stop..."

Soon, Ilona was the first to come to her senses, stomping her feet in anger at the time, and chasing after her with a coquettish shout.

The dozens of black-armored cavalry behind him followed closely.

However, at the entrance of the cave, Ilona suddenly thought of something, and immediately turned around and said, "Don't follow up, stay outside. Prevent Yue Feng's companions."

Although Yue Feng appeared alone, he was not sure about sleep. No accomplices are around.

"Yes."

Upon hearing the order, dozens of black-armored cavalry responded in unison and guarded the entrance.

Ilona stopped talking nonsense, bit her lip, and rushed into the hole.

At this moment, in the cave.

Phew ...

Yue Feng went down the steps and quickly probed down. Seeing the scene in front of him, he couldn't help taking a deep breath, and his heart couldn't hide the shock.

Unexpectedly, there is no cave below.

Soon, near the deepest stone platform, Yue Feng stopped and frowned after looking around.

Is this where the nine golden crows live? Except for a stone platform and the magma below, there is nothing special about it...

“Hey...”

Just as Yue Feng was thinking about it, a coquettish shout came from behind.

Then, I saw Ilona chasing down angrily.

“What’s the matter with you?” When she got

to the front, Ilona’s delicate face was full of anger, and she shouted at Yue Fengjiao: “I can’t say it, why are you pushing hard? Can’t understand the words?”

Uh....

Yue Feng scratched his head, a little dumbfounded: “I just came down to see, there is no need to be so preoccupied.”

After speaking, Yue Feng pointed to the stone platform: “At that time, the nine golden crows were on this stone platform. Go up ?”

Ilona curled her lips and said angrily: “Why should I tell you? Hurry up, or I’ll be welcome.” When she spoke, Ilona looked impatient.

I’ve never seen such a thick-skinned person before, it’s really annoying.

You’re welcome?

Hearing this, Yue Feng was stunned and looked at Ilona with great interest: “Why are you being rude?” As soon as he saw this Ilona, he thought of Xing Yao, and Yue Feng couldn’t help it. Want to tease her.

hum!

Seeing Yue Feng’s half-smile but not smiling, Ilona was a little embarrassed and angry.

Speaking of which, Ilona knew that Yue Feng was very strong, and would not have rashly attacked in normal times, but she clearly felt that after killing nine Golden Crows yesterday, Yue Feng was very weak. In this case, of course, there is no scruples.

With this palm, Ilona exploded with 70% or 80% of her power, and the surrounding air was distorted, with amazing power.

“Oops!”

Yue Feng, however, did not panic at all, shouted in mock surprise, then stepped back two steps to avoid the palm. Although the power consumption is serious and has not recovered yet, avoiding Ilona’s attack is not a problem at all.

After dodging, Yue Feng said with a smile: “How do you do it? How bad is it for girls to fight and kill?” “

You...”

Na’s delicate face instantly flushed red, and she was so angry. Immediately biting his lip, he attacked Yue Feng again.

In terms of identity, Yue Feng is a senior, so naturally he will not fight against Ilona, so he uses the surrounding environment to dodge.

While dodging, Yue Feng did not forget to tease.

“I’m so angry, how can I get married in the future?”

“Alas, the speed of this palm is not enough.”

“This palm...not strong enough...”

Yue Feng’s teasing voice kept coming, and Ilona was angry. His delicate body trembled, and he burst out with all his strength, hitting Yue Feng with a palm.

The ultimate husband in Chinese chapter 5805

just that this palm was dodged by Yue Feng again and hit the stone wall next to him.

Bang.... bang....

I slapped my palm on the stone wall, and I heard a roar from the entire underground space. Then, the place where Yue Feng and Ilona were located suddenly collapsed into a deep pit. .

Holy crap, this place is empty.

At this moment, Yue Feng was taken aback, he couldn’t react at all, and fell down with Ilona.

.....

On the other side, the Rakshasa royal palace.

