

The ultimate husband in Chinese chapter 5881-5890

Call!

Hearing this, Nalan Wushuang's delicate body was shocked, and he couldn't help taking a deep breath, and his delicate face also showed a bit of solemnity.

Yes... There are only a few people guarding this palace near the prison, which is really suspicious.

"Don't think about it so much."

Soon, Nalan Wushuang reacted: "Whether they have ambush or not, I will definitely take you out." After the last word fell, Nalan Wushuang took Tie Bowen's hand and moved towards the left. Run to the side road.

It has to be said that the area of this palace is really too big. It may take some time to get out of here safely.

Swish!

After running for a few minutes, when approaching the west gate of the palace, Nalan Wushuang suddenly jolted and stopped.

At this time, Nalan Wushuang could clearly feel that a powerful fluctuation of internal force permeated the air. The gate in front of him seemed to be unguarded, but it gave people a feeling of danger.

At the same time, Tie Bowen couldn't help his heart beat faster.

Oops!

The next second, after the two looked around, they looked in the direction of the gate again, and their expressions changed.

I saw that in the shadow beside the gate, a person slowly walked out.

By the moonlight, I saw him wearing black armor, standing there as steady as a mountain, holding a giant bow in his hand, who else would it be if it wasn't Ite!

That's right...

The defense around the prison is weak, which was deliberately arranged by Ite!

During the day, Itair forced a confession to Tie Bowen's words and deeds, but Tie Bowenning was unyielding, which made Itail very annoyed. Considering that Nalan Wushuang had been missing, he guessed that this woman would definitely do everything possible to rescue her. Iron Bowen.

Therefore, Itel deliberately tore off most of the guards around the prison, and then led Nalan Wushuang to appear.

Oops!

Seeing Yi Taier, Tie Bowen couldn't hide his resentment, and at the same time, he was also anxious.

Sure enough, there are traps.

At the same time, Nalan Wushuang was also indescribably nervous, but his delicate face was full of firmness, and he secretly clenched his long sword.

No matter what tonight, we must rescue Tie Bowen.

"Haha..."

At this moment, Ital stepped forward slowly, first looking at Nalan Wushuang, then at Tie Bowen, with a hint of abuse at the corner of his mouth, "Boy, are you desperate? Speaking of which, I didn't expect that this girl would come to save your dead dog so quickly."

When he said this, Itel had a smile on his face, giving people a very sinister feeling.

Phew..

Hearing the mockery, Tie Bowen took a deep breath and didn't respond.

Nalan Wushuang was extremely angry, he clenched his long sword, stepped forward, and shouted: "Ital, you despicable and shameless person, you have harmed his family, and now you have to cut the grass and roots, you will not die. "

Although Nalan Wushuang didn't know the specifics, when he inquired about Tie Bowen's whereabouts before, he also heard a lot of rumors, saying that Itel was fighting for power and took the opportunity to get rid of Tiemur.

"Tsk tsk..."

Hearing Nalan Wushuang's scolding, Itel's smile froze on his face, and a strong killing intent flashed in his eyes: "Stinky girl, what are you? You dare to curse me?"

Om!

The last word fell, and I-tai's whole body exploded with power, and the whole person drew an afterimage in the night, and punched Nalan Wushuang with a ruthless punch!

Wow...

At the same time, nearly a hundred black-armored cavalymen ambushing on both sides also rushed out at this time and surrounded Tie Bowen.

What a great speed!

Feeling the speed of I-tai's lightning fast, Nalan Wushuang bit his lip tightly, and was secretly shocked, but he still held the long sword tightly and attacked.

"Bang!" In the

blink of an eye, the figures of the two sides collided in mid-air, only to hear a vibration, Nalan Wushuang let out a coquettish cry, and the whole person was directly shaken out.

After flying for dozens of meters, Nalan Wushuang fell on the bluestone ground, his delicate face was pale and pale.

"Nine girls!"

Seeing this scene, Tie Bowen's voice was hoarse. He wanted to rush over, but was intercepted by the black armored cavalry. His eyes were red at that time: "How are you?"

"I'm fine.." Nalan Wushuang shook He shook his head, then stood up slowly, his eyes fixed on I-tai.

The ultimate husband in Chinese chapter 5882

"Hehe..."

Yi Taier stood there, looking at Nalan Wushuang up and down, and then said to Tie Bowen playfully: "You kid is really beautiful, this girl from Kyushu is really She looks so beautiful and unparalleled. It's a pity.... It's going to die soon."

Saying that, I-tai stroked the sunset bow and continued: "If you don't want your confidante to die here, just use the divine bow. Tell me the best way. This is the last chance." I

didn't kill the killer just now, I just wanted to use Nalan Wushuang to blackmail Tie Bowen.

Mad!

Hearing this, Tie Bowen clenched his fists and was furious.

This Itail is really despicable to the extreme. He even used the nine girls to threaten me....

Just in anger, seeing Nalan Wushuang's weak appearance, Tie Bowen hesitated in his heart, why don't he tell Itail the way Well, Miss Jiu saved her life twice, she can't just watch her die here.

