

The ultimate husband in Chinese chapter 5861-5870

What a villain.

Nalan Wushuang murmured, put away the two thousand returned, and urged impatiently: "Hurry up and get the medicine." This kind of mercenary, greedy for life and fear of death, really doesn't want to say more than a word.

"Yes, yes..." The shop owner responded and hurried to get the medicine.

Immediately after taking out the medicine pill, Nalan Wushuang walked to the door and gave it to Tie Bowen.

"Girl!"

At this moment, the boss stood aside and couldn't help but ask curiously, "Are you two from the Wild and Weird Realm?" from.

The wild and strange realm is full of dangers, and it is a great fate for the two of them to come out safely from it.

Ok!

Nalan Wushuang was too lazy to say more, and responded indifferently.

The shop owner said complimentingly: "The girl is really brave and brave, which is admirable. I don't know if the two of you came out and got the inner alchemy. I can buy it here at a high price."

When saying this, the shop owner's tone was polite, There was even more urgency in his eyes.

Back then, when the Rakshasa clan and Kyushu stopped fighting, a large number of Kyushu practitioners came here. One was to explore the wild and strange realm, and the other was that there were many spirit beasts in the wild and strange realm. After killing them, they could get the inner core, which can be exchanged for huge profits. It is because of this that the unique place of Heishui Town is formed.

It can be said that Neidan is the hard currency of Heishui Town, and all shops accept it.

The owner of the pharmacy also deals in inner alchemy. When he learned that Nalan Wushuang came out of the wild and strange realm, he wanted to take the opportunity to buy inner alchemy.

Naidan?

This chapter is provided by . Visit for daily update.

Nalan Wushuang frowned slightly, then shook his head: “No.”

Uh...

hit a soft nail, the shop owner was a little embarrassed.

At the same time, I was also a little curious. This pair of young people could have the ability to survive from the wild and strange realm, but they did not have the inner core... Could it be that they were being hunted down?

“Well...”

At this moment, Tie Bowen, who was lying on the shelf, let out a low hum and slowly woke up.

“Big man, you’re awake.” Nalan was delighted, and hurriedly helped Tie Bowen up, his previous worries disappeared.

He was finally fine, and he didn’t waste his time taking him out of the wild and strange realm all the way.

“This...”

Feeling Nalan Wushuang’s joy, Tie Bowen showed a smile, then looked at the surrounding environment and wondered, “Where is this place?”

Tie Bowen didn’t know what happened after the coma.

Nalan Wushuang was about to answer when the shop owner next to him couldn’t help but say, “This is Heishui Town. Oh, your physique is really different from ordinary people. The situation is so bad that you even woke up after taking a pill.”

Hei Watertown?

Hearing this, Tie Bowen was stunned for a moment, then realized something, and said gratefully to Nalan Wushuang: “Nine girls, it’s hard for you.” He was not stupid, and immediately guessed that it was Nalan Wushuang who took him out of the wild. It was brought out of the strange realm.

The wild and strange realm is extremely dangerous. As a girl, she can bring herself out safely, and the hardships in it can be imagined.

Huh..

Tie Bowen's gratitude makes Nalan Wushuang very happy, but his face is full of indifference: "How did you become a mother-in-law, this kind of thing has to be thanked again and again."

"Fortunately, you woke up after taking the medicine pill. Otherwise, I would really abandon you. This town looks very prosperous. Let's find a place to rest."

After finishing the last sentence, Nalan Wushuang pulled Tie Bowen along, ready to leave the prescription.

Papa...

But at this moment, the sunset bow that had been hanging on Tie Bowen's back accidentally fell to the ground.

In an instant, the shop owner's eyes lit up when he saw the sunset bow. He hadn't paid attention to it before, but only now did he realize that the bow was simple in shape and had a charming halo on the back of the bow. At first glance, it was a rare treasure.

"Two people!"

Finally, the shop owner reacted, leaned forward and said, "What is the origin of this bow..."

Swish!

At this moment, both Tie Bowen and Nalan Wushuang changed their expressions.

Immediately, Nalan Wushuang quickly picked up the sunset bow and said coldly to the shop owner: "You are really interesting. Why should we tell you the origin of this bow? Don't ask if you shouldn't."

The ultimate husband in Chinese chapter 5862

The

last word fell, and Nalan Wushuang pulled Tie Bowen away quickly.

call!

Looking at the backs of the two leaving, the shop owner was very aggrieved, but he was more certain in his heart that these young men and women must have secrets.

Da Da Da...

At this moment, there was a commotion on the street, and I saw a team of black armored cavalry, holding a machete, rampage on the street, and check everywhere.

Last night, Yue Feng and Mona used the teleportation array to escape. At that time, Yi Taier was very angry, so he sent all his men to carefully search around the Rakshasa clan.

One of the teams came to Heishui Town.

For a time, the whole street was in chaos, and people were panicking.

Soon, the cavalry team found the pharmacy.

“Hey!” The

leading cavalry captain, with a condescending attitude, asked the shop owner, “Is anyone here to sell healing medicine today? If you provide clues, there will be a reward.” The

shop owner’s eyes flashed when he heard the reward . , I immediately thought of the two Nalan Wushuang who had just left: “Yes, two people just left. One man and one woman, the man is injured, the woman is very beautiful...”

