

The ultimate husband in Chinese chapter 6456

Bang bang bang...

Almost in the blink of an eye, I heard a few dull sounds. Before a few people could react, they spit blood one by one and fell to the ground one after another.

When they took their last breath, several people were all terrified.

They didn't understand temporarily, what kind of existence they were provoking...

Phew!

After dealing with a few people, Yue Feng breathed a sigh of relief, looked at the direction Qiangwei was leaving, and muttered inwardly.

Fortunately, this girl didn't catch up, otherwise, I really couldn't do it just now. After so long, it is estimated that she has left the secret realm.

Thinking of this, Yue Feng is ready to return to the palace group on the mountain to continue practicing and recovering.

Swish....

But at this moment, in the woods not far away, there was a sound of footsteps. Yue Feng reacted quickly and hid behind a tree beside him.

Soon, dozens of figures were seen coming quickly, all wearing white shorts, all of them were elite disciples of Mingyuemen, with a slim figure and delicate facial features.

It was Li Suqiu, who had just become the door owner.

Today's Li Suqiu is wearing a long dark purple dress that symbolizes the identity of the door owner. The cuffs and skirts are embroidered with exquisite patterns, giving people a mysterious and solemn feeling.

I haven't seen him for a few days, and Li Suqiu's temperament has also changed a lot.

Since Li Suqiu became the head, there are a lot of things to deal with every day, and he has no energy to take care of the Sunflower Secret Realm. Just an hour ago, a disciple noticed that someone had broken into the Secret Realm, so he quickly reported to Li Suqiu.

After learning about the situation, Li Suqiu attached great importance to it. At that time, he selected elite disciples, and then personally led them into the secret realm, preparing to find these uninvited guests.

call!

At this moment, Li Suqiu thought of something, stopped and instructed the dozens of elite disciples: "The palace group on the mountain is full of organs. When everyone arrives, divide them into several groups, investigate carefully, and don't act alone."

"Yes, Sect Master."

Dozens of elite disciples responded in unison.

Li Suqiu nodded and continued to lead the crowd.

"Sect Master!"

When approaching Yue Feng, a disciple found the body of Huang Shihu's companion, and suddenly exclaimed: "This... there are dead people here!"

Whoa!

When the voice fell, the others quickly gathered around and were shocked when they saw several corpses.

"There are really a few corpses... It should be these people who broke in before."

"It seems that the blood didn't dry out soon after death!"

"What's going on? What happened here just now?"

Everyone was shocked, Li Suqiu also walked over quickly and frowned when he saw the death of several people.

Li Suqiu clearly saw that several people were killed by one move, and, judging from their injuries, the strength of the people who shot them was terrifying.

At this time, the surrounding elite disciples were still discussing.

Li Suqiu breathed a sigh of relief and said, "Okay, don't guess, the one who killed them should be the mysterious senior living in seclusion in the secret realm."

Saying that, Li Suqiu carefully looked at the corpses on the ground: "These people should be the robbers from Jiangyang with Huang Shihu. Huang Shihu and this group of people have done all kinds of evil in the rivers and lakes, and now they are dead, and they deserve

it ." After speaking, the surrounding disciples nodded in agreement.

call!

At this time, Li Suqiu took a deep breath, looked around, and continued: "Bury these people on the spot, and then look for the whereabouts of Huang Shihu. Huang Shihu is not weak. Once found, send a signal first, and don't take action lightly. , do you know?"

When he said this, Li Suqiu's delicate face was full of solemnity.

At this time, Li Suqiu didn't know that Huang Shihu was also dead, and the body was in the woods 100 meters away.

"Understood!" The elite disciples responded in unison.

Immediately, under the arrangement of Li Suqiu, the disciples were divided into several teams and searched the palace group on the mountain.

well!

Seeing this scene, Yue Feng, who was hiding behind the tree, couldn't help but let out a wry smile.

Li Suqiu brought so many disciples in to search, and he had nowhere to hide at all. It seems that this place can't stay any longer. Forget it, let's leave first.