It was already late at night, the stars and the moon had no light, and the entire palace was shrouded in darkness.

Whoosh...

At this moment, a figure came from not far away and silently landed on the newly renovated hall.

He was tall and tall, wearing a black tights.

It is Prince Aotian.

While drinking with Itair during the day, Prince Aotian learned that Yue Feng was recuperating in the palace, and he made up his mind at that time to take this opportunity to get rid of Yue Feng.

It happened that the weather was bad tonight, and the moonlight was blocked by dark clouds. Prince Aotian waited until late at night and started to act.

At this time, when he reached the top of the main hall, Prince Aotian looked around, first observing the environment of the entire palace, and then heading towards the bedroom area behind.

This chapter is provided by . Visit for daily update.

call!

Arriving near a bedroom, seeing the bright lights inside, Prince Aotian couldn't help taking a deep breath.

In the whole area, only the lights are on here, which seems to be the place where Yue Feng rests.

Thinking to himself, Prince Aotian lightly stepped, avoided several maids at the door, and jumped in from an open window on the side.

As a result, when he got inside, Prince Aotian was stunned.

I saw a slender figure sitting beside the candlelight, holding his cheeks in one hand, looking at the night outside in a trance. He was draped in a white satin nightgown, with charming curves looming.

It is the Queen Mona.

Speaking of which, Mona's rest time has always been very regular. Usually, at this time, she would go to bed and rest long ago, but after experiencing the 'going into the devil'

last night, Mona lost sleep, and when she closed her eyes, her mind was full of Yue Feng. The scene in the arms.

This made Mona very confused.

Since such an embarrassing thing happened with Yue Feng, do you want to express your love?

This....

at this time, Prince Aotian hid in the shadows, stared blankly at Mona for more than ten seconds, and then gradually reacted.

At this time, the queen of the Rakshasa clan? Broken, wrong judgment...

Thinking of this, Prince Aotian was very depressed, but he could only wait quietly for the opportunity.

Time passed by minute by minute.

Huh...

Mona sat on the window sill thinking for a while, and finally got a little tired. She breathed a sigh of relief, and then turned off the candle.

Immediately, Mona directed at several maids guarding the door and said, "You all step back." Mona had a habit since she was a child. When she went to bed, she didn't like being watched by others.

"Yes, Queen!"

After hearing the order, several maids responded, and after closing the doors and windows, they withdrew.

Seeing this scene, Prince Aotian, who was hiding in the dark, was also secretly relieved. The queen is finally going to rest and can finally leave.

After waiting for a few seconds, seeing Mona lying down and resting, Prince Aotian walked quietly towards the door without any hesitation.

"Yue Feng?"

However, Mona didn't fall asleep at all. When she saw the figure of Prince Aotian, she thought it was Yue Feng. At that time, her tender body trembled, and she shouted in surprise, "Is that you?"

Because the light was dim , and Prince Aotian had his back to the bed, so Mona didn't realize that the person in front of him was not Yue Feng at all.

mad.

When his whereabouts were discovered, Prince Aotian was very annoyed, he quickly stood there motionless, and his mind quickly thought about countermeasures.

Seeing that he was silent, Mona continued: "It's so late, do you have anything to do with me?" When she spoke, Mona was like a deer.

An embarrassing thing happened last night, and today Yue Feng came to me late at night.

Could it be...he likes me too?

Thinking of this, Mona blushed, shy and happy.

Prince Aotian still didn't respond. In this case, how dare he open his mouth?

"Yue Feng, what's the matter with you? Why don't you speak?"

At this time, Mona saw that the other party never responded, and she was immediately puzzled. She collapsed from the soft spot and walked over slowly.

The ultimate husband in Chinese chapter 5806

"Yue Feng!"

As she approached, Mona couldn't help but said softly: "Did something happen?" Yue Feng has always acted prudently, but suddenly came late at night, and without saying a word, there must be situation happens.

Phew....

