

The ultimate husband in Chinese chapter 6551

When shouting, the soldier's tone was flustered, and his forehead was full of cold sweat.

Mad!

Nuliha was furious, and his face was dark at the time. When he was about to enjoy the queen's gentleness a few days ago, he was interrupted at a critical moment.

In anger, Nuliha loosened Yan Luobing's clothes, walked to the door angrily, and yelled at the soldier: "Do you want to die? I said just now, no one is allowed to come in and disturb."

Bass!

The last word fell, and Nuriha's eyes flashed with murderous intent, and he quickly drew his long knife, and was about to look at the soldier's neck.

Seeing this, the soldier was terrified, slumped on the ground on the spot, and stammered: "General, spare your life, spare your life... This subordinate didn't intend to disturb... It was something happened to the camp outside the royal court. .."

When he said this, the soldier's face was ashen, and he almost wet his pants.

What? Something happened to the camp?

Hearing this, Nuliha frowned, immediately withdrew his sword, and said coldly, "What happened to the camp?" It was absolutely impossible to bring all of them with him, so Nuliha stationed the main force in the grassland camp south of Wang Ting.

The main force of the camp is Nuliha's last support, and there must be no accident.

Gudong!

Seeing that Nuliha had collected the long sword, the soldier swallowed his saliva and said cautiously, "Reporting to the general, half an hour ago, the camp was suddenly attacked by the fire wolves. Ten heads..."

"Many soldiers were bitten to death, and many were injured. Now the camp is almost in chaos..." At the end of the conversation, the soldier wiped the cold sweat from his forehead and said no. out complex.

You must know that the fire wolf is the totem of the Hu people, and it is the supreme beast of the gods. As long as the Hu people see it, they must be courteous and respectful. Because of this, the camp was attacked by the fire wolf, and many soldiers were not easy to fight back. It resulted in countless deaths and injuries...

Phew!

At this moment, Yan Luobing couldn't help but take a deep breath, and couldn't help muttering inwardly.

Nuliha's camp was attacked by the fire wolves. It's really good, the sky has eyes. The Fire Temple Wolf is the totem of the Hu people, with the supreme status, and suddenly raided the camp, which shows that Nuliha has done a lot of bad things in recent years, and even God can't stand it, so he sent the Fire Temple Wolf to punish him.

At this time, Yan Luobing didn't know yet, but the truth was that Nuliha had caught a newly-adulted fire-sideburn wolf two days ago, which caused the anger of the wolves, so they attacked his camp.

How could this be?

At the same time, when Nuliha heard the report, his brain was buzzing, and his heart was inexplicably nervous.

Is this the retribution for catching the fire wolf?

After all, Nuliha is also a Hu people. Influenced by the customs of the Hu people for thousands of years, he is also a little bit in awe of the fire temple wolf in his heart. When he learned about the situation at this time, he couldn't help but feel a little panic.

"Quick!"

After being stunned for more than ten seconds, Nuliha finally reacted, tidied up his clothes, and ordered: "Take someone with me to the camp. In addition, send someone to watch this woman, and never let her run away. It's over."

After speaking, Nuliha squeezed out a smile and teased at Yan Luobing: "Beauty, I'm going to do something, wait for me here, haha..." The

last word fell. , Nuriha laughed, turned and left quickly.

asshole....

Looking at Nuliha's triumphant departure, Yan Luobing gritted her teeth with hatred, but she was still secretly relieved that Nuliha was entangled in the camp, and her reputation was temporarily preserved.

But you can't sit still and find a way to escape from here.

.....the

other side.

In the camp in the grassland south of the royal court.

At this time, it was just dawn. In the past, the camp was the quietest time, but this time it was chaos. I saw more than a hundred fiery wolves, each in groups of ten, constantly raiding back and forth in the camp, biting anyone they saw.

During this period, these fire wolves spewed flames from time to time, igniting the camp tents.

Huhuhu...

For a time, the entire camp was filled with flames, and many soldiers panicked and fled.

