

## The ultimate husband in Chinese chapter 5891-5900

Seeing this situation, Yue Feng showed a smile, and then greeted the two of Mona to step aside, quietly watching the situation change.

Speaking of which, Han Shan's group is not low in strength. It is difficult to get rid of them just by relying on these wind spirit wolves, but it can also consume their strength.

Yue Feng thought about it, and when he finds a suitable opportunity, he will raid Hanshan.

As long as Han Shan died, the rest of the crowd would be headless, and there would be chaos.

.....

On the other side, the Rakshasa!

In the palace hall, Itel sat there, drinking cup after cup, feeling very dull.

Thousands of cavalry under his command pursued for a day and a night, and finally let Nalan Wushuang run away completely, which made Itel very angry. Although he already knew how to mobilize the power of the Shengong, he let a Kyushu woman from It's too embarrassing to run away under your own eyes.

More importantly, Yue Feng and Mona have not heard any news.

That night, after the three Yue Feng left with the help of the teleportation array, it seemed as if they had disappeared from the world. If there is news, you can still make a strategy to deal with it, but Yue Feng has no news of the three, which is the most tormenting.

Prince Aotian sat opposite Itel.

At this time, seeing that Itel had been drinking boring wine, Prince Aotian did not dissuade him, and his handsome and cold face also showed a bit of irritability.

Ma De, it has been three days and there is still no news from the three Yue Feng.

"Report!"

At this moment, a palace guard walked in quickly, first gave a respectful salute, and said, "A man from Kyushu said that he has something important to meet with Sect Master Ye."

This chapter is provided by . Visit for daily update.

Looking for me?

Prince Aotian was stunned for a moment, and then looked at Yi Taier.

The next second, Itel waved his hand: "Bring people in."

In Itel's heart, because of the help of Prince Aotian, he was able to control the situation during this time. The relationship between the two parties can be said to be intimate.

"Yes!" Upon hearing the order, the guard responded and turned around and walked out of the hall.

After a while, the guard returned, followed by a man.

When he got to the front, the man was respectful: "Chen San, I have seen the general, the head of Ye." The voice fell, Chen San took a step forward, took out a letter from his body, and handed it to Prince Aotian.

"There is a letter here, and I have to give it to Sect Master Ye."

After handing over the letter, Chen San stepped aside with a respectful expression.

letter?

At this moment, Prince Aotian was holding the letter, and he was very puzzled: "Who asked you to send the letter?" Chen San, who is not familiar with him, how could he suddenly send a letter to him?

Aware of Prince Aotian's doubts, Chen San smiled slightly and said politely, "Master Ye will know after reading the letter."

Phew!

Seeing him say this, Prince Aotian breathed a sigh of relief, and didn't ask any more questions. He immediately opened the letter and saw a few words written on it: Quickly return to Kyushu, there are important things to discuss.

There is no inscription at the bottom of the envelope, only a special symbol.

It was written by the Supreme Being of the Demon Race...

Seeing the symbol, Prince Aotian suddenly realized that this symbol was unknown to others, but he knew very well that it was the symbol of the Demon Race.

"General!"

Soon, Prince Aotian put away the letter, stood up and said to Itel: "It seems that I need to return to Kyushu. There can't be any slack in things here, let alone Yue Feng."

Having said this, Prince Aotian thought for a while, and repeatedly warned: "As soon as there is news about Yue Feng, send someone to inform me immediately, and I will come quickly."

Although he did not know what was the matter with Gone's sudden letter, but Ao The Prince of Heaven knew in his heart that under normal circumstances, the Supreme Being of the Demon Race would not send someone to send him a letter. So, you must go back as soon as possible.

It's just the situation here, Prince Aotian is still a little worried. After all, this Itel is too conceited, and he can easily screw things up without himself watching.

"Haha!"

Facing Prince Aotian's repeated instructions, Itair smiled slightly and waved his hand: "Since the head of Ye is in a hurry, go back first, don't worry about it here."

When he said this, Itel's face Full of confidence.

I have already made the Sunset Bow recognize the master. With such a weapon, even if Yue Feng brings Mona back, he is confident enough to capture them all.

## **The ultimate husband in Chinese chapter 5892**

Seeing his confident face, Prince Aotian was very helpless: "Yue Feng is very cunning, you must not underestimate the enemy."

"Master Ye, don't worry." Ital nodded. He promised, but in his heart he felt that Prince Aotian was too cautious. Although Yue Feng was powerful, he definitely couldn't stop the power of the Sunset Bow.

However, Prince Aotian was very worried, and after a few words, he set off for Kyushu.

.....

On the other side, the border of the wild and strange realm.

Bang Bang Bang...

On the hillside, the fierce battle between Han Shan and others and nearly a hundred wind spirit wolves continued.

The two sides have been fighting here for more than half an hour.

During this more than half an hour, under the command of the alpha wolf, the pack of wolves advanced and retreated in a controlled manner, both offensive and defensive, using fangs and claws, as well as unique skills, to cause a lot of damage to Han Shan and others.

I saw that many of Han Shan's accomplices were covered in scars, and the blood sprayed out dyed the entire hillside blood red.

