

The ultimate husband in Chinese chapter 6506

When saying this, Xing Tiance concealed his inner shock.

Back then, when Xing Tiance followed the little emperor's whereabouts all the way to Qizhou City, he heard someone say that Ji Beiye's army had been blocked by a mysterious man named Yue Feng in the first two attacks.

Not only that, when the little emperor escaped from the imperial capital and went to Xuangu Pass, this person named Yue Feng escorted him all the way.

According to rumors, this man named Yue Feng is not only powerful, but also a god. Because of that defeat, Ji Beiye and Nuliha had a gap, and finally the two sides parted ways.

When he heard this, Xing Tiance had incomparable admiration and admiration for this 'Yue Feng' in his heart, but he never thought that he would meet this master here at this time.

"Not bad!"

Feeling Xing Tiance's surprise, Yue Feng nodded and said, "I am Yue Feng!"

At the same time as he answered, Yue Feng also muttered to himself, this person was so shocked when he heard my name, could it be... . Does he know me?

"You..."

Xing Tiance was inexplicably excited when he heard the answer, but he still asked cautiously, "The one who helped King Shaoyang and destroyed Ji Beiye's army?"

Huh!

Yue Feng breathed a sigh of relief, and smiled very humbly: "At that time, it was just a gesture of effort, nothing to worry about." At

this moment, Xing Tiance no longer doubted, and immediately bowed deeply to Yue Feng, unable to hide his excitement: "It really is Mr. Yue, I have offended a lot just now, and I hope to forgive him." At this time, Xing Tiance

no longer doubted Yue Feng's identity. After all, that jade ring is something of the royal family, it cannot be faked.

He is loyal to the royal family. Yue Feng has protected the little emperor all the way before, and he is a great benefactor to him.

Uh...

Now it's Yue Feng's turn to be stunned, he quickly waved his hand and said, "Your Excellency is too polite, dare to ask who is Your Excellency?" When he spoke, Yue Feng had already guessed that the assassin in front of him might be related to the Dayan royal family. , Just the specific identity, I can't guess for a while.

"Hey! I'm ashamed to say it!"

At this moment, Xing Tiance sighed and lowered his head with a wry smile: "To tell the truth from Mr. Yue, my name is Xing Tiance, and I am the commander-in-chief of the Imperial Palace of the Dayan Dynasty."

"When the traitor Ji Beiye led the army to attack the imperial capital, I led my subordinates to resist desperately, but they were outnumbered. My subordinates died and were injured, and I was seriously injured. Finally, I fell into the moat. Fortunately, the heavens protected me. After arriving at Qizhou City, I followed him all the way, but Qizhou City was attacked by Ji Beiye..."

When he said this, Xing Tiance looked ashamed.

What?

Hearing about the situation, Yue Feng was also secretly surprised. He had only been gone for a few days before Qizhou City was breached? Didn't the Shaoyang King pass down several methods of defeating the enemy at that time?

Thinking to himself, Yue Feng couldn't help but ask, "How did Qizhou City get breached?"

Speaking of which, Yue Feng doesn't belong here, and he doesn't want to participate too much in the war here. He just shared weal and woe with the little emperor before, which can be regarded as a weal and woe. It was done, and King Shaoyang was also a wise man. Under such circumstances, Yue Feng could not help but ask when he learned that Qizhou City had been destroyed.

call!

In the face of Yue Feng's inquiry, Xing Tiance sighed lightly, thought for a while, and said politely: "I hadn't arrived at Qizhou City at that time, and I don't know the specific situation, but I just heard that Ji Beiye lacked the help of the Hu people. , failed several times."

"Afterwards, Ji Beiye invited a mysterious man. The mysterious man was very powerful. He cracked King Shaoyang's formation in an understatement..."

Mysterious man?

Hearing this, Yue Feng was shocked, and the figure of the God King Haotian suddenly appeared in his mind.

On this continent, there are very few formations that I passed on to King Shaoyang, and it seems that it should be Haotian.

“Mr. Yue!”

At this moment, Xing Tiance saw that Yue Feng’s expression was different, and couldn’t help but ask, “Do you know that mysterious person, sir?”

Yue Feng nodded, with a complicated tone: “I know!”

Xing Tiance suddenly became interested , continued to ask, “Where did that person come from?”

The ultimate husband in Chinese chapter 6507

Haha...

