

## The ultimate husband in Chinese chapter 6001-6010

Phew

...

Seeing this scene, everyone present breathed a sigh of relief.

That's great, Xiaoyou is finally okay.

At the same time, several men couldn't help but look at Yue Feng, with complex expressions on their faces.

Speaking of which, thanks to this person today.

At the same time, Su Xueying looked at Yue Feng's eyes with a bit of surprise. He could tell from Xiaoyou's face that he was bitten by a water snake...

Have you studied medicine?

Impossible...

As soon as this thought flashed, Su Xueying shook her head. If this person has such great ability, how can he still eat soft rice and rely on Chen Shishi to work and support him? Masked, definitely masked.

"Wow..." At this moment, Xiaoyou woke up, and the moment she opened her eyes, she burst into tears.

Su Xueying and a few men hurried around, coaxing and persuading, and after a while, Xiaoyou calmed down and was sent home by a few men.

Su Xueying chased out the door, not forgetting to tell Xiaoyou: "It's alright Xiaoyou, don't cry, next time remember not to play by the water, how dangerous..."

Phew!

Seeing this scene, Yue Feng smiled secretly, feeling very emotional.

Speaking of which, this Su Xueying is a good girl with a kind heart, but unfortunately she is a bit self-righteous and has some prejudice against me. I really don't know where she came to the conclusion that I am Chen Shishi's boyfriend, and I still eat soft rice...

Forget it, I won't be here for a few days anyway.

“Little brother!”

Just when Yue Feng was thinking about these things, the old man Su came slowly and smiled a little ashamedly: “It was really thanks to you just now, otherwise, the old man would have made a big mistake today.”

Seriously, just now If it wasn't for Yue Feng's reminder, Mr. Su really didn't realize that Xiaoyou was poisoned.

At this time, the old man Su was very ashamed. He has practiced medicine all his life and never missed his illness. If Xiaoyou lost his life due to his negligence today, but the evening festival is not guaranteed, how can he face the villagers in the town in the future.

“You're welcome, old man!” Yue Feng smiled humbly.

Old Man Su waved his hand: “Don't be humble, you can have such subtle observation skills, you should have studied medicine?” Although Old Man Su has never been outside in his life, he has a very accurate eye for seeing people.

In his eyes, the Yue Feng in front of him seemed ordinary, but his whole body gave off an indescribable unique temperament.

Uh...

Yue Feng scratched his head and replied, “I have studied some.”

“Really?” Mr. Su became excited and looked at Yue Feng closely: “Is it in medical school, or in private? ?”

At this time, Su Xueying came back, and when she heard the conversation between the two, she couldn't help but pouted: “Have you studied medicine? Why haven't you heard Shishi before?”

Yue Feng smiled and responded: “A few years ago, I knew a wandering doctor in the arena, and I learned a little from him, but I only learned a little bit.”

Since you want to hide your identity, you can't really say what the situation is, so let's make up one.

Are you a doctor in the rivers and lakes?

Hearing this, the old man Su was stunned for a moment, thoughtful.

However, Su Xueying couldn't help but chuckle: "It turned out to be a medical student with Jianghu. Those are all liars. What real skills can they have?" Her words were full of disdain.

Seeing her like this, Yue Feng smiled without any excuse.

Old Master Su frowned, and said to Su Xueying a little displeased: "Xiaoying, don't do this, how did Grandpa teach you when you were a child? You can't be too proud in everything, you must know that many experts are hidden in the rivers and lakes. "

A mountain is still a mountain high. You are so arrogant and complacent, how can you see a doctor in the future?"

Old Master Su said more and more seriously.

"Understood..." Su Xueying's head was heavy for a while, and she said repeatedly: "Grandpa, you have said this for so many years, and my ears are getting calluses." The old man

Su looked solemn: "You stinky girl, Every time I reason with you, I look impatient, let me tell you, this guy is good, let him do more for you, don't let him do chores

all the time." As he spoke, Mr. Su looked at A glance at Yue Feng, his eyes full of approval. Nice guy, it's really a pity to do chores here.

## **The ultimate husband in Chinese chapter 6002**

What?

Hearing this, Su Xueying was stunned, her delicate face full of reluctance: "He hasn't really studied medicine, so how can he fight me?"

But before he finished speaking, Master Su had already turned and left.

"Grandpa..." Su Xueying stamped her feet angrily.

For a while, Yue Feng and Su Xueying were the only two left in the Taihetang hall, and the atmosphere was a little subtle.

Haha...

Seeing Su Xueying fuming but helpless, Yue Feng showed a smile. Su Xueying never thought that the old man would favor me.

"What are you laughing at?"

At this moment, Su Xueying reacted, seeing Yue Feng looking at her with a smile but not a smile, she suddenly became angry: "Why don't you hurry up and drag the floor."

When she was treating Xiaoyou just now, the floor It's all smudges.

Uh....

Yue Feng is very speechless, does Su Xueying really take me as a servant? The dirty work is all mine?

