

The ultimate husband in Chinese chapter 6471

This person.....

Seeing this scene, whether it was the guard with the soft whip or other guards, they all looked at Yue Feng and were shocked.....

Is this man made of iron? ? It's all hurt like this, and it still doesn't let go.

Mad!

Nuliha also frowned secretly, his heart was full of fire, this person is really tough.

At this moment, the personal guard with the soft whip came to his senses and asked Nuliha for instructions: "General, if you fight again, he will definitely die, this..."

Nuliha took a deep breath, at this time I was very angry and wanted to order Yue Feng to be killed, but in the end he calmed down and said coldly, "Take it in for now.

"

"Yes!"

After hearing this, several personal guards agreed in unison, then walked up, and on the basis of tying up, chained Yue Feng's hands and feet.

Nima, at this time, I plan to slowly torture me.

Faced with this situation, Yue Feng was unable to struggle at all, and was very annoyed. When I regain my strength, I will tell this barbarian general to know what it means to have evil retribution.

"General!"

Just when Yue Feng was thinking about it, a soldier ran in quickly, sweating profusely: "General, Wang Ting's edict."

Wang Ting 's edict...

At this moment, Nuliha was full of faces Aggressive, when he heard the report, he suddenly became serious, and hurriedly said: "Bring it up."

The soldier hurriedly handed over the edict.

After Nuliha read it again, he couldn't help taking a deep breath and said slowly: "Wang Khan called me back to the teacher, it seems that I can't stay for a long time. Pass my order and set off immediately."

Seriously, Nuliha I didn't want to go back so early, but Wang Khan's order could not be disobeyed. The plan to continue to survey the terrain can only be put on hold for the time being.

A few minutes later, under the leadership of Nuliha, hundreds of elite guards quickly marched towards the Hu people.

As a prisoner, Yue Feng was naturally taken along with him.

What the fuck...

At this moment, looking at the direction of Nuliha's people, Yue Feng was secretly depressed, and at the same time a little anxious.

If it is in the boundary of the Dayan Dynasty, Yue Feng still has a chance to escape.

a day later.

Nuliha led the crowd with Yue Feng and finally arrived at the Golden Palace of the King's Court in the land of the Hu people.

When he entered the clan, looking at the environment in front of him, although Yue Feng was prepared, he was still shocked.

I saw that the royal court of the Hu people was built on a hill with a small area, only a quarter of the capital of the Dayan Dynasty, but it was extremely prosperous.

All kinds of caravans can be seen on the streets, some use horses, some use camels...

The buildings of the entire royal court are all made of loess mixed with sand and stone. From a distance, the entire city can be seen. They are all light yellow, and with the vast grassland in the distance, there is no otherworldly style.

On the street, you can see burly and mighty Hu people everywhere, and of course there are also beautiful Hu people with veils.

Just when Yue Feng was observing these, Nuliha and his party took him to the Golden Palace, the Golden Palace of the Royal Court. Like the palace, it was the place where the Hu people lived and dealt with affairs.

Of course, on the Hu people's side, they are not called emperors, but Wang Khan.

Yue Feng saw that the golden hall was majestic and solemn, and the whole was built of rare white rock.

call!

Seeing this, Yue Feng couldn't help but muttered to himself, this hall is so luxuriously built, it seems that this Hu people Wang Khan will also enjoy it.

As a prisoner, Yue Feng was naturally not qualified to see Wang Khan. Under Nuliha's arrangement, he was locked in the stone prison west of the Wang Ting.

Mad!

Looking at the poor environment of the stone prison, Yue Feng couldn't help but scolded, it was really a tiger who fell and Pingyang was bullied by a dog. As the teacher of the Heavenly Emperor, he became a prisoner here.

Forget it, I don't want to do so much anymore, the most important thing now is to quickly recover my strength.

Thinking to himself, Yue Feng held his breath, sat cross-legged in the stone prison, and recovered from practice silently.

.....

At this moment, Nuriha's side.

Nuliha asked several guards to wait outside, sorted out his armor, and strode into the Golden Temple.

In the golden hall at this time, more than a dozen generals of the Hu people stood neatly on both sides, each with a respectful expression. On the throne in the center of the Golden Temple, there was a burly old man sitting.

