The

voice fell, and everyone followed his gaze and exclaimed.

“It’s really…”

“Looking at the costumes, it looks like someone from the Wudang faction.”

“God…the bloodstain hasn’t dried yet, what happened here before?”

Everyone exclaimed, Xu Guangyi quickened his pace and looked When I saw the scene in front of me, I was stunned and shocked.

I saw that there were dozens of corpses lying on the side of the road ahead. These corpses were all dressed in long gowns and dressed as people from the Wudang faction.

These Wudang sect people died in miserable state, the blood on their bodies was still dry, and the air was filled with a strong smell of blood.

call!

Seeing this scene, Xu Guangyi couldn’t help taking a deep breath.

The Wudang faction is very strong in the Earth Circle Continent, and it can be said to be a first-class sect, and the clothes of these disciples in front of them are also the elite of their disciples, and they were all killed here.

Who is the other party? Can you kill so many people from the Wudang faction?

In shock, Xu Guangyi and his subordinates came to the front, and they saw that all the elite Wudang disciples present had lost their breath, and not a single one of them was alive.

call!

After a few seconds, Xu Guangyi calmed down and said slowly: “It may be a vendetta in the rivers and lakes. Everyone search carefully to see if they have any good things on them.”

They are a rat club, and they are best at tomb digging exploration. Once you are used to it, you will naturally not be afraid, but rather excited, because these sect disciples usually carry elixir on their bodies, and they are also a fortune when they are found.

“Yes, Hall Master!”

Hearing Xu Guangyi’s order, his men began to search for the body. After a while, a lot of medicinal herbs were found.

Haha...

Looking at the medicinal pills that came up, Xu Guangyi grinned, feeling very happy: “It seems that today’s luck is good, let’s go on our way, we can still meet so many dead people, put away the medicinal pills, Save it.”

Although the Wudang sect’s medicinal pills are not very famous in the arena, they are much better than those sold on the market.

The subordinates nodded and put away the medicine pill.

“Palace Master!”

At this moment, one of the boys found something, quickly picked up something from the grass beside, and hurriedly came to Xu Guangyi: “I found a good thing, but I don’t know what it is. “

Speaking, the kid handed the thing to Xu Guangyi.

Um?

Xu Guangyi took it, took a closer look, and suddenly frowned.

I saw that this thing was the size of a cigarette case, and the whole body was gray and white, like jade but not jade.

“What kind of thing is this?”

Xu Guangyi held it in his hand and read it over and over several times. With his many years of experience in walking around the world, it was difficult to distinguish it at this time.

Yes, this thing was exactly what Nalan Xinran had fallen from before. It was transformed by a remnant of the soul after Gone’s death. Nalan Xinran was besieged by the Wudang faction before. During the fierce battle, this thing fell out.

Whoops!

At this moment, everyone around came to watch.

“Is this jade?”

“We mice will travel from south to north and explore countless ancient tombs. Have you ever seen this kind of jade? According to me, this is a kind of strange stone.

“

Now, what is this thing, we will find out when we come back from the wild and strange realm and find someone to ask.” After speaking, Xu Guangyi put away the things and looked around: “Have you all searched

clean?”

Ming’s subordinate replied with a smile: “Except for the clothes, everything is clean, and nothing is left.”

Hmm!

Xu Guangyi nodded with satisfaction, and waved his hand: “Let’s go.” After the voice fell, he took his men and continued to head towards the wild and strange realm.

...

the other side.

Tie Bowen and Nalan Wushuang, leading tens of thousands of Rakshasa cavalry, finally arrived at the Rakshasa tribe after several hours of travel.

During these few hours, Nalan Wushuang took good care of him. Nalan was glad that his injury did not worsen.

After arriving at the station, Tie Bowen ordered tens of thousands of cavalry to be stationed outside the palace, and then he and Nalan Wushuang took Nalan Xinran into the palace to meet Queen Mona.

The ultimate husband in Chinese chapter 6222

At this time, in the palace hall, Mona was sitting on the throne in a gorgeous robe.

Mona was very happy to learn that Tie Bowen had returned from Kyushu.

“Queen!”

At this time, Tie Bowen and Nalan Wushuang entered the hall and bowed first: "Tie Bowen, see the Queen."

"Nalan Wushuang, see the Queen!"

Mona showed a smile and raised her hand: "No Courtesy."

Immediately, Mona couldn't help but ask: "How is the situation in Kyushu this time? Has the crisis faced by Yue Feng been resolved? How about the casualties of our cavalry soldiers?"

Mona is generous and kind, except for worrying about Yue Feng's The situation also concerns the safety of his soldiers.

call!

Hearing the question, Tie Bowen respectfully said: "Your Excellency Yue Feng's crisis has been resolved, and the tens of thousands of soldiers led by his subordinates entered Kyushu this time, and hundreds of people were killed or injured." After

speaking, Tie Bowen explained the details.

Knowing the situation, Mona nodded, tens of thousands of people were only killed and injured a few hundred people, the cost is not small or large.

Thinking to herself, Mona instructed: "The family members of the deceased soldiers must be well cared for."

Tie Bowen nodded quickly: "This subordinate understands."

At this time, Mona's eyes fell on Nalan Wushuang: "Miss Nalan, It was hard work for you to help along the way." As she said that, Mona looked at Tie Bowen again, very pleased.

