said, Xu Guangyi took out all the belongings on his body, as well as the medicinal pills he had collected before, and put them respectfully in front of Zhu Bajie, including the medicinal pills that Gone had turned into when he died.

Mad!

Zhu Bajie was angry and couldn't help but scolded: "You killed my wolf king, and you can pay for something?" The

wolf king is dead and the beast soul is gone. This is about Gonggong. The safety of your child's life is not a matter of money at all.

Bang Bang....

Hearing this, Xu Guangyi's face turned pale, completely panicked, and kept kowtowing, begging bitterly: "Your Excellency, forgive your life, raise your hand high..."

Then, Xu Guangyi pointed to Shizang Treasure map: "The location recorded on this treasure map is in a nearby cave. There are treasures in it. As long as your Excellency is willing to let me go, the treasures in it are all yours."

When he said this, Xu Guangyi's eyes were full of anticipation. .

call!

At this moment, Zhu Bajie took a deep breath and gradually calmed down.

The wolf king's beast soul is gone, so it's no use killing this person, it's better to look at the place recorded in this treasure map, what good things are in it.

Thinking to himself, Zhu Bajie said coldly: "Then I'll give you this opportunity, you lead the way, but I warn you, don't play tricks, or you will die ugly."

"Yes, yes..."

Xu Guangyi nodded his head pecking at the rice, and quickly

said, "Don't worry, Your Excellency, I will definitely not play tricks." With that, Xu Guangyi carefully picked up the treasure map and probed forward according to the location recorded above.

on the other side.

Yue Feng only felt that he had a very long dream. In the dream, it was as if he was in the boundless sea, like a duckweed, rising and falling between the stormy waves...

huh!

I don't know how long it took, Yue Feng slowly woke up, took a deep breath and slowly opened his eyes.

The moment he opened his eyes, Yue Feng was stunned when he saw the scene in front of him.

Yue Feng saw that he was on a hill, with the sun shining above his head. To the south of the hill was an incomparably majestic city. In the middle of the city was a group of splendid palaces. People yearn for.

Obviously, this is an imperial city. In Yue Feng's memory, the most imperial city in the Kyushu continent is the Beiying Imperial City, and the scale of this imperial city is twice as large as the Beiying Imperial City. more than.

It's just such a prosperous imperial city, but at this moment, smoke is billowing everywhere, and wars are raging everywhere.

From Yue Feng's point of view, it can be clearly seen that the streets of the city are full of soldiers fighting, blood donations dyed the streets red, and many people fled in panic.

A living purgatory on earth.

What the hell!

Seeing this scene, Yue Feng couldn't help frowning secretly.

Where are you? The architectural style of the imperial city in front of me is obviously different from that of the Kyushu Continent. Could it be that he was transported to another human world by the chaotic vortex?

Yue Feng guessed right, the place where he is now is called Tianxin Continent.

This city, shrouded in war, was the imperial capital of the Dayan Dynasty. The Dayan Dynasty was the most powerful dynasty in the Tianxin Continent for thousands of years.

It's just that the prosperity must decline. Today's Dayan Dynasty has passed its heyday. Last autumn, the Dayan Emperor died, and the government and the opposition were turbulent. In the end, the seven-year-old prince could not be elected to the throne.

However, the young emperor was young. Although the queen was assisted in the administration, it was difficult to stabilize the government. In addition, the barbarians on the northern border continued to cause trouble, and Ji Beiye, the general guarding the border, was very ambitious. will pour.

Just a day ago, Ji Beiye, in the name of worshipping the new emperor, joined the Hu people and went all the way north to attack the city and Luechi, and entered the imperial capital.

In the face of this situation, the government and the opposition were in chaos, and the imperial guards were used to pampering them. They were not Ji Beiye's opponents at all. The two sides fought for less than half an hour, and the imperial guards were completely defeated.

After that, Ji Beiye commanded the army, went straight to the palace, and started a bloody massacre...

alas!

At this moment, Yue Feng stood on the hill and looked at it for a moment, and couldn't help sighing inwardly.

Sure enough, no matter where, once the war broke out, the people who suffered the most were the people.

The ultimate husband in Chinese chapter 6232

"Grandpa Qu... woo..."

Just when Yue Feng was sighing inwardly, he heard a child's cry in the woods not far behind him.

fleeing people?

At this moment, Yue Feng heard the cry and quickly approached the woods. Soon, he saw an old man leaning on a book, dressed in a dark blue satin robe, with an extraordinary temperament, but there were two sword wounds in his heart, which were bulging. Blood.

The old man was about seventy years old, and his face was pale with a dead gray due to the severe injury.

In front of the old man, there was a boy of eight or nine years old, crying sadly.

The boy looked handsome, his face was red and his teeth were white. At this time, his face was full of panic. He was wearing a white short shirt, but it was stained with blood.

“Grandpa Qu...” At this time, the boy

was lying on the old man’s body. He was in constant pain and was very helpless: “You don’t want to leave, you... what should I do if you leave.”

It was Ying Kuang, the young emperor of the Dayan Dynasty. The seriously injured old man was the auxiliary minister, Qu Fengyi.

Half an hour ago, Ji Beiye’s army invaded the imperial capital. Seeing that the situation was over, Qu Fengyi took the young emperor and escaped from the palace, disguised himself and mixed into the fleeing people.

As a result, Qu Fengyi was still injured in the process of escaping from the palace.

