

## The ultimate husband in Chinese chapter 6321-6330

Especially the King of Shaoyang, looking at Yue Feng's eyes at this time, it is even hotter.

This Yue Feng is not only good at arranging troops, but his own strength is also so powerful. He is really a rare talent. If he can be completely loyal to His Majesty, the Kuangfu royal family will be just around the corner.

At this time in midair.

Haotian stabilized his figure and looked closely at Yue Feng: "Very good, I didn't expect your strength to recover very quickly in such a short time." He clearly remembered that when Yue Feng was involved in the chaotic vortex, Yue Feng The power of the primordial spirit has been exhausted.

At this time, he clearly felt that Yue Feng's strength had recovered at least 70%.

Hehe...

Hearing this, Yue Feng sneered: "You too, speaking of it, I thought you died in the chaotic vortex. A scum like you can still be safely teleported to this place. The world really has no eyes." The

words were full of ridicule and resentment.

Haotian's face became gloomy, and he was too lazy to talk nonsense at that time: "No need to talk nonsense, let's settle the account today."

Om!

At the moment when the last word fell, Haotian's divine power exploded, and in an instant, the air above the entire palace was completely twisted.

It's like... the end of the world.

Hiss....

Seeing this situation, whether it was King Shaoyang, or the soldiers and guards of the palace, all of them were shocked, and they all gasped secretly.

What kind of existence is this, in order to burst out such terrifying power.

This chapter is provided by . Visit for daily update.

Just when everyone was shocked, they saw Haotian raised his hand and waved, and a golden beam cut through the night sky, carrying the power of thunder, and burst out towards Yue Feng.

Seeing this, everyone below couldn't help but sweat for Yue Feng.

Feeling Haotian's eruption, Yue Feng did not panic at all. At that time, he raised his hand and waved, activating the power of his primordial spirit and deploying a protective film in front of him.

I saw that on the protective film, there were faintly flickering flaming lotuses coming out.

Yes, this protective film, Yue Feng combines the power of the red lotus of the law industry, and the defense power is more than ten times higher than that of simply using the power of the primordial spirit.

boom!

In the next second, Jin Mang erupted, slammed into the protective film, and let out an earth-shattering roar. Under the terrifying power, the entire palace was filled with dust and smoke.

Under the impact of the powerful breath, King Shaoyang and everyone present were shaken out, and all of them turned pale.

After a few minutes, the dust and smoke completely dissipated.

He saw that the protective film in front of Yue Feng was completely shattered in mid-air, but Yue Feng's face was as usual. Obviously, Haotian's attack just now did not cause him any damage at all.

"Yue Feng!"

At this time, Haotian, with blood red eyes and a ferocious face, roared wildly, "I will kill you today."

"Come on!" Yue Feng did not show weakness.

At the moment when the voice fell, the two broke out together, and their figures were like two lightning strikes colliding together, starting a fierce battle.

Bang bang bang...

I saw that the figures of the two sides kept colliding back and forth in the air, and there was a loud thunderous noise. For a time, the people of King Shaoyang below were all dumbfounded.

Such a terrifying battle scene, I am afraid it is rare to encounter in a thousand years.

Huh...

In the blink of an eye, the two sides fought fiercely for more than a dozen times. After Haotian avoided Yue Feng's blow, his figure took advantage of the situation to detour behind Yue Feng, his hands suddenly raised, and he called towards Yue Feng's back.

This move is extremely fast, if it were someone else, he would definitely die under Haotian's palms.

However, Yue Feng was destined not to be a mortal. He reacted quickly at the time, and when he turned around, he was greeted with both palms. The moment the two palms collided, they did not separate, but pressed against each other.

Yes, Yue Feng decided to compete with Haotian for divine power.

Speaking of which, Haotian has practiced for nearly 10,000 years, and Yue Feng has only had Primordial Spirit for only a year. The background is simply different, but Yue Feng has the power of the red lotus of the law to protect his body, and he will fight with all his strength to win. Negative unpredictable.

This...

At this moment, everyone in the King of Shaoyang below was shocked when they saw this scene. You must know that this kind of competition of strength is a very dangerous behavior in any place.

## **The ultimate husband in Chinese chapter 6322**

Under the shock, King Shaoyang wanted to order someone to help Yue Feng.

It's just that the strength of Yue Feng and Haotian is far beyond their imagination, especially the aura that pervades their bodies. It's terrifying. It's suffocating at such a distance, let alone getting close to help.

Huhuhu....

Yue Feng and Haotian held their palms together, seemingly motionless, but as the strength of both sides continued to explode, the surrounding air also distorted violently, and finally formed terrifying storms.

Rumbling...

Immediately afterwards, the spiritual energy of the heavens and the earth above the entire Qizhou City was also affected, and dark clouds quickly condensed and rolled endlessly, and thunder continued to resound in the clouds.

Yes, Yue Feng and Haotian competed with all their strength, and finally brought about changes in the world.

Kacha...

Accompanied by the thunder in the dark clouds, finally a purple thunderbolt pierced the sky and slashed straight down. Thunderbolt's targets were Yue Feng and Haotian.

Hiss....

Seeing this scene, King Shaoyang was completely stunned, looking at Yue Feng and Haotian, his mind was almost blank.

The others around couldn't help but exclaimed.