Prince Aotian took a deep breath, and when he heard Mona's footsteps getting closer, his heart became more and more anxious.

what to do? Although with his own strength, he is not afraid of being discovered by the Queen, but if he really reveals his identity, he will be shocked by the grass, and it will be difficult to deal with Yue Feng at that time.

Anxious in her heart, Mona was already behind her: "Yue Feng, you are talking."

Until now, Mona thought the man in front of her was Yue Feng.

Got it!

It was at this moment that Prince Aotian had a flash of light, and without any hesitation, he quickly turned around and embraced Mona in his arms.

Prince Aotian thought about it, since this queen regards me as Yue Feng, it's better to take the plan.

Hmm...

The queen was hugged by Prince Aotian, and she didn't have time to react. She let out a coquettish cry, and then felt the man's breath on the other side, and her delicate body became soft.

Being hugged by the man she admired, at this moment, Mona was nervous and joyful.

But she is the queen after all. She was concerned about her identity at this time, and immediately bit her lip and said softly: "Yue Feng...you...don't be like this." As she spoke, she struggled gently.

However, the more she struggled, the tighter Prince Aotian hugged.

This chapter is provided by . Visit for daily update.

"you..."

Mona knew it was useless to struggle, so she felt anxious, and whispered, "Let me go, if you do this again, I'll be angry." She said she was angry, but there was no anger on her face at all.

At this moment, feeling the delicate body in his arms and smelling the fragrance, Prince Aotian was also a little dazed.

Such a beautiful queen, it is difficult for any man to control himself, and the same is true for Prince Aotian. Especially when he heard the Queen's soft and gentle words, his throat felt dry.

Papa...

The next second, Prince Aotian couldn't bear it any longer, raised his hand to seal Mona's acupuncture point, and also tapped the dumb acupoint.

In an instant, Mona's delicate body trembled, she was speechless and could not move at all. The brain is also blank, buzzing.

What is this Yue Feng going to do?

At this time, Prince Aotian couldn't restrain himself, he picked up Mona by the waist, and walked slowly to the soft couch.

Stab...

The next second, before Mona could react, Prince Aotian pulled hard, and the satin nightgown on his body was torn directly. Suddenly, the charming curve was exposed...

shuh!

Mona's beautiful face turned red all of a sudden, and she was angry and shy in her heart.

She never thought that the 'Yue Feng' in front of her would be so daring to do something wrong to her. Speaking of which, she also likes him in her heart, but this is too direct.

For a time, Mona was very unhappy, and her heart was full of resistance, and at the same time she wanted to break free.

It's just that the acupuncture points are tapped, and words can't be said. At this time, it is the meat on the cutting board, which is slaughtered by others.

Gudong.

At this time, Prince Aotian completely tore off his nightgown, and when he saw Mona Bao appearing in front of him without reservation, a fire suddenly rose in his heart.

Queen... don't blame me, who told you to treat me as Yue Feng?

As I thought to myself, Prince Aotian was indescribably excited.

Taking the queen as Yue Feng tonight will inevitably lead to the breakdown of the relationship between the two. In this way, he not only enjoys the beauty, but also adds an enemy to Yue Feng.

Haha...it's like killing two birds with one stone.

The more Prince Aotian thought about it, the more excited he became. In the dark night, his eyes flickered with evil light, and he was ready to pounce.

Bastard...

Facing the situation in front of her, Mona was indescribably ashamed and angry, and at the same time she was also a little desperate.

Speaking of which, in her heart, she has always regarded Yue Feng as her idol, but she never imagined that this man's secret behavior would be so despicable.

At this time, Mona didn't realize that the man in front of her was not Yue Feng at all.

Bang Bang Bang...

Seeing that Mona was about to be sullied, at this critical moment, there was a knock on the door, and then, a maid's voice came: "Your Majesty..."

The ultimate husband in Chinese chapter 5807

The voice of the maid is anxious, and there is obviously something important to report.

Hearing the shouts, Mona couldn't express her joy. It was like a response at the time, but her dumb hole was tapped, and she couldn't speak at all, so she could only be anxious.

