

The ultimate husband in Chinese chapter 6496

Hearing the movement, both Yue Feng and Nie Hongxue's expressions changed. Almost at the same time, Nuliha came to mind.

This Nuliha is really daring, the plan to put the princess under house arrest during the day was seen through, and an assassin was dispatched at night...

"You..." In a

panic, Nie Hongxue gave Yue Feng a cold look: "Don't run! "As he spoke, he clenched his long sword and hurried to the bedroom.

Seeing her graceful back leave, Yue Feng was dumbfounded.

run?

I'm not an assassin, why should I run?

At this moment, Yue Feng was muttering in his heart. Hearing more and more shouts in the direction of the bedroom, there were obviously many people. He immediately stopped hesitating and left the room while rushing out.

To be honest, Princess Yiyi is so kind, Yue Feng really doesn't want to leave like this, but there is no way. At this time, her strength has not recovered, and she can't help at all.

Moreover, there are many guards around Princess Yiyi, and there is a master like Nie Hongxue, so there will be no problem.

...

At this moment, this side of the bedroom.

The moonlight was like water, and I saw a black figure standing quietly on the eaves of the bedroom. The man was tall and straight, dressed in black night clothes, with a black cloth covering his face. It has a strong aura.

This person is called Xing Tiance, and he is the assassin sent by Nuliha, but he has another identity, the commander of the Imperial Palace of Dayan.

A month ago, Ji Beiye's army smashed the imperial capital, burning and looting all the way to the palace. At that time, Xing Tiance led tens of thousands of forbidden troops and desperately resisted, but the disparity in strength between the two sides was too great, and they finally retreated.

At that time, tens of thousands of imperial troops fought their last soldier and one soldier, and Xing Tiance was also seriously injured. He finally jumped into the moat and committed suicide. Who knew that Xing Tiance would survive the disaster. He drifted in the river for three days and three nights, and was finally rescued by several mountain people.

After recovering his life, Xing Tiance inquired about the news of the imperial capital while recovering from his injuries. When he learned that the young emperor was missing, Xing Tiance was heartbroken. After learning that the young emperor had arrived in Qizhou City, he went immediately.

Who knows, when Xing Tiance rushed to the halfway, Qizhou City was already broken by Ji Beiye. The young emperor fled with King Shaoyang, and he did not know where he was.

At that time, Xing Tiance was anxious and a little confused at the same time, not knowing what to do.

Later, Xing Tiance discovered a group of Hu people who pretended to be mountain people to survey the mountains and rivers near Qizhou City, and quietly followed them all the way to the land of Hu people.

After Xing Tiance's investigation, he knew that Nuliha was drawing a topographic map in order to provoke a war between Hu and Dayan, so he was temporarily lurking in the royal court. At that time, there happened to be an assassin organization recruiting people. Xing Tiance made it easy to hide. Name, joined the Assassin Organization.

During the day, the organization received a single assassination mission, and the reward was generous, and the leader handed the mission to Xing Tiance.

Xing Tiance learned that he was going to assassinate the Hu people princess, and he didn't hesitate at that time. In his heart, the Hu people cooperated with Ji Beiye to break the imperial capital a month ago. Although he was not the culprit, he was also an accomplice. Killing their princess was just enough to blow the spirit of the Hu people. .

Xing Tiance thought about it, kill the princess tonight, then find an opportunity to assassinate Nuliha, find the topographic map drawn before, and then return to Dayan.

At this time, in the open space in front of the palace, there were already seven or eight bodies of bodyguards, all of which were killed by Xing Tiance.

In the surrounding area, more guards are constantly coming, filling the surroundings with water.

Swish!

At this moment, looking at Xing Tiance on the eaves, and the corpse of his companion lying on the ground, all the guards had fear in their eyes.

The strength of this assassin is very strong.

“Bold assassin!”

At this moment, a guard captain strode out, pointing a long knife at Xing Tiance, and shouted angrily: “Dare to break into the bedroom at night, hurry down and lead to death.”

Haha!

In the face of the anger, Xing Tiance chuckled lightly, his eyes full of contempt: “But a bunch of running dogs, eagle dogs, come up if you are not afraid of death.”

