

The ultimate husband in Chinese chapter 6516

If you can catch one alive and show it on the Golden Temple, to see what those who are dissatisfied with me in their hearts dare to say... At that time, it will be logical to sit on the throne.

“Quick!”

Excited in his heart, Nuliha waved his hand and shouted impatiently: “Hurry up and surround these fiery temple wolves, do you see the one who has just grown up? I’ll catch it later, catch it alive...”

“Yes , General!”

Hearing the order, a thousand elite soldiers responded in unison, then quickly rushed up and surrounded the few fiery wolves.

“Ouch, ooh!”

Faced with this situation, several fiery wolves immediately became vigilant, looking at the enemies several times in front of them, all of them were not afraid, and let out a roar.

The fire temple wolf is the overlord on the grassland. At this time, several fire temple wolves roared together, and the powerful aura that erupted caused a trace of fear in the hearts of the elite soldiers present.

Gudong...

Under such circumstances, many people secretly swallowed their saliva and the soles of their feet became weak. Everyone looked at me and I looked at you, and they didn’t dare to take another half step for a while.

Mad, what a bunch of idiots.

Seeing this situation, Nuliha couldn’t help but scolded secretly and shouted again: “What are you panicking about? It’s just these few heads. Quickly disperse them and everything will be solved.”

Hearing these words, everyone The elite soldiers revive their morale one by one.

“Crush!” In the

next second, someone shouted, a thousand elite soldiers were divided into more than a dozen groups, and they quickly rushed towards a few fire wolves.

Speaking of which, the fire wolves are the totems worshiped by the Hu people, these elite soldiers were originally a little resistant, but just now Nuliha said that the purpose of this visit was to capture them alive, not to bring these fire wolves back. Killing, therefore, one by one also has no worries.

“Ouch, ooh!”

In the face of this situation, several fiery wolves howled again, and then one by one, they rose into the air and charged towards the soldiers. Few and timid, but forge ahead.

Bang bang bang...

In the blink of an eye, several fiery temple wolves rushed into the crowd, and the two sides fought fiercely.

Because of Nuliha's order, the elite soldiers did not kill the killer, but cooperated with each other in the group, separated several fire wolves, and trapped them in a small area.

Haha...

Seeing this scene, Nuliha was very excited and nodded with satisfaction: “Okay, well done, that's it...” When he said this, Nuliha stared at it. The newly-adulted fire sideburn wolf was in an urgent mood.

I saw that the fire-tempered wolf that just came of age was surrounded by dozens of elite soldiers, and his fierceness was stimulated. He kept using his fangs and claws to try to break out, but they were all blocked.

The same is true for the other fire wolves. They tried several times to break through, but they all failed. Although their fangs and claws were sharp, the elite soldiers brought by Nuliha were all dressed in black iron armor and had sharp fangs. Claws do no harm to them at all.

“Quick!”

At this time, Nuliha saw that the time was almost up, and shouted: “Capture this young adult, after capturing it alive, quickly evacuate!”

When he said this, Nuliha directed at the young adult fire The temple wolf said: “I'm sorry, this general didn't mean to offend, but don't worry, I won't hurt you, and when I sit on the throne, I'll put you back.”

“Roar!”

The newly-adult Fire Temple Wolf seemed to understand Nuliha's words quite well. At that time, his eyes became blood red, and he raised his head and let out a roar.

Immediately, the fiery temple wolf opened its bloody mouth and spewed out a blazing flame, heading straight for the elite soldiers in front of him.

hum!

This raging flame, which was more than ten meters long, instantly enveloped the dozen or so elite soldiers in front of them. These elite soldiers had no time to react. They screamed on the spot and fell to the ground, rolling in pain, trying to put out the fire. Burned alive.

Oops!

Seeing this scene, the smile on Nuliha's face froze. According to legend, the fire temple wolf will attack with flames, but few people have seen it. I didn't expect the rumor to be true.

The ultimate husband in Chinese chapter 6517

"Roar, roar, roar..."

At this moment, several other fire wolves also roared out one after another, and then, one by one, spit flames out of their mouths and erupted towards the surrounding soldiers.