These two people, one tall and straight and handsome, the other charming and charming, are really a natural couple.

"You're welcome, Queen!"

Seeing what Mona said, Nalan Wushuang was a little flattered, and said softly: "Kyushu is my hometown, and the queen can let Brother Bowen lead the army to quell the chaos. It's a big favor for Kyushu, and I should be grateful."

Well!

Hearing this, Mona smiled lightly. At this time, she also saw Nalan Xinran who was unconscious at the door. At that time, she said in surprise: "This is..."

When she spoke, Mona looked at Nalan Xinran carefully, and suddenly Amazed by her face.

The well-crafted facial features, graceful curves, can be called a fairy descending from the earth, even though the eyes are closed at this time, and the coma is unconscious, it is difficult to hide the extraordinary temperament of the body.

What a beautiful woman.

After observing for a few seconds, Mona couldn't help but admire secretly in her heart.

Speaking of which, Mona is the most beautiful beauty of the Rakshasa clan, but seeing Nalan Xinran at this time, she couldn't help being deeply attracted.

"Queen!"

Hearing the question, Nalan Wushuang couldn't hide his worries, and quickly knelt down and pleaded, "She is my aunt Nalan Xinran. Because she was besieged by the Wudang faction, she was seriously injured, and she is still in a coma. The Queen will send someone to help." The

voice fell, and Tie Bowen knelt down and said, "I beg the Queen to help me."

"Get up quickly."

At this moment, Mona stood up slowly, her delicate face full of seriousness : "People's lives are at stake, I will naturally not die."

After speaking, Mona said to the outside of the hall: "Quick, call the palace doctor to save people."

"Yes, Queen!"

After receiving the order, the two guards outside the hall said. He snorted and left in a hurry.

After a while, the palace doctor came, and after examining Nalan Xinran's injury, he began to treat...

Phew!

Seeing this, Tie Bowen and Nalan Wushuang looked at each other and held each other's hands tightly, feeling relieved.

With the help of the palace doctor, my aunt will definitely be fine.

In the blink of an eye, half a day passed.

On the west side of the palace, in the small courtyard room, Nalan happily woke up leisurely. After being treated by the palace physician, Nalan was happily sent here to recuperate under Mona's arrangement.

call!

The moment he opened his eyes, Nalan sighed with relief, then looked around and was stunned when he saw the environment in front of him.

where is this?

"Auntie!"

Just as he was wondering, a happy voice came from the door, and then Nalan Wushuang walked over quickly and helped Nalan to sit up from the bed with pleasure: "Auntie, you are awake. That's great.

"Do you know, I was really worried to death just now." As he

spoke, Nalan Wushuang hugged Nalan Xinran's jade arm tightly, and the joy was beyond words.

Feeling Nalan Wushuang's joy, Nalan smiled happily and said softly, "I'm also very happy to see that you are all right."

The ultimate husband in Chinese chapter 6223

After speaking

, Nalan looked at the room in front of him with pleasure: "Where is this?"

Nalan Wushuang smiled and said, "This is the palace of the Rakshasa clan, Brother Bowen and I brought you back all the way, it's the queen Arranged the palace doctor to save you."

So it was.

Hearing this, Nalan nodded happily. At this moment, Nalan Wushuang

remembered something and couldn't help but ask, "Aunt, why are you being besieged by the Wudang faction?" Looking down Nalan Wushuang's nose, he said slowly, "I guessed that you might be in the Rakshasa clan, so I came to find you, but I met those

people from the Wudang faction halfway.” On the top, there was a bit of resentment: “Wushuang, have you killed all those people from the Wudang faction?” The Nalan family was destroyed, and the Wudang faction was the culprit. Um! Nalan Wushuang nodded his head with hatred in his eyes: “Those elite disciples of the Wudang faction were all killed by me and Brother Bowen, but unfortunately, that Liang Daoist finally escaped.” Nalan Wushuang was very self-conscious as he spoke . responsibility. “It’s all right!” Nalan comforted happily: “Wudang’s hypocrites will all be retributed sooner or later. When I fully recover from my injuries, let’s kill Wudang and avenge the dead clan.” “Okay!” Na Lan Wushuang nodded in agreement. As he was talking, Nalan Wushuang thought of something, and asked curiously: “Aunt, our family was besieged at that time, what happened to you? I arrived later and saw that all the people were dead, and so was my grandfather...”

Saying that, Nalan Wushuang’s sorrow came from it, and tears kept falling.

well!

Seeing her sad look, Nalan Xinran was not happy, and her eyes turned red: “My aunt was being chased, and I had no time to take care of the family’s situation. When I went back, everything was too late.”

“Later, my aunt found you . The tombstones erected for the clan will only know that you are still alive.”

Nalan gladly buried the grievances and grievances between her and Gone in the depths of her heart. This was her secret, even her own niece was reluctant to reveal it.

After all, this kind of thing is hard to tell.

As he spoke, Nalan happily raised his hand and gently wiped Nalan Wushuang’s tears: “Wushuang, we are the only two of us in the Nalan family. You must live well, you know? Be sure to accept us. The Lan family’s bloodline continues.”

Hmm!

Nalan Wushuang nodded: “Auntie, you have to be well.”