Thinking to himself, Yue Feng stood there motionless, smiled and said, "The old man just said, let me help you, and don't let me do chores." After speaking

, Yue Feng stretched his waist: "Let's talk about it. Come on, I've been working all afternoon, and I'm so tired that my whole body hurts, go take a rest, you'll be a little tired and clean up by yourself." After the

last word fell, Yue Feng turned around and entered the rest room in the back hall.

"You..."

Seeing this situation, Su Xueying was furious, but she had nothing to refute.

In the blink of an eye it was midnight.

In the room, Yue Feng sat cross-legged in front of the windowsill, quietly recovering from practice.

I have to say that this place is beautiful and full of spiritual energy. It is indeed a good place to recuperate and recover. After just meditating for a few hours, Yue Feng could clearly feel that the injury in his body was almost healed. Of course, this was mainly due to the fact that Chen Shishi had prepared a lot of top-quality medicinal materials for him.

It's just that it will take at least a few days for the power of the primordial spirit to fully recover.

Huh...

At this moment, Yue Feng opened his eyes, slowly exhaled a breath of turbid air, stood up, and saw the bright moonlight outside the window, the whole town was bathed in the bright moonlight, indescribably peaceful and peaceful.

After everything is over, find a place like this and enjoy life with Qingyan and Yuruo.

Muttering in his heart, Yue Feng pushed open the door and walked out, walking on the streets of the town, taking a walk while enjoying the night view, and unknowingly, he reached the mountain behind the town.

Um?

Although it was night, Yue Feng had excellent eyesight, and at a glance, he could see a white ginseng growing on a cliff not far away.

Although white ginseng is not a natural treasure, it is also a rare elixir.

At this moment, Yue Feng did not hesitate for a moment, and directly urged the figure to fly to the cliff. He pulled out the white ginseng, and saw that the white ginseng was half a meter long, and it had become a humanoid, lifelike.

Haha...

Yue Feng took the white ginseng and looked at it, very excited, it seems that he is lucky tonight, and he can meet such a big white ginseng when he goes out for a walk.

Muttering in his heart, Yue Feng was about to turn around and return to the hospital.

sizzle....

However, at this moment, a strange sound suddenly came from the woods behind him. Yue Feng was stunned when he heard the sound.

I saw a giant python with the thickness of a bucket, swimming quickly.

This giant python is more than ten meters long, with black and red scales all over its body, blood red eyes, and full of wildness.

call!

Seeing this giant python, Yue Feng didn't panic at all, but patted his forehead. I almost forgot, as long as there are treasures in the world, there must be beasts guarding them.

However, with Yue Feng's current strength, a giant python was not in his sight.

Soon, Yue Feng calmed down and said to the giant python with a beast language: "I'm sorry, I was just out for a walk, and I accidentally bumped into the treasure you guarded. Speaking of which, this white ginseng restores my strength, It's not too helpful, so I'll give it back to you." As the

voice fell, Yue Feng threw the white ginseng in his hand in front of the giant python.

Faced with this situation, the giant python was stunned for a while, as if feeling provocative, then opened its bloody mouth and rushed towards Yue Feng.

## The ultimate husband in Chinese chapter 6003

Speaking of which, this giant python has been practicing for a hundred years and has not yet developed his intelligence. Otherwise, he would never dare to take the initiative to attack Yue Feng. After all, Yue Feng is the Dragon Lord of the Qinglong family, the teacher of the Heavenly Emperor.

oops?

Seeing the giant python rushing up, Yue Feng couldn't help but sneer: "Well, you wicked beast, I gave you something back, but you are going to attack me. It really is a cold-blooded animal, not human."

Om!

The voice fell, and Yue Feng's divine power exploded. He first avoided the attack of the giant python, then raised his hand and waved, and a golden glow burst out, heading straight for the python's head.

The golden light is as fast as lightning, and the giant python is still too shallow to dodge. His head was pierced in an instant, and he heard a whimper from the giant python, and the huge body fell to the ground with a sudden stun.

Huh...

Killing a giant python, Yue Feng's expression was indifferent, and his heart was not disturbed. This giant python is so cruel, killing it is considered to be a kill for the people of the town.

Muttering in his heart, Yue Feng was about to dispose of the python's corpse.

Swish rustling ...

But at this time, on the mountain road below, a drunk man came lounging. This man was Liu Laoliu. He was idle all day, and his biggest hobby was drinking. Wherever you go to sleep when you are drunk.

Just now, Liu Lao Liu was so drunk that he went up the mountain in a dizzy state.

Um?

Soon, when Liu Laoliu saw the body of the giant python, he was so frightened that he couldn't help but exclaimed, "Oh my god..." It was the first time he saw such a big python when he grew up so big. Almost pissed my pants on the spot.

At this moment, Yue Feng reacted and said, "Don't panic, this giant python is already dead..."

This chapter is provided by . Visit for daily update.

Putong.

However, before Yue Feng finished speaking, he saw Liu Laoliu roll his eyes and fainted from fright.

Seeing this situation, Yue Feng was very speechless, this person is too timid, can a dead python scare you like this?

Muttering in his heart, Yue Feng wanted to go up and wake Liu Laoliu, but then he thought that if he wanted to hide his identity, it was better to do less. Anyway, this person wasn't dead, he just fainted from fright.

