

The ultimate husband in Chinese chapter 6401

Hearing these words, the surrounding elite disciples looked at each other, but they were unmoved.

Speaking of which, although Lin Ping is Li Suqiu's direct disciple, her status in Mingyuemen is not high, so no one will believe her words.

"You..."

Seeing the reaction of those elite disciples, Lin Ping was anxious and angry.

At this moment, Yuan Rou walked out quickly, bit her lip lightly, and said to the surrounding: "Ping'er is right, the first elder killed the fifth elder, and when he was in the secret realm, he wanted to do something to me... .."

Speaking of which, Yuan Rou prioritizes innocence more than anything else. She originally didn't want to tell her about it to affect her reputation, but the current situation is related to the future of Mingyuemen, so she can't care about that. too much.

This....

Seeing Yuan Rou stand up and confirm, the elite disciples surrounding them couldn't help moving, and couldn't help but talk in a low voice.

"Is this...is it true?"

"Even Elder Yuan said so, it shouldn't be false..."

"Who knows, but I still believe in the Great Elder, he is extremely powerful, ranking ninth The head of the Great Elder, why use such despicable means?"

Under the discussion, some people chose to continue to believe in the Great Elder, while some people were a little shaken in their hearts.

Mad!

Seeing this scene, the Great Elder's face turned gloomy, and he couldn't help but curse.

Yuan Rou, this bitch, in order to deal with me, she even cared about her own innocence. Well, you guys want to play, right? I'll have a good time with you today.

This chapter is provided by . Visit for daily update.

"Hahaha..."

Thinking to himself, the first elder laughed and looked at Yuan Rou closely: "Yuan Rou, you and Li Suqiu, the sixth brother secretly colluded, in order to deal with me, even disregarding the shame, it's really shameless.

"Then, the first elder looked around, his mind turned rapidly, and shouted at the disciples: "Mingyuemen disciples, the real situation is like this, after the second elder and I entered the secret realm, I accidentally saw them gathering together to conspire, to find the whereabouts of the sect master, and then murder the sect master's life."

"The second elder and I were angry, so we showed up and fought with them. As a result, the two of us were outnumbered, and the second elder died tragically on the spot. I tried my best to kill five. The elder escaped."

"Who knows, they turned black and white, saying that I want to take the position of the sect master, which is extremely shameless." The

words were so conclusive that they could not be refuted.

I have to say that the Great Elder acted very similar, and at the end, his face was full of grief and anger.

wow.

I have to say that the elders acted very similar. For a while, the elite disciples who were still suspicious just now were no longer suspicious. They were all furious, staring at Yuan Rou and Li Suqiu angrily. "It's abhorrent

, to be so despicable."

"Yeah, I really didn't expect Elder Yuan to be so vicious and vicious behind the scenes."

Elder... oh no, why did the sect master leave the secret realm earlier?"

Seeing this scene, Yue Feng frowned secretly.

This Great Elder can really act. If he is in the mainland of Kyushu, if he can enter the film and television circle, he is a proper actor. He was clearly the one who provoked the internal struggle, but after turning black and white, he abruptly called himself a victim.

Great, great.

"Shameless!"

At the same time, Yuan Rou was also trembling with anger, pointed at the first elder and shouted: "What is the real situation, you know best in your heart, do you dare to do it?"

“That is, reverse black and white, you will go to hell sooner or later. “Lin Ping scolded. The sixth elder was even more furious, and glared at the first elder: “The second elder and you are in trouble, mutilating the same family, and you deserve to be killed. If you kill the fifth elder, I will make you pay for your debts with

blood.”

“Haha!”

The first elder did not panic at the reprimands from the sixth elder and Yuan Rou, but rather proudly said, “What I said is the truth. No matter how much you quibble, it is useless. The only way out is to bow down and confess your guilt as soon as possible.”

The disciples present were all on their side . , Even if the Sixth Elder and Yuan Rou unite as one, it is not false at all.

Seeing his proud face, Li Suqiu was angry and disgusted, and said to the surrounding disciples, “Don’t believe his nonsense, the real situation is like this...”

The ultimate husband in Chinese chapter 6402

In the next two minutes, Li Suqiu explained in detail the tragic death of the fifth elder and the killing of the second elder by a mysterious expert.