"Tianlei..."

"Oh my God, what kind of strength is this that actually motivated Tianlei."

"It's terrible."

This chapter is provided by . Visit [for](#) daily update.

Like King Shaoyang, the minds of the others around him were blank and poor. It is extremely imaginative, and it is difficult to describe the emotion of the scene in front of you.

According to the rumors in the rivers and lakes, only breaking through the last three realms can trigger the thunder.

And Yue Feng and Haotian in front of them, just competing for strength, attracted Tianlei... It's just too terrifying.

In the exclamation, several palace guards reacted, quickly protecting King Shaoyang, and retreating to the entrance of the hall to avoid being injured by the thunder. Immediately afterwards, the others also retreated towards the surroundings.

boom!

Just when everyone panicked and retreated, this thunderbolt crashed down and exploded between Yue Feng and Haotian. In an instant, the entire Qizhou city was shrouded in dazzling light.

“Pfft...”

In the sound of the explosion, Yue Feng and Haotian spit out a mouthful of blood at the same time, and then they were shaken by this terrifying force and flew out a few hundred meters away, and Haotian fell heavily outside Qizhou City. on the wilderness.

Yue Feng, on the other hand, fell into the moat outside the city.

Pfft!

At the moment of falling into the water, Yue Feng’s eyes turned black for a while, and finally fainted, his body sank rapidly, and went away with the undercurrent.

This...

Seeing this scene, whether it was King Shaoyang or everyone present, they were all stunned, they never expected such an outcome.

Immediately, King Shaoyang took the lead in reacting and shouted eagerly: “Quick, everyone out of the city must find Your Excellency Yue Feng and ensure his safety.”

If something happens to such a talented person, he will be a member of the Dayan Dynasty. Big loss.

“Yes, my lord!”

Upon hearing the order, the soldiers present responded in unison, and then quickly rushed out of Qizhou City to look for Yue Feng’s figure.

At this moment.

In the wilderness outside Qizhou City, Ji Beiye rushed over with several hundred guards.

Before Haotian and Yue Feng fought fiercely in the high sky in Qizhou City, Ji Beiye could see it clearly on the hillside outside the city, and was stunned by the terrifying strength of both sides.

Later, when he saw that the two of them were hit by lightning, Ji Beiye didn’t have time to think about it, so he could lead someone to search the place where Haotian fell.

“Found it!”

Soon, a guard found Haotian and couldn’t help shouting.

Ji Beiye hurried over, quickly helped Haotian up, and asked, "Your Excellency Haotian, how are you?" When he spoke, Ji Beiye was extremely shocked.

I saw that Haotian was charred black under the bombardment of the sky, and there was a large wound on the shoulder, which was shocking.

What shocked Ji Beiye was that Haotian was still breathing under such an injury.

He didn't die even after being hit by lightning.

This...is this still human?

At this time, Ji Beiye didn't know that Haotian in front of him was not a human at all, but the leader of the gods in the realm of the gods, known as a generation of god kings.

"Pfft..."

Hearing the question, Haotian opened his eyes, and another mouthful of blood spurted out, and said slowly: "Don't worry about me, quickly search around, find that Yue Feng, live to see people, die to see corpses ..."

## **The ultimate husband in Chinese chapter 6323**

When speaking, Haotian's eyes flashed with persistence.

In any case, Yue Feng cannot be allowed to live, this time he must die.

"Don't worry, Your Excellency."

Ji Beiye nodded and said earnestly, "I will help you find him." With

that said, Ji Beiye shouted at the surrounding guards: "What are you doing, hurry up and search around, it is extremely hard to find that one. Yue Feng, hurry up..."

"Yes, General!"

Hundreds of guards responded in unison after hearing the order, then quickly dispersed and searched around.

For a time, King Shaoyang and Ji Beiye both searched outside Qizhou City at the same time. They searched from night to day, and then to night, but they never found Yue Feng's whereabouts...

.....

Northwest of Qizhou City Eighty miles away, there is a mountain range with beautiful scenery.

At this time, two slim figures on the mountain road were slowly moving forward.

I saw these two women, the older one was around 30, dignified and beautiful, wearing a long white dress, giving people a graceful beauty.

The younger one was seventeen or eighteen years old, wearing a green short skirt, bright eyes and white teeth, and indescribably youthful beauty.

The older woman is Li Suqiu, the elder of Mingyuemen.

Mingyuemen is an ancient sect on the rivers and lakes of Tianxin Continent. It has been passed down for thousands of years. As early as a thousand years ago, it was one of the best sects, and it has a strong influence on the rivers and lakes.

This chapter is provided by . Visit for daily update.

But the prosperity must decline. In the past thousand years, the Mingyuemen has gradually declined, and it has no right to speak in the rivers and lakes, and is even about to be forgotten.

The youngest is Lin Ping, Li Suqiu's direct disciple and the only one.

Li Suqiu has a gentle and graceful personality, while Lin Ping has a stronger personality, but she respects her master very much and obeys every word. Half a month ago, Li Suqiu took her to the rivers and lakes for training, and she has returned to Mingyuemen today.

"Master!"

At this time, Lin Ping wiped the sweat from her forehead and muttered, "It's too hot today, let's take a break and then go on our way."

Li Suqiu smiled lightly, nodded and said, "Okay, there are rules ahead. Xiaoxi, let's rest there for a while."