After making up his mind, Yue Feng didn't have time to think about it, and quickly went down the mountain and returned to the hospital.

Early the next morning.

Yue Feng was lying in his room and was sleeping righteously when he heard a loud noise from the hall of the medical hall.

What's so lively?

Yue Feng sat up quickly, washed up and rushed to the front hall, and saw many people gathered at the entrance of the medical hall, there were hundreds of people, almost half of the town's people came.

In front of everyone, it was the giant python that Yue Feng killed last night.

Last night, Liu Laoliu was in a coma for several hours before he woke up. After waking up, he ran back to the town as soon as possible and told vividly about the encounter with the giant python.

When the residents of the town learned that there was a giant python that was killed on the mountain, they quickly organized people to get the python down.

Such a big giant python caused a sensation in the whole town. At this time, the crowd of onlookers were talking about it while observing the giant python.

“God, how many years does a giant python this big have to live?”

“It’s the first time I’ve seen it...”

“Yeah...”

The voices of amazement from the crowd kept coming, and Liu Laoliu was full of pride, as if he killed the giant python, he started to brag: “I tell you, this giant python was killed by an immortal. ..Last night when I was drinking and going up the mountain, I saw a fairy dressed in white, fighting this giant python for 300 rounds...”

“That movement was really earth-shattering, I was shocked at the time.”

Saying these When he was young, Liu Laoliu looked complacent. He was ignorant since he was a child, and he was always looked down upon by the people in the town. Now that he has the opportunity to prove himself, he naturally wants to add fuel to it and brag about it.

Yes, because of the dim light last night, Liu Laoliu didn’t see Yue Feng’s face clearly, but in order to show off, he deliberately said that he saw a fairy.

Haha...

Seeing this situation, Yue Feng secretly laughed, this Liu Lao Liu is very good at making up stories, and he even called me an immortal.

But this is fine, no one will believe his words, so no one will know that he has been to Houshan last night.

Che...

At the same time, hearing Liu Lao Liu’s words, everyone around him booed.

“Okay Liu Lao Liu, stop blowing.”

## **The ultimate husband in Chinese chapter 6004**

“Yes, just like you, you can also meet immortals?”

“I think you haven’t woken up yet.”

Hearing everyone’s mockery, Liu Laoliu blushed, and then slapped his ass. She walked up to Su Xueying with a smile on her face: “Xueying, look at how much money can be exchanged for such a big giant python, hehe...”

Hu...

Su Xueying took a deep breath and did not respond immediately, but Looking at the giant python in front of him, he was shocked.

Such a big python is full of treasures. If it is made of medicinal materials, it will not be used up for decades...

Thinking to herself, Su Xueying said to Liu Laoliu, "How much do you want?"

Hehe!

Liu Laoliu grinned and stretched out five fingers: "Not much, just give me 500,000 yuan." With 500,000 yuan in hand, he is the master of the town, and he no longer has to be looked down upon.

It's just that as soon as the voice fell, the people around stopped doing it.

"Liu Lao Liu, are you embarrassed to ask for 500,000 yuan?"

"That's right, this giant python was brought down together by the big guys, what right do you have to sell it? If you want me to say, donate it to Taihetang, after so many years , How many lives did Mr. Su save in our town?"

"Yes, donate to Taihetang."

Everyone unanimously proposed to donate the giant python. Compromise: "That's enough, donate it."

After speaking, Liu Laoliu called Su Xueying aside, mysteriously took out the white ginseng that Yue Feng had lost last night: "Xueying, giant python. Donate it if you donate it, but you can't take this white ginseng from me for nothing."

Shah!

At this moment, the eyes of everyone around him suddenly came over.

"I'll go, such a big white ginseng."

"At least it's been a few hundred years..."

"I heard that there will be treasures in the place where the beasts are staying. It turns out that it is true.

”, Liu Laoliu hugged the white ginseng in his arms tightly, and shouted: “I have donated the giant python, don’t pay attention to my white ginseng, tell you, there are still many white ginseng on the mountain, if you have the ability, you guys Go find it yourself...”

Saying that, Liu Lao Liu eagerly urged Su Xueying: “Xueying, quickly estimate the price.”

“Fifty thousand.” Su Xueying thought about it and gave a market price.

Liu Laoliu nodded again and again: “Okay.” A

few minutes later, Liu Laoliu took 50,000 yuan and left happily.

This time, the whole place exploded. Liu Laoliu, an alcoholic, sold 50,000 white ginseng by picking up a single white ginseng. Who wouldn’t be jealous? For a while, many people organized to go to the back mountain to collect white ginseng.

well!

Seeing this scene, Yue Feng shook his head secretly, it seems that the mountain is going to be lively.

At this time, Su Xueying looked at the people who went to the back mountain, and bit her lip, thoughtfully.

“Xueying!”

At this moment, several young men walked over quickly, and the one in the lead greeted Xueying flattery: “I just heard that Liu Laoliu, the drunkard, found a giant python last night. Are you still selling a white ginseng here?” The

man’s name is Li Wei, and he is also from a small town. He and Su Xueying grew up together. They are childhood sweethearts, and their family is relatively wealthy, and has always pursued Su Xueying.