Oops...

At the same time, Prince Aotian was also taken aback. He quickly got up and looked at the door vigilantly.

Through the crack of the door, you can clearly see a maid standing outside.

It looks like I can't stay here for long.

In the next second, Prince Aotian reacted, quickly rushed to the back window sill, opened the window, and rushed out silently.

If it were anywhere else, Prince Aotian would definitely not have too many concerns, but after all, this is the palace of the Rakshasa clan, and Yue Feng is also here, it will be very troublesome if he is found out.

However, Prince Aotian didn't know that Yue Feng was not in the palace at this time, but in the forbidden area of the pasture.

"Your Majesty..."

Prince Aotian had just left his forefoot when the maid's soft call sounded outside the door again.

At this moment, Mona was lying on the bed, unable to move at all. She was very anxious, but at the same time she was secretly relieved. Fortunately, the maid appeared in time and scared away Yue Feng. Otherwise, her innocence would be ruined. .

The maid outside the door called a few more times, but she never got a response from Mona, and she didn't dare to break in rashly, so she could only leave temporarily.

For a while, the entire bedroom was silent.

However, Mona was not completely relieved. That 'Yue Feng' is so bold, who knows if he will come back later.

This chapter is provided by . Visit for daily update.

Thinking to herself, Mona hurriedly stimulated her inner strength silently and tried to open the acupuncture point.

.....

On the other side, pasture off-limits.

Huhu....

Under the collapsed giant pit, Yue Feng's body continued to fall, the wind whistled in his ears, and his heart was also uncertain.

I saw that there was an underground magma river below, the fiery red magma was churning endlessly, and the entire underground space was completely filled with scorching aura, making people breathless.

Pfft!

Finally, Yue Feng fell on the bank of the magma river. Because his divine power was not fully recovered, under the impact of huge inertia, he took a dozen steps back before he stabilized his body.

"Ah..."

As soon as she stood up, she heard a scream from above her head, and then she saw Ilona fall down, her delicate face was full of horror, and she almost cried.

Coincidentally, the location where Ilona fell was the center of the magma river. Once it falls in, I am afraid that there will be no bones left.

At this moment, Ilona's face turned pale, she was still so young, she didn't want to die like this.

Whoosh!

At this critical moment, Yue Feng jumped up and hugged Ilona in his arms, and then the figure turned in the air and landed firmly on the shore.

After recovering her life, Ilona's face was pale and she was still in shock.

Yue Feng has a calm expression on his face. I don't know how many times I have experienced this kind of dangerous situation, and I have long been used to it. I just smelled the fragrance on Ilona's body, and it was a little shocking at the time.

So soft, so fragrant.

At this moment, Ilona reacted and saw that Yue Feng's hand was still on her waist. Not only that, but Yue Feng's eyes moved up and down her body, and her face turned red instantly.

Snapped!

Immediately afterwards, Ilona quickly broke free, raised her jade hand, and slapped Yue Feng fiercely.

Shit...

After being slapped, Yue Feng was stunned, covering his face and frowning: "Why are you hitting me?"

"Shameless." Ilona spat, her delicate face could not be concealed. Disgusted, he said coldly: "Who told you to take advantage of me? Don't say hitting you, it's not an exaggeration to kill you."

Then, he patted the place Yue Feng touched just now.

I go...

Hearing this, Yue Feng was both angry and funny: "You girl, why don't you know good people? If I didn't hold you just now, you would have fallen into the lava and burned to death. On the other hand, say I took advantage of you? You are revenge for your kindness."

"You..."

Ilona's face flushed and she was speechless for a while, because Yue Feng was right. If he hadn't shot, she would have fallen into the lava.

However, Ilona is arrogant, even if she knows it in her heart, she doesn't recognize it, and argues: "Who wants you to meddle in your own business, I can get to a safe place without you taking action just now."

The ultimate husband in Chinese chapter 5808

said, Ilona looked around: "It's all your fault, I won't let you in, you have to come in, and I'm falling into this place."

