

The ultimate husband in Chinese chapter 5851-5860

At the

end, Ilona's expression changed, revealing a bit of embarrassment.

That night, her clothes were burnt and she had to enter the protective cover deployed by Yue Feng. The two were close to each other... Ilona will never forget the scene at that time.

call!

It turned out to be so.

Hearing these words, Mona nodded silently, her doubts subsided a lot, and she also realized that she might have misunderstood Yue Feng.

Thinking like this, Mona couldn't help but ask Yue Feng: "That night, it was really not you..."

Yue Feng said with a bitter face: "Mona, you still don't believe me? It's been many years, you should believe me as a person." It seems that Mona has really experienced too much in the past few days, and now she has become so suspicious.

With that said, Yue Feng stepped up quickly and untied the ropes of Mona's hands and feet.

"Yue Feng!"

At this moment, Mona was also sure that she really misunderstood Yue Feng, bit her lip lightly, and was very embarrassed: "I'm sorry, I blamed you."

When she spoke, Mona felt in her heart . Secretly muttered.

If it wasn't Yue Feng that night, who would that person be?

Could it be... someone sent by Itel who wants to tarnish his innocence?

Thinking of this, Mona was instantly embarrassed and angry.

Papa...

Just when Mona was secretly ashamed and angry, Yue Feng raised his hand to untie her acupuncture point, and couldn't help urging: "It's inconvenient to stay here for a long time, let's go quickly."

Mona and Ilona nodded at the same time, and then left with Yue Feng.

"Well..."

Just before taking two steps, Mona let out a coquettish cry, and her delicate body almost fell to the ground.

Mona was severely injured by Prince Aotian at that time, and then was imprisoned here for a day and a night. During this day and night, almost a drop of water did not enter, and the whole person was extremely weak, not to mention leaving, even standing was a problem.

Swish!

Seeing this situation, Yue Feng was quick-witted, grabbed Mona's waist, and asked, "Mona, are you all right?" While speaking, Yue Feng

could smell it clearly, and bursts of fragrance came from Mona's body. Come, suddenly a little trance.

At the same time, Ilona on the side was also stunned, looking at Yue Feng holding Mona, her eyes were very complicated.

Swish!

At this moment, Mona's face was extremely blushing, and she wanted to struggle, but her body was soft, and she couldn't exert any strength, and she couldn't break free from Yue Feng's embrace.

"You... you release me first." Mona bit her lip and whispered a word, the voice was very soft, like a mosquito.

In Mona's heart, although Yue Feng is regarded as an idol, after all, there are differences between men and women. At this time, Ilona is watching, and it is really embarrassing to be held by Yue Feng like this.

Uh...

Hearing this, Yue Feng reacted, and was embarrassed at the time, and let go of his hand after a reply.

At this time, Ilona also recovered, took the initiative to come to support Mona, and then the three quickly walked out of the secret room.

When I got outside the secret room, I saw a few elite cavalry guards in the corridor. These elites were the best among the black armored cavalry. They were specially sent by Itel to guard Mona here.

call!

Seeing this, Yue Feng couldn't help taking a deep breath.

At the same time, Ilona supported Mona and hid in the shadows beside her.

"I'll deal with these people."

Yue Feng lowered his voice and said to the two of Mona: "You don't show up and don't make any noise." If it was normal, Yue Feng would not be so cautious, and directly bring Mona and two One broke through.

But now and then, Yue Feng's divine power has not fully recovered, so he can only be very careful.

Ok!

Hearing the order, Mona and Ilona nodded.

Yue Feng stopped talking nonsense, and walked over quickly with light steps. When he reached a place a few meters away, he shouted at the elite cavalry: "Hey, the general has just issued an order for you all to evacuate, why are you still

here?" Yue Feng spoke quickly and urgently, the purpose was to disturb the thinking of these elite cavalry soldiers.

Wow...

Suddenly hearing this, several elite cavalymen were all startled, and at the same time looked back at Yue Feng, all of them were stunned.

Who is this person?

The general gave the order to evacuate, why didn't he know?

The ultimate husband in Chinese chapter 5852

Under the doubts of several cavalry elites, one of them took a step forward and asked Yue Feng: "Who are you?"

Yue Feng smiled slightly: "I'm here to convey orders, don't you understand?"

Said With that, Yue Feng approached quickly and pretended to take something from his body: "This is the order of the general..."

Bang!

Halfway through speaking, Yue Feng was already in front of him. Taking advantage of the attention of several elite cavalymen, all of them were in his hands, he suddenly raised his foot and kicked the inquiring elite cavalry out. The elite cavalry did not react at all, and flew out more than ten meters away, and finally hit the wall and passed out.

Mad!

Seeing this situation, the other elite cavalymen reacted instantly and roared angrily.

"Good boy, it turned out to be a spy who sneaked in."

"Dare to do it, courting death..."

"Kill him..."

Several cavalymen shouted angrily, pulled out their machetes, and surrounded Yue Feng.

In the face of this situation, Yue Feng did not panic at all, he moved his wrists, and directly attacked him and several elite cavalymen, fighting fiercely in this narrow corridor.

Bang Bang Bang...

In less than a few breaths, the remaining elite cavalymen, without exception, were knocked to the ground by Yue Feng, unconscious.

Although Yue Feng's divine power has not fully recovered, he is, after all, the division of the Heavenly Emperor, a great hero of Kyushu's prestige, and his background is not comparable to those of these cavalry.

call!