It’s just that this kid Li Wei, because of his wealth, doesn’t go out to work at all. He does nothing in the town all day, and occasionally comes to Taihetang to help Su Xueying. Therefore, Su Xueying has always been disgusted with him, and has repeatedly rejected Li Wei’s confession, but Li Wei never gave up and stalked him.

“So what?” Su Xueying said angrily: “Now people in the town are going to the mountains to find white ginseng. If you have the ability, you can also look for it.”

After saying that, Su Xueying turned around and was about to go back to the hall. It takes a long time to dissect and sort out the various parts of a giant python...

“Alas!”

Facing Su Xueying’s indifference, Li Wei didn’t get angry at all, hurriedly caught up, and said with a smile: “Xueying, you want to find Bai Shen, it’s just a matter of a sentence, I’ll accompany you.”

“I don’t have time!” Su Xueying said without thinking.

At this time, Yue Feng, who had been silent all the time, couldn’t help but say: “This white ginseng is guarded by the giant python, and it grows so big, so the back mountain must be gone.”

Huh?

Hearing this, Li Wei frowned and couldn’t help looking at Yue Feng: “Who are you?”

## **The ultimate husband in Chinese chapter 6005**

For so many years, Li Wei has been pursuing Su Xue hard but can’t get it. Suddenly seeing a man beside Su Xueying, he felt a little unhappy.

Feeling Li Wei’s tone, Yue Feng didn’t care at all, and smiled: “My name is Fengtao, and I came to Taihetang to help.”

Hehe...

Hearing this, Li Wei smiled contemptuously: “It turned out to be a chorus man. Yes, I’m talking to Xueying, what are you talking about?” After speaking, she looked at Su Xueying with a smile on her face.

However, Su Xueying didn’t bother to pay attention to him at all, and turned around and went to the hall.

Li Wei hurriedly chased him in: “Xueying, you really don’t want to go to Bai Shen?” Li Wei’s eyes showed some anticipation when he spoke.

Of course, what he cares about is not about Bai Shen, but the chance to be alone with Su Xueying.

“Don’t go!”

Su Xueying shook her head without thinking about it, glanced at Yue Feng and said, “Didn’t he just say that the white ginseng in the back mountain is just this one. Do you think it’s cabbage, it’s all over the mountains and plains?”

Uh ....

touched a soft nail, Li Wei was very embarrassed, and then thought of something: "By the way, a few of our brothers went out to explore a few days ago and found a place with Ganoderma lucidum, but the place is too dangerous, or else, Let's not go to Baishen, let's go to Lingzhi, I will show you the way, and there will be someone to take care of you along the way."

When he spoke, Li Wei did not forget to give Yue Feng a look.

Ma De, it was this kid who interrupted randomly, otherwise, Xueying wouldn't have refused so simply, but fortunately, she knew a place of Ganoderma lucidum in Nagano, so she was not afraid that Xueying would not be moved.

Lingzhi...

Hearing this, Su Xueying bit her lip and hesitated.

This chapter is provided by . Visit for daily update.

There are really not many Lingzhi in Taihetang. The last time we collected Lingzhi was three years ago... But this Li Wei drunkard doesn't want to drink, so he really doesn't want to go out with him.

Thinking to herself, Su Xueying pointed to Yue Feng: "You and Li Wei go to collect Ganoderma lucidum. Remember to pay attention to safety." None of these two men were pleasing to the eye, so they sent them away to save the worry. .

Um?

At this moment, Yue Feng was stunned for a moment, how could he pull me in so well?

Li Wei also stayed for a while, and then said to Su Xueying: "Xueying, this kid is just a chorus, can I let him go with me?"

His original intention was to spend alone time with Su Xueying. , how could Yue Feng go to collect Ganoderma lucidum together?

"Yes!"

Yue Feng nodded as well and smiled at Su Xueying: "I rarely go up the mountain to collect medicine, so if you send me, you are not afraid that I will mess up?" Yue Feng is not stupid, he can see that this Li Wei likes Su Xueying, so he won't feel uncomfortable.

However, Su Xueying did not give Yue Feng a chance to refuse at all, and said coldly: "Yesterday, Grandpa said that you will not be allowed to do chores, and will help me. Now go to collect medicine, even if you are helping me."

“What? You want to eat and drink here for free?” The

voice was not loud, but he couldn't refuse.

Seeing her say that, Yue Feng smiled bitterly, unable to refute.

At this time, Su Xueying glanced at Li Wei: “He is from our Taihetang, what's wrong with going with you? If you don't want to help collect Lingzhi, forget it.”

“I...”

At this moment, Li Wei is also depressed, how dare he refuse, he immediately nodded: “Okay, then let this kid go with us, Xueying, don't worry, I will definitely find more Lingzhi back.”

When the words fell, Li Wei greeted a few buddies outside the door and went back to prepare.

A few minutes later, Yue Feng and Li Wei and the others left the town and went to the distant mountains to find Ganoderma lucidum.

“Boy!”

As soon as he walked out of the town, Li Wei put one hand on Yue Feng's shoulder and said word by word: “I don't care how you entered Taihetang, I just advise you, don't pay attention to Xueying, Otherwise, I will make you die ugly, understand?”