In the next two minutes, the store The boss explained the situation quickly.

At the end, the shop owner added: “By the way, they also have a peculiar giant bow.”

This chapter is provided by . Visit for daily update.

Giant bow?

Hearing this clue, the cavalry captain was shocked, threw the reward to the shop owner, and then greeted his companions: “Come on.” A few days ago, Timur’s son took a woman into the forbidden area of the ranch and stole the treasure. .

At that time, the black armored cavalry pursued with all their strength, but they finally escaped into the wild and strange realm.

Unexpectedly, it appeared in Heishui Town today. Although the whereabouts of Yue Feng and the three were not found, it would be a great achievement if they caught Tie Bowen.

Wow...

Soon, these black armored cavalry rushed out of the pharmacy and chased in the direction Nalan Wushuang and the two left.

....

on the other side.

The vast and wild wilderness is in a canyon southeast of Death Valley.

Beside the stream, three figures lay quietly, unconscious. One man and two women, the woman's face is beautiful and graceful, and the man's body is tall and straight.

It is Yue Feng and Mona, Ilona.

That small teleportation array, Yue Feng has not practiced since he researched it. But I have to say that the three of them are very lucky. Last night, the three of them were successfully teleported under the eyes of Prince Aotian, and they were finally teleported here.

It was just that Yue Feng exhausted his divine power and fainted during the teleportation process.

Mona and Ilona, although the situation is a little better than Yue Feng, but the moment they teleported here, they both fainted because of exhaustion and tension.

call!

I don't know how long she was in a coma, but because Ilona was not injured, she breathed a sigh of relief and woke up first.

Huh....

Just the moment of waking up, Ilona saw the situation in front of her, and her delicate face suddenly flushed with shame. He saw that Yue Feng was lying on her body, her face was close to her heart, and one hand was placed on her slender waist.

This is how ambiguous it is.

If someone saw it next to him, he would think what the two of them were doing.

This bastard Yue Feng...

At this moment, Ilona was shy and angry, she fainted, and took advantage of me.

Embarrassed, Ilona bit her lip, pulled Yue Feng down with all her strength, and then kicked him.

Pfft!

This kick directly kicked Yue Feng into the stream next to him.

The cold river water suddenly made Yue Feng wake up, opened his eyes, and saw that his whole body was immersed in the water, he was a little stunned.

This... what's the situation?

The next second, Yue Feng was stunned when he saw Ilona a few meters away.

I saw Ilona lying there, her exquisite curves were very eye-catching, her face was blushing, and she was staring at herself coldly.

After being stunned for two seconds, Yue Feng reacted: "It seems that we have successfully teleported, and there is no danger for the time being. By the way, I seem to have been kicked just now, what's the matter?"

"I..."

Seeing Yue Feng's innocent face, Ilona blushed and bit her lip, not knowing how to answer.

The next second, Ilona couldn't help but whisper: "Who told you to be dishonest."

Am I dishonest?

Hearing this, Yue Feng was stunned again.

The ultimate husband in Chinese chapter 5863

But at the same time, Yue Feng also realized that it was Ilona who kicked him just now.

After all, Mona on the side was still in a coma.

Thinking to himself, Yue Feng smiled bitterly and said, "Where did you come from, I have been in a coma before, how can I not be honest? Besides, if I hadn't asked you to deploy the teleportation formation, we wouldn't have been able to escape. Ah."

"In other words, I am the benefactor of you and the Queen, but you kicked me, it's really unreasonable."

When he spoke, Yue Feng was smiling and didn't look angry at all.

This....

Hearing this, Ilona realized that she was reckless, and immediately lowered her head and said, "I'm sorry... I... I was also excited just now."

Saying that, Ilona saw Yue Feng's whole body. They were all soaked in the water, with only one head showing, and hurriedly said, "Come up quickly."

Alas!

Yue Feng sighed and looked very weak: "My strength is exhausted, I can't move, how can I get up." As he spoke, he quietly observed Ilona's reaction.

In fact, although Yue Feng is weak, he has not reached the point where he cannot get up.

Inexplicably kicked by Ilona, Yue Feng wanted to take the opportunity to tease her.

ah?

Hearing this, Ilona was stunned for a moment, and quickly said: "What should I do?"

"What should I do?" Yue Feng smiled bitterly: "You kicked me into the water, you help me pull it out, hey Yo, this water is really cold." As he spoke, he still pretended to shiver.

This chapter is provided by . Visit for daily update.

"Ok!"

At this time, Ilona didn't know that Yue Feng was pretending, she nodded at that time, then got up and slowly walked into the water, supporting Yue Feng, and preparing to pull him ashore.

Wow...

But before she could reach Yue Feng, Ilona stepped on a stone, her body trembled and she was about to fall.

Seeing this, Yue Feng quickly stretched out his hand and grabbed her, and said with a smile, "Why are you so careless?"

"You..."

Feeling the strength in Yue Feng's hand, it was not impossible to move at all, Ilona realized When he was deceived, he was ashamed and angry: "You bastard, lie to me? You can go up by yourself. Get out of the way..."