Seeing Xing Tiance’s eager face, Yue Feng smiled bitterly, shook his head and said, “The other party’s origin is far beyond your imagination, and you can’t tell for a while.”

The origin of himself and Haotian God King, It’s too shocking, it’s better not to say it.

Xing Tiance is a smart person, so it is not easy to ask questions after seeing Yue Feng say so.

“That’s right!”

At this moment, Yue Feng thought of something, and asked Xing Tiance, “Since you are looking for the little emperor, why did you come to the place of the barbarians?”

Huh!

Xing Tiance took a deep breath, his expression became solemn, and slowly said: “Mr. Dissatisfaction, when I learned that Qizhou City was broken, I decided to follow the whereabouts of His Majesty and King Shaoyang, but on the way I met a group of Hu soldiers disguised as mountain people. “

And it was the Hu people’s general Nuliha who led these soldiers. I saw them sneaking, so I followed them secretly all the way, and finally learned that they were surveying the terrain around Qizhou City, so as to prepare for the next invasion. Prepare.”

“As the commander-in-chief of the Imperial Guard, how can I let them succeed? In the end, I followed them all the way and came to the land of the barbarians.”

When talking about this, Xing Tiance smiled bitterly: “After that, I tried several times to sneak into the general’s mansion. I stole the blueprints, but the General’s Mansion is heavily guarded, and my strength has not fully recovered, so I had to hide for the time being.”

“Later, a killer organization secretly recruited people here. In order to hide my identity, I made a petition to join in. Yesterday The organization received an order to assassinate the Hu Ren princess, so they sent me here.” That’s

it!

Hearing this, Yue Feng suddenly nodded, and at the same time nodded in approval.

This Xing Tiance is loyal and admirable.

“Alas!”

Just as Yue Feng was sighing, Xing Tiance sighed softly and said in a bitter tone, “I wanted to kill the princess, after causing civil strife among the Hu people, I would find an opportunity to slaughter Nanuliha, and then summon the blueprint. When I left, I never thought that the female bodyguard beside the princess was not weak, which caused me to fail in the assassination.”

“But it’s okay, this female bodyguard is powerful, but she is inexperienced in the rivers and lakes, and finally fell into my hands.”

When he finished the last sentence, Xing Tiance was very angry.

Although he succeeded in subduing Nie Hongxue, he failed to assassinate the princess. After all, tonight’s action was a failure.

Um!

Yue Feng nodded silently, then looked at Xing Tiance and said: “Nuliha is sinister and despicable, everyone will kill him, it makes sense for you to kill him, but the princess of the Hu people, you don’t know each other, you are just to organize the task Assassination seems a bit inappropriate.”

When he said this, Yue Feng’s mind came to the appearance of Princess Yiyi, who was young and moving, and treated people with kindness. If he was really assassinated, it would be a pity.

Moreover, before on the grassland, she and I didn't know each other, but she cared all the way, and even brought a doctor to heal her injuries.

Swish!

Hearing Yue Feng's doubts, Xing Tiance suddenly became excited: "The Hu people and Ji Beiye are in a tangle, attacking the imperial capital, causing His Majesty to be displaced, this is a savage thief, if I kill that princess, it will definitely set back the spirit of the Hu people, what's the matter? No?" The

last word fell, Xing Tiance's eyes were full of determination.

Hehe...

Seeing the impassioned expression on his face, Yue Feng couldn't help laughing, shook his head and said, "Commander Xing, I admire your loyalty to protect the country, but you are too paranoid, Nuliha led the army to cooperate with Ji Beiye It's really hateful, but no matter what kind of people there are, there are bad people and good people."

"Then I know a little bit about Princess Yiyi. She is a virtuous person and has a good heart. If you assassinate her, it would be unjust."

Hearing these words, Xing Tiance was stunned: "Ah?"

Yue Feng showed a smile, then Speaking out about his experience, at the end of the story, Yue Feng said with emotion: "I wanted to escape from here at that time, but I didn't know that I met this kind-hearted Princess Yiyi, once she cared for me so much, she even brought me in. Bedroom, please come to the doctor for treatment..."

Phew!

Knowing this, Xing Tiance was silent for a moment, and finally said ashamed: "In this way, I am reckless." After speaking

, Xing Tiance clenched his fists and said fiercely: "That Nuliha is really abominable, he even tried to capture Mr. If you get the master's formation technique, if you don't get rid of this thief, it will definitely become a big problem for my day-yan's confidant."