When he said this, Li Wei's eyes couldn't hide the coldness and hostility.

At the same time, several companions around were also staring at Yue Feng.

Interesting...

Seeing that Li Wei couldn't help but threaten so quickly, Yue Feng showed a smile and said lightly: “Li Wei, right, I think you are overthinking, I'm just here to stay for a while, not here Find a wife.”

## **The ultimate husband in Chinese chapter 6006**

Seriously, although Yue Feng has not recovered his strength, it is a piece of cake to teach Li Wei a lesson.

However, in order to hide his identity, Yue Feng still endured it. More importantly, there is no need to waste words with him for someone like Li Wei.

Um!

Seeing Yue Feng say this, Li Wei thought he was cowardly, and nodded with satisfaction: "If you are a good boy, if you encounter trouble in the town in the future, just mention my name."

When he said this, Li Wei's face was full of arrogance.

One bad pen.

Yue Feng cursed secretly, but with a smile on his face: "Okay, then I will rely on you more."

Li Wei stopped talking nonsense, nodded, and greeted everyone to continue on their way.

....

on the other side. Nalan family.

The weather was good and the sun was shining brightly today. It was noon. Usually, Nalan Xinran would rest in the room for a while.

Two days have passed.

In the past two days, Nalan happily followed Shen Nong's instructions, put the medicinal herbs into the food and tea in advance, and watched his father take it with his own eyes.

But...Father doesn't seem to have changed. This made Nalan Xinran very anxious, so he decided to go to his father's study at noon this afternoon to knock on the side.

call!

This chapter is provided by . Visit for daily update.

At this moment, Nalan Xinran hesitated for a moment outside the study, let himself calm down with a sigh of relief, and then pushed open the door and walked in.

In the study, Nalan Hong was sitting there, closing his eyes and resting.

Seeing Nalan Xinran coming in, Nalan Hongzheng was stunned for a moment: "Xinran, why are you here?"

Nalan Xinran smiled and said naturally: "I haven't talked to my father for a long time, so I just wanted to come and talk to you. A few words. Wushuang has been out for a few days, and there has been no news, and I don't know what's going on."

Nalan Xinran knew very well that asking directly about his father's body would easily arouse suspicion, so let's talk about other things first. , in slow clichés.

Huh...

Seeing her mentioning Nalan Wushuang, Nalan Hong couldn't hide his irritability: "This girl Wushuang, for a foreigner, doesn't worry about family affairs at all, I'm so disappointed.

" Lan Hongzheng rubbed his eyebrows.

"Father!" Nalan smiled happily and comforted: "You are still angry with her, after all, she is still young and acts impulsive, and she will be better if she is older, and I think that Tie Bowen is quite good. Yes , listen to Wushuang, before in the Raksha clan, he has been trying his best to protect Wushuang..."

Hearing this, Nalan Hongzheng became more and more irritable, and waved his hand: "Okay, don't talk about this. It 's over."

Nalan gratefully changed the subject: "Father, calm down, I won't mention Wushuang, by the way, in half a month, I'm going to hold the wedding, and I'm a little worried about you working so hard during this time. "

In the future, you will leave the family's trivial matters to the people below, and have a good rest."

When he said this, Nalan Xinran was always paying attention to the changes in Nalan Hongzheng's expression.

Um?

At this moment, Nalan Hongzheng was stunned: "Why did you mention this all of a sudden?"

Nalan happily took the opportunity to say, "Father takes care of the family's affairs during the day, and has to practice at night, why am I not worried?"

Hehe...

Nalan Hongzheng laughed: "After talking for a long time, you are worried about this. My body is tough, what could be wrong?" At this time, Nalan Hongzheng didn't know that his daughter had secretly mixed into the meals for the past two days. pills.

"Father..."

Seeing that he was doing nothing, Nalan Xinran was obviously unwilling to give up, and asked, "Don't you think that your body has been different from before?"

Could it be that Senior Shennong's Dan Medicine, no effect?

Impossible, that is the medicinal pill developed by the senior Shennong himself, and it is impossible to have no effect at all.

While murmuring in his heart, Nalan gladly wanted to ask a few more questions, but at this moment, Nalan Hong was yawning and waved his hand: "Okay, if there's nothing else you can go out first, I want to rest."

Mmm!

Nalan gladly did not dare to disobey, and responded, and walked out of the study very reluctantly.

Arriving in the garden outside, Nalan happily took out the medicinal pills on his body quietly, and couldn't help muttering to himself, could it be that the amount of the previous medicines was too small?

Squeak!

Just when Nalan was thinking about this, he saw the door of the study open, and then Nalan Hong was walking out and walking towards the back room.

## **The ultimate husband in Chinese chapter 6007**

Huh?

Seeing this scene, Nalan gladly hurriedly put away the medicine pill, and was also suspicious for a while.

In broad daylight, what does my father do in the secret room?

Muttering in his heart, Nalan gladly didn't have time to think about it, and quickly followed. The backyard secret room is a forbidden area for the entire family, and only the patriarch is qualified to enter. So there are no disciples around.

