

The ultimate husband in Chinese chapter 6391

“Look, I’m right.”

Just when Lin Ping was secretly puzzled, Yue Feng scratched his head and looked simple and honest: “I said it before, when I was a child, I ate this kind of fruit, Not only did I have diarrhea, but I also felt uncomfortable for several days.”

“The elders in my family said that this kind of fruit that grows in the shade is fine for women, but not for men.”

Phew!

Seeing his rhetoric again, Lin Ping reacted and said angrily: “Okay, don’t talk nonsense, how can there be any fruit, only women can eat it, men can’t eat it?”

” In Ping’s heart, she thought that Yue Feng was talking nonsense.

At this moment, Yuan Rou thought for a while, and said slowly: “Feng Tao may be right, there is a folk saying that women belong to yin, men belong to yang, the first elder was injured too badly before, causing Yuanyang to suffer losses, and These fruits grow in the shade, and the yin and cold are excessive...”

“In this case, if the sixth elder eats this fruit, it will naturally lead to an imbalance between yin and yang...” After

hearing these words, Lin Ping stopped talking. what.

Yue Feng was secretly surprised.

This Yuan Rou knows a lot.... She actually knows the way of yin and yang.

“So that’s the case.”

At this time, Li Suqiu nodded in understanding, and then couldn’t help but say, “What should I do now? Does Elder Yuan have a way to save him?”

During the speech, Li Suqiu’s delicate face, Can’t hide the worry.

The fifth elder died so tragically, it has already made people very sad, and now the sixth elder must not be allowed to have an accident again.

call!

Yuan Rou breathed a sigh of relief, thought about it, and said, "In his current condition, it's not appropriate to move, you guys stay here, and I'll find some medicine."

After speaking, Yuan Rou glanced at Yue Feng: "Come with me. ." Li Suqiu and Lin Ping stayed here to take care of the sixth elder, he has no strength at all, it is useless to stay, it is better to follow them to find medicine.

"Oh!" Yue Feng responded and followed Yuan Rou to the depths of the garden.

Li Suqiu, together with Lin Ping, guarded the sixth elder and observed his situation at all times.

The weeds behind the garden were very deep, and after a while, Yuan Rou Yuefeng found some trees in front of them, and saw some fruits hanging on the trees. At this time, the sky was slightly bright, and the fruits glowed with an attractive luster in the morning light.

Yuan Rou looked at the fruit tree, then turned to look at the opposite Xiangyang, she immediately found something, nodded and said, "That's all." After the

voice fell, Yuan Rou walked over and collected a few herbs in the grass.

As you can see, these herbs are very special. The roots and leaves are all fiery red. From a distance, they look like rising flames.

While collecting the herbs, Yuan Rou said slowly, "It seems that we are lucky. This fire grass has strong medicinal properties and is just right for the symptoms of the sixth elder."

Fire grass?

Hearing this, Yue Feng nodded and said with a smile, "It seems that the sixth elder is saved."

When he responded, Yue Feng observed carefully. A herbal herb with the most yang attribute, but in Tianxin Continent, it is called fire grass.

Although the names are different, the properties and effects are the same.

"All right!"

Just when Yue Feng was thinking about it, Yuan Rou's red lips lightly parted, and she instructed: "You collect more herbs like this, it's almost done, let's go back."

In Yuan Rou's mind, the purpose of bringing Yue Feng out was to let him fight. Well, for such trivial matters as collecting herbs, naturally, you don't have to do it yourself.

“Okay!”

Yue Feng responded, and immediately collected Lieyang Grass in the grass. There is a lot of spiritual energy in the sky and the earth, and there are many Lieyang grasses. After a while, Yue Feng collected dozens of plants.

Yuan Rou stood aside, frowning slightly, as if thinking about something.

When Yue Feng collected more than a dozen plants, Yuan Rou reacted and said softly, “Okay!” After saying that, she turned and walked towards the hall on the side.

Yue Feng responded, holding the herbal medicine to follow.

Entering the main hall, Yuan Rou pointed to the stone table and said to Yue Feng, “Help me remove the rhizome and put it here.”

After speaking, Yuan Rou looked around in the main hall and finally found a copper stove.

