

The ultimate husband in Chinese chapter 5871-5880

“Alarmist.”

Ilona muttered with a look of disbelief, then turned her head to the side and did not look at Yue Feng.

Pfft...

Seeing this scene, Mona couldn't help laughing, and said softly to Ilona: “Ilona, I think you should listen to Yue Feng, your foot injury looks serious. .”

In normal times, Ilona would definitely obey the Queen's words, but at this time she shook her head: “Your Majesty, I know my situation best, and I don't need any medicine at all.” After speaking

, Ilona looked at Looking at Yue Feng, he continued: “He just wants to tease me, so I won't be fooled.” These days, Ilona has suffered from Yue Feng's hands several times, and she has a shadow in her heart. Out of instinct, she doesn't believe in Yue Feng at all. The wind will be so kind to concoct medicine for himself.

call!

Seeing her resolute attitude, Mona was embarrassed to persuade her again, so she could only shake her head with a wry smile.

Yue Feng was also speechless and sighed: “It's really kind-hearted to treat it like a donkey's liver and lungs, forget it, since you are so confident, even if I didn't say it, but you can't beg me later.”

“Who asked you.”

Ilona rolled her eyes, then ignored Yue Feng and focused on massaging the acupoints on her feet.

Seeing her like this, Yue Feng didn't know whether to laugh or cry. He didn't talk much at the time, so he talked and laughed with Mona, and discussed what to do next.

At this time, Mona was no longer so weak, but her delicate face couldn't hide her worry.

“This place is so big.”

At this time, Mona looked around, looking at the endless dense jungle, and said softly: “I don't know if we can go out.”

This chapter is provided by . Visit for daily update.

Haha!

Hearing this, Yue Feng smiled and reassured: "There is no need to worry about this, don't forget, I stayed in Death Valley for three years, and I still know a little about the environment here."

When he said this, Yue Feng has a relaxed expression, but he has no confidence in his heart.

After all, after so long in the past, many places in the wild and strange realm have changed, and it is not easy to find a safe way to go out.

However, in order to avoid Mona's panic, it can only be soothed temporarily.

yes!

Mona smiled: "Why did I forget about this?"

"Well..."

As she was talking, she saw Ilona who was massaging her feet next to her, and suddenly let out a low moan, her delicate face She was red, her eyebrows were slightly frowning, and there was a hint of pain.

what happened?

At this time, Ilona was very flustered. She was fine just now, but suddenly, her entire right foot lost consciousness. Not only that, but numbness and itching are spreading towards the whole leg.

The tingling feeling was uncomfortable and embarrassing at the same time. Ilona wanted to endure it, but in the end she couldn't help but make a sound.

This...

Hearing the movement, Yue Feng and Mona were stunned for a moment, and then turned their heads to look at the same time.

I saw Ilona bit her lip tightly, her face flushed red, and she endured the discomfort, which gave people a different kind of beauty.

"What's wrong with you?" In the next second, Mona reacted and asked quickly.

Ilona shook her head gently: "I'm fine."

The whole right leg is numb and itchy, as if someone is scratching with their hands. This situation is really embarrassing, how can I say it?

Mona is also a woman. Seeing Ilona's appearance, she knows that she is indescribable.

Knowing this, Mona couldn't be bothered to ask further, so she could only tilt her head to look at Yue Feng and whisper, "Yue Feng, what's wrong with her?" Yue Feng has extremely high attainments in medical skills and must know the reason.

call!

Yue Feng breathed a sigh of relief, and said slowly: "It's very simple, the poison of miasma has already begun to spread. If I guess correctly, it has spread to the push now."

Yue Feng said with a smile, but not a smile. Looking at Ilona: "Isn't it?"

This girl, you didn't appreciate the medicine just now, now you know it's wrong.

"I..."

Seeing Yue Feng's determined look, Ilona was very upset, and she pouted and said deliberately, "I have nothing at all." After speaking, she was about to stand up.

It's just that the whole right leg is numb and itchy, and I can't exert any strength at all. Before standing up, the suburb almost fell to the ground.

The ultimate husband in Chinese chapter 5872

Seeing this situation, Mona exclaimed: "Be careful!"

After saying that, she quickly supported Ilona.

Haha....

Seeing this situation, Yue Feng was instantly happy, looked at Ilona and said, "It's all like this, why are you still stubborn?"

Ilona snorted and ignored it.

Yue Feng didn't panic at all. He leaned against the tree next to his arms and said slowly, "Girl, if you can't hold on, don't hold on. You call me a nice one, and I'll give you the medicine."

Ilona was tight . Biting his lip, he was very stubborn: "No need."