Soon, Nalan happily arrived at the door of the secret room. Seeing that the door was open, he walked in quietly without any hesitation. When entering, Nalan gladly put his footsteps very lightly, not daring to make the slightest sound.

call!

After entering the secret room and seeing the scene in front of him, Nalan Xinran was shocked and froze there.

He saw that his father, Nalan Hongzheng, was kneeling there very respectfully. In the shadow in front of him, there was a person standing quietly. This person turned his back to Nalan Hongzheng, and his body was filled with a suffocating aura.

Because of the dim light and the fact that the man had his back to the door, Nalan Xinran couldn't see who it was, but this scene shocked her.

You must know that his father, Nalan Hongzheng, is the patriarch of the Nalan family. His strength is not the top in the arena, but he is also very famous. At this time, he is kneeling in front of a mysterious person.

Who is this mysterious man? What is the ability to make his father let go of his dignity....

For a time, countless question marks flashed in Nalan's mind. "Nalan Hongzheng!"

Just when Nalan was thinking about this in his heart, the man standing in the shadow slowly opened his mouth and said, "I passed on your formula, how has your practice been during this time?"

An invisible pressure.

This chapter is provided by . Visit for daily update.

Hearing the question, Nalan Hongzheng hurriedly said: "Go back to the master, during this period of time, I have been practicing diligently and did not dare to slack off. Now I have entered the third floor, but there are some places that I don't understand very well. I also ask the master to help me. Give me some pointers."

After speaking, Nalan Hongzheng asked a few questions.

Yes, it was Gone who was standing in the shadows.

After controlling Nalan Hongzheng at the beginning, Gogne passed him a set of formulas to facilitate control. After that, every few days, Gogne would inquire about the progress.

This...

Seeing this scene, Nalan Xinran trembled and became more and more puzzled.

What does father call this man? Owner?

Could it be... is this person who secretly controlled his father? Realizing this, Nalan bit her lip tightly, feeling unspeakable anger in her heart.

No matter who the other party is, if he dares to secretly control his father, he must not let him go.

After making up his mind, Nalan gladly summoned his long sword, walked over quickly, and shouted at Gone Jiao, "Who are you? What have you done to my father?"

Shuh!

Hearing Jiao drinking suddenly, Nalan Hongzheng and Gone were stunned for a moment, and looked at them in unison.

At the same time, Nalan also saw Gone's face with pleasure, and suddenly his body trembled, his mind buzzing and blank.

This... turned out to be Junior Brother Nie Zhan.

In an instant, Nalan Xinran's mind was in chaos. He thought that someone outside the Nalan family was controlling his father, but he never thought that it was his fiancé.

"Happy?"

At this time, Gone was also stunned, and he did not recover for a while. You must know that every time he met Nalan Hongzheng in secret, he was very cautious. He never thought that one day Nalan would happily bump into it. .

And looking at the situation, Nalan Xinran followed him on purpose.

For a while, the secret room was surprisingly silent, and the atmosphere was very solemn.

"Xin Ran!"

Soon, Nalan Hongzheng was the first to react and shouted angrily: "Who told you to follow me secretly? Go out." This secret room is where he and his master discuss matters, and no one can come in, even if it is a secret room. Not even a daughter.

However, how could Nalan Xinran leave? He immediately shook his head and said, "Father, I won't leave, this time I must resolve the matter."

After speaking, Nalan glared at Gone with delight, and said tenderly, "Nie Zhan, I'm so blind, I didn't even see it. You are a demon in human skin, you said, why do you want to control my father? Who are you? Come to our Nalan family, what is the purpose of coming to our Nalan family, tell me."

Nalan almost shouted out the last sentence. Yes, with endless grief.

## The ultimate husband in Chinese chapter 6008

In Nalan Xinran's heart, he thought he had found a lifetime of support, but the scene in front of him at this time broke all good wishes.

What made her even more unacceptable was that it was her fiance who controlled her father.

"..."

Faced with the questioning, Gogne looked complicated, opened his mouth, but didn't know how to respond.

To be honest, if it were anyone else, Gogne would definitely kill him without saying a word, but Nalan gladly was different.

Although Gogne is the supreme being of the Demon Race, he is not absolutely ruthless.

When he first decided to marry Nalan, the ultimate goal of Gogne was to control the entire Nalan family, and then slowly revive the demons. Gentle and beautiful human woman standing full.

It can be said that at this time, in Gogne's heart, Nalan Xinran has been regarded as his wife. In this case, the situation in front of him is really difficult to explain.

"Bastard!"

Seeing that Gogne was speechless, Nalan Xin became more and more angry, and immediately shouted: "You lied to my feelings, and you want to harm my father, I want to kill you."

Om!

The last word fell, and Nalan's body flashed with pleasure, and the long sword stabbed straight at Gogne's heart.

Watching Nalan Xinran stab with his long sword, Gogne's face showed a bit of bitterness, standing there, motionless, without any intention of dodging.

Although Nalan Xinran's sword was sharp, it was difficult to hurt Gogne.

"Don't think that if you don't hide, I will forgive you." Nalan bit her lip with pleasure and said coldly, at the same time speeding up.