The ultimate husband in Chinese chapter 6392

Is she preparing for alchemy?

Seeing this scene, Yue Feng muttered secretly while removing the rhizomes of the scorching sun grass.

I can't see that this Elder Yuan knows a lot.

Speaking of which, Yuan Rou is erudite and talented. Because she doesn't like power struggles, in addition to her daily practice, she reads various ancient books, so she dabbles in various fields.

Soon, Yuan Rou cleaned the copper furnace and prepared to add herbs and start refining.

“Elder!”

At this moment, Yue Feng couldn't help but said, “Are you going to make medicinal pills?”

Huh?

Yuan Rou was stunned for a moment, and looked at Yue Feng in surprise: “What? You also know how to make alchemy?” This person was just an ordinary person, and it was surprising to see that he was preparing to do alchemy.

Aware of Yuan Rou's surprise, Yue Feng scratched his head: "I don't understand it very well, but when I was in the imperial capital before, I saw others refining it."

Yuan Rou nodded.

There are many strange people and scholars in the imperial capital, and it is not unusual for him to see other people refining alchemy.

Thinking about it, Yuan Rou put the herbal medicine into the copper furnace and prepared to ignite it for refining.

However, at this moment, Yue Feng couldn't help but said: "Elder Yuan, you...you don't seem to be able to refine it like this." When he spoke, Yue Feng's face showed a trace of complexity.

It is true that Yuan Rou used Lieyang Herb as a medicinal guide, but the alchemy utensils were wrong.

This chapter is provided by . Visit for daily update.

You must know that Lieyang herbs are too strong. If they are used for medicinal herbs, it is best to use a pottery pill stove to wash the potency of Lieyang herbs. If you use a copper stove, it will not be effective.

This is Yue Feng's many years of experience in alchemy.

"Why not?"

Seeing Yue Feng interrupting again, Yuan Rouxiemei frowned, her delicate face very unhappy.

Uh...

Yue Feng scratched his head, because of his status as an 'ordinary common man', he couldn't be too professional, so he thought about it and said, "I saw other people refining pills in the imperial capital, and they all used pottery pill furnaces. , your copper stove is definitely not good." To

be honest, Yue Feng didn't want to do so much, but the sixth elder was in danger, and he couldn't help it.

Pottery Dan furnace?

Hearing this, Yuan Rou only felt angry and funny, and said lightly: "You are just watching other people refining, but you don't really know how to do it. Don't talk anymore."

In Yuan Rou's opinion, Yue Feng has a problem with alchemy. He is completely a layman, but he thinks he understands when he sees other people refining medicine pills, which is ridiculous.

Speaking of which, it took only a few hundred years for the appearance of the alchemy technique in Tianxin Continent, and it was far from that of the Kyushu Continent. Yuan Rou's alchemy skills, for Yue Feng, were only at the beginning stage, and naturally he still did not understand the effect of utensils on alchemy. importance.

The moment the words fell, Yuan Rou ignored Yue Feng, named the copper furnace, and started refining.

well!

Seeing her insistence, Yue Feng couldn't help shaking his head secretly and sighed.

Refining like this is a complete waste of herbal materials.

I thought to myself, Yue Feng still wanted to discourage her, but seeing Yuan Rou's cold expression, she finally held back.

Time passed by minute by minute.

Bang!

Ten minutes later, I heard a vibration from the copper furnace. At that time, Yue Feng shook his head secretly when he heard the sound. With his experience in alchemy, he could know whether the refining was successful or not based on the sound.

The current situation, and what Yue Feng had guessed before, was correct, Yuan Rou's refining process had already failed.

However, Yuan Rou didn't know it. When she heard the vibration, a smile appeared on her delicate face, and she said to herself, "It's done." When the voice fell, she couldn't wait to open the copper furnace.

This... The

next second, seeing the situation in the copper furnace, the smile on Yuan Rou's face suddenly froze, and there was complexity in her brows.

I saw that there was a dark ashes in the copper furnace.

How could this be?

For a while, Yuan Rou was very puzzled. Could it be that she didn't control the heat properly?

Thinking to herself, Yuan Rou put the Lieyang Grass again and started refining it again. The result was predictable. After ten minutes, she failed again.