After defeating these cavalymen, Yue Feng patted the dust on his body and exhaled with emotion: "Ma De, it's really a tiger falling and Pingyang being bullied by a dog. If I'm at my peak, why would I need to talk nonsense with you?" The wind waved at Mona and the two behind, and then the three quietly entered the front hall.

It was late at night, and the hall was silent and no one was there.

“Wait...”

As soon as she entered the hall, Mona couldn't help shouting, her delicate face showed a bit of complexity: “I... I'm a little dizzy, it seems... I can't walk. “

When she spoke, Mona's face was red, and she couldn't help but feel ashamed. It's really shameful that the dignified Rakshasa Queen should be in such a situation.

This...

Seeing this situation, Yue Feng and Ilona looked at each other, both secretly worried.

They could all see that Mona was so weak, not only because of the injury, but also because the water didn't get in, causing such weakness.

“Yue Feng!” In the

next second, Ilona looked at Yue Feng: “What should I do?” The Queen's current situation has almost lost her ability to act. Although she is willing to help, she is also a woman and is powerless.

This...

Yue Feng pondered for a while, looked at Mona and said, “How about I hold you?” Now it seems that this is the best way.

Just as soon as the words fell, Mona's face instantly blushed, and

she shook her head and said, “No.” She is a queen anyway, what is it like to be held by Yue Feng like this, and Ilona is watching next to it, so absolutely no.

Uh....

Seeing Mona's refusal, Yue Feng couldn't help laughing and crying: “If we don't, how can we leave? There are people from Itel everywhere, so it's not appropriate to stay for a long time.” When he spoke, Yue Feng was very helpless.

What time is it, this Mona still cares about her queen's majesty.

“Then...”

Mona blushed, thought about it and said, "Then you can carry me on your back." Although carrying it on your back is indecent, it is better than holding it. After all, holding it seems too intimate.

Well...

Hearing this, Yue Feng had no choice but to nod, then walked over, squatted in front of Mona, and carried her on his back.

Afterwards, Yue Feng asked Ilona next to him, "Wait until you meet your brother's subordinates, and you will solve it."

Ilona nodded, and then walked ahead to lead the way.

After leaving the hall, the three barely encountered the patrol cavalry, and they were about to leave here.

Crash...

But at this moment, a fire suddenly lit up in front of me. In an instant, the three Yue Feng were all taken aback.

I saw that at the exit in front, there were hundreds of black armored cavalry standing neatly, each with torches in their hands, illuminating the surroundings.

In front of these cavalry, two people stood.

One was wearing black armor, majestic, with a gloomy face.

It was Itel.

Next to Itair, Prince Aotian was dressed in a white long gown and looked elegant, but he was seriously cold.

The ultimate husband in Chinese chapter 5853

Not only that, but a large number of black-armored cavalrymen kept coming, and in less than a few breaths, they blocked the retreat of the three of Yue Feng.

Oops...

Seeing this scene, Yue Feng was shocked and secretly anxious.

Ambushed.

At the same time, Ilona was also trembling, and her delicate face couldn't hide her nervousness.

At the same time, there are some doubts in my heart.

How could this be? How did brother and this head of Ye know that I would rescue the queen tonight?

At this time, Ilona didn't know that during the day, Prince Aotian could see the clue from the change in her expression.

"Yue Feng!"

Just when Yue Feng was in shock, Prince Aotian showed a smile and said slowly: "Did I not expect that we will meet so soon."

When he said this, Prince Aotian didn't hide his face . Live proudly.

call!

Yue Feng took a deep breath, tried to calm himself down, and said lightly, "Ye Yun? Why do you want to help Itair to rebel?" Yue Feng guessed the situation in front of him, Mona was arrested, and Ye Yun got away with it. No relationship.

At this time, Yue Feng didn't realize that the person in front of him was not Ye Yun at all, but his body was taken away by Prince Aotian.

Hehe...

This chapter is provided by . Visit for daily update.

In the face of the question, Prince Aotian smiled coldly: "These are not important, the important thing is that I came all the way to the Rakshasa to deal with you."

"To deal with me?"

Yue Feng frowned and was a little puzzled for a while: "Ye Yun, there doesn't seem to be any grudge between us, right?" When I went to Wudang before, I got along pretty well with this Ye Yun. Become an enemy...

Prince Aotian sneered again and again, looking at Yue Feng with deep hostility in his eyes: "No hatred? You first killed my master Lingyu, and then my seven teachers Ancestor, also died because of you, this hatred is not shared, but you say that you have no grievances with me?"

When he spoke, Prince Aotian had a look of grief and indignation.

What?

At this moment, Yue Feng was shocked and shocked.

Those seven Wudang seniors... died?

How could this be possible? At that time, he fought with the Seven Swords of Wudang. Although it was fierce, he never had a killer, and the critical moment was always on point.

Thinking to himself, Yue Feng couldn't help but ask, "How did the seven seniors die?"

Speaking of which, the Seven Swords of Wudang have been the top geniuses of the Wudang School for thousands of years, especially their sword formations. It is mysterious and unparalleled. When Yue Feng left Wudang at that time, he had thought about it, and he would definitely come again when he had the opportunity in the future, but he never thought that after he left, Wudang Qijian would die.

What a pity...

"Yue Feng, don't be so pretentious."

Facing Yue Feng's inquiry, Prince Aotian did not answer directly, but made a very sad look and shouted angrily: "You were with me at the time. When the master and ancestor fought, he seemed to be very moral, but he was secretly poisoning..."

Anyway, Wudang Qijian is dead, and there is no proof of death, so he just found a reason to slander Yue Feng.

What?

At this moment, Yue Feng's eyes widened, both angry and funny: "This is really nonsense, I admire the seven seniors very much, how could they secretly poison them?"