After saying this, he was about to throw away Yue Feng's hand and quickly go ashore, but just slipped and twisted. When he reached his feet, he had just thrown away Yue Feng, and almost fell into the water again.

In a hurry, Ilona quickly took Yue Feng's hand to maintain her balance.

Haha...

Seeing this, Yue Feng couldn't help laughing: "Didn't you tell me to get out of the way? What are you pulling me for?"

"I..." Ilona was ashamed and angry: "I twisted my foot."

Hahaha....

Hearing this, Yue Feng was overjoyed: "After twisting your foot, you are still so angry, forget it, I'll take you up." As he spoke, he hugged Ilona's waist, took her slowly ashore.

Ilona felt awkward being hugged by Yue Feng, but she also knew that otherwise, she would fall more easily because there were too many stones under the stream.

It's just that the resentment in my heart can't be swallowed.

"Yue Feng, you are a bastard, it's all your fault."

"Oh, you're being unreasonable. You kicked me into the water, so why do you blame me?"

"You're arguing..."

While bickering, the two slowly went ashore.

Hmm...

It was at this time that Mona, who was lying on the shore, woke up faintly. Seeing the scene in front of her, she was stunned and frowned.

I saw that Yue Feng hugged Ilona and walked towards the shore with a deep foot and a shallow foot. Not only were the two of them ambiguous, but also Ilona's delicate face was extremely red.

"Yue Feng..." The

next second, Mona came back to her senses and couldn't help but gently asked Yue Feng, "What are you two.... What are you doing?"

"It's okay..."

Yue Feng He smiled and said lightly: "After waking up just now, Ilona and I both felt it was too hot, so we came in to take a bath, cool and cool." After

speaking, Yue Feng did not forget to say to Ilona: "Right."

Shuh!

When the voice fell, Ilona's beautiful face suddenly turned red to the root of her neck, and she couldn't help spit: "Who is taking a bath with you? Don't talk nonsense."

During the conversation, the two also reached the shore.

Seeing this situation, Mona couldn't help but pursed her lips and smiled, she could see that Yue Feng was talking nonsense, and there was another reason for the matter.

The ultimate husband in Chinese chapter 5864

Seeing Ilona's swollen feet again, Mona didn't ask any more questions.

Afterwards, Mona looked around and frowned, "Where have we been told?"

Hearing this, Yue Feng and Ilona also looked around.

call!

In the next second, Yue Feng breathed a sigh of relief and smiled: "This place seems to be a wild and strange area. Looking at the place, it should be that it has not been probed. It happens that no one is bothering us, so we can cultivate well."

Seeing what he said, Mona relaxed.

....

on the other side. Nalan Wushuang and Tie Bowen bought two snacks on the street, then left Heishui Town and rushed towards the Rakshasa clan.

At this time, Tie Bowen was very anxious to go home.

Take away the sunset bow, attracting the black armored cavalry to pursue, and I don't know if it has affected the family.

At this time, it was getting dark, and the clan land in front was in sight, Tie Bowen and Nalan Wushuang accelerated their pace.

Ok?

Just when it was about to arrive, Tie Bowen saw that something was wrong. I saw that the streets in the clan were deserted, not only that, but also black armored cavalry patrolling back and forth.

A large number of cavalry guards were also deployed at the entrance of the city gate of the clan.

Nalan Wushuang also frowned and couldn't help but say, "A lot of cavalry."

This chapter is provided by . Visit for daily update.

Hmm!

Tie Bowen nodded, thought for a moment, and said, "It seems that the clan can't go back for the time being, let's leave first." After speaking

, he and Nalan Wushuang prepared to return to Heishui Town.

Da Da Da...

However, at this time, on the road not far behind, a team of cavalry rushed over.

Seeing Tie Bowen from a distance, the leader of the cavalry captain couldn't help shouting, "Stop!"

While shouting, the cavalry team accelerated.

broken!

Seeing this situation, both Tie Bowen and Nalan Wushuang were shocked, and without thinking about it, they ran towards the woods not far away.

"Come here."

"Catch them..."

Seeing this, the cavalry captain who came after him immediately shouted to the cavalry guards at the gate of the clan.

"It's Tie Bowen."

"Quick, intercept..."

Hearing the call, the cavalry at the city gate immediately noticed the two of Tie Bowen, and they flew on their horses and rushed up screaming.

Two groups of people blocked the front and back, and soon surrounded Tie Bowen and Nalan Wushuang.

Seeing this situation, Tie Bowen was very anxious, and at the same time protected Nalan Wushuang behind him.

“Haha!”

At this time, the cavalry captain moved forward slowly, looked at Tie Bowen up and down, and sneered: “Boy, after a few days of running away, didn’t it end up in our hands?”

After saying that, he waved his hand: “Take Down!”

Whoosh!

The voice fell, and nearly a hundred cavalymen around them rushed towards Tie Bowen with their inner strength.

“I’m afraid you won’t succeed?” Tie Bowen knew that he didn’t intend to. He shouted at that time, his strength exploded, and he directly greeted him.

At the same time, Nalan Wushuang also drew out his long sword and fought fiercely with the surrounding cavalry.

