

## The ultimate husband in Chinese chapter 5811-5820

Huh?

Hearing this, Huo Fu was stunned.

But Ilona, who was standing behind Yue Feng, was so anxious that she couldn't help but quietly pulled on Yue Feng's sleeve: "You...don't provoke it." It

means Yue Feng's strength, In Kyushu, it is the same as the peak, but at this time the power has not recovered, it is not this fiery opponent at all, if it really angers the other party, I am afraid that I will also be implicated.

Feeling Ilona's nervousness, Yue Feng smiled, then shook his head and gestured, saying that he didn't need to worry.

"Interesting.."

Finally, Huo Suanyin reacted, his eyes fixed on Yue Feng: "Boy, you are very courageous, but do you know that the last person who talked to me like this, was shot by me and burst into the brain, He died very badly..." The

voice fell, and Huo Suan's huge body leaned forward slightly, with an aggressive posture.

Hehe...

Yue Feng smiled slightly and asked back: "I know you are going to kill me now, it's easy, but don't you want to know my identity?"

Hearing this, Huo Suan stared at Yue Feng and looked at it secretly. When he got up, he quickly sensed the primordial spirit in Yue Feng's body, and he was suddenly shocked.

Primordial Spirit.... This person actually possesses Primordial Spirit?

Huo Suan has lived for thousands of years. Although it has been dormant in this underground lava, every time a major event occurs in Kyushu, this Huo Suan also knows it clearly. It is considered to be familiar with ancient and modern times. Of course, it knows that only those in the God Domain Only the gods have primordial spirits.

Could it be... this person is from the God's Domain?

Thinking of this, Huo Suan's fierce eyes revealed a little bit of fear, and asked Yue Feng, "Who are you?"

This chapter is provided by . Visit for daily update.

call!

Yue Feng did not answer directly, but heaved a sigh of relief, took out a special token from his body, and raised it high: "This token, you should know what it is."

"This..."

Seeing the token, Huo Suan's huge body was suddenly shocked, and he stammered when he spoke: "This is... the token of the Qinglong family?" I saw that this token has a simple shape, with a flying dragon carved on it. It is something unique to the Qinglong family.

Yes, what Yue Feng took out was the Dragon Clan token. When he was regarded as the Dragon Lord by Xiandi, he specially gave Yue Feng a token he carried with him.

Yue Feng has always carried this token with him.

Seeing Huo Xuan's shocked look, Yue Feng nodded and put away the token: "You have some knowledge." You must know that Qinglong is the head of the four divine beasts, and has a natural blood pressure over other spirit beasts, so it is normal for this Huo Suan to be so shocked.

Pfft...

Right at this moment, Huo Suan's huge body suddenly fell to the ground. The arrogance from before disappeared, replaced by endless nervousness.

"It's because I have eyes that don't recognize Mount Tai, and almost collided with Your Excellency." After falling to the ground, Huo Suan's voice was indescribable fear: "I also ask Your Excellency a lot, don't bother with me."

When he said this, Huo Suan's expression incomparably humble, did not dare to look at Yue Feng at all.

Huh...

Seeing this scene, Ilona, who was still a little worried, suddenly trembled, staring blankly at Yue Feng, speechless.

There are rumors in the rivers and lakes that Yue Feng is not only powerful in himself, but also has made friends with various mysterious and powerful forces. Ilona has always felt that it is a bit exaggerated, but when she saw the situation in front of her, she knew that what she said was true.

It's just a token, and even such a ferocious beast surrendered, if you hadn't seen it with your own eyes, who would have believed it.

Yue Feng's face was calm, he quietly watched Huo Suan for a few seconds, then raised his hand: "You don't need to do this big gift, we have no injustice or hatred, and I won't do anything to you."

After saying that, Yue Feng looked around. After taking a look at the surrounding environment, he began to ask: "Why are you in such a place, and what does it have to do with the nine Golden Crows guarding the top?"

Hearing the question, Huo Xuan did not dare to be slighted, and quickly responded: "Go back to Your Excellency. I'm here because the lava fire here is suitable for my cultivation, I have nothing to do with the nine golden crows, but..."

"But what?" Yue Feng frowned and couldn't help asking.

## The ultimate husband in Chinese chapter 5812

Huo Xuan hesitated for a moment, and said truthfully: "But it's not completely okay, the sunset bows guarded by the nine Golden Crows, every few decades, will erupt into a terrifying blazing sun and sky fire. The lava fire is purer and more powerful. It is very helpful for me to improve the power of the fire."

"So, whenever the sunset bow breaks out the fire of the sky, I take the opportunity to integrate the power of the fire of the fire.... Of course, when I was quietly merging with the blazing sun and the fire, I didn't dare to let the nine golden crows find out, otherwise I would have died already..." At the

end of his words, Huo Suan lowered his head, like a child who did something wrong.

Huh....

Hearing this, Yue Feng was stunned.

It is no wonder that the fire power of this scorpion is so powerful. It turns out that for thousands of years, it has continuously merged with the fierce sun and sky fire. Fortunately, I have the red lotus karmic fire, or I have been burned to death by it just now.