Nima, this is getting more and more outrageous.

Prince Aotian ignored him at all, and continued to slander: "The seven ancestors died tragically one after another in the process of expelling poison in the secret room. At that time, many people in our Wudang faction saw it. Do you still want to deny it?"

Saying that, Prince Aotian's eyes flickered. With killing intent: "I tell you, today I will make you pay with blood and blood."

Hu...

Seeing the grief and anger on Prince Aotian's face, Yue Feng took a deep breath and stopped arguing. He realized that this matter was obviously framed by someone, even if you explained it yourself, it would be useless.

"Tsk tsk..."

At this moment, Itel, who had been watching coldly, couldn't help but sneer at Yue Feng: "I never thought that the respected hero of Kyushu would be so despicable, using such despicable means, killed the seven seniors of the Wudang faction."

Mad!

Hearing the ridicule, Yue Feng was angry and looked at Itel coldly: "I have never poisoned the seven seniors of Wudang, you don't want to spread rumors and cause trouble, but you are the one who committed the crime and imprisoned the queen, have you thought about the consequences??"

The ultimate husband in Chinese chapter 5854

As soon as the words fell, Mona, who was on Yue Feng's back, couldn't help shouting: "Itel, your wolf ambition will surely be retributed."

At this time, Mona couldn't express the shame and anger.

This Itel, who promoted him to the position of general by himself, can be said to be not disrespectful to him, but he did not expect that this person would actually take revenge for his kindness. I want to replace myself.

Hehe...

Feeling Mona's anger, Itel didn't panic at all, and sneered: "What will happen to me, it's not your turn to worry about it, but the three of you, no one can leave tonight."

You..."

For a moment, Mona's body trembled with anger, but she didn't know how to refute.

Yes, Yue Feng's strength has not recovered, even if I add one Ilona, it is not a match for so many people.

"Brother..."

At this moment, Ilona came out and looked at Itel complicatedly: "Come on, don't make mistakes again and again." When speaking, Ilona was nervous again, anxious again.

Until now, she had never thought to understand how her and Yue Feng's plans were seen through by the other party, and now she just wanted to persuade her brother to turn back.

"Shut up..."

However, after hearing his sister's persuasion, Itel showed no remorse at all, but became furious: "You still have the face to call me brother? I believed you so much, and told you everything, you But he betrayed me secretly."

Ilona became anxious: "Brother, I do this for our family, do you know that you are just making yourself angry. I don't want you to be infamous in the future, brother, now It's too late to stop, I believe the Queen will give you a chance."

But where did Itel hear him? At that time, I was too lazy to talk nonsense, so I raised my hand and waved: "Take these three people to me."

Buzz.... After

receiving the order, dozens of elite cavalrymen drew their machetes and rushed over quickly.

Seeing this situation, Mona and Ilona were both in a hurry, and at the same time, they were also a little desperate.

"Wait!"

Seeing that these elite cavalrymen were about to rush forward, Yue Feng suddenly shouted.

Although Yue Feng's divine power has not fully recovered, but his aura is very strong, this loud shout directly shocked the hearts of the cavalrymen who rushed up, and they all stood on their feet.

call!

Yue Feng took a deep breath, put down Mona, and handed it over to Ilona to support.

In the next second, Yue Feng looked at Itair quietly: "Itai! You are still the number one warrior of the Rakshasa clan. Don't you feel ashamed to bully the lesser at this time?"

"What do you mean?" Itail coldly.

There was a smile on the corner of Yue Feng's mouth, and he said slowly: "I have a proposal, you send someone to fight with me, if you win, the three of us can handle it, if I win, you will let us go, How? Dare to..."

Shuh!

As soon as the words fell, Mona and Ilona behind them changed their expressions.

Immediately afterwards, Mona couldn't help but whispered: "Yue Feng, don't be impulsive..." His strength has not fully recovered, and there are so many masters around Yi Taier, especially the head of the Wudang faction.

In this case, it is very difficult to win one-on-one Yue Feng.

At the same time, Ilona couldn't help but said, "Yeah, Yue Feng, this is too risky."

Feeling their nervousness, Yue Feng smiled slightly, shook his head to indicate that he didn't need to worry, and then lowered his voice: "You don't have to panic, everything follows my arrangement."

After speaking, Yue Feng quietly took out a drawing from his body and handed it over to him. Mona, then looked at a rockery not far away: "In a while, you and Ilona will use rockery stones. According to this arrangement, I will try to delay the time."

The blueprint given by Yue Feng is a teleportation array. Demonstration diagram.

After teleporting back from Ziwei Continent, Yue Feng created a simple small teleportation formation based on the chaotic teleportation formation.

However, this kind of small teleportation array, Yue Feng has never had the opportunity to practice, facing the current situation, he decided to take a gamble.

After Yue Feng thought about it, he challenged himself to attract the attention of everyone in Itel, and provided enough time for Ilona and the two to deploy a teleportation array.

Ok!

Mona took the drawing and nodded. Although she was worried, she still chose to trust Yue Feng.

The ultimate husband in Chinese chapter 5855

Ilona is suspicious.

What did Yue Feng take out a piece of paper for? Will this turn things around?

Right now, opposite.

Seeing Yue Feng's proposal for a one-on-one duel, IteI frowned and became a little wary.

The next second, Yi Taier whispered to Prince Aotian: "Master Ye, is there any conspiracy in Yue Feng?"

Hehe...

Prince Aotian smiled lightly: "General, don't worry, he's just here It's just a fight between trapped beasts." He clearly felt that the divine power in Yue Feng's body had not fully recovered.