The ultimate husband in Chinese chapter 6508

When speaking, Xing Tiance was full of resentment.

Yue Feng nodded in agreement: "Of course you have to get rid of a scum like Nuliha. It is impossible to deal with the entire Hu people by your own strength. The best way is to suppress the Hu people once and for all. "

Using the Hu people to suppress the Hu people?

At this moment, Xing Tiance looked confused and stared at Yue Feng: "Mr. Yue, what do you mean by this?" Huh

!

Yue Feng breathed a sigh of relief and said with a smile: "Now the King of Hu Ren has died suddenly, and the dragons have no leader. Although Nuliha has temporarily taken control of the power, I believe that there will be many people below who will not accept him, so it is impossible for him to inherit the throne. "

And this Princess Yiyi is smart, virtuous, kind-hearted, and the orthodox heir to the throne. If she becomes the queen, the Hu people and your Dayan Dynasty will definitely be able to live in peace and share peace." That

's right!

Hearing these words, Xing Tiance was like seeing the sun in the clouds, and he suddenly became enlightened. He immediately patted his thigh and nodded in approval: "Sir, you are really insightful, think about it carefully."

After speaking, Xing Tiance said with emotion: "It seems that tonight's assassination failed, Not only is it not a bad thing, but it is a good thing. Fortunately, there is Mr. advice, otherwise, Xing Tiance would have caused a big disaster."

Yue Feng showed a smile: "It's not too late to understand now."

Hmm!

Xing Tiance nodded and said impatiently: "Sir, since that's the case, let's return to the royal court together and work together to deal with that Nuliha."

Yue Feng thought about it and said, "Nuliha will naturally have to deal with it, but it is more important. , is to help Princess Yiyi take the queen's seat."

"Okay!"

Xing Tiance responded and looked behind him: "The female bodyguard was blocked by me. I will untie it for her now and explain the situation." He was about to walk over.

However, at this time, Yue Feng hurriedly stopped and said: "Don't be busy, you just assassinated the princess, and now you have reconciled, the other party will definitely not believe it, otherwise, you should go back and cultivate for a while, I will take this female bodyguard back to the palace, and wait for you to regain your strength. Let's get in touch later."

Seriously, Yue Feng wanted to leave.

But thinking that Princess Yiyi was so good to him before, and now that she is in danger, Yue Feng just left, which is really against the way of chivalry. What's more, with Xing Tiance's help now, the odds of winning are a little better.

"Okay!"

Xing Tiance thought for a while, and finally nodded: "Then sir, be careful." He said goodbye to Yue Feng, then turned around and left.

call!

Watching Xing Tiance's figure go away, Yue Feng took a deep breath, then turned around and walked towards Nie Hongxue.

At this time, Nie Hongxue was still unable to move in the woods because of the acupuncture point. However, her delicate face could not hide the anxiety, and she looked around vigilantly.

strangeness.

Who was the assassin chasing? Haven't been back for so long?

Muttering in her heart, Nie Hongxue tried to open the acupuncture point, but she was severely injured by Xing Tiance before, and her whole body was so weak that she couldn't open it at all.

Shasha...

Just when Nie Hongxue was secretly anxious, she heard footsteps coming from the front, and her heart suddenly trembled, thinking that Xing Tiance had returned, and the real person instantly became vigilant.

The next second, seeing that it was Yue Feng, Nie Hongxue was stunned.

How is this person?

"Haha..."

Seeing Nie Hongxue's expression, Yue Feng couldn't help laughing, and teased, "Did Nie Guard not expect it?" As he spoke, Yue Feng approached slowly and looked at Nie Hongxue up and down.

This woman has been suspicious of me since the grassland, and she even attacked me in the bedroom before, but now it is not bad to let her suffer.

“You...”

At this moment, Nie Hongxue reacted and frowned, “Why are you here?”

“You can be here, why can’t I be here?” Yue Feng said with a smile.

Feeling the irony in Yue Feng’s tone, Nie Hongxue was inexplicably angry and said coldly, “Don’t laugh at me, you haven’t told me yet, who are you?”

Phew!

Yue Feng took a deep breath and said slowly: “At this time, I will not hide it from you, I am a friend of the royal family of Dayan, and I had helped the King of Shaoyang resist Ji Beiye’s army before. Ha got it here.”

The ultimate husband in Chinese chapter 6509

Since she wants to help Princess Yiyi, she has nothing to hide. Of course, her true identity cannot be said at all.