Lin Ping cheered and quickened her pace.

Soon, at the creek at the foot of the mountain, Lin Ping cheered and squatted by the creek to wash her face, while Li Suqiu sat under the tree to meditate and rest.

"Yeah..."

At this moment, Lin Ping discovered something and exclaimed: "Master, there is a dead person floating in the water." While shouting, he quickly left the shore, her beautiful face full of surprise .

dead?

Hearing the call, Li Suqiu quickly stood up and looked towards the creek. Sure enough, he saw a figure floating up and down on the water. Although he was far away, Li Suqiu was keenly aware that the person was not dead.

The next second, Li Suqiu opened his mouth and said, "The man is not dead yet, salvage him quickly."

With that, Li Suqiu approached the stream first.

Lin Ping was stunned for a moment and walked in. A few seconds later, the master and apprentice brought the person in the stream ashore. Seeing the other person's appearance, Lin Ping was startled: "God, what happened to this person?"

" There is also a huge trauma. If this is someone else, I am afraid that they would have already died, and this person is still breathing.

Yes, this person is Yue Feng who was hit by the thunder.

A day ago, Yue Feng and Haotian were struck by a thunderbolt, and finally fell into the moat outside Qizhou City. The creek was connected to the bottom of the moat, and Yue Feng was rushed here.

call!

At this moment, Li Suqiu also frowned. It is the first time I have seen someone so seriously injured after walking the rivers and lakes for so many years.

"Ping'er, support him." Soon, Li Suqiu calmed down and instructed softly, then took out the healing elixir of Mingyuemen from his body.

Lin Ping was a little disgusted, but she still carefully helped Yue Feng up and asked, "Master, what are you going to do?"

Li Suqiu said softly, "Save people, the purpose of our Jianghu people is to hoe the strong and help the weak. This person has suffered such a serious injury, and he can't die without help."

After speaking, Li Suqiu squeezed Yue Feng's mouth and stuffed the medicine pill into it.

Gudong!

At this time, Yue Feng was completely in a coma, but he still instinctively swallowed the medicinal pill.

## The ultimate husband in Chinese chapter 6324

Oh!

Lin Ping sighed softly, and said disapprovingly, "Master, you are too kind. This person is injured so badly. Even if he is rescued, he may not live long.

"A waste of medicinal pills."

Hearing this, Li Suqiu frowned slightly, and said a little displeased: "Ping'er, it's not like that, it's his own creation that he can survive, but we have to save him. , I have to do my best."

"Okay, I see." Seeing that she was going to talk again, Lin Ping quickly stuck out her tongue.

Afterwards, Lin Ping glanced at Yue Feng and said in surprise, "Oh, are you really awake?"

Huh!

While speaking, Yue Feng breathed a sigh of relief and slowly opened his eyes.

Ma De, it's really unfortunate. He was hit by the thunder and fell into the moat in the end...

Muttering in his heart, Yue Feng was stunned when he saw the master and apprentice in front of him, and then he was stunned by their looks. .

Two beautiful women.

Judging by their age, they should be masters and apprentices.

"Hey!"

Yue Feng's gaze made Lin Ping very unhappy, and immediately said angrily: "What's your name? Why are you floating in the water? Let me tell you, fortunately you met my master, Otherwise, it will either be eaten by fish, or washed ashore and taken away by wild dogs..."

Lin Ping's personality was flamboyant, and her words were a bit mean.

This chapter is provided by . Visit for daily update.

As soon as the words fell, Li Suqiu said angrily: "Ping'er, don't be rude."

Then, Li Suqiu looked at Yue Feng: "Where are you from and what happened to you?"

"..."

Yue Feng scratched his head, thought for a moment, and said, "My name is Feng Tao, and I escaped from the imperial capital." In order to avoid unnecessary trouble, Yue Feng decided to temporarily conceal his identity.

Did the imperial capital escape?

Hearing the answer, Li Suqiu nodded silently. Ji Beiye broke the imperial capital a few days ago, and the world knows it. At that time, many refugees fled.

Later, Li Suqiu asked, "What's the matter with your injury?"

Yue Feng took a deep breath and looked very sad: "The rebels burned down my house, and when I fled, I was burned by the fire. The wooden beam was hit."

Having said that, Yue Feng cupped his hands: "Thank you for saving the two heroines."

"It's really pitiful."

Li Suqiu did not have the slightest doubt, and said angrily: "Then Ji Beiye is like this. Damn it, if you commit the following crimes, forget about usurping the throne, and actually torture innocent people. Such scum will be punished by everyone."

Phew!

Hearing this, Yue Feng breathed a sigh of relief and nodded secretly.

This beauty is not only kind-hearted, but also quite righteous.

Just thinking about it, Li Suqiu asked him, "Do you have any relatives or friends, we two masters and apprentices can escort you for a ride." When he said this, Li Suqiu's delicate face was full of sincerity.

The family in front of him is gone. With such a serious injury, it is also necessary to help him escort his relatives.

This...

Yue Feng scratched his head and smiled bitterly: "I have no relatives or friends in this world." He was right. All relatives and friends are in the Kyushu Continent, and the Tianxin Continent in front of him can be said to have no relatives.

"Is that so..."