"Retreat!"

Seeing this situation, Nuliha's face changed greatly, and he hurriedly shouted: "Fast back." After

hearing Nuliha's order, the elite soldiers responded quickly and were ready to retreat. Faster than fire.

"Ah..." In the

blink of an eye, many soldiers were enveloped in flames and let out a miserable howl. The last one fell into the flames. In less than ten seconds, more than one hundred elite soldiers died in the sea of fire.

Hiss....

seeing this scene, the remaining elite soldiers couldn't help but gasp, their faces turned pale, and their eyes couldn't hide the fear.

Is this the strength of the Fire Temple Wolf?

It 's too scary...

“Mad!”

At the same time, Nuliha couldn't help but scolded secretly, and then shouted at the remaining elite soldiers: “Everyone, don't panic...”

Before he finished speaking, A soldier captain couldn't help but said: “General, in my opinion, it doesn't matter... This fiery temple wolf is our totem. If we do this, yes... we will be retributed.”

For a while, The others also spoke up.

“Yeah, General, the burning of so many people just now seems to be God's punishment for us...”

“Remove General...”

Everyone said a word to me, and I said a word, and everyone's face was full of panic. At this time, they didn't have the courage to continue fighting. Just want to leave quickly.

“Shut up!”

After listening to the persuasion of his subordinates, Nuliha couldn't listen at all. At that time, he looked ferocious and howled wildly: “Whoever dares to say retreat will definitely be executed.”

When speaking, Nuliha His face was extremely gloomy, and his heart was extremely annoyed.

After finally finding the whereabouts of the fire wolf, how can you give up so easily? Besides, I have already damaged so many people. If I just leave like this, where will I put my face in the future?

rub!

When the last word fell, Nuliha pulled out his long knife and shouted: “Give it all to me, no matter what today, I will catch a fire wolf and go back.”

Feeling Nuliha's anger, the elite soldiers did not Dare to disobey, as long as you bite the bullet and surround a few fiery temple wolves again.

“Ouch...”

At this moment, a fiery temple wolf locked on Nuliha tightly, let out a roar, and a huge figure rose into the sky, heading straight for Nuliha.

It is the leader of these fire wolves.

The IQ of Huobianlang is not low. At this time, seeing Nuliha commanding everyone, he knew that he was the leader, and he decisively launched an attack at this time.

hum!

At the moment of rushing into the air, the fiery temple wolf opened its mouth wide and spewed out a flame of flame at Nuliha.

Faced with this situation, Nuliha looked solemn. He didn't have time to think about it at the time, so he quickly exerted his strength and raised his hand to deploy a protective film in front of him.

boom!

In the next second, the flames erupted and slammed on the protective film. At that time, Nuliha only felt a powerful force coming, the surrounding heat wave rose, and the whole person trembled, and was directly shocked back ten steps.

Mad, as expected of a fire wolf, the power of this flame is really strong.

After stabilizing the figure, Nuliha's face was shocked, and his eyes were fixed on the alpha wolf in front of him.

The alpha wolf stared at Nuliha, and his eyes flashed with complexity. He didn't seem to expect that the human being in front of him was so powerful that he could block his own flame attack.

“Roar!” In the

next second, the head wolf reacted and let out a roar again, and the huge figure rushed towards Nuliha like lightning.

The alpha wolf knows very well that there are too many enemies. Only by killing the leader in front of him can he and his companions rush out of a way to survive. Otherwise, the consequences will be disastrous.

“Good job!”

Nuliha took a deep breath and shouted, clenching his long sword and attacking him. In the blink of an eye, he was in a fierce battle with the alpha wolf.

Seeing that Nuliha made his own move, and there were still some hesitant elite soldiers around, he no longer hesitated at this time, revitalized his morale, cooperated with each other, and besieged the other fire wolves again.

Bang bang bang...

In the blink of an eye, Nuriha and Alpha Wolf fought fiercely for more than a dozen rounds. During the period, Nuriha discovered that after the Fire Temple Wolf casts the flame attack, it takes about a few minutes to re-accumulate the power of the flame.