After being injured, Qu Fengyi took the young emperor and successfully escaped from the imperial capital, but after reaching this forest, he couldn’t hold it anymore because of excessive blood loss.

“Good!”

Seeing Yingkuang crying non-stop, Qu Fengyi squeezed out a smile and comforted weakly: “Don’t cry, you still have a heavy burden on your shoulders in the future, you must be strong.”

This chapter is provided by . Visit for daily update.

“I’m afraid it won’t work, in the future It’s up to you to walk the road.”

“Remember what I said to you just now, don’t reveal your identity, and find a way to agree with King Shaoyang. King Shaoyang is an upright man, and he is your cousin. He will definitely help you revive your great cause.”

After saying this, Qu Feng Righteousness is powerless and is already dying.

“Grandpa Qu...”

Hearing this, Ying Kuang was even more saddened, nodded and said, “I remember it all, but I don’t want you to die...”

Although he is a young emperor and has a high status, after all I was too young. I saw Ji Beiye's army wantonly slaughtering in the palace, and I was already scared. Now that Qu Fengyi is about to leave, how can a small heart bear it?

"Don't cry, be strong..."

At this time, Qu Fengyi, unable to speak, raised his hand with difficulty and lightly patted Ying Kuang's young shoulder.

Shasha...

At this moment, Yue Feng walked over slowly and said, "Old man, you are seriously injured."

Yue Feng didn't really hear the conversation between the two just now, so he didn't know the relationship between the two. I just thought they were refugees who escaped from the imperial city.

While speaking, Yue Feng observed Qu Fengyi's injury and felt very sorry in his heart. He was involved in the vortex of chaos before, and all the elixir on his body was lost. Otherwise, he might be able to save the old man's life.

But now, in this wilderness, there are no alchemy herbs to be found, and everything is useless.

Swish!

Suddenly seeing someone coming, Qu Fengyi's eyes that were about to be slack, suddenly glowed with a gleam of brilliance, and locked Yue Feng tightly: "You... Who are you?" The

words were full of vigilance.

You must know that Ji Beiye rebelled openly this time and led his army to invade the imperial capital. The purpose was to hold the young emperor hostage and take power alone. If this person in front of him was from Ji Beiye, it would be troublesome.

At the same time, Ying Kuang also looked closely at Yue Feng, clenched his fists tightly, and was on guard.

call!

Feeling the hostility between the two, Yue Feng smiled slightly and waved his hand: "Old man, don't be nervous, I just passed by. Seeing that you are so miserable, I want to come and help."

Hearing this, Qu Fengyi did not relax . Be vigilant, but look at Yue Feng up and down.

Seeing that Yue Feng was dressed in strange clothes, and the way he spoke was very different from what he usually sees, Qu Fengyi suddenly thought of something and asked, "You... are you from the Tao of Heaven?"

When asking these questions, Qu Fengyi Righteous eyes flickered with the same light.

Li Tiandao is a very mysterious organization in Tianxin Continent. This organization has strict discipline and many disciples. Because it advocates 'benevolence and equality', which means everyone is equal, there is no high or low. The concept is completely different, so it has been rejected and suppressed by various dynasties.

The ultimate husband in Chinese chapter 6233

However, most of the members of Li Tiandao are very powerful. Although they have been suppressed by various dynasties, they have been active in various places in Tianxin Continent.

For thousands of years, the followers of Li Tiandao have hoed the strong and helped the weak, robbed the rich and helped the poor, and advocated the elimination of war. Therefore, as long as there is war, they will appear.

Therefore, people who are away from the Tao of Heaven are very mysterious.

At this time, Qu Fengyi saw that Yue Feng was dressed in fancy clothes and spoke uniquely, so he subconsciously regarded him as someone who was out of the way of heaven.

away from heaven?

Hearing this, Yue Feng frowned, and then smiled: "I'm not, the old man probably admits his mistake."

"It doesn't matter whether you admit your mistake or not."

Qu Fengyi smiled bitterly, and said weakly: "As long as you are not Ji Bei's spies are good, dare to ask your name Gao?" Qu Fengyi believed that Yue Feng was someone who was out of the way of heaven, but these people were very mysterious, so they didn't reveal their identities far away.

Uh...

Yue Feng scratched his head and replied, "My name is Yue Feng!"

"Your Excellency Yue Feng!"

Qu Fengyi looked at Yue Feng closely, showing some anticipation: "Old man is dying, trouble. Can you help take care of this child, escort him all the way, and bring him to the King of Shaoyang, how about that?" To be

honest, Qu Fengyi, as the deputy minister of the Dayan Dynasty, doesn't like Li Tiandao either, just his own time. There is not much, and he is completely unable to continue to protect the young emperor, so he can only entrust the lonely to Yue Feng.

After all, people who are away from Heaven believe in some deviant ideas, but at least they advocate peace and will definitely not hurt the young emperor.

More importantly, the other party did not know the identity of the young emperor.

This chapter is provided by . Visit for daily update.

"this..."

Facing Qu Fengyi's plea, Yue Feng pondered for a while, then smiled bitterly: "It's possible, but I'm new to the ramp, I don't know the situation here, and I don't know where King Shaoyang is.

", what is his relationship with King Shaoyang?"

Yue Feng was a little helpless when he spoke.