The ultimate husband in Chinese chapter 6472

The

old man is dressed in luxurious white fur, with a crown on his head, and his face is calm. Although he is in his twilight years, there is a strong aura around him, which makes people dare not have the slightest blasphemy.

It was the King Khan of the Hu people.

Beside Wang Khan, a dignified and beautiful figure sat quietly, wearing a long peacock dress unique to the Hu people, which showed the charming look vividly. The difference

between the queen and Wang Khan was more than 30 years old. Years, delicate face, myriad manners.

This woman is the queen.

call!

At this moment, Nuliha couldn't help but glance at the queen, immediately took a deep breath, and couldn't help feeling secretly.

The queen is getting more and more charming.

It's a pity that Pharaoh Khan is getting older and older. To have such a beautiful woman by her side is simply a waste.

With emotion in my heart, Nuliha moved forward quickly and gave Wang Khan a deep salute: "Nuliha pays respects to Wang Khan."

Well!

Lao Wanghan nodded and asked: "Nuriha, before you led the army to help Ji Beiye seize the imperial capital and help him get to the great treasure, why did you withdraw the army two days ago?"

"And you, with a few hundred more The elite hasn't returned..."

Hearing the inquiry, Nuliha looked complicated and said slowly: "Report to Wang Khan, I was in Qizhou City at that time, and I had already cut off the alliance with that Ji Beiye."

Thinking of the scene at that time , Nuliha was full of fire.

What?

Lao Wanghan was stunned for a moment, and frowned, "Why is this?" You know, Ji Beiye wanted to seek help here, but he was sincere and offered very generous conditions.

"Wang Khan doesn't know anything!"

Nuliha took a deep breath and said in a very angry voice: "Then Ji Beiye is a villain with two sides and three swords. He agreed at the beginning that as long as he helps him capture the imperial capital, he will give us a few cities. But he refused to do so."

"After arriving at Qizhou City, he had a decisive battle with King Shaoyang, and when he was defeated, he even let us Hu people break up, and completely said that we were

playing with chess pieces. Such a sinister and cunning villain, The alliance is no longer necessary.”

Wow!

The words fell, and the surrounding generals were all angry.

“Ma De, this Ji Beiye is too hateful!”

“You actually made fun of us.”

“Think we Hu people are easy to bully?”

At the same time, Wang Khan’s expression changed, and his heart suddenly became angry: “Is it true at this time?”

call!

Nuliha took a deep breath and smiled bitterly: “How dare your subordinates talk nonsense about this kind of thing?”

“Damn!” Hearing this, Wang Khan was even more angry, slammed down the throne, and said fiercely: ” This Ji Beiye dares to tease this king, he is really courting death.”

At this time, the queen on the side hurriedly advised: “Wang Khan calm down, his health is important.” .

With the safety of the queen, Wang Khan’s face softened a bit.

In the next second, Wang Khan looked at Nuliha and said, “If that’s the case, why don’t you return with the army?”

Nuliha smiled slightly, looking confident: “After turning against Ji Beiye that day, my subordinates guessed, There will be a battle with him in the future, so the subordinates will take the lead without authorization, and with a group of elite subordinates, they will begin to survey the geographical environment of the imperial capital and Qizhou city. Prepare for the war in the future.”

“As long as we are familiar with the environment, we will have a better chance of winning a decisive battle with Ji Beiye in the future.”

When he said this, Nuliha looked proud. I plan for a rainy day, and I will definitely receive praise from Wang Khan later.

Huh...

However, upon hearing Nuliha's words, Wang Khan's face did not look happy, but frowned: "In our current situation, it is not appropriate to start a war with Ji Beiye."

"Ji Beiye has an army of 500,000 people, We Hu people are only 200,000 elite, and even if we are familiar with the terrain, it is difficult to win..."

Hearing these words, Nuliha was very disappointed.

At the same time, there is some dissatisfaction in my heart.

This Lao Wang Khan, the older he gets, the less courageous he becomes. Now that the Hu people are strong and strong, why are you afraid of him, Ji Beiye?

But in his heart, Nuliha didn't dare to show it, but made an open-minded look: "What Wang Khan said is that I was reckless."