Thinking to herself, Tie Bowen took a deep breath and looked at Yi Taier and said, "What do you say counts?"

"Of course it counts!" Yi Tai Er smiled.

call!

Tie Bowen took a deep breath and was about to say it. Just before he spoke, he was interrupted by Nalan Wushuang.

"Don't say it."

Nalan Wushuang bit his lip tightly, his delicate face, unable to hide his anxiety, shouted at Tie Bowen: "Don't be stupid, even if you say it out, he will not be stupid. I'll let me go."

Said, Nalan Wushuang looked at Itair closely: "Despicable villain, go to hell!" The voice fell, Nalan Wushuang walked lightly, and his long sword drew a cold light, and quickly stabbed at itel.

Whoa!

Seeing this situation, the surrounding black armored cavalry will rush up.

However, Itel waved his hand, with a bit of abusive expression on his face: "You all step back, this girl from Kyushu can't hurt me."

Swords have no eyes, if these men are not careful If you kill Nalan Wushuang, then tonight's deployment will be in vain.

Ital decided that he would torture Nalan Wushuang in front of Tie Bowen. When that time comes, he will definitely tell how to use the divine bow.

Hearing the order, the black armored cavalry immediately retreated.

Ital didn't talk nonsense, the figure erupted and greeted Nalan Wushuang.

Bang Bang Bang...

In the blink of an eye, the two sides fought fiercely in mid-air.

Although Nalan Wushuang was not weak, he was facing the first warrior of the Rakshasa clan at this time. After only a few rounds, he was suppressed and could not fight back.

boom!

Soon, Ital found an opportunity and slapped Nalan Wushuang on the back with a slap. Hearing her grunt, her tender body stepped back again and again, a mouthful of blood spurted out, and her breath was instantly wilted.

"Hehe!" Yi Taier was very proud of his success, and said to Tie Bowen: "Your confidante can't stand it anymore, what are you going to say?"

"Worried, he said hoarsely, "Hurry up, I'll tell you!" If Miss Jiu had any problems, even if she died, she wouldn't feel at ease.

Just as soon as the words fell, Nalan Wushuang hurriedly interrupted: "Don't say it. Big man, you forgot your father and family. How did you die? If you say it, you are not a man."

"I..."

Hearing this, Tie Bowen felt as if he had been hit by a giant hammer, and then his eyes flashed with determination, and he said to Nalan Wushuang: "Ninth girl, you are right, I can't say it, and I won't even say it to Nalan Wushuang. The enemy bows his head."

Nalan Wushuang's weak face showed a smile: "This is the big man I know."

"Very good!"

Seeing this scene, Yi Taier's face was ashen, looking at Tie Bowen and said coldly: "Since you are courting death, then I will fulfill you, first kill your confidante, and then slowly torture you to death." The

voice fell, Yi Taier burst out, and slapped Nalan Wushuang with a fierce palm!

Nalan Wushuang looked at this palm, getting closer and closer. The smile on his face showed a bit of despair... The

opponent's speed was too fast, and he couldn't avoid it at all!

In despair, Nalan Wushuang smiled softly at Tie Bowen: "Big man, I'll take a step first."

"No!"

At this moment, Tie Bowen's eyes were blood red and his voice was completely hoarse. He could clearly feel that Nalan Wushuang was very weak at this time, and if he was slapped again, he would definitely die.

The ultimate husband in Chinese chapter 5883

No, nine girls can't die.

While howling, Tie Bowen didn't know where the strength came from, he rushed out of the siege of many black armored cavalry, and hugged Nalan Wushuang tightly.

"Bang!"

At this moment, Yi Taier's palm hit Tie Bowen's back heavily. Hearing a dull sound, Tie Bowen's body shook violently, a mouthful of blood spurted out, and his whole body fell softly on Nalan Wushuang's body.

"Big man!"

Nalan Wushuang's delicate body trembled and tears welled up.

"Nine girls, you.... you must live!" Tie Bowen used all his strength and said slowly to Nalan Wushuang: "When I lead Itaire to my side, you will take the opportunity to rush out, and you must I have to rush out."

Tie Bowen thought about it, and pretended to compromise later, attracting Itaire to his side, and giving Nalan Wushuang time to break through.

"No!"

Nalan Wushuang shook his head desperately, tears kept falling: "I won't go... Without you by my side, I'm meaningless alone, why are you so stupid, you want to help me block that palm, why... ."

When he said this, Nalan Wushuang's voice was choked and his heart was cut like a knife.

At this time, Nalan Wushuang could clearly sense that Tie Bowen's breath was getting weaker and weaker.

"I..."

Tie Bowen leaned against Nalan Wushuang's arms, listened to her rebuke, showed a weak smile, and said in a low voice: "I...I like you...how can I say so? Warriors of the Rakshasa tribe, how can you see your beloved woman in a desperate situation and ignore it?"

"It's a pity... I'm so useless, I couldn't protect you in the end..."

This chapter is provided by . Visit for daily update.

Before the last word was finished, Tie Bowen slowly closed his eyes and took his last breath.

hum!

Seeing that Tie Bowen was out of breath, Nalan Wushuang's delicate body was shocked, and his mind was instantly blank.