The ultimate husband in Chinese chapter 6457

Made up his mind, Yue Feng took advantage of Li Suqiu's crowd to search around, showed his figure, and quickly left the secret realm.

Outside the secret area, Yue Feng did not stop at all, avoiding the mountain patrol disciples of Mingyuemen, and quickly descended the mountain.

call!

After going down the mountain and completely leaving the boundary of Mingyuemen, Yue Feng breathed a sigh of relief and walked towards the southwest. He clearly remembered that when Li Suqiu brought him here, there was a small town more than ten kilometers southwest.

Yue Feng thought about it, first go to the town to see, stop for a while and then make plans.

Ten minutes later, when Yue Feng arrived at the town, he saw that the town was not big, with only one street. However, people came and went very lively, but this liveliness did not reflect the prosperity of the town, but gave people a desolate feeling. .

Among the pedestrians coming and going on the streets, most of them are people who cannot escape, dragging their families with their families, and looking tired...

What makes Yue Feng more sad is that there are many people who have escaped. In order to survive, they have to sell yourself cheap.

I saw that at the entrance of the main street of the town, there were a lot of people who fled, frightened and gathered together, waiting for the rich family to buy.

In front of these people, there was a rich disciple standing there, judging these people like he was shopping for vegetables. Beside him, there are a few servants, who are flattering from time to time.

"Master, stay away, these people are too dirty."

"Yes, let's go to other places to have some fun."

This wealthy disciple is called Liu Dong, the only son of the wealthy businessman Li Yuanwai in the small town. Without learning and skills, relying on the wealth of the family, he often bullies the village.

Hearing the words of the attendant at this time, Liu Dong frowned and said: "You all shut up, my Liu family is also a big and famous family in the town, my father always said that I didn't study well, and he was embarrassed everywhere. , I'm going to do something meaningful today."

After speaking, Liu Dong looked at the fleeing people in front of him, with a high attitude: "These people are so difficult, I buy one back, it can be regarded as helping the common people, Isn't that right?" The

voice fell, and several of the attendants looked at each other and nodded quickly.

"Yes, yes..."

"Young master is really broad-minded, I might as well wait."

Hearing the compliment, Liu Dong showed a hint of smugness, and then pointed to a girl in the crowd: "You...stand Get up and let this young master take a look, if it is pleasing to the eye, I will buy it from you." As

he spoke, there was a hint of slyness in Liu Dong's eyes.

In fact, Liu Dong, a playboy, had no intention of helping these fleeing people at all. When he came here just now, he found that the girl was beautiful and beautiful. It was deliberately said in a grandiose manner.

call!

The change in Liu Dong's expression was all seen by Yue Feng. At this moment, he laughed secretly and looked at the girl following the eyes of everyone.

I saw that the girl was wearing a coarse blouse, and her face was dirty, but her facial features were beautiful, especially her big eyes, which showed aura.

On the ground behind the girl, lay a dying middle-aged man, who was probably suffering from a serious illness and would not live long.

The girl's name is Chun'er, and the middle-aged man is her father. The father and daughter depend on each other and have been living in Qizhou City. It was only a day before that Qizhou City was attacked by Ji Beiye, and the father and daughter fled with the people. On the way to escape, the father's condition worsened, so Chun'er is like selling herself to save her father.

Hearing Liu Dong's words at this time, Chun'er stood up timidly.

Tsk tsk

At this moment, Liu Dong looked at Chun'er up and down, his eyes lit up, and he tut tsk admiration: "Oh, it seems that this young master has good eyesight, he is really a beautiful embryo, haha. ."

I saw that although Chun'er was in rags, the rough blouse couldn't hide her charming figure in the slightest.

For a time, Liu Dong couldn't wait. When he bought it and went home, he must enjoy it....

Hearing Liu Dong's words, Chun'er panicked, but in order to save his father, he still held back the humiliation.

"Okay, not bad."

At this moment, Liu Dong calmed down and asked Chun'er with a smile, "Girl, how much did you pay for it?"