With that, Xing Tiance looked at the door of the palace: “Princess, your subordinates can’t stop me. , if you get to know each other, come out by yourself.”

He was originally the commander-in-chief of the forbidden army, and he acted very principled. Although he came to assassinate the princess tonight, it was after all his daughter’s boudoir. Considering the difference between men and women, Xing Tiance was inconvenienced to enter directly. When you go in, you want the princess to come out on her own.

Shasha... The

voice fell, and Princess Yiyi appeared at the door of the palace surrounded by several maids.

The swords were drawn and the murderous aura filled her eyes, but Princess Yiyi did not panic at all. She looked at Xing Tiance without fear, and said softly, “Why did you kill me? Are you sent by Nuliha?”

” He has a tenacious personality and is not afraid even when his life is threatened.

It ‘s so beautiful...

At this moment, when Xing Tiance saw Princess Yiyi’s delicate face, Xing Tiance was stunned for a while, and she was a little stunned for a while. It is indeed a well-deserved reputation.

After being stunned for a few seconds, Xing Tiance recovered and nodded in approval.

This princess is not only beautiful, but also very courageous.

In the face of danger, but not panic at all, it is really rare... It's

just a pity, she is the princess of the Hu people, and she is an alien to me. I have to kill her tonight.

“Very good!”

Sighing in his heart, Xing Tiance stared at Princess Yiyi closely and said, “The princess is already a dying person. It's pointless to ask so many questions. Just get ready to lead to death.”

Whoosh!

When the last word fell, Xing Tiance's figure flashed and went straight to Princess Yiyi.

Facing the situation, Princess Yiyi's face turned pale, and she wanted to turn around and enter the bedroom to avoid it, but her legs seemed to be filled with lead, and she couldn't walk.

“Bold assassin!”

Seeing this scene, the captain of the guard was so angry that he immediately roared and stood in front of Princess Yiyi, slashing at Xing Tiance with the long knife in his hand.

“A little captain, also trying to stop me?”

Xing Tiance's eyes were full of contempt, he spit out a few words coldly, and then urged his figure to avoid the sword, at the same time he pulled out the long sword with the other hand and waved a cold light, enveloped the captain.

“Ah...”

Before the captain could react, blood spurted out of his heart. With a scream, he fell to the ground, and he saw that his heart had been pierced directly, and he had died.

Hiss...

Seeing this scene, both Princess Yiyi and the surrounding guards couldn't help but gasp.

This... the strength of this assassin is so terrifying? He even killed the captain with one move...

“Come on, let’s go together!”

“Protect the princess.” The

next second, many guards reacted, shouting with courage, pulling out their long knives, and heading towards Xing Tiance in unison chop off.

The other guards also came to their senses one after another and swarmed up.

“Whoever stops me will die!”

In the face of this situation, Xing Tiance’s eyes were cold, he drew out his long sword and fought fiercely with the guards. It was seen that Xing Tiance was like a fierce tiger in the mountains, and the long sword in his hand was more like a dragon and a snake. Every time the long sword was swung, a guard must fall.

“Kill, come and support!”

“Kill the assassin, kill!”

However, more and more guards came, and Xing Tiance couldn’t finish killing him.

laugh...

For a time, Xing Tiance was in a hurry, his internal force was running, and the long sword burst out with a shock, and went straight to the crowd. This sword contained Xing Tiance’s nine-success power, and when he saw Jinghong passing by, the surrounding air was torn apart, and the power was amazing.

“Ah!”

Under the rampage of Jinghong, not many guards screamed and fell in a pool of blood. At least dozens of guards died on the spot.

Seeing this situation, the rest of the guards were extremely terrified, and they retreated subconsciously. This person’s strength was so terrifying. Under such circumstances, who would dare to come forward and die?

“Stop it!”

At this moment, a coquettish shout came, and then, a slender figure flew over, humming at the door of the palace, and his delicate face was covered with frost.

It was Nie Hongxue.

“Bold assassin, dare to break into the princess’s palace at night, and seek death!” Nie Hongxue stared at Xing Tiance and scolded angrily. At the same time, she was also secretly shocked when she saw the surrounding guards, dead and wounded.

This assassin is so powerful that he killed and injured so many guards.