Mad!

Faced with this situation, Han Shan was extremely frightened.

As the most powerful group of rogues, Han Shan has led his subordinates over the past few years, killing people and looting treasures.

At this time, Han Shan was also covered in blood. From head to toe, there was no intact place. There were wounds bitten by the wind spirit wolf everywhere, like a bloody man.

In front of him, the leading alpha wolf, as well as more than a dozen wind spirit wolves, continued to attack.

This chapter is provided by . Visit for daily update.

"A bunch of evil beasts!"

Han Shan roared angrily, his eyes blood red: "If you don't want to die, just get out of the way." He clearly saw that half of his subordinates had already fallen into a pool of blood, and the dead were worse than the others.

"Ow!"

However, Han Shan's roar did not scare away these wind spirit wolves. On the contrary, the head wolf let out a howl, and more wind spirit wolves rushed towards Han Shan.

Stab it!

Soon, a wind spirit wolf rushed up from behind, slapped Han Shan's back with its sharp claws, and tore off a piece of meat. Immediately blood sprayed.

When the pain came, Han Shan stumbled and his face was pale, but he still managed to hold on and did not fall down.

"Ouch, ooh..."

However, at this moment, more wind spirit wolves rushed up and directly surrounded Han Shan. At this time, Han Shan had no strength at all, and in just a few breaths, he was torn to shreds.

“Boss Han!”

“Boss...”

Seeing this scene, the faces of those rogues who were still struggling to support on the battlefield changed greatly, and they couldn't help exclaiming.

At the same time, panic spread in their hearts.

The boss is dead, and if you continue to fight, you will lose your life in vain.

“Run, run...” In the

panic, someone shouted, and suddenly, the remaining rogues, like bereaved dogs, fled around.

However, the ferocity of these wind spirit wolves has been stimulated, how could it be possible for them to run away, only to hear a howl from the head wolf, and the wolves swarmed up, drowning these fleeing rogues.

“what...”

In less than half a minute, with a scream, the last rogue was locked by Feng Linglang and swallowed his last breath.

Phew...

Seeing such a tragic scene, whether it was Mona or Ilona, their bodies were trembling and their faces were pale. Heart is also secretly happy.

The combat power that nearly a hundred heads erupted is really terrifying. Fortunately, I am not their enemy.

At the same time, Yue Feng nodded in admiration.

As expected of the Feng Linglang with the strongest team consciousness in the spirit beast world, he thought that the two sides would lose both sides in the fight, but he never thought that Han Shan's group would be wiped out in such a short time.

“Ouch!”

Just when Yue Feng was sighing inwardly, he saw the wolf howling, and then came quickly with a group of wolves, surrounding Yue Feng and the three of them.

Faced with this situation, Mona and Ilona were so nervous that their hearts jumped to their throats.

Immediately afterwards, Mona said nervously at Yue Feng: "What are they going to do? They don't want to kill us too."

Phew!

Yue Feng breathed a sigh of relief, smiled and comforted: "Don't panic, there is me."  
After

speaking, Yue Feng turned around and quietly looked at the wolves.

## **The ultimate husband in Chinese chapter 5893**

At this moment, Alpha Wolf took a few steps forward slowly, in the language of the wolf clan, he asked Yue Feng, "Why do you know our language?" Hearing Yue Feng's call for help, Alpha Wolf asked Very surprised, but still rushed over with the wolves.

At this time, after solving the enemy, the alpha wolf was very curious, so he couldn't help but ask Yue Feng.

"I know a little animal language." Facing the question, Yue Feng used animal language and replied lightly: "Naturally I can communicate with you."

Then, Yue Feng looked at the bodies of Han Shan and others not far away, and pointed The head wolf said gratefully, "Thank you a lot just now. These people are all evil, and you can be regarded as contributing to the peace of this area."

After saying this, Yue Feng will greet Mona and the two to leave.

However, the wolves surrounding them did not have the slightest intention of retreating. They stood in the way and looked at Yue Feng and the other three.

Done!

Seeing this, Mona and Ilona couldn't help trembling.

Yue Feng also frowned secretly, continued to use the animal language, and asked the alpha wolf, "What do you mean?"

The alpha wolf's eyes locked on Yue Feng, flashing bloodthirsty light: "You humans, these years, in the wild and strange You want to slaughter the realm, I don't know how many spirit beasts died in your hands, all of them deserve to die."

"Especially people like you who can speak animal language are more dangerous to us, so I won't let you leave alive."

Ow...Ow...

the last sentence fell, and the surrounding Fengling wolves all bowed and let out a low growl, ready to go.

What the hell!

Facing this scene, Yue Feng was also stunned, but he didn't feel nervous at all, he chuckled and said to the head wolf with a beast language: "I advise you not to think about fighting with me, otherwise, your entire group will have The catastrophe."

This chapter is provided by . Visit for daily update.

Although he spoke the language of the beast, it was loud and unquestionable.

Phew...

At this time, seeing the atmosphere getting more and more tense, Ilona couldn't help but say, "Yue Feng, what are you talking about?" The atmosphere in front of her made Ilona tense.