At the end of the story, Li Suqiu looked closely at the first elder: “The death of the second elder has nothing to do with us, but died under your ambition. It’s ridiculous for a person like you to try to be the sect master.”

Mysterious Gao people?

At this moment, hearing Li Suqiu’s narration, the expressions of everyone around became complicated. It’s all skeptical.

You must know that this Sunflower Secret Realm has existed for thousands of years, long before the establishment of Mingyuemen. In these thousands of years, Mingyuemen has explored the secret realm more than once, and has never heard of mysterious masters in it.

Therefore, Li Suqiu’s statement was dubious by the surrounding disciples.

Haha...

At this time, the Great Elder looked around at the reactions of the disciples around him, couldn’t help laughing, and said to Li Suqiu, “Li Suqiu, what you said is more absurd than Yuan Rou, what a mysterious expert. It’s all made up by you.”

After speaking, the elder looked at the direction of the entrance to the secret realm: "If there is a mysterious expert, would you let him show up?"

Although the elder was very jealous of the mysterious expert, But he firmly believes that the other party can always hide in the secret realm and will never come out.

If you can show up, you have already shown up, why wait until now?

So, don't worry at all.

"I..."

Facing the provocation of the first elder, Li Suqiu bit her lip tightly and looked very embarrassed. At that time, her red lips parted slightly, but she just said a word, and she couldn't say it.

Because what the elder said was right, it was impossible for him to invite that mysterious expert to appear.

This chapter is provided by . Visit for daily update.

Moreover, after the mysterious master killed the second elder, he did not show up, so he and the sixth elder did not even know what the master looked like. How to invite him out?

At this time, Li Suqiu didn't know that the mysterious master was Yue Feng by his side.

"Hey..."

Seeing Li Suqiu faltering and unable to speak, the first elder was even more proud and sneered: "What? Can't say it? Can't just lie?"

"You lie, yourself You can't even justify yourself, and you still want to deceive the entire Mingyuemen disciples?"

Shua!

The words fell, and the surrounding elite disciples were extremely angry, staring at Li Suqiu and scolding the pen.

"It's abhorrent..."

"I always thought that Elder Li had a good-natured personality, but I didn't expect that he was so insidious behind his back that he would make up a lie to fool us."

"Yes, and it's such a ridiculous lie, it really makes us all fools. It's gone."

The angry shouts of the surrounding disciples, you and I came over, Li Suqiu remembered that she almost cried, she wanted to tell the truth, to reveal the evil face of the elder, but she never thought of it, and it was self-defeating in the end. .

Haha...

Seeing this situation, the Great Elder felt even more proud. This Li Suqiu is so naive, and he still wants to fight me for this little bit of Taoism? Just a fool's dream.

At this moment, Yuan Rou was very angry, but she still tried to calm herself down. When she thought of something, she said to Li Suqiu, "Quick, take out the suicide note of the sect master." In the

current situation, there is no reason to say it, and it will only make the situation worse. It is getting more and more chaotic, the only way is to publish the sect master's suicide note to the public.

call!

However, Li Suqiu was hesitant, and whispered, "Is this... OK?"

She didn't want to be the head of the sect. At this time, arguing with the elder with a suicide note was not her style.

"Oh!"

Seeing her hesitating, the sixth elder was completely anxious, and shouted: "Sect master, when is this, you are still hesitating, do you really want the entire Mingyuemen to fall into the hands of this villain? Go up?"

At this time, the sixth elder was as anxious as an ant on a hot pot, the first elder had already taken control of the situation, but Li Suqiu had no intention of arguing, and was simply anxious to death.

Um?

Hearing their conversation, the first elder frowned, what did they say? Sect master's suicide note?

Could it be... they really found the sect master in the secret realm?

At the same time, the surrounding disciples were also in turmoil, all staring at Li Suqiu and the others, puzzled.

