

## The ultimate husband in Chinese chapter 6486

Seriously ill?

Yue Feng didn't say this, but when he talked about the serious illness, Princess Yiyi was moved and couldn't help but said, "If that's the case, you should go with us. There are occasional wolves in this vast grassland. You are very alone. Dangerous."

"You should go back to the royal court with us. When the time comes, I will find a doctor to treat you."

When she spoke, Princess Yiyi's delicate face was full of sincerity.

Uh...

Facing the situation, Yue Feng was dumbfounded.

Originally thinking that she was seriously ill, this princess would be taboo, but she didn't expect it to be self-defeating...

Depressed, Yue Feng opened his mouth: "This..."

Before he could finish speaking, the next to him Nie Hongxue had run out of patience, and frowned,

"Why are you so long-winded? The princess showed pity and saved you from suffering, but you don't know how to be grateful. We still have to hurry."

At this time, Nie Hongxue was very angry, this person really didn't know what to do, the princess was all about saving her, but he didn't take it seriously.

"Okay... okay!"

Feeling Nie Hongxue's anger, Yue Feng knew that he couldn't justify his refusal, so he nodded with a wry smile.

Afterwards, Yue Feng thanked Princess Yiyi, "Thank you, Princess, for your kindness and kindness, it would be better for the people to be respectful than clever." In the current situation, we can only take one step at a time.

Yue Feng thought about it, and tried to leave without waiting for Dao Wangting.

Um!

Seeing Yue Feng thanking her, Princess Yiyi nodded, and then lowered the curtain.

Nie Hongxue waved his hand, motioning for the team to start anew, and then let the soldier let out a horse and let Yue Feng ride on it.

In fact, Nie Hongxue did this not to care about Yue Feng's injury, but to observe it secretly.

After all, in this vast grassland, a person suddenly appeared, and he was still alive when he was out of breath. It was really suspicious. For the safety of the princess, he had to be cautious.

"Thank you!"

At this moment, Yue Feng, who didn't know Nie Hongxue's intentions, thanked him, and then got on his horse.

Nie Hongxue's eyes flickered, urging the horse to follow slowly, and looking at Yue Feng: "You said just now that you are a refugee, why? You can also ride the fierce horse of the Hu people?" The

words were full of doubts.

Holy crap....

Hearing this, Yue Feng secretly complained, this woman is not easy to deal with.

While murmuring in his heart, Yue Feng quickly turned his head and hurriedly made a haha: "Yes, I am indeed a refugee. I have helped people let go of horses before, so I know a little bit about equestrianism."

Nie Hongxue nodded and continued to ask: "You really just slept just now?"

Nie Hongxue is a master of the eighth rank, and she has a lot of knowledge, but she still can't understand what happened just now.

But this person has no strength at all, and he doesn't look like a master.

Could it be... he hides his strength?

When Nie Hongxue traveled around the rivers and lakes back then, she had heard that some masters had reached a certain level and could completely hide their own strength, and others could not perceive it at all.

And the person in front of him, who just came back to life, is very likely to be the rumored hidden master.

But it doesn't look like his outfit... Forget it, I'll try him later when I get a chance.

After making up his mind, Nie Hongxue controlled the speed of the horse and followed Yue Feng slowly, ready to test it out for a while.

call!

Noticing that Nie Hongxue's eyes were always on him, Yue Feng couldn't help but let out a secret sigh, "I'm going, this woman has been staring at me, she seems to be doubting my identity."

Forget it, let's do it later.

After walking for more than an hour, a lake appeared in front of me. The lake is not big and only half the size of a football field, but the water is clear, and many waterbirds live by the water. It is accompanied by the surrounding green grassland, and the scenery is extremely beautiful.

Seeing such a scene, Yue Feng couldn't help feeling relieved.

At this time, the team was also a little tired, Princess Yiyi got off the carriage and let everyone rest by the water.

Yue Feng dismounted with everyone and took a sip of water by the lake.

At the same time, Yue Feng also secretly paid attention to Nie Hongxue behind him. The woman stared all the way, and subconsciously told Yue Feng that she would definitely do something.

## **The ultimate husband in Chinese chapter 6487**

Nie Hongxue did not go to the lake to drink water, but sat quietly on the horse, watching Yue Feng thoughtfully.