The ultimate husband in Chinese chapter 6458

"Two... Twenty coins..." Chun'er responded timidly, bowing her head, not daring to look at Liu Dong at all. She has a simple personality, and she doesn't dare to expect too much. Twenty copper coins are just enough to give her father medicine.

Twenty copper plates?

Hearing this, Liu Dong frowned, and said impatiently, "Just ten coins!"

Speaking of which, twenty coins were just a drop in the bucket for him, but in Liu Dong's eyes, spring This kind of refugee people is not much more expensive than the gold of livestock, and it is not more than this price.

Moreover, to buy her home, to buy her beautiful clothes, and to manage her meals, everything is an expense...

What? ten?

At this moment, Chun'er's delicate body trembled, and she looked up at Liu Dong blankly.

"Young master, do your best." Chun'er gathered his courage and said, "Just give me a little more. I have to get medicine for my father. If he doesn't take medicine, he will die.

", Chun'er couldn't help choking up, and the tears couldn't stop flowing.

Liu Dong's face was full of impatience: "My young master said ten is only ten. I will buy you back to enjoy the happiness, and I will take care of your father's life or death?" The

voice fell, and a few servants around him also chimed in.

"That's right, it's your blessing that my young master can see you."

"I really don't know how to flatter you..."

"How dare you bargain with our young master? Hurry up and take the money and go with us."

One of the attendants said, and took out ten A copper plate was thrown on the ground, and then he was about to go and pull Chun'er away.

"you..."

In the face of the situation, Chun'er was anxious and afraid, and she couldn't help but shrank back: "Don't come here, I won't go with you..." She just wanted to save her father, but she didn't know she would encounter these bastards.

Mad...

Seeing this scene, Yue Feng frowned secretly, and his heart suddenly became a little angry.

This rich disciple is really a bastard. He has no sympathy at all. He only gives people half of the money for this kind of thing. Is he still human?

At the same time, the other fleeing people around them couldn't stand it anymore, and a few people stood up and tried to stop Liu Dong.

"Ma De!"

Liu Dong suddenly came on fire, and scolded arrogantly: "Dare to take care of Lao Tzu's business? Don't even look at where this place is, hit me, hit me hard."

Bang Bang.. As

soon as the words fell, a few servants rushed up immediately, punching and kicking the people who were blocking them.

Those few people who fled here were exhausted and were not opponents at all. They were beaten and rolled on the ground, screaming again and again.

call!

Seeing this scene, Yue Feng couldn't bear it any longer. He walked over quickly, pretended to be careless, and slammed Liu Dong hard. The moment he hit, Yue Feng secretly shot and hit the acupuncture point on Liu Dong's waist. , injected a force.

Immediately, Yue Feng quickly backed away, smiling all over his face: "Oh, I'm sorry!"

"Ma De!"

Liu Dong stared at Yue Feng fiercely, "Your special code doesn't have long eyes."

At the same time , A few followers also gathered around, staring fiercely at Yue Feng, each and everyone swearing at each other.

"Mad, hit my young master? Break your leg."

"I'm really blind to your dog's eyes."

Facing this situation, Yue Feng smiled with his face: "Everyone, calm down, calm down, I really didn't mean it."

"Stop talking nonsense, and quickly kneel down and apologize to my young master." A follower shouted arrogantly.

Kneel down and apologize?

Hearing this, Yue Feng couldn't help laughing: "I don't know how to kneel down and apologize. Otherwise, I'll show this young master a free photo."

Liu Dong frowned and said impatiently: "What face do you look at? Who are you?"

"I'm a Jianghu physicist." Yue Feng looked serious.

Um?

Hearing this, Liu Dong looked at Yue Feng carefully, and found that the person in front of him, although dressed in ordinary clothes, had a unique temperament all over his body.

The next second, Liu Dong looked proud: "Okay, this young master is not unreasonable, you show me, look good, this young master will spare you once."

Yue Feng nodded repeatedly: "Of course."

Saying that, Yue Feng made an unpredictable look, carefully observed Liu Dong's facial features, and said in shock after a few seconds: "Oh, it's not good, it's not good."

"Why is it bad?" Liu Dong frowned.