Although he did not return to his peak state after taking Ye Yun, it was easy to deal with Yue Feng at this time.

Thinking to himself, Prince Aotian took a step forward, looked at Yue Feng and said, "Yue Feng, you are so courageous, under such circumstances, you dare to take the initiative to challenge, well, I'll give you a chance, let's play against each other. . "

Seeing that Prince Aotian took the initiative to fight, IteI was very excited and immediately waved his hand.

Whoa...

In an instant, the elite cavalry around quickly retreated to the side, freeing up a battle arena.

Seeing this, Mona and Ilona couldn't help sweating for Yue Feng.

Yue Feng had a calm look on his face, turned his head and said to them: "Ilona, take the queen to the rockery next to you to rest first."

Hmm!

This chapter is provided by . Visit for daily update.

Ilona responded, helped Mona, and walked to the rockery. At this moment, everyone's eyes were focused on Yue Feng, and no one stopped them.

In the hearts of Ital and those cavalymen, Mona was extremely weak, and even if Ilona was there, she could not escape.

Arriving next to the rockery, Mona quietly unfolded the drawing and looked at it carefully. A bit of surprise suddenly appeared on her delicate face. Is the drawing on this drawing a formation?

In those days, Yue Feng taught Mona some knowledge of formations, so Mona's battle against the formation was considered a small success, but the blueprint given by Yue Feng was completely different from the ordinary formations, which made Mengna Na was very puzzled.

"Your Majesty."

At this time, Ilona came up curiously: "What is this?" As she spoke, she was cautiously vigilant against the elite cavalry a few meters away.

Mona breathed a sigh of relief and said slowly: "It should be a formation. You move a stone first and place it in the southwest position. Be careful not to be discovered."

Although she is not sure what the formation is, Mona also sees it. Understand the sequence of presentations on the drawing.

Ok!

Ilona responded, and following Mona's instructions, she quietly moved the stone and deployed it behind the rockery.

Yue Feng is here.

Prince Aotian walked slowly into the arena, with contempt flashing in his eyes: "This is your initiative to seek death, but don't blame me for being cruel, tonight I will avenge my uncle and the seven ancestors."

Om!

The voice fell, and a powerful breath burst out from Prince Aotian, and for a moment, the control around him seemed to be stagnant.

Immediately afterwards, Prince Aotian quickly raised his right hand and hit Yue Feng with a palm.

Just saw Prince Aotian's palm, flashing with dazzling golden light, a powerful breath, pressing the surrounding hearts to panic.

What?

This...how does this kid have divine power?

At this moment, Yue Feng felt the explosive power of Prince Aotian, and was secretly shocked. Others couldn't see it, but Yue Feng clearly felt that the explosive power of 'Ye Yun' in front of him was a divine power only found in the realm of the gods. .

In shock, Prince Aotian's palm was already in front of him. At that time, Yue Feng had no time to dodge, so he could only bite the bullet and use his divine power to meet him with a palm.

boom!

In an instant, the palms of the two sides collided, and a roar was heard. Then, Yue Feng groaned and stepped back several dozen steps before stabilizing his figure.

Nima!

The moment he stabilized his figure, Yue Feng looked at Prince Aotian closely, and while he was puzzled, he was also secretly grateful.

Fortunately, he is the body of the Profound Saint, otherwise, the opponent's palm will be difficult to block.

Whoa!

Seeing this scene, both Itair and the elite cavalry around him were extremely excited.

"Sect Master Ye is very powerful."

"Haha, this Yue Feng calls himself a hero of Jiuzhou, but he can't even hold Sect Master Ye with a single palm. It's a joke."

The ultimate husband in Chinese chapter 5856

The ridicule of the crowd kept coming, Yue Feng looked indifferent, but secretly observed the two Mona who were not far away, and saw that under Mona's instructions, Ilona moved the rock of the rockery to deploy the teleportation Array, there is already a rough prototype...

Hold on...

Seeing this, Yue Feng sighed secretly.

Before they deploy the formation, they must hold on.

"Haha..."

At this moment, Prince Aotian laughed, his eyes were full of teasing, and mocked at Yue Feng: "What is the hero of Kyushu? That's all." The

voice fell, and Prince Aotian figured . It erupted, leaving an afterimage in place, rushing towards Yue Feng.

call!

Yue Feng took a deep breath, without the slightest fear on his face, he used the only divine power in his body to meet him again. In an instant, the figures of the two sides kept colliding on the field...

After all, the divine power in Yue Feng's body had not fully recovered, and he was almost reluctant to parry in the face of Prince Aotian's stormy attack.

At the same time, Yue Feng became more and more suspicious.

boom!

In the blink of an eye, the palms of the two sides collided, and Yue Feng was shaken back a few steps again. After stabilizing his figure, Yue Feng

resisted the churning of blood in his body, and looked at Prince Aotian closely: "I ask you, where does the divine power in your body come from?"

Ye Yun' not only possessed divine power, but also the exercises were very different from those of the Wudang School.

This chapter is provided by . Visit for daily update.

"Hehe!"

In the face of the inquiry, Prince Aotian smiled evilly: "As of now, I will let you die to understand that I am not Ye Yun at all, but Aotian..."

Although there were so many people watching, Prince Aotian did not panic at all.

Itai has developed limbs and a simple mind. He is completely under his control, and he is not worried about his identity as the prince of the God Realm being exposed.

What's more, the dialogue between Prince Aotian and Yue Feng in the fierce battle, Itai and those cavalry, can't hear clearly.

What?