Yue Feng looked relaxed and comfortable, and responded, "It's nothing, I'm warning them, don't try to think of us in vain."

Warning?

Hearing this, Ilona became even more nervous.

This group of wind spirit wolves just killed a group of powerful rogues. Your Yue Feng's strength has not fully recovered, so you dare to warn them, isn't this courting death?

At the same time, Mona couldn't help but nervously said: "Yue Feng, you can speak animal language, you must communicate with them well, don't provoke them."

Seeing that they were all very nervous, Yue Feng smiled slightly.

"What did you say?"

At this moment, the wolf reacted, his eyes flickering with a hint of coldness: "If you start with you, there will be a disaster? You are scaring me!"

Haha!

Yue Feng laughed lightly, and was too lazy to talk nonsense at the time, and took out something from his body: "I'm not talking nonsense with you, you should have heard of this thing, it's something of the Shenlong family."

Yes, Yue Feng took it out, It was the jade card that Xiandi gave him back then, which symbolized Yue Feng's honorable status in the Dragon Clan.

In an instant, seeing the jade card, the wolf was stunned.

It can be clearly seen that the jade plaque is engraved with exquisite dragon-shaped patterns, not only that, but also contains a powerful dragon breath.

After a few seconds, the wolf gradually calmed down and said tentatively: "You are..."

Yue Feng said lightly: "I am the Dragon Lord of the Shenlong Clan."

Pfft!

As soon as the words fell, the wolf trembled and squatted on the ground: "It turned out to be Your Excellency Long Zun, I was offended just now." When he said this, the wolf completely lost the imposing aura he had just now, and lay there, Like a docile kitten.

Putong putong...

At the same time, all the other wind spirit wolves around were also crawling on the ground, with fear flashing in their eyes.

Like the alpha wolf, these wind spirit wolves also thought that the person in front of them only knew a little animal language, but they never thought that with such a big background, it turned out to be the Dragon Lord of the Shenlong family.

Speaking of which, the wind spirit wolf has a strong ability to unite and is famous in the spirit beast world, but in the face of divine beasts, it can only be slaughtered.

## **The ultimate husband in Chinese chapter 5894**

Hmm!

Yue Feng nodded with satisfaction, and said to the alpha wolf: "Those who don't know are innocent, it's alright, let's go."

“Yes, thank you Lord Longzun.

” Greeting the other wind spirit wolves, returning to the woods under the hillside, and walking away cleanly in the blink of an eye.

This...

Seeing this scene, whether it's Mona or Ilona, their bodies are trembling, and they can't help but stay there for a long time.

what's the situation? He was still arrogant just now, why did Yue Feng scare these Feng Ling wolves to their knees after saying a few words?

“Yue Feng!”

After a few seconds, Ilona took the lead in reacting, looking at the jade card in Yue Feng's hand curiously: “What did you say to these wind spirit wolves just now? Also, what is this?”

Yue Feng scratched his head and said lightly: “It's nothing, I just told them that I am the Dragon Lord of the Shenlong family. If they dare to offend, they will be wiped out.”

What?

Hearing this, Ilona was stunned, completely dumbfounded.

The Dragon Lord of the Shenlong Clan?

Before she could continue to ask, Yue Feng stepped aside, checked the wreckage of Han Shan and others, found some medicinal pills to restore internal strength, and distributed them to Mona.

“It seems that we are lucky.” Yue Feng said with a smile: “With these pills, you will be able to integrate the power of blood ganoderma faster.”

“Let's find a place to rest first, and then return to the palace to find Yi Tyre settles the account.”

Hmm!

Hearing this, Mona and Ilona nodded.

.....the

other side.

There is an abandoned temple on a mountain dozens of miles northwest of the Wudang School.

After several hours of flying, Prince Aotian finally arrived at the gate of the temple. In the letter Gone wrote to him, the meeting place was this broken temple.

call!

Landing at the entrance of the temple, Prince Aotian breathed a sigh of relief, looking at the deserted interior and overgrown with weeds.

When he was about to reach the main hall, he saw a person standing quietly at the door. Although the aura is restrained, it gives a feeling of breathlessness.

It was Gogne.

Hearing the movement, Gone slowly turned his head and saw Prince Aotian, and suddenly showed a meaningful smile: "You are here."

Prince Aotian nodded, looked around, and was sure there was no one else before he spoke. : "You are so eager to let me return to Kyushu, what is the important thing?"  
Gone didn't answer directly, but instead asked: "What is the harvest of the

Rakshasa clan this time?"

Complicated: "I heard that Yue Feng also went to the Rakshasa clan, have you met?"

Huh!

Seeing him mention Yue Feng, Prince Aotian took a deep breath, and a sigh of anger suddenly rose in his heart: "I met it, and I also carefully deployed a trap, but unfortunately, I let him run away in the end.

", Prince Aotian told the general situation.

After listening to Prince Aotian's narration, Gone's face did not fluctuate at all, and said lightly: "Yue Feng is not only cunning, but also has good luck. Your defeat this time is also expected."

"Ma De!"

Prince Aotian kept his anger at bay the more he thought about it: "Let me catch Yue Feng, and he will not survive or die."