This chapter is provided by . Visit for daily update.

Hearing this, Nalan smiled happily, but there was a bit of bitterness in the smile. Seeing Gone’s demise that day, Nalan’s heart was also annihilated.

Seeing her sad face, Nalan Wushuang persuaded: “Auntie, your injury has not yet healed, don’t think too much, just take a good rest here during this time.”

“You rest first, I will let someone prepare something for you. Food.”

Returning to the Rakshasa from Kyushu, no one could stand it without a drop of water for more than ten hours.

Nalan nodded gently: "Okay!"

Nalan Wushuang said no more, turned and walked out of the room.

call!

As soon as his forefoot left, Nalan Xinran slowly got out of bed and walked to the window. At this time, night fell and a bright moon slowly rose. It looked so beautiful, but Nalan Xinran's heart was filled with inexplicable melancholy.

The next second, Nalan happily thought of something, and planned to take out the jade that Gone had transformed from his body, but he couldn't find it no matter how much he looked for it.

Oops!

For a time, Nalan was very anxious.

This is the only thing Gogne left in the world, why can't he find it?

"Come on, come on!"

Anxious, Nalan couldn't help shouting out the door, his voice weak.

When the words fell, the two palace maids hurried in and respectfully asked: "Is there anything wrong with your honored guest?"

Nalan happily said anxiously: "The things on my body are missing, help me find them." The first to look in the room.

Seeing this, the two maids quickly followed.

Soon, Nalan Wushuang got the news and rushed over. When he entered the door and saw Nalan looking for something in a hurry, he couldn't help asking: "Aunt, what's the matter? Did you lose something?"

The ultimate husband in Chinese chapter 6224

Nalan took a deep breath with pleasure, her delicate face couldn't hide her anxiety: "It's a piece of gray jade, it's very important to me."

Gray jade?

Hearing this, Nalan Wushuang was stunned for a moment. He grew up so big, he had only heard of white jade, sapphire and topaz, and he had never heard of gray jade.

However, seeing her aunt's anxious look, Nalan Wushuang didn't ask any further questions, and started searching together.

After a while, several people searched the room several times, but they never saw what Nalan Xinran said.

"It must have fallen off the road."

At this time, Nalan happily said to himself, pulling Nalan Wushuang: "Quick, take me here, I have to find it."

That thing, it was the only thing Gognie left her that she could miss, and she couldn't find it at this time, and Nalan was happy to be empty.

"Auntie!"

Nalan Wushuang was very helpless and persuaded: "It's such a long journey, I'm afraid it will be difficult to find, and, in your current state, you shouldn't travel thousands of miles."

"Well, you tell me that gray What is the jade like, I will ask Brother Bowen to send someone to help you find it."

Phew!

Hearing this, Nalan took a deep breath and nodded, agreeing to Nalan Wushuang's arrangement.

Half an hour later, Nalan Wushuang called Tie Bowen and explained the situation. Tie Bowen immediately dispatched Rakshasa cavalry to go to the Kyushu mainland to find him.

on the other side, in the depths of the wild and strange realm.

In the dense forest with complex environment, a figure quickly walked through.

The man was dressed in a white long gown, and his clothes were extraordinary, but he was exhausted, and he couldn't hide the anxiety between his brows.

It was Zhu Bajie.

A few days ago, after Shennong inspected the situation of Gonggong, he suggested the solution, which required the soul of a beast to have a child.

After all, there are 100,000 jungles in the wild and strange realm, and there are all kinds of spiritual beasts inhabiting them.

For others, the environment here is harsh and very dangerous, but Zhu Bajie is so powerful that he doesn't take it to heart at all.

However, after Zhu Bajie arrived in the wild and strange realm, he searched for a few days, only to encounter some weak and powerful beasts, and the highest rank was not enough for Marquis, let alone the realm of Martial Emperor.

Mad!

At this time, Zhu Bajie came to a forest and found a grass to sit down, feeling very angry.

After searching for a few days, I haven't come across a spirit beast in the Martial Emperor realm, and I don't know how long I can wait for Gonggong.

Whoosh!

Just when Zhu Bajie was secretly annoyed, suddenly, a snow-white figure flashed past the jungle in front of him.

The opponent's speed was very fast, but Zhu Bajie's eyes were sharp, and he could still see clearly. This was a wind spirit wolf, with snow-white hair, aura, and blood-red eyes, flashing a terrifying light.

Wind Spirit Wolf in the Martial Saint Realm?

In the next second, Zhu Bajie sensed the strength of this wind spirit wolf, and suddenly showed a smile, and his heart was also very excited.

The wind spirit wolf is a group of spirit beasts, and a single one has the strength of a Martial Saint. If its leader is found, its strength must be above the realm of Martial Emperor.

It's really hard to find a place to break through the iron shoes, and it takes no effort to get it.

At this moment, Zhu Bajie murmured in his heart, instead of frightening the snake, he quietly got up and followed the wind spirit wolf.

Soon, Zhu Bajie followed the wind spirit wolf and came to the bottom of a cliff. He saw a hidden cave below the cliff. There were several stone pillars lying down at the entrance of the cave. You could vaguely see that there were patterns carved on the stone pillars.

Obviously, this should be a relic.