At the same time, Yue Feng was still a little surprised, looked at Huo Yan and said: "What did you just say? Sunset bow?"

"Yes!"

Huo Xuan nodded vigorously, and said incessantly: "Sunset bow, is the back Emperor Yi's divine bow to shoot the sun, when Hou Yi the Great shot down nine suns, he sealed the sunset bow here. Seal it up."

Hearing

this, Yue Feng's eyes widened, standing there for a long time, unable to regain his senses.

Unexpectedly, the divine bow used by Emperor Hou Yi to shoot the sun really exists in the world. You must know that when Zhou Qin was the leader of the martial arts alliance, he arrested Liu Xuan's cousin and asked her to make a medicinal pill. At that time, Yue Feng was unable to rescue him, so he made up a lie in a hurry, saying that he knew that Emperor Houyi shot the sun. Where is the divine bow hidden, and at that time, a name was specially made up, called the scorching sun bow.

These are all temporary countermeasures for Yue Feng, but he never expected that the divine bow that Emperor Hou Yi used to shoot the sun is still in the world, but it is not called the scorching sun bow, but the setting sun bow.

No...

Shocked, Yue Feng calmed down and couldn't help but glance at Ilona beside him.

This chapter is provided by . Visit for daily update.

If there is a sunset bow, why did Ilona's brother not report to the queen before?

"I'm asking you."

Confused in his heart, Yue Feng pressed towards Huo Su, "Where is the Sunset Bow now?" Seriously, in Yue Feng's realm, he was no longer interested in any kind of magical weapon, but only Out of pure curiosity, Xiang had a glimpse of the style of shooting the sun bow in those days.

"This..." Huo Suan was very embarrassed and said slowly: "Before the nine Golden Crows left here, the Sunset Bow was taken away."

What, was taken away?

Yue Feng was stunned for a moment, and couldn't help but look at Ilona next to him.

According to the situation at the time, the one most likely to take the sunset bow was her brother Itel. After all, he was the general and the entire forbidden area of the ranch was under his jurisdiction.

Guessing this, Yue Feng couldn't help but said to Ilona: "Girl, your brother is very ambitious. He actually wants to monopolize the sunset bow and hide it from the queen..."

Before he finished speaking, Ilona was caught interrupted.

"You... you don't want to spit." At this time, Ilona was so angry, her face flushed: "Don't slander my brother, if he took the sunset bow, how could I not know?"

Yue Feng didn't talk to her. After arguing, he looked at Huo Suan: "Do you know who took the sunset bow?"

Huo Suan thought for a while and said, "I was hiding in the distance, and I only saw a man and a woman. But I didn't see what they looked like."

One male and one female?

Hearing this answer, Yue Feng frowned secretly and fell into contemplation.

Things....a little confusing. After thinking about it for a while, Yue Feng didn't have a clue

, and he didn't ask any more questions at that time, and said to Huo Su, "Do you know how to get out here?"

It's better to leave now.

"I know, I know..." Huo Suanyin nodded again and again, and immediately led the way in front of them, leading Yue Feng and the two to leave.

.....

On the other side, the Rakshasa royal palace.

In the bedroom, Mona was lying there, silently activating her inner strength, trying to open the acupoints, while paying attention to the movements around her.

## **The ultimate husband in Chinese chapter 5813**

Finally, when the sky was bright outside, Mona finally opened the acupuncture point, and suddenly heaved a sigh of relief, feeling complicated in her heart.

Fortunately, Yue Feng didn't turn back, otherwise, his innocence....

Thinking of what happened last night, Mona's face was flushed, and her heart was filled with shame.

I thought Yue Feng was a decent gentleman, but I didn't expect that he would be such a person. I wasted my time admiring him so much before, but fortunately, I saw his true face last night.

Thinking to herself, Mona got up and went to the locker area in the back and put on her robe.

After getting dressed, I saw a few maids waiting outside the door.

Mona's red lips lightly opened, and she said slowly, "Come in."

Hearing the Queen's voice, several maids hurriedly opened the door and walked in with delicate meals.

"A few hours ago, who was outside asking to see you?" Mona didn't even look at the meals. After what happened last night, how could she be in the mood to eat?

Swish!

As soon as the words fell, a maid hurried out and saluted: "Your Majesty, the servant." When she spoke, her voice trembled and she felt very uneasy.

She thought she had disturbed the Queen's rest last night and would be punished.

Mona's face was gentle, and she said softly, "I was so anxious last night, what's the matter?" If it wasn't for this maid last night, 'Yue Feng' would not have left in fright. Speaking of which, I have to thank this maid.

"Go back to the queen!"

Seeing that Mona didn't get angry, the maid was no longer nervous, and quickly said: "The night before yesterday, General Itel, surrounded and suppressed the headquarters of the Tiandao Society, causing many of our Raksha tribes to cooperate with the Tiandao Society. The merchants suffered huge losses. , so last night the leaders asked me to ask Her Majesty."

This chapter is provided by . Visit for daily update.

