voice fell, and Yue Feng also said: "Yeah, we have been looking for herbal medicines for a long time, and finally we have refined the medicinal herbs, let's talk about it."

Great!

Hearing this, Li Suqiu and Liping were both excited.

Afterwards, Lin Ping thought of something, and said to Yue Feng, "You haven't done Elder Yuan a disservice for so long, have you?" In her words, she was completely condescending.

In her heart, Yue Feng was just an ordinary commoner, and she was afraid that she would not be able to help Yuan Rou. If she could not cause trouble, she would be thankful.

"No!" Yue Feng laughed.

This Lin Ping is a bit savage, and her heart is still kind, so Yue Feng doesn't bother to care about her.

At this moment, Yuan Rou looked at Yue Feng in a complicated way, and said softly, "Actually... this medicinal pill was refined by Feng Tao." It was refined by this wind wave, and she was unwilling to take this credit, so she was misunderstood by Li Suqiu's master and apprentice.

What?

Hearing this, Li Suqiu and Liping were stunned for a moment. They all looked at Yue Feng, their delicate faces showing surprise, they thought they had heard it wrong.

Is the medicinal pill refined by Feng Tao?

True or false....

Ugh!

Facing this situation, Yue Feng was very helpless.

This Yuan Rou was too upright, she didn't want to take credit for telling the truth.

In desperation, Yue Feng had no choice but to scratch his head and laugh: "How can I make alchemy? The main thing is that Elder Yuan has prepared the materials, I just watch the fire..."

His current identity is that of an ordinary person, and he must not be too public and be suspected by others.

Um?

Seeing Yue Feng say this, Yuan Rou couldn't help frowning secretly.

The medicinal pill was obviously refined by him, why didn't he want to admit it?

"So that's how it is." At this moment, Lin Ping said suddenly: "I said, how could you, a commoner, understand such a mysterious thing as alchemy?"

Yue Feng smiled and said nothing. .

"Okay!"

At this moment, Li Suqiu said softly: "Hurry up and give the medicine pill to the sixth elder." In her heart, it doesn't matter who made the medicine pill, the most important thing right now is the six elders. Elder's life.

Yue Feng responded, and quickly helped the sixth elder up and gave him the medicine pill.

call!

At this moment, Li Suqiu and Lin Ping both took a deep breath and stood aside, nervously waiting for the result.

A few minutes later, the sixth elder breathed a sigh of relief and slowly woke up, with blood on his pale face.

Great!

Seeing him wake up, Li Suqiu and Lin Ping were extremely excited.

Lin Ping said with a smile, "Elder Six, you're awake." The

Sixth Elder looked around with a blank look on his face, and couldn't help but say, "I... what happened to me just now?" He only knew that at that time The pain in the body was unbearable, and in the end, he passed out, and he didn't know anything.

Pfft...

Seeing his appearance, Lin Ping couldn't help laughing, and responded, "You were poisoned by eating those fruits just now. Fortunately, Elder Yuan made a medicinal pill to save you."

As she spoke, Lin Ping stuck out her tongue: "I didn't know that you would be poisoned by eating fruit, but I didn't mean to harm you."

Knowing the situation, the sixth elder smiled bitterly: "You girl, how can I blame you??"

After speaking, the sixth elder thanked Yuan Rou and said, "Thank you very much."

Hmm!

Yuan Rou nodded, her delicate face revealed a bit of complexity, she wanted to say that it was Feng Tao next to him who really saved him, but seeing Yue Feng's condescending appearance, she finally held back.

The sky is already bright now.

When the sixth elder recovered completely, Li Suqiu said softly, "Let's check around again to see if we can find the whereabouts of the sect master." "

Okay!"

"I've been missing for more than a year, I hope he's all right." He said so, but he also knew in his heart that after more than a year, there was little hope that the sect master would still be alive.

After the discussion, several people entered several palaces behind the garden to investigate.

"Huh!"

Lin Ping found something when he was investigating the last palace, and said happily: "Master, there seems to be a trap under this child." The voice fell, and Lin Ping opened the trap.

Card wipe!

The next second, accompanied by a burst of mechanical vibration, the wall behind the seat slowly opened, revealing a long passage.