Oops?

Hearing this answer, Yue Feng showed a smile: "You have the backbone, okay, since you don't need it, then treat it as I didn't say it." After speaking, he looked at Ilona with a half-smile, waiting for the situation to develop.

Yue Feng could see that Ilona had lost consciousness in her feet at this time. Not only that, but the poison of miasma had spread to her legs.

It stands to reason that Ilona's strength is not weak, even if the poison infects the miasma, it will not be fatal, but she just missed the best time to apply the medicine. If you continue to drag it, the whole leg will lose consciousness, which will be troublesome.

Thinking to himself, Yue Feng said slowly: "Girl, don't be angry with me, just make fun of your own life, let me tell you, now that the miasma has spread to your legs, if you don't apply the medicine in time, it will not only be numb and unbearable. , in the end you can't keep this leg."

What?

is it so serious?

Hearing this, Ilona's heart trembled, and she panicked at the time, but she still looked indifferent on the surface: "Don't scare me, I won't believe your nonsense."

This chapter is provided by . Visit for daily update.

After he finished speaking, he ignored it and silently endured the tingling from his legs.

Whoops? Pretty sturdy.

Seeing that Ilona was still unwilling to let go of her dignity, Yue Feng couldn't help but smile.

Since you can endure it so much, I will see how long you can endure it.

At first, Ilona could hold back, but as the poison of miasma invaded, the tingling feeling became stronger and stronger, and soon, her delicate face was dripping with sweat, and her delicate body also trembled slightly.

"Yeah!"

After a few minutes, Ilona couldn't help it, and let out a painful groan again.

“Silly girl!” Mona was so worried, she couldn’t help but convince Ilona: “Even if you are angry with Yue Feng, you can’t make fun of your own body, so take it easy and say something nice. Let’s go.”

It’s time to console, Mona is very helpless.

This Ilona is still too young to fight against anyone. She insists on contradicting Yue Feng. This man, even the Empress Chang’e couldn’t do anything about him back then.

call!

Hearing Mona’s persuasion, Ilona’s delicate face flickered with hesitation, and finally bit her lip and said to Yue Feng: “Yue Feng... I was reckless before, you... you help me apply medicine. Well...”

When she said this, Ilona’s voice was so small that she couldn’t hear it if she didn’t listen carefully, and her delicate face was also extremely blushing, like a ripe apple.

She didn’t want to bow her head to Yue Feng like this, but Her Majesty had already spoken, so she naturally wanted to give some face.

More importantly, the tingling on the legs was really unbearable.

Haha...has finally compromised?

Seeing Ilona’s reluctant look, Yue Feng couldn’t help laughing secretly, but on the surface he made a very serious look: “I just said you don’t need me, now you want my help?”

Saying that, Yue Feng touched the tip of his nose and said with a smile, “Well, call me a good brother, and I’ll give you the medicine.”

“You...”

Hearing this, Ilona blushed instantly. Incomparable: “Shameless...”

Yue Feng was stunned for a moment, and said solemnly: “This is your fault, I kept reminding you just now, but you said I was alarmist, I was not angry at that time, and now I am trying to save you, you But you say I’m shameless?”

For a while, Ilona was speechless to refute, but she was so angry, but the tingling on her legs became stronger and stronger, so she could only endure her anger and whispered: “Good brother...”

Hoo!

Hearing these three words, Yue Feng only felt that his bones were brittle, but he still decided to tease Ilona: "Oh, the voice is so small, I can't hear it."

The ultimate husband in Chinese chapter 5872

Seeing this situation, Mona exclaimed: "Be careful!"

The ultimate husband in Chinese chapter 5874

What a beautiful woman.

And there are still two, one is glamorous and noble, the other is heroic, each has its own merits.

call!

In amazement, the man in the lead took a step forward and asked the three of them: "Who are you?"

Just after asking, before Yue Feng could speak, the man in the lead showed a bit of surprise on his face: "Aiya. ...I remembered, you...Aren't you the former captain's friend, Fengtao?"

When he spoke, the man's tone lost the hostility he had before, and he was very polite.

"You..."

Hearing what the other party said, Yue Feng also thought of something: "Are you from the Bloodthorn Mercenary Group?"

Yue Feng chased Duan Yu and was trapped in Death Valley for three years when he left. , I met the Bloodthorn mercenary group exploring Death Valley. Yue Feng clearly remembered that the captain of this mercenary group at that time was a woman named Hua Ling.

Later, Yue Feng helped Hua Ling solve some troubles, and took her and the mercenary group to successfully leave Death Valley.