After losing one after another, Yuan Rou lost her confidence in an instant. Speaking of which, her knowledge of alchemy was learned from ancient books, and no one taught her. It worked.

The ultimate husband in Chinese chapter 6393

It's just that she used to refine some of the simplest medicine pills before, but this is the first time to use Lieyang grass to make medicine pills, and she has no experience at all.

.

Alas...

Seeing Yuan Rou stunned there, staring at the copper furnace blankly, falling into self-doubt, Yue Feng couldn't help sighing.

This is the end of the constant advice.

Muttering in his heart, Yue Feng looked around, and finally found a pottery pot in the corner of the main hall. Yue Feng's alchemy skills have reached a state of perfection, and the utensils are no longer important, as long as they are made of pottery.

After cleaning the pot again, Yue Feng threw the last few Lieyang grass in it and started refining it.

"You..." At this moment, Yuan Rou reacted. Seeing Yue Feng concocting alchemy in a clay pot, her pretty

face suddenly changed: "You...what are you doing?"

, he actually started alchemy.

He is just an ordinary person, does he know how to make alchemy?

And, still using a clay pot....isn't that bullshit?

"I'm alchemy."

Yue Feng said calmly, and said slowly: "I told you just now that I was in the imperial capital before, and I saw that everyone used a pottery alchemy furnace for alchemy. You have to use a copper furnace. "

While speaking, Yue Feng paid attention to the fire.

“Nonsense!”

However, hearing this, Yuan Rou stomped her feet in a hurry: “Hurry up and stop.”

This Yue Feng only saw others refining, but he didn't really know how to make alchemy. More importantly, there was only so much left of the Lieyang Grass collected before, all of which were used by him.

At this moment, in Yuan Rou's heart, she thought that Yue Feng was fooling around, but she didn't know that the so-called 'ordinary people' in front of her were the real master of alchemy.

However, Yue Feng didn't seem to hear it, and was very focused on alchemy.

Bang!

Yuan Rou was completely in a hurry, and walked over quickly, she was about to stop alchemy, but at this moment, she heard a vibration from the clay pot.

Hearing this vibration, Yuan Rou's face instantly paled.

When it's over, it's definitely a failure. Now that the fire grass is all used up, it will be difficult to find it again.

Thinking about it, Yuan Rou stared at Yue Feng angrily, and was about to blame her, but the next scene made her completely stupid.

“Oh...success!”

I saw Yue Feng shouted with a smile, and then took out a fiery red medicinal pill from the bottom of the pot. The medicinal pill was round and lustrous. The whole hall was filled with air.

This...

Seeing the medicinal pill in Yue Feng's hand, Yuan Rou's body trembled, and her delicate face was full of incredible.

how can that be?

She didn't even make a medicinal pill by herself, but this common man succeeded in making it...

After some time, Yuan Rou reacted and looked at Yue Feng in a complicated way: "You... Who the hell are you? How can you make medicine pills?" You know, medicine pills are extremely mysterious, but not just anyone can make them.

"I am a citizen of the imperial capital."

Aware of Yuan Rou's doubts, Yue Feng scratched his head and laughed: "When I was living in the imperial capital, the old gentleman next door used to make medicine pills. I used to go to see it often. Just a moment, I didn't expect it to be successful..."

When he said this, Yue Feng's face was simple and honest.

call!

Hearing this explanation, Yuan Rou fell into deep thought.

If so, could it be that Feng Tao has a unique talent in alchemy?

Bewildered, Yuan Rou saw the sky outside and knew that the time was running out. She didn't want to think about it at that time, and gave Yue Feng a complicated look: "Let's go, go back and save the Sixth Elder."

No matter what, the medicinal pill was refined. Well, nothing else matters.

okay!

Yue Feng nodded, took the pill and left the hall with Yuan Rou, and quickly rushed towards the garden.

....

on the other side, the cave below the cliff.

Huhuhu....

After the elder took the medicine pill, he could only feel a majestic force filling his body, and his strength continued to rise.

I don't know how long it took, the Great Elder finally completely integrated the power of the medicinal pill.

Haha...

At this moment, feeling the strong power in the body, the elder elder couldn't help laughing up to the sky.