Seeing this scene, both the Sixth Elder, Li Suqiu and Yuan Rou were all excited.

Unexpectedly, there is still a mystery hidden here.

Only Yue Feng looked indifferent, this place is full of organs, and it is normal to hide a secret passage.

“Go in and have a look!”

Soon, the Sixth Elder reacted first, and after saying a word, he walked in first.

Li Suqiu and Yuan Rou were three, they didn't have time to think about it.

Yue Feng breathed a sigh of relief and followed behind.

The secret passage has been looking down, I don't know how long it is. On the walls on both sides, there is an oil lamp every few meters, which illuminates the passage slightly, but it seems that no one has been here for a long time, and it is filled with a cold and damp. the taste of.

After walking a few steps, the sixth elder found something, stopped, and looked at the wall on the right side, “Huh? There seem to be words on the wall”

Hula!

When the words fell, Li Suqiu and Yuan Rou quickly followed.

I saw a few rows of elegant fonts written on the wall: “Xianyu Cave Profound Forbidden Land, those who are destined enter...”

“Those who are destined enter...” The

sixth elder read and couldn't help laughing: “Look Come, we are all destined people.” The voice fell, and he continued on.

Li Suqiu and Lin Ping were also inexplicably excited.

This passage is so hidden, there must be something unusual in it...

Yue Feng frowned secretly. The place where the underground passage connects should be the key area in this palace. If nothing else, there must be more powerful traps in it.

Swish!

At this moment, the three Li Suqiu walking in front suddenly exclaimed.

Yue Feng hurriedly followed, and following their gaze, he saw that the passage in front of him suddenly opened up, and it was a small square.

The square is the size of two basketball courts, and behind the square is a splendid palace.

The lights are on inside the palace, but the distance is a bit far, so I can't see what's inside for the time being.

Even so, Li Suqiu and Yuan Rou were inexplicably excited. This palace is hidden underground, there must be important clues.

call!

However, Yue Feng frowned secretly. He sniffed carefully at this time and found that the air in the square in front of him was vaguely filled with the smell of kerosene.

Obviously, a trap was set up with kerosene under the ground of the square. As long as the trap was accidentally triggered, the kerosene would burn and burn the people who entered by mistake.

"Master!"

Just as Yue Feng was thinking about it, Lin Ping said excitedly: "There must be secrets in this palace, let's hurry in!" As soon as the words

fell, Lin Ping was about to lead the way into the square.

"Don't go in yet!"

At this moment, Yue Feng couldn't help shouting.

Lin Ping was startled, stopped immediately, and looked back at Yue Feng with dissatisfaction: "You are sick, why are you yelling?" This Fengtao is really annoying, and she is always surprised.

Li Suqiu also looked suspicious and said to Yue Feng: "What's wrong? Is there any problem?"

Yue Feng scratched his head, pointed to the square in front of him and said, "Have you smelled kerosene? I always feel This square is a little dangerous."

Kerosene?

Hearing this, Li Suqiu and Yuan Rou looked at each other, then stood on the edge of the square and sniffed. As a result, nothing could be smelled. You must know that the

kerosene hidden under the square is very hidden, and the odor emitted is minimal. Yue Feng has a primordial spirit, and his perception is far beyond ordinary people, so he can smell it naturally, while Li Su Qiu and Yuan Rou naturally couldn't smell it.

At the same time, Lin Ping couldn't help sniffing, and immediately frowned, "How can there be any kerosene? It's really suspicious." The

last sentence fell, and Lin Ping stepped into the square first.

well!

Seeing that they didn't believe it, Yue Feng sighed and shook his head with a wry smile. Seeing Lin Ping walking in, Yuan Rou and Li Suqiu

were still a little hesitant. The sixth elder smiled and said, "This friend must be too nervous. I didn't smell the kerosene, so there should be no danger."

The elder is about to follow Lin Ping.

Call!

However, at this moment, Lin Ping stepped on the trap and heard a slight vibration. Then, a flame several meters high burst out from the gap on the stone slab.

The flames spread rapidly and came towards Lin Ping.

hiss! There's real kerosene down here!