The ultimate husband in Chinese chapter 6403

” What did

the sixth elder call Elder Li just now? Sect Master

?” Biting her lip, she finally took out the suicide note at Yuan Rou’s urging. call! Yuan Rou took the suicide note, took a deep breath at that time, waved her jade hand, and threw the suicide note to the nearest Tong Shan, her tone was extremely cold: “Tong Shan, please read the suicide note of the sect master.” Yuan Rou has a cold personality, but she is careful. , At this time, the door owner’s suicide note was deliberately given to Tong Shan. You must know that Tong Shan is the apprentice of the first elder. The situation is complicated at the moment, and every move is under the attention of everyone. Therefore, Tong Shan will never dare to destroy the suicide note. Once destroyed, it will prove that the elder has a ghost in his heart. Effort is in vain. Um! Seeing this scene, Yue Feng couldn’t help nodding secretly, looking at Yuan Rou, secretly nodding in approval. This Yuan Rou is usually taciturn, but she is quite skillful. This sect master suicide note, let Tong Shan read it, the effect is much better than that of others, at least it can combat the psychology of the elder. “This...” At this moment, Tong Shan took the suicide note subconsciously, and his heart suddenly became a mess, a little overwhelmed. Two seconds later, Tong Shan tilted his head to look at the Great Elder, seeking instructions. However, the Great Elder at this time was also in a mess, and he didn’t know how to deal with it at all. When he left the secret realm, he thought of countless ways to deal with Li Suqiu and Yuan Rou, but he never thought that the other party actually had a suicide note from the sect master.

There is a sparseness in the hundred secrets, and no one can calm down.

“Recite!”

Seeing that Tong Shan was sweating profusely and refused to recite for a long time, Yuan Rou was calm and couldn’t help urging: “What? You don’t dare to recite, are you guilty?”

” Couldn’t bear it any longer, and urged them one after another.

“Senior Brother Tong, read it.”

“What did the suicide note left by the sect master say?”

“Yes, read it to us quickly.”

Facing everyone’s urging, Tong Shan had a tangled face, so he just had to bite the bullet and read it. He got up: “I, Ye Wenhai, the sixteenth generation Sect Master of

Mingyue Sect, was investigating the secret realm today, and was poisoned by mistake. I knew that my life was going to be soon, and I wrote down my last wish.” trembling.

The disciples present were all attentively and quietly listening.

For a time, the entire entrance to the secret realm was silent, and a needle could be heard clearly.

At this time, Tong Shan was shocked when he saw the content below, and stopped immediately. He really saw that it was clearly written below, and let Li Suqiu take over as the head.

This chapter is provided by . Visit for daily update.

This... if this is read out, wouldn't all of Master's efforts be in vain?

While muttering in his heart, Tong Shan realized just now why Yuan Rou had tossed the suicide note over. This was obviously a means of psychological pressure.

Realizing this, Tong Shan glared at Yuan Rou fiercely, his anger rising.

Ma De, Yuan Rou is so good at making me read the suicide note on purpose. This is to embarrass me and Master in public.

"Huh? Why did you stop?"

At this time, someone in the crowd couldn't help but say a word, and immediately, other disciples also spoke.

"Senior Brother Tong Shan, why don't you read it?"

"Go ahead..."

"What did you say next?"

At this time, Tong Shan was already riding a tiger, and facing everyone's urging, he just took a deep breath and continued to read: "There are many institutions here, and I don't know when someone will be able to come in again. If the disciples of Mingyue Sect get the will, they will pass the orders on my behalf. After my death, Ye Wenhai, Elder Li Suqiu will take over the position of Sect Master, other elders, and disciples. Disciple, you must obey and do not violate!"

When he read the last sentence, Tong Shan's voice was very small, and at the same time, he lowered his head and did not dare to look at the elder.

Wow...

At this moment, when they heard the content of the suicide note, all the disciples present were in an uproar.

“The sect master is dead... and Elder Li has to take over as the sect master...”

“Really?”

“This...”

Yuan Rou slowly heard the voice of doubt. He took a step forward and said slowly, “If any of you don’t believe it, you can take a look at the suicide note. The suicide note was written by the sect master before he died.”

The ultimate husband in Chinese chapter 6404

Hearing this, several disciples stepped forward, and when they reached Tongshan, they took the suicide note and read it.

“It’s really written like this on the suicide note.”

“It’s the handwriting of the sect master...”

“The suicide note is real, not fake...”

Hearing these disciples’ words, the other disciples around set off a commotion again.