Seeing that Prince Aotian reported himself to his family, Yue Feng was shocked, and the whole person was stunned.

Is he the proud prince?

No wonder... Since he escaped from Donghai City, he has not been able to find his whereabouts. It turned out that he had given up the body of Ren Pingsheng before, seized Ye Yun's body again, and changed his identity.

"Yue Feng, didn't you expect it?" Seeing Yue Feng's shocked expression, Prince Aotian smiled even more, and continued to mock: "I said, you will fall into my hands sooner or later.

"Come on, when I catch you, I will integrate your primordial spirit power and return to the peak state. Hehe, I'm really excited when I think about it." The

last word fell, and Prince Aotian raised his hand and hit it with a palm. When the divine power exploded, a golden palm shadow condensed and came straight towards Yue Feng.

This palm contains ninety percent of the power of Prince Aotian, let alone Yue Feng, even if the God King Haotian came, he would not dare to take it hard.

call!

Yue Feng didn't even dare to underestimate the power of this palm at the time, urging all the forces to condense the protective film in front of him, and at the same time retreat towards the rockery.

Boom....

The next second, the golden palm shadow slapped the protective film fiercely. Yue Feng only felt an overwhelming force coming from the mountains. It fell heavily on the rockery a few meters away.

"Yue Feng!"

"Yue Feng, how are you?"

Seeing this situation, Mona and Ilona couldn't help exclaiming, and their faces couldn't hide their worries.

Yue Feng shook his head and said that he was fine. Watching Ilona put the last stone in place, a smile appeared on her pale face.

The two Mona finally lived up to their expectations, the formation was completed, and it was time to leave.

“Haha...”

At this time, Prince Aotian laughed wildly: “Yue Feng, if you have any other tricks, try it out, I’m afraid it’s too late and you won’t have a chance.” With

that, Prince Aotian said. Step by step.

At the same time, Itel couldn’t help shouting: “Master Ye, stop talking nonsense with him, just kill them.” When he spoke, he glanced at Ilona indifferently.

Although she is her own younger sister, she can only be abandoned when blocking her great cause.

call!

Feeling her brother’s indifferent gaze, Ilona’s tender body trembled, and her heart was filled with despair and discomfort.

The ultimate husband in Chinese chapter 5857

My brother is going to kill me....

At the same time of despair, Ilona felt even more uncomfortable when she thought of the brother-sister relationship between the two.

At this moment, Mona couldn’t help urging her: “Your brother has been completely blinded by power, don’t be uncomfortable anymore, go and help Yue Feng.”

When she spoke, Mona’s delicate face, full of anxiety.

She could see that Yue Feng’s situation was very bad at this time, and it was all his willpower.

Ok!

Hearing the urging, Ilona nodded and rushed out of the formation to meet Yue Feng. Just before taking action, it was stopped by Yue Feng.

Yue Feng wiped the blood from the corner of his mouth and shook his head at Ilona: “Don’t mind me. You will take care of Mona inside.”

After that, Yue Feng got up from the ground and quietly watched the approaching Proud prince.

Ok?

It was at this moment that Prince Aotian was taken aback when he saw the stone formation that had just been deployed by Ilona behind the rockery.

“Yue Feng, you really do.” The

next second, Prince Aotian reacted and said with a grim smile at Yue Feng: “No wonder the strength has not fully recovered, so he dared to propose a fight, there are still other tricks left, hehe, you think, Secretly asking them to deploy a breakout formation can turn the situation around?”

Swish!

At this moment, Itel also discovered the stone formation, and his face was extremely ugly. He shouted at the surrounding elite cavalry: “Encircle it and destroy the formation.”

This chapter is provided by . Visit for daily update.

Crash.... After

receiving the order, the surrounding elite cavalry were in succession. He pulled out his machete and rushed towards the three of Yue Feng.

Seeing this scene, Mona and Ilona turned pale, holding each other's hands tightly, their faces pale.

Haha...

Yue Feng sneered, looking at the elite cavalry rushing up, without any hesitation, his right hand suddenly raised.

hum!

At this moment, the surrounding air suddenly rose, and he saw a purplish red flame rising from Yue Feng's palm.

Yes, it is the red lotus fire in Yue Feng's body.

Seeing that little flame, the elite cavalry did not take it to heart at all. In their eyes, Yue Feng was already at the end of the battle.

This....

However, Prince Aotian's expression changed, his eyes fixed on the flames in Yue Feng's palm, and he was shocked.

The purple flame is still in the shape of a lotus flower.

Isn't this the red lotus of the Faye that appears only once in thousands of years in God's Domain?

As a royal family of the gods, although Prince Aotian has not seen the red lotus of the law with his own eyes, he has also heard many rumors about the red lotus of the law. The time of appearance is very short.

For thousands of years, there have been many immortals in the Divine Realm, trying to find the Red Lotus of Faye, trying to integrate its powerful power, but in the end, none of them were successful.

Mad!

At this time, Prince Aotian recalled the various rumors of the Faye Red Lotus in his mind, and looked at Yue Feng's eyes, full of inconceivable.

No wonder....no wonder this Yue Feng was able to escape life and death several times before. It turned out to be the fusion of the power of the red lotus of the law.

Thinking to himself, Prince Aotian reacted quickly and shouted at the elite cavalry: "Don't go over, get back."

However, it was too late.

call!

Just when the last word of Prince Aotian fell, Yue Feng waved his arm, and the flame suddenly threw out.

Yue Feng didn't move quickly, but everyone around him trembled inexplicably.

boom!