Seeing this scene, whether it was Li Suqiu and Yuan Rou, or the Sixth Elder, they were all shocked and couldn't help gasping.

"Master..."

Facing the fire in front of her, Lin Ping was so frightened that her face paled.

However, Li Suqiu was at a distance from her, and it was too late to rescue her.

Whoosh!

Just at this critical moment, the figure of the sixth elder erupted, rushed over and grabbed Lin Ping, and quickly returned to the edge of the square. When she landed, Lin Ping's pretty face was pale, and she was still in shock.

Seeing that the apprentice was rescued, Li Suqiu breathed a sigh of relief, but was also a little scared.

It was really dangerous just now.

Immediately, Li Suqiu said to the sixth elder, "Thanks to you." The

sixth elder smiled sarcastically: "It's all my own, so what are you doing so politely." After

speaking, the sixth elder couldn't help looking at Yue Feng up and down, and said strangely: "Strange, why can't we smell kerosene, but only he can smell it?"

This chapter is provided by . Visit for daily update.

Shuh!

When the words fell, Li Suqiu and Yuan Rou also looked at Yue Feng curiously.

Especially Li Suqiu, looking at Yue Feng's eyes at this time, also revealed complexity. That day Liu Yulei was trapped in the woods. At that time, she guessed that it was related to this 'wind wave'. At that time, she thought she was thinking too much.

Now it seems that this wind wave is really not simple...

"This..."

Facing their gaze, Yue Feng scratched his head and smiled: "I used to burn charcoal for the palace in the imperial capital before. , I often use kerosene, so I'm more sensitive to kerosene."

That's it...

Hearing this answer, Yuan Rou and Li Suqiu were all skeptical.

The sixth elder nodded and said with a smile: "So that's the case, haha, I was really fortunate to have you just now, otherwise we would have been in danger." When the words

fell, Lin Ping pouted and couldn't help muttering: "What a dog's nose." Although Yue Feng saved her life indirectly, she was not grateful, she only thought that Yue Feng was lucky.

But Yue Feng didn't care.

"Okay!"

At this time, the sixth elder looked at the square in front of him and frowned: "This is all kerosene. I'm afraid it won't work if I go through it directly. Let's find out if there is another way." The

voice fell, Li Su Qiu and Yuan Rou both nodded.

However, there are walls on both sides of the square, and there is no other way. For a time, several people are at a loss.

"That..."

At this moment, Yue Feng scratched his head and couldn't help but say: "The master who took me to burn charcoal said that if there is a trap, just slip by the wall and walk, maybe there is a chance of survival."

Yue Feng observed it just now, and the square in front of him was full of kerosene, and only the two sides had a way out.

"Ha ha!"

Hearing this, Lin Ping couldn't help but chuckle: "It's just what a charcoal-burning master said, can you take it seriously? Stop talking nonsense, how can we make fun of our lives?"

In her heart, Yue Feng could hear it just now. Getting to kerosene was entirely a matter of luck. At this time, there was no proof at all about the way of life, and it was a complete nonsense.

Uh....

At this moment, Yue Feng is very speechless, this Lin Ping's prejudice against me is a bit deep.

At this time, the sixth elder frowned and thought for a while, and said slowly: "Perhaps, Brother Feng's method can be tried." There is no other way to the palace, so he can only take risks.

Hearing this, Lin Ping was taken aback and quickly said: "Sixth elder, don't be impulsive."

Li Suqiu and Yuan Rou looked at each other and both discouraged them.

"Yeah, let's think of another way."

"If we trigger the mechanism again and let the kerosene burn, I'm afraid we won't be as lucky as before."

” Feifei didn’t retreat, but made his decision even more firmly, smiled and said, “You don’t have to worry, I’ll try it first. If it really triggers the mechanism, even if it comes back.”

Whoosh!

The last word fell, and the sixth elder urged the figure to follow the right edge of the square and quickly headed towards the palace.

Call!

At this moment, Li Suqiu and Yuan Rou couldn’t help sweating for him. In the blink of an eye, the sixth elder crossed the square and reached the steps in front of the palace. He was very excited at the time. He turned around and smiled and said, “Haha, Brother Feng’s method is indeed

feasible. There is no danger. Come here.” Seeing this situation, Li Suqiu and Yuan Rou looked

at

each other’s last words, both surprised.