Speaking of which, Tie Bowen had just woken up, and his strength had not completely recovered, but he had taken a medicinal pill before and his injuries had basically recovered. At this time, it was more than enough to deal with these cavalry.

More importantly, Nalan Wushuang was by his side to help.

I saw that Nalan Wushuang was like a butterfly, with a graceful figure, constantly shuttled back and forth in the crowd, fast as lightning, and every time the long sword was swung, a cavalryman would definitely fall.

Bang bang bang!

In the blink of an eye, with the cooperation of Nalan Wushuang and Tie Bowen, dozens of cavalymen had already fallen in a pool of blood.

“Tie Bowen!”

Seeing this scene, the cavalry captain was shocked and angry, stared at Tie Bowen and shouted angrily: “You broke into the forbidden area, stole treasures, and dared to resist, if you know the appearance, just surrender and be captured! “

When he said this, the cavalry captain’s eyes were blood red, and the other party was only two people, but he hurt so many people, it was a crime that deserved death!

At the same time, the other cavalymen also shouted.

“Tie Bowen, you can’t escape today!”

“Go ahead and capture it!”

“Quickly surrender!”

The ultimate husband in Chinese chapter 5865

Hearing the anger of the crowd, Tie Bowen was too lazy to pay attention.

Nalan Wushuang shouted coquettishly: “One by one nonsense, surrender and kill you? Catch us if you have the ability, stop talking.”

Om!

The last word fell, Nalan Wushuang’s internal strength exploded, and the long sword burst out with a dazzling light, heading straight for the crowd. This sword contains 90% of

Nalan Wushuang’s internal strength. Wherever the sword shadow passes, it is as fast as thunder, and a crack is cut in the air...

“Ah!”

Before they could dodge, they let out a scream, and more than fifty people fell in a pool of blood.

Mad!

Seeing this, the cavalry captain was shocked and angry, wiped the cold sweat from his forehead, and shouted: “Kill this woman first, then catch Tie Bowen alive.

” In the same way, he is the son of Timur. If he can be captured alive, the general will be rewarded.

The voice fell, and the black armored cavalry remained, one by one, revived, and rushed towards Nalan Wushuang at the same time.

“With me here, none of you want to hurt her.”

Just before everyone could surround Nalan Wushuang, Tie Bowen shouted, rushed over and rushed into the crowd. After these few days of getting along, Tie Bowen likes Nalan Wushuang more and more.

When I woke up in the pharmacy before, I learned that Nalan Wushuang had worked hard to bring him out of the wild and strange realm. At that time, Tie Bowen secretly swore that he would use his life to protect this girl in this life.

bang bang bang..

This chapter is provided by . Visit for daily update.

The water-piercing Tie Bowen, with blood-red eyes, filled with fighting intent, was like a tiger descending from a mountain. Wherever he passed, many cavalymen were blown away by him.

Nalan Wushuang also kept wielding his long sword, cooperating with Tie Bowen.

The battle is getting fiercer.

Wow...

for a while, many people heard the movement and flocked to the gate of the clan to watch. In an instant, seeing the scene in front of him, he was shocked.

“The fight was fierce..”

“Isn’t that Tie Bowen? Oh my god, he escaped into the wild and strange realm a few days ago, and he came out alive.”

“Oh, it’s a pity, their family was all wiped out.. ..” The

voices of discussion kept coming, and Tie Bowen, who was in the fierce battle, felt a shudder when he heard it.

what did they say? Everyone in my family was wiped out?

Pfft....

Just when Tie Bowen was stunned, a cavalryman rushed from behind and slashed his back with a machete, and blood sprayed immediately. Tie Bowen also stumbled and almost fell to the ground.

“Go to hell.”

At the same time, the cavalry captain and the last few cavalymen rushed up.

“Be careful, big man!” Nalan Wushuang exclaimed, holding his sword tightly to block the cavalry captain and others.

Something went wrong at home... Something went wrong...

And Tie Bowen, like a fool, stayed there the whole time, his head was messy and buzzing.

“I want you to die...”

In the next second, Tie Bowen’s eyes were red and blood red, and he roared wildly, and the strength of the whole body exploded. Then he hit the cavalry captain with a palm, and a roar was heard. The cavalry captain didn’t have time to scream and died tragically on the spot.

Bang bang bang...

After the next ten seconds, Tie Bowen went crazy. With the cooperation of Nalan Wushuang, he killed the last few cavalry.

After killing the last cavalry, Tie Bowen bent his legs and knelt down in the direction of his home. His heart was filled with grief: “Dad, it’s me who caused the trouble, I can’t afford to lose you...” Before he finished

speaking, Tie Bowen was already in tears.

Seeing his appearance, Nalan Wushuang felt very uncomfortable. He walked over slowly and comforted softly: “Big man, don’t be so uncomfortable. We don’t know what the real situation is. Maybe it’s fake news?”

” Da....

As he was talking, he heard the sound of horses’ hooves, and when he heard the sound, he saw nearly a thousand black armored cavalry swarming.

Nalan Wushuang was secretly shocked, and quickly pulled Tie Bowen: “There are more and more enemies, let’s go.”

“Nine girls!”

Tie Bowen slowly stood up, shook his head, and there was a bit of sadness in his expression. Resolutely: “You go, leave me alone.”