Gone smiled slightly: "Let's talk about Yue Feng, let's get down to business. One month after that, I'm going to marry Nalan happily, and the Nalan family has sent invitations to all the sects on the rivers and lakes."

What?

Hearing this, Prince Aotian was shocked, and the whole person was stunned.

You heard it right.

The dignified Demon Race Supreme, actually married a human woman?

Although Nalan Xinran is a well-known beauty in the arena, but compared with Gone's identity, it is a hundred and eight thousand miles away.

"Haha..."

Finally, Prince Aotian was stunned for a few seconds, before he couldn't help laughing: "Interesting, really interesting, I really didn't expect that the dignified Demon Race Supreme would have a day of moving people's hearts."

Hearing his ridicule, Gone didn't get angry at all, but said seriously: "Marriage is just a formality, you should know what I'm going to do."

## **The ultimate husband in Chinese chapter 5895**

Call!

Hearing this, Prince Aotian took a deep breath, turned his head quickly, and said slowly: "Do you want to deal with the major sects on the day of marriage?"

"Not bad!"

With a hint of deep cold: "At that time, the two sworn brothers of Tianmen and Yue Feng will also be present. At that time, you and I will join forces to catch them all, and then set up an ambush until Yue Feng shows up..."

"Okay.!"

Prince Aotian showed a smile and couldn't hide his excitement: "This is a good way. Just do as you said."

When saying this, Prince Aotian's eyes flashed coldly.

Yue Feng, do you think the Rakshasa clan escaped from my ambush once and for all? The good show is yet to come...

.....

Nalan family.

The weather is nice and sunny today.

The Nalan family's manor is even more lively. Whether it is the family's disciples or the servants, they are busy.

A month later, Nalan Xinran and Gogne's big wedding day, so naturally, they need to clean up.

Whoa!

Just then, there was a commotion at the gate of the manor.

This chapter is provided by . Visit for daily update.

"Miss Wushuang?"

"Oh my God, it's really Miss Wushuang."

Everyone exclaimed, and they saw a carriage coming quickly outside the gate. The driver was Nalan Wushuang, and inside the carriage, lying quietly With a burly figure.

At this time, Nalan Wushuang was sweating profusely, and his delicate face couldn't hide the tiredness.

One day ago, after escaping from the palace, Nalan Wushuang took Tie Bowen away from the Rakshasa clan. After entering Kyushu, he grabbed a carriage and rushed to the Nalan family without stopping.

Soon, at the gate, Nalan Wushuang quickly jumped out of the carriage, greeted everyone to carry Tie Bowen down, and then quickly rushed to the hall.

"Grandpa, grandpa!"

Before reaching the hall, Nalan Wushuang couldn't help shouting.

Hearing the movement, Nalan Hongzheng, Nalan Xinran and many other people rushed to the hall one after another.

"Wushuang is back?"

"Wushuang, I'm relieved to see that you are all right."

“Where have you been during this time?”

Facing everyone’s inquiries, Nalan Wushuang didn’t have time to answer, and walked quickly to the front of Nalan Hong. , I was almost crying in a hurry: “Grandpa, save people quickly, you must save Brother Bowen...”

Nalan Wushuang at this time was full of anticipation.

Grandpa is the patriarch. He is not only powerful, but also has some attainments in medical skills. There must be a way to save Tie Bowen.

Brother Bowen?

At this moment, everyone was stunned for a moment, and then they also found Tie Bowen placed on the ground at the door.

“Wushuang, who is this?”

Nalan was the first to react quickly, walked over slowly, looked at Tie Bowen’s situation, and frowned, “He’s already dead.

” Nalan was pleased and helpless.

This niece is so ridiculous. She has been missing for so long. It’s fine if she doesn’t give any news to her family. Now she has brought back a dead person.

At the same time, other people also gathered around and opened their mouths after seeing it.

“Yeah, this person is already dead.”

“How do you get a dead person back?”

“Wushuang? Are you alright?” During the

discussion, Nalan Wushuang’s eyes looked complicated.

Nalan Hongzheng, who has always been stern, frowned secretly, and his heart was secretly angry: “Wushuang, who is this person?” “

His name is Tie Bowen.”

What happened to me for a while, I quickly said it.

At the end, Nalan Wushuang bent his legs and knelt down at Nalan Hongzheng: “Grandpa, please, please save him, he is not dead, he will not die.”

While pleading, Nalan Wushuang Tears could not stop flowing.

Facing his granddaughter's plea, Nalanhong's face became more and more ugly, and he frowned and scolded: "Naughty."

Then, Nalanhong pointed to the outside: "You girl, you are really disappointing me more and more. Now, you are still so willful, your aunt is going to get married in a month, you don't say a word of congratulations when you come back, and you ask me to save a dead person?"

## **The ultimate husband in Chinese chapter 5896**

"Grandpa..."

Hearing this, Nalan Wushuang cried even more and kept kowtow: "I was wrong, I used to be ignorant, and I always made you angry, I will definitely change it. Qianfei, I beg you, you must find a way to save him."

Alas!