Hearing this, Li Suqiu bit her lip lightly, and finally said, "Otherwise, you can come with us first, and wait until your injury heals before deciding where to go."

Seriously, Mingyuemen rarely accepts outsiders . , but the man in front of him was seriously injured, Li Suqiu was kind-hearted, and couldn't bear to leave him alone.

"Master!"

As soon as the words fell, Lin Ping became anxious and couldn't help but said, "How can we bring him back to the mountain gate? When others see it, they will definitely make irresponsible remarks."

Both herself and her master are female, Take a man back, what's the matter?

Moreover, this man looked at me like that just now, so annoying.

Uh...

At the same time, Yue Feng was also embarrassed, and said a little embarrassedly: "This seems a little inconvenient, I still don't bother the two of you."

Li Suqiu looked serious: "Your injury is very serious, If you don't get treatment in time, it may endanger your life, as long as you obey my arrangement, there is no inconvenience."

She was kind-hearted, and she decided to take Yue Feng back to Mingyuemen, after all, he was hurt too badly.

## **The ultimate husband in Chinese chapter 6325**

Moreover, Li Suqiu noticed that Yue Feng, who was in front of him, did not have the slightest fluctuation in strength around him. He was obviously an ordinary person, and there was no threat to him at all.

She didn't know that Yue Feng's strength was tyrannical, but the previous battle had exhausted his strength.

call!

Seeing Li Suqiu's sincere face, Yue Feng secretly breathed a sigh of relief and smiled: "Okay then, trouble for the two of you."

He competed with Haotian in Qizhou City before, his divine power was exhausted, and he urgently needed a place to retreat. Naturally, Qizhou City couldn't go back, so facing Li Suqiu's invitation, it was natural to ask for it.

"Master!"

Lin Ping next to him was very reluctant and couldn't help saying: "You..."

But before she could finish speaking, Li Suqiu interrupted: "Okay, Master has already decided, you don't want it. Say more." The tone was gentle, but unquestionable.

Seeing her insistence, Lin Ping nodded even if she was reluctant.

Afterwards, the three rested for a while by the creek and continued on their way.

Along the way, Li Suqiu asked Yue Feng some questions. Yue Feng was well prepared and answered without leaking, which made Li Suqiu more and more convinced that Yue Feng was just a refugee.

What surprised her was that Yue Feng was injured so badly, but he seemed to be fine.

But thinking that he had taken the medicine pill before, there was no doubt about it.

Finally, after several hours of traveling, the three finally arrived at the main altar of Mingyuemen.

The main altar of Mingyuemen is located by the lake. It is dusk at this time, and the afterglow of the setting sun is sprinkled on the lake. The reflections dye the entire main altar with a golden color, which makes people feel indescribably relaxed and happy.

This chapter is provided by . Visit for daily update.

Nice place.

Seeing the environment in front of him, Yue Feng nodded secretly, very satisfied.

At this moment, Lin Ping said, "Hey, I warn you, don't break in when you enter the mountain gate, otherwise, if something happens, you will bear the consequences yourself."

When she spoke, Lin Ping couldn't hide her face . unhappy.

Yue Feng didn't care about Lin Ping's attitude at all, and nodded with a smile. Then he looked around the building of the mountain gate and pretended to be shocked: "This is your mountain gate? It's so majestic..."

"Yes!"

Lin Ping looked proud: "You ordinary people, you have never seen it before."

and Like Li Suqiu, Lin Ping also believes that Yue Feng is an ordinary person.

Seeing Liping's high-spirited attitude, Li Suqiu was a little displeased and frowned, "Ping'er, how did Master teach you before? Be careful!" After speaking

, Li Suqiu greeted Yue Feng and walked towards the resting place behind .

Along the way, many disciples of Mingyuemen looked at Yue Feng curiously, but due to the identity of Elder Li Suqiu, they did not dare to come over and ask.

The small courtyard where Li Suqiu and Lin Ping live is located in the northeast of the mountain gate.

Soon Li Suqiu arranged a room for Yue Feng and said with a smile, "During this time, you will be staying here temporarily."

"Thank you!" Yue Feng nodded.

Wow... As he was talking, several disciples approached the small courtyard, and the leader was a man

in his twenties, with a high-spirited attitude: "Is Elder Li back?"

The elder's direct disciple. Relying on the status of the Great Elder, he is arrogant and domineering in the entire Mingyuemen, and no one cares.

Hearing the question, Li Suqiu and Lin Ping walked out of the room.

Yue Feng followed.

When outside, Lin Ping was very unhappy when she saw Tong Shan's attitude, and couldn't help but say, "Tong Shan, do you have any rules? Who told you to break in?"

Lin Ping was often bullied by Tong Shan. He barged in, and naturally he didn't look good.

Faced with the accusation, Tong Shan chuckled lightly: "I'm here to find Elder Li, what are you talking about?" After speaking

, Tong Shan was taken aback when he saw Yue Feng: "Huh? Why is there a man?"  
Huh

!

At this time, Li Suqiu breathed a sigh of relief, took a step forward, and said lightly: "This is the way I came back, I rescued the fleeing people, let him recuperate here, Tong Shan, what do you have to do with me?"

"Tsk tsk... Hearing the

question, Tong Shan did not answer immediately, but smiled meaningfully: "Two master and apprentice rescue a man back, interesting..."