The elite cavalymen who rushed up didn't have time to react when they heard a roar, and the flames exploded in the crowd, forming a sea of fire that drowned them.

"Ah..." As the

fire burned, someone kept screaming. In less than ten seconds, dozens of elite cavalymen were all burned to ashes, and a gust of wind blew away.

Hiss...

Seeing this scene, whether it was Itel or the remaining elite cavalymen, they couldn't help gasping for air and chilling down their spines.

This flame is too scary, isn't it? At the same time, Mona and Ilona

, who were nervous, were also stunned, looking at Yue Feng with complex eyes, shocked.

Under such a disadvantage, he can still destroy so many enemies. How much ability does this man have?

At the same time of despair, Ilona felt even more uncomfortable when she thought of the brother-sister relationship between the two.

When she spoke, Mona's delicate face, full of anxiety.

It was at this moment that Prince Aotian was taken aback when he saw the stone formation that had just been deployed by Ilona behind the rockery.

"Yue Feng, you really do." The

next second, Prince Aotian reacted and said with a grim smile at Yue Feng: "No wonder the strength has not fully recovered, so he dared to propose a fight, there are still other

tricks left, hehe, you think, Secretly asking them to deploy a breakout formation can turn the situation around?"

Swish!

At this moment, Itel also discovered the stone formation, and his face was extremely ugly. He shouted at the surrounding elite cavalry: "Encircle it and destroy the formation."

Crash.... After

receiving the order, the surrounding elite cavalry were in succession. He pulled out his machete and rushed towards the three of Yue Feng.

Seeing this scene, Mona and Ilona turned pale, holding each other's hands tightly, their faces pale.

Haha...

Yue Feng sneered, looking at the elite cavalry rushing up, without any hesitation, his right hand suddenly raised.

hum!

At this moment, the surrounding air suddenly rose, and he saw a purplish red flame rising from Yue Feng's palm.

Yes, it is the red lotus fire in Yue Feng's body.

Seeing that little flame, the elite cavalry did not take it to heart at all. In their eyes, Yue Feng was already at the end of the battle.

This....

However, Prince Aotian's expression changed, his eyes fixed on the flames in Yue Feng's palm, and he was shocked.

The purple flame is still in the shape of a lotus flower.

Isn't this the red lotus of the Faye that appears only once in thousands of years in God's Domain?

As a royal family of the gods, although Prince Aotian has not seen the red lotus of the law with his own eyes, he has also heard many rumors about the red lotus of the law. The time of appearance is very short.

For thousands of years, there have been many immortals in the Divine Realm, trying to find the Red Lotus of Faye, trying to integrate its powerful power, but in the end, none of them were successful.

Mad!

At this time, Prince Aotian recalled the various rumors of the Faye Red Lotus in his mind, and looked at Yue Feng's eyes, full of inconceivable.

No wonder...no wonder this Yue Feng was able to escape life and death several times before. It turned out to be the fusion of the power of the red lotus of the law.

Thinking to himself, Prince Aotian reacted quickly and shouted at the elite cavalry: "Don't go over, get back."

However, it was too late.

call!

Just when the last word of Prince Aotian fell, Yue Feng waved his arm, and the flame suddenly threw out.

Yue Feng didn't move quickly, but everyone around him trembled inexplicably.

boom!

The elite cavalymen who rushed up didn't have time to react when they heard a roar, and the flames exploded in the crowd, forming a sea of fire that drowned them.

"Ah..." As the

fire burned, someone kept screaming. In less than ten seconds, dozens of elite cavalymen were all burned to ashes, and a gust of wind blew away.

Hiss...

Seeing this scene, whether it was Itel or the remaining elite cavalymen, they couldn't help gasping for air and chilling down their spines.

This flame is too scary, isn't it? At the same time, Mona and Ilona

, who were nervous, were also stunned, looking at Yue Feng with complex eyes, shocked.

Under such a disadvantage, he can still destroy so many enemies. How much ability does this man have?

Call!

Just when everyone was shocked, Yue Feng took a deep breath, endured the pain on his body, turned around and rushed into the stone formation.

“Yue Feng!”

As soon as she entered the stone formation, Ilona took Yue Feng’s arm and said worriedly, “How are you? Are you alright?”

She clearly saw that Yue Feng’s face was pale and bloodless. People are also shaky, as if they can fall down at any time.

Yue Feng shook his head and said that he was fine.

“Yue Feng!”

At this moment, Prince Aotian reacted, his eyes flashing with madness: “What if you have the power of the red lotus of the law? Now that the power is exhausted, I can crush you to death with a single finger. Afterwards ,

Prince Aotian looked at the stone formations around Yue Feng, with a hint of contempt at the corner of his mouth: “In the absence of any foreign aid, do you think you can block me with a small stone formation?” The

words were full of is contempt.

Hehe...

Hearing this, Yue Feng couldn’t help laughing, quietly looking at Prince Aotian and chuckling: “I don’t have full confidence, I wouldn’t let the two of them take risks just now. If it’s a defensive formation, then you are wrong.”

“I can tell you, this is a teleportation formation.” The

last word fell, Yue Feng raised his hand and pressed it on the two stones in front of him, injecting the last divine power into his body.

These two stones are the key to opening the teleportation array.

hum!

At the moment when the divine power was injected, streaks of golden rays of light instantly connected the stones in the formation. Then, the golden rays of light grew stronger and stronger, quickly covering the three of Yue Feng.

Teleportation Array?

Seeing this scene, Prince Aotian's face changed, and he immediately urged his figure to rush up, but it was too late, just watching the rays of light in the array formed a beam of light rising into the sky, Yue Feng and Mona were instantly teleported away, gone.