Yue Feng still remembered that Hua Ling was very beautiful and had a good talent for cultivation, but she lacked a little experience in the arena. After leaving Heishui Town, she never saw her again, but she never thought that she would be able to meet her after so many years. The bloodstab mercenary group under his command.

“Yes, yes...”

At this time, hearing Yue Feng’s words, the leading man nodded again and again and said with a smile: “I didn’t expect your Excellency to remember that we are the Bloodthorn Mercenary Group. My name is Huang Hongtao, the current group. Long.”

After speaking, Huang Hongtao looked at Yue Feng with a humble expression on his face: “When Your Excellency took us out of Death Valley, I was still an unknown team member.”

Phew!

This chapter is provided by . Visit for daily update.

Yue Feng nodded, and then asked curiously, “Where’s Hua Ling?”

“Two years ago, she wanted to concentrate on her practice, so she gave me the position of the head of the regiment.” Huang Hongtao responded with a smile, and then came over and pulled it tightly. Holding Yue Feng’s hand: “Lord Fengtao, I really didn’t expect to see you again after so many years. I’m so happy.”

Yue Feng smiled and said with emotion: “Yeah, a few years have passed in a flash. “

Feng Tao?

Seeing this, Mona and Ilona were stunned.

The next second, Ilona lowered her voice and couldn’t help but said to Mona: “Your Majesty, why did they call him Fengtao?”

Although Yue Feng hated him, he had to say that he had quite a few secrets.

"I don't know!" Mona replied in a low voice: "He is a famous person in Kyushu. He often faces various things, and it is normal for him to have different names.

" Can't hear it at all.

At this time, Huang Hongtao and Yue Feng exchanged a few words, their eyes fell on Mona and Ilona again, and they asked curiously: "Your Excellency Fengtao, who are these two beautiful women, can you introduce them?"

When asked, Huang Hongtao's eyes were full of curiosity.

I remember that when I first saw this Feng Tao a few years ago, this person was in a state of embarrassment, almost like a beggar. After not seeing him for a few years, there were two more beautiful beauties around him, which was really unexpected.

This...

Yue Feng scratched his head, thought for a while, and said with a smile: "To be honest, this is my eldest wife, and my second wife, who have nothing to do recently, so they came to explore the wild and strange realm. "

The identities of Mona and Ilona are very special, and they must not be exposed. They can only make up an identity for them.

Swish!

When the words fell, Ilona's delicate face turned red, and she was embarrassed and angry: "Don't talk nonsense, who is your wife?" When she spoke, Ilona glared at Yue Feng fiercely.

This Yue Feng is really bold, even if he takes advantage of me, he even said that the queen is also his wife.

Really bold.

Mona was also blushing, but compared to Ilona, she was still a little sensible.

Seeing Ilona shouting coquettishly at this time, Mona quickly pulled her quietly and whispered: "Ilona, don't talk nonsense, what he says is what he says."

As a queen, Mona is thoughtful, she knows Yue Feng said this to keep his identity a secret.

After all, she is the queen of the Rakshasa clan, but now she is living in the wild and strange realm, and she is still so embarrassed. If her identity is exposed, not only will her reputation be destroyed, but it will also affect the dignity of the Rakshasa clan.

call!

Hearing Mona's authority, Ilona took a deep breath and stopped talking.

The ultimate husband in Chinese chapter 5875

This...

Seeing this situation, Huang Hongtao was stunned and did not recover for a while.

What's the situation, Yue Feng said it was his wife, but this beauty reacted so much...
There's

no other secret.

Yue Feng quickly explained: "Don't get me wrong, the second wife is arguing with me, it makes you laugh, hehe..."

Yue Feng was silent while saying that.

This Ilona is really simple-minded, can't she see that I'm helping her hide her identity?

Oh!

Hearing this explanation, Huang Hongtao looked stunned, then smiled and said: "It's fate to meet, since your Excellency is also here to investigate, why not join our mercenary group, so that we can take care of it, how?

", The strength of the Bloodthorn Mercenary Group has improved a lot, but with the addition of Fengtao, it will definitely achieve twice the result with half the effort. You must know that it was with Fengtao's leadership that everyone could safely leave the Valley of Death.

Uh....

Facing the invitation, Yue Feng scratched his head and smiled: "I'm afraid this is not very convenient." After speaking, he subconsciously looked at the two Mona.

Huang Hongtao is a smart person, he understood something in an instant, and he laughed: "I'm reckless. Your Excellency is so beautiful, it's really enviable, then we won't bother and say goodbye."

After speaking, Huang Hongtao took the team members with him . leave.