What?

Hearing this, Nie Hongxue was stunned for a moment, then recovered and said with a sneer, “You helped King Shaoyang fight against Ji Beiye? I think you are really outspoken.”

Although Nie Hongxue was far away from the Hu people, she was in Qizhou a few days ago I have also heard about the battle of the city. It is said that the King of Shaoyang, with the help of experts, repelled several attacks by Ji Beiye.

And the Yue Feng in front of him actually said that he was the master? Simply ridiculous.

How could the guest of the King of Shaoyang come to the Hu people? Moreover, since he is an expert, how could he be captured by Nuliha?

“Alas!”

Seeing that she didn’t believe it, Yue Feng smiled bitterly: “Whether you believe it or not, in short, I have said what I have to say.”

Nie Hongxue’s eyes flickered: “Okay, since you claim to be that expert, follow up with you. What’s the purpose of me saying this?”

Yue Feng scratched his head and said seriously, “Help Princess Yiyi and seize the throne.”

Huh?

At this moment, Nie Hongxue's delicate body was shocked, and she looked at Yue Feng with a bit of surprise.

I heard right, he wants to help Princess Yiyi?

Ten seconds later, Nie Hongxue reacted, her delicate face was full of disbelief: "Do you think I'm a three-year-old child? Since you are the guest of King Shaoyang, you are hostile to the Hu people, and you are saying now, to help Yiyi Princess? Think I'll believe it?"

After speaking, Nie Hongxue thought of something and asked, "That assassin just went after you?"

"Yes!"

Yue Feng nodded, his head turned quickly, and he responded: "I saw that you were in danger, so I tried to lure the assassin away. Don't worry, the assassin has been led away by me and will not come back in a short time.

", Yue Feng raised his hand and untied Nie Hongxue's acupuncture point.

He said everything he should have said, and helped her unravel the acupuncture points, which was a sign of sincerity, and it was up to him to believe it or not.

call!

After the acupoints were untied, Nie Hongxue moved while looking at Yue Feng in confusion.

Is what this man said true?

Otherwise, why would he help with the acupoints?

No, this person is too cunning. If he really helped, why did he refuse to reveal his identity before? There must be fraud in this.

Thinking of this, Nie Hongxue looked at Yue Feng with bright eyes: "Honestly speaking, did Nuliha send you to say something to help the princess, in fact, the purpose is to gain our trust?"

Uh...

hear this . , Yue Feng can't laugh or cry, this woman is too suspicious.

Thinking to himself, Yue Feng said helplessly: "If I was really sent by Nuliha, would I still give you acupuncture treatment just now? Your imagination is so rich."

Nie Hongxue frowned, wanting to respond, but suddenly raised her eyebrows. It was tightly locked, and a bit of pain appeared between the brows. She was hurt by Xing Tiance just now. Although she didn't worry about her life, her body's breath was disturbed and it was very uncomfortable.

"Forget it!"

Seeing this scene, Yue Feng said slowly: "Wait, I will help you heal."

Help me heal?

Hearing this, Nie Hongxue was stunned for a moment, and then said disdainfully, "Stop bragging, my injury cannot be cured by ordinary means of healing."

Still don't believe me?

Seeing her refusing appearance, Yue Feng secretly laughed, sighed secretly, and said slowly: "You have been injured in your heart, with your strength, it will take at least three days to recover by yourself, but there is a panacea. If you recuperate, you can recover at most in half an hour." The

voice fell, and Yue Feng took out an elixir from his body, and the elixir exuded a fragrance that was refreshing.

"Just right!" Yue Feng said with a smile: "I just have one on my body, but, if you don't believe me, it seems that you don't need to give it to you."

Shuh!

Seeing the medicinal pill in Yue Feng's hand, Nie Hongxue's delicate body trembled, and she suddenly became excited.

There is a real magic in this man.

Thinking to herself, Nie Hongxue almost blurted out: "Give it to me quickly." The princess was in the bedroom, and she didn't know what was going on. She had to recover her strength as soon as possible and rush back. Therefore, this medicine pill is very important.

The ultimate husband in Chinese chapter 6510

"Gudong!"

Seeing her desperate look, Yue Feng showed a smile and swallowed the medicinal pill directly.

Seeing this scene, Nie Hongxue became anxious and angry: "You..." This man was too shameless, he said he wanted an antidote, but ate it himself.