The ultimate husband in Chinese chapter 6518

And during these few minutes, the Fire Temple Wolf was unable to cast flames, and could only temporarily use fangs and claws to confront the enemy.

Haha...

Nouriha is excited to find this.

Although these fiery wolves are powerful, they are only beasts after all. They can't continue to use flame attacks. What is I afraid of?

Thinking of this, Nuliha waved his long knife and launched a rapid attack. Taking advantage of the opportunity of the alpha wolf to dodge back and forth, the other hand quickly hit out and slapped the wolf on the back.

After all, the Fire Temple Wolf is the totem of the Hu people, and Nuliha didn't kill him. This palm only stimulated 40% of his power.

Bang!

Nuliha's speed was too fast, and the wolf didn't have time to dodge. He was slapped on the back with a palm, and suddenly howled, and the huge body was shocked and flew out.

After flying more than ten meters, the head wolf fell heavily to the ground.

However, this wolf was very brave. The moment he landed, he immediately turned over and did not fight back immediately under the severe pain, but his eyes were fixed on Nuliha, as if he was going to devour him alive. "Don't know what's good or bad. "

Nuliha looked relaxed, and said lightly to the Alpha Wolf: "I was merciful with that slap just now. " Immediately roared and rushed up again. Nouriha shook his head, clenched his sword, and fought it again. Bang bang bang... In the next few minutes, Nuriha dodged a flaming attack from the Alpha Wolf and hit it twice. Although he did not try his

best with each palm, the Alpha Wolf couldn't support it, and the final speed Slow down and teeter.

"Ouch, ooh..."

Seeing this situation, the other fiery sideburns immediately became anxious, let out a roar, and rushed over to help.

Haha...

This is what Nuliha wants. Seeing this situation, he suddenly showed a smile and shouted: "Quick, catch the one who just came of age."

Whoa!

Hearing the order, the soldiers who were about to intercept them reacted quickly one by one, quickly surrounding the newly-adult fire sideburn wolf, and trapped the mouth and limbs with ropes.

That is, at this moment, the other fire wolves rushed to the head wolf, and it was too late to go back to rescue.

Seeing that the capture was successful, Nuliha was very excited, and immediately laughed: "Withdraw, quickly withdraw." The voice fell, and Nuliha flew on his horse and took the lead in the direction of Wang Ting.

Clap la la...

Upon hearing the order, the elite soldiers followed with the fiery sideburn wolf.

"Ow, ooh..."

Seeing their companions being caught, the other fiery sideburns howled, with anger in their eyes, and they all wanted to chase, but considering the alpha wolf, they all held back.

At this moment, the head wolf stared closely at the direction where the Nuliha people were leaving, and was also very angry, and immediately raised his head and howled.

"Ouch, ooh..."

Several fiery wolves around him also raised their heads and roared. In the valley, the howls of wolves kept echoing.

This is a signal that they want help from their peers.

“Ouch, ooh...”

Half an hour later, a wolf howl could be heard in the woods far away in the valley, and then, a group of fiery wolves came quickly, more than a hundred of them...

It was at this time that two figures appeared on the other side of the valley.

There is a man and a woman, the man is tall and straight, handsome and cold, the woman is graceful and charming, with delicate facial features, but the whole body is filled with coldness that cannot be approached.

It was Yue Feng and Nie Hongxue.

Half an hour ago, Yue Feng and Nie Hongxue tracked Nuliha's whereabouts all the way, and finally found this valley.

Um?

At this moment, seeing the scene in the valley, Yue Feng secretly frowned.

I saw that the valley was full of traces of fighting, and Nuliha and his men had disappeared.

“Alas!”

Soon, Yue Feng calmed down and smiled bitterly: “It seems that we are a step late, Nuliha has already left.” While speaking, Yue Feng glanced at the fire temple in the valley. The wolves didn't care at all.

“This...”

And Nie Hongxue trembled when she saw so many fiery temple wolves, she was inexplicably shocked: “So many fiery temple wolves...”

Seeing her reaction so big, Yue Feng was surprised “Isn't it normal that there are wolves in this kind of place?”