However, Zhu Bajie did not pay attention to these stone pillars, but fixed his gaze on the position of the entrance of the cave, and saw that several wind spirit wolves were walking back and forth there.

The strength of these wind spirit wolves is not low. Three of them are in the Martial Saint Realm. At this time, they are guarding the entrance of the cave, like a guard.

Haha...

Seeing this, Zhu Bajie was very excited.

It seems that the old nest of these Fengling wolves has been found. These heads are guarding the door. Presumably the wolf king is in the cave.

Excited, Zhu Bajie did not rush up, but quietly retreated into the woods next to him, pulled out his long sword, chopped down a few small trees about the thickness of his arms, and began to deploy in the woods.

The ultimate husband in Chinese chapter 6225

Yes, Zhu Bajie is going to deploy a five-element trapping array in the woods.

Speaking of which, with Zhu Bajie's strength, it would not be a problem to kill several wind spirit wolves at the door, but because he was uncertain about the situation in the cave, Zhu Bajie decided to be cautious.

After all, to capture the soul of the beast, you need to completely suppress the opponent and be alive.

Once he made a move and accidentally killed the wolf king, the beast soul would be gone.

Zhu Bajie thought about it, first use the five elements trapped array to trap all the wind spirit wolves outside, and then the wolf king inside will definitely come out to rescue.

At that time, Zhu Bajie used the power of thunder to restrain the wolf king, and then took out the beast soul.

Swish swish!

At this time, Zhu Bajie cut down more than a dozen small trees and inserted them into the woods one by one according to their orientation.

Speaking of which, Zhu Bajie is not very proficient in the formation technique, but after getting to know Yue Feng, he has also learned some simple formation techniques.

This Five Elements Trapped Formation was learned while playing chess with Yue Feng in Shennong's secluded place.

"It's done!"

Soon, after deploying the formation, Zhu Bajie clapped his hands and walked straight to the cave with a slight smile, shouting at the wind spirit wolves guarding the entrance of the cave, "A few evil beasts, What are you doing here? Get out of here!"

Swish!

Hearing the sound, several wind spirit wolves instantly locked Zhu Bajie, and then rushed over quickly.

Faced with this situation, Zhu Bajie took it easy, urging his figure to meet him.

This chapter is provided by . Visit for daily update.

bang bang bang....

In just a few breaths, Zhu Bajie easily knocked down these wind spirit wolves. Of course, he didn't kill them, just knocked them out.

The purpose of Zhu Bajie doing this is to attract all the nearby Fengling wolves.

Because the wind spirit wolf is very disciplined, and the level is strict, just kill a few wind spirit wolves, the wolf king will not show up, only if all the wind spirit wolves here are caught, the wolf king will appear. .

"Ow...Ow!"

Sure enough, just after a few wind spirit wolves were knocked down, I heard wolf howls coming from all around. In the next second, one wind spirit wolf rushed over, and there were five of them. More than ten horses.

Oops, that's a lot.

Seeing this situation, Zhu Bajie didn't panic at all, instead he smiled and shouted: "Just rely on you bastards, you want to hurt my old Zhu? Dream." Yelling

, Zhu Bajie turned around. , rushing towards the five elements trapped in the woods behind.

Whoosh whoosh!

Dozens of wind spirit wolves, without the slightest hesitation, let out a howl and quickly chased towards Zhu Bajie. In their hearts, this human being broke into their habitat and hurt their companions. He was torn to pieces to relieve his anger.

In the blink of an eye, dozens of wind spirit wolves chased Zhu Bajie and entered the trapped formation of the Five Elements.

“Haha!”

At this moment, Zhu Bajie was very proud, quickly activated the formation, trapped these wind spirit wolves inside, and said with a smile: “Beasts are beasts, you know that you are reckless, although your IQ is not low, but in case of When it comes to my Lao Zhu, I will only be trapped.”

“Ow, ooh...”

Facing the salary adjustment, dozens of wind spirit wolves roared and tried to rush out, but in their eyes, They were blocked by trees in all directions, and they rushed out at all.

“Hey, just stay inside.”

At this time, Zhu Bajie said slowly, turned around and left the woods, and then secretly turned back in the place where the wind spirit wolves can't see, jumped onto a big tree, tightly Observe the condition of the cave.

Yes, these wind spirit wolves are not low IQ. If Zhu Bajie didn't pretend to leave, the wolf king in the cave would not show up easily.

“Ouch, ooh...”

Sure enough, seeing Zhu Bajie turn around and leave, dozens of trapped Fengling wolves thought he was really gone, so they all sent out distress signals to the cave.

“Ow...”

After a while, a howl that shocked the soul came from the cave, and then, a huge figure rushed out of the cave like a white lightning.

It is the wolf king.

I saw that the wolf king's body was more than three times larger than the ordinary wind spirit wolf, the snow-white hair was like silk, and the whole body was filled with a powerful breath, and the eyes flashed with blood red light, shocking the soul.

The ultimate husband in Chinese chapter 6226

Haha... The wolf king finally appeared.

At this moment, Zhu Bajie was indescribably excited, especially when he felt the strength of the Wolf King, he was even more excited.

He clearly felt that the strength of the wolf king in front of him had reached the stage of the Empress Wu.

It really is the strength of Emperor Wu, and when he gets his beast soul, he can leave this ghost place and go back to save Gonggong and the children.