This underground lava river in front of me has such a bad environment. How does this go up.

It's all Yue Feng's fault.

Uh...

in the face of the accusation, Yue Feng wanted to cry without tears.

I saved your life, don't be thankful if you don't appreciate it, and scold me everywhere. This girl is really difficult to deal with.

Thinking to himself, Yue Feng made a nonchalant look: "Whatever you say, I'm going to find an exit. Since you hate me so much, don't follow me." With that, Yue Feng walked forward.

"Who wants to follow you?" Ilona muttered angrily, then turned around and walked in the opposite direction, but after taking a few steps, she found that it was a dead end, so she could only come back and slowly follow behind Yue Feng .

Huh?

Yue Feng secretly looked into his eyes, only to find it funny, and pretended to be surprised and said, "Didn't you follow me? Why did you follow me again?"

When he said this, Yue Feng smiled and his eyes were full of teasing.

Feeling Yue Feng's mockery, Ilona was furious: "Who is following you? This is not your place. Let me tell you, you trespassed in the forbidden area just now, and I haven't settled the account with you. Don't mess with me, I know. I don't know."

At this time, Ilona really wanted to teach Yue Feng a lesson, but she also knew that with her own strength, it would be very difficult to teach Yue Feng a lesson, otherwise, she would not fail again and again if she started on it just now. .

What a great temper.

Yue Feng closed it when he saw it, and when he saw Ilona's angry look, he stopped teasing. At that time, he smiled and continued to investigate.

Ilona didn't bother to pay attention to him either, and the two walked slowly along the lava river one after the other.

"Roar!" After

walking for a few minutes, suddenly, a roar that shocked the soul came from the front, and along with the roar, the scorching air around it became even hotter.

Swish!

Hearing the roar, Yue Feng and Ilona stopped almost at the same time.

Yue Feng couldn't help frowning secretly. In this underground lava river, there are still beasts? Listening to this movement, it seems very ferocious, it should not be an ordinary beast.

Ilona behind her was even more inexplicably nervous.

Although Ilona is the only female general of the Rakshasa clan, she is bold and resolute, but it is difficult to calm down in the face of this situation.

Soon, Yue Feng reacted and quickened his pace.

There were nine golden crows hidden here before, which shows that this place is extraordinary, so Yue Feng wanted to see what the beasts in front of him were.

Ilona hesitated. At that time, she wanted to turn around and leave, but there was no way out behind her, so she had no choice but to bite the bullet and keep up.

Huh...

After walking a distance of tens of meters, the scene in front was presented in front of them. In an instant, Yue Feng and Ilona were stunned and shocked.

I saw that the lava river bent a few dozen meters in front of me, and in the center of the bend, a boulder protruded.

At this time, on the top of the boulder, there is a giant. This giant beast is fiery red and has a circle of hairs on its neck.

The giant beast is more than ten meters long and five or six meters high. At first glance, it looks like a giant lion, but if you look closely, it is very different from a lion. Its copper

bell-like eyes flash with a soul-sucking light, and the whole body is filled with bears. Fire, unspeakable domineering.

“Roar!”

At this moment, the giant beast roared again, and then slowly absorbed the flame power of the surrounding lava. Absorbing the fire energy in the lava, Yue Feng clearly noticed that the aura surrounding the beast became stronger.

I go...

Seeing this scene, Yue Feng secretly praised.

The IQ of this giant beast is quite high, and it even knows to fuse the surrounding flame power.

And Ilona, who was standing behind, was completely stunned, her delicate body trembling faintly, what kind of beast is this, and the pervading aura is so terrifying.

“This...”

Under the shock, Ilona couldn't help but ask: “What kind of beast is this?” As a woman of the Rakshasa tribe, Ilona has seen many beasts, but this one is still First encounter.

Hu...

Yue Feng took a deep breath, his eyes fixed on the giant beast in front of him, and there was no response.