After being stunned for a few seconds, Nalan Wushuang finally realized, hugged Tie Bowen tightly, and burst into tears: "Big man, don't scare me, wake up, wake up..." In the

grief, countless pictures flashed from Nalan Wushuang's mind, and his memory suddenly recovered, remembering his identity, the young lady of the Nalan family. At the same time, the bits and pieces of what I have experienced with Tie

Bowen in the past few days are constantly showing in my mind...

"Brother Bowen!"

Shout out this intimate title: "I don't allow you to die, please open your eyes and look at me, in fact, I like you too.... You wake up.... wake up..."

Cry to the end, Nalan Wushuang's voice became smaller and smaller, as if he had been exhausted.

"Haha!"

At this moment, IteI came over with a sneer on his face: "Don't be so sad, I'll send you down and reunite with this kid." After speaking, the whole person flew up and slapped Naruto with a palm. Lan Wushuang patted it overhead.

call!

Feeling the power of Itair's palm, Nalan Wushuang's sad face did not fluctuate at all, then he hugged Tie Bowen tightly and closed his eyes.

The current situation is completely doomed, and there is no room for resistance at all.

But fortunately, there is no regret in dying with Brother Bowen.

"Buzz!"

Thinking like this in my heart, Nalan Wushuang was going to quietly wait for his death, but suddenly, a light flashed in his mind, and Nalan Wushuang suddenly realized something.

"Ital, you killed the big man, I want you to die." The

next second, Nalan Wushuang suddenly opened his eyes, and spit out a few cold words from her mouth.

hum!

When the last word fell, Nalan Wushuang gently placed Tie Bowen on the ground, and his delicate body rose up and flew into the air. All the inner strength of Dantian burst out and merged into the long sword in his hand.

All the internal strength was integrated into the long sword. At this time, Nalan Wushuang was like an ordinary person, but the killing intent flashed in his eyes, which was frightening.

"Huh? What's the situation?"

"What is she going to do..."

In an instant, many black-armored cavalymen around looked at Nalan Wushuang closely, and they were all in shock.

Ital was also stunned for a moment, and then smiled contemptuously: "What? You still want revenge, do you have the strength?"

However, Nalan Wushuang didn't seem to hear his words, her delicate body was suspended in the air, and her eyes flashed strangely. Finally, the crisp and cold words came out of Nalan Wushuang's mouth and echoed over the entire palace.

The ultimate husband in Chinese chapter 5884

“Tian Yu Jian Jue!”

At the moment when the four words fell, Nalan Wushuang’s jade hand suddenly raised, and the long sword pointed to the sky.

hum!

In an instant, the sky that was originally full of moon and stars was suddenly covered with dark clouds. At the same time, hurricanes blew up in the entire palace, and the sky was dark and the moon and stars were dark.

“Hiss!”

Then, in the hurricanes, illusory sword shadows quickly condensed out. These sword shadows were all transformed from the aura of the surrounding heaven and earth.

One after another illusory sword shadows gathered around Nalan Wushuang.

The Heavenly Imperial Sword Art is a secret book in the Nalan family’s library that has been sealed for nearly a thousand years. Because it is too mysterious and esoteric, no one in the Nalan family has practiced it for many years.

Nalan Wushuang has a stubborn personality, especially when he was a child, he was naughty and playful. He had sneaked into the library more than once, and she had read the Heavenly Sword Technique countless times. Later, the formula of the secret book has been Nalan Wushuang’s back was thoroughly cooked, but he still couldn’t comprehend the meaning.

Just now, Nalan Wushuang watched Tie Bowen’s tragic death with his own eyes, and he was almost unable to breathe. What you understand becomes clear at once.

At the same time, the Heavenly Sword Art, which had been sealed in her mind for many years, was instantly understood by her.

The Heavenly Imperial Sword Art can use the spiritual energy of heaven and earth for one’s own use, and its power is extraordinary.

“Chi la chi la...”

At this time, I saw that under the raging of thousands of sword shadows around, the surrounding ground was split into cracks.

goo...

This chapter is provided by . Visit for daily update.

Seeing this situation, those black armored cavalymen who were still in doubt changed their expressions greatly, and they couldn't help but gasp for air, and then retreated subconsciously.

"Ital, go to hell!" At this moment, Nalan Wushuang's pretty face

was full of icy coldness, and with a coquettish cry, thousands of sword shadows, like a curtain of rain, whistled towards Ital.

What?

Ital was shocked. This sword shadow in the sky had no hiding place at all. At that time, there was nowhere to dodge. He could only use his internal strength to deploy a protective film in front of him.

Boom boom boom!

In the blink of an eye, sword shadows slammed into the protective film one after another, terrifying energy swept the audience, and the entire palace was shrouded in dust.

A few seconds later, the dust and smoke gradually dissipated, and Ital's protective film shattered and dissipated, and he collapsed to the ground, like a bloody man, his body was covered with countless sword marks, which was extremely miserable.

This....

Seeing this scene, the surrounding black armored cavalry were stunned, unable to calm down for a long time.