## The ultimate husband in Chinese chapter 6326

Li Suqiu is at the end of the nine elders, with a graceful personality. Therefore, Tong Shan has never put her in his eyes.

After all, Li Suqiu's strength is only eighth-rank, and Tong Shan's master, the great elder, has broken through the ninth-rank realm two months ago, and his strength is second only to the sect master.

Swish!

Hearing something in Tong Shan's words, Li Suqiu's face instantly flushed red, and she was very unhappy: "Tong Shan, don't talk nonsense, my master and apprentice are innocent and cannot be slandered by you." When the

voice fell, Lin Ping also shouted . : "I think you can't spit out ivory from a dog's mouth. If you talk nonsense again, believe it or not, my master taught you a lesson? If it's alright, get out."

At this time, Lin Ping was furious.

It's okay to bully yourself on weekdays, but now it's disrespectful to the master.

Ha ha!

In the face of the anger, Tong Shan did not panic at all, but smiled contemptuously and said to Lin Ping: "Stinky girl dares to talk to me like this, someday it will fall into my hands, you will be beautiful."

Feeling Tong Shan's evil spirit, Lin Ping was a little timid. After all, he had suffered a lot from him for so many years. However, when he thought of his master, he still pretended to be calm and retorted, "I'm afraid of you."

Tong Shan was too lazy to talk nonsense to her and looked at Li Suqiu. Said: "The day after tomorrow is the annual sunflower competition. My master asked me to let me know. I hope Elder Li will not forget it."

"Of course, my master is already determined to win."

When the last sentence fell, Tong Shan's eyes were full of Arrogant, turned around and walked away.

"What's your arrogance?"

Looking at Tong Shan's back, Lin Ping pouted and said angrily, "Isn't it because of the Great Elder?"

Sunflower Competition...

Where was Li Suqiu standing, silently reciting these four words in her heart, her beautiful face was indescribably complicated.

Tianxin Continent has a long history and a long history. Many powerful sects have been born in the past ten thousand years. However, as the years change, many sects no longer exist, leaving only some secret realms. These secret realms are just like the Kyushu Continent. The ancient tombs are generally descended, and will only be opened at specific times.

The place where the main altar of Mingyuemen is located used to be the site of an ancient sect. The secret realm left behind is only opened every three years. Because the entrance to the secret realm is full of sunflowers, it is called the sunflower secret realm.

Three years ago, the owner of Mingyuemen explored the secret realm of sunflowers alone, but he never returned. No one came out until the secret realm was closed. At that time, the whole Mingyuemen was in panic.

Some say that the door owner died in a secret realm.

Some said that the door owner was not dead, but was trapped in the secret realm.

Because there are different opinions and the life and death of the sect master is uncertain, Mingyue Sect has not elected a new sect master, and the big and small affairs are temporarily in charge of the elders.

It's just that the first elder is very ambitious and wants to be the sect master. As early as two months ago, he proposed that when the secret realm was opened, a competition would be held, and the winner would become the new sect master.

At that time, Li Suqiu was resolutely opposed, because the sect master was not meant to her. Although there was no news of entering the secret realm for three years, but he was not sure whether he was dead or alive, Li Suqiu naturally would not agree to the arrangement of the elder.

However, the other elders had been secretly bought by the first elder, and all of them voted in favor. At that time, Li Suqiu was weak and could not change at all.

Two months have passed now, and the day after tomorrow is the day when the secret realm opens.

well!

Thinking of this, Li Suqiu couldn't help sighing softly.

The first elder is strong and powerful. He is the first in the sunflower competition. At that time, he will be the new leader of Mingyuemen.

"Master!"

At this time, Lin Ping closed the gate of the yard, walked back quickly and said, "What kind of sunflower competition, the first elder deliberately made a form to sit on the door, so we don't need to participate."

Master and the first elder It has always been inconsistent. If this time the Great Elder took advantage of the sunflower competition and secretly plotted against Master, it would be troublesome.

So, the safest way is not to participate.

"No!"

Li Suqiu shook her head as soon as she finished speaking, her delicate face showed a bit of determination, her red lips parted lightly, and she said slowly, "This competition, as a teacher, must participate."

"Why?"

Lin Ping Jiao's body trembled, and she said in a puzzled manner, "This competition was organized by the Great Elder, and he must have arranged it all."

**The ultimate husband in Chinese chapter 6327**

“Also, Tong Shan said just now that they are determined to win...”

Lin Ping was very anxious at this time.

what’s wrong, master? Knowing that there are tigers in the mountains tend to walk in the mountains, isn’t this asking for trouble?

Just before she could finish speaking, Li Suqiu interrupted lightly: “It is precisely because this competition was organized by the Great Elder that I should participate.

”, the first elder is really going to be bad for him, how can the sect master deal with it alone? So, I must go.”

Speaking of which, Li Suqiu looked outside: “No matter whether the competition wins or loses, I must find the sect master’s. Whereabouts, live to see people, die to see corpses.”

Alas!

Seeing her firm tone, Lin Ping knew she couldn’t be persuaded, so she just nodded helplessly and said, “Master, be careful, then you must be careful and be on guard against the Great Elder.”

Li Suqiu nodded and smiled lightly: “Don’t worry. , Master has a clue.”

“That...”