What? Is there such a thing?

Knowing the situation, Mona's pretty face changed, and her mood instantly became irritable.

This Itel is really worrying. I told him to go back to the military camp and not step into the palace. He didn't stay in the military camp well, and he actually stabbed such a big basket.

Speaking of Tiandaohui, Mona knows that it is the largest commercial organization in Kyushu in the business district, involving many industries. Not only many Rakshasa people cooperate with it, but many leaders also have business dealings with Tiandaohui.

Even, there are many supplies of Kyushu in the palace, and they are all provided by Tiandao Association. It can be said that the Tao of Heaven will be wiped out, and the economy of the entire Rakshasa clan will be seriously affected.

Huh....

At this moment, Mona became more and more angry, stood up slowly, her delicate face was full of anger: "Pass my order, tear off the position of General Ite, the pasture is forbidden, temporarily under the supervision of the palace warriors ."

This time Yi Taier moved the interests of so many people, if he didn't take immediate measures, how would he explain to the clan?

"Yes, Her Majesty."

Hearing the order, the maid hurriedly responded, then turned around and walked out.

"Okay, you all step back."

Mona was very irritable at this time, waved her hand, and signaled the other maids to leave.

Whoosh!

As soon as the maids left, a figure appeared at the door.

It was Yue Feng, who returned from the underground, after leaving the restricted area of the ranch, he immediately returned to the palace to see Mona.

"Haha!"

At this time, Yue Feng walked in slowly, looking at Mona's appearance, he couldn't help laughing: "What? Didn't you rest last night?"

"You..."

Suddenly seeing Yue Feng , Mona was startled, her delicate body trembled faintly, and instinctively took a step back.

The next second, Mona forced herself to calm down, and said indifferently, "Who let you in?" Thinking of what happened last night, Mona couldn't help but feel ashamed and angry.

This Yue Feng is really shameless, he almost sullied me last night, and now he still has the face. What's more annoying is that he pretended that nothing happened.

Ok?

Feeling the indifference of Mona, Yue Feng was a little confused, and said in surprise: "What's wrong with you?"

"I'm fine." Mona quietly calmed herself down, with a look of indifference: "What's the matter with you? Hurry up and say it. If there is nothing wrong, please leave the Rakshasa clan quickly."

Seriously, Mona really wanted to turn against Yue Feng.

But she knew in her heart that Yue Feng was regarded as a great hero in Kyushu and had a high influence. If he really wanted to tear his face, it would not benefit the Rakshasa family at all.

## **The ultimate husband in Chinese chapter 5814**

In this case, Mona can only suppress her unhappiness and anger.

But she also thought about it. From today onwards, she will cut off all contact with Yue Feng.

At this time, Mona didn't know, she completely misunderstood Yue Feng, that person last night was not him at all.

I'm going....

Hearing these cold words, Yue Feng's mind was completely messed up.

What's the matter? Why haven't we seen each other all night? This Mona seems to be a different person, with a look of indifference that is thousands of miles away, and, listening to her words, is to drive me away...

Could it be... because Did she feel embarrassed about helping her to dispel her inner demons the night before yesterday?

But she was not dissatisfied at that time.

For a time, the more Yue Feng thought about it, the less he understood.

“Yue Feng!”

Seeing Yue Feng frowning and thinking, but not responding, Mona said impatiently: “Do you have anything to do? If it’s okay, don’t disturb me.”

Phew...

Hearing the urging, Yue Feng took a deep breath He said slowly, “It’s nothing special. I came here to tell you that your subordinate Itair is very ambitious. You have to guard against him.”

Yue Feng originally wanted to tell the details of what happened last night. Speak it out, but seeing Mona’s cold attitude, she had to make a long story short.

Itel?

This chapter is provided by . Visit for daily update.

Hearing this, Mona frowned, and then said coldly: “This is our Rakshasa’s own business, you don’t have to worry about it, and, because of the raging three-legged Golden Crow, there are many places in the clan. , all need to be rebuilt. This involves the privacy of our Rakshasa clan. It is very inconvenient for you to stay here as a Kyushu.”

“So, you should go.”

When saying this, Mona’s delicate face did not fluctuate in the slightest. , the tone is indisputable.

Uh...

At this moment, Yue Feng was stunned for a moment, and then smiled bitterly: “Well, take care of yourself, I’ll leave first.”

Speaking of which, Yue Feng didn’t want to say goodbye in such a hurry, but Mona had already left. After the expulsion order, there is no point in staying.

In Yue Feng’s heart, he thought that Mona was embarrassed to be alone with him because of what happened the night before. However, he didn’t know that all of this was Prince Aotian’s alienation.

After speaking, Yue Feng turned around and walked out of the bedroom.

.....

On the other side, the headquarters of Tiandao Society.

At the entrance of the headquarters, vehicles of all sizes stopped in a row, and hundreds of black armored cavalymen were busy carrying things from the headquarters.

Among these things, there are gold and silver treasures, silk brocades, and various luxury goods from Kyushu.

Although these black armored cavalry are brave and good at fighting, they have never seen so many good brothers, all of them are excited and beaming.