This... this Kyushu woman, she obviously doesn't have much internal strength, yet she can turn the situation around.

If you don't see it with your own eyes, who can believe it?

"General!"

"General!"

Finally, after being stunned for a few seconds, the black-armored cavalymen responded one by one, shouting one after another, rushing up to check on Ital's situation.

Mad!

Itel shook his head, indicating that he could not die. He felt the pain coming from his body, and he couldn't tell the fire in his heart. He also did not expect that Nalan Wushuang could burst out such terrifying stunts in such a weak state.

Ok?

Annoyed, Itel struggled to stand up, and it was at this time that he was surprised to find that the sunset bow, which was dyed red by his own blood, was faintly surging with a power.

Ital quickly held the sunset bow tightly, and sensed that the power surging in the sunset bow seemed to be connected to his own blood.

Haha...

Yitel is a smart person, he understood something in an instant, and immediately laughed: "So it is, so it is." It turns out that mixing his own blood into the divine bow can awaken the powerful power inside.

In the past, Tie Bowen used this method to display the power of the divine bow, but just now Tie Bowen died and his blood was integrated into the divine bow, so he was naturally called the second master of the divine bow.

Seeing Itel suddenly burst out laughing, the surrounding black-armored cavalry all looked at each other, not knowing why.

call!

Not far away, Nalan Wushuang's delicate face was extremely pale, and he was very weak when he used the Heavenly Imperial Sword Art just now.

The ultimate husband in Chinese chapter 5885

Seeing everyone in Yitai at this time, they didn't pay attention to this side. Nalan Wushuang took the opportunity to pick up Tie Bowen and quickly rushed out of the palace gate. In the blink of an eye, he disappeared into the night.

To be honest, Nalan Wushuang really wanted to rush to make up for the knife and kill Itail completely.

It was just that one move, the Heavenly Sword Art, which exhausted all his internal strength, and itail had so many men by his side, and if he rushed up, he would die in vain.

Nalan Wushuang decided to live first, and only by living can he avenge Tie Bowen.

Moreover, Nalan Wushuang did not believe that Tie Bowen died like this.

“Where’s the person?”

Not long after he left, ITEL recovered from his excitement, glanced here, and his face changed greatly.

Ma De... This Kyushu woman is quite capable, but she escaped with Tie Bowen’s body.

In anger, ITEL roared: “Follow me.”

“Yes, General!”

Hearing the order, the black armored cavalry present responded one after another, and then rushed out of the palace gate, heading in the direction Nalan Wushuang fled. chase.

...

the other side!

Yue Feng and Mona, Ilona, finally came to a hillside after several hours of trekking.

call!

This chapter is provided by . Visit for daily update.

When they got to the hillside, Yue Feng looked around and smiled: “After this hillside, we’ve stepped out of the wild and strange realm, and we can rest for a while.” That’s great.

Hearing this, Mona and Ilona both smiled, indescribably excited and excited.

Finally got out.

“Come on!”

After sitting down on the hillside, Yue Feng took out the blood ganoderma lucidum collected before, and distributed it to Mona and Ilona: “These blood ganoderma lucidum will restore your inner strength, remember, once You can only take half a root, don’t eat too much.” The

two of Mona nodded, took the blood ganoderma lucidum, and ate half a root according to Yue Feng’s instructions.

“Yue Feng!” After taking the blood ganoderma

, what Mona thought, and said to Yue Feng: “Why don’t you keep a single one?”

Yue Feng smiled: “I don’t need this to restore my strength.”

Although it is rare, it is of no use to Yue Feng at all. You must know that he has a primordial spirit, and he can’t use these heavenly and earthly treasures in Kyushu at all.

Hearing this, Mona frowned and asked.

“Ow!”

However, at this moment, in the woods not far away, the howling of wolves suddenly came.

At this moment, the three of Yue Feng were all taken aback, and looked at them almost simultaneously.

I saw that in the woods below the hillside, there were dozens of wind spirit wolves gathered there, each with fierce eyes, staring at the three of Yue Feng.

Obviously, the three of Yue Feng broke into their territory.

In the face of this situation, Mona and Ilona are both nervous. They have just taken the blood ganoderma and have not yet integrated their powers. Under such circumstances, there are so many wind spirit wolves to deal with?

call!

However, Yue Feng breathed a sigh of relief, with a calm expression on his face.

The next second, Yue Feng cleared his throat and let out a howl at the group of wind spirit wolves.

Swish!

In an instant, Mona and Ilona were startled.

“Yue Feng!” Ilona couldn’t help but said, “Are you crazy?” With so many wind spirit wolves, it was too late to avoid, Yue Feng even took the initiative to provoke them.

Seeing her complaining, Yue Feng smiled and said easily: “Don’t be nervous, I just communicated with them in animal language, so that they don’t hurt us.”

Beast language?

Hearing this, Ilona was stunned for a moment, only to think it was ridiculous: “What nonsense are you talking about? What animal language?” In the Rakshasa tribe, there have been no animal masters since ancient times, so I don’t even know that there are still animals in the world. There is the stunt of animal language.