The ultimate husband in Chinese chapter 6519

Nie Hongxue glanced at him: “This is a fiery temple wolf, which is different from an ordinary wolf.”

“The flaming temple wolf is the totem of the Hu people, the object of worship, because its whereabouts are uncertain, so for thousands of years, it can be seen. There are very few people who come to the Fire Temple Wolf.”

Speaking of which, Nie Hongxue turned his eyes to the wolves again, and said with emotion: "I didn't expect that there are so many Fire Temple Wolf in this valley."

Totem?

Hearing these words, Yue Feng nodded and said thoughtfully: "If this is the case, it seems that Nuliha is here for these fiery wolves."

"The fiery wolves are the totems of the Hu people. Liha is planning to make a big fuss about the Fire Temple Wolf."

"Yes!"

Nie Hongxue nodded in agreement: "Nuriha is not a member of the royal family, he wants to be the king, and his name is not right. Articles can be convincing."

After speaking, Nie Hongxue bit her lip tightly and said fiercely, "This Nuliha is really insidious and cunning, and she is really a no-brainer in order to seize the kingship."

Hmm!

Yue Feng nodded, then looked at the wolves not far away and said, "I'll check the situation, you stay here." He was about to walk over.

Nie Hongxue was taken aback, and quickly stopped him: "Don't go over there."

With so many fiery sideburns, didn't he seek death in the past?

Yue Feng had a relaxed look on his face, smiled and comforted: "It's alright, I'll be careful, there won't be any danger." After he finished speaking, he strode towards the wolves.

Nie Hongxue wanted to stop her, but it was already too late, so she stomped her feet in a hurry. This Yue Feng is so impulsive, how could he be the opponent of the wolves alone? I'm afraid it will be torn to shreds.

Anxious, Nie Hongxue couldn't help shouting: "You come back soon!"

Yue Feng smiled slightly, indicating that he didn't need to worry.

well!

Seeing that he insisted on doing this, Nie Hongxue sighed softly, very helpless, and at the same time, she was also a little anxious. If something happened to Yue Feng, when she went back, she didn't know how to explain it to the princess.

Just when Nie Hongxue was anxious, Yue Feng had already arrived in front of the wolves.

Swish!

In an instant, more than 100 fiery wolves all locked on Yue Feng, and then surrounded him.

“Ouch, ooh...”

At the same time, several fiery wolves who had fought fiercely with Nuliha before screamed in the sky to express their anger. In their eyes, they regarded Yue Feng as a Nouriha’s accomplice.

“Don’t get excited, don’t get excited...”

Facing this situation, Yue Feng quickly waved his hand and said to the wolves, “I’m not an enemy, but your friend, you all stay calm...”

However, he didn’t say anything . When it was over, it was interrupted by a wolf howl.

“Ouch...” In the

next second, the injured head wolf issued an order, and immediately, dozens of flaming wolves around opened their mouths and spewed out flames, bursting towards Yue Feng.

Dozens of blazing flames illuminated the entire valley red, and Yue Feng was drowned in the blink of an eye.

“Yue Feng...”

Seeing this scene, Nie Hongxue couldn’t help but let out a coquettish cry. When it was over, she was enveloped in such a terrifying flame, and she was afraid that she would be burned to ashes. Why didn’t this Yue Feng listen to the dissuasion?

At this time in the flames.

Because Yue Feng has the red lotus of the law to protect his body, the flames spewed by these fiery temple wolves did not harm him at all, but Yue Feng felt a little depressed.

The wolves are so irritable, it seems that Nuliha did nothing good before.

hum!

Muttering in his heart, Yue Feng slowly raised his hands, urging the red lotus karmic fire to absorb and fuse the flames around him. In the blink of an eye, the fire was completely absorbed.

What?

Seeing this scene, Nie Hongxue, who was still feeling sad not far away, suddenly trembled, and looked at Yue Feng from a distance, her eyes were filled with incredible.

He... is he all right?

how can that be? With so many fiery temple wolves spewing flames together, even a ninth-rank expert can't stand it, but this Yue Feng has nothing to do.