“You...” Nalan Wushuang’s delicate body was

shocked: “What did you say?” Tie Bowen laughed miserably, gritted his teeth and said, “My family members have all been killed.

, I can’t live without living, I want to avenge them.”

The ultimate husband in Chinese chapter 5866

When he said this, Tie Bowen's eyes were blood red and his heart was trembling.

"You..."

Seeing him like this, Nalan Wushuang was anxious and angry: "Can you calm down, you haven't arrived home yet, how do you know something happened at home?" This big man is really a muscle, let me People are dying.

Tie Bowen took a deep breath and said seriously: "Nine girls, you still don't know our Rakshasa clan, you never spread rumors, those people said that my family was wiped out, it's not groundless."

"It's me, it's me. I've hurt my father and the others."

Phew!

Hearing this, Nalan Wushuang fell silent, and then patiently persuaded: "If this is the case, you can't go to die, there is a saying that 'keep the green hills, not afraid of being burnt', a gentleman takes revenge, ten years later Late, if you rush in like this now, you're going to die in vain, you know?"

However, Tie Bowen couldn't listen at all, as a Rakshasa, he has a straight personality, how could he wait ten years?

Swish swish...

The next second, Tie Bowen sighed and was about to speak, but at this moment, he sensed the direction of the clan not far away, and there were waves of powerful aura fluctuations, followed by hundreds of The figure flew quickly.

The uniform black soft armor is like a rainbow, and it is the elite cavalry.

The two at the head, one is wearing armor, majestic, the other is wearing a white gown, elegant temperament, but the whole body gives a feeling of suffocation and oppression.

It was Itel and Prince Aotian.

Just now, Itair and Prince Aotian were discussing important matters in the palace. When they learned that Tie Bowen appeared and injured many of his subordinates, Itair was furious and rushed to the scene.

Swish!

This chapter is provided by . Visit for daily update.

Seeing Yi Taier appearing, Tie Bowen's pupils squinted slightly, and his anger swelled upwards.

At the same time, Tie Bowen was more determined in his mind, and said to Nalan Wushuang: "Nine girls, you go quickly, if you don't leave, it will be too late." The

two joined forces and killed nearly a hundred cavalry just now, which consumed a lot of strength. Shi will not be Itail's opponent at all. After all, Itail is the first warrior of the Rakshasa clan.

More importantly, Tie Bowen clearly sensed that Prince Aotian around Itair was even more terrifying.

In this case, one must remain and hold the enemy.

"No!" The

voice fell, Nalan Wushuang trembled, shook his head and said, "You are crazy, you want to go let's go together."

In the past few days, the two have gone through so many life and death junctures, in Nalan Xinran's heart, already Treating Tie Bowen as a relative, how could it be possible to leave him behind?

"Nine girls!"

Seeing Nalan Wushuang's true feelings revealed, Tie Bowen was very moved. He took a deep breath and said, "I understand what you mean, but in this situation, if we stay together, we will all die here.

", Tie Bowen saw Yi Taier and others getting closer and closer, and urged: "Nine girls, you brought me out of the wild and strange realm, I should repay you well, but unfortunately there is no chance in the future, now I can do it. , is to give you a chance to fight for your life."

"You..."

Hearing these words, Nalan Wushuang's heart was up and down, indescribably moved, and at the same time a little sad. I wanted to say something, but it was stuck in my throat, and I couldn't go on with just one word.

"Come on, they're almost there." Tie Bowen urged again with a smile.

call!

Nalan Wushuang took a deep breath, without any hesitation: “You bastard, do you want to get rid of me? You said you wanted to help me restore my memory, and now I don’t know my background, you want to get rid of me? Tell me? You, don’t think about it!”

Having said this, Nalan Wu’s eyes flashed with tears, biting his lips tightly: “Live together, die together!” The last word fell, and the jade hand clenched the long sword with a determined attitude.

Silly girl...

At this moment, Tie Bowen only felt that his heart was on fire, and he was speechless for a while.

It’s worth a lifetime to get to know such a beauty.

Immediately, Tie Bowen saw out of his light that there was a hole in the grass two meters away behind him. There was not much space but just enough room for a person. He didn’t hesitate and smiled bitterly: “Nine girls, you are very kind to me, If I can meet you in the next life, I will marry you and love you for the rest of my life.”

The ultimate husband in Chinese chapter 5867

Whoosh!

When the voice fell, Tie Bowen shot into the electricity and slapped Nalan Wushuang on the back of the neck. Since the nine girls are unwilling to leave, they can only use extraordinary means.

To be honest, Tie Bowen was very reluctant to do it, and he didn’t want to be separated from her like this, but at this juncture of life and death, a decision had to be made.

Nalan Wushuang didn’t have time to react, she let out a coquettish cry, her eyes closed and she fainted.

Ninth girl, farewell....

Tie Bowen took a deep breath, endured the discomfort in his heart, hid Nalan Wushuang in a hole in the grass, then turned around and greeted Yi Taier and others.

Soon, Itel and the others arrived.

“Tie Bowen!”

At this moment, Itel’s cold face showed a deep sinister expression: “I was just about to find you, and your fish that slipped through the net appeared, quickly hand over the treasure and lead to death obediently. !” The

icy voice spread throughout the audience, no doubt.

