

## The ultimate husband in Chinese chapter 6501

While anxious, Yue Feng clearly felt that the queen behind her was getting hotter and hotter, like it was on fire.

That's right, the queen was forcibly fed medicine by Nuliha just now, and the medicine pill had already started in her body.

oops!

However, Yue Feng didn't know what was going on. He thought that the queen was injured at this time, and immediately patted his forehead, then hid in the corner of the wall, put the queen down, and quickly relieved her acupuncture points.

"How are you?" Yue Feng couldn't help asking the moment he unlocked the acupoints.

At this time, the queen was very uncomfortable. Because of the attack of the medicine, the whole person was extremely weak, and she couldn't speak at all, so she nodded.

call!

Seeing that she was okay, Yue Feng breathed a sigh of relief, thinking of the current situation, and became anxious again: "Oops, there are chasing soldiers all around, and there is nowhere to hide."

Hearing this, the queen looked around and immediately lifted Raising her jade hand, she weakly said: "There is a fork in the road ahead, you can enter the Golden Palace..." As a queen, she was very familiar with the environment of the Wang Ting, and she immediately pointed the way for Yue Feng.

Great.

At this moment, Yue Feng was so excited that she almost forgot that this woman was the queen. She was familiar with the environment here, so was she afraid that she would not be able to leave?

Thinking that Yue Feng said to the queen, "Can the queen walk?"

"I..."

At this moment, the queen's body was hot, her whole body was limp, and she had no strength at all. Hearing Yue Feng's question, I'm even more embarrassed, I just said one word, and I can't go on.

Seeing this scene, Yue Feng was inconvenient to ask more questions, and immediately arrived: "That's offended!" The

voice fell, Yue Feng picked up the queen again, and quickly rushed in the direction indicated by the queen.

Soon, Yue Feng took the queen into the fork.

“Continue to move forward a hundred steps, and you will be outside the wall of the Golden Palace.” At this time, the queen said softly: “After arriving, under the third tree on the right, there is a hidden trap, open the trap and you can enter the secret passage to avoid “

Because she was hugged by Yue Feng, the queen was very shy, so when talking about this, she lowered her head and didn't dare to look at Yue Feng at all.

Secret passages?

Hearing this, Yue Feng was stunned.

At this time, the queen continued: “The secret way was originally built when the Golden Temple was built, and was reserved for future escapes. Only Wang Khan and I knew about the entire royal court.”

It turned out to be the case.

Yue Feng nodded suddenly, and without any hesitation, he carried the queen to the outside of the palace wall quickly, and then found the third tree on the right. Yue Feng groped for the mechanism and opened it immediately.

After

a while, I heard a slight vibration, and a hidden passage appeared under the palace wall. Yue Feng didn't have time to think about it, he hugged the queen and quickly got in, and then closed the entrance.

Wow...

just as the entrance to the secret passage was closed, I heard a group of chasing soldiers passing by quickly.

For a time, Yue Feng breathed a sigh of relief, and the heart that had been hanging all the time finally fell to the ground, Ma De was finally safe.

Afterwards, Yue Feng looked at the secret passage in front of him, and saw that the secret passage was dark and dark, and he did not know how long it was.

“You...”

At this moment, the queen said weakly: "Can you let me down first?" When she spoke, the queen was too shy to say that she was the queen, but was hugged by this man all the way. is outrageous.

However, this person was his benefactor after all, so the queen was just embarrassed and shy, not at all dissatisfied.

Uh...

Hearing this, Yue Feng reacted, and was very embarrassed at the time, and quickly put her down: "I'm rude, please don't blame the queen." After speaking, Yue Feng looked at the labyrinth-like secret passage in front of him, I pondered secretly in my heart.

Really unlucky today.

An hour ago, I just left the princess's bedroom, but I went around in a circle, and now I have returned to the secret passage under the bedroom.

Muttering in his heart, Yue Feng looked at the secret passage and asked, "Excuse me, Queen, can this secret passage lead to the outside of the royal court?"

However, at this time, the queen's body's medicinal power was completely attacked, and she had no strength to respond.

Yue Feng had to ask again, but at this moment, the queen couldn't help it at all, and let out a low moan.

## **The ultimate husband in Chinese chapter 6502**

Hearing this voice, Yue Feng immediately turned his head to look, and when he looked at it, he couldn't help but take a breath, and the whole person was dumbfounded.