Wang Khan stopped talking nonsense and waved his hand: "Okay, Anyway, you have worked hard this time, so go down and rest first."

The ultimate husband in Chinese chapter 6473

Hearing this, Nuliha had to answer: "Subordinates retire!"

After speaking, Nuliha bowed and slowly exited the Golden Palace.

Mad!

When he got outside, Nuliha was very aggrieved, and the topographic map he worked so hard to survey was worthless in front of Wang Khan.

This old thing, it is better to die early.

Cursing inwardly, Nuliha strode away.

...

on the other side, in the stone prison.

call!

I don't know how long it took, Yue Feng took a deep breath, then slowly opened his eyes, and saw that it was already dark outside the stone prison. There were not many guards outside the cell, only two soldiers.

Seeing this scene, Yue Feng showed a smile.

When it's dark, it's easier to have a chance to escape.

Yue Feng recovered for a few hours, but the power of Yuanshen did not recover much, but the whip wound on his body had healed.

Whoa!

At this moment, Yue Feng tried to earn the iron chain that was used to earn his hands and feet, and was depressed to find that the iron chain was specially made and could not be broken at all with the strength he had recovered now.

It's a little embarrassing now.

Looking at the iron chains on his hands and feet, Yue Feng couldn't help laughing and crying. The dignified teacher of the Heavenly Emperor was actually trapped by an iron chain. If this matter spread to the God Realm, he would be laughed out of his head.

Got it!

Depressed, Yue Feng glanced at the key in the waist of the soldier outside the door, and immediately had an idea.

"Oh, oh..." In the

next second, Yue Feng curled up on the ground and shouted with a very painful expression: "Dead, I'm going to die..."

Hearing the movement, the two The soldier opened the door and ran in immediately, looking at Yue Feng with the same appearance.

"What's the situation?"

"Hey, what's wrong with you?"

They clearly saw that Yue Feng's face was full of pain and his forehead was sweating profusely. It seemed that the situation was very dangerous.

"I..."

Yue Feng was very excited when he saw the two being tricked in, but he looked very weak on the surface: "My stomach hurts... It seems that I have been poisoned... The two military lords, save me..."

When he said this, Yue Feng's eyes, intentionally or unintentionally, looked at the key in one of the soldiers' waists.

Yes, Yue Feng deliberately acted, just to trick them in and find a chance to get the key.

Poisoned?

Hearing this, the two soldiers looked at each other, both stunned.

How is this possible? After this person was caught, he had hardly eaten anything, so how could he be poisoned?

But... looking at him, it doesn't look like he's pretending.

"Save me..."

Seeing the doubts of the two soldiers, Yue Feng shouted weakly: "My stomach hurts, I'm going to die..." As he spoke, his body kept shaking, and at the same time he reached out and grabbed the man with the Soldier with keys.

"Master, save me." Yue Feng pleaded.

call!

Faced with the situation, the soldier hesitated and said to his companion, "Quick, call someone, and I'll look at him first." This person is the general's serious concern. If something really happens, he can't bear it. rise.

Moreover, his hands and feet are locked, and he is not afraid of what tricks he will play.

"Okay! Take good care of him." The other soldier responded and walked out quickly.

Watching his companion leave, the soldier was about to break free from Yue Feng's hand, and said lightly: "You hold back first, someone will come and save you..."

Papa!

However, before he finished speaking, Yue Feng quickly shot and sealed the acupoints on his body.

In an instant, the soldier trembled, unable to move. At that time, his face was shocked, and he stared at Yue Feng: "You..."

He never thought that Yue Feng's hands and feet were locked by iron chains, and he could actually seal his acupoints. Speaking of which, Yue Feng The strength has not been fully recovered, and the iron chain cannot be broken, but there is no problem with sealing the acupoints.

"I'm sorry!"

Facing the soldier's astonishment, Yue Feng stood up slowly and said with a smile: "It's not that I'm trying to deceive you, it's really to survive, and I can't help it either." The voice fell, Yue Feng He reached for the key and quickly opened the chain.

Nima, finally free.

The moment he untied the chain, Yue Feng felt relaxed, and immediately stretched his waist, then waved his hand at the soldier, and walked out of the stone prison struttingly.

Hula!