When I first came to this unfamiliar continent, I didn't know anything at all. I was suddenly asked to be alone, and everyone was hesitant to change it.

call!

At this time, Qu Fengyi took a deep breath and said complicatedly: "He is the younger brother of King Shaoyang."

Emperor Yingkuang Youdi's identity is too special, so naturally Qu Fengyi will not say it, but he is the younger brother of King Shaoyang. Nor is it a lie.

Weakly said: "From here all the way to the east, Xuanguguan is 80 miles away. Ji Beiye's rebels are still burning, killing and looting in the imperial capital, and they will not be able to reach Xuanguguan in a short time. You only need to take him and find The defending general of Xuangu Pass, the other party will have a way to find King Shaoyang."

After saying this, Qu Fengyi was weak, gasping for breath, obviously he was about to die.

It turned out to be the younger brother of King Shaoyang, so he was also a little prince.

At this moment, Yue Feng nodded suddenly, looked at Qu Fengyi and said, "Okay! I will do my best." At this time, Yue Feng still didn't know that the young man beside him was not the young prince, but the young man of the Dayan Dynasty. emperor.

"No!"

At this moment, Ying Kuang suddenly shook his head and cried at Qu Fengyi: "Grandpa Qu, I...I don't want to go with him, I want to be with you." Although he was small, he also excited, instinctively said the word "Zhen", and immediately changed his mouth.

Because Qu Fengyi warned several times just now not to reveal his identity.

"Be obedient." Qu Fengyi raised his hand with difficulty and patted Ying Kuang's shoulder: "This person has a righteous face, he is definitely not a gangster, you must trust Grandpa Qu's vision, follow him carefully, and wait until you find King Shaoyang, You can only avenge me. Although you are young, you should have grown up after this catastrophe. In the future, you must distinguish right from wrong and do not act arbitrarily. Remember to remember..."

After finishing the last sentence, Qu Fengyi raised his arm. , slowly drooping down, the look in his eyes gradually faded, and he swallowed his last breath unwillingly.

"Grandpa Qu..."

At this moment, Ying Kuang couldn't bear it any longer, and threw himself on Qu Fengyi and burst into tears.

Yue Feng sighed secretly and felt a little regretful in his heart. Although he had just met and didn't even know the identity of this old man, he had a good conversation, and he must have been a kind person.

The ultimate husband in Chinese chapter 6234

Ying Kuang cried for a while, walked to the side silently, and dug a hole with both hands.

He was pampered, his small hands were white and tender, and his nails were broken just after a few digs, and blood donations poured out instantly. But Ying Kuang didn't care, and continued to dig despite the grief.

Um!

Seeing this scene, Yue Feng nodded in approval, this little guy is quite benevolent.

Thinking to himself, Yue Feng took a step forward and stroked his sleeves: "I'll help you."

“No!”

Yingkuang didn't lift his head, and responded simply and simply: “It's my own business, I don't need to. Please help.”

Hearing this, Yue Feng was stunned for a moment, then he laughed dumbly.

This guy, young, has a lot of personality.

Muttering in his heart, Yue Feng no longer insisted, and quietly watched Ying Kuang dig a hole.

It took more than an hour for Ying Kuang to dig the pit, and then with the help of Yue Feng, he buried Qu Fengyi's body in it. After burying it, Ying Kuang found a stone and temporarily used it as a tombstone.

Just when he was preparing the inscription, Ying Kuang wrote a 'big' character, suddenly felt inappropriate, wiped it again, and finally simply wrote the words 'Grandpa Qu's Tomb'.

Ying Kuang originally wanted to write “The Tomb of the Prime Minister Qu Gongfengyi of the Dayan Dynasty”, but he thought that Yue Feng, who was around him, was just a person he had just met. Moreover, this place was not far from the emperor. In case he was found by Ji Beiye's rebels, It is estimated that Qu Fengyi's corpse will not be preserved.

Ying Kuang wrote and wiped it, but Yue Feng didn't care.

Yue Feng just noticed that the words written by Ying Kuang were the same as those in the mainland of Kyushu, and he was immediately relieved.

This chapter is provided by . Visit for daily update.

Fortunately, the text is the same, otherwise, it would be difficult to stay in this strange place.

Thinking to himself, Yue Feng asked Ying Kuang, “What's your name?”

“Yin Kuang.” Ying Kuang thought for a while and replied.

Yin and Ying are homophonic. Although Ying Kuang is small, he is very smart. He wanted to protect his identity and did not want to reveal his real name, so he just made up one.

Yin Kuang?

Hearing the name, Yue Feng was stunned and said with a smile: "It's crazy to have this name."

Seeing him teasing, Ying Kuang's face showed a bit of displeasure. As an emperor, who dares to joke about his own name? At that time, I wanted to scold me for being presumptuous, but thinking of my own situation, I still endured it.

Thinking to himself, Ying Kuang bowed to Qu Fengyi's tomb a few times, and then said lightly: "Find a water source, I'll wash my hands, let's go." With that, Ying Kuang turned towards the stream not far from the woods. Go, the form is well-organized, very sophisticated.

interesting.

Seeing his appearance as a little adult, Yue Feng smiled and then followed slowly.

After a while, Ying Kuang washed away the blood and dirt on his hands by the stream, and set off together with Yue Feng, rushing towards Xuangu Pass in the east.

Swish swish...

Not long after we left, more than a dozen figures came quickly. These people were all wearing black clothes and black hats, each with a strong aura, and they were well-organized at first glance.