Itel stood in the doorway with a smile on his face.

Haha....

I didn't expect the headquarters of the Tiandao Society to hide so many good things, and it really made a fortune now.

At this time, Itel had a picture in his mind. When he entered the palace and reported the victory to the queen, the queen would be overjoyed and reward herself.

"The Queen's password."

Just when Itel was secretly complacent, he heard a loud shout coming from a distance, and then, a dozen palace warriors, surrounded by a maid, rushed over quickly.

At this moment, Itel hurriedly stopped his busy men and stood neatly on both sides.

Soon, when they got to the front, the maid looked at Itel in a complicated way and said slowly: "The Queen's password, remove the position of General Itel, remove all rights, the pasture is forbidden, and temporarily be supervised by the palace warriors..."

Said After finishing, the maid left with the palace warriors.

What?

Itel seemed to be struck by a thunderbolt, and the whole person froze there, unable to recover for a long time.

I... I was removed from the position of general?

why is that?

Over the years, I have always been loyal to the Rakshasa clan and the queen, without credit or hard work, but in the end, it ended like this.

Thinking to himself, Itel's indescribable depression was completely different from the previous excitement and smugness.

"General!"

Just when Itel was extremely aggrieved, a faint voice came from behind him: "This queen is so incompetent, you are so loyal, yet she treats you like this, don't you want to help her wholeheartedly??"

## **The ultimate husband in Chinese chapter 5815**

Itel heard the sound and saw that Prince Aotian appeared at the door at some point, looking at himself with sympathy.

Ugh!

Itel sighed and smiled bitterly: "The world is impermanent, maybe this is my destiny."

Prince Aotian shook his head and said disapprovingly: "General, what you said is very wrong, I still say that, With your ability, you can be the king of the Rakshasa clan, why should you be subordinated to a woman?"

"You have accepted your fate now, but what if the queen cuts off your head next time? Do you want to be slaughtered?"

Saying this At that time, Prince Aotian's face was sincere, but his eyes were gloomy.

Just one step away from last night, I tasted the Queen's taste, which made Prince Aotian very angry. Although he pretended to be Yue Feng and did not let the Queen recognize it, Prince Aotian felt that it was not enough.

At this time, seeing that Itel was removed from the position of general, Prince Aotian took the opportunity to instigate.

Phew ...

Hearing this prosperity, Itel took a deep breath and pondered.

Yes, why should I accept my fate?

The queen no longer trusts herself, no matter how hard she tries, it is useless.

Thinking to himself, Itel looked closely at Prince Aotian: "Master Ye, please give me some advice."

Haha...

Seeing that he finally woke up, Prince Aotian was overjoyed in his heart, but there was a look on his face. With an unpredictable look, the deputy said slowly: "You must be decisive when you do big things..."

This chapter is provided by . Visit for daily update.

For the next half an hour, Prince Aotian explained the plan in his heart to Itel in detail.

Hearing the plan, Itel was very excited, and excitedly said to Prince Aotian: "If this is successful, the head of Ye is my great benefactor, haha..."

Haha...

Prince Aotian smiled slightly: "You're welcome, General, you and I hit it off, and I'll do my best to help you." The

two looked at each other and laughed.

Afterwards, the two discussed the details. Itair went to the palace alone, while Prince Aotian stayed at the headquarters of the Tiandao Society and began to deploy secretly.

At this moment, in the palace.

Mona sat in the gazebo in the garden, her delicate face couldn't hide the loneliness.

Although Yue Feng was successfully driven away, why was his heart empty. Also, when Yue Feng left, did he feel very uncomfortable?

Thinking of this, Mona shook her head.

Last night, Yue Feng almost took away my innocence, why should I consider his feelings...

"Your Majesty!"

At this moment, a maid walked over slowly and said cautiously, "Ital asks me to see you. ."

Shaw!

Hearing that it was Itair, Mona frowned and said very displeased: "He is no longer a general, what is he doing to see me?" The

maid shook her head: "I don't know, but look at him. He looks very anxious, and there should be something important to report."

Mona sighed lightly, pondered for a moment, and said, "Bring him in."

"Yes." Thiel returns.

Pfft!

When he arrived at the pavilion, Itel immediately knelt down, with a respectful look on his face: "Itel has seen Her Majesty the Queen."

Mona looked at him quietly, and said softly: "Itel, if you are removed because of your being removed, Regarding the general's affairs, if you come to intercede, I advise you to give up your heart."

"You smothered the Heavenly Dao Society without the permission of this king, which caused huge losses to our Rakshasa clan, and all the leaders complained about it. If I don't deal with it. You can't explain it to the entire clan."

Huo!

Hearing this, Itel took a deep breath and made a gesture of admitting punishment on his face: "I was reckless in this matter, and the position of general was removed, I admit."

Saying, Itel Looking up and looking at Mona, she said seriously, "I'm asking to see you this time because I have something else to report."

"What's the matter." Mona said lightly, because she was still thinking about Yue Feng, and she was a little absent-minded.