Just after saying one word, Yue Feng interrupted: "You don't believe me, but you still want my medicine pill. Isn't this contradicting yourself?"

Phew!

Hearing this, Nie Hongxue bit her lip tightly and whispered, "Okay, I believe you! Quickly give me the pill." In her heart, she thought that there was more than one pill for Yue Feng.

To be honest, she didn't want to be soft on Yue Feng, but in order to go back to protect the princess as soon as possible, she had to temporarily let go of her pride.

Haha....

Seeing that she finally compromised, Yue Feng showed a smile and said slowly: "Okay, I can give you the medicine pill. It's just... you almost killed me in the palace before, I just escaped from the palace all the way. My back is sore and my legs are sore, I'm exhausted, if you can help me squeeze my shoulders and beat my back, that would be great!"

That night, Yue Fengdong was hiding in Tibet and was really exhausted, and it was all Nie Hongxue, not her. Yue Feng would not be so embarrassed if he tried to force Yue Feng, so letting her beat her back and rub her shoulders was considered a small punishment.

Swish!

Hearing this, Nie Hongxue's delicate face suddenly flushed red, and she was a little embarrassed at the time: "You...you are bold!" After all,

he was the personal bodyguard by the princess' side, and he was different from his men and women, but this Yue Feng wanted to give He beat his back and rubbed his shoulders.

"Oh, that's fine..."

Feeling Nie Hongxue's shame and anger, Yue Feng didn't panic at all, he smiled and said, "Since you don't want to, and I'm not reluctant, then you can slowly cultivate and recover by yourself."

With that said, Yue Feng leaned against the tree beside him and pretended to close his eyes to rest.

This man is so shameless.

Faced with this situation, Nie Hongxue stomped her feet in a hurry. My heart was injured, and it would take at least three days to recover from cultivation, but in the current situation, how could I wait for three days.

Forget it, for the safety of the princess, it was cheaper for him.

After hesitating for a few minutes, Nie Hongxue finally gave in, bit her lip, and walked silently to Yue Feng's side, whispering, "If you dare to lie to me, I will cut you into eight pieces.

"What this person wants to say counts!" Yue Feng responded with a smile.

Nie Hongxue stopped talking nonsense, and immediately placed her jade hand on Yue Feng's shoulder and kneaded gently.

"Well, the strength is okay."

At this moment, feeling the strength of Nie Hongxue's jade hand, Yue Feng was in a happy mood, and squinted his eyes with enjoyment: "As expected of the person who serves the princess, not bad..."

This bastard, he got cheap Also speak sarcastically.

Nie Hongxue bit her lip tightly, feeling very ashamed and angry, but in order to get the medicine pill, she finally held back.

Before you know it, a few minutes passed.

"It's alright now!"

At this moment, Nie Hongxue let go of her hand and said to Yue Feng, "Give me the medicine pill."

Yue Feng stretched his back in a relaxed manner, and said with a half-smile, "I forgot just now. I told you, I only have one pill on me." After speaking, he scratched his head in a feigned embarrassment.

What?

Hearing this, Nie Hongxue's pretty face changed, and the suburbs trembled with anger: "You're playing me..." As she spoke, she was about to pull out her long sword to kill Yue Feng, but her heart was damaged, and her speed was very slow. slow.

"Hey..."

At this moment, Yue Feng dodged lightly and said with a smile: "Don't be angry, the ready-made medicinal pills are gone, but I can make them for you. So, don't worry. ..."

What did he say?

Hearing this, Nie Hongxue was stunned and looked at Yue Feng with complicated eyes, thinking that she had heard it wrong.

Will he refine medicine pills?

Seeing Nie Hongxue's stunned expression, Yue Feng smiled slightly. He didn't talk nonsense at the time, so he went to the woods to find an old pottery pot. When he came over just now, Yue Feng found this broken pottery pot, so he just swallowed that one. Elixir.

After finding the pot, Yue Feng collected the herbs needed for alchemy in the woods. It is located on the edge of the grassland, and only the Hu people are active, and the Hu people only know how to herd and raise horses, and very few people know herbal medicine, so the herbs here are hardly collected, and there are many kinds.

When he was ready, Yue Feng got the wood again and started igniting alchemy.

Everything is in order and the action is skillful!

He...this is the beginning of alchemy?

Seeing the scene in front of him, Nie Hongxue froze there, looking at Yue Feng's eyes full of shock.