When the princess is present, it is definitely not possible to do it directly.

I have to think of another way to test this man.

Shasha...

At this moment, there was a strange sound from the grass next to her. Nie Hongxue turned her head to look, and saw a grassland scorpion, crawling quickly in the grass.

Got it!

Seeing this prairie scorpion, Nie Hongxue's eyes flickered, and she suddenly had an idea in her heart.

The prairie scorpion is very poisonous. Once it is stung, it will die soon if it is not treated in time.

Nie Hongxue thought about it, using this prairie scorpion to test Yue Feng, if the other party responded quickly, or killed the prairie scorpion, it would prove to be a hidden master.

If not, even if he is stung, Nie Hongxue has the antidote to ensure that he will not die.

Swish!

After making up his mind, Nie Hongxue jumped off the horse lightly without any hesitation, and the scabbard instantly lifted the prairie scorpion and landed behind Yue Feng.

Nie Hongxue shot quickly, Princess Yiyi and the surrounding soldiers did not notice.

However, Yue Feng could see Nie Hongxue's every move clearly.

Damn...

At this time, Yue Feng was very depressed when she saw that she had deliberately picked the grassland scorpion behind him. This woman must be crazy. In order to investigate my identity, she even brought a poisonous scorpion over.

Thinking so in his heart, Yue Feng remained calm and waited for the changes.

Swish...Swish....

Soon, the grassland scorpion followed Yue Feng's feet and climbed onto his back.

Seeing this scene, Nie Hongxue bit her lip lightly and looked at Yue Feng's eyes with incomparable seriousness. This person didn't react at all, could it be that he was being too cautious?

Forget it, wait a minute!

"Oops!"

At this moment, Yue Feng pretended to be terrified and called out: "What is behind me? Lords, help me take a look."

Since this woman wants to play, I will play with you.

Swish!

Hearing the shout, the surrounding soldiers immediately looked over. Seeing the scorpion on Yue Feng's back, he suddenly exclaimed.

"Oh, what a big prairie scorpion."

"Don't move around, be careful not to get stung."

"This thing is the most poisonous..." Under the

exclamations of everyone, Princess Yiyi was also taken aback, exquisite His face was full of fear, and he said to Yue Feng, "Don't move, there is a scorpion behind you."

Nie Hongxue looked calm and quietly observed Yue Feng's reaction.

"Princess..." Sensing Nie Hongxue's gaze, Yue Feng deliberately made a panicked look, and shouted,

"Save me... I am the most afraid of these poisonous insects."

At that time, Yue Feng also pretended to tremble.

Um?

Seeing Yue Feng's reaction, Nie Hongxue frowned secretly.

Could it be that he is too suspicious, this person is just an ordinary person, not a hidden master at all?

Princess Yiyi was kind in her heart and couldn't bear to hear Yue Feng's cry for help.

"Sister Hongxue."

At this moment, Princess Yiyi walked over quickly, bit her lip lightly, and said to Nie Hongxue: "Go and save him, this person is already sick, if he is stung by a scorpion again, I'm afraid No life..."

"Princess, don't panic."

Nie Hongxue nodded and reassured: "With me here, he will be fine." After

saying that, Nie Hongxue dismounted lightly and walked slowly towards Yue Feng. Originally, he planned to help Yue Feng get rid of the scorpion, but when he was about to approach, Xiu Mei frowned again.

This guy really has a problem.

She seemed nervous, but she didn't even have a drop of sweat on her face...

Noticing this, Nie Hongxue said to Yue Feng calmly, "You don't have to be afraid, as long as you don't actively threaten it, it won't sting you. "

While speaking, Nie Hongxue deliberately slowed down.

This person dares to conceal his identity, it is really hateful, let him eat a little bit of hardship.

Nima!

Seeing Nie Hongxue say this, she didn't rush over to help, but slowed down. Yue Feng couldn't help but scolded, this woman is really cruel, she wanted to sting me by poisonous scorpions...

Even if I doubt my identity, You can't do it like this, it will kill people.

It was at this time that the grassland scorpion on its back raised its scorpion tail high and stabbed Yue Feng on the back.