However, just after she finished speaking, when Ilona looked at the woods below the hillside again, her body trembled and she was completely dumbfounded.

I saw that the wind spirit wolves who were originally eyeing them, retreated into the depths of the woods one by one, and disappeared in the blink of an eye, as if they had never appeared.

This... turned out to be really useful.

At this moment, Mona also looked at Yue Feng in surprise, her delicate face couldn’t hide her admiration.

As expected of the hero of Jiuzhou that he has always admired, just relying on this howl, let the wolves retreat, this kind of ability, I am afraid that few people in the entire Jiuzhou can do it.

The ultimate husband in Chinese chapter 5886

“Yue Feng!”

At this moment, Ilona reacted and looked at Yue Feng with complex eyes: “The voice you shouted just now is really animal language?”

When asked, Ilona On his delicate face, he couldn’t hide his curiosity.

“Of course!” Yue Feng smiled and nodded in response: “Is this still fake?”

“Then...”

Ilona bit her lip lightly, very embarrassed, and whispered: “Then Can you teach me?” The voice was very soft, and there was a bit of anticipation in his eyes.

Having said that, Ilona has been suffering under Yue Feng’s hands all this time, and she is about to hate him to death, but then again, this animal language is really amazing.

Although Ilona is a daughter, she is very adventurous. Before she was called a female general, she wanted to go to the wild and strange realm to explore, but she put it on hold for various reasons.

More importantly, there are so many poisonous insects and beasts in the wild and strange realm, Ilona always has some concerns. If she learns the animal language, she will not be afraid to explore the wild and strange realm by herself in the future.

What?

Hearing this, Yue Feng was stunned, thinking that he had heard it wrong.

What does Ilona say? Want to learn animal language? What a joke, this stunt cannot be learned in a day or two.

Thinking to himself, Yue Feng shook his head: "I'm not interested in accepting apprentices."

Gone's whereabouts have not yet been found, and the grievances between the Wudang faction and the Nalan family have not been completely determined. So many things are waiting for him to investigate. , deal, how can there be time to teach the disciples.

"Yue Feng!"

This chapter is provided by . Visit [for](#) daily update.

Seeing his refusal without hesitation, Ilona suddenly became anxious, she stamped her feet, hugged Yue Feng's arm, and shook it gently: "Don't be like this, I really want to learn, so just accept it. Is it okay for me to be a disciple?"

At this time, Ilona's voice was soft, as if she was coquettish, and she completely lost her cold and arrogant attitude.

If there were Rakshasa cavalymen present at this time, they would definitely be shocked to see this scene.

You must know that Ilona, as the sister of the general, and the only female general of the Rakshasa clan, is always aloof, and in her eyes, any man is not worth a slap. At this time, he acted like a spoiled child in front of Yue Feng.

Uh...

Facing Ilona's plea, Yue Feng scratched his head and hesitated.

At the same time, the feeling that Ilona was clinging to him also made Yue Feng's heart shake. With such a hot body, who can resist this kind of request.

It's just... I really don't have time.

Seeing that Yue Feng still refused to agree, Ilona was completely anxious, bit her lip lightly and said, "Yue Feng, you can teach me, I promise, I will never go against you again, what you say is what it is, Are you alright?"

At the same time, Mona couldn't help laughing: "Yue Feng, you promise her, and teach me by the way, this animal language is really interesting."

"Okay!"

See Meng Na said, Yue Feng had no choice but to nod: "Before returning to the palace, I will teach you when I have time." That's

great.

Seeing that Yue Feng finally agreed, Ilona was very excited and cheered. Then, according to the etiquette of the Rakshasa clan, she bowed to Yue Feng and said with a smile: "The disciple pays respects to the master."

Speaking of which, Ilona didn't have a good impression of Yue Feng at first, but she has gradually realized that Yue Feng's title of Hero of Kyushu is not in vain after contact in the past few days.

This man knows everything, and there is almost nothing he can't do. Under such circumstances, Ilona's view of Yue Feng has quietly changed.

At this time, seeing Yue Feng's promise to teach the animal language, Ilona was naturally willing to apprentice.

"Don't!"

However, at this moment, Yue Feng quickly waved his hand, looked at Ilona and smiled bitterly: "I can pass on your animal language, but you don't need to be a teacher."

This Ilona acted recklessly, she really wanted to do it Her master, won't she often help her clean up the mess in the future?

What's more, I promised to teach Mona just now. If I accept this girl as a disciple, won't Mona also follow me to apprentice? After all, Mona is the queen of the Rakshasa clan, so this is very inappropriate.

"Okay then!"

Seeing Yue Feng say this, Ilona didn't insist anymore, nodded and said, "If you don't want to be a teacher, you have to give it all."

The ultimate husband in Chinese chapter 5887

Haha...

Hearing this, Yue Feng couldn't help laughing.

This Ilona is so interesting that I am afraid that I will hide it.

Thinking of this, Yue Feng smiled and said: "Don't worry, since I promised to teach you, I will definitely teach you."

Sha Sha...

As he was talking, he heard footsteps on the path under the hillside. Then, the figures of more than a dozen big men appeared in sight.