Ital stood up with a solemn expression: "At the headquarters of the Tiandao Society, I discovered a secret, and this secret is related to the prosperity and safety of our entire Rakshasa tribe."

Hearing this, Mona was stunned: "What secret? ?"

Itel took a step forward and said vividly: "It is a huge thing, hidden in the underground secret room of Tiandaohui headquarters, Her Majesty needs to go to see it in person, everything will be clear."

## **The ultimate husband in Chinese chapter 5816**

When he said this, Itel's face was sincere, but his eyes were a bit gloomy.

In fact, there are no secrets in the underground secret room of the Tiandao Society headquarters. Ital did this to lead Mona out of the palace.

call!

Hearing this, Mona breathed a sigh of relief, and seeing Yi Taier's serious face, she immediately believed it to be true: "Okay, since that's the case, I'll go with you to see."

After that, Mona called the maid outside the palace, Let her summon the palace warriors.

Haha...

Seeing that Mona didn't have the slightest suspicion, ITEL was indescribably excited.

Mona, Mona, don't blame me, who told you to remove my post of general?

A few minutes later, hundreds of palace warriors quickly assembled, escorted Mona, and rushed towards the headquarters of the Tiandao Society.

The Rakshasa tribe is always martial, Mona is wearing a golden robe and riding a white horse.

ITEL followed.

The palace is not very far from the headquarters of Tiandao Society, only a dozen kilometers away. However, the environment along the way is complicated, and there are many fork roads. If a stranger comes here, it is easy to get lost.

After walking for a few minutes, I saw a bamboo forest in front of me, and then I saw a faint white smoke emanating from the bamboo forest.

"Why is there fog in the daytime?"

Seeing this scene, Mona couldn't help but murmured.

This chapter is provided by . Visit for daily update.

Hula...

Just as he was talking, there was a sound of footsteps in the bamboo forest, and then, a group of people rushed out of the forest, all dressed in black, with their faces covered, with long knives in their hands, blocking the way.

Seeing this, Mona frowned, not panicking at all.

Hundreds of royal palace warriors around, all changed their expressions, and guarded Mona one after another.

"Protect Her Majesty the Queen."

At the same time, Yitai stepped forward with an angry look, and shouted angrily at the men in black: "You are so brave, you dare to rob here? Do you know who this is? Her Majesty the Queen of our Rakshasa clan."

When he reprimanded, Itel looked angry, but he couldn't tell how excited he was in his heart.

That's right, these men in black are all pretending to be under Itel's subordinates, and the leader is none other than Prince Aotian.

Their plan is very simple, first lead Mona out of the palace, and then raid halfway.

"Haha..." The

voice fell, and Prince Aotian walked out slowly and sneered: "You are Itaire, right, I'm looking for you, tell you, I am the leader of the Tiandao Society, Tang Jian. Brother, Tang Lin."

"You exterminate the Heavenly Dao Society and kill my brother, I want you to pay for this revenge."

In fact, there is no such person as Tang Lin at all. Prince Aotian said this, just to confuse the public. After all, this interception was a scene with Itel. Since it was an act, it had to be a little more like it.

call!

Hearing this, Itel pretended to be shocked, and then said coldly: "It turned out to be a fish that slipped through the net, right? Tang Lin, your brother led the Tiandao Society and broke into the forbidden land of my Rakshasa tribe

. I warn you, you'd better capture it honestly, otherwise, you will die without a place to be buried."

When the voice fell, Mona reacted, looked at Prince Aotian, and said softly: "I am still investigating the matter of your Tiandao Society. After finding out the truth, I will naturally give you justice, so please leave quickly. ."

When speaking, Mona was very calm.

At this time, Mona didn't know that she had been deceived. She only thought that it was Itail who killed the Tiandao Society, which led to Tang Lin's revenge. Played by Prince Aotian.

"Haha..."

Seeing Mona's opening, Prince Aotian sneered, his eyes fell on Mona's sexy body, and he looked up and down wanton: "I've always heard that the Queen is beautiful, and seeing her today, she really deserves her reputation. "

Speaking, Prince Aotian raised his mouth and looked at Mona with a smile: "Your Majesty, I heard that you are not married yet, so let's be my woman, in this case, me and your Rakshasa clan The grudges are written off in one stroke."

Haha... When the

voice fell, the men in black around them all laughed and laughed.

## **The ultimate husband in Chinese chapter 5817**

Haha, the boss has a good vision.."

"Not bad, it's not bad for the enemy to be resolved. It's the best result for the queen to marry our boss Tang Lin."

Mona's delicate face instantly flushed red, and her heart was indescribably angry.

Damn, these rabble, dare to blaspheme my majesty.

"You are courting death!"

Under the anger, Mona's red lips lightly opened, and she spit out a few words coldly!

At the same time, Yi Taier took a step forward and scolded Aotian Prince hypocritically: "I think you really don't know how to live or die. You dare to blaspheme Her Majesty the Queen. Kneel down and confess your guilt immediately, or your head will fall to the ground."

Shuh!