Watching them leave, Yue Feng let out a sigh of relief, then turned back and smiled at Mona: "Okay, let's go on our way."

This chapter is provided by . Visit for daily update.

At this time, Ilona's foot injury was much better, and she came over with Mona. .

"Yue Feng!"

When she got to the front, Ilona couldn't help but wonder: "Why do they call you Fengtao?"

Yue Feng smiled and told what happened back then.

Mona knew that Yue Feng was trapped in Death Valley for three years. At that time, she thought that Yue Feng was dead. At this time, when she heard Yue Feng's narration, she was only a little emotional, but not too emotional.

What?

However, Ilona's delicate body trembled, and her delicate face was full of inconceivable: "You have been in Death Valley alone for three years?"

For so many years, many people have explored the Valley of Death, but very few survived. It is said that there are not only poisonous snakes and beasts, but also highly poisonous everywhere, which will kill you if you are not careful.

And Yue Feng actually stayed in Death Valley for three years.

Simply incredible.

Seeing her shocked look, Yue Feng said with a smile: "How is it? For a hero like me, saying you are my wife just now doesn't count as humiliating you."

Shuh!

Ilona had some admiration at first, but when she heard this, her face flushed, and she said angrily: "Bah, I'm not rude, can you stop being so shameless."

"Just kidding, why are you so serious?" Yue Feng couldn't help muttering.

Ilona snorted softly, then thought of something, and said word by word: "Yue Feng, I warn you, if you encounter the situation just now, don't say that we are your eldest wife and second wife."

"Don't say that. What?" Yue Feng laughed.

Ilona thought for a while: "It can be said to be your relatives or friends."

Hmm...

Hearing this, Yue Feng pretended to think for a while, and then said with a dull face: "If it's such a relationship, how can I take advantage of it..."

"What did you say?"

"No, I'll listen to you. ."

Seeing that the two started bickering again, Mona was helpless and funny.

Unconsciously, the three came to a fork in the road.

On the left is a forest path. On both sides of the path, the forest is dense and deep, and it seems to be full of danger. On the right is a bare dirt road. There are many people walking away.

Seeing this situation, Ilona didn't even think about it: "Go to the right." The road on the right is not dangerous at first sight.

However, Yue Feng shook his head: "No, it's better to take the left."

The road on the right is often walked by people. It seems safe, but for the three of Yue Feng, it is very risky. After all, Mona is the queen of the Rakshasa clan. , in case of encountering the black armored cavalry chasing in, it would be troublesome.

Therefore, to be on the safe side, it is still a forest trail with few people.

How could Ilona consider this? Immediately frowned: "Why?"

The ultimate husband in Chinese chapter 5876

Call!

Yue Feng breathed a sigh of relief and said seriously: "Have you ever heard a sentence? The more dangerous the place, the safer it is?"

"

When the words fell, Ilona insisted on her own opinion and was about to walk to the right, but she was stopped by Mona before she took a few steps.

"Ilona!"

Mona said softly, "Let's listen to Yue Feng." After all, Yue Feng had stayed here for three years and knew the environment here very well, so he would not be wrong.

Seeing the Queen's opening, Ilona no longer insisted, so she had to step back and walk towards the forest path on the left with Yue Feng.

Along the way, Ilona got angry and didn't talk to Yue Feng, which made Yue Feng very funny.

call!

After walking for more than ten minutes, the three of Yue Feng came to a quiet valley. In an instant, the three of them were stunned and amazed.

I can see that in the valley in front of me, the vegetation is lush, and the vegetation is full of colorful flowers, which are as beautiful as a painting.

For a time, Mona and Ilona were in a happy mood.

"It's so beautiful." Ilona couldn't help but sighed.

Mona also breathed a sigh of relief and praised softly: "I didn't expect that there is such a beautiful place in the wild and strange realm, just like the 'Xanadu' that you said in Kyushu."

Yue Feng also had a smile on his face.

This chapter is provided by . Visit for daily update.

"Huh?"

At this moment, Ilona discovered something and shouted with joy: "God, I read it right, there is actually a blood ganoderma here."

As she spoke, Ilona walked quickly to the flower bush in front of her, and pulled out a palm-sized Blood Ganoderma lucidum.

I saw that this Blood Ganoderma lucidum was blood red all over the body, and it was covered with vein-like texture, which was very peculiar.

I'll go, it's really blood ganoderma.

Seeing this blood ganoderma lucidum, Yue Feng was also stunned, secretly surprised.

Of course, Yue Feng knew that blood ganoderma lucidum was a top-quality tonic for practitioners. It was just an ordinary blood ganoderma lucidum, the largest size of which was the size of a thumb, and it was the first time that he had seen one as big as the one in front of him.