A few seconds later, Yue Feng said slowly: “It seems to be a fiery scorpion, but... this kind of beast disappeared thousands of years ago. I didn't expect to encounter it near this underground lava river.”

When he said this, Yue Feng stared at Huo Suan in front of him, secretly amazed.

Suwanyao is a vicious beast in ancient times. Although it is not among the four big beasts, it has a brutal character and is even more difficult to deal with than Huosuyao. Yue Feng had read an ancient book, which contained records about Suan.

Fire scorpion?

Hearing this, Ilona's delicate face was blank.

Such a strange name.

“Roar!”

At this moment, Huo Suan on the boulder found Yue Feng and the two of them, his huge body suddenly stood up, and then he let out a roar that shocked the world!

Immediately afterwards, a red flame spewed out of Huosun’s mouth, heading straight for Yue Feng and Ilona.

Wherever the flames passed, a sea of flames instantly formed in the air.

Seeing this situation, Ilona’s face turned pale, she turned around and ran without any hesitation at that time, but no matter how fast she was, she couldn’t be faster than the speed of the fire.

Seeing that she was about to be burned, Ilona bit her lip tightly, waved her hand, and put a protective film around her body in an attempt to block the fire.

Chi Chi...

But what she didn’t expect was that the protective film that was deployed could not be resisted at all, and it was burnt clean in the blink of an eye.

The protective film was completely burned, and the incomparably hot heat attacked, and in the blink of an eye, the soft armor on Ilona’s body was quickly melted.

Ugh!

Seeing this situation, Yue Feng couldn’t help shaking his head, this girl is young and can’t hold back her anger.

Facing such a giant beast, the best way is to wait and see what happens, but she wants to escape... No matter

how fast you are, you can’t go faster than the fire.

Muttering in his heart, seeing Ilona’s curve exposed, Yue Feng couldn’t help but admire secretly.

Although this girl has a bad temper, I have to say that her figure is really lacking...

shuh!

At this time, Ilona was almost suffocated by the scorching heat around her, and she was even more ashamed and angry when she saw Yue Feng’s gaze.

This Yue Feng is really a bastard, but it's okay to come to help, and take advantage of it.

Thinking to herself, Ilona couldn't help but shout coquettishly: "What are you looking at? Close your eyes."

"I didn't look at anything, you girl, you can't protect yourself, and you have a wide range." Yue Feng slowly Said with a relaxed look on his face.

hateful!

Ilona was so angry that she found something and looked at Yue Feng in surprise: "You... how are you all right?"

She clearly saw that the fire completely drowned Yue Feng, but this man did not accept it at all. To the slightest damage, it feels like this fire is fake.

what happened? Why is he not afraid of fire?

Yue Feng said with a smile: "I have a special constitution, and fire can't hurt me at all." With the red lotus karma in his body, he is not afraid of the scorching sun and sky fire of the three-legged golden crow, and naturally he is not afraid of the fire of the lava spewed by the fire scorpion.

"Then..."

Hearing this, Ilona's body was shocked, and then she stomped her feet: "Then find a way to save me." No wonder Yue Feng didn't run away just now. It turned out that he was not afraid of fire.

Thinking to herself, Ilona was very angry and felt cheated.

"Save you?"

At this moment, Yue Feng held his arms and looked at Ilona up and down: "You told me just now that we have nothing to do with each other, and you keep asking me for trouble, why should I help you?"

When he spoke, Yue Feng had a sly look on his face.

This girl is so arrogant, she must suffer. Anyway, her strength is not bad, and the fire will not hurt her for a while.

call!

Hearing this, Ilona wanted to refute, but didn't know how to speak. After all, Yue Feng was right, and she had been looking for trouble with him.

Apologize to him?

But... I am also a female general of the Rakshasa clan, how can I apologize to him?

Thinking to herself, Ilona bit her lip, secretly mobilizing her inner strength, trying to resist the surrounding fire, but as the fire became more and more intense, she couldn't hold it at all, and within a few seconds, the skin around her body changed. He was flushed, and there was a hint of pain on his face.