Yue Feng scratched his head and smiled without saying a word.

Lin Ping pouted: “It’s really stupid people have stupid luck, they’re lucky.”

After speaking, Lin Ping said to Li Suqiu, “Master, let’s hurry over too.” At this time, Lin Ping’s face was very urgent. , What’s the secret of the golden palace in front of you? It’s really exciting.

Um!

Li Suqiu nodded, then greeted Yuan Rou, followed the route of the sixth elder, quickly crossed the square, and reached the gate of the palace. Yue Feng followed closely behind.

For a time, seeing the scene inside the palace, several people were stunned.

This... is too luxurious!

You can see that the palace in front of you is simply magnificent. The walls around the palace are covered with gold foil, exuding a golden light. Not only that, the pillars supported in the middle are all made of pure gold.

Not only that, the top of the palace is studded with various gems, shining with colorful brilliance under the lights.

Around the palace, there are still more than a dozen huge statues of gods and beasts. These statues of gods and beasts are completely carved from flawless white jade, as lifelike as they are alive.

This chapter is provided by . Visit for daily update.

The entire palace is indescribably extravagant and luxurious, and it is not inferior to the palace.

In the innermost part of the palace, there is a jade table with several secret books on the jade table, and next to the jade table, there is a person sitting with his head lowered and motionless.

call!

Li Suqiu was originally shocked by this luxurious palace, but when she saw the figure suddenly trembling, she quickly walked over.

When he got to the front, Li Suqiu saw the man's face, and his expression changed suddenly: "Yes...it's the sect master."

Whoa...

hearing this, Sixth Elder and Yuan Rou also hurried over. Seeing that person was also stunned.

Yes, it was Ye Wenhai, the owner of Mingyuemen who had been missing for more than a year, who was leaning on the jade case. At this time, his body was stiff, and it seemed that he should have died a year ago.

If you look closely, you can see that Ye Wenhai's skin is blue and his face is black. He must have died of poisoning, and the poison in it is very unique. Therefore, Ye Wenhai has been dead for more than a year, and his body has not rotted.

How could this be?

At this time, Li Suqiu had some indescribable grief. When she entered the secret realm before, she had a firm belief that the sect master was just trapped. When she saw the truth at this time, in addition to the loss, she also felt endless sadness.

The sixth elder and Yuan Rou also looked sad.

After a while of grief, the sixth elder found something and picked up a piece of paper from the ground next to Ye Wenhai: "It seems to be the last words

written by the sect master..." Yuan Rou nodded: "What did it write?"

Li Suqihuan Come to God, it is also a look of anticipation.

The sixth elder took a deep breath, unfolded the paper, and read it out softly: "I, Ye Wenhai, the sixteenth-generation Sect Master of Mingyue Sect, who was investigating the secret realm today, was accidentally poisoned.

Because of the sadness, the sixth elder's voice was very soft.

Yuan Rou and Li Suqiu didn't speak, but listened intently.

call!

At this time, the sixth elder calmed down and continued to read: "There are many organs in this place, I don't know when someone will be able to come in again. If the disciples of Mingyuemen get the will, they will pass on my life. After my death, Ye Wenhai, by the Elder Li Suqiu, take over the position of sect master, other elders, as well as disciples under the sect, must obey, and must not violate!"

At the end, the sixth elder sighed and handed the paper to Li Suqiu.

This...

At this moment, Li Suqiu's brain was buzzing, and he couldn't calm down for a long time.

The door chief handed me the location?

How does this work?

She has a graceful temperament and never thought of becoming a sect master. At this time, when she heard Ye Wenhai's last wish, she felt a little overwhelmed.

Yue Feng on the side nodded secretly.

It could not be seen that this Yemen Master still had some ability to know people. Among the elders of Mingyuemen, the first elder was insidious and despicable, and the second elder acted like a tiger.

The ultimate husband in Chinese chapter 6400

The

fifth elder is dead. Although the sixth elder has a free and easy personality, he is a little impulsive. Yuan Rou is lonely and cold. As for the other elders, their qualifications are mediocre.