Seeing her like this, Nalanhong had a complicated expression on his face, and then sighed deeply.

At the same time, everyone around them looked at each other in dismay.

Is this still the unruly and willful Wushuang from before? For a foreign man, he actually gave up all his dignity at this time.

At this moment, Nalan Xinran couldn't stand it anymore. He walked up and gently pulled Nalan Hongzheng: "Father, if you don't, think of a way to see if this person can be saved."

When he said this, Nalan looked at the maid in front of her with pleasure, her eyes full of distress.

This girl, Wushuang, although she was arrogant and self-willed since childhood, is also a hard worker. Her mother died when she was very young, and her father became disabled. As a result, just as an adult, her father, Nalan Zhenyi, was murdered again and again...

In Nalan In Xinran's heart, although the two are aunts and nephews, since Nalan Zhen died, they have regarded Nalan Wushuang as their own daughters. Seeing her so sad at this time, how can she still stay calm?

"Yeah!"

Nalan Hong nodded when he saw his daughter speak, and then walked slowly to Tie Bowen. After checking the injury, he couldn't help being surprised.

The inner strength is exhausted, and the body is full of scars...

What the hell is going on?

Under the shock in his heart, Nalan Hongzheng shook his head: "This kid has lost his breath and is not saved at all."

This chapter is provided by . Visit for daily update.

What?

Nalan Wushuang was originally full of expectations. Hearing this, it was as if the whole person had fallen into the ice cellar.

call!

At this time, Nalan Hong was taking a deep breath and asked solemnly: "Wushuang, who is this person?"

"He... he is from the Rakshasa clan." Nalan Wushuang couldn't hide his sadness, Tell Tie Bowen's life experience.

Knowing the situation, Nalan Hongzheng pondered for a while, and said slowly: "You can't be resurrected from the dead. Since he saved your life several times, bury him in the Houshan cemetery."

The Houshan cemetery of the manor is Nalan In a family-owned place, only his own clansmen are qualified to be buried there. Nalan Hong is making such a decision, which is already very kind.

Whoa!

The moment the words fell, several family disciples came over and were about to carry Tie Bowen down.

"No!"

At this moment, Nalan Wushuang suddenly shouted, threw himself on Tie Bowen, and defended him: "None of you should touch him, Brother Bowen is not dead, he will not die.

" At that time, Nalan Wushuang was extremely sad, his eyes flashed with madness, and he had lost his mind.

“Presumptuous!”

Seeing this situation, Nalan Hong was very angry and shouted: “Are you still making a fool of yourself? Come on, pull her down and put her in the secret room.” Nalan Hong was very angry

at this time . Annoyed, this girl is really getting more and more outrageous. I said just now that the Bang man is helpless this time, and she still refuses to forgive her.

Hearing the order, several family disciples came over to pull Nalan Wushuang away.

“Wait!”

At this moment, Nalan Xinran walked over quickly and stopped several disciples.

Immediately, Nalan happily said to Nalan Hong: “Father, you all go to rest, leave this to me.” The voice was soft, but convincing.

Ok!

Nalan Hong was just nodding, but he was too lazy to talk nonsense at the time, so he greeted everyone and walked out of the hall quickly.

“Wushuang!”

As soon as everyone left, Nalan squatted down slowly and comforted Nalan Wushuang softly: “Your mood, my aunt can understand, but it’s not the way for you to go on like this.”

“That’s it, There is a cold jade stone in the secret room where my aunt is practicing, let’s put him there, but we can temporarily keep his body from rot, and then let’s find a way, okay?”

At this moment, Nalan Wushuang gradually calmed down and heard Auntie suggestion, and nodded immediately.

A few minutes later, under Nalan’s delightful arrangement, Tie Bowen was placed on the cold jade bed in the secret room. Nalan Wushuang watched for a long time before slowly walking out of the secret room.

## **The ultimate husband in Chinese chapter 5897**

Outside the secret room, the sun is shining and the wind is sunny, but Nalan Wushuang’s heart is cold.

Brother Bowen!

Nalan Wushuang glanced back at the secret room, bit his lip tightly, and swore in his heart.

No matter what, I want to save you, I must save you.

.....

On the other side, the Rakshasa.

In the palace hall, various leaders gathered here. Just now, Itel sent an invitation to discuss important matters.

I saw that Itel was wearing black armor, standing beside the throne, with a solemn expression, giving him an oppressive aura.

call!

Seeing that all the leaders had arrived, Itel took a deep breath and said solemnly: "Everyone is here, then let's start. In the past few days, I have sent black armored cavalry to search everywhere, but there is still no whereabouts of the queen. Speaking of

this, Yitai looked around: "There is a saying in Kyushu, 'A country cannot live without a ruler for a day', and I called everyone here to hear your opinions."

After saying this, Yitai Er looked at the leader standing at the front.

This leader, Airl, has been secretly subdued by Itel.

Whoa!

Hearing this, the various leaders in the hall suddenly burst into an uproar and began to discuss.

This chapter is provided by . Visit for daily update.

"There's been no news for such a long time. Could it be that something happened to the queen..."

"Alas, the abominable Heavenly Dao Society."