The ultimate husband in Chinese chapter 6394

The great elder at this time is indescribably excited and excited.

Then Li Suqiu and Yuan Rou thought they had a mysterious expert to help them, but they never thought that I survived the hardship and finally improved my strength.

Excited, the Great Elder put away all the medicinal pills in the grid on the wall. After collecting the medicinal pills, he saw a dark grid under the stone table next to him.

The Great Elder didn't have time to think, and quickly opened the dark box, and saw a piece of parchment inside, with complex graphics drawn on it, and a few lines of small characters written on the side.

Seeing the small print, the Great Elder recited unconsciously: "Five Saints Locking Immortal Formation... The power of the Five Saints, Yin and Yang complement each other..."

Haha...

At the end, the Great Elder was pleasantly surprised. : "It turns out that this is a formation, which is great." With this formation, even if Li Suqiu and Yuan Rou and the others join forces, they are not afraid anymore.

Thinking to himself, the elders carefully put away the sheepskin roll, and then explored the cave again to make sure that nothing was leaked, and then walked out of the cave.

call!

Outside the cave, the Great Elder took a deep breath and thought about it secretly.

In this secret realm, there is that mysterious expert, and there is no chance to continue to investigate. It is better to rush to Li Suqiu and the others to leave and control those disciples first.

After making up his mind, the first elder quickly climbed up the cliff. If it was such a steep cliff before, the first elder would be helpless.

Ten minutes later, the elder finally reached the top of the cliff.

Looking at the majestic palace complex in front of him, the Great Elder had complicated eyes, and finally resisted the urge to continue exploring and quickly left the secret realm.

Um?

Leaving the secret realm, the Great Elder frowned secretly when he saw the scene at the entrance in front of him.

I saw that around the pavilion not far from the entrance to the secret realm, there were traces of fighting everywhere. Dozens of injured disciples were sitting there, each with a confused expression.

In the open space on the west side of the pavilion, nearly a thousand disciples were divided into two camps, and they were still facing each other there. The air was filled with the strong smell of gunpowder, and they could fight at any time.

Swish!

Seeing this scene, the Great Elder was inexplicably angry and shouted angrily: "What are you doing? As members of the same family, but fighting each other, what does each one look like?"

Hearing the scolding, both sides of the confrontation were stunned.

In the next second, Tong Shan came back to his senses, hurried up to meet him, and said happily, "Master, you're out." The

Great Elder snorted and asked angrily, "What's going on outside? Why are you alone? There's a fight?"

Uh...

Facing the question, Tong Shan was very embarrassed. At that time, Yue Feng forcibly took the medicine pill and told the truth to Liu Yulei in the pavilion. As a result, many disciples heard it. shame.

"Haha!"

Just as Tong Shan was hesitating, one of the other disciples strode out and sneered: "Elder, the good apprentice you taught, Tong Shan and Liu Yulei were in a private meeting in the pavilion, and we were arrested by us. , I'm helping you clear the door."

The disciple who spoke, named Li Tao, was the disciple of the fifth elder, and he was upright and not timid when facing the first elder.

Is there such a thing?

Hearing this, the Great Elder turned gloomy and frowned at Tong Shan.

Tong Shan immediately shouted: "Master, Li Tao said nonsense, I didn't have a private meeting with my sister, it was the man Li Suqiu brought. He gave me an elixir that can make people talk nonsense..."

"That man is not an ordinary person at all, but a master of the rivers and lakes..."

At the thought of being played by Yue Feng at that time, Tong Shan was very angry.

Hearing this, the Great Elder frowned even deeper.

Li Tao sneered again and again, and mocked at Tong Shan: "Tong Shan, don't make excuses, you know what scandalous things you did..." "

Okay!"

Duan Dao: "These small matters are over, now I announce a major event."

After speaking, the first elder looked around the audience and said word by word: "Li Suqiu, Yuan Rou, and the fifth and sixth elders, betrayed Mingyuemen, We joined hands to kill the second elder, and now, as the sect master, I will expel them from Mingyuemen."

What?

Hearing this, Li Tao and the disciples behind him changed their expressions.