Under the shock, Yue Feng tilted his head and smiled at Mona: "It seems that we are lucky."

Although Mona has recovered from her injuries, her strength has not fully recovered. Yue Feng planned to find a safe place after leaving the wild and strange realm. The place to help Mona return to her peak state, but she did not expect to encounter this top-quality blood ganoderma before she went out.

With these blood *Ganoderma lucidum*, Mona can quickly regain her strength.

Ok!

At this time, Mona couldn't say how happy she was, and nodded with a smile.

At this time, Ilona brought the Blood Ganoderma over, and then entered the flowers to look for it. After a few seconds, she exclaimed: "Wow...that's a lot..." The

voice fell, and Ilona pulled out another one. Blood *Ganoderma lucidum* looks even bigger than before.

I go...

At this moment, Yue Feng was completely stunned.

what's going on? Is this into the nest of Xue Lingzhi?

I thought to myself, Yue Feng didn't enter the flower bushes and looked for Xue Lingzhi with Ilona, but looked around the valley in front of him, and found that this place has a special geographical location, the air is humid, and the four seasons are like spring. More importantly, The spiritual energy of heaven and earth is also very abundant, which is very suitable for the growth of blood ganoderma.

This...

Mona's delicate body trembled, completely stupid.

As the queen of the Rakshasa clan, Mona is well-informed and is not unfamiliar with blood ganoderma, but it is the first time she has seen so many blood ganoderma.

In less than five minutes, Ilona picked up more than a dozen blood *ganoderma lucidum*, each of which was huge.

"Ilona!"

However, at this time, Yue Feng discovered something. Seeing that Ilona was still looking for the blood ganoderma, he couldn't help but stop: "Okay, these blood ganoderma lucidum is enough for us, so don't look for it any more. ."

When saying this, Yue Feng's eyes showed a trace of solemnity.

He clearly saw that there were some strange grasses growing next to the pits of the blood ganoderma that Ilona pulled out. After the blood ganoderma was pulled out, these grasses released some light blue gas.

At this time, these gases gathered in the air, vaguely forming a thin mist.

The ultimate husband in Chinese chapter 5877

Yue Feng's eyes are like torches, and he can see at a glance that these mists are highly poisonous, and I am afraid that a deadly miasma will form in a while.

When Yue Feng followed Shennong to study medical theory, he once heard Shennong say that any place where genius treasures are formed, the environment is extremely special.

Just like the valley in front of me, a large amount of blood ganoderma grows, and the inconspicuous grass next to it is highly poisonous. It's just that the smell of blood ganoderma has been suppressing the poison of these grasses, so this place is so peaceful and peaceful.

However, just now, Ilona pulled out most of the blood ganoderma lucidum, which invisibly destroyed the ecological balance here. Without the smell of blood ganoderma lucidum, the poisonous gas contained in these grasses was released.

call!

Hearing Yue Feng's words, Ilona didn't stop, but took a deep breath and said angrily: "Why should I listen to you, these blood ganoderma lucidum, it is hard for ordinary people to come across one in their lifetime, I will collect some more. What's wrong?"
The

voice fell, and Ilona found another Blood Ganoderma lucidum and pulled it out with joy.

Alas...

Seeing that she didn't listen to the persuasion, Yue Feng secretly sighed.

This girl is really young and fearless. When you suffer, you will know that you are wrong.

Thinking to himself, Yue Feng said to Mona, "Let's step back. By the way, don't forget to seal your Qingming acupoint." Sealing the Qingming acupoint will prevent the poison from the respiratory mist.

At this time, Mona didn't know what was going on, but when she heard Yue Feng's words, she sealed the acupoint for the first time.

After sealing the acupoints, Mona couldn't help but ask, "Yue Feng, what's wrong?"

Huh!

Yue Feng took a deep breath, pointed to the slowly condensing mist around him, and said slowly: "So many blood ganoderma lucidum has been pulled out, the ecological balance has been destroyed, and a miasma will form soon."

This chapter is provided by . Visit for daily update.

What?

Hearing this, Mona was stunned for a moment, and then saw the fog in the air in front of her, her face changed suddenly, and she said anxiously at Ilona: "Ilona, don't look for the blood ganoderma anymore, come here quickly. "

What's the matter?"

Ilona stopped when she heard Mona's call, her delicate face was very puzzled: "Why are you so nervous?"

As she spoke, Ilona couldn't help covering her forehead. Before I knew it, I had already inhaled the poison in the mist, and I only felt a little dizzy in my brain.

what's the situation?

Upon realizing this, Ilona was secretly surprised.