Excited in his heart, Zhu Bajie did not rush to take action, but hid in the tree and quietly observed the wolf king. You must know that the wind spirit wolf is very spiritual, especially this wolf king in the martial emperor realm, his IQ is even higher. is not low.

If you want to get the wolf king's beast soul, you must be careful.

"Ow..."

Zhu Bajie's caution was not superfluous. After seeing the wolf king rushing out of the cave, he didn't rush into the woods to save his companions, but let out a low growl and looked around vigilantly.

Obviously, it is demonstrating against the enemy.

However, while Zhu Bajie was hiding in the tree, he also restrained his breath, so the wolf king could not perceive it at all.

"Ouch, ooh..."

At this time, the wolves trapped in the woods howled at the wolf king one by one, telling the wolf king that the enemy had left, and these wind spirit wolves didn't know it yet. , I was deceived by Zhu Bajie.

Hearing the message from his companions, the wolf king relaxed his vigilance, slowly entered the woods, and came to the Five Elements Trapped Array.

"Ow..."

Although the wolf king's IQ was not low, he couldn't see the mystery of the formation. He just thought that his companions were blocked by some trees, and immediately howled to signal them to come out.

This chapter is provided by . Visit for daily update.

In an instant, dozens of wind spirit wolves tried to rush out of the woods again, but what made them powerless was that no matter how hard they dashed, they could never get out.

The wolf king also seemed a little stunned, howling in his mouth, and commanding the wolves to try a few more times.

The result can be imagined, dozens of wind spirit wolves are always trapped inside.

Haha....

Seeing this scene, Zhu Bajie couldn't help but laugh secretly.

Although this wolf king is smart, he has overestimated his own abilities. The five elements that I deployed are trapped, but the essence of human wisdom, how can you, a beast, comprehend it?

Thinking to himself, Zhu Bajie didn't hesitate, and immediately shouted: "Don't waste your energy, just be obedient and capture it."

Om!

The voice fell, and Zhu Bajie's inner strength exploded, swooping down from the tree, and heading straight for the wolf king.

Seeing Zhu Bajie appear suddenly, the wolf king was startled, but he quickly adjusted his fighting stance, his eyes were blood red, and he let out a roar.

"Oh?"

Zhu Bajie looked surprised: "You still dare to fight, you have great courage." He shouted, raised his hand and slapped it directly at the top of the wolf king's head.

Of course, because the soul of the beast can only be obtained by catching it alive, this palm of Zhu Bajie did not burst out with all its strength, but even so, the air around him was violently distorted, and the power was amazing.

"Ow!"

Feeling the power of Zhu Bajie's palm, the wolf king let out a howl. He didn't choose to hit it hard, but with the help of the trees next to him, his huge body moved one by one and deftly avoided it.

Swish!

After avoiding this palm, the wolf king stretched out his claws like lightning and grabbed towards Zhu Bajie's neck, very fierce and fast.

You must know that this wind spirit wolf has lived in the wild and strange realm for more than a hundred years. Because of the competition for territory, he has fought fiercely with other beasts, and has experienced many life-and-death struggles, so he has very rich combat experience.

Um?

With a slap in the air, Zhu Bajie put away his smile, frowned, and stared at the wolf king in approval: "You can actually avoid my slap, yes, it seems that my old Zhu is underestimating you, come again."

The voice fell, and Zhu Bajie urged his inner strength to charge up again.

"Ow..." The wolf king howled unwillingly, and his huge body came to meet him.

Bang bang bang...

In the blink of an eye, the two sides fought fiercely in the woods for several rounds. At first, Zhu Bajie was full of confidence, but soon realized that he underestimated the strength of this wolf king.

Several times Zhu Bajie's full blow was avoided by the wolf king.

Because the beast soul can only be obtained while the wolf king is alive, Zhu Bajie has some concerns in his heart and does not dare to kill the killer. In order to survive, the wolf king naturally burst out with all his strength.

The ultimate husband in Chinese chapter 6227

Under such circumstances, ten minutes passed in the blink of an eye, Zhu Bajie not only failed to subdue the wolf king, but was scratched in several places by its sharp claws, dripping with blood.

Mad!

When the pain came from the wound, Zhu Bajie burst into flames instantly and cursed: "Well, you are a wicked animal, tigers don't show their power, you treat me as a sick cat." The

voice fell, Zhu Bajie waved his hand, and summoned nine Tine rake.

This weapon, Zhu Bajie, was rarely used, but he was scratched several times by a wolf king today, and he lost all face, so he couldn't care less at this time.

"Ouch..."

Smelling the bloody smell on Zhu Bajie's body, the wolf king was also aroused by his ferocity. At that time, he howled, opened his bloody mouth, and spewed out a green flame.

Holy crap....is this a spirit flame?

Seeing the green flame, Zhu Bajie was startled.

He has survived for thousands of years and is well-informed. He knows that with the deepening of the cultivation strength of some spiritual beasts, a unique flame will form in the body. This flame is different from the strange fire, but is related to the spiritual energy of heaven and earth absorbed by the spiritual beast. So it is called the spirit flame.

However, the chances of ordinary spirit beasts being able to form spirit flames are very small, because this kind of flame is very powerful. Once it is contaminated, there will be no bones left. Therefore, ordinary spirit beasts can hardly withstand the power of spirit flames.