At this moment, Yue Feng, who had been beside him, couldn’t help but ask, “What are you talking about, what sunflower competition, secret realm...”

Yue Fengben I don’t want to talk too much, but I’m just too bored, so I asked curiously.

“Shut up!”

As soon as he spoke, Lin Ping scolded angrily: “You still have the face to talk? Do you know that if it weren’t for you, Master and I would not be slandered by Tong Shan.”

“Also, you A commoner who doesn’t understand anything, so what are you asking?”

This chapter is provided by . Visit for daily update.

Faced with Tong Shan’s anger just now, Lin Ping was already upset, but when she saw Yue Feng’s questioning, she couldn’t help it.

Uh...

In the face of Lin Ping's accusations, Yue Feng was speechless.

The girl is young and has a good temper. I just ask casually, is there something wrong?

"Okay, okay!"

Seeing this scene, Li Suqiu said softly: "Fengtao doesn't understand anything, just ask, don't talk about him like that."

Seeing the master speak, Lin Ping snorted coldly, At that time, I was too lazy to say anything, so I turned around and went to the yard to play with the flowers and plants.

call!

Seeing her like this, Li Suqiu shook her head and smiled bitterly, and then apologized to Yue Feng: "Fengtao, don't mind, this child Ping'er has an unruly personality."

"It's okay." Yue Feng smiled.

Li Suqiu nodded, then calmed down and said slowly: "In our Mingyuemen, there is a sunflower secret realm, and the competition for the day after tomorrow will be held in this secret realm..."

In the next few minutes, Li Suqiu Describe the situation roughly.

Of course, Li Suqiu didn't go into great detail, especially when it comes to the core issues of Mingyuemen.

However, Yue Feng is an old river and lake. From this simple description, he already understood the general situation, and he couldn't help but mutter in his heart.

It seems that the secret realm they are talking about is similar to the arrival of the ancient tombs in the Kyushu continent.

With...

muttering, Yue Feng suddenly thought of something, and his heart suddenly cheered up.

Thinking that in these secret realms, the spiritual energy is relatively abundant, and the primordial spirit has been devastated, and it is urgent to find a suitable place to cultivate and recover, and this sunflower secret realm is a good choice.

Of course, this matter must be carried out quietly, and Li Suqiu's master and apprentice must not know about it, otherwise his identity will be exposed.

“Okay!”

After chatting for a while, Li Suqiu gave Yue Feng two more pills: “You are seriously injured, hurry up and rest, these two pills are to be taken once a day.”

Hmm!

Yue Feng nodded, smiled and thanked: “Thank you.” After saying that, he returned to the room to rest.

In order not to be suspected by the master and the apprentice, Yue Feng returned to the room and lay down and pretended to sleep.

Before you know it, night falls.

Lin Ping had been busy in the small courtyard for a long time. In order to trim those flowers and plants, she was dripping with sweat and was very tired.

Speaking of which, these flowers and plants were arranged by Li Suqiu. Lin Ping had a flamboyant personality and didn't like them at all, but the name of the master had to be followed. Every once in a while, these flowers and plants had to be trimmed.

Li Suqiu did this just to cultivate her mood.

“I'm exhausted!”

At this time, Li Suqiu was resting, and Lin Ping didn't dare to speak loudly, so she mumbled, “Hurry up and take a bath, it will be much more comfortable.”

## **The ultimate husband in Chinese chapter 6328**

Talking to herself, Lin Ping got a big wooden bucket in the room and started to get water to take a bath, but she was only halfway busy when she suddenly thought of something and looked at the next room.

The room where Yue Feng was resting was only separated from Lin Ping's room by a wall. There was a lattice window on the wall, and there was nothing blocking the window.

This room was originally a study, and was temporarily used for Yue Feng's rest.

“Hey!” At this time, Lin Ping

looked at Yue Feng through the lattice window. Seeing that he was lying down and resting, he couldn't help shouting, “Are you asleep?”

irritable.

I don't know what Master was thinking. He had to bring this man back, and even arranged him in the study. The lattice windows were unobstructed. When I waited for a bath, wouldn't he have seen it all?

call!

At this time, Yue Feng was in the critical period of cultivation. He sat up when he heard the call, and smiled at Lin Ping through the lattice window: "Is there something wrong with Miss Lin?"

Lin Ping walked around without saying a word. come over.

clap clap!

When she got to the front, Lin Pingyu raised her hand and quickly touched Yue Feng's Qingming point.

The Qingming acupoint is related to the eyes. Lin Ping's purpose is very simple, to seal Yue Feng's Qingming acupoint and temporarily blind him, so that he doesn't have to worry about being seen.

However, at this time, Lin Ping didn't know that although Yue Feng's strength was exhausted, he still protected his body with the red lotus of the law. She just shot and seemed to seal Yue Feng's Qingming point, but in a flash, Yue Feng was on his own. Unfastened, the eyes returned to normal.

Huh....

at this moment, after Lin Ping tapped Yue Feng's Qingming point, she stretched out her hand and shook it in front of him: "Can you see it?"

Of course Yue Feng could see it, but he did pretend to be flustered: "Miss Lin, what did you do to me just now? I...why are my eyes dark?"

When he said this, Yue Feng was very flustered look.