At the same time, hundreds of warriors in the surrounding palace also pulled out their machetes, their eyes locked on Prince Aotian, only waiting for the Queen's order.

Hehe...

Faced with this situation, Prince Aotian's face was full of disdain. He glanced at Itair and said contemptuously, "What if I don't kneel?!"

"If I don't kneel, I will die." Itail shouted , then pulled out the machete on his body, and the whole person rose into the air.

hum!

An aura of internal strength burst out from Itel's body, and the machete in his hand waved a cold light, and rushed towards Prince Aotian, and he saw that the air was distorted, and the momentum was amazing.

In fact, Itel was just pretending, not really wanting to fight Prince Aotian. Of course, it is more for the surrounding palace warriors to see.

This chapter is provided by . Visit for daily update.

"Well done, I'm going to avenge my elder brother today." Seeing Itel burst out, Prince Aotian snorted coldly, and his whole body burst out.

"Boom!" In the

next second, there was only a sound of air vibration, Prince Aotian slowly raised his hand, and saw a golden light burst out. Immediately, the two figures collided in mid-air.

boom!

Accompanied by a roar, Itel heard a muffled groan, and the whole person was shocked and flew out, flying more than 100 meters away, and finally landed heavily on the ground.

When he landed, Itel was pale and very weak.

Of course, Itel was pretending.

When midair and Prince Aotian fought just now, Prince Aotian only used 20% of his strength, which didn't do much damage to Itel at all.

It has to be said that Itel and Prince Aotian are very similar, and Mona and hundreds of palace warriors have not seen any flaws.

What?

At this moment, seeing Itel was severely injured, whether it was Mona or the surrounding palace warriors, they were all shocked and couldn't help gasping.

This Tang Lin's strength is so strong?

You must know that Itel is the number one warrior of the Rakshasa clan. Looking at the entire Kyushu, he is also the number one person in the platoon, but in the fight just now, he couldn't even stop the opponent's move.

Hehe...

Just when everyone in Mona was shocked, Prince Aotian sneered: "What is the first warrior of the Rakshasa clan, that's all." The

voice fell, and Prince Aotian slowly walked towards Mona: "Beautiful Your Majesty, should we have a good talk next?"

"You..."

Seeing that the other party was so arrogant, Mona was furious and shouted: "You are not timid, all the warriors obey orders, take these The rabble took it."

How can she endure the dignified Rakshasa Queen who has been provoked several times by the other party?

Crash...

Upon hearing the order, hundreds of warriors in the surrounding palace burst into internal energy and rushed towards the man in black in front of him.

At the same time, Mona's delicate body flashed, she got off the white horse, and pulled out her long sword, stabbing towards Prince Aotian like a shock.

Chi...

This sword contains ten successes of Mona, and as soon as the sword passed, the air suddenly ripped apart.

However, Prince Aotian did not panic at all, with a smile on his face, he went up to fight with Mona.

Dangdangdang....

The figures of the two sides constantly collided in the bamboo forest, making a loud noise. Originally, Mona was a little confident, but after two rounds, she was a little powerless.

The strength of this Tang Lin is simply outrageous.

When did such a No. 1 figure appear on the rivers and lakes?

boom!

At this moment, the two exchanged palms, and saw Prince Aotian standing in the same place, as steady as Mount Tai, but Mona whispered, and her delicate body stepped back again and again.

## The ultimate husband in Chinese chapter 5818

“Hey...” The

corner of Prince Aotian's mouth twitched, revealing a playful smile: “Beautiful Her Majesty, I think you should stop resisting, even though you are many, you are not my opponent.”

Hearing this, Mona was very embarrassed and angry, and she was about to do it at the time, but her eyebrows were suddenly furrowed, and the suburbs shook, and she almost fell to the ground.

strangeness.

Soon, Mona's face became pale, and she was secretly suspicious. Why was she suddenly so soft that she couldn't use any strength?

Moreover, the internal force seems to be suppressed... Are you poisoned?

Muttering in her heart, Mona only felt that she couldn't even stand.

Seeing her appearance, Prince Aotian was even more proud. At that time, he did not take the opportunity to attack, but said with a smile: “Queen, is it that my inner strength can't be motivated, and my whole body is sore and weak?”

“

Hearing this, Mona's face changed suddenly, and she looked at him in surprise: “How do you know?”

Prince Aotian was full of abusive expressions: “Of course I know that the white mist that filled the bamboo forest just now was the I put it, this is a highly poisonous, as long as you inhale it, your body will feel sore and you will not be able to use your inner strength.”

What?

Hearing this, Mona glared at Prince Aotian fiercely and was furious.

No wonder this person brought so many people and dared to block his way, he had already made sufficient preparations.

Haha...it worked.

This chapter is provided by . Visit for daily update.

Seeing this scene, Itel, who pretended to be injured, burst into ecstasy in his heart, but his face showed a look of grief and anger, and cursed at Prince Aotian: "Despicable and shameless."

"Your Majesty!"

At the same time, the palace warriors present were also furious and wanted to rush over.