Therefore, after some comparison, only Li Suqiu, who has a graceful personality, is the most suitable to take over as the head of the sect.

Pfft!

Just when Li Suqiu was in the wild, she saw that the sixth elder bent her knees, and knelt down to her, and said loudly: "My subordinate sees the sect master."

At the same time, Yuan Rou also bent down on her knees and said softly. "Yuan Rou has seen the sect master."

"You..."

Li Suqiu was startled, a little flattered, and quickly said: "You guys get up, I... I am average in strength, how can I be the sect master?"

She I just want to practice quietly, and I have never thought about being a sect master.

The sixth elder took a deep breath and said seriously: "You have also heard Lord Yemen's last words. His choice can't be wrong.

"Are you going to disobey his will?"

At this

moment, Li Suqiu bit her lip, not knowing what to say.

At this time, Yue Feng smiled and cupped his hands: "Congratulations to Elder Li, oh no, it's Sect Master Li now." Li

Suqiu didn't know whether to laugh or cry, and sighed softly: "This matter, we should wait until after leaving the secret realm. Make a decision."

This chapter is provided by . Visit for daily update.

Hmm!

The sixth elder nodded: "You are the sect master, you decide!"

Li Suqiu thought for a while, looked at Ye Wenhai's corpse, and said softly, "The most important thing now is to collect the corpse of the sect master, and give it to him. He was buried."

The voice fell, and both the sixth elder and Yuan Rou nodded in agreement.

Later, with the help of Yue Feng, several people buried Ye Wenhai's body on the side of the palace. Originally, Li Suqiu planned to take the body out of the secret realm, but Ye Wenhai was covered in poison and it was really inconvenient to carry it with him. .

After burying Ye Wenhai, a few people returned to the palace and checked several secret books on the jade case. Speaking of which, these secret books were all smeared with poison, but a year ago, after the poison was infected by Ye Wenhai, the There is no danger.

Huh ...

After reading the contents of the secret book, whether it is Li Suqiu or Yuan Rou, they are all very excited, all of them are the secrets of Xianyumen that are not passed down, but they are extremely mysterious and need to be studied slowly.

Even so, Li Suqiu and the others couldn't hide their excitement.

With these secrets, Mingyuemen will be able to stand out from the sects of Jianghu and become a first-class sect.

Soon, the secret book was collected, and several people mourned for a long time in front of Ye Wenhai's grave before leaving the secret realm.

Whoa! As a result, as soon as they arrived outside the secret world, hundreds of elite disciples swarmed over and surrounded them.

Facing the situation, Li Suqiu frowned secretly.

What?

The next second, seeing the direction of the pavilion not far away, Li Suqiu trembled even more, and her mind went blank.

I saw that the Great Elder was dressed in black and stood there quietly with his hands on his back. His expression was indescribably complacent and gloomy. Obviously, he had been waiting here for a long time.

how can that be?

At the same time, Yuan Rou was stunned when she saw the Great Elder.

Wasn't he killed by that mysterious master? How are you still alive?

Yue Feng also frowned secretly. Mad, this Great Elder had a really big life. At that time, he was knocked down into the abyss in the secret realm, and he was still able to save his life.

“Hey!”

At this moment, the first elder came slowly, his eyes swept around Li Suqiu and the others, unable to hide his anger and coldness, “You traitors, I have been waiting for you outside for a long time.”

Said After that, the elder’s tone became colder: “Li Suqiu, Yuan Rou, you betrayed the Mingyue Gate, and now I will clean up the gate in the name of the gate owner. If you know each other, you will surrender!”

Shuh!

Hearing this, Li Suqiu and Yuan Rou were both furious.

This great elder is so shameless, he actually reversed black and white, he was clearly the one who committed the cannibalism, but in turn said that we betrayed Mingyuemen... The

next second, Lin Ping couldn’t help but yell: “You are so shameless, In the secret realm, you first killed the fifth elder, then tried to betray Elder Yuan, and now the wicked complained first.” After

speaking, Lin Ping shouted at the surrounding elite disciples, “Don’t listen to him, he is the only one. The biggest traitor in this sect, catch him quickly.”