I just didn't expect that the wolf king in front of him could not only withstand the power of Lingyan, but also flexibly use it in battles.

If it were allowed to live for another hundred years, the strength would be even more terrifying.

Thinking to himself, Zhu Bajie clenched the nails tightly, avoided the spirit flame, and fought fiercely with the wolf king again.

This spiritual flame is extremely terrifying to other practitioners, but Zhu Bajie's strength has reached the peak of the realm, so he is not panic at all.

This chapter is provided by . Visit for daily update.

Bang Bang...

After a few more rounds of fierce fighting, Zhu Bajie finally found an opportunity, and the nine-toothed nail rake waved a cold light and slammed it towards the wolf king's head.

This move was quick and ruthless, and the wolf king could not avoid it.

Shit, that doesn't work.

Seeing that Ding Rake was about to smash the top of the wolf king's head, at this moment, Zhu Bajie thought of something and stopped quickly.

If the wolf king was killed like this, the beast soul would be gone, wouldn't he be busy working in vain?

It's just... This wolf king is too difficult to deal with, and it's not easy to find a chance to catch him alive if he continues to fight.

Thinking of this, Zhu Bajie suddenly got into trouble.

Killing and not being able to kill, catching alive is very difficult, really worrying.

Got it!

Suddenly, Zhu Bajie had a flash of inspiration and suddenly had an idea.

Although this wolf king is powerful, he is still a beast.

Thinking of this, Zhu Bajie put away the rake and shouted at the wolf king: "Beast, my old Zhu won't play with you." After the voice fell, Zhu Bajie showed his figure and rushed towards the depths of the woods.

"Ouch..." The

wolf king's fierceness was aroused, how could he escape, he immediately howled and quickly chased after him.

Soon, in the depths of the woods, Zhu Bajie hid behind a big tree and recited something in his mouth: "The universe is transformed into extremes, the Tao is boundless, one life is two, two begets three, and three beget all things....Clone art!

" !

The last word fell, a strange force surged around Zhu Bajie, and then a figure condensed.

Looking closely, this figure is exactly the same as Zhu Bajie, condensed as if it were real, as if it were real.

Yes, Zhu Bajie performed one of his unique skills, the Clone Technique. However, this kind of avatar technique, the condensed avatar, has no combat power at all, and can only confuse the enemy, so Zhu Bajie rarely displays it on the enemy.

After all, those who can become Zhu Bajie's enemies are not mediocre. It's easy to tell the difference, but the clone technique is not enough to deal with powerful enemies. It's more than enough to deal with this wolf king.

Zhu Bajie thought about it, and used this clone to consume the strength of the wolf king.

Wait until the strength of the wolf king is almost exhausted, and then capture it in one fell swoop.

call!

At this time, seeing the avatar condensed, Zhu Bajie showed a smile, without hesitation at that time, jumped up and hid in the tree again.

That is, the wolf king chased after him, his eyes locked on the clone at once.

The ultimate husband in Chinese chapter 6228

"Haha, keep playing with my clone." Zhu Bajie sneered, and then issued an order to let the clone continue to run away in the woods.

"Ow..."

Although the wolf king is not weak in intelligence, it is difficult to distinguish the true from the false, thinking that the clone is Zhu Bajie himself, howling at that time and quickly catching up.

For a time, the wolf king and the clone staged a chase battle in the woods.

Zhu Bajie hid in the tree, watching the situation closely, very leisurely.

In the blink of an eye, half an hour passed, and the wolf king chased after the clone, wasting a lot of physical strength and energy, and the speed slowed down significantly.

it's time!

Seeing this situation, Zhu Bajie stretched his muscles and bones, jumped down from the tree, and shouted: "Beast, the game is over."

Om!

When the last word fell, Zhu Bajie's inner strength exploded, reaching out and grabbing towards the wolf king's neck like lightning.

Whoa!

However, at this time, there was a sound of footsteps in the woods not far away, and then, a group of people appeared in the field of vision.

I saw that these people were dressed in peculiar clothes, carrying bags one by one, and also had a lot of strange tools hanging from their waists.

It was Xu Guangyi and others from the Rat Society.

A few hours ago, Xu Guangyi passed by the place where Nalan Xinran and the Wudang faction fought fiercely, and after looting the dead bodies, he rushed to the Wilderness and Strange Realm non-stop, and then found it all the way according to the mark of the treasure map.

Swish!

At this moment, when Xu Guangyi and others saw the wolf king, they were all shocked and exclaimed.

"I'm going... Hall Master, what a big wind spirit wolf!"

"Such a big one, wolf king."

"It's still in the realm of Martial Emperor. This wolf skin and inner core can be sold on the black market. A lot of money."

The exclamations of the crowd came, Xu Guangyi was excited and excited, he didn't have time to think about it, he pulled out a bone-penetrating nail from his body and hit the wolf king's head.

The bone-penetrating nail is the exclusive hidden weapon of the Rat Club. The shape is the same as the nail, but it is much larger than the ordinary nail, and there are some undercuts at the tip. It is a very sinister hidden weapon.

The wolf king was exhausted by Zhu Bajie's clone, and he was so exhausted that he couldn't dodge at all.

Nima!