When he was talking, Itel looked around the scene and saw nearly a hundred of his subordinates, all of them lying in a pool of blood, and his anger grew even stronger.

Moreover, Itel noticed that there was Tie Bowen in front of him, but the Kyushu woman who had been with him disappeared, and immediately waved: "Find that Kyushu woman."

"Yes!"

Hearing the order, the cavalry behind him The elites responded in unison, and then quickly searched around, but there was no clue.

At this time, they didn't know that Nalan Wushuang was in the grass in front of them, but the hole was too hidden to be found without careful inspection.

This chapter is provided by . Visit for daily update.

"You don't have to look for it."

At this moment, Tie Bowen took a step forward, looked directly at Yi Taier and said: "Everything has nothing to do with Jiu girl, and she has already left, come to me what you want."

Haha!

Seeing Tie Bowen's fearless face, Itel couldn't help nodding his approval: "As expected of Timur's son, he is quite bold, don't worry, I'll send you down in a while to reunite with your father."

Shah!

Hearing this, Tie Bowen was shocked and shouted angrily: "What have you done to my father?" Although he had already guessed it just now, it was still a little hard to accept it when he heard Yi Taier say it himself.

Ital looked proud and said word by word: "Timur colluded with the remnants of the Heavenly Dao Society and captured Her Majesty the Queen. The crime is unforgivable. A day ago, Timur and his family, young and old, were all executed.

"With that, Yi Taier locked on Tie Bowen tightly, and a trace of contempt appeared on the corner of his mouth: "Now in your family, you are the only fish that slipped through the net, do you understand?"

Om!

Hearing this, even though Tie Bowen had been prepared, he was still stunned at this moment, his heart seemed to be hit hard by an invisible hammer, his brain was buzzing, and the whole person was stunned.

Dead... Father and family, all dead...

“I want you to die...” In the

next second, Tie Bowen’s eyes widened, two lines of blood and tears burst out, and he roared at Yi Taier.

hum!

When the last word fell, Tie Bowen’s power exploded, and his figure was like a cannonball. He punched Itair, and the sky seemed to be shattered when the figure passed.

This punch, which contained Tie Bowen’s endless grief and resentment, was incomparably powerful.

Ha ha!

Seeing Tie Bowen’s punch, Itaire was not happy at all, but instead showed a trace of contempt: “How dare you be presumptuous in front of me with this little skill?”

While speaking, Itail lightly slapped a palm.

Prince Aotian on the side looked at the excitement with a leisurely look on his face. In his heart, a person like Tie Bowen was not qualified to let him take action.

boom!

The fist and palm collided, and there was a roar, and I saw that Itel’s figure just swayed slightly, still suspended in mid-air.

But Tie Bowen groaned, was directly knocked back dozens of meters, and finally fell to the ground, his face pale and indescribable. The first warrior, the background is not comparable to Tie Bowen.

“Boy!”

Itair hovered in the air, looking down at Tie Bowen, his tone full of contempt: “With this little ability, you still want to take revenge?”

Shuh!

Hearing these mocking words, Tie Bowen struggled to stand up, his fists clenched tightly, his fingernails digging into the flesh, and a trace of blood flowed out...

The ultimate husband in Chinese chapter 5868

"Ital!" In the

next second, Tie Bowen gritted his teeth and said word by word, "Even if you die today, I will drag you to hell with you." The

voice fell, Tie Bowen took out the sunset bow, Internal power injection.

Om...

In an instant, the power in the sunset bow was stimulated, and a dazzling brilliance erupted. At the same time, the power of the scorching sun in the sky continued to swarm and was absorbed by the sunset bow.

Between the heavens and the earth, there is a terrifying aura that is terrifying.

Such a strong force...

Seeing this scene, whether it was Itair or the elite cavalry around, his heart could not help trembling.

Especially Itel, while shocked, couldn't help but scolded in his heart, Mad, this kid can actually mobilize the power in this giant bow.

Ok?

At the same time, Prince Aotian, who had been watching the battle quietly, was also stunned, and stared at the sunset bow in Tie Bowen's hand, flickering with complexity.

Is this the divine bow that Hou Yi used to shoot the sun?

It's a bit interesting to actually be able to arouse the power of the sun...

"Ital. You die for me!"

Just when everyone was shocked, Tie Bowen's eyes were blood red, locked on Ital and roared, and then pulled away bowstring.

This chapter is provided by . Visit for daily update.

hum!

I heard a strong breath surging, and a golden-red feather arrow quickly condensed out of the bowstring. The feather arrow was completely condensed by the power of the hunting bow, and the whole body was full of fire, which was breathtaking.

whoosh...

Immediately afterwards, Tie Bowen loosened the bowstring, and the feather arrow burst out of the air, bursting towards Itair.

Where the feather arrow passed, the air suddenly burned. At first, the feather arrow was only normal size, but in a flash, it became bigger and bigger, and finally it was more than ten meters long.

Seeing this situation, Itel lost his previous arrogance, and his face changed at that time, and he had no time to escape, so he had to mobilize all the power, raised his hand and deployed a protective film in front of him!