"Oops!"

Seeing this scene, Yue Feng said with a smile: "You really have the guts, since you would rather die than beg me, then forget it, I'm leaving." With

that, Yue Feng turned around Pretend to go.

"Don't..."

Ilona was in a hurry and almost cried at the time: "Don't go, I'm sorry, I... I was wrong... I shouldn't have treated you like that before, you hurry up and help Me." At the

end, Ilona's voice was so small that she couldn't hear it if she didn't listen carefully.

To be honest, she was cold and arrogant, soft to Yue Feng, and was reluctant in her heart, but there was really no way out of the situation in front of her. If she didn't ask Yue Feng for help, she would be burned alive.

Seeing that she finally compromised, Yue Feng nodded with a smile: "You know you're wrong? That's how you are."

As he spoke, Yue Feng walked over quickly, raised his hand, and condensed a protective film to separate himself and Yi Lorna was shrouded in it, but the protective film was very small, just enough to accommodate two people.

Swish!

The protective film isolated the fire, and Ilona suddenly had a chance to breathe. She could see the small space inside the protective film, and her face turned red again.

In such a small place, I could only stick close to Yue Feng, but... my soft armor was burnt away, it was really embarrassing to be so close to each other.

The girl's figure is really good...

At this moment, Yue Feng didn't notice Ilona's embarrassment, but took a close look with interest.

I have to say, this figure is so perfect. Compared with Mona, it has its own merits...

"Hey..."

Ilona felt uncomfortable at the sight of Yue Feng, and immediately couldn't help but say: "You honestly say, did you do this on purpose?" The

protective film was deliberately made so small, just to take advantage of me...

Yue Feng was stunned, Very surprised and asked: "What's on purpose? Why do you say that?"

"You..."

Seeing that he asked knowingly, Ilona stomped her feet: "You can't make the protective film bigger.... Is it not intentional to make it so small?"

Yue Feng made a look of surprise: "Oh, this is what you said, you girl, who do you think of me?" After

that, Yue Feng said He said solemnly: "I dealt with the three-legged Golden Crow before, that is, the nine strange birds. The power in my body was exhausted. At this time, it has not recovered. It is the limit to deploy such a large protective cover."

"Really?" Lorna was skeptical.

Yue Feng couldn't help laughing: "Otherwise? You think I did this on purpose to take advantage of you."

Phew!

Ilona was speechless, she could only take a deep breath, endured the awkwardness, and ignored Yue Feng.

Time passed minute by minute, and the sea of fire that filled the surroundings finally subsided.

"Okay."

At this time, Yue Feng smiled and removed the protective film, and said to Ilona: "It's okay, your life is saved."

Hearing this, Ilona blushed, Embarrassed and angry: "Don't think that you saved me, forget what happened before, and, I warn you, after we go out, don't tell anyone what happened just now."

She is the only female general of the Rakshasa clan. , If people find out that he has no clothes and is with Yue Feng, how will he meet people in the future?

Seeing her savage face, Yue Feng did not respond immediately, but instead asked with a smile, "What happened just now?"

This Ilona is really interesting. "You ...

"

Ilona bit her lip, angrily, but she was speechless.

"Roar!"

Just as he was talking, he heard a wild roar from Huo Suan not far away, his eyes locked on Yue Feng and the two of them, his huge body soaring into the sky, carrying a blaze of flame, and in the blink of an eye, it was a few meters away. outside.

In the next second, Huosu looked down at Yue Feng and said, "Who are you? You're not afraid of my flames?" Ye, but lived for thousands of years.

This...

Feeling the terrifying pressure that permeated Huo Suan's body, Ilona's body trembled, she was terrified, and at the same time she was extremely surprised.

This... this giant beast can speak.

Yue Feng's face was calm, his eyes met Huo Su, and he said lightly: "The mere lava fire can deal with others, but it can't hurt me."