Two of the women, slender and graceful, with beautiful features, were just cold, like roses with thorns.

The man in the lead, wearing a black hat, covered half of his face, was very mysterious, and the aura that permeated his body was stronger, almost unfathomable.

These people are people who are out of the way of heaven.

The man at the head is the suzerain of Li Tiandao, Gu Qianqiu.

Two beautiful women are his powerful subordinates, named Feixue and Hongshao.

An hour ago, Gu Qianqiu learned that Ji Beiye led the army to invade the imperial division, causing the people to be displaced, and immediately led his subordinates to stop the war. Settle the exiles.

call!

At this time, Gu Qianqiu stood on the hill where Yue Feng was just now, looking at the war in the imperial capital, with a solemn expression: "How is the situation in the city now?!" The

voice fell, and Hong Shao responded: "Just got the news, Ji Beiye's army has already The royal family was almost slaughtered when they entered the palace, and the people in the city were killed and injured, but the living people have basically escaped from the city."

Hearing the answer, Gu Qianqiu nodded: "It's best that no people continue to be injured or killed. Ji Beiye is very ambitious, and if this thief is not eliminated, the world will be in chaos."

After speaking, Gu Qianqiu said to Hong Shao: "You try to sneak into the imperial city, and once you have the opportunity, get rid of this thief."

"Yes, Sect Master!

" When she received the order, Hong Shao responded with a sound, then flew up and hurried towards the imperial capital.

The ultimate husband in Chinese chapter 6235

Watching Hong Shao leave, Gu Qianqiu pondered for a moment, and continued: "The rest of the people, investigate whether some royal families are alive."

"Yes, Sect Master!" The

surrounding people responded in unison.

At this moment, Feixue thought of something, came over and asked inexplicably: "Sect Master, let's leave the way of heaven and pursue the equality of the world. Now that the Dayan Dynasty is about to collapse, it would be a good thing to lose the emperor's high-level rule over the people. Why are we still looking for those desolate royal families?"

Huo!

Gu Qianqiu took a deep breath, looked at Feixue and said seriously: "The royal family rules the people, although it is hateful, but it is also a human being. We believe in the heart of benevolence from Heaven, and there is no reason not to save it."

Hearing these words, Feixue seemed to understand Nodding incomprehensibly.

At this moment, one of the subordinates discovered something and called out, "Sect Master, there is a situation here."

Hu La!

Hearing the call, Gu Qianqiu immediately rushed over with Feixue and others, and when he arrived in the woods, he saw a new grave standing alone in the open space.

“There are words on the stone above.” Feixue

found something, walked over quickly, and read softly: “Grandpa Qu’s tomb?”

“I’m dead, why didn’t I write my full name?”

“It seems that this person is not simple.” Gu Qianqiu pondered, looked at the words on the stone, and said slowly: “This handwriting is neat and neat, although it is not the hand of a famous family. , but has a kingly demeanor, and the writing should be the royal family... As for this grandfather Qu, if I guess correctly, it should be the Prime Minister Qu Fengyi.”

Seeing him, he can guess the identity of the deceased from a few words . , and the person who wrote, Feixue and the surrounding subordinates, all admired it.

This chapter is provided by . Visit for daily update.

Immediately, Feixue thought of something, and said, “As far as I know, this Qu Fengyi has only one son, and he follows the King of Shaoyang as a lieutenant. For the time being, there are no grandchildren.”

“And this Qu Fengyi is also the auxiliary minister. , to assist the young emperor, and he has a very close relationship with the young emperor. According to rumors in the palace, the young emperor called him Grandpa Qu in private, could it be...”

Before she could finish speaking, Gu Qianqiu nodded and said: “No need to guess. , It is this young emperor who buried Qu Fengyi and erected a monument. It seems that this little emperor was lucky enough to escape Ji Beiye’s pursuit.” After

speaking, Gu Qianqiu ordered Feixue: “Immediately follow up. The whereabouts of the little emperor must not be mistaken.”

“Subordinates obey.”

...

On the other side, the Imperial Palace.

In the luxurious and magnificent hall, blood was everywhere at this time.

Ji Beiye's officers and men of the Guanguan Army, like hungry wolves, ran rampant in the palace, killing people when they saw them, robbing women when they saw them, and screaming everywhere.

"Haha.."

At this time, on the throne of the emperor in the Longqing Palace, Ji Beiye sat there proudly, his eyes flashing with excitement like a beast: "It has been two years, I finally waited for this day, this dragon chair sits it's just comfortable."

Several generals next to him handed over to celebrate.

"Congratulations to the general!"

At this time, a general of Hu people came out and said to Ji Beiye: "General, now the imperial capital has been broken, I hope the general will not forget our agreement and cede the land north of the Qingjiang River. For my clan to use."

The Hu people have always lived on the grasslands in the north of Tianxin Continent. Their folk customs are sturdy and they are martial and belligerent. However, for the past hundred years, they have been suppressed by the Dayan Dynasty and never dared to make mistakes. Until two years ago, the Dayan Dynasty flourished. Decline, the Hu people began to constantly harass the border.

Now, the Hu people have cooperated with Ji Beiye to invade the imperial capital, causing chaos in the imperial city.

"Haha!"