Just halfway through, these palace warriors also changed their faces. They clearly sensed that their internal force could not be exerted, and their whole body was also sore.

"Oops, I can't use my inner strength..."

"Me too..."

Before the words were finished, hundreds of palace warriors all collapsed to the ground, unconscious.

"You're done!"

Seeing this scene, Prince Aotian showed a satisfied smile.

At the same time, Yi Taier also quickly stood up from the ground and walked over quickly, with admiration on his face: "Mr. Ye is really a master, he controlled the situation without any effort, and admired him."

"General is polite . It is also my honor to be able to serve the general." Prince Aotian smiled and pretended to be humble.

This...

Seeing this situation, Mona just felt her brain buzzing.

Soon, Mona reacted and looked at Itair in shock and anger: "Ital, you...Are you going to rebel?" A fool can see the situation in front of him, it is Itel and this Tang Lin secretly colluded..

"Hehe..."

Feeling Mona's anger, Itel did not panic at all, but retorted with a sneer: "Mona, stop talking to me in such a high-spirited tone, after so many years, I have done so much for the Rakshasa tribe, and I am even more loyal to you, but what did I get in the end?"

“For the sake of the Rakshasa tribe, I suggested that Yue Feng keep the inner core, and you will punish me not to enter the palace. .”

“I destroyed the Tiandao Society, but you removed my position as a general. Tell me, why is this? You forced me to do all of this. Instead of suffering under your hands, why don't I become king?”

said At the end, Itel's face was full of madness.

“You...”

Hearing these words, Mona's face flushed with anger, but she couldn't say a word.

She knew that she was indeed a little harsh to Itel these days, but she never imagined that the other party was so ambitious that he wanted to replace her.

Thinking of this, Mona took a deep breath and suppressed the anger in her heart: “Ital, I know you are loyal, and I believe that this time you are just confused for a while, you quickly let me go and send me back to the palace, I can take it easy. Hair down .”

Haha...

Itel couldn't help laughing, mocking: “Mona, do you think I'm a fool? Let you go? Can I still survive if you let go? Don't worry, I don't I will kill you, I will temporarily put you under house arrest, and I will decide what to do with you when I sit on the king of the Rakshasa clan.”

## **The ultimate husband in Chinese chapter 5819**

Crazy...

Seeing him go his own way, Mona was furious: “Ital, have you thought about the consequences of doing this? I tell you, I don't know the palace, everyone will doubt you... ..”

Before she could finish speaking, Itel interrupted: “Hey, don't worry about this, the palace warriors you brought out are all in a coma now, and no one knows the truth.”

“Wait for them to wake up. , will only think that you were kidnapped by the remnants of the Heavenly Dao Society, and no one will suspect me, and I, under the banner of rescuing you, will be embraced by everyone and called the new king of the Rakshasa clan.

” These, Itel waved his hand.

Whoops...

In an instant, the men in black who were alerting the surrounding area walked over quickly and took Mona to the headquarters of the Heavenly Dao Society, where she was temporarily imprisoned.

Watching everyone take Mona away, Itel thought for a while, clenched the machete tightly, and made a wound on his shoulder, and blood spurted instantly.

Immediately, Itel tore off a piece of cloth from his body and simply wrapped it up.

After doing this, Itel smiled at Prince Aotian: "If you don't get hurt, those leaders won't believe it."

Hmm!

Prince Aotian nodded approvingly and said, "The general is indeed someone who does great things, oh no, it should be the king now."

Haha...

After speaking, the two looked at each other and laughed.

Talking and laughing, Prince Aotian changed his black dress, looked at the comatose palace warriors around him, and said lightly: "They will wake up soon, let's go to the palace first."

This chapter is provided by . Visit for daily update.

"Okay." Itel nodded. , and immediately rushed back to the palace with Prince Aotian.

A few minutes later, when he arrived at the side hall of the palace, Itel walked to the big drum next to him and beat it vigorously. When there is an emergency in the palace, the drum will be beaten.

Dong dong dong...

The sound of the drums spread throughout the palace, and soon, when they heard the sound of the drums, all the leaders of the Rakshasa clan rushed over.

As the queen's right-hand man, Temur also rushed over quickly.

This... what's the situation?

When everyone arrived at the side hall, they were shocked to see Itel who was covered in blood.

"Itel!" In the

next second, Timur took the lead in reacting and asked coldly, "What's the matter with you playing the drum? Where's the Queen?" The

voice fell, and all the eyes of the audience converged. Shout out to Itel

!

Ital took a deep breath, looked at the people present, looked very sad and angry, and said slowly: "On her way to the headquarters of the Tiandao Association, Her Majesty encountered the remnants of the Tiandao Association, the other party is very cunning, using The poisonous smoke stunned us... When I woke up, Her Majesty was nowhere to be seen."

What?

Hearing this, both Timur and the leaders present were shocked.

The Queen was taken away?

In shock, Timur frowned when he saw Prince Aotian standing beside him: "Who is this?"

Yi Taier responded, "This is the head of the Wudang faction, Ye, who helped me to clear up before. The headquarters of the Tiandao Society is my friend, I just woke up and asked him to help find the Queen's whereabouts, but there is no news yet."