I saw that the queen was curled up there, and the charming curves under the long skirt were looming. Sweaty all over. Her beautiful face was extremely red, her eyebrows were tightly locked, she seemed extremely painful, and she was indescribably charming.

Oops, this queen must have taken some medicine, no wonder her body was so hot before.

Yue Feng has been in the rivers and lakes for a long time, and he immediately understood something, and quickly stepped forward and said, "Queen, don't panic, I..."

Shuh!

However, before he finished speaking, the queen saw her eyes confused, and suddenly stretched out her jade arm and hugged Yue Feng tightly!

Yes, at this time, the queen's body's medicinal power has completely attacked, her mind is confused, and her whole person has completely lost her mind.

"Queen, calm down..."

Yue Feng only felt his brain buzzing when he was hugged all of a sudden, but he quickly reacted and spoke to dissuade the queen while trying to break free.

However, Yue Feng's strength did not recover. He attacked Nuliha just now, tried his best, and then fled with the queen all the way. At this time, he was almost exhausted. He was hugged by the queen and couldn't break free at all.

"Queen..."

For a while, Yue Feng couldn't help laughing and crying. He spoke again, trying to wake up the queen: "Don't be impulsive, be calm..."

But before he finished speaking, the queen suddenly came up and kissed her with red lips. Yue Feng!

At this time, the queen felt that her whole body was about to burn.

Pfft!

In the next second, without waiting for Yue Feng to continue to dissuade her, the queen completely lost her mind and rolled onto the secret road with Yue Feng in her arms.

"Queen..." Yue Feng was impatient and wanted to break free and get up, but at this time, the queen had torn his clothes...

At this time, the queen's face was flushed, her mind was blank, she bit her lip and sat slowly Down.

"Oh!"

whispered, constantly echoing in the secret passage.

.....

On the other side, outside the princess's bedroom.

The fierce battle between Nie Hongxue and Xing Tiance continued.

Dangdangdang...

I saw the figures of the two constantly shuttle back and forth, the sword burst into bursts of gold, and they fought dozens of rounds in a blink of an eye, but no one could do anything.

This...

seeing this scene, the guards around are also anxious.

Finally, a captain of the guards summoned his courage, pulled out a long knife, and attacked from behind. Xing Tiance's attention was all on Nie Hongxue, unable to dodge at all, and was severely slashed on the shoulder by the knife.

"Pfft..."

In an instant, the blood donation sprayed out, Xing Tiance endured the pain and glared at the captain of the guards: "The rat dares to attack from behind, courting death!" After the

voice fell, Xing Tiance slapped lightning and hit the captain's heart.

The captain of the guard let out a miserable howl, and was directly sent flying by the shock, flying dozens of meters away, and finally hit the column outside the palace and slipped softly.

This palm directly shattered all his ribs and shattered his heart, but the moment he was about to die, the captain of the guard did not forget to shout: "He is already injured, don't be afraid, let's help Guard Nie kill him together.

" kill..."

Seeing the captain's tragic death, the surrounding guards were all shocked. After hearing his words, they all gathered up their courage, let out a howl, and rushed up.

Mad!

Faced with this situation, Xing Tiance was furious. He waved his long sword and shouted: "If you don't want to die, come here." When the words

fell, Xing Tiance's long sword drew a lot of cold light and stabbed several guards. .

"Pfft, puff!"

However, while stabbing several guards, Xing Tiance also had several stab wounds.

That is to say, Nie Hongxue found an opportunity, raised her jade hand, and slapped Xing Tiance's back with a palm.

Bang!

Hearing a dull sound, Xing Tiance staggered back, his face turned pale, and he couldn't hide his weakness.

Seeing that there were more and more guards around, Xing Tiance knew that today's assassination must have failed, and immediately looked at Princess Yiyi in the bedroom unwillingly, waving the long sword frantically, and a sword shadow burst out.

At the moment when several sword shadows condensed out, the surrounding air was suddenly torn apart, and the power was extremely powerful.

Whoosh!

Taking this opportunity, Xing Tiance rose into the sky and headed towards the night sky in the distance.

## **The ultimate husband in Chinese chapter 6503**

"Want to run?" Nie Hongxue snorted softly, clenched the long sword tightly, and chased after him. In the blink of an eye, the two figures disappeared into the vast darkness.