At this moment, Ji Beiye chuckled, looked at the barbarian general and said, "Let's agree, when I control the political situation, the land north of Qingjiang belongs to you barbarians, but now we have just After entering the imperial capital, the whereabouts of the young emperor have not yet been found."

"More importantly, King Shaoyang's elite teachers are still there. It seems too early for you to let me honor."

Hearing this, the Hu general was very Displeased, but didn't say anything.

Bang!

However, at this moment, there was a shock from outside the hall, and a few soldiers guarding the gate of the hall were seen flying out, spitting blood and dying.

The ultimate husband in Chinese chapter 6236

What's the situation?

Seeing this scene, both Ji Beiye and the generals present changed their expressions and became furious.

Especially Ji Beiye, his pupils contracted slightly, revealing a suffocating aura.

Could it be which palace expert? No, when the palace was attacked half an hour ago, all the masters in the palace were killed outside the palace...

Just when Ji Beiye was annoyed, he saw a burly and tall figure slowly stepping in. Inside the hall.

Wearing purple gold armor, handsome and cold face, unable to hide the exhaustion, long hair disheveled, giving people a kind of unrestrained and unrestrained boldness, and the whole body is filled with an unfathomable and terrible aura.

The man is none other than the God King Haotian.

Like Yue Feng, the Haotian God King was transported to this Tianxin Continent after being involved in the chaotic vortex. Coincidentally, the Haotian God King's foothold was also in the imperial capital of the Dayan Dynasty.

It's just that the God King Haotian woke up in a side hall of the palace. When he opened his eyes, he really saw Ji Beiye's soldiers, who were slaughtering. At that time, a few soldiers saw the God King Haotian and thought he was the general guarding the palace. Without hesitation, he took the knife and slashed over, but all of them were sent flying by the palm of Haotian God King.

Whoa!

At this moment, the eyes of everyone in the audience instantly locked on Haotian, and then Ji Beiye waved his hand, and a dozen generals rushed over to surround Haotian.

Immediately, Ji Beiye looked at Haotian up and down, and asked coldly, "Dare to hurt my soldiers? Kneel down and surrender immediately, and this general will spare your death."

When he said this, Ji Beiye looked cold and arrogant, no doubt.

call!

Haotian took a deep breath and said lightly: "Ignorance ants, just because you want me to surrender?" The tone was indifferent, but there was an arrogance of contempt for the world.

This chapter is provided by . Visit for daily update.

With Haotian's status in God's Domain, naturally he wouldn't look directly at Ji Beiye. When he spoke at this time, his eyes looked around, and he was very puzzled.

This place doesn't seem to be Kyushu.

Could it be...I was transported to another human world by the Chaos Vortex?

Swish!

Feeling Haotian's contemptuous attitude, Ji Beiye's face instantly became extremely ugly, and the surrounding generals were also unforgivable.

In anger, one of the generals stepped forward, pointed at Haotian and shouted: "Dare to be disrespectful to the general, and court death!" The

voice fell, and the general drew out his sword.

This general is called Xu Dongzhi, and he is a fierce general under Ji Beiye's men.

hum!

In the next second, Xu Dong's power exploded, and he opened the mountain with a broad sword in his hand, drawing a cold beam, and slashed straight towards Haotian's face. I saw the shadow of the sword passing by, and the entire hall was shrouded in a killing intent, and the power was amazing. .

The other generals around were all indifferent at this time. In their opinion, Xu Dongzhi's shot, the arrogant person in front of him, would definitely die.

As for Ji Beiye, he slowly sat back on the dragon chair with a calm expression.

No one knows Xu Dongzhi better than him. In the entire Tianxin Continent, there are no more than five people who can resist Xu Dongzhi head-on. Although the man in front of him has a good aura, he is not among those five.

"Ignorant and stupid ants..."

Seeing Xu Dongzhi burst out, Haotian looked contemptuous, and then slapped his palm lightly.

hum!

As the palms surged, dazzling golden light filled the entire hall. In an instant, Ji Beiye and the surrounding generals subconsciously covered their eyes with their hands.

At the same time, one by one was shocked.

What kind of magic is this?

Such a strong breath...

At the same time, Xu Dongzhi was almost blinded, and the swift offensive stopped for a while. Then, before he could react, he slapped his palm on the broad sword.

Bang!

The terrifying power burst out, and the sword that opened the mountain shattered instantly. He heard Xu Dongzhi's miserable cry, and the whole person was directly shaken, and a rain of blood was sprinkled in the air, flying more than 100 meters away, and finally fell heavily on the ground. On the square outside the hall.

At the moment of landing, Xu Dongzhi's eyes were wide-eyed, full of horror, and he had lost his breath. It seemed that he didn't understand how he died at the moment of death.

What?

Seeing this situation, all the generals present were dumbfounded, and they couldn't help gasping for air.

The ultimate husband in Chinese chapter 6237

Ji Beiye got up suddenly from the dragon chair, widened his eyes, staring at Haotian, his mind buzzing and blank.

This man is so terrifying.

He actually killed one of his generals with just one move...

You know, Xu Dongzhi was called the enemy of ten thousand people in the Zhenguan Army. Guan Wanfu is not brave enough, and in front of this person, he has not even managed a single move.

Under the shock of his heart, Ji Beiye's eyes when looking at Haotian gradually became hot.

If such a brave person can be used for his own use, wouldn't it be just around the corner to dominate the world in the future?

call!