Mona said anxiously: "Come here, miasma is about to form around."

Miasma?

Hearing these two words, Ilona trembled.

At this moment, Yue Feng came over with a helpless expression: "Hurry up and seal your Qingming point, and then come out with me, it will be too late." Ilona

pouted: "You are making a mystery again."

Having said that, Ilona was about to seal her Seimei cave, but it was too late. I just felt dizzy. My legs were so weak that I couldn't stand.

Ugh!

Seeing her like this, Yue Feng sighed and came to support her.

“Don't touch me...”

Seeing Yue Feng reaching out her hand, Ilona resisted instinctively, but before she finished speaking, a strange light suddenly flashed in her eyes.

Immediately afterwards, Ilona's delicate body softened and she threw herself into Yue Feng's arms. Her eyes were blank and excited, and she murmured, “Father, is that you?”

Yes, Ilona at this time Because of inhaling too much mist, he had hallucinations and regarded Yue Feng as his father who had been dead for many years.

Father?

Suddenly, he fell into his arms softly. Hearing Ilona's cry, Yue Feng was stunned, but he soon realized that Ilona was hallucinating.

Alas, I reminded you just now that you didn't listen. Don't blame me for making a fool of yourself now.

With this thought in mind, Yue Feng couldn't help reaching out and patted Ilona's cheek: “Ilona, stay awake.”

While speaking, Yue Feng smelled the fragrance from Ilona's body, and felt a little Trance, especially the feeling of being in your arms, is even more difficult to control.

I have to say, this Ilona's figure is really good.

The ultimate husband in Chinese chapter 5878

However, Ilona was so poisoned that she couldn't wake up for a while.

This....

Seeing this scene, Mona's body was shocked, and she asked in surprise: “Yue Feng, what happened to her?”

Yue Feng smiled bitterly and responded: “The poisoning is too deep, and there is hallucination. “

Hearing the answer, Mona sighed secretly, her delicate face showed a hint of complexity, and she was secretly grateful. Fortunately, after listening to Yue Feng's words just now, she walked out of the miasma in time. Otherwise, I would be like Ilona, which would be too embarrassing.

"Ilona!"

At this time, Yue Feng brought Ilona over: "Wake up, I am not your father." As he spoke, he was about to pull Ilona's hand away.

However, Ilona clung to Yue Feng's waist with both hands and refused to let go.

Seeing that the situation was so serious, Mona was very worried: "Yue Feng, what should I do?"

"Don't panic!" Yue Feng

comforted, looked around, and finally settled on the blood ganoderma that Ilona pulled out before. , said: "Give her a mouthful of blood ganoderma."

Since the smell of blood ganoderma can suppress the poison in those grasses, it will definitely solve Ilona's current state.

Ok!

Hearing the order, Mona didn't have time to think, she quickly picked up a blood ganoderma lucidum, cleaned one end, and put it into Ilona's mouth. Ilona's mind was in a state of confusion at this time, and she didn't know what she was doing, so she instinctively took a bite.

Yue Feng guessed right, the blood ganoderma is the nemesis of the poisonous mist, Ilona took a bite, and her whole body trembled, and soon, her mind came to a sense!

"It's all right!" Seeing this situation, Mona was relieved and smiled: "Great, it was really dangerous just now."

"What happened?"

Ilona was confused and just asked. With one sentence, I found myself in Yue Feng's arms, and suddenly my body trembled, and my face was blushing!

"You..." In the next second, Ilona

hurriedly broke free from Yue Feng's embrace: "You bastard, you are taking advantage of me, I will never spare you this time."

More importantly, there is Her Majesty the Queen watching next to him. It's really embarrassing. If this matter spreads out, how will you see people in the future?

The more Ilona thought about it, the more angry she became, she raised her jade hand and hit Yue Feng.

Shit....

Yue Feng reacted very quickly, and quickly dodged aside, not knowing whether to laugh or cry: "You girl, how can you avenge your revenge? I saved your life just now, but you want to beat me."

"Bah!" Yiluo Na Qiao's face flushed and she couldn't help but spat: "Do you think I would believe it?" As she spoke, she was about to catch up.

"Ilona, don't be ridiculous."

Seeing this scene, Mona quickly stopped: "You just inhaled the poison of miasma and had hallucinations..." Then, she explained the situation just now in detail.

This....

Knowing the situation, Ilona's face was flushed, and she couldn't tell the embarrassment.

Did you take the initiative to embrace Yue Feng? Also... still calling him father?

For a time, Ilona could not wait to find a crack to get in.

"Yue Feng!"