Several attendants also looked at Yue Feng suspiciously.

Yue Feng took a deep breath and said regretfully: "This young master, I saw your face just now. You are short-lived. If you don't get treatment in time, I'm afraid you won't live for five years." The

last one The words fell, and Yue Feng stretched out his five fingers.

What?

Hearing this, Liu Dong's heart was shocked, and he reacted immediately, yelling: "Ma De, you are courting death!" He was in his prime, but he was said to be short-lived, how could he not be angry?

Several of the followers were also furious, and they were eager to teach Yue Feng a lesson.

"Courageous, dare to curse our young master?" "Abolish him together."

Seeing this scene, the surrounding refugees and Chun'er all retreated subconsciously, and they all looked at Yue Feng with sympathy.

This person provokes this rich young master, and I am afraid that he will not have good fruit to eat later.

Ha ha!

However, in the face of the situation, Yue Feng did not panic at all, instead smiled secretly, and then waved his hands: "Everyone, don't get excited, don't get excited."
After

saying that, Yue Feng looked at Liu Dong seriously: "This young master, I really am not. Nonsense, if you don't believe it, is it unbearable pain when you reach out and press the three inches of your waist?"

Seeing that he was serious, Liu Dong was suspicious, but in the end, according to Yue Feng's words, he reached out and pressed his own back. waist.

hiss!

In the next second, Liu Dong only felt a piercing pain, and he couldn't help but gasped.

Under the pain, Liu Dong stared blankly at Yue Feng, and was blinded at the time.

This... this person is absolutely right.

So it will be like this?

At this time, Liu Dong didn't know that when he was hit just now, the acupuncture point in his waist was injected with a force by Yue Feng. This force caused the whole body's blood to be sluggish. Pressing it down, it was naturally unbearable pain.

This...

Seeing this scene, several of the attendants were also stunned, and they all looked at Yue Feng with complicated expressions.

Is this guy really a photographer?

At the same time, Chun'er and the surrounding refugees also looked at Yue Feng and were secretly surprised.

I can't see that this person is quite capable, and he even hit on the hidden illness of this rich young master.

“Ouch!”

Just when everyone was secretly surprised, they saw Liu Dong covering his neck with one hand, squatting down with a face full of pain, and he kept calling out ooh ooh.

Seeing this scene, a few panicked at all.

“Master, what’s the matter with you?”

“What happened... what happened?” The

few said at all, helping Liu Dong to get up.

hiss!

At this time, everyone was shocked when they saw Liu Dong’s appearance, and couldn’t help gasping for air. I saw that on Liu Dong’s chin, a fist-sized blood tumor came out, which looked very scary.

The acupuncture point where Liu Dong had been injected with power just now was connected to the meridians on his neck. At this time, the qi and blood were blocked, and tumors naturally developed.

“Great...Master!”

At this moment, Liu Dong’s tears of pain flowed, half of his face was swollen, and he said to Yue Feng vaguely: “Master, can you save me?” This physicist can say There must be a cure for your own hidden disease.

Seeing him like this, Yue Feng held back his smile and nodded with a deep expression: “I have a pill, which I spent ten years, traveled all over famous mountains and rivers, collected dozens of precious medicinal materials to refine, and it is of unparalleled value. , I don’t know if the young master can afford it.”

With that, Yue Fengzhuang took out an ordinary blood-activating pill from his body.

This rich young master used his power to bully others. If he didn’t slaughter him severely, he would be sorry for the poor people around him.

Swish! At this moment, Liu Dong’s eyes locked on the medicinal pill in Yue Feng’s hand, as if he had grabbed a life-saving straw, and nodded without thinking: “How much can I afford?”

ah.

Yue Feng smiled slightly and stretched out five fingers: "Five hundred taels of gold." Since it is about to be slaughtered, it should be slaughtered harder.

What? Five hundred taels of gold.

Hearing this number, Liu Dong's heart was shocked, and his eyes were dull.

At this moment, one of the attendants calmed down and looked at Yue Feng with a frown: "I think you are a liar, buy a pill for five hundred taels? Why don't you go grab it?"