"Oh!" When the

pain came, Yue Feng exaggeratedly shouted, and quickly shook the grassland scorpion off, then fell on the grass, and shouted in fear: "I was stung, I am dead, I am going to die.. .."

## **The ultimate husband in Chinese chapter 6488**

Although it has been suspected, Yue Feng decided to continue to pretend. After all, this woman doesn't have any real evidence, so she won't do anything to herself.

Moreover, Yue Feng has the Dharma Red Lotus to protect his body, so he is not worried that he will die from poisoning.

"Sister Hongxue..."

Seeing this scene, Princess Yiyi felt pity in her heart, and hurriedly urged Nie Hongxue: "Quick, save him..." She is the most embarrassed to suffer, not to mention that the man in front of her is still highly poisoned. The prairie scorpion was stung.

well!

Nie Hongxue sighed secretly in her heart. The princess was too kind, and she didn't know she was deceived. This person is not an ordinary person at all, but there is no conclusive evidence, and it is difficult to expose it.

Thinking to herself, Nie Hongxue nodded, then walked over and looked at Yue Feng in a complicated way: "Don't move, lift up your clothes." After speaking, she took out the antidote from her body.

At this time, Nie Hongxue didn't know that the man in front of him was invulnerable to all poisons.

"Thank you!"

Yue Feng nodded in gratitude, then opened his clothes, revealing the stung wound, and muttered to himself.

This woman is quite deep, no wonder she was slow just now, she turned out to be equipped with a detoxification elixir.

Um?

Listening to Yue Feng's thanks, Nie Hongxue was too lazy to pay attention, but she was stunned when she saw the wound on his back.

I saw that the wound was very small, only a little blood was shed, and it was not swollen at all.

Strange...

Seeing this, Nie Hongxue and Xiumei frowned lightly. The prairie scorpion's poison is very strong. Even if he is an eighth-rank strength, if he is stung, it will swell up a lot, and the man in front of him seems to be a little bit. Nothing happened.

Confused, Nie Hongxue took a step closer, looked closely at Yue Feng, and said in a low voice, "Who the hell are you?" To be honest, Nie Hongxue has a solitary temperament, and it is difficult for ordinary things to attract her attention. Can't help it.

The man in front of him is really weird.

ah?

Hearing the question, Yue Feng pretended to be confused, looked at Nie Hongxue and said, "What did you say? I don't understand." As

he said that, Yue Feng laughed secretly in his heart.

Haha... The woman finally couldn't stand it anymore.

If it's good, maybe I can tell you my identity before I leave, but you stung me with a poisonous scorpion just now. If you want to know my identity, just guess slowly.

Huh...

Seeing Yue Feng pretending to be confused, Nie Hongxue was very unhappy, but because Princess Yiyi was present, it was not easy to have a seizure at the time, so she glared at Yue Feng and threw the antidote to the soldiers beside her.

"Give him the medicine..." Nie Hongxue said lightly, then walked back and got on the horse.

The soldier responded and smeared Yue Feng with the elixir, and said at the same time, "Boy, if you are lucky, Guard Nie has an antidote on him, or else you will be buried by the lake.

"Yes, yes..." Yue Feng nodded with a smile.

The next second, Yue Feng couldn't help but look at Nie Hongxue and muttered in his heart. This woman tried me several times, just to find out who I was, so as to protect the princess.

Forget it, don't care about her, and leave when you find an opportunity.

At this moment, Princess Yiyi came over and asked Yue Feng, "How are you feeling now? Do you feel better?"

"Thank you princess for your concern!" Yue Feng responded respectfully.

Afterwards, Yue Feng smiled at Nie Hongxue: "Thank you for the elixir of Guard Nie."

Nie Hongxue was too lazy to pay attention to him, and said to Princess Yiyi, "Princess! It's almost time to rest, we should leave."

Mmm!

Princess Yiyi responded, returned to the carriage, and continued on the road under the escort of the brigade.

.....

On the other side, the Hu people Wang Ting.

In the general's mansion, Nuliha sat in the hall with a comfortable face.

Just now, Nuliha made some deployments and finally took this royal court into his hands. At this time, his mood was indescribably happy and carefree.

"Here comes!"