To be honest, Yue Feng didn't want to act in his heart, but he couldn't help it. If he didn't cooperate with Lin Ping, his identity would be suspected. After all, how could ordinary people unravel the acupoints on their own?

"Shut up!"

Seeing Yue Feng's appearance, Lin Ping was very satisfied, but she scolded angrily: "I just clicked on your acupuncture point, you can't die, you are honest, I will come to you later Solve the acupoints. "

Yue Feng nodded and said, "Okay, then hurry up."

Lin Ping was too lazy to talk nonsense, and was about to leave, but still felt that it was not right, and clicked Yue Feng's other two acupoints to let him temporarily Lost hearing.

It's just that she didn't know that Yue Feng's hearing was not affected at all.

All right!

Lin Ping was kept in the dark and thought he was foolproof. At that time, he was completely relieved. This person couldn't see or hear it, and he didn't have to worry about it.

Thinking to herself, Lin Ping returned to her room, prepared hot water, and began to take a bath.

Clap la la...

Soon, the sound of Lin Ping's bathing splashes kept coming. Yue Feng sat there, motionless, and could see clearly through the lattice window.

I didn't expect this girl's figure to be quite good.

To be honest, Yue Feng's concentration is far superior to ordinary people, but the scene in front of him is also difficult to calm down, and his face turns red in a short while.

Time passed by minute by minute.

Finally, Lin Ping finished bathing, put on clean clothes and went to Yue Feng's room, ready to relieve him.

Um?

However, seeing Yue Feng's appearance, Lin Ping was stunned.

I saw that at this time, Yue Feng's face was red and glowing, like a cloud of fire, and his body also seemed to be on fire, and it was too hot.

"You..."

In a daze, Lin Ping frowned and said, "What's wrong with you? Why is your body so hot?" In her subconscious, she didn't think that Yue Fenghui could solve the acupoints on her own, thinking it was for other reasons.

Uh...

At this moment, Yue Feng was very embarrassed. It was broken and broken, and I was afraid that it would be revealed.

Muttering in his heart, Yue Feng quickly turned his head and responded, "I don't know either. Suddenly, my whole body seems to be on fire. Miss Lin, didn't you say it's alright to click on the acupuncture points?"

Hearing this, Lin Ping was also taken aback.

This Feng Tao was seriously injured, and he sealed his acupoint again...

Is it really caused by this?

Thinking to herself, Lin Ping hurriedly unblocked Yue Feng's acupoints. Until this time, she was completely unaware that she had already been seen by Yue Feng.

call!

After removing the acupoints, Lin Ping took a deep breath and said fiercely to Yue Feng: "I warn you, don't tell my master what happened just now, do you understand?"

If the master knew, he would definitely blame himself. of.

"Understood, I understand..."

Yue Feng Xiaoji nodded and said with a smile: "Miss Lin tapped my acupuncture point just now to help me heal, right? Miss Lin did a good deed, and she didn't want Master to know, really You are a good person."

He said this, but Yue Feng laughed secretly in his heart.

This Lin Ping, blocked my acupuncture points for fear of being punished by Master, it's really interesting.

A fool...

Listening to Yue Feng's answer, Lin Ping nodded, but she was secretly contemptuous.

Sure enough, he was an ignorant commoner. I gave him acupuncture points just to prevent him from watching me take a bath. He thought I was helping him heal his wounds, but that's fine.

At this time, Lin Ping didn't know that everything she did just now was clearly seen by Yue Feng. The real clown was herself, not Yue Feng.

After explaining a few more words, Lin Ping returned to the room to rest.

Yue Feng also lay down again and continued to practice and recover... It wasn't until the middle of the night in the cultivation way that he fell asleep. This sleep, Yue Feng slept soundly.

the next morning.

After breakfast, Li Suqiu checked Yue Feng's injury and was stunned.

I saw that the wound in Yue Feng's heart was still bloody yesterday, but after just one night, it began to scab... The speed of self-healing seems to be too fast.

In a daze, Li Suqiu bit her lip lightly: "It's scabbed..." What the fuck

...

Yue Feng was also stunned, his heart was a bit complicated, he has the red lotus body protection of the law, and his self-healing ability is very comparable to others. , I'm afraid it's about to be suspected.

Just when Yue Feng was thinking about how to deal with it, Lin Ping came over, with a delicate face that couldn't hide his pride: "Master, what's so strange, you've been giving him our Mingyuemen elixir, and it will be fine. Are you unhappy?"

"That's right..."

Hearing this, Yue Feng nodded quickly and said with a smile, "It's all thanks to Your Excellency's elixir that I can recover so quickly. Speaking of which, I'm really grateful."

?

Li Suqiu frowned slightly, when did the medicinal herbs of this sect work so well? Because he was entangled in the sunflower competition, Li Suqiu

didn't think much about it, and said slowly to Yue Feng: "You can't stay in the room all the time because of your injury. You need to do more activities."

You'd better not rush in other places, you can walk around in the woods behind the courtyard."

After saying this, Li Suqiu returned to the room to study and practice, and prepare for the sunflower competition.

call!

Yue Feng took a deep breath and was finally able to turn around.

Thinking to himself, Yue Feng looked at Lin Ping subconsciously.

Lin Ping pouted: "What do you see me doing? I'm not obliged to accompany you for a walk." After speaking, she turned and left without looking at Yue Feng.