"The general is right. The queen is not here. Our Rakshasa clan is a mess. We need to quickly elect a new king."

The discussion of the leaders came. Itel stood there, his face did not fluctuate at all, but his heart was indescribably excited and excited. Today is the right time, and he will be able to successfully ascend the throne.

Thinking to himself, Itel gave Airl a wink.

“Everyone!”

When he got the hint, Airuo understood and immediately came out and said to everyone: “I don’t think we have anything to hesitate. Looking at the entire Rakshasa clan, the general has great military exploits, and has both ability and political integrity. Only he is qualified to be called For the new Rakshasa King.” The

voice fell, and Airl knelt down to Itel in public, and said loudly: “Airl, see the new king.”

This...

Seeing this scene, the other leaders present were all stunned.

As we all know, Yi Taier has outstanding military exploits, and he also has a very high talent in leading the army to fight, but ruling the entire Rakshasa clan is completely different from his leadership.

However, after hesitating, there were still several leaders who knelt down and shouted in unison.

“See the new king!”

The remaining leaders looked at each other and hesitated.

call!

Seeing this scene, Itel was very unhappy, but he didn’t show it on his face. Instead, he looked at the leaders who didn’t kneel and said lightly: “If you have any opinions, or have other candidates, you can put them forward.”

Hearing this, the standing leaders looked at each other and responded.

boom!

However, at this time, I heard a roar from outside the hall, and several black armored cavalry guards at the entrance of the hall were directly knocked out, and after landing, they fell unconscious one by one.

Then, three figures slowly walked in.

One man and two women, the man is handsome and cold, and the two women are also sexy and charming, with a good aura.

It is Yue Feng and Mona, Ilona.

Whoa!

Seeing the appearance of Mona, the entire hall exploded in an instant, and all the leaders were surprised and surrounded them all at once.

“The Queen is back!”

“It’s really great to see that the Queen is fine.”

“God bless my Rakshasa...”

The joy and excitement of the leaders kept coming, but Itel’s face changed. , shocked.

Mad, how did the three of them show up?

Under the shock, Itel quickly reacted. At that time, his eyes turned and he immediately thought of paying attention. He pointed at Yue Feng and shouted: “Dabut Yue Feng, you colluded with the Heavenly Dao Society and kidnapped the queen, and now you dare to show up?”

” At the same time, Itel raised his hand and waved.

Whoa!

Immediately, the black armored cavalymen who had been ambushing around the hall for a long time rushed up and surrounded the three of Yue Feng. Speaking of which, Itel had ambushed so many cavalry around, originally to deal with the various leaders, as long as anyone did not support him, he would be executed on the spot.

Unexpectedly, the three of Yue Feng would suddenly appear.

## **The ultimate husband in Chinese chapter 5898**

Swish!

At this moment, the eyes of all the leaders at the scene were also focused on Yue Feng, and they were all shocked and angry.

Yue Feng colluded with the Heavenly Dao Society?

Ha ha!

In the face of this situation, Yue Feng did not panic at all, with a smile on his face looking at Itel and said: "Itel, I, Yue Feng, have been walking around the world for so many years, and I have encountered shameless people, but you are neither shameless nor shameless. , and shameless, this is the first time I have met."

After speaking, Yue Feng looked around and said to the leaders: "Everyone, the fact is that Itel framed the queen and wanted to seize the throne, everyone should not be let by him. cheated."

What?

In a word, like a boulder arousing thousands of waves, the leaders present were shocked, and their eyes were focused on Itel.

Facing the attention of the public, Itel's face was extremely cold and he shouted: "Don't believe him, this Yue Feng is extremely insidious. He colluded with the heavens to kidnap the Queen, just to completely subvert our Rakshasa clan."

"You shut up! As soon as the words

fell, Mona took a step forward. With a delicate face, she couldn't hide the anger, and scolded Itel: "Everything Yue Feng said is the truth, you still want to quibble?"

Immediately, Mona looked at Looking at the leaders around him, he explained the circumstances of his arrest at that time.

At the end of the story, Mona looked at Itel angrily: "Itel, you are very ambitious, I didn't expect that one day I would come back."

Shuh!

Seeing this scene, the leaders looked at Itel again, each with an extremely solemn expression.

Seeing that the situation was not good, Itel blushed and argued vigorously: "It is completely groundless, there is absolutely no such thing, everyone, the queen has been controlled by Yue Feng, what you just said was instigated by Yue Feng in advance, everyone. Don't believe it."

Saying that, Yi Taier looked at Yue Feng: "Yue Feng, you said all of this is my conspiracy, what evidence do you have?"

Anyway, at the time of the raid on the Queen, he didn't leave any Zheng Jun, and he didn't leave any Zheng Jun behind. panic.

This...

at this moment, the leaders present looked at each other in dismay, their minds were in a mess, and they couldn't see the situation for a while, because Itel said it was good, and both sides insisted on their own words. It was not convincing at all.

"You..."

Seeing Yitai's messing about, Mona was so angry that her delicate body trembled faintly.

Yue Feng also laughed in anger, nodded at Itel and said, "I think you really can't see the coffin and don't cry. You need evidence, right? There is no physical evidence, but there is one human evidence."