I saw that these big men were holding long knives one by one, and their bodies were filled with the breath of practitioners.

It is worth noting that this group of people's clothes are embroidered with a skull logo.

This... this is the rogue near the wild and strange realm?

Seeing this scene, Mona's delicate face suddenly became solemn.

Over the years, countless spiritual beasts and treasures in the wild and strange realm have attracted many practitioners to explore, and even spawned special expedition teams and mercenary groups, which also contributed to the rise of Heishui Town, but at the same time, there are also some illegal An active paradise.

There was a special group of people who robbed the expedition team from the wild and strange realm near the wild and strange realm. They robbed others of the treasures they had worked so hard to exchange for their lives, and they did all kinds of evil.

Especially two years ago, these rogues were very rampant, and their activity range even radiated to the clan of the Dao Rakshasa. At that time, Mona was very angry and sent troops to clear it more than once.

However, the whereabouts of these rogues are uncertain, coupled with the complex environment in the wild and strange areas, as long as the army of the Rakshasa tribe comes to clear up, these rogues will hide in the deep mountains and forests, which makes Mona very headache. Therefore, over the past few years, from These rogues have not been completely eliminated.

The biggest feature of these rogues is that they carry the logo of the skull.

This chapter is provided by . Visit for daily update.

At this time, Mona never thought that the three of them finally came out of the wild and strange realm, and they encountered the notorious rogue.

“Yue Feng!”

At this time, Mona took a deep breath and whispered to Yue Feng: “Be careful, these people are rogues who specialize in looting the expedition team.”

When she spoke, Mona’s face was calm, but her heart is a little nervous.

You must know that these rogues are all very strong. Otherwise, they will not be rampant here for a few years, and they cannot be eradicated. More importantly, Yue Feng’s strength has not fully recovered. He and Ilona have just taken Xue Lingzhi. It also takes time to integrate.

In this case, confronting these rogues in front of you is completely asking for trouble.

Rogue?

Hearing Mona’s words, Yue Feng frowned secretly.

Mona is right, these people are the rogues nearby.

There are several gangs of rogues circulating in the wild and strange area, and the one in front of them is the strongest one. At this time, a burly man walking at the front looked like an iron tower from a distance. He was the leader of the bandits, Han Shan.

This...is this a rogue nearby?

At the same time, seeing the other party getting closer, Ilona was also shocked, and her delicate face was full of vigilance.

As the only female general of the Rakshasa clan, Ilona has stopped the cavalry more than once in the past two years to encircle and suppress these rogues, but with little success. Every time she catches small rogues, she seldom uproots these rogues. .

It is precisely because of these rogues that Ilona knows very well how powerful these people are.

I just didn’t expect that I and Yue Feng would encounter each other as soon as they came out of the wild and strange realm.

“Huh? There are three people!”

“Haha, it seems that we are lucky. As soon as we came out of the stockade, there is a business.”

At this time, Han Shan and his gang found Yue Feng three, and they couldn't hide their excitement. They were talking and laughing, and they quickly gathered around, as if in their eyes, the three people in front of them were the meat on the chopping board, and they could be slaughtered at will.

“Hey!”

Soon, Han Shan walked up to him and looked at the three of Yue Feng up and down, his tone was extremely arrogant: “Today you are unlucky, you met us, and you got some good things in it, hand them all over. Huh?”

Halfway through, Han Shan's eyes lit up when he saw Mona and Ilona.

The ultimate husband in Chinese chapter 5888

Swish!

At the same time, the other accomplices around, their eyes kept wandering back and forth on Mona and Ilona, and their eyes were all straight.

These two women are so beautiful, one is glamorous and noble, the other is sexy and charming, and they are really different when they stand together.

These bastards!

Aware of the gazes of everyone in Han Shan, Mona's face flushed red and she was very angry.

Ilona's body trembled even more, with her delicate face, anger and disgust that could not be concealed, and said coldly: “Blind your dog's eyes, I tell you, this is the queen of our Rakshasa clan, you If you dare to offend, you will die without a place to be buried.”

Seriously, Ilona didn't want to reveal her identity, but the three of them had already walked out of the wild and strange realm, and she no longer had to worry about meeting other people.

More importantly, these rogues are very afraid of the Rakshasa clan. As long as they reveal the identity of Queen Mona, they will definitely be able to shock the opponent.

At this moment, neither Yue Feng nor Mona spoke, but quietly watched each other's reaction.

What? The Queen of the Rakshasa?

Hearing Ilona's words, Han Shan's expression was startled.

At the same time, the surrounding companions also looked at each other and froze in place.

“Tsk tsk...”

Finally, Han Shan took the lead in reacting, looking at Mona up and down, his tone full of ridicule: “Oh, I’m still curious, which expedition team recruited newcomers with such a special temperament, and it took me a long time to do so. , It turned out to be the queen of the Rakshasa clan.”

Saying that, Han Shan’s eyes flashed with wickedness, and he said with a smile: “I heard that the queen of the Rakshasa is not only cold and beautiful, but also extremely sexy, but she has never had the opportunity to see her true face. Ah. However, you are a high-ranking queen in the Rakshasa clan, and when you arrive at our site, hehe... everything has to obey my arrangement.” The

voice fell, and the surrounding companions also pointed at Mona, arrogantly and arrogantly. discuss.