The ultimate husband in Chinese chapter 6395

Master and Elder Li joined forces to kill the second elder?

how can that be?

The first elder and the second elder were in trouble, and they always disagreed with the master. Now saying these words in public is clearly distorting the facts and avenging private revenge.

Thinking to himself, Li Tao took a step forward, looked directly at the first elder, and asked loudly: "You don't have to slander my master, he will never take the initiative to take action against the second elder, and you are only the acting sect master, you are not qualified to My master was expelled from the teacher's door."

Shua!

Hearing this, the elder's face was extremely gloomy: "The following is a crime, despise the sect master, and die!" The

voice fell, and the elder's strength exploded. In an instant, a terrifying aura filled the air, and everyone present felt a terrifying aura. pressure. Almost suffocating.

Hiss...

Feeling the powerful breath of the first elder, whether it was Li Tao or the disciple behind him, he couldn't help but gasp.

Isn't the strength of the first elder close to the eighth grade? Why did the strength suddenly become so strong? At this time, none of them knew that the Great Elder had taken the medicinal pills from Xianyumen in the cave in the secret realm, and his strength was no longer what it used to be.

hum!

Just when Li Tao was shocked, the Great Elder didn't talk nonsense, the figure burst out, and opened a palm towards Li Tao. At that time, Li Tao couldn't react at all, and was directly photographed in the center.

"Ah!"

With a dull sound, I heard Li Tao let out a scream, and the whole person was shocked and flew out, flying dozens of meters away, and finally hit the outer wall of the pavilion, sliding down like mud and landing on the ground. After that, he was out of breath.

Seeing this scene, the disciples who were with Li Tao were all dumbfounded, and they couldn't help gasping for air.

Killing Li Tao with one palm...

The strength of this great elder is simply too terrifying.

quiet!

For a while, the entire entrance to the secret realm was silent, and a drop of a needle could be heard clearly.

Tong Shan was very excited, his eyes fixed on the Great Elder, full of admiration. Great, Master's return from the secret realm this time has greatly increased his strength, and the position of the sect master is stable!

Thinking to himself, Tong Shan stepped forward, looked around the audience and shouted, "Who else is dissatisfied?"

Upon hearing the question, the disciples who were with Li Tao looked at each other and did not dare to respond.

At this time, the Great Elder took a deep leap, stood on the top of the pavilion, and said indifferently: "Those who follow me will prosper, those who go against me will perish. When you see the new door owner, don't you kneel down and salute?"

The strong voice spread throughout the audience. .

Pfft!

At this moment, Tong Shan was the first to kneel down and shouted: "Disciple Tong Shan, see the sect master." The

voice fell, and the other disciples who were close to the Great Elder also knelt down.

Seeing this scene, the disciples who were dissatisfied with the Great Elder hesitated one by one, and finally all knelt down and shouted in unison: "Meet the sect master."

When they shouted, these disciples looked complicated and dared not dare. A little bit dissatisfied.

The strength of the Great Elder suddenly became so powerful that if he killed Li Tao with one move, who would dare to go up and die?

Um!

Seeing this scene, the Great Elder was extremely excited, but he was very calm on the surface, nodded and said, "Get up."

The voice fell, and the disciples got up one after another.

At this time, the first elder looked at the environment at the entrance of the secret realm, thought about it, and ordered: "Prepare immediately, deploy the formation at the entrance, and once you find Li Suqiu and others coming out, take it immediately."

"Yes, the sect master. "

...

At this moment, in the secret realm.

Yue Feng and Yuan Rou hurried back to the garden, and saw that the sixth elder was still lying unconscious. Li Suqiu and Lin Ping were in a hurry beside them, obviously they couldn't wait.

“Elder Yuan!”

Seeing Yuan Rou and Yue Feng, Li Suqiu hurried up to meet him, and asked impatiently, “Have you found the medicine?”

Lin Ping couldn't help but say, “Sixth Elder's situation seems to be more serious. .”

Phew!

Yuan Rou breathed a sigh of relief and said slowly, “Just now we went to refine the medicine pill.” When she spoke, Yuan Rou was in a very complicated mood. She originally planned to refine the medicine pill herself, but she failed twice in a row. In the end, Feng Tao refined the medicine pill.