At this time, Nuliha called the lieutenant and asked, "How are the defenses around Wang Ting prepared?" The

lieutenant said quickly, "Don't worry, general, everything has been arranged properly, even if someone below is not satisfied, Don't dare to make trouble."

Hmm!

Hearing this, Nuriha nodded in satisfaction.

## **The ultimate husband in Chinese chapter 6489**

At this moment, the lieutenant thought of something and whispered: "By the way, the queen has been imprisoned for a day, she doesn't eat or drink in the prison, her subordinates don't know how to deal with it..."

"Hehe... "

Nuriha chuckled: "This woman has a very strong personality. Wang Han's old thing is old and sturdy. I am afraid that she will not be able to conquer her long ago, and this woman still remembers that old thing."

"I still want to ." To show loyalty to Wang Khan with a hunger strike? You underestimate my Nuliha's methods." After speaking, Nuliha

waved his hand: "Go, bring the queen to the general's residence, and the general will interrogate him in person." When he spoke, Nuriha's eyes flashed with evil spirits.

Especially when I think of the queen's beautiful face and graceful figure, I can't wait.

In normal times, the queen relied on Wang Khan's favor and was high above the ground, so that Nuliha could not bear the slightest blasphemy, but now Wang Khan is no longer there, and the queen has also been successfully framed.

Under such circumstances, no matter how the queen was dealt with, no one would interfere.

"Subordinates obey..."

Seeing Nuliha's wicked smile on his face, the lieutenant immediately understood, and quickly walked out to prepare.

"Come on!"

As soon as the lieutenant left his forefoot, Nuliha called out excitedly and ordered, "Quick, prepare a table of wine and food for me. This general will have a good drink today."

"Yes, general!"

In a short while, a table of exquisite wine and food is ready. At the same time, the queen was also brought over by the lieutenant.

Gudong!

Seeing the queen, Nuliha couldn't help swallowing, and his eyes straightened instantly.

As expected of the queen of the entire Hu people, she is so beautiful and charming.

I saw that the queen at this time was still wearing the long white dress that was in the hall that day. Although she was detained for a day and looked tired, she still couldn't hide the charm of the country's beauty, and the tired look on her face was added. Kind of sexy.

"Rebel!" The

queen was already holding back her anger, but when she noticed Nuliha's rude eyes, she was even more embarrassed and shouted on the spot: "You murdered Wang Khan, and sooner or later you will have retribution.

" The queen, wishing to kill Nuliha immediately, but she has no strength at all, and is completely powerless.

Faced with the scolding, Nuriha smiled and said nothing.

"Bold!"

The lieutenant next to him frowned and shouted: "Dare to be rude to the general? Do you think you are still a high-ranking queen? You are just a prisoner now, and your life is in the hands of the general, understand?"

As a loyal lackey of Nuliha, it is natural to show such a good opportunity at this time.

"Lady!" The queen scolded coldly with a cold face.

brush!

In an instant, the lieutenant's face changed suddenly.

"Okay!"

At this moment, Nuliha waved his hand: "You step back first, let me and the queen have a good chat."

"Yes, General!" The lieutenant responded respectfully, and quickly walked out of the hall. Not only that, but the servants outside the hall were also cleared.

For a while, in the hall and around the hall, only Nuliha and the queen were left.

"hey-hey!"

At this time, Nuliha stood up with a smile, and while admiring the queen, he said, "Queen, I haven't seen a day to clear up a little." There was a bit of sigh in his tone.

Seeing his face, the queen felt disgusted in her heart, and said coldly: "Stop talking nonsense, what do you want?" This Nuliha is sinister and despicable, secretly getting himself out of the prison, he must have intentions.

"Oh!"

In the face of the queen's coldness, Nuliha smiled, not annoyed: "Queen, we have known each other for so many years, so there is no need to be so hostile. Speaking of which, I am not worth it for you. I followed that old man at a young age. Thing, for so many years, guarding the living widow..."

Hearing this, the queen was furious: "You shut up, you are blaspheming Wang Khan, you can't die..."

Alas!

Nuliha sighed, then poured a glass of wine and drank it slowly: "The old thing is dead, why are you protecting him like this?"