Under the shock, Nie Hongxue stared at Yue Feng and fell into deep thought.

This man is like a vast ocean, unfathomable, not only can he alchemy, but he is not even afraid of fire... How many secrets does he have?

The ultimate husband in Chinese chapter 6520

Shua!

At the same time, seeing that Yue Feng was safe and sound, and the surrounding wolves, all looking at him closely, were amazed.

This human is not afraid of fire...

Hehe...

Feeling the consternation of these fiery wolves, Yue Feng showed a smile, and then used animal language, and said to the alpha wolf in front of him: "You misunderstood, I am not an enemy. , but your friends!"

As soon as these words came out, the Fire Temple Wolf present was even more astonished.

This... this human being can speak our language?

At the same time, seeing Yue Feng muttering, not knowing what to say, Nie Hongxue hid behind, her delicate face full of doubts.

What he said, why can't I understand a word..

"Ow..."

Finally, the alpha wolf reacted, let out a howl, and then looked at Yue Feng complicatedly: "Who are you? How can we be? language? Besides, why are you not afraid of fire?"

When he asked, the head wolf's eyes were full of vigilance.

At the same time, the surrounding fire wolves also looked at Yue Feng with hostility in their eyes.

call!

Yue Feng breathed a sigh of relief and said slowly, "I'm not from the Hu people, but I came to check the situation."

Hearing this, the head wolf looked up and down at Yue Feng, and the hostility in his eyes was a little less. Their dress, as well as their words and deeds, are indeed very different from those of the Hu people.

"What happened just now?" Yue Feng asked.

The alpha wolf said angrily: "The abominable barbarians just now took away our companions .

"

to express anger.

So that's it...

Hearing this, Yue Feng nodded suddenly, it seems that Nie Hongxue guessed right just now, Nuliha really wants to make a fuss on the fire temple...

"Yue Feng!"

At this moment, Nie Hongxue again I couldn't help being curious, and walked over slowly and said, "You...what are you doing?"

Nie Hongxue was very puzzled at first, but after watching for a while, he realized that Yue Feng was communicating with these wolves.

After understanding this, Nie Hongxue was even more shocked. At this time, I couldn't find any words to describe Yue Feng. This man is absolutely omnipotent...

"Ow, ooh..."

Seeing Nie Hongxue coming over, all the fiery wolves present instantly became vigilant. At the same time bursts of howl.

Faced with this situation, Nie Hongxue couldn't tell how nervous she was, so she quickly stood up. At that time, her legs felt weak and she could hardly stand still.

The fire temple wolf is the totem of the Hu people, and its strength is strong. It is said that a fire temple wolf is capable of fighting tigers and leopards, and so many people will gather together in front of them, and the aura formed is too terrifying, even Nie Hongxue is inevitably nervous.

"Don't be impulsive!"

Seeing this situation, Yue Feng quickly explained: "This is my friend, my own." After speaking, Yue Feng

said to Nie Hongxue: "I was communicating with them, it turned out that Nuliha was leading the way just now. Elite soldiers, kidnapped one of their companions."

"You..."

Even though Nie Hongxue was mentally prepared, she was still in shock when she heard Yue Feng say it in person, and couldn't help but say, "Can you really communicate with them?"

Yue Feng smiled and said, "I know a little bit. Beast language, it is not unusual to be able to communicate with them."

Beast language?

Hearing this, Nie Hongxue was stunned for a moment. She didn't have time to think about it at the time. After she came back to her senses, she said fiercely, "This Nuliha is indeed sinister and despicable, and even the totems of the Hu people are not spared.

" Nie Hongxue said: "What do you do next?"

Yue Feng smiled slightly: "Naturally, it is to persuade the wolves to come to help us."

Then, Yue Feng looked back at the head wolf and said, "What are you going to do?"

"Ow! The

head wolf roared and said fiercely: "Rescue my companions, I will not let go of those hateful barbarians." The

voice fell, and the surrounding fiery wolves also howled.

Um!

Yue Feng nodded silently, and said slowly, "I respect your superiority, and your companions will naturally be rescued, but if you bring the wolves and confront them head-on, I advise you to think twice."