At this moment, the God King Haotian turned around and looked at Ji Beiye quietly: "Who else wants to die?" The

voice was not loud, but it shocked the audience.

For a while, in the huge Longqing Palace, there was silence, and a needle could be heard clearly. After seeing Xu Dongzhi being killed by one move, the generals present were unable to describe their shock in words.

The ten thousand enemies of the dignified Guanjun army were killed by one move.

If you hadn't seen it with your own eyes, who would have believed it?

"Haha..."

Finally, after more than ten seconds, Ji Beiye was the first to react, then he laughed dryly, and complimented Haotian: "Your Excellency is extraordinary, like a god descending into the world, no one in the world can match, this The general just didn't recognize Mount Tai with his eyes."

Ji Beiye was very deep in the city, not only good at strategy, but also very good at stalking horses, otherwise, he would not be appreciated by the late emperor.

This chapter is provided by . Visit for daily update.

God?

Hearing this compliment, Haotian smiled indifferently, and secretly said in his heart that the gods must be respectful in front of this god king.

However, Haotian naturally wouldn't say these words. After all, his identity was not easy to reveal.

Thinking to himself, Haotian asked slowly, "Where is this place?"

Huh?

Hearing such an inquiry, Ji Beiye and the surrounding soldiers glanced at each other, feeling a little puzzled.

This person is so powerful that he doesn't even know where he is?

However, Ji Beiye did not dare to neglect, restrained the doubts in his heart, and replied with a smile: "This is the imperial capital of the Dayan Dynasty, dare to ask your high name?"

When asking at this time, Ji Beiye imagined several people in his mind. The name of the ultimate powerhouse, you must know that on the Tianxin Continent, there are some masters who don't care about world affairs. It is not easy to show up, but when you show up, you will definitely surprise the world.

"Haotian!" Haotian responded lightly with two words.

In this unfamiliar world, you just need to hide your identity, and it doesn't matter what your name is.

Haotian?

Hearing these two words, Ji Beiye was stunned for a moment. This name is very unfamiliar. It seems that none of the peerless powerhouses circulating in the rivers and lakes are called Haotian.

Could it be that... the other party did not want to reveal his identity and used a pseudonym?

Realizing this, Ji Beiye immediately smiled with him: "It turned out to be Your Excellency Haotian, I don't know where your Excellency came from." Even the emperor of the Dayan Dynasty didn't know it, it was too confusing.

call!

Haotian took a deep breath. With his arrogant personality, he didn't want to answer this boring question, but thinking of the current situation, he still patiently said slowly: "I have lived in seclusion all the year round, and today is my first time going down the mountain."

You can't tell the truth, you can only make up a reason.

Haha...

At this moment, Ji Beiye was very excited. No wonder he couldn't hear the name of this person in the rivers and lakes.

Excited, Ji Beiye said with anticipation: "Your Excellency is extraordinary, since it is the first time to go down the mountain, it is better to work together with this general. In the future, you and I will share the glory."

Conspiracy?

Haotian frowned, with a look of disdain on his face, he was a dignified generation of god kings, why did he covet your prosperity in this world?

But after thinking about it, maybe Yue Feng, like himself, was also transported to this strange world. At this time, it might be a good choice to take advantage of Ji Beiye's power to deal with Yue Feng.

Thinking of this, Haotian said lightly: "Cooperation is fine, but there are a few conditions."

Great!

Seeing his promise, Ji Beiye was very excited, and immediately nodded without thinking: "Okay, as long as your Excellency is willing, a few conditions will do. Your Excellency, please say."

At this time, Ji Beiye couldn't hide the excitement on his face.

Speaking of which, Ji Beiye has hundreds of thousands of troops to suppress Guanguan, and a cavalry with strong combat power, which is all over the world, without any disadvantages, but he is the only one who lacks such an extremely strong man.

Um!

At this time, Haotian didn't talk nonsense, and said lightly: "First of all, I will not help you kill anyone, nor will I obey your orders, but when you are in danger, I will help."

"This is natural." Ji Beiye nodded again and again: "Your Excellency, how can this general dare to command your Excellency?"

Haotian nodded and continued: "Secondly, help me find a person named Yue Feng, once you find it, you must notify me as soon as possible. ."

Saying that, Haotian narrowed his eyes slightly: "As long as you can help me find this person, I will help you complete the great cause."

Haha...

Hearing this, Ji Beiye couldn't help laughing. : "It's just a small matter, it's just to find someone, it's simple."

After speaking, Ji Beiye ordered to the surrounding: "Pass my order immediately to find a person named Yue Feng, there must be no mistake, in addition, in the future, this Haotian Your Excellency, you are the honored guests of this general, you must not be slighted, understand?"

"Follow the orders of the general!" The

voice fell, and the soldiers present responded in unison.

the other side.

Yue Feng and Ying Kuang went all the way over mountains and mountains. Because Ying Kuang was too young, the two walked for a few hours before they walked dozens of miles of mountain roads.

However, although Ying Kuang is young, his personality is very tenacious. As a young emperor, he has never endured such hardships. After several hours of mountain road, his feet have blood blisters, but he still refuses to stop.

Yue Feng looked a little distressed, and when he reached a valley, he couldn't help but said: "There is a grass in front of us, let's take a rest."

"Okay!"

Ying Kuang nodded, walked to the grass to rest, and looked not far away. mountains
trance.