“I’ll go, Queen...”

“I have to say, it’s so beautiful. If I can marry and go home, it’s worth dying.”

“Forget it... This kind of beauty is only worthy of Boss Han. .”

The discussions of many rogues kept coming, Mona was so angry, her delicate body trembled.

This gang of rogues really deserves to be damned, to even talk about me like this, to say such unbearable words...

In anger, Mona glared at Han Shan and shouted: “Bold rogues, you are doing bad things, and you are full of evil, I will give you a chance now. I will make you pay a painful price.”

“Haha!”

Hearing this, Han Shan and the others not only did not restrain themselves, but laughed loudly one by one, their eyes full of contempt. and proud.

Immediately, Han Shan touched the beard on his chin, smiled at Mona and said, “Oh, the sexy queen is angry, I’m really nervous.”

Han Shan said with a twist: "The queen is all It was ordered, I should have obeyed. Speaking of which, I am tired of living a life of licking blood for the past few years, but there are conditions for me to abandon evil and follow good."

When he said this, Han Shan With a serious face, his eyes kept looking at Mona up and down.

call!

Han Shan's gaze made Mona very unhappy, but she still took a deep breath and said coldly, "What conditions?"

"Of course it's your beautiful queen, be my woman. Haha..." Han Shan laughed, his expression extremely arrogant.

boom!

In an instant, the accomplices around also laughed.

"You are presumptuous!"

Ilona's face changed, she was furious, and she shouted: "Dare to blaspheme me, have you thought about the consequences?"

These rogues are really hateful, they are the queen of the dignified Rakshasa clan, they are so teasing.

"Hey!"

Feeling Mona's anger, Han Shan didn't panic at all, and said slowly: "I advise you to let go of this arrogant attitude. If you have the ability to destroy us, you did it a few years ago, and you won't. It will drag on until now."

"Also, your dignified queen is in such a situation, what can you do to me?"

At the

end of the chapter, Han Shan narrowed his eyes slightly, looked at Mona and continued: "Speaking of which, it's also fate that we can meet here, I think you still accept your fate, and being my woman is better than It's better to live outside, and sleep in the wind."

As the leader of this gang of rogues, Han Shan is very well informed. He received the news two days ago that the queen of the Rakshasa was captured by the remnants of the Heavenly Dao Society, and her whereabouts are unknown.

Because of this, the entire Rakshasa clan was in chaos. However, IteI, who was temporarily in power, did not try his best to track down the queen's whereabouts, but took the opportunity to eradicate dissidents. This made Han Shan realize that the disappearance of the queen was not the work of the remnants of the Tiandao Society, but most likely the mutiny launched by the general IteI.

Guessing this, Han Shan is no longer worried.

Without the support and support of the Rakshasa cavalry, this queen is no threat to herself, and as for the man and woman beside her, she doesn't even have to pay attention.

In Han Shan's heart, Yue Feng and Ilona were only the guards by the Queen's side, and they didn't need to be taken seriously.

"You're courting death!"

Seeing that Han Shan was getting more and more presumptuous, Mona was furious, her red lips parted slightly, and she uttered a few words coldly.

"Hey!"

Han Shan smiled: "If you can get such a beautiful Rakshasa queen, even if it is courting death, I will accept it. Brothers, don't be stunned. Please invite the queen back to the stockade, remember, don't let it hurt."

Alright!

Hearing this, the surrounding companions complied one after another, then quickly gathered around, took out the rope, and prepared to tie Mona.

Looking at the many rogues around, Mona was anxious and angry.

Yue Feng also frowned secretly.

I really didn't expect that, after a few years, the situation in this wild and strange realm has become more and more complicated, and this gang of scumbags has been born.

"Stop..."

At this time, Ilona was also extremely frightened and furious, her delicate body dodged in front of Mona, and shouted at the rogue in front of her: "Dare to be rude to the Queen, I think you are really tired of living. "The

last word fell, and Ilona drew out her silver machete.

However, she had just taken the blood ganoderma lucidum and had not yet fully integrated her power. Although she was holding a machete at this time, in the eyes of everyone in Han Shan, she did not have the slightest deterrent effect.

"Oh?"

Han Shan looked up and down Ilona, his face full of abuse, he laughed and said: "This beauty is so excited, does it mean that she also wants to be my woman, don't worry, the queen is the wife, you are the concubine , Let's have a bridal chamber tonight, haha..."
The

voice fell, and the surrounding accomplices laughed again.

Swish!

At this moment, Ilona was so ashamed and angry that she couldn't bear it any longer. She was about to rush up holding the silver machete, but she was soon stopped by Yue Feng.

"Don't panic!" Yue Feng grabbed Ilona and shook his head: "Let me solve it."

Seeing his confident face, Ilona had to endure her anger temporarily.

Ok?

Han Shan and the others focused their attention on Yue Feng.

In the next second, Han Shan looked at Yue Feng lightly, and said disdainfully, "Boy, get out of the way, I'm in a good mood today and don't want to kill people."