A few seconds later, Ilona bit her lip and whispered to Yue Feng: "I'm sorry, I blame you."

Yue Feng smiled and waved his hand carelessly: "It's okay, I'm not that stingy either. , it's getting late, let's hit the road quickly."

After saying that, he put away the blood ganoderma and continued on the road with the two Mona.

.....

On the other side, the Rakshasa clan land.

In the gloomy palace prison, Tie Bowen was tied to an iron pillar, soaking wet and his face pale.

In front of him, IteI was sitting on a chair in a gorgeous robe, with a few ferocious men standing on either side.

Outside the clan before, Tie Bowen couldn't hold it, he passed out and was put in the prison. Just now, IteI ordered someone to wake Tie Bowen with cold water.

"Boy!"

At this time, IteI picked up the sunset bow, brushed his fingers lightly over the back of the bow, and asked slowly, "How to use the power contained in the bow? As long as you tell the truth, I will give you a happy feeling. ."

Got the magic weapon, but didn't know how to use it, and no one could accept it.

The ultimate husband in Chinese chapter 5879

"Hehe!"

Hearing the question, Tie Bowen sneered, his eyes flashing with hostility: "You are a beast like a wealthy wolf, and you still want to be the master of the god bow? I won't tell you even if I die."

Tone Absolutely, without a doubt.

Swish!

Seeing him being so stubborn, IteI's face changed, and his eyes showed a fierce light: "You are stubborn, I see how long you can be stubborn."

Saying that, IteI waved his hand.

A cavalryman who had already prepared by the side, clenched a leather whip, and walked directly to Tie Bowen.

Snapped!

In the next second, the cavalry swung the whip and slapped Tie Bowen fiercely. He heard a crisp sound, Tie Bowen trembled, his skin was ripped open, and blood poured out, dyeing his clothes red.

Tie Bowen gritted his teeth without shouting, and wanted to struggle, but his hands and feet were tightly bound and he couldn't move at all.

“It doesn’t feel good.”

Seeing him like this, Yi Taier’s mouth evoked a hint of teasing: “Speak directly, you don’t have to suffer from these flesh and blood, why bother?”

Phew!

Hearing this, Tie Bowen took a deep breath, gritted his teeth and said, “Ital, you don’t have to waste your time, you can kill me if you have the ability.

” To kill his father’s enemy, there is no compromise in his heart.

“Okay, very good!”

At this moment, Yitai was so angry that he said coldly: “Hit me until he softens.”

“Yes, General!”

Hearing the order, the cavalry complied, and then waved the whip again at Tie Bowen.

Clap clap clap clap clap clap...

a clear and continuous sound, in this deep prison, it seems extremely harsh, making people feel frightened.

In the blink of an eye, Tie Bowen didn’t have a good spot on his body, he was like a bloody man, his eyes were blood red, but he never shouted.

Seeing that it was almost over, Itair raised his hand to signal to stop, and said coldly, “Boy, I’ll give you one last chance, why not talk?”

At this time, Itaire was very annoyed.

Mad, if it wasn’t for the way to use the divine bow, why would you waste time here?

However, this Tie Bowen is indeed Timur’s son. He is too bloody. Being beaten like this, he still gritted his teeth and refused to reveal a word.

call!

At this time, Tie Bowen felt the whiplash all over his body, his whole body was trembling, and his spirit was extremely lethargic, but when he heard Itail’s words, his eyes glowed with cruelty: “Ital, you will die worse than me. 100 times, 10,000 times...”

“Mad!”

Hearing this, Itel was completely furious, stood up all of a sudden, and shouted angrily: “Ignite, punish!” The

voice fell, and a cavalry took The torch came over and quickly ignited the kerosene on the side. He saw that one end of the iron pillar on Tie Bowen’s back was in the kerosene. At this time, the kerosene was ignited, and the iron pillar soon burned red.

Ah....

in an instant, Tie Bowen let out a shrill scream, the whole back was bloody, and the whole person passed out again.

“General!”

Seeing this situation, the execution cavalry walked up quickly and asked carefully, “Do you want to throw him awake again?”

Itel took a deep breath and didn’t answer immediately. A powder keg, he never imagined that Tie Bowen had such a tough personality that he would rather die than say it.

Finally, after more than ten seconds, Itel coldly said: “Take care of him, don’t let him die.”

After saying this, Itel clenched the sunset bow and strode away, seriously, Itel I really wanted to kill Tie Bowen, but when he died, he would never know how to use the divine bow.

If it doesn’t work, think of other ways.

Soon, several cavalymen also walked out of the prison one after another.

Time passed by minute by minute.

“Huh...”