....

on the other side, in the secret passage.

I don't know how long it took, the medicinal power in the queen finally dissipated, she fell softly to the side, and fell asleep.

Yue Feng sat next to him, his mood was indescribably complicated.

Alas, I was thinking of leaving here, but somehow I had a relationship with the queen...

While feeling depressed in my heart, Yue Feng suddenly felt a killing intent coming from the side!

"You..." I

saw that the queen did not know when she woke up. At this time, there was still a trace of blush on Jumei's face, and her eyes were fixed on Yue Feng, with endless shame and killing intent.

Feeling the queen's gaze, Yue Feng was startled, but soon calmed down.

What happened just now was the initiative of the queen, why are you panicking?

“You thief, you...”

Finally, the queen bit her lip tightly, her eyes full of shame and anger, and said coldly: “You ruin my innocence, I, I will kill you!”

At this time, the queen said in her heart The resentment that did not come out, I thought I had escaped from Nuliha’s clutches, but I didn’t expect to be defiled by this strange man in the end.

Her own dignified queen of the Hu people loses her chastity like this, which is even more uncomfortable than killing her!

“Queen...”

Feeling the queen’s anger, Yue Feng smiled bitterly, and said slowly: “Have you forgotten that you took the initiative to take the drug in your body just now. I even discouraged you at the time, but you didn’t listen at all.”

“Besides, I rescued you from Nuliha before, which can be regarded as saving your life. If you want to kill me now, are you revenge for your kindness?”

When he spoke, Yue Feng couldn’t help looking up and down at the queen. Secretly admire.

I have to say that this queen is worthy of being Wang Khan’s woman, she is really superb, her figure and appearance are perfect.

“You...”

Hearing this, the queen was very angry, but she had nothing to refute.

Because what Yue Feng said was right, the situation just now was indeed his own initiative...

It’s just that Wang Khan’s body was not cold, but he couldn’t keep his chastity, and now Wang Ting is tightly controlled by Nuliha, how can he be a woman? Turn things around? Better to die.

Thinking about it, the queen’s face showed a bit of determination, and then she thought about hitting the stone wall next to her.

Shit...

Seeing this situation, Yue Feng was taken aback, and quickly grabbed the queen and stopped him: "How could the queen commit suicide like this?" Yue Feng was very emotional when he spoke.

Unexpectedly, this queen seems to be weak, but her character is so strong.

"You..." The

Queen was ashamed and angry, struggling as she said, "Let me go, I am innocent and humiliated by you, and it is meaningless to live." As she spoke, tears could not help flowing down.

well!

Hearing this, Yue Feng's mood became complicated, he sighed secretly, and comforted: "The queen is really going to die, can you think about Princess Yiyi, she just returned to the bedroom, and she was assassinated."

"You are dead, do you want her? Facing a wealthy wolf like Nuliha alone?"

Yiyi...

Hearing this, the queen shuddered and calmed down instantly, yes, she died, what should Yiyi do? Although she is not her own, she is undoubtedly her own.

The next second, the queen looked closely at Yue Feng: "Isn't Yiyi being controlled by Nuliha? Also, how do you know she was assassinated?"

When asked, the queen's eyes were full of urgency.

call!

Yue Feng breathed a sigh of relief and said slowly: "To be honest, I escaped from the princess's bedroom before." After speaking, Yue Feng explained how he was caught by Nuliha, how he took him to the Hu people, and The experience of the past few days is described in detail.

Speaking of which, Yue Feng wanted to hide it, but he had tarnished the queen's chastity just now. Although it was an unintentional loss, she felt a little guilty. More importantly, now that Princess Yiyi is alone, she can continue to help the queen.

"That's it... That bastard Nuliha actually lied to me and said that he has controlled Yiyi." Knowing the situation, the queen was very angry, and then looked at Yue Feng in a complicated way: "I didn't expect that you were also under Nuliha. Caught."

Yue Feng nodded and asked, "Since this secret road leads to the inside of the Golden Palace, it should also be connected to the outside of the royal court. Please also ask the queen to show me a way and let me leave."

Call!

At this moment, the queen bit her lip lightly, hesitated for a moment in her heart, and said, "Okay." After that, she said the way to Wang Tingwai.

"Thank you Queen!" Yue Feng was grateful.