“Boom...” As soon as the

protective film was formed, the feather arrow exploded and slammed into the protective film. I heard a thunderous roar, and the protective film suddenly shattered.

Immediately afterwards, Itel spit out a mouthful of blood, and his body flew far away. Finally hit the ground hard.

Speaking of which, Tie Bowen has spent a lot of internal energy after a fight before, and he has not fully comprehended the power of the sunset bow, so this arrow failed to exert the power of the sunset bow, otherwise, Itair would have died. .

Hiss....

Seeing this scene, the elite cavalry present couldn't help but gasp.

The power of this bow is so terrifying.

Prince Aotian squinted his eyes slightly, and couldn't help but admire secretly.

As expected of the divine bow that shot the sun back then, it was so powerful.

Made!

At this time, Yi Taier got up in embarrassment, wiped the blood from the corners of his mouth, and stared at Tie Bowen tightly, and was extremely horrified in his heart.

Is this the power of the Sunset Bow? It's really strong. I deployed all my strength just now, but I still can't stop it.

At the same time of shock, Itel looked at the sunset bow with hot eyes.

Such a peerless weapon, only I deserve to have it.

hum!

Just when Itair was thinking about this, Tie Bowen pulled the bowstring again, and the dazzling golden red feather arrows condensed again and aimed directly at Itair.

Gudong!

At this moment, Itel couldn't help swallowing his saliva. He was so nervous that he tried his best to block the arrow just now. I'm afraid this second arrow can't be stopped.

While nervous, Itel also noticed that Tie Bowen's face was pale, and it was obvious that the power of activating the Sunset Bow twice in a row had consumed a lot of internal strength and energy.

Whoosh!

At this moment, Tie Bowen's eyes were full of resentment, he loosened his fingers, and the second feather arrow pierced the world and came straight to Itel.

Facing this situation, Itel's face turned pale, he couldn't dodge at all, and his heart was full of despair.

Haven't achieved dominance yet, just died like this?

And... he still died at the hands of Tie Bowen, I'm really not reconciled.

call!

When the second arrow was fired, Tie Bowen felt loose, staggered back two steps, leaned against a tree and smiled.

Father, the son has avenged you.

In Tie Bowen's eyes, this second arrow, Itel, could not be blocked, and he would definitely die.

The ultimate husband in Chinese chapter 5869

"Don't panic, general!"

Just at this critical moment, a voice came, and then, Prince Aotian flashed, directly blocking Yi Taier.

hum!

In the next second, Prince Aotian urged his divine power to deploy a golden mask in front of him.

Speaking of which, Prince Aotian didn't intend to take action, but it would be useful to him in the future. If he was killed by Tie Bowen at this time, all the previous deployments in the Rakshasa would be in vain.

"Master Ye, be careful."

Seeing Prince Aotian rushing up to help, Itel was both grateful and worried, and couldn't help shouting: "The power of this arrow is very terrifying..."

Prince Aotian was Itel's a slight smile: "Don't panic."

If the great Hou Yi of the year had used the sunset bow, Prince Aotian might still be afraid of three points, but the boy in front of him didn't show the power of the sunset bow at all, so he didn't worry at all.

boom!

While speaking, the feather arrow slammed into the golden light mask, accompanied by an earth-shattering roar, dust filled the air, and Prince Aotian and Itair were all shrouded in dust.

Wow....

Seeing this situation, the surrounding elite cavalry all changed color, wanting to rush into the dust to check the situation, but fearing the power of the feather arrow, no one dared to take a step in the end.

After just ten seconds, the dust and smoke gradually dissipated, and everyone saw the scene inside.

Whoa!

This chapter is provided by . Visit [for daily update.](#)

In an instant, many elite cavalymen couldn't help cheering, and they were all excited.

It was seen that the golden mask was completely shattered, but Prince Aotian and Itair behind him were safe and sound. Obviously, the mask had endured the full power of Yu Jian.

Excited, many elite cavalymen could not help but scream.

“Master Ye is mighty.”

“Long live the general...”

What?

Seeing this scene, Tie Bowen, who was ready to die together, froze there, staring at Prince Aotian, shocked, and his eyes were filled with incredible.

This...it's impossible.

This sunset bow, but the magic weapon of Emperor Hou Yi who shot the sun back then, even if he failed to exert his real power, I am afraid that no one in the entire Kyushu could stop it.

And the person in front of him was easily blocked with only a protective film.

How could this be?

“What are you still doing?”

At this moment, Yi Taier slowly stood up and roared: “Take him down for me.” He could see that Tie Bowen used the sunset bow twice in a row, and he had already exhausted.

Whoa!

Hearing the order, the surrounding elite cavalry pulled out their machetes and charged towards Tie Bowen.

“Haha...”

Seeing the elite cavalry swarming in, Tie Bowen looked up to the sky and laughed: “If you want to catch me, come, come.” With a roar, the whole person was like a beast trapped in a desperate situation, and he directly greeted his enemy group.

However, he used the sunset bow twice, and his strength was exhausted. At this time, facing the siege of so many elite cavalry, he was powerless.

puff...

In the blink of an eye, Tie Bowen was slashed on the back, blood sprayed, and one staggered and almost fell to the ground, but still leaned on the sunset bow to stabilize his figure.