Seeing this group of uninvited guests attacking the wolf king, Zhu Bajie's expression changed. At that time, he secretly cursed and wanted to stop it, but it was too late.

Snapped!

In the next second, the bone-penetrating nails shot up, hitting the wolf king's skull, and the wolf king's huge body suddenly trembled, let out a groan, and then fell to the ground with a bang, dying out of breath.

Seeing the wolf king dying, Zhu Bajie froze there, his eyes flickering, his face turned green with anger at that time.

Damn Nima, I worked so hard for a few hours that I almost captured this wolf king alive, but until now, he was killed by these bastards.

For a few days, I finally found a Martial Emperor realm.

As a result... all efforts were in vain.

Depressed, Zhu Bajie looked extremely ugly as he looked at Xu Guangyi and the others coldly.

Wow...

The wolf king was killed, Xu Guangyi's subordinates were all amazed, and they couldn't help but pat their horses.

"The hall master is amazing, one hit kills you!"

"That's right, it's not the hall master, haha..."

"If only I had half the strength of the hall master."

The voices of praise from the subordinates continued. When it came, Xu Guangyi was very useful, a smile appeared on his face, and then he walked slowly.

The men quickly followed.

"Yeah!"

When he got to the front, Xu Guangyi looked at the wolf king's body and nodded with satisfaction: "The angle of the shot just now was good, and the wolf's skin was not injured. Such a big wolf king is rare, and the fur is so beautiful. It should be able to buy a lot of money."

After speaking, Xu Guangyi waved his hand and ordered to his subordinate: "Quick, take out the wolf's skin and take out the inner elixir." As he spoke, Xu Guangyi looked at Zhu Bajie, face disdain.

In his eyes, Zhu Bajie is a cultivator who came to explore the wild and strange realm. Although his strength is not weak, he is not empty at all. After all, he has so many subordinates.

okay!

Hearing the order, several subordinates responded, and they were ready to pick up the wolf's skin and take the inner alchemy.

However, at this moment, Zhu Bajie stepped forward and said coldly, "Hold on."

Huh?

At this moment, Xu Guangyi and the surrounding subordinates all focused their eyes on Zhu Bajie, frowning secretly one by one.

What is this man doing?

Soon, Xu Guangyi was the first to react, looking at Zhu Bajie up and down, with a high-spirited attitude: "Hey, are you talking to us?"

This person's dress and temperament are not ordinary people, but he is the only one. One, don't take it seriously at all.

call!

Zhu Bajie took a deep breath and suppressed his anger: "I'm here, it's you, I won't talk to you, should I talk to this dead wolf?"

Oops?

Seeing his bad tone, Xu Guangyi sneered: "It's interesting, what's the matter with you?"

"You killed my wolf king, what are you asking me about?" Zhu Bajie was furious and looked at Xu Guangyi closely. , said word by word: "Do you know how much energy and effort I have spent to find this wolf king?"

At this time, Zhu Bajie wanted to kill Xu Guangyi and others immediately, but he held back.

Although Zhu Bajie's strength is high, he is not cruel and easy to kill. At this time, he suppressed his anger, and just wanted the other party to give him an explanation.

"Haha!"

Hearing Zhu Bajie's questioning at this time, Xu Guangyi was stunned for a moment, then smiled contemptuously: "So that's what happened, boy, if you really count it, you have to be grateful to me."

"It depends on your strength . It's not weak, but it would be difficult to kill this wolf king alone, I killed it for you just now, it can be regarded as saving your life, do you understand?"

What? you save me?

Hearing this, Zhu Bajie laughed angrily: "So, I have to thank you?"

Mad, this person is quite self-righteous, you killed the wolf king who should belong to me, is there any reason?

Xu Guangyi chuckled lightly, his face full of arrogance.

At this time, the subordinates behind Xu Guangyi came over one by one, shouting, and lecturing at Zhu Bajie.

"Boy, don't know what's wrong, our hall master saved your life just now."

"Yes, if it weren't for our hall master, you could handle this wolf king alone, and I'm afraid that he would die a long time ago.

" Get out of here, don't get in the way of us."

Everyone's reprimands came from you and I, but Zhu Bajie ignored it and looked at Xu Guangyi coldly: "How do you want to solve this?"

"Haha!"

Xu Guangyi thought he I was embarrassed. At that time, I smiled lightly and said, "I'm not difficult for you, hand over your valuables and you can leave. As for my saving your life just now, I don't need to repay."

When he spoke, Xu Guangyi looked impatient.

The location shown on the treasure map was not far ahead. Xu Guangyi just wanted to get the wolf skin and inner alchemy quickly, and then go to explore the treasure.

“Haha!”

Hearing this, Zhu Bajie couldn't help it at all, and laughed loudly: “Okay, very good, this is the first time my old Zhu has been blackmailed in this way for so many years.” The

last word Falling down, Zhu Bajie's eyes flashed with killing intent, and he said to Xu Guangyi: “I'll give you a chance, kneel down and admit your mistake, otherwise, you will be at your own risk.” The

voice was not loud, but it was unquestionable.

Good boy, the tone is crazy.

At this moment, Xu Guangyi's face sank, and he was terrified.

Swish!

At the same time, the surrounding subordinates also burst into flames instantly, glaring at Zhu Bajie.

This person is really arrogant, dare to speak to the hall master like this.