You must know that the guards in the Golden Temple are not weak, and the lowest is the sixth rank, but this person in front of him not only killed and injured so many, but he was not injured at all.

“Another one!”

In the face of the scolding, Xing Tiance’s eyes were cold, and he said lightly: “I advise you not to die. My goal tonight is only the princess.”

The

words are full of disdain!

In Xing Tiance’s mind, the other party was just a woman, and he didn’t take it seriously at all.

Swish!

Feeling the contempt of the other party, Nie Hongxue was embarrassed and angry. At that time, she clenched her long sword and shouted softly, “Stop talking nonsense. With me here today, you can’t hurt the princess.” The

last word fell, and Nie Hongxue’s body was graceful and graceful. When he got up, the long sword stabbed straight at Xing Tiance.

“Sister Hongxue!”

Seeing this scene, Princess Yiyi couldn’t help but scream: “This assassin is very powerful, be careful.” When she spoke, Princess Yiyi’s eyes were full of worry.

She and Nie Hongxue were nominally masters and servants, but in her heart, she always regarded Nie Hongxue as her own sister. Seeing her taking the initiative to attack the assassin at this time, she was very worried.

“It’s beyond your own power!”

Xing Tiance smiled lightly, clenching his sword and attacking him.

clang!

In the next second, the long swords of the two sides collided, and a dull sound erupted, and then, the two of them were shaken back at the same time.

Obviously, neither side took advantage of this fight.

Um?

After stabilizing his figure, Xing Tiance was secretly shocked, his eyes fixed on Nie Hongxue, full of incredible writing.

I really did not expect that the strength of this female bodyguard was so strong that the sword just now was on par with myself.

“The thief, quickly capture it.”

At this moment, the moment Nie Hongxue stabilized her figure, her red lips lightly opened and she spit out a few words coldly.

Xing Tiance couldn't help laughing: “You want me to be captured? I'm afraid that you are not strong enough.” After the voice fell, Xing Tiance stepped forward and fought Nie Hongxue again.

Phew...

Seeing this, Princess Yiyi clenched her hands tightly, her palms were sweating, and her heart was even more sweaty for Nie Hongxue.

The other guards were also terrified.

I saw that the silhouettes of the two sides kept moving back and forth, and the long sword erupted and vibrated, but the two sides were evenly matched, and for a while, no one could do anything about the other.

...

the other side.

Yue Feng took advantage of the chaos to leave the palace, and when he went outside, he saw that the bustling street was deserted at this time, and many soldiers were patrolling back and forth.

It turned out that in order to prevent Princess Yiyi from investigating the truth, Nuliha specially ordered his subordinates to strictly prohibit the entire royal court, and after sunset, people were forbidden to go out.

Shit...

Seeing this, Yue Feng wanted to cry but had no tears.

I thought that if I left the palace, I would be completely free, but I didn't expect that there was no martial law in the entire royal court. Now there are soldiers patrolling everywhere, I am afraid it will be difficult to get out.

"Go, look ahead."

At this moment, the voices of patrolling soldiers came from the front, and then, dozens of soldiers came slowly.

Faced with this situation, Yue Feng quickly looked around, but found that the street behind him was empty and there was no place to hide.

At this time, Yue Feng didn't know that what he turned into was Nuliha's General's Mansion.

call...

After entering, Yue Feng frowned as he looked at the labyrinth-like courtyard in front of him.

This place is really big, forget it, since you are in, find a safe place first, and leave if you have a chance before dawn.

Muttering in his heart, Yue Feng took advantage of the darkness to carefully probe the general's mansion.

At this moment, in the wing of the backyard of the General's Mansion.

The queen was sitting in the room, her delicate face was full of misery. After being brought into the general's mansion, the queen was teased by Nuliha, knowing that her reputation was not guaranteed, and she attempted suicide several times.

However, Nuliha sent people to guard it strictly, and the queen failed several times by suicide.

It was impossible to ask for death, which made the queen very desperate.

Squeak...

At this moment, the door was gently pushed open, and then Nuriha walked in with a wicked smile.

At this time, Nuliha, with indescribable pride on his face, smiled at the queen: "Hey, my queen beauty, wait a long time, this general is afraid that you will be alone in the empty room, so I came to accompany you.