As soon as Yue Feng left, the soldiers who had left before rushed over with the doctors of the Hu people.

What?

Seeing the situation in the stone prison for a while, the soldier was stunned and realized that it was not good.

I saw my companion froze there, motionless, but the man who was about to commit the crime disappeared...

"Quick!"

That is, the soldier who was sealed in the cave shouted: "The man has run away, call for support quickly. ."

Hearing this, the soldier reacted and rushed out of the prison and shouted: "Come here, come here, the prisoner has run away." A

few minutes later, hundreds of soldiers marched in the direction of Yue Feng's escape. chase.

...

On the other side, the Palace of King Tingjin.

It was already late at night, and I saw Nuliha in a gorgeous robe, accompanied by a few guards, to the west gate of the Golden Temple.

"You wait here now." Nuliha instructed, turning around and entering the Golden Temple.

After entering the Golden Temple, Nuliha was familiar with the road, and entered the back bedroom area from the corridor on the side of the Golden Temple.

call!

When approaching one of the bedrooms, Nuriha had a smile on his face.

I saw that the lamp was on in the bedroom, and on the edge of the windowsill, there was a slender figure in a dark green dress, which could not hide the charming curves.

It was Wang Khan's woman, Concubine Yu.

In recent years, Wang Khan's body has not been as good as the day. Although Concubine He Yu has the name of husband and wife, but the reality of husband and wife has long been lost. Concubine Yu seems to have a lot of wealth and wealth, but she is very lonely in her heart.

Nuliha is lecherous by nature. At a dinner party two years ago, he found an opportunity to approach Concubine Yu, and the two have secretly communicated since then.

"Cough cough!"

At this time, at the door of the palace, Nuliha coughed lightly.

Concubine Yu was looking at her mind when she suddenly heard the movement and was shocked. Then she saw Nuliha and was overjoyed: "It's you!" After

speaking, Concubine Yu walked over quickly and hugged Nuliha. His arm: "During the day, I heard that you came back, and I was still wondering if you would come at night."

When she said this, Concubine Yu couldn't hide her joy.

"Haha!"

Nuliha laughed loudly, took Concubine Yu in his arms, and said with a smile: "My beauty, who am I going to look for when I come back? This expedition is so long, I want to I'm going to die."

As he spoke, Nuliha kissed Concubine Yu's face, picked him up, and walked quickly towards the soft land not far away.

"You..."

Concubine Yu blushed and said in a sullen voice, "I haven't seen you for so many days, you are still so anxious... Wait a moment, I want to talk to you..."

“Hey, talk now The same is true.”

“You...really bad!” The

two were flirting when, suddenly, footsteps came from outside the palace.

Immediately afterwards, Wang Khan’s laughter came over: “Concubine Yu, this king can’t sleep, I came to talk to you, haven’t you rested yet?” The voice was getting closer and closer.

The last word fell, and Wang Khan’s figure had already appeared at the door.

Oops!

Faced with this situation, both Nuliha and Concubine Yu were taken aback, Concubine Yu was trembling in the suburbs, almost unable to stand still.

Nuriha was even more buzzing in his head.

Why is Wang Khan here at this time? Now that it’s over, I secretly have a tryst with Concubine Yu. For this crime, 100 heads are not enough to chop off.

Frightened in his heart, Nuliha wanted to find a place to hide, but it was too late at this time.

Swish!

At this moment, Wang Han saw the scene in front of him, the smile instantly froze on his face, and his heart was filled with anger.

“You...”

Soon, Wang Khan reacted and shouted angrily: “You two are so bold, how dare you do such a cowardly thing here.” Wang Khan’s eyes became blood red as he shouted.

Gudong!

Feeling Wang Khan’s anger, Nuliha only felt that his legs were weak, he couldn’t help swallowing saliva, and he could hardly stand still.

Concubine Yu was even more frightened, and said tremblingly: “Wang Khan, Wang Khan, calm down, things are not what you think, Nuliha is looking for me so late, there is something to tell me...”

But before she could finish speaking, Wang Khan interrupted angrily: “Shut up, are you blind when you think this king? What the two of you are doing, this king can’t see it?”

The ultimate husband in Chinese chapter 6475

“You bitch... This king treats you not badly, but you are doing such shameless things behind my back...”