In the blink of an eye, it was late at night, and the night wind blew into the stone prison through the crack of the door. Tie Bowen shivered and woke up faintly.

Are you dead?

The moment he opened his eyes, Tie Bowen muttered secretly, but seeing that he was still in the prison, he was suddenly desperate. He knew in his heart that Itel didn’t hit his goal and would definitely torture himself endlessly.

In this case, it's better to just die.

The ultimate husband in Chinese chapter 5880

Thinking of this, Tie Bowen is ready to commit suicide. But his hands and feet were tied to iron pillars, and he couldn't move at all.

Are you going to be tortured to death by Itel?

For a time, Tie Bowen's heart was ashes, but when he thought of Nalan Wushuang, there was still a smile on his weak face.

Although I was in a desperate situation, fortunately, Miss Jiu was fine.

It's a pity that I can't see you again in this life.

Squeak...

Just when Tie Bowen was thinking about it, he heard a slight footstep outside. After a while, the prison door was opened with a gap, and a slender figure walked in quickly.

Seeing the person coming, Tie Bowen was surprised and delighted, thinking that he was hallucinating.

It is Nalan Wushuang.

When Nalan Wushuang woke up during the day, he disguised himself, mixed into the clan to inquire around, and finally found out that Tie Bowen was locked in the palace prison, so he came over at night.

"Nine girls!" After

being stunned for a second, Tie Bowen said in a hoarse voice: "Am I dreaming? Is it really you?"

Nalan Wushuang didn't answer, but looked at him quietly, his heart trembling. . After being separated for most of the day, Tie Bowen became inhuman and ghostly, and his body was covered in blood, especially those shocking whiplashes, which broke Nalan Wushuang's heart.

Wow...

Finally, Nalan Wushuang couldn't help crying, threw himself into Tie Bowen's arms and hugged him tightly: "I finally found you, do you know how anxious I am."

This chapter is provided by . Visit for daily update.

Nalan Lan Wushuang was in a hurry at first, and was also afraid that something would happen to Tie Bowen. At this time, seeing him tortured like this, he felt heartbroken.

“Don’t cry!”

Feeling Nalan Wushuang’s sadness, Tie Bowen felt warm in his heart. At that time, he squeezed out a smile and comforted weakly: “I’m fine, don’t you think I’m fine?”

Hearing this, Na Lan Wushuang felt even more distressed. Looking at the scars on Tie Bowen’s body, his heart trembled.

“That bastard, Ital, I will smash him to pieces.” In the

next second, Nalan Wushuang bit his lip tightly and said coldly, then slowly untied Tie Bowen’s rope: “You big Fool, why did you knock me out? Do you know how worried I am about you?”

Phew!

Tie Bowen took a deep breath and said with a smile, “It is better for one person to die than both.”

“Damn!”

Nalan Wu’s eyes were red: “I don’t allow you to die, you have to give me a good life. If you hear me, don’t forget, and you have to help me recover my memory.”

When he said this, Nalan Wushuang’s tone was full of reproach, but his eyes were full of tenderness.

Ok!

Tie Bowen nodded, weakly speechless at this time, but there was still a smile on his face.

It’s worth it to have such a confidante in a lifetime.

“Don’t be smirking.”

Seeing that he could still laugh at this time, Nalan Wushuang said angrily, and then took out the healing medicine pill from his body: “This is the medicine pill I bought in Heishui Town before, take it quickly. .”

After speaking, he fed it into Tie Bowen’s mouth.

After taking the medicine pill, Tie Bowen immediately felt that the pain in his body was relieved a lot, and then he quickly left the prison with the help of Nalan Wushuang.

call!

Arriving outside the prison, Tie Bowen saw several guards of cavalry outside the gate, all collapsed in a pool of blood, with no breath. Obviously, Nalan Wushuang killed them when he lurked.

It stands to reason that Tie Bowen should be glad to see this scene, but at this time, he has a bad premonition.

In the next second, Tie Bowen asked Nalan Wushuang, "Miss Jiu, when you came just now, were there only a few people outside the prison?" The palace prison was heavily guarded, but there were only so many people. It was really abnormal. .

"That's right!"

Nalan Wushuang at this time just wanted to take Tie Bowen away as soon as possible, and didn't have time to think about anything else, he nodded and said: "Just a few of them, their strength is very poor, I killed them easily. "

Speaking, Nalan Wushuang frowned lightly: "What time is it, you still ask this." It's broken.

Hearing the answer, Tie Bowen's face changed, he looked around vigilantly, and said in a low voice, "I'm afraid we can't get out, Yi Taier is insidious and cunning, he won't make such a low-level mistake."