"You..." The

queen was embarrassed, her delicate face flushed red, and she shouted: "Get out, get out." This Nuriha is despicable, shameless, and very lecherous, and he must have no good intentions when he came late at night.

The ultimate husband in Chinese chapter 6499

Faced with the reprimands, Nuliha did not panic at all, but said with a smile: "The queen beauty has become a member of my house, and she still resists me so much?" After

saying that, Nuliha turned his head: "I have A piece of news, let me tell you first, Princess Yiyi has returned to the royal court."

Princess Yiyi?

Hearing this, the queen's delicate body trembled, and her delicate face couldn't hide her nervousness: "You... what did you do to her?" Although she and Princess Yiyi are not biological mothers and daughters, they have always treated Princess Yiyi. Treat yourself as yourself.

Now that the situation in the royal court has been completely controlled by Nuliha, Princess Yiyi has returned, and the result can be imagined.

"Hey!"

Seeing her nervous look, Nuliha smiled evilly, admiring the queen's graceful figure and responding, "She is a delicate princess, I am a minister, what can I do to her? But , This girl looks weak, but she has a strong mind, and she told me during the day that you must find out the truth."

When she said this, Nuliha secretly paid attention to the queen's reaction.

call!

At this moment, the queen breathed a sigh of relief and nodded in approval.

This girl, Yiyi, is really smart, and she didn't waste Wang Khan and herself loving her. She knew that something was wrong, but... she was weak, and even if she found out the truth, she probably wouldn't be Nuliha's opponent.

Afterwards, the queen thought of something and looked at Nuliha fiercely: "What do you want?"

Princess Yiyi is the daughter of Wang Khan and belongs to the orthodox royal family of the Qingyang clan. How could Nuliha want to seize power easily? Let go of her?

"Tsk tsk..."

Nuliha said with a smile: "The queen is a smart person, do you still need me to say something? To tell you the truth, the life and death of Princess Yiyi is under my control and within the queen's thoughts.

"If you follow me, I promise not to hurt Princess Yiyi, if you are still obsessed, then you can't blame me."

In Nuliha's heart, she believed that Princess Yiyi had been assassinated, but she couldn't say it, otherwise, The queen will resist.

Nuliha wanted it, and used Princess Yiyi to threaten the queen to submit, and enjoy the beauty of tenderness.

"Shameless!"

Hearing this, the queen's body trembled with anger.

I knew that Nuliha, a thief, would not be so kind.

While scolding, the queen was also worried that she couldn't tell. Princess Yiyi was still young, and she didn't know what to do now.

Swish!

Just when the queen was thinking about this, Nuliha couldn't wait, and pulled her into her arms, smiling evilly: "Do you still need to consider this kind of thing?"

"You..." The

queen was extremely ashamed and angry, As she struggled, she shouted: "You shameless thief, let me go." However, she is only a weak woman, how can she break free?

At this time, Nuliha was on the rise. The more the queen struggled, the more excited he became. At that time, he hugged the queen tightly and laughed: "Is it really shameless, the beauty will find out later, haha." The

last word Falling down, Nuliha slowly leaned up and was about to kiss the queen.

The queen couldn't break free, and scolded in a hurry: "You thief, you will not end well. Even if I die, I will not be arbitrarily humiliated by you."

Saying that, the queen's delicate face flashed a bit of determination, and she was about to bite her tongue and commit suicide.

Mad!

Seeing that she would rather die than give in, Nuliha was taken aback. At that time, she was quick-witted and quickly raised her hand to seal the queen's acupuncture point.

In an instant, the queen's delicate body trembled, unable to move.

That is, at this moment, outside the wing, a figure was slowly approaching.

It was Yue Feng.

The general's mansion was too big, and Yue Feng was not familiar with the terrain, so he could only wander around, and finally, by coincidence, he came to the backyard of the room where the queen was being held.

Um?

At this moment, when he heard the movement from the room in front, Yue Feng was stunned for a moment, then he lightly stepped and listened outside the window.

Hearing the movement inside soon, Yue Feng was shocked and angry.