This...

At this moment, Ite and the surrounding elite cavalry were all dumbfounded.

The formation of these stones turned out to be a teleportation array?

Isn't the teleportation array long gone? And Yue Feng, with dozens of stones, deployed a teleportation array, it was incredible.

Mad!

At this moment, Prince Aotian stood there looking at the empty teleportation array, his eyes were blood red, his anger surged up, and he almost fainted.

The right time and the right place, such a good opportunity, even let Yue Feng escape...

Phew!

At the same time, Yi Taier reacted quickly, and his face was extremely gloomy, and said coldly: "Pass my order, pursue Yue Feng with all my strength, no matter what method is used, we must find the three of them, live to meet people, and die to meet. Corpse."

"Yes, General."

After ten minutes, all the black armored cavalry rushed out of the clan and searched around for the whereabouts of Yue Feng and the three.

.....

On the other side, Blackwater Town.

Blackwater Town is located between the Wild and Strange Domain and Kyushu. It is only ten minutes away from the Rakshasa clan's clan, and its geographical location is special.

After the truce between the Rakshasa clan and Kyushu, many people from the rivers and lakes were curious to explore the wild and strange areas. Over time, a town was formed here.

At the beginning, Yue Feng chased Duan Yu and broke into Death Valley in the wild and strange realm. He stayed for three years, and the first place he arrived after leaving was Heishui Town.

Now that a few years have passed, Heishui Town has become more prosperous. There are many pavilions on the streets, shops one after another, pedestrians and traffic.

Just then, there was a commotion in the crowd.

“Aiya, dead man?”

“Such a beautiful girl, actually pulling a dead man...”

“Ma De, it’s really bad luck to meet a dead man as soon as you go out.” During the discussion, everyone moved out of the way, and they saw A slender figure was pulling a simple stretcher, and on the stretcher lay a burly man who was unconscious.

It was Nalan Wushuang and Tie Bowen.

Looking for the wild and strange realm, Nalan Wushuang walked all day and night, and finally found the exit and walked out of the wild and strange realm. Just now, he arrived at Heishui Town.

As soon as Nalan Wushuang appeared on the street, they attracted the attention of many people.

Although Nalan Wushuang was exhausted, he couldn’t hide the delicate temperament of Guose Tianxiang, but the stretcher he was dragging was too simple, and there was a fainted Tie Bowen lying on it.

“What are you looking at?”

Nalan Wushuang was very annoyed in the face of everyone’s discussion. He looked around and said coquettishly, “He just passed out, he’s not dead, whoever talks nonsense, don’t blame me for being rude.”

Nalan Wushuang has a savage temperament. He walked out of the wild and strange realm. He was tired and tired. At this time, seeing so many people pointing and pointing, he couldn’t help it.

Wow...

Seeing her fierce appearance, many people quickly dispersed, but there were still a few gangsters who didn't leave, staring at Nalan Wushuang with great interest.

"Oh, the beauty is so temperamental."

"Beauty, do you need any help?"

A few hooligans came up with a smile, and you talked to Nalan Wushuang every word.

These local gangsters, headed by Yan San, and a few companions, are doing nothing in Heishui, bullying the weak everywhere, because Yan San is a cultivator, so the local people dare not speak out.

Nalan Wushuang said coldly: "Go away."

After saying that, he continued to move forward with the unit price.

To be honest, Nalan Wushuang had already taken action in the face of this situation before, but now the most important thing is to find a way to save Tie Bowen, so he doesn't bother to pay attention to these bastards.

"Oh?"

Seeing Nalan Wushuang getting angry, Yan San and his companions looked at each other, not only were they angry, but they were even more interested.

"Interesting!" Yan San looked at Nalan Wushuang's beautiful back and touched the tip of his nose: "Beauty is not small, I like this kind of hot."

"Hehe, third brother has a good day today."

Several companions agreed, and then, under the leadership of Yan San, continued to follow Nalan Wushuang.

Soon, at the door of a prescription, Nalan Wushuang put down the stretcher and walked in quickly.

"Boss!"

Nalan Wushuang couldn't hide his anxiety, and shouted at the shop owner, "Help my friend, he has been in a coma for a day and a night." The

shop owner quickly came out from behind the counter and looked at the door. In Tie Bowen's state, he opened his mouth and said, "I lost too much blood and my spirit is weak, but it's okay, I have a top-ranked Huiyuan Dan in my store." That's

great.

Nalan Wushuang smiled and said quickly: "Then I will trouble the boss." At this time, Nalan Wushuang's tense nerves suddenly relaxed.

After so long, it was not in vain.

However, the shop owner stood there and did not take the medicine immediately, but looked at Nalan Wushuang with a half-smiling smile: "Girl, one Huiyuan Dan is five thousand Kyushu coins. In your friend's case, you need to take at least two. A total of 10,000 Kyushu coins, you pay the bill first, and I'll go get the medicine."

Ah? Ten thousand Kyushu coins?

Hearing this, Nalan Wushuang's delicate body trembled, and he was stunned.

Although 10,000 Kyushu coins are not a lot, they don't have a penny on them. This is how to do?

Thinking to himself, Nalan Wushuang thought for a while, and then took out his long sword: "Boss, I didn't bring any money, otherwise, I'll mortgage this sword to you first."

When speaking, Nalan Wushuang's voice was very small, There was also a bit of embarrassment on the delicate face.

Although I haven't figured out who I am yet, this sword has always been carried close to the body, with exquisite workmanship, and it should be worth a lot of money.

Ha ha!