After saying that, Yue Feng smiled. He pointed at Ilona and said, "Ilona, trouble you."

Hmm!

Ilona bit her lip lightly and walked out slowly.

At this moment, the eyes of the audience all converged on Ilona.

Itel was also stunned, and had a bad premonition.

"Everyone!"

At this time, Ilona looked around and said slowly: "What Yue Feng and the Queen said are all true, it is indeed Itail who wanted to harm Her Majesty the Queen, and it was the Wudang who conspired with him. Pai's Ye Sect..."

Seriously, Ilona didn't want to stand on the opposite side of her brother, but after several times of persuasion, Yi Taier never listened, so she could only choose to kill her relatives with righteousness.

Whoa!

The last word fell, and all the leaders present, except for a few of Itair's henchmen, were filled with righteous indignation.

It turned out that it was a conspiracy of Ital. It was a daring thief to dare to murder Her Majesty the Queen.

"Brother!"

At this time, Ilona took a deep breath, looked at Itel and said, "Come on, as long as you are willing to confess, there is still room for redemption..." After all, they are brothers and sisters, Ilo Na really didn't want to see him bury herself step by step.

Just before he finished speaking, he was stopped by Itel.

"Shut up for me." Itel roared, his eyes flashing with endless resentment: "You are eating inside and out, I did this for the future of our family, what's wrong?"

"I just didn't expect it . . . the painstaking deployment will eventually be destroyed in the hands of my sister, I tell you, from now on, we have nothing to do with each other."

Hearing these heartless words, Ilona trembled and took a few steps back, in her heart. Also painful.

Crazy... Brother is crazy.

"Itel!"

At this moment, a leader took two steps forward, pointed at Itel and shouted angrily: "You are committing a crime, trying to replace the queen, everyone will be punished, and die!" The words

fell, and the other leaders also attacked Yi Taier.

"It's not a pity to die!"

"Kill him!"

Under the angry shouts, the leaders burst out one after another, rushing towards Itel.

Haha...

Seeing this situation, Itel didn't panic, but laughed wildly: "I don't have full confidence, I won't call you here today, hehe, if you want to fight with me, I'm afraid you haven't This strength." When the

last word fell, Itel raised his hand and waved: "Kill no matter what, leave no one behind."

"Follow your order!"

After receiving the order, the black armored cavalry gathered around, shouted in unison, and then waved the corner. The knife, greeted the leaders, and in the blink of an eye, the two sides were fighting in the hall.

Speaking of which, these black-armored cavalymen were carefully selected by Itail from the warriors of the Rakshasa tribe, and only obeyed Itail.

Ah...

the strength of each leader is not weak, but in the face of several times the number of black armored cavalry, the disparity is too large, and soon several leaders screamed and fell in a pool of blood. Seeing this

situation, Itair became more and more complacent, and laughed at Yue Feng: "Yue Feng, do you think bringing the Queen back will turn the situation around? Tell you, no one can leave today."

Tyre, completely forgot Prince Aotian's advice.

To be honest, before the change, Itair would still have some concerns when facing Yue Feng, but now he has the Sunset Bow, which makes Itail extremely inflated.

Moreover, Itel clearly sensed that Yue Feng and Mona had not fully recovered their strength. Under such circumstances, they naturally did not take them seriously.

"Ital!"

Seeing that Ital was so arrogant, Mona couldn't bear it any longer, and shouted: "Today I will get rid of you, a chaotic thief." The

voice fell, and Mona rose up and slapped her palm. Called to Itel's heart.

"Are you here to die?" Itel sneered, and immediately turned on his inner strength and greeted him with a palm.

boom!

The next second, the palms of the two sides collided, and Mona let out a coquettish cry, her delicate body retreated again and again, and her delicate face instantly paled.

Speaking of which, Mona, as a queen, has been practicing diligently in recent years, and her strength has not been what it used to be. If she fights alone, it is difficult for Itair to suppress her, but itail has learned about the sunset bow in the past few days. Strength and strength are also advancing by leaps and bounds. In addition, Mona's strength has not fully recovered, so it is naturally not an opponent.

"Your Majesty!"

Seeing this scene, Ilona let out a coquettish cry, hurried up, and supported Mona.

Haha...

a palm knocked back Mona, Yi Taier became more and more complacent, and laughed wildly: "How dare you come back to make a fool of yourself with this little strength? Haha, it's so funny."

Hearing the mockery, Mona's face flushed red, extremely embarrassed.

Yue Feng said slowly: "Let me deal with him."

Om!

The voice fell, Yue Feng's figure flashed, and he went straight to Itel.

Seeing Yue Feng's shot, Itel put away his smile, without flinching, his figure burst out, attacked him, and fought fiercely with Yue Feng.

Bang bang bang...

I saw that the figures of the two kept shuttle back and forth, and a roar broke out.

In the blink of an eye, the two sides fought each other for several rounds. In the end, the palms of the two collided. Yue Feng took a few steps back in the air and quickly stabilized his figure, but Yi Taier fell to the ground and almost fell, very embarrassed.