"He kicked him: "Shut up, you guys, hurry up and get the gold, hurry up."

Although five hundred taels of gold was very painful, it was not as important as his own life.

The ultimate husband in Chinese chapter 6460

"Yes, young master!"

Seeing Liu Dong's anger, the valet did not dare to say anything. Together with the others, they quickly returned to Liu's house. After a while, they came back with a carriage, which was neatly packed with several A box full of gold.

Um!

Yue Feng nodded with satisfaction: "Young master is really big, this medicine pill is for you." After speaking, he handed the blood-activating pill to Liu Dong.

Liu Dong hurriedly took it and swallowed it without thinking.

Seeing that he couldn't wait, Yue Feng smiled secretly and patted him on the shoulder from behind: "Okay, the young master will go back to rest for a few days, and the blood tumor will naturally subside."

When he said this, Yue Feng secretly used a technique and withdrew it. Infuse the power of Liu Dong's acupoints.

At this moment, Liu Dong suddenly felt that the pain was relieved a lot, nodded at Yue Feng, and brought a few attendants to go home in a hurry.

After what happened just now, how could Liu Dong still be in the mood to buy a maid? Just wanted to go home and rest.

This....

Liu Dong just walked away, the people who fled and Chun'er were all stunned. They stared blankly at the large boxes on the carriage, shocked.

I have never seen so much gold in my life...

At this moment, Yue Feng showed a smile, opened the box on the carriage, and said to Chun'er, "Come and get the gold, and hurry up to see your father.

" Yue Feng looked at the other people again: "And you, too, have a share, come and get it..."

Speaking of which, with Yue Feng's strength, he could have taught Liu Dong a few harshly just now, but considering the spring Because of these refugees, Yue Feng decided to slaughter Liu Dong.

What?

At this moment, when they heard Yue Feng's words, both Chun'er and the other people were dumbfounded, thinking that they had heard it wrong.

He...he wants to distribute this gold to everyone...

this is five hundred taels of gold.

"What are you doing?"

Seeing everyone standing there motionless, Yue Feng couldn't help laughing and urged, "Come and get this gold, find a safe place to live well, hurry up.

" I'll let the rich disciples know that I gave you the gold, and you're afraid you won't be able to leave."

Hearing the last sentence, Chun'er and the surrounding people all reacted and thanked Yue Feng.

"Thank you, my benefactor!"

"You are our savior."

After everyone was grateful, they got the gold from Yue Feng and left the town quickly.

call!

After dividing the last portion, Yue Feng let out a long sigh of relief. Although what happened just now was insignificant to him, he had saved so many people who had fled. At this moment, he felt unspeakably relaxed.

In the end, there were a few pieces of gold, Yue Feng put it away, and then walked into the street.

Arriving at a tavern, Yue Feng walked in, found a seat by the door, called Xiao Er and asked for a few local dishes.

Soon, the side dishes were served, and Yue Feng started to eat slowly.

However, Yue Feng didn't know yet that on the street outside, a slender figure was walking slowly.

The woman was wearing a long black dress and a hat on her head. The hat was surrounded by a veil to cover her face, but if you look closely, you can vaguely see a delicate face.

It is snow.

A day ago, Qizhou City was breached. In order to reward his soldiers, Ji Beiye condoned his subordinates to loot around Qizhou City, causing many people to leave Qizhou City and flee everywhere.

Knowing the situation at that time, Gu Qianqiu sent Feixue to go to Qizhou City to investigate the situation.

After half an hour, Feixue investigated the situation in Qizhou City and prepared to come to this small town for a rest.

Um?

At this moment, when Feixue passed the tavern, she saw Yue Feng sitting at the door at a glance, and her delicate body trembled.

It was him...

Seeing that it was Yue Feng, Feixue bit her lip tightly, and a complex emotion rose in her heart.

Half a month ago, in order to repay the old times, the mother-in-law Honghua forced Yue Feng and Feixue to marry in a separate altar in Qizhou City.

Later, Yue Feng disappeared, Feixue thought he was dead, but he didn't expect to meet him in this small town.