Shuh!

The more Wang Han said, the more angry he became. He pulled out his long knife and looked at Nuliha and Concubine Yu closely: “This king killed you two bastards...” The voice fell, and the long knife drew a cold light. Slashed directly at Nouriha’s neck.

mad.

Seeing Wang Khan slashing with a knife, Nuliha was originally panicked, but at this moment of life and death, the anger in his heart was suddenly aroused, and he shouted at that time: “The old man wants to kill me, you are not qualified!”

The voice fell, and a powerful breath burst out from Nuliha’s body, and then he drew a long sword and slashed it in front of him.

clang!

In the next second, a shock erupted from the collision of the two knives, and then Wang Khan was shaken back a few steps, while Nuliha stood there, as steady as Mount Tai.

Speaking of which, Wang Khan’s strength is not low, but he is old and frail. At this time, he is not Nuliha’s opponent at all. After all, Nuliha is in his prime and his strength is at its peak.

“You...”

Wang Khan steadied his footsteps and stared at Nuliha: “Nuriha, you are going to rebel...”

At this time, Wang Khan was extremely angry, and he never thought of it. Nuliha, who was trembling in front of him, not only dared to touch his own woman, but also dared to draw a sword to resist at this time.

Huh....

Seeing this scene, Concubine Yu on the side was also stunned, and she didn’t expect that Nuliha would dare to draw a knife.

“Ha ha...”

Nuliha looked up to the sky and laughed, his expression couldn't hide his madness, and said coldly to Wang Han: "Old man, if you want to kill me, should I stretch my neck and let you kill me?"

"The tribe has fought for so many years, with no credit or hard work, but now you are going to kill me."

"Without me, can your throne be so stable? Without me, can our Hu people enjoy the peace of these decades? Without me. ... can you live to this day?"

Nuriha almost roared out the last sentence.

Anyway, the affair with Concubine Yu was exposed, so there was no need to hide it and simply burst out the grudges of the past few years.

Swish!

Hearing this, Wang Khan was completely angry, and roared repeatedly: "The traitor is killed." The

voice fell, Wang Khan clenched the long sword, and the figure broke out again, and slashed towards Nuliha fiercely.

Nuliha sneered, not panic at all: "Old man, you are too old, you can't even hold the knife, do you still want to kill me? I'm afraid it's a fool's dream." The

voice fell, and Nuliha went up to meet him.

Bang bang bang!

I saw that the two sides were constantly shuttled back and forth in the bedroom, and the collision of the long knives broke out with a loud vibration.

Under Wang Khan's anger, he completely sacrificed his life, and the sword was ruthless. In this case, Nuliha was beaten in a hurry. I was very annoyed at the time.

Mad, this old thing is crazy, wants to die with me?

call!

The next second, seeing Concubine Yu who was nervous beside him, Nuliha suddenly had an idea, while waving a long knife and fighting Wang Khan, he sneered and joked: "Old man, you are already dead, I will take care of you for you. Woman, you should thank me, haha..."

“Also, I’m not afraid to tell you that Concubine Yu and I got along well two years ago. You’re a big head, you just found out today...”

When he said this, Nuliha’s eyes were full of cruelty.

Aren’t you crazy? I’m making you even crazier.

When you lose your mind, it’s time to die.

“Ah...”

Every sentence of Nuliha undoubtedly added fuel to Wang Khan’s anger, and for a while the whole person went crazy, roaring again and again: “Rebel, bastard, this king wants to kill you, Kill you...”

Under the roar, Wang Khan even swung his sword. However, under the rush of fire, his body suddenly trembled, and then a mouthful of blood spurted out.

Dang!

Immediately afterwards, the long knife in Wang Han’s hand fell to the ground, his burly figure trembled, and his face was extremely pale.

That’s right, after all, Wang Khan is old, and he has become obsessed with his anger.

“Wang Khan...”

Seeing this scene, Concubine Yu shouted tremblingly, wanting to go up to check, but she couldn’t get up the courage at all.

Nuriha sneered.

Pfft!

Finally, Wang Khan stared at Nuliha unwillingly, his body fell to the ground with a bang, and he died of breathlessness.