“Looking at the situation, could it be that what Elder Li said is the truth?”

“Perhaps...”

Seeing this situation, Yuan Rou was very excited, her eyes fixed on the first elder: “The sect master’s suicide note clearly states Clearly, if you want Elder Li to take over the position of the sect master, what else do you have to say?” The

last word fell, and the sixth elder couldn’t hide his resentment, shouting: “Come down quickly and lead to death.”

Shuh!

At this moment, the eyes of all the disciples at the scene also converged on the Great Elder, waiting for his answer.

Mad!

Faced with this situation, the Great Elder’s face was extremely cold. Heart is also indescribably annoyed.

Good you Ye Wenhai, I have worked hard to deploy for more than a year, and it is about to be done, but in the end it was ruined by your suicide note.

No, you must not admit defeat. There must be a way to turn things around.

This chapter is provided by . Visit for daily update.

call!

Finally, the first elder thought of something, took a deep breath at that time, and sneered at Yuan Rou: "Okay, very good, I didn't expect you to be more cunning than I thought, and finally forged the suicide note of the sect master."

Saying that, the first elder rushed to take out something and shouted at the audience: "The sect master Yu Ling is here, the sect master's real will is to ask me to take over the position of the sect master, and he never said to let Li Su Qiu take over as the sect master, and the suicide note they took out was fake."

This...

Seeing this scene, the disciples present were all secretly frowning, not knowing how to choose for a while.

You must know that the Mingyue Gate has strict rules, and the gate owner's jade decree is a personal token of the gate owner, which symbolizes the supreme status of the gate owner, and has always been carried by the gate owner.

Therefore, when the Great Elder took out the sect master's jade decree at this time, the disciples present were a little confused, and they could not judge for a while, who was real and who was fake.

"Everyone!"

At this time, the first elder held the sect master's jade decree high, and said loudly: "The suicide note can be faked, but there is only one sect master's jade decree, whoever's words are true and who's words are false, I think you are all smart people, you should be able to Judge it."

When speaking, the first elder looked directly at Yuan Rou, his eyes full of provocation and disdain.

What if there is a suicide note? It can't be more convincing than the sect master jade order in my hand.

In fact, Ye Wenhai never gave the door master jade order to the first elder. A year ago, Ye Wenhai entered the secret realm to investigate. At that time, considering that he might have an accident, he put the door owner jade order in the room and locked it. .

Over the past year, the first elder has made careful arrangements and is determined to be the sect master. Half a month ago, he quietly inspected the sect master's room and inadvertently obtained the sect master's jade order. In order to come in handy at a critical moment, when I saw Li Suqiu take out the suicide note just now, in a hurry, I immediately thought of the door master token.

Whoa!

At this time, when they heard the words of the first elder, the crowd became restless, and then many people looked at Li Suqiu.

"hateful!"

At this moment, Yuan Rou stared at the Sect Master's Jade Token in the hands of the Great Elder, her delicate face was full of anger: "This person is too shameless, when did he steal the Sect Master's Jade Token?" The

Sect Master's Jade Token is very importantly, Ye Wenhai would never hand it over to the Great Elder easily, so he must have stolen it.

"Ma De!"

Facing the reversal, the sixth elder was furious, without a word of nonsense at the time, he shouted angrily at the first elder: "I killed you shameless villain."

Om!

The last word fell, and the strength of the sixth elder broke out, rushing towards the first elder.

"Haha!"

Looking at the sixth elder who rushed up, the first elder did not panic at all, but was extremely excited: "What? The plot was discovered, and I became angry? How many traitors still want to go wild? Quickly, take them all."

At the same time, Tong Shan also reacted, pointed at Yue Feng and shouted: "Master, it's him, he was the one who played tricks on his disciples before and made me embarrassed in front of everyone." After

speaking, Tong Shan shouted at the surrounding disciples: "Li Su Qiu brought an outsider into the mountain gate, and he was thinking about it, and now he has brought him into the secret realm, his heart is very clear, you should be able to judge who is right and wrong."

The ultimate husband in Chinese chapter 6405

“Come up together and eradicate the traitors!”