Soon, a man named Li Dong walked out quickly, pointed at Zhu Bajie with a long knife, and scolded: “Where is this guy who doesn't know the sky and the earth, dare to talk to our hall master like this, courting death!

” At the moment of falling, Li Dong shouted, and the long knife slashed towards Zhu Bajie.

This Li Dong is Xu Guangyi's sidekick and is good at slapping his beards and horses. Seeing Zhu Bajie's rude remarks at this time, he naturally won't miss the opportunity and wants to show off in front of Xu Guangyi.

call!

This knife, Li Dong tried his best, and saw the blade passing by, stirring up strong winds, the power was amazing.

However, Zhu Bajie was indifferent and didn't pay attention to it at all.

“Go away!”

Seeing that the long knife was about to be chopped up, Zhu Bajie's eyes shot out, and he roared, followed by a flash of lightning from his palm.

The ultimate husband in Chinese chapter 6230

Bang!

Li Dong didn't understand what was going on, but he felt an overwhelming force coming from the mountains. At that time, he groaned, and the whole person was shocked and flew out.

When he landed, Li Dong's face was pale, blood from the seven holes, and he was dead. The long knife in his hand was also broken into pieces and scattered on the ground.

What?

Just a trick?

Just one move to kill Li Dong?

Seeing the scene in front of him, whether it was Xu Guangyi or the other members of the Rat Society, they were all shocked and gasped.

Speaking of which, Li Dong's strength is not weak, otherwise he would not have become Xu Guangyi's sidekick, but now, he was killed by the opponent's palm...

This person is so strong?

At this moment, Zhu Bajie's eyes were blood-red, and his whole body was filled with hostility. He looked at Xu Guangyi and said, "Kneel down and apologize, otherwise, don't even want to live."

Mad!

Hearing this, Xu Guangyi was furious. He was a dignified rat and was threatened in front of so many subordinates. How could he still walk around in the future?

Seeing Li Dong's tragic death, Xu Guangyi was even more furious. He pointed at Zhu Bajie and howled, "Brothers, come together, chop up this kid for me, and throw it into the woods to feed the wild dogs.

"The problem, or the death of his subordinates, is impossible for him to compromise.

More importantly, although the opponent's strength is not weak, but there are a lot of people on his side, the opponent will definitely be unable to stop him if he swarms up at this time.

“Kill!”

“Come together.”

“Avenge Li Dong.”

Hearing the order, the men present drew out their long knives one after another and rushed towards Zhu Bajie howling.

Seeing the crowd rushing in, Zhu Bajie's inner suffocation was completely aroused, and he said angrily: “Since you are going to die, I, old Zhu, will complete you.” “

Tiger Roaring Universe!”

From Bajie's mouth, in an instant, a roar of a tiger resounded through the heavens and the earth.

The next second, I saw a macular tiger that quickly condensed out in front of Zhu Bajie. This tiger was more than ten meters long. Shock the mind.

Hiss....

what a big tiger, this...what kind of skill is this? This breath is too scary.

Seeing the tiger appearing, the mouse that was about to rush in front of him would wait for someone, and immediately stopped, staring blankly at the yellow-spotted tiger above his head, each and everyone felt their legs were weak, and their hearts were extremely shocked.

Gudong!

Xu Guangyi swallowed even more, and cold sweat broke out on his forehead. At this time, he finally realized that he had provoked someone he shouldn't have provoked today, and he wanted to beg for mercy at the time, but he was so frightened that he couldn't say a word.

“Death!”

At this moment, Zhu Bajie looked grim, raised his finger and pointed at the crowd, shouting loudly.

After receiving the order, the macular tiger let out a roar and came straight towards the crowd. Wherever the huge body passed, the air was torn apart with cracks, which was amazing.

Tiger Roaring Universe is one of the stunts that Zhu Bajie has learned. Unless it is absolutely necessary, it will not be used easily. It was just that Xu Guangyi caused a real fire just now.

“what!”

The members of the Rat Guild who were present couldn't react at all. Intuition flashed before their eyes, and the macular tiger was in front of them. Under the shock of terrifying power, they screamed miserably, and they were beaten to the point of vomiting blood, and finally fell into a pool of blood.

All...all dead?

Seeing this situation, Xu Guangyi's hair trembled, and his head was buzzing, completely stupid.

Zhu Bajie looked at him coldly and arrogantly: “What other last words do you have to say?” Pfft

...

Hearing this, Xu Guangyi's heart trembled. At this time, he still had the slightest bit of confrontation in his heart, and he was dripping with cold sweat. He tremblingly begged for mercy: “Forgive your life, Your Excellency, please spare your life. Just now, I didn't know Mount Tai, and I offended Your Excellency. Please hold your hand high and spare me this time.”

Xu Guangyi almost cried when he said this.

I thought that with a lot of people, I could easily defeat this person, but I never imagined that the opponent's strength was so tyrannical, completely beyond my imagination.

Zhu Bajie looked at him coldly: “You know what's wrong now? It seems too late.”

Bang Bang Bang...

At this moment, Xu Guangyi trembled and kept kowtowing, saying while kowtowing: “Your Excellency, forgive me, I There is a treasure map, and there are some treasures on me, as long as your Excellency raises your hand, I will give you all.”