Although Itair is very powerful, Yue Feng is after all the teacher of the Heavenly Emperor and the hero of Kyushu, and his background is not comparable to him at all.

Mad!

Soon, Itel stabilized his figure and looked at Yue Feng tightly, shocked and angry.

This Yue Feng, whose strength has not fully recovered, can still burst out such a powerful force, and he is indeed the top figure in Kyushu.

"Ital!"

At this moment, Yue Feng said lightly: "I surrender now, and maybe I can save my life."

Hearing this, Ital laughed loudly: "Surrender? With me, I have never surrendered. Admit that you are very strong, but it is still far from being willing to admit defeat."

Click!

When the last word fell, Itel had a wicked smile on his face, raised his hand and summoned the sunset bow.

In the next second, Itel mobilized the internal force to inject the sunset bow, and saw a dazzling brilliance flashing out from the sunset bow, illuminating the entire hall in a golden red.

Immediately afterwards, the feather arrows quickly condensed and formed.

hum!

At the moment when the feather arrow was formed, an incomparably hot breath filled the entire hall.

“Haha!” At this time, Yi Taier, his eyes full of madness, laughed at Yue Feng: “I didn’t expect that, I have become the new owner of the sunset bow.”

“Yue Feng, aren’t you very good? I don’t know if I can stop it, the magic soldier who shot down the scorching sun.”

Whoosh!

When the last word fell, Itel let go of the bowstring, and the feather and arrow roared out, leaving a dazzling afterimage in the air, heading straight for Yue Feng.

“Yue Feng, be careful!”

“Yue Feng!”

Seeing this situation, both Mona and Ilona turned pale and couldn’t help exclaiming.

Yue Feng also changed his face. Of course, he knew the power of the sunset bow. It was able to shoot down nine suns back then. The power was no trivial matter. I just didn’t expect that this magic weapon was actually in Yi Taier’s hands, and Yi Taier also successfully urged Moved the power of the sunset bow.

Gudong!

This chapter is provided by . Visit for daily update.

Feeling the power of this feather arrow, Yue Feng couldn’t help swallowing his saliva, and his forehead was also sweating, because the feather arrow speed was too fast, faster than the meteor lightning, and he couldn’t dodge at all.

Faced with this situation, Yue Feng didn't have time to think about it, he quickly activated his inner strength and deployed a protective film in front of him.

boom!

In the next second, the feather arrow hit the protective film, and a deafening roar erupted. The protective film shattered in an instant, Yue Feng groaned, and was directly shaken and flew out of the hall, and finally landed heavily on the outside. on the square.

What?

Seeing this situation, whether it was Mona or the others around, were extremely shocked.

Is this the power of the divine bow?

You must know that Yue Feng's strength is obvious to all. In the entire Kyushu, there are very few who can beat it. Although Itail is the first warrior of the Rakshasa tribe, compared with Yue Feng, he is not at the same level.

However, at this time, the power of Yi Tai'er activating the sunset bow was only one arrow, and it severely damaged Yue Feng.

"Haha!"

Yi Taier was very excited, his figure flashed out of the hall, and he looked down at Yue Feng: "What a hero of Kyushu, the first person in the rivers and lakes for thousands of years, nothing more than that."

Mad!

Hearing the ridicule, Yue Feng was very angry, gritted his teeth and stood up slowly, roaring: "Great Destruction Technique, fight against the sun and the moon."

When the last word fell, the sky was originally clear, but it instantly became dark.

Immediately afterwards, a pair of illusory suns and moons quickly condensed above Yue Feng's head. The spiritual energy of heaven and earth also quickly gathered around Yue Feng.

The Great Destruction Technique is a stunt that Yue Feng learned many years ago. It is divided into three layers. The first layer refers to the universe, and the second layer is the map of mountains and rivers. Back then, Duan Yu wanted to kill in the Ouyang family, and Yue Feng's mother died in Huangquan. , Yue Feng was extremely grief-stricken, and when he realized the picture of mountains and rivers, he defeated Duan Yu.

The last layer of fighting the sun and the moon is even more profound. It was not until two years ago that Yue Feng realized it, but he has not used it.

At this time, facing the power of the Sunset Bow, Yue Feng decided to give it a shot.

“Suffer to death!”

At this time, the aura of heaven and earth that had gathered had reached its limit, Yue Feng roared angrily, and the condensed sun and moon roared directly towards Itel.

Seeing this, Yi Taier’s eyes flashed with madness: “If you want to kill me, come on.”

Om!

As soon as the voice fell, Itel activated the power of the sunset bow again, and saw the second feather arrow quickly condensed, and then tore the world and attacked it.

Boom...

In the blink of an eye, the second feather arrow erupted from Itel collided with the sun and the moon, and a violent vibration of aura erupted. Immediately, the sun and the moon were directly defeated, turning into a light and shadow that dissipated between the sky and the earth.

Immediately, the dark sky turned bright again.

What?

Seeing this scene, everyone in Mona was stunned and horrified.

The power of this sunset bow is too strong, right? !

The sun and moon erupted from Yue Feng was so terrifying, but in the end, it was offset by a feather arrow from the Sunset Bow...