The voice fell, Prince Aotian came out, nodded at the crowd, and then said hypocritically: "Don't worry, everyone, the Queen is blessed, she will be fine."

Alas!

At this time, Yi Taier covered the wound on his shoulder and sighed: "It's all my incompetence, I failed to protect Her Majesty the Queen."

"General, now is not the time to blame yourself." Prince Aotian took the opportunity to say: "Now is the most important time. The important thing is to quickly select a person to preside over the overall situation and find a way to find the Queen's whereabouts." The

two sang in harmony, and the cooperation was seamless, and the leaders present did not have the slightest doubt.

However, Timur felt something was wrong.

puff.

At this moment, Itel knelt in front of the throne, and said loudly with a face of grief: "I, Itel, swear here, even if I go to the mountain and fall into the sea of fire, I will save the queen."

After speaking, Itel turned around . He shouted at the outside: "come here."

As soon as the voice fell, the black armored cavalry who had been guarding outside in advance rushed in and said loudly: "This subordinate is here."

## **The ultimate husband in Chinese chapter 5820**

"Pass my order and try to find the Queen's whereabouts. Once the whereabouts of the remnants of the Heavenly Dao Society are found, kill them." Itel said proudly.

"Follow the order." When

they heard the order, the black armored cavalry responded in unison, and they were about to go out to give the order.

"Wait!"

At this moment, Timur took a step forward and looked at Itel with burning eyes: "Itel, you have been removed from the position of general by the queen, and now you have no right to mobilize the army.

", Tiandaohui was wiped out by you, why those remnants of the Tiandaohui, instead of arresting you, took the queen?" The

voice was loud and could not be refuted.

call!

Facing Timur's questioning, Itel took a deep breath, and his inner anger rose.

Speaking of which, Itel knew very well that although the plan went smoothly, he could not avoid being suspected by Timur. After all, the two sides had been fighting openly and secretly for so many years, but he never expected that he would question in front of so many people. .

In anger, Itel looked at Timur coldly: "What do you mean?"

What do you mean?

Timur said word by word: "I suspect, the Queen suspects, and it has nothing to do with you."

Timur and Itel have been fighting for these years and know him very well. This Itel is not only arrogant, but also ambitious. Just this morning, he was removed from the position of general, and then something happened to the queen. How could there be such a coincidence.

“You are presumptuous.”

This chapter is provided by . Visit for daily update.

Seeing Timur’s blunt words, Itel’s face changed, and he couldn’t help shouting: “Timur, don’t spit your blood. If you talk nonsense again, don’t blame me for being rude.”

Hehe...

Timur sneered: “You’re welcome to me? I’ll take down you, the traitor first.”

Buzz!

The voice fell, and a powerful breath burst out from Timur’s body. He held a machete tightly and stabbed it straight at Itel. In an instant, wherever the machete passed, the air in the entire side hall was distorted. .

Nima!

Seeing that Timur said he would do it, Itel was furious and wanted to fight back, but he was wounded and completely powerless.

This...

At the same time, many surrounding leaders were also taken aback, and they never expected that Timur would suddenly act.

“Everyone has something to say.”

Just at this critical moment, Prince Aotian, who had been standing beside him, persuaded in a gentle tone, and his figure flashed, blocking Iteir.

In Prince Aotian’s plan, it is necessary to use Iteir to control the Rakshasa, how could he have an accident?

boom!

While speaking, Prince Aotian waved a palm and hit the machete in Timur’s hand. In an instant, Timur felt an overwhelming force coming, his body trembled, and he was directly knocked back a dozen steps.

Mad!

After stabilizing his figure, Timur looked at Prince Aotian closely, and was secretly surprised.

This Wudang Sect Leader is so powerful... In

shock, Timur looked at Prince Aotian carefully, and suddenly thought of something: "It's you... the nine girls you were chasing at that time..."

Just now, Timur was angry because of the Queen's affairs, so he didn't pay much attention to Prince Aotian. At this time, after carefully identifying it, he suddenly remembered that when he met Nalan Wushuang in Kyushu, the person who was chasing her was the person in front of him.

Swish!

Seeing that the other party recognized him, Prince Aotian's eyes flashed with a trace of sinister anger.

However, Prince Aotian reacted quickly, and immediately came out of a stunned look, and said coldly: "If you don't say it, I haven't recognized you yet. It turns out that the girl from the Tiandao Society was rescued by you."

Nalan Wushuang's true identity cannot be said, so she was fabricated to be a member of the Tiandao Society to slander Timur.

"Okay!"

Ital was a smart man, although he didn't understand what was going on, he glared at Timur when he heard Prince Aotian say this: "Timur, it turns out that you have secretly colluded with Tiandaohui for a long time. , No wonder, you just wanted to slander me for plotting against the queen."

"Tell me honestly, did you collude with the remnants of the Heavenly Dao Society to capture the queen?"

Huh...

At this moment, the eyes of the leaders present also focused on Timur. Complexity flashed on each face.