After speaking, Nuliha walked over slowly. , when he arrived at the queen, he smiled and said: "Now, I have control of the entire royal court, as long as you follow me, continue to enjoy the glory and wealth, and still be your queen, how about that?"

## **The ultimate husband in Chinese chapter 6490**

"Shameless!"

Hearing this, the queen's tender body trembled with anger, and after she shouted, her jade hand suddenly raised and slapped Nuliha in the face.

Nuriha was ready and quickly dodged aside.

"Tsk tsk..."

After dodging, Nuliha looked at the queen up and down, and said with a smile: "I really can't tell, the dignified and virtuous queen on weekdays has such a fiery personality, hehe, I'm going to set you up.

"One word fell, and Nuriha raised his hand and grabbed the queen.

Nuliha is a military general with extraordinary strength, while the queen has no strength at all, so she couldn't dodge at the time, and her wrist was tightly grasped in an instant.

"You..."

At this moment, the queen was extremely embarrassed and struggled: "Let me go." The queen's tender drink did not restrain Nuliha, but stimulated his interest even more. before, sniffed lightly on the queen.

"Tsk tsk..." In the

next second, Nuliha's face was full of intoxication: "The queen is really fragrant."

Hearing this, the queen almost fainted from anger, and at the same time she felt a little despair in her heart. In the hands of the thief, I am afraid that the famous festival will not be able to keep it.

Seeing the change in her expression, Nuliha was even more proud. At that time, she became more courageous and pulled the queen's arm hard. The queen didn't have time to react. She exclaimed and slammed into Nuliha's arms.

"You traitor..."

Soon, the queen reacted and gave a coquettish cry of shame and anger, but before she could finish, she was hugged tightly by Nuliha.

"Ha ha..."

Nuliha laughed proudly, picked up the jug on the table, and poured two glasses of wine himself: "My queen beauty, from today onwards, you are my woman, and it is useless for you to struggle, you should accept your fate. "

You can't waste such delicious food and wine, hehe, come and have a drink with me." After the

last word fell, Nuliha handed a glass of wine to the Queen's mouth.

Whoa...

but how could the queen be drinking? At that time, he desperately shook his head to resist, and knocked the wine glass directly to the ground.

Mad, bitch!

At this moment, Nuriha's patience was exhausted, his face instantly gloomy, and then he raised his hand and slapped the queen fiercely.

Hearing a crisp sound, the queen cried out in pain, her delicate body staggered and almost fell to the ground.

"Bitch woman!" Without

waiting for the queen to stabilize her body, Nuliha scolded the queen, picked up the queen directly, and then threw it on the soft slump behind, and said coldly: "There is no woman I liked yet. The one who can escape from the palm of my hand, pretending to be noble in front of me? Mad, I'll do it for you now..." The

last word fell, Nuliha quickly tapped the queen's acupuncture point, and then directly kissed it.

Wang Khan...

Seeing that she couldn't escape Nuliha's demonic barrier, the queen's heart was desolate, and then she closed her eyes in despair.

Wang Khan... I'm sorry for you. When I was in prison, I should have committed suicide. Now I'm about to be humiliated by the traitor Nuliha. After death, how can I have the face to see you?

Thinking of this, the queen's eyes were red and tears couldn't stop flowing.

At this time, the queen could clearly feel Nuliha's breathing, which kept hitting her face.

Oh my god, are you just watching this traitor do something wrong?

Tears were pouring out, and the queen could feel that Nuliha's mouth was about to touch her. At this moment, she slowly closed her eyes, completely desperate.

"General!"

At this critical moment, the cry of the lieutenant came from outside the hall, and then the lieutenant rushed over in a hurry. But when he saw the scene in front of him, he was stunned.

Mad!

When the good thing was interrupted, Nuliha was furious, turned around and roared: "Who let you in, do you want to die?"

Putong!

Feeling Nuliha's anger, the lieutenant trembled, knelt down quickly, and said in fear: "General, calm down, this subordinate didn't mean to break in, it's... Princess Yiyi is back..."

When he said this, the lieutenant was sweating profusely.

What? Princess Yiyi?

Hearing this, Nuliha's anger disappeared instantly, and his face became solemn. Princess Yiyi went to pay homage to her ancestors, but she came back so quickly. There are many people in the entire royal court supporting her, so she must find a way.