Seeing this sword, he was about to stab Gone. Suddenly, Nalan Hong shouted, rushed over, raised his hand and hit the back of the sword.

Dang bang.

Nalan Xinran only felt a burst of force, the long sword flew out of his hand, fell to the ground, and his delicate body was also shaken back a few steps.

The moment she stabilized her figure, Nalan happily stared at Nalan Hongzheng: "Father...why did you stop me?" She clearly felt that the palm of her father just now contained 90% of her internal strength. Almost burst out.

She is his daughter, yet he actually took such a heavy shot.

At this time, Nalan Xinran didn't know that Nalan Hongzheng's spirit was completely controlled by Gone. Under this premise, everything Nalan Hongzheng did would be subject to the master, and the rest was not important.

Not even a biological daughter.

"Dare to be rude to the master, impudent!" Nalan Hong shouted angrily, then suddenly raised his hand and slapped Nalan Xinran's face.

Snapped!

With a crisp sound, a five-fingerprint appeared on Nalan's happy and delicate face.

Nalan covered his face with joy, the whole person was stunned, and the grievance could not be expressed: "Father, he has ulterior motives and controlled you, why do you want to help him?"

It's just that Nalan Hongzheng at this moment has completely lost his mind. Roared: "You bastard, you dare to be rude to the master." The voice fell, and Nalan Hongzheng was about to do it.

At this moment, Gone sighed, turned on the electricity, and directly clicked on Nalan Hongzheng's faint point.

Pfft!

At this moment, Nalan Hong's eyes darkened, and he fell to the ground in a coma.

Seeing this scene, Nalan was delighted and furious, and stared at Gone tightly: "You bastard, what have you done to my father?" Gone shot was too fast just now, and she didn't even see what happened.

Hu...

Gone took a deep breath and said bitterly: "Xinran, I'm sorry, I lied to you, I controlled your father, but I was helpless..."

Just before he finished speaking, he It was interrupted by Nalan gladly.

"Shut up!" Nalan Xinran trembled, and shouted: "You don't have to argue any more, I have to kill you scum to eliminate the harm of Jianghu." After the words fell, Nalan Xinran picked up the long sword and pointed at Ge again. Nirvana stabs away.

well!

Gone sighed softly, and had no choice but to urge the figure to dodge back.

At the beginning, Nalan was pleased and full of confidence. After all, the opponent had no weapons in his hands, but gradually, he felt that something was wrong. No matter how fierce the move, Gone could easily dodge it.

How can this happen?

For a time, Nalan Xin was secretly shocked, looking at Gone's eyes, in addition to resentment, there was some incredible.

How could Nie Zhan's strength be so strong?

At this time, Nalan Xinran didn't know yet that Gogne had been hiding his strength before.

"You..."

Nalan quickly came back to his senses and looked at Gone in a complicated way: "Who the hell are you?"

" Now, in fact, I am not a human, but the Supreme Being of the Demon Race, I am lurking in the Nalan Family, just looking for an opportunity to revive the Demon Race."

What?

Hearing this, Nalan's body trembled with joy, and he almost couldn't stand, and his mind was buzzing.

He...he turned out to be the Supreme Being of the Demon Race.

In recent years, although Nalan Xinran seldom walked around the rivers and lakes, Bai Yunfei knew clearly about the chaos of the rivers and lakes with the descendants of the demon race.

For a time, Nalan Xinran was completely stupid.

In her heart, the demons are all evil, and they are extremely evil. She never thought that one day there would be one lurking next to her, and they were the supreme beings of the demons who made God's realm extremely jealous.

"Xin Ran!"

Just when Nalan Xinran was shocked, Gone's eyes showed a look and slowly said: "I didn't mean to deceive your feelings, speaking of which, I did want to use you at first, but then I found that I have fallen in love with you."

"So, for the wedding in half a month, I am sincere, and I will take care of you for the rest of my life..."

Hearing these words, Nalan Xinran was not moved at all, but shook his head again and again.

"Put away your fake face." After a few seconds, Nalan said coldly and happily, "Do you think I will believe your words? You are a demon, I am a human, we will not be together, I would rather die than I will become your puppet and be at your mercy." As the

last word fell, Nalan happily clenched the long sword and stabbed it towards his heart.

Nalan Xinran has a tenacious personality. She knows that she is not Gone's opponent. At this time, she is already determined to die. Rather than being humiliated alive, it is better to die.

What?

Seeing this scene, Gone was shocked, and immediately rushed up to knock down the long sword, and then slapped Nalan Xinran on the back of the neck. Nalan Xinran didn't have time to react at all.

well!

At this moment, Gonne sighed, quietly watching the unconscious Nalan Xinran, unable to calm down for a long time. Also a bit funny.

He is the supreme being of the demon clan, his status is detached, and he is not even afraid of the ancestors of the prehistoric land, but just now, he panicked because of a human woman. Could this be fate?

At this moment, Nalan Hong, who was next to him, woke up, and when he saw the situation in front of him, he said in a panic: "Master, calm down, my daughter is really bold..."

Before he could finish speaking, Gonne sighed. He waved his hand: "You go out first. I'll deal with it!"

"Yes!" Nalan Hong responded with a sound, obediently exiting the secret room.

call!