The queen's delicate face did not fluctuate at all, and she said lightly: "I hope you can keep your mouth shut about what happened just now. If you let me know that you are spreading the word outside, I will definitely send someone to hunt you down to the ends of the earth."

Uh... Hearing this ,

Yue Feng was stunned for a moment, and then smiled bitterly: "Queen, don't worry, what happened just now, I must be rotten in my stomach." This queen is really interesting, her life is almost impossible to save, and she has been struggling with her chastity.

But I have to say that such a woman is also worthy of admiration.

Afterwards, Yue Feng said goodbye to the queen, and walked along the secret road in the direction of Wang Tingwai.

Phew...

After ten minutes, Yue Feng finally walked out of the secret passage and saw the hillside behind Wang Ting. He immediately took a deep breath, Nima, he finally came out.

With emotion, Yue Feng recognized the surrounding area and walked towards the Dayan Dynasty.

Swish...

Just after walking a few hundred meters, Yue Feng heard two breath fluctuations coming from behind him, and then he saw two figures coming quickly one after the other.

What the hell, why is this woman?

Through the moonlight, Yue Feng could clearly see that there were two people, a man and a woman.

The woman had a graceful figure, it was Nie Hongxue, while the man was dressed in black and had a strong aura. It was Xing Tiance.

Swish!

After taking a look at Nie Hongxue, Yue Feng's eyes fell on Xing Tiance, and he murmured to himself, could this man be the assassin who killed the princess?

Just when Yue Feng was thinking about it, Xing Tiance and Nie Hongxue landed in the woods and looked at each other coldly.

Seeing this, Yue Feng quickly hid behind the tree and quietly observed.

At this time, Xing Tiance looked at Nie Hongxue with cold eyes and said, "Who are you a princess? Are you chasing closely all the way, aren't you afraid of death?" When he spoke, Xing Tiance was very angry.

I thought I could successfully assassinate the princess tonight, but I didn't expect that if I failed, I was chased by a woman, which really embarrassed the commander of the Imperial Army.

call!

Faced with the questioning, Nie Hongxue breathed a sigh of relief, her delicate face was full of frost: "I'm just a personal bodyguard by the princess' side. You assassinated the princess, and you are daring, and I vow to arrest you." The

voice was soft and sweet, but there was no doubt about it.

"Haha..."

Hearing this, Xing Tiance couldn't help laughing up to the sky: "A female classmate dares to arrest me, okay, I want to see how capable you are as a bodyguard. "

Speaking, Xing Tiance stood proudly, his eyes full of contempt: "You are a woman, I will let you move first."

At this time, Xing Tiance looked arrogant on the surface, but his eyes flashed with complexity. He was besieged by guards in the bedroom just now. , There were several stab wounds on his body, and he was still bleeding at this time.

In this case, Xing Tiance's strength is not as good as before, and he is no longer Nie Hongxue's opponent in fighting alone. At this time, he is pretending to be cold and

arrogant, just to provoke Nie Hongxue. You must know that a master duel is the most taboo to be impatient. There will be flaws.

Swish!

Nie Hongxue was young after all. Feeling Xing Tiance's cold and arrogant body, her tender body trembled: "Bold thief, you have already reached the end of the road, and you still dare to speak up." When the

voice fell, Nie Hongxue rose up, and the long sword came straight to Xing Tiance's heart.

"Good job!"

Seeing Nie Hongxue attacking, Xing Tiance shouted, and immediately drew out his long sword and fought fiercely with her, but he only defended and did not attack.

Seeing this scene, Yue Feng, who was hiding behind the tree, couldn't help frowning secretly.

This assassin only defended and did not attack, and deliberately provoked, fearing that there was a conspiracy, and Nie Hongxue was so young and inexperienced in the arena, he would definitely suffer in the future.

Dangdangdang...

In the blink of an eye, the two sides fought fiercely for several rounds. Xing Tiance saw that Nie Hongxue's moves were getting more and more fierce, and knowing that the time was almost up, he deliberately revealed a flaw.

"Death!"

Nie Hongxue was eager to catch the assassin, so that she could go back to see the princess quickly. Naturally, she would not miss the opportunity at this time. At that time, she snorted and stabbed the long sword towards him quickly.

Broken

!

Seeing this scene, Yue Feng was secretly startled. Nie Hongxue was eager for quick success. He was afraid that he wanted to get the other party's way. At that time, he wanted to remind him, but it was too late.