It turned out to be the bastard Nuliha, who detained the queen in the open, but secretly brought the queen to his house. Mad, since I met you, wait and see how I treat you.

The ultimate husband in Chinese chapter 6500

At this time, in the wing.

"Zhenlie, right?"

After tapping the queen's acupuncture point, Nuliha first looked up and down for a moment, and then said coldly: "You would rather die than follow me, very good, I am Nuliha, even the strongest horse in the grassland. If you can surrender, you won't believe that you can't cure you, a woman." The

voice fell, and Nuliha took out an elixir from her body and stuffed it into the queen's mouth.

Gudong!

The queen's acupuncture point was taped, and she was powerless to fight. She swallowed it subconsciously at that time. At that time, she couldn't speak, so she could only stare at Nuliha hatefully.

At the same time, I was also terrified.

"Hey..."

At this time, Nuliha slowly came up and said slowly in the queen's ear: "Don't be afraid, what I give you is not poison, but a good thing that can make you happy, and the effect of the medicine will kick in after a while. , you will know."

After saying this, Nuliha sat next to him, looking at the queen with a smile, while waiting.

This bastard.

The queen is a smart person, and she instantly understood what the medicine pill she had just taken was. Tears kept streaming down under her grief and anger.

Why, why is God doing this to me?

Is it really hard to escape the clutches of Nuliha today?

Um?

At this moment, Yue Feng, who was hiding outside the window, couldn't help frowning secretly.

Why is there no movement in there?

Because the queen was tapped on acupuncture points, she couldn't speak, and Nuliha's words just now were very small, and Yue Feng's strength had not recovered, so naturally he didn't hear it, so he didn't know the situation.

Time passed by minute by minute.

After a while, the drug in the queen's body broke out, and her delicate face was instantly flushed red. At this time, the queen clearly felt that a fire seemed to rise in her body.

The fire made her feel hot and uncomfortable.

Haha...

Seeing this scene, Nuliha knew that the effect of the drug was on, and immediately smiled and hugged the queen directly: "Beauty, this feels good, don't panic, this general is here to help you, haha..."

Rebel, bastard...

At this moment, the queen can't move or speak, and can only let Nuliha come around. At that time, she was extremely angry and wished to die immediately.

Mad!

At the same time, Yue Feng, who was hiding outside, couldn't bear it any longer, and immediately scolded secretly, rushed into the room, slapped Nuliha's back with a palm, and cursed at the same time: "Shameless, Die."

Hearing the angry shouts behind him, Nuliha was taken aback, and when he saw it was Yue Feng, he was even more furious: "So it was you."

No wonder the soldiers below searched the entire royal court, but couldn't find this kid.

It turned out that he was hiding in his general's mansion.

At this time, Nuliha didn't know that Yue Feng escaped from the royal court last night, but met Princess Yiyi on the way, and by chance, she was brought back in the end.

"You bastard!" Yue Feng couldn't hide the contempt in his eyes: "If you commit the following crime, you still want to get your hands on the queen, this kind of outrageous person, everyone can kill him, go to death." The

last word fell, Yue Feng envoy Use all your strength and hit it with one palm.

Bang!

Although Yue Feng didn't regain his strength, his palm was very fast. At that time, Nuliha couldn't react at all. He was hit hard on the back by this palm. He groaned, took a few steps back, and finally fell to the ground. .

"Come on..."

Although this palm didn't seriously damage Nuliha, it also made his breath disordered. He immediately took a deep breath and shouted at the outside: "come, come quickly..."

Nima. ..

Yue Feng was also very annoyed. If he hadn't recovered his strength, this palm would have killed him. He heard footsteps outside, and without hesitation, he picked up the queen and rushed from the back window. go out.

Hiss, it's so hot.

The moment he picked up the queen, Yue Feng only felt that the hand was hot, and when he looked at the queen's face, it was also red, and the whole person was like a heating stove.

It's just that Yue Feng didn't have a chance to think about it at this time.

There was another wall outside the rear window. Yue Feng hugged the queen and climbed out onto the street.

"The general is injured."

"Quick, chase people!"

At this time, many of Nuliha's guards shouted from behind.

broken!

At this moment, Yue Feng was so anxious that the entire royal court was full of patrolling soldiers.