Hearing these words, someone in the crowd shouted loudly. Suddenly, many disciples drew out their long swords and rushed towards Li Suqiu and the others. In their opinion, the Sixth Elder took the lead, which was a sign of anger and guilt.

Swish ..

At the same time, Tong Shan and several disciples also quickly exploded their strength and stopped the sixth elder.

“Just because you want to take the initiative to fight with the door, go through me first.” Tong Shan shouted, his eyes flashing with excitement.

Haha...

or Master has a way to turn things around so easily.

“You are crazy!”

Lin Ping was shocked and angry when she saw the disciples rushing over: “The sect master’s suicide note is true, don’t listen to the thief’s words.” This elder is so despicable that he even stole the sect master’s jade order. .

However, the disciples present did not believe it at all, brandishing their long swords, Qi Qi looked at it.

“Ping’er, don’t say it anymore, it’s useless to say more, let’s rush out and talk about it.” At this time, Li Suqiu took a deep breath, and after speaking softly, she drew out her long sword.

To be honest, she really didn’t want to fight with these disciples, but she couldn’t just sit still.

Yuan Rou nodded in agreement: “Yes, these disciples, can’t believe us now, and explanations are useless, let’s rush out first, and then make plans.”

Buzz!

The moment the words fell, Yuan Rou burst into strength, flew up together with Li Suqiu, and fought fiercely with the many disciples in front of her.

This chapter is provided by . Visit for daily update.

During the fierce battle, Li Suqiu still remembered Yue Feng, and ordered Lin Ping: "You take Fengtao away first, hurry up!" In her heart, Fengtao is an innocent commoner, and he cannot be involved in this sect fighting. In, say anything to keep him.

"Master!"

Lin Ping shook her head: "I'm not leaving, I want to fight side by side with you." Lin Ping was speechless at this time, what time is this, and Master is still concerned about the life and death of this waste.

Saying that, Lin Ping clenched the long sword and rushed up to fight with several disciples.

Seeing Lin Ping disobeying the order, Li Suqiu was anxious and angry. At that time, he wanted to rush over, but was intercepted by the disciples in front of him. In desperation, he had to shout at Yue Feng: "Fengtao, hurry up, go."

Um!

Yue Feng responded and said, "Elder Li, be careful." After speaking, he turned and ran towards the woods on the west side of the secret realm.

Yue Feng thought about it, in this case, it is not appropriate for him to show his strength in public, and his identity will not be concealed. The best way is to hide in the dark.

Speaking of which, Li Suqiu and Yuan Rou, as well as the sixth elders, were all very strong. Although the other party's disciples were numerous, it would be very difficult to hurt them.

"Run?"

Seeing this scene, Tong Shan shouted angrily, greeted dozens of disciples, and quickly chased towards Yue Feng.

Speaking of which, Tong Shan had suffered under Yue Feng before and knew that this person was not weak, but now, with dozens of helpers, he should be able to easily take him down.

Oops!

Seeing that Tong Shan was taking someone to chase Yue Feng, Li Suqiu was so anxious that she shouted at Yuan Rou, "Elder Yuan, Elder Six, let's help Feng Tao together."

Hearing this, Yuan Rou and the Six Elders agreed in unison. With a bang, he was ready to rush out of the siege.

Hehe...

But at this moment, the first elder sneered and said sullenly: "You can't protect yourself one by one, and you still want to save others? All the disciples obey the order and set up the formation."

Hearing the first elder's words, The disciples present moved their figures one after another, and in a blink of an eye, the four of Li Suqiu were surrounded by them.

It can be seen that these disciples seem to be in a mess, but they cooperate with each other tacitly and have both offense and defense. It is obviously a big formation.

Yes, this formation is exactly the formation the Great Elder got in the cave when he fell into the abyss. After leaving the secret realm and controlling the situation, the elder ordered all the disciples to practice the formation.

At this time, seeing Li Suqiu several attempts to escape from the roundup, the first elder decisively ordered everyone to form an array.

Oops! This... it's a big array.

Seeing this situation, whether it was Li Suqiu or Yuan Rou, their delicate bodies trembled, and a trace of panic and anxiety appeared on their delicate faces.

The sixth elder was even more angry at this time, and shouted wildly: "You idiots, all of you have been used as pawns by this thief, get off, get off all."