The shop owner glanced at the sword and chuckled: "Girl, I'm not a pawn shop here, I only charge money and don't mortgage things. Besides, although your sword is good, I'm afraid it's not worth 10,000 Kyushu coins.

" Profit-seeking, this point is most vividly expressed by the owner of this shop.

This...

At this moment, Nalan Wushuang frowned, and he was in trouble.

The shop owner doesn't accept the sword, what should I do?

“Oh...”

Just when Nalan Wushuang was embarrassed, Yan San’s voice came from outside the door: “Beauty is in trouble.” After saying that, she walked in with a smile, followed by those few mate.

These stinky flies.

Seeing Yan San, Nalan Wushuang’s pretty face changed, and he was disgusted.

At this time, Yan San came to the front, took out a stack of Kyushu coins from his body, smiled at Nalan Wushuang and said: “Beauty, I will help you out for the ten thousand Kyushu coins.”

Nalan Wushuang wanted to refuse, But seeing Tie Bowen unconscious at the door, he nodded and said, “Okay, then this sword is yours.”

said, handing the sword to Yan San.

“Hehe!”

Yan San didn’t pick it up, pushed the sword back gently, and said with a smile, “I don’t want the sword anymore, beauty, acquaintance is fate, I just want to be a friend with you.”

Saying that, Yan San pointed. Pointing to a restaurant diagonally opposite the pharmacy: “As long as the beautiful woman accompanies me to have two drinks, I will help you out for ten thousand Kyushu coins.” As

he spoke, Yan San looked up and down at Nalan Wushuang, his eyes were straight.

So beautiful.

Especially this figure, it is simply life-threatening.

Swish!

Aware of Yan San’s gaze, Nalan Wushuang’s face flushed red, and his heart was even more embarrassed.

The rogue ruffian who dares to hit my attention is simply courting death.

Thinking to himself, Nalan Wushuang endured his anger, thought for a while and said, “I don’t know how to drink, otherwise, let’s find a quiet place and have a good talk.”

Seriously, Nalan Wushuang really wanted to He killed Yan San with his hands, but this was a pharmacy after all, so he could only endure it.

Nalan Wushuang thought about it, since the local ruffian in front of him is looking for death, he will find a quiet place to get rid of him, and then take the money back to get medicine, so that not only will the scourge be eliminated, but also Tie Bowen will be saved, killing two birds with one stone.

“Okay...”

Hearing Nalan Wushuang’s suggestion, Yan San’s eyes lit up, nodded again and again, and said with a smile, “Beauty is really considerate, haha, I know a quiet place where no one will disturb you. “

Speaking, he greeted a few companions, walked out of the pharmacy, and led the way in front.

Nalan Wushuang didn’t talk nonsense, and temporarily left Tie Bowen at the door of the pharmacy and followed behind.

Soon, walking out of the street, Nalan Wushuang followed Yan San and the others to a bamboo forest outside Heishui Town, and saw that the environment here is quiet, the inside is lush, and it is very hidden.

“Hey!”

Yan San asked his companions to stay outside, rubbed his hands together, and said with a smile, “What do you want to talk about? My name is Yan San, I can handle it in this area, if you are willing to follow me, I will Guarantee...”

With no one around, Yan San had no scruples, and soon revealed his true nature.

Just before he finished speaking, he saw Nalan Wushuang’s eyes flashing with cold light, and he shouted softly: “Shameless villain, go to hell.” The

voice fell, Nalan Wushuang’s jade hand raised, and hit Yan San’s body as fast as lightning. heart.

boom!

Hearing a dull sound, Yan San didn’t have time to scream, and was directly knocked back a few meters, his body fell to the ground, and he died of breathlessness.

Although Yan San is also a cultivator, his strength is not at the realm of Marquis, while Nalan Wushuang is a posthumous family. In terms of background, he is not comparable to a street bastard at all.

After killing Yan San with one palm, Nalan Wushuang couldn't help but spat at his corpse, and then picked up the 10,000 Kyushu coins that had fallen on the ground.

"What's the situation?"

"Third brother?"

Hearing the movement, a few thugs guarding outside the woods ran in.

What?

Seeing the situation in front of them, several gangsters were stunned.

This woman...killed the third brother?

He saw Yan San fell to the ground, covered in blood, already dead.

"What a ruthless woman." "Avenge the three..."

"Come together."

Soon, several thugs came to their senses, shouted, and rushed towards Nalan Wushuang.

"A bunch of shameless people, today I will help the local people to get rid of you scumbags." Nalan Wushuang's red lips lightly parted, and he spat out a few words.

After finishing speaking, Nalan Wushuang pulled out his long sword, waved cold beams, and greeted a few thugs.

Bang Bang Bang...

In less than ten seconds, several thugs all died under the sword of Nalan Wushuang.

"A bunch of scum, they want to take advantage of me." Nalan Wushuang put away his long sword, said coldly, and quickly walked out of the bamboo forest.

Soon, after returning to the prescription, Nalan Wushuang threw the money on the counter: "Boss, get the medicine."

Phew...

Seeing the money, the boss nodded again and again, and his attitude became respectful, but when he saw Nalan Wushou put his hands on it. The blood stained, suddenly shocked.

“Girl, two pills, in fact, 8,000 is enough.” In the next second, the boss took out 2,000 and returned it to Nalan Wushuang.

This shop owner is not only greedy for money, but also timid. When he first saw Nalan Wushuang at first glance, he thought that the other party was a female class, or from other places, so he wanted to make more money. At this time, he saw the blood on her hand. , I knew that Yan San and a few were already dead, so how could they dare to ask for more.