As soon as his forefoot left, Gonne took a deep breath and watched Nalan Hong gladly fall into contemplation again.

The beloved woman does not accept herself, and she will die.

This situation is even more difficult than the battle with God's Domain at the beginning...

Forget it, let's cast soul control first.

After some entanglement, Gonne mobilized the power of the demon soul and put his hand on the top of Nalan Xinran's head....

On the

other side, the Yellow Sea Continent.

On the mountain path, Yue Feng and Li Wei walked slowly forward, each carrying a bamboo basket.

I saw that the bamboo basket behind Yue Feng was empty, and Li Wei and the others contained some herbs in the bamboo baskets. As long as they found herbs along the way, Li Wei and the others would let Yue Feng explore the way first. , After confirming that there is no danger, Li Wei and a few went to collect them in person.

Li Wei did this naturally because he wanted to go back, so that he could show off to Su Xueying.

Mad!

At this time, Li Wei got more and more tired as he walked. He found a stone and sat down on the side of the road. He scolded: "I remember this one with Lingzhi. Why did I search for it for a long time, and I didn't see any of it. It's really evil."

Said Then, Li Wei directed at Yue Feng and said, "Hey, look around, find Lingzhi and call us."

Nima!

Seeing his aloof appearance, Yue Feng was very angry.

This kid really treats me as a free errand boy...

However, although Yue Feng was very upset, he didn't care, nodded and walked towards the woods next to him. Of course he didn't really look for it. Ganoderma lucidum, but intends to find a place to rest.

Soon, Yue Feng found a grass in the woods, lay down decisively, closed his eyes and rested.

Li Wei, these idiots, ask me to run errands every time.

Time passed by minute by minute.

Li Wei and the others waited on the mountain road for more than an hour, but they didn't see Yue Feng coming back. They were all irritable.

"Slot!"

At this time, Li Wei stood up impatiently: "What trick is this kid doing? He won't come back for so long." The

voice fell, and several companions next to him also spoke. "Is this kid tired of being summoned, and secretly ran back

to Taihetang?"

"Just like him, dare you?"

"Let's go, let's go and find..."

Several entered the woods and began to look for Yue Feng, shouting loudly as they searched.

Hehe...

Hearing the shouting, Yue Feng opened his eyes and smiled.

The boys finally couldn't stand it anymore.

Then Yue Feng stood up slowly and waited for Li Wei to approach.

Here.... After a

while, Li Wei and a few saw Yue Feng and quickly surrounded him, all of them couldn't hide the anger on their faces.

"Boy!" Li Wei spoke first: "Have you found Ganoderma lucidum?"

Yue Feng shook his head: "No."

No?

Hearing this, Li Wei was very angry and scolded: "Ma De, I didn't find Ganoderma lucidum, why did you come back quickly, so we waited for you for a long time." The voice fell, and several companions followed.

"Made, are you slacking off?"

"You don't see a drop of sweat on his face. He must have slept here just now."

"I think...Made, this kid needs to be beaten."

Li Wei's face became more and more gloomy when the companion's discussion came, and he looked at Yue Feng coldly, gearing up: "Ma De, kid, are you kidding me?"

After speaking, Li Wei was about to rush over to start.

In Li Wei's eyes, Yue Feng is just a messenger in Taihetang. He has no status or status. He can clean up how he wants to.

Mad!

Seeing Li Wei waving his fist and rushing in, Yue Feng frowned secretly, and suddenly became a little angry.

This kid really thought I was being bullied.

Thinking to himself, Yue Feng was about to fight back, but in the end he held back. Forget it, he couldn't reveal his strength, otherwise, the Qin Tianjian would soon find out.

Mad, continue to endure.

Thinking to himself, Yue Feng pretended to be panic and took a step back: "Brother Li, don't fight, I didn't find Ganoderma lucidum, but I found other elixir."

When he said this, Yue Cunning flashed in the wind's eyes.

Other elixir?

Hearing this, Li Wei stopped and looked at Yue Feng coldly: "What elixir?"

Yue Feng raised his finger and pointed to the grass not far away: "There, those with pink flowers are very rare spirits. Medicine, if Xueying sees us collecting so much, she will die of joy."

In fact, those are not spirit grasses, but a wild flower called 'Aya vanilla', which is favored by wild bees because of its strong aroma.

Yeah?

Hearing this, whether it was Li Wei or a few of his companions looking over, they didn't notice that there was a wild beehive hidden on a tree a few meters away from the wild flowers.

Speaking of which, although Li Wei often went to Taihetang to help, he knew only a handful of herbal medicines. At this time, seeing what Yue Feng said was serious, some were skeptical.

Yue Feng nodded again and again: "Of course, how could I lie to Brother Li?"

"Haha..."

Li Wei no longer doubted, he immediately laughed and waved his hands: "Brothers, hurry up, collect these elixir. ." Today's harvest is quite a lot, and Xueying will definitely be very happy when she goes back.

The last word fell, and Li Weidang walked over first and began to collect Aya herbs.

Whoa...

a few companions followed closely behind, collecting Aya herbs and putting them in the bamboo basket on their back.