Lin Ping's attitude, Yue Feng did not take it to heart at all, but rather relaxed. It's just right without Lin Ping to follow. I'll have a chance to explore that sunflower secret.

After making up his mind, Yue Feng walked out of the courtyard and took a walk in the woods behind.

"Hey!"

Just before taking a few steps, he heard a coquettish shout from behind.

Yue Feng looked back subconsciously, and was stunned for a moment. He saw a woman in a long yellow dress, walking quickly with a long sword in her hand. The woman was about twenty-five, with a beautiful appearance, but there was a bit of meanness between her brows.

The woman's name is Liu Yulei. She is the direct disciple of the second elder. She is arrogant and arrogant, and no one looks down on her. I was practicing swordsmanship on the edge of the woods just now, and when I saw a strange man, I immediately reprimanded.

Soon, Liu Yulei came to the front, looked up and down at Yue Feng, and said coldly: "Who are you? Dare to break into our Mingyuemen? Are you impatient?" The

words were full of aggressiveness.

Yue Feng smiled slightly and explained, "The girl misunderstood. My name is Feng Tao. I am a refugee. Because of my injuries, I was brought back by Elder Li to recuperate."

While talking, Yue Feng couldn't help but look at Liu Yulei.

I can't see that there are many beauties in Mingyuemen, but Elder Li, most of them don't have much self-cultivation.

"What are you looking at?"

Yue Feng's eyes made Liu Yulei very unhappy, and she immediately said coldly: "What an ignorant pariah, there are no rules at all."

Huh!

Hearing this, Yue Feng frowned, but did not attack.

At this time, Liu Yulei thought of something, and chuckled, "I remember, yesterday, Senior Brother Tong Shan said that Li Suqiu brought back a wild man, that's you.

"Don't take her seriously, and often call her by name behind her back.

"Girl!"

Seeing her aggressiveness, Yue Feng couldn't listen anymore, and said seriously: "Elder Li just kindly saved me, he is a good person, please don't slander her.

"report". Seeing that Liu Yulei was disrespectful to Li Suqiu at this time, she couldn't help it.

However!

Liu Yulei sneered and said coldly, "What's the matter with you, I don't bother to care."

After speaking, Liu Yulei's eyes flashed, and she thought of something, and continued: "If you disturb my sword practice, you have to be a fool for me. People." She learned a new set of swordsmanship, and she was not very proficient, so she planned to practice with Yue Feng.

In her eyes, Yue Feng was a pariah, and it didn't matter if he was stabbed to death.

What? wooden man?

At this moment, Yue Feng frowned secretly and said with a smile, "What wooden man? I don't understand what the girl said."

"The wooden man is the target."

Liu Yulei looked arrogant: "In this forest, you can run as you like, as long as you avoid my sword, even if you are lucky, you can only blame your luck. It 's bad."

Nima...

Hearing this, Yue Feng finally understood and was very annoyed.

This woman is too ruthless, I didn't recruit you or provoke you, and she actually wanted to use me as a living target...

Thinking to myself, Yue Feng was about to say no, but Liu Yulei didn't give him a chance at all, and held his long sword tightly at that time. , Jiao shouted: "Look at the sword!" When the words fell, Liu

Yulei

figured lightly, holding the long sword tightly, and stabbed directly at Yue Feng's heart.

At this moment, Yue Feng was shocked and angry. At that time, he wanted to show his strength and knocked Liu Yulei unconscious with a palm, but he held back after thinking about it.

Thinking to himself, Yue Feng endured his anger and shouted in a panic-stricken manner: "Young lady has something to say, this will kill people."

At the same time, Yue Feng pretended to be embarrassed and retreated, secretly showing his body. Law, dodged the sword.

Um?

Liu Yulei stabbed the air with a sword, and was very annoyed at the time.

But Yue Feng's acting was very similar, she didn't realize that the other party was a hidden powerhouse, she just thought it was because she was not proficient in swordsmanship.

"I don't believe that I can't stab you." In the

next second, Liu Yulei said coldly, holding the long sword tightly again, and stabbed towards Yue Feng.

Yue Feng yelled, and dodged awkwardly as he circled the surrounding trees.

clack clack...

For a time, many small trees were cut off by Liu Yulei. When Yue Feng saw this situation, he immediately took it to heart. While dodging, he moved the small trees that were cut down, and quietly deployed a 'Sun Gathering Array' around him.

The so-called Yang Gathering Array is to integrate the power of the extreme sun around it. Come to subtly suppress Liu Yulei, after all, Liu Yulei is a woman and belongs to the yin.

In the blink of an eye, the formation was formed.

Buzzing...

At this time, it was approaching noon, and the scorching sun above the head was in full bloom, and for a while, a lot of extreme sun power quickly gathered into the formation.

"It's so hot..."

At this time, Liu Yulei wanted to continue chasing Yue Feng. She felt the scorching aura coming from her surroundings. She suddenly stopped, and her delicate face was inexplicably frightened.

what happened? Why is it so good, it's getting so hot around?

At this time, Liu Yulei felt like she was in a big stove, and the scorching air waves swept in from all directions, as if to bake her.

Ha ha!

Seeing her like this, Yue Feng smiled secretly and stopped.

Don't take other people's lives seriously, I will teach you a lesson today.