“Ita!”

At this time, Tie Bowen was almost crazy, ignoring the severe pain on his body, and howling at Itel: "You kill my whole family, I can't kill you today, and I won't let you go if I die. When the

voice fell, Tie Bowen exerted his last strength, waving the sunset bow to push back the elite cavalry in front of him.

Puchi puchi...

However, the elite cavalry behind them took the opportunity to rush up, and the machetes in their hands slashed at Tie Bowen. In an instant, blood spurted out, and Tie Bowen almost became a blood man.

Finally, Tie Bowen couldn't hold it anymore and fell to the ground, throwing the sunset bow in his hand, but his eyes still locked on Itel.

An elite cavalry picked up the sunset bow and quickly handed it to Itel.

Haha...

At this moment, Itel held the sunset bow in his hand, unable to hide his excitement.

Such a magical weapon finally fell into his own hands.

"Congratulations, General."

At this moment, Prince Aotian showed a smile and congratulated: "Called the new owner of this magic weapon."

The ultimate husband in Chinese chapter 5870

When congratulating, Prince Aotian had a smile on his face, but complexities flashed in his eyes.

It stands to reason that Prince Aotian will definitely keep such a weapon as his own, but when Tie Bowen used the sunset bow just now, Prince Aotian keenly discovered that although this sunset bow is very powerful, every time it is used, it will consume too much energy and energy.

Once the control is not good, it is easy to be counterattacked by the power of the sunset bow.

No need for such a magician.

Haha...

Hearing Prince Aotian's congratulations, Itel was even more excited. He immediately stimulated his inner strength and injected it into the sunset bow, intending to feel the power of this divine weapon.

Who knows, the internal force is injected, but the sunset bow does not respond at all.

This... what's the situation?

For a time, Itel frowned, puzzled, and then tried other methods several times, but the Sunset Bow still did not respond.

At this moment, an elite cavalryman waved his machete, ready to cut off Tibowen's head.

"Wait."

Seeing this scene, Itel immediately stopped him and said, "Leave him alive and put him in the stone prison." Seriously, he almost died under the arrow of the setting sun just now. Tie Bowen unloaded eight pieces.

But this kid, who knows how to mobilize the power of the Sunset Bow, has temporarily reserved it for a slow interrogation.

"Yes, General!"

Upon hearing the order, several elite cavalrymen responded and dragged Tie Bowen, who was in a coma, and put him in jail.

This chapter is provided by . Visit for daily update.

Itel instructed others to clear the battlefield, and returned to the palace with Prince Aotian.

After half an hour, everyone evacuated, and there was silence all around.

At night, Nalan Wushuang, who was in the cave in the grass, woke up faintly.

Big man!

The moment he opened his eyes, Nalan Wushuang saw that he was in a hole in the ground. At that time, his delicate body trembled, and he couldn't help shouting.

However, apart from the sound of the night wind blowing the grass, there was no response from Tie Bowen at all.

Nalan Wushuang climbed out of the hole and saw that the corpses of the cavalry were all empty, and realized that the battle was over.

“Fool, big fool.”

Nalan Wushuang burst into tears, and couldn't help scolding: “It's a matter of life and death, why are you so stupid?” After

scolding a few words, Nalan Wushuang wiped the tears from the corners of his eyes and took a deep breath. Take advantage of the night to walk towards the city gate. She didn't believe that Tie Bowen died so easily.

Even if he is dead, his body must be found.

.....

On the other side, the wild and strange realm.

In the dense jungle, Yue Feng and Mona sat on a small slope to rest.

I saw that Ilona took off the soft boot on her right foot, revealing her white and delicate feet, but the ankles were swollen high. She was teased by Yue Feng before, and Ilona entered the stream and smashed her feet. Hours passed, and instead of getting better, it got worse.

“Come on!”

At this time, Yue Feng collected a few herbs from the nearby woods, smashed them together, walked over to Ilona and said with a smile: “Apply this medicine to the swollen area, knead it a few times. , it will be completely healed.”

Said, Yue Feng was about to apply medicine to Ilona.

Whoosh!

However, Ilona suddenly retracted her feet, her delicate face, unable to hide her vigilance: “You...you want to take advantage of me again, don't you?” As

soon as she finished speaking, Ilona realized that Mona was beside her. , immediately blushed.

Seeing this, Mona smiled and said nothing.

In the past two hours, Yue Feng and Ilona were like a pair of foes, and they would quarrel no matter how big or small they were.

Ok?

Hearing this, Yue Feng was stunned for a moment, and then smiled bitterly: "How did you say about me, girl? I kindly gave you medicine, but you said that I took advantage of you?"

"I..." Ilona said. He pouted: "I don't want your help, I just sprained my foot, and I will cure it myself." After speaking, he started massaging the acupuncture points on his feet using the local method of the Rakshasa tribe.

Uh...

Seeing this situation, Yue Feng had to temporarily put away the medicine and said slowly: "You can do this elsewhere, but not here, don't forget, this is a wild and strange area, just now we The woods passing by have miasma, and the poison of miasma has penetrated into the congestion, and only medicine can be used to expel the poison."