"Haha!"

Feeling Han Shan's arrogance, Yue Feng smiled lightly. : "But a gang of rabble, it's really lawless, hurry to kneel down to the queen to apologize, otherwise you will be at your own risk!"

When he said this, Yue Feng's face was cold and unquestionable.

What?

As soon as the words fell, Han Shan and his accomplices were stunned for a moment, thinking that they had heard it wrong.

Is there something wrong with this kid? He wants us to kneel down to apologize to the Queen, can't he see the situation clearly?

"Yue Feng."

At the same time, Mona was also inexplicably nervous, and whispered to Yue Feng: "Do you want to deal with them alone? Your strength has not fully recovered, don't be impulsive."

The queen who has been for so many years, Mona acted calmly. Although the situation in front of her was calm, she had to be calm. After all, the three of them had not fully recovered their strength. If they really wanted to fight, there was almost no chance of winning.

Yue Feng smiled slightly: "Don't worry, just leave these people to me."

Seeing him say that, Mona nodded, but she was still worried.

"Boy!"

At this moment, Han Shan reacted and glared at Yue Feng: "Boy, what did you just say?"

At the same time, the surrounding accomplices also glared at Yue Feng.

Yue Feng said lightly: "I said that you are just a bunch of rabble, bullying the poor queen. You are not ashamed of yourself, I will be ashamed for you."

After saying that, Yue Feng looked around and continued: "In this way, I and I You fight one game, you win, and the three of us can do whatever you want. If you lose, you have to obey my orders, how about that?" The

words were loud.

What?

Hearing these words, Han Shan and his companions were stunned again.

A few seconds later, Han Shan seemed to have heard a joke in the world and laughed loudly: "I heard it right, this kid wants to fight us? Haha..."

Haha...

The voice fell, and the surrounding accomplices also all He laughed and laughed at Yue Feng at the same time. "Boy, are you okay

with your brain?"

"Fight us? Do you have the strength?"

"That is, to deal with you, we don't need our boss Han to take action at all."

He didn't get angry at all, but looked at Han Shan quietly: "How is it?"

"Okay!" The corner of Han Shan's mouth evoked a trace of contempt: "How do you want to fight?"

Huh!

Yue Feng breathed a sigh of relief, and said with a leisurely face: "Whatever you want, you can go together, but before we start, I also need to find some helpers."

Helpers?

Hearing this, Han Shan was stunned and looked around subconsciously. The mountains are high and the forests are dense here. Apart from these people, who else is there?

Does this kid really have a problem with his brain and keeps talking nonsense?

At the same time, the companions behind him also frowned secretly, only to feel that the Yue Feng in front of him was a little abnormal.

On the other hand, Mona and Ilona frowned, and vaguely guessed Yue Feng's intention in their minds.

He wouldn't be thinking...

At this moment, Han Shan was too lazy to talk nonsense, and said to Yue Feng with a smirk: "The kid is very interesting, well, I see what help you can find."

Hehe...

Yue Feng He smiled lightly, took a deep breath, and then raised his head and let out a whimper.

Yes, Yue Feng used the animal language to send a signal for help to the group of wind spirit wolves who had retreated into the depths of the woods. Because Yue Feng noticed just now that the group of wind spirit wolves did not go far at all, but hid in the woods and kept observing the situation here.

Ok?

Seeing Yue Feng's horn sounding like a beast, Han Shan and his accomplices were stunned for a moment, and then they couldn't help laughing.

"Haha..."

"Does this kid learn how to bark?"

"Boss Han, have we met a fool? Haha, this brain is really abnormal."

Han Shan's group was laughing when suddenly, I don't know who found what, pointing to the woods below the mountain, with a trembling tone: "My mother, look at it..."

Shuh!

Hearing this, Han Shan and the others turned their heads to look, and when they saw it, they all gasped.

I saw that in the dense forest below the mountain, one after another gray-white silhouette, like a gust of wind, whistled, and carefully identified, it was nearly a hundred wind spirit wolves.

So many wind spirit wolves, gathered together, is really shocking.

This.... what's the situation?

Especially Han Shan, who only felt his brain buzzing, and suddenly went blank.

Just now this kid said he wanted to ask for help. Could it be that the helpers he said were these wind spirit wolves? Just howling, it attracted so much, how did he do it?

"Ow..."

Just when Han Shan was in shock, nearly a hundred wind spirit wolves had already rushed to the front, let out a howl that shocked the soul, and rushed up directly.

"Quick!"

In the face of this situation, Han Shan broke out in cold sweat, and immediately shouted: "Quickly meet the enemy and form a defense." They have been operating in

the wild and strange realm, and they are very familiar with the environment here. How terrifying the spirit wolf is.

You must know that the individual strength of the wind spirit wolf is not very strong, but this kind of spirit beast has a very group consciousness.

And the wind spirit wolves in front of them are not a few, but nearly a hundred.

Buzz buzzing..

Hearing this, the surrounding accomplices reacted and exploded their inner strength, and cooperated with Han Shan to fight with these wind spirit wolves.