Yue Feng sat down next to him and couldn't help but ask, "That...Yin Kuang, let me ask you something, where is this place?" Inexplicably, he was asked to be orphaned, but he still doesn't know where he is. Somewhere, this makes Yue Feng very helpless.

Hearing the question, Ying Kuang frowned and looked at Yue Feng in surprise: "You don't know where this place is?"

This man is really strange. He wears strange clothes and speaks uniquely. Now he doesn't even know where he is.

I don't know if Grandpa Qu entrusted himself to him, right or wrong.

Uh...

Facing Ying Kuang's doubtful eyes, Yue Feng smiled bitterly: "I have been practicing seclusion in the deep mountains, and I rarely go down the mountain..."

"Really..."

Ying Kuang looked suspicious: "Grandpa Qu said that you are a person from Heaven, is it true?" If it was another child, he would probably believe Yue Feng's words.

But Ying Kuang is not an ordinary child, but a young emperor of the Dayan Dynasty. He has been taught by an old official like Qu Fengyi since he was a child. He is mature and has his own opinions. At this time, he believes that Yue Feng is only covering up his identity.

Yue Feng didn't expect that he would ask such a question, and immediately hesitated, nodded and said, "Yes."

Since the other party believes that he is a person from heaven, then he will be wrong. Otherwise, the more you explain, the more suspicious it will be.

Um!

Seeing him admit it, Ying Kuang nodded, and then replied: "Our position is me... It is the boundary of the imperial capital of the Dayan Dynasty. After crossing the Xuangu Pass to the east, it is my brother King Shaoyang guarding it. Qizhou."

Immediately, Ying Kuang said some more about the customs of the Dayan Dynasty, of course, many things he heard from others in the palace.

Hearing this, Yue Feng had a general understanding of the world, and then asked, "What's the matter with the war in the imperial capital?"

Shuh!

At this moment, Yingkuang was instantly excited, clenched his fists, and said fiercely: "It's all Ji Beiye, a traitor who finally ends up in the imperial court on the surface, but keeps troops and horses behind his back, intending to rebel."

"What's more abhorrent is that he He also colluded with the Hu people and caused trouble for the people of Dayan..."

Thinking of the bloody scene in the palace, Ying Kuang couldn't hold back the anger in his heart.

It turned out to be a rebellion.

Hearing this, Yue Feng nodded silently, and then looked at Ying Kuang with great interest, this little guy is not young, but his temper is not small.

Thinking to himself, Yue Feng said with a smile: "Why do you hate that Ji Beiye so much?"

In Yue Feng's cognition, although the child in front of him is a little prince, although he is a royal clan, this The rebellion had little effect on his identity.

After all, after passing Xuangu Pass and seeing King Shaoyang, he can still be his own little prince, enjoy the glory, and have no worries about food and clothing.

At this time, Yue Feng didn't know that the other party was the young emperor of the Dayan Dynasty, not a little prince at all.

"He killed my people."

Hearing the question, Ying Kuang clenched his fists and said ruthlessly, "I'm going to take my..."

He wanted to say, "I'm going to take my throne," but suddenly thought of Qu Feng Yi's advice, he immediately changed his tune and said: "How can I not hate it if I want to rob our royal family for hundreds of years?"

Yue Feng smiled and nodded: "Well, that's right."

Gu Gu...

just saying With that, Ying Kuang's stomach screamed, and for a while, a bit of embarrassment appeared on his resentful little face.

Seeing his appearance, Yue Feng couldn't help laughing: "You're hungry, sit down first, and I'll go get something to eat." The voice fell, and Yue Feng walked directly towards the woods beside him.

When passing through the woods just now, Yue Feng noticed that there were many pheasants inhabiting it.

Soon, Yue Feng beat two pheasants, found a mountain spring to wash and peel them, and then started to roast them on a gas bonfire.

When walking in the rivers and lakes, Yue Feng was cared for by Xiao Xi. Xiao Xi has unique skills in cooking. She often cooks some unique delicacies.

sizzle...

After a while, the surface of the two roasted chickens was golden brown and oily, and a fragrance filled the air.

Smelling the fragrance, the greedy worm in Yingkuang's stomach was instantly hooked up, and he couldn't help but exclaim: "What a delicious roast chicken."

"Here it is!"

Yue Feng smiled, took one and handed it to him: "Hurry up and eat."

Ying Kuang was unceremonious, not too hot, he took the roast chicken and ate it up, his mouth was full of oil, and he didn't forget to praise again and again: "It's really fragrant, it's even better than the Imperial Palace's 'Eight Treasure Chicken'. It's delicious."

Palace?

Hearing this, Yue Feng was stunned and couldn't help but say: "You are a little prince, can you still enter the palace to eat imperial meals?" The

imperial meals are exclusively provided by the emperor, and Yue Feng is very clear about this.

Oops, missed the point.

At this moment, Ying Kuang froze holding the roast chicken for a moment, then his head turned quickly, and he said lightly: "I am a royal family member, what's the fuss about eating the imperial meal in the palace?" After

speaking, Ying Kuang changed the subject: "How did you make this roast chicken?"

"Aren't you always watching?" Yue Feng smiled and said slowly, "There's not much skill in making this kind of wild roast chicken, as long as the heat is well controlled. "

Said, Yue Feng wiped his pocket, feeling a little regretful: "It's a pity that there is no seasoning, cumin or something, otherwise it will be more delicious."