“Hehe...” At this moment, Xing Tiance smiled coldly, quickly avoiding Nie Hongxue’s sword, then quickly circled behind her, quickly raised his hand, and sealed Nie Hongxue’s acupuncture point.

In an instant, Nie Hongxue’s delicate body trembled, unable to move at all.

“You...”

Nie Hongxue was shocked and angry, staring at Xing Tiancejiao and shouting:  
“Shameless...”

Nie Hongxue was very angry at this time, she never thought that the assassin in front of her was so cunning, and the flaw just now turned out to be so cunning. It is a false move, a technique to lure the enemy.

Xing Tiance smiled coldly and looked at Nie Hongxue up and down: “Shameless? Although you are not weak, you are inexperienced in the arena. You must know that soldiers are not afraid of deceit.”

Hearing this, Nie Hongxue was very angry, but she was speechless to refute. After all, it was indeed too light of the enemy just now that he was restrained by the opponent.

well!

Seeing this purity, Yue Feng couldn’t help sighing and shook his head. Yue

Feng sighed very low all his life, but Xing Tiance could still hear it clearly. He turned his head quickly, looked the tree where Yue Feng was hiding, and shouted angrily, “Who?

“

, I didn’t have time to think about it, I turned around and ran. At this time, the strength has not recovered, and it is not Xing Tiance’s opponent at all.

“Run?” Xing Tiance snorted coldly, his figure erupted and quickly chased after him.

anyone?

At this moment, Nie Hongxue was also stunned, but the night was dark, and only the blurred figure of Yue Feng could be seen.

Swish!

In less than ten seconds, Xing Tiance came first and intercepted in front of Yue Feng. At that time, when the lightning shot, he had to click on Yue Feng’s acupoint. However,

Yue Feng was the body of the Xuansheng, and he was protected by the red lotus of the law. Xing Tiance The acupuncture technique has no effect at all.

Um? This guy is a little weird.

In an instant, Xing Tiance murmured in his heart, this person has no strength at all, but he can't seal his hole? Incredible.

Thinking to himself, Xing Tiance pulled out his long sword, put it directly on Yue Feng's neck, and said coldly, "Who are you? Why are you hiding behind a tree? Hurry up and tell the truth, or you will be cut off.

" Impulsive."

Feeling the coldness of the sword on his neck, Yue Feng didn't panic at all, but he waved his hand quickly and said, "I just passed by, no malice." As

he said that, Yue Feng quickly turned his head and thought about countermeasures.

How to do? This assassin is very strong, and he has not recovered his strength, so he can't beat it at all.

passing by?

Hearing this answer, Xing Tiance sneered: "In the middle of the night, what are you doing alone in this desolate wilderness? Do you think I'm a three-year-old child, so easy to deceive?" As the

voice fell, Xing Tiance swung his long sword and was about to cut it off.

Yue Feng instinctively wanted to dodge, but something fell from his body.

Um?

Seeing that thing, Xing Tiance was stunned for a moment, then put away his long sword and looked at Yue Feng with a burning gaze: "Who are you?"

With that said, Xing Tiance picked up the things and continued to ask, "Where did you come from this jade ring?"

When asked, Xing Tiance's eyes flickered and he tried his best to restrain the excitement in his heart. It can be seen that the jade ring that fell out of Yue Feng's body is a royal thing.

There are dragon and phoenix figures on the jade ring, and the carvings are exquisite, which is not something ordinary people can have.

Um?

Seeing that Xing Tiance was so excited, Yue Feng frowned and thought. Like Nie Hongxue, this person did not use the long sword of the Hu people, but a long sword. Now that he knows this jade, could it be the royal family of Dayan?

Thinking to himself, Yue Feng decided to take a gamble and said lightly: "This is my thing."

"Yours?"

Hearing this, Xing Tiance sneered: "I think you are courting death, this is the thing of the palace, how can it be? Is it owned by someone like you? How dare you tell me your name?"

Yue Feng took a deep breath and responded, "My name is Yue Feng, and this jade ring was given to me by the little emperor."

Yue Feng? little emperor?

At this moment, Xing Tiance's expression froze for a moment, and then he thought of something, looked at Yue Feng closely, and was very shocked: "What did you say? You... Your name is Yue Feng?"