Cumin?

Ying Kuang was very curious: "What is cumin?"

Yue Feng scratched his head: "It's a seasoning."

"Never heard of it!"

"Uh... maybe you don't have it here."

The two chatted while eating, and after a while, the two roast chickens ate cleanly.

After washing his hands on the edge of the mountain spring, Yue Feng squatted down and said, "Come on, I'll help you disperse the congestion on your feet. Otherwise, you can't bear to walk with blood blisters all the time.

" Ying Kuang took off his shoes and performed acupoint pressing techniques. After a while, Ying Kuang felt that his feet were much more relaxed.

Amazing.

For a time, Ying Kuang looked at Yue Feng with indescribable admiration.

In the past, when I was in the palace, I was injured and bleeding while playing. It took several days for those imperial doctors to treat them. The person in front of me just pressed his feet a few times, and the blood blisters disappeared...

It was incredible.

With admiration in his heart, Ying Kuang was even more convinced that Yue Feng was someone who left the way of heaven.

"Okay!"

At this time, Yue Feng stretched his body and said, "Let's continue on our way."

Ying Kuang responded and was about to get up.

Wow....

But at this time, I heard footsteps coming from the woods, and then a group of people rushed out quickly, each with a knife in their hands, and their expressions were vicious.

The ultimate husband in Chinese chapter 6240

These people are the bandits on the nearby mountains.

Ji Beiye led the army to break through the imperial capital, causing countless people to flee. When the bandits got the news, they set up an ambush in this area in advance to snatch the passing refugees.

"Don't panic!"

Seeing this, Yue Feng whispered, and then protected Ying Kuang behind him.

Ying Kuang didn't panic at all, standing behind Yue Feng, quietly looking at the bandits.

"Ma De!"

At this time, the leading bandit came out, looked at the two Yue Feng, and scolded angrily: "It's really unfortunate to wait for these two goods after waiting for so long.

", Ye shouted at Yue Feng: "Hurry up and take out the valuables on your body, otherwise, you will be chopped up and fed to the wild dogs." The

leader of the bandit is Jia Laoliu. .

call!

Yue Feng breathed a sigh of relief, and said lightly: "We don't have money."

"No money?" Jia Laoliu flashed a ruthless look in his eyes, and sneered: "If you don't have money, don't blame us.

" Kuang Kuang quickly walked out from behind Yue Feng and scolded him in a serious manner: "You people, all of you are strong and strong, now the rebel Ji Beiye is collaborating with the barbarians to disrupt the imperial capital, and how many people have been displaced, you people, don't fight Traitors and barbarians, who are robbing innocent people here, is it a man's work?" The

words were not loud, but they were loud.

Um?

At this moment, both Jia Laoliu and the surrounding bandits were all stunned. I didn't seem to expect that a child in front of him would say this big truth about worrying about the country and the people.

Yue Feng was also stunned, and then nodded secretly.

This kid is young, but he has such insight, and he will do great things in the future.

"Oh?"

At this moment, Jia Laoliu reacted, pointing at Ying Kuang and yelling: "You stinky boy, you really don't know whether to live or die, what does Laozi do, and it's your turn to point fingers?"

"Stand up and still You don't have the length of my sword, do you know how to have a baby with a woman? Hehe.... Reason with me?"

Boom!

The last sentence fell, and the surrounding bandits all burst into laughter.

Ying Kuang is pampered and knowledgeable. When did this humiliation stop? At that time, his face turned red with anger, and he scolded: "Presumptuous..."

Just after saying two words, Yue Feng stopped him: "Okay, okay. , don't bother with them, they are just a bunch of villagers in the mountains, do you understand what you are saying?"

Said, Yue Feng took a step forward and looked at Jia Laoliu and said, "We don't have money, and we won't give you life. I will give you a chance to disappear in front of me immediately, otherwise, you will regret it."

Shua!

Hearing this, both Jia Laoliu and the bandits present were angry.

What an arrogant guy.

In the next second, Jia Laoliu was too lazy to talk nonsense, and waved his hand: "Ma De, cut them for me." After saying that, he took the first step, waving a long knife, and slashed towards Yue Feng.

wow.

At the same time, the surrounding mountain bandits also swarmed up.

In the face of this situation, Ying Kuang suddenly panicked. After all, there are so many people on the other side, and Yue Feng is one, and his fists are no match for four.

"Hey, why bother."

However, Yue Feng had a calm expression on his face. He said a few words lightly at the time, moved his wrists, and went up to him directly.

Ying Kuang quickly hid behind the tree.

He thought about it, and when he saw the signs of something wrong, he ran into the depths of the woods, no matter what, he had to save his life. After all, his own emperor shouldered the heavy responsibility of restoring the royal family.

As for Yue Feng's life and death, it depends on his fortune.

Bang bang bang...

But what Ying Kuang didn't expect was that in less than a few breaths, he could hardly see what was going on. Jia Laoliu and his gang were all knocked to the ground by Yue Feng. One by one passed out.

Speaking of which, before Yue Feng was involved in the chaotic vortex, his divine power was exhausted, and after arriving in Tianxin Continent, he was still very weak.

call!

At this moment, Yue Feng breathed a sigh of relief, clapped his hands, and smiled at Ying Kuang behind the tree: "It's all done, come out."

When he spoke, Yue Feng looked relaxed, as if he had just done something trivial little things.