The ultimate husband in Chinese chapter 6552

In the eyes of these soldiers, the fire temple wolf is a totem beast, and they must not be harmed in turn.

Because they couldn't fight back subconsciously, many soldiers were either bitten to death or buried in flames.

On the hillside 100 meters away from the west of the camp, there were two figures quietly dormant there, closely observing the situation of the camp.

This is a man and a woman, the man is cold and handsome, the woman is sexy and charming, and there is a bit of coldness between the eyebrows.

It was Yue Feng and Nie Hongxue.

Yes, the wolves' raid on the camp was planned by Yue Feng. After learning about the princess' plan last night, Yue Feng decided to suppress Nuliha's morale, so he secretly contacted the Huomen wolves and let them. They came to raid the camp.

Speaking of which, Yue Feng originally came by himself, but Nie Hongxue accidentally learned that if he had to follow, Yue Feng had no choice but to let her go.

Haha...

At this moment, Yue Feng looked at the situation of the camp in front of him, couldn't help showing a smile, and said with emotion: "Wolf is indeed the most united beast, so many fiery wolves are enough for Nuliha to have a headache. It 's over."

The situation in front of you is even better than expected, can you be unhappy?

Um!

When the words fell, Nie Hongxue nodded and said in agreement, "Yes, these fiery wolves cooperate so well. Speaking of which, the fiery wolves are the totems of the Hu people, and these soldiers have concerns, which is why they are so embarrassed. ."

After speaking, Nie Hongxue thought of something and turned her head to look at Yue Feng: "Yue Feng, is it difficult to learn the animal language you use to communicate with the Fire Temple Wolf?" At this moment, Nie Hongxue's eyes were full of anticipation.

"It's okay, it's not difficult."

Yue Feng showed a smile and replied slowly: "It mainly depends on one's talent. If you have talent, it will be easy, but if you don't have talent, it will be difficult."

Then, Yue Feng looked at her: "Do you want to learn?"

Hmm !

Nie Hongxue nodded instinctively.

It is incredible that this animal language can communicate with the fire temple wolf, even the cold-hearted Nie Hongxue,

seeing her nodding, Yue Feng smiled even more, and said seriously: "Speaking of which, this animal language is nothing. Peerless secrets, but the inheritance is extremely strict, and two conditions must be met before they can be passed on to others..."

When he said this, Yue Feng's face was deep, but there was a hint of cunning in his eyes.

two conditions?

Nie Hongxue didn't notice the strangeness in Yue Feng's tone at all, and couldn't help but say, "What conditions?"

Yue Feng touched the stubble on his chin and said slowly, "The first one is to formally worship a teacher and perform a kowtow ceremony. ." As he said that, he secretly observed Nie Hongxue's reaction.

What? Still want to apprentice?

At this moment, Nie Hongxue's delicate body shook, and her delicate face suddenly became complicated. Just learn a beast language, but also pay tribute to the teacher? This is too troublesome.

In fact, there was no teacher and salute at all. Yue Feng deliberately made it up to make fun of her.

call!

At this moment, Nie Hongxue felt depressed in her heart and couldn't help but ask, "What about the second condition?" The first condition is a bit difficult, but the second one should be easier.

Ha ha....

Seeing her look of anticipation, Yue Feng secretly laughed in his heart, and then coughed lightly, making a very embarrassed look: "The second one... It's also a bit difficult, if it's a family... .."

After speaking, Yue Feng looked at Nie Hongxue with a half-smile.

"Family..." Nie Hongxue subconsciously repeated a sentence before she could react at first.

Swish!

In the next second, Nie Hongxue understood something, her delicate face suddenly blushed, and she couldn't help but glared at Yue Feng. He said that he wanted to become a family. Didn't he say that he wanted me to marry him?

When she thought about how Princess Yiyi had been in the bedroom before, Nie Hongxue's face turned even redder, and her heart was also inexplicably flustered like a deer.

I go!

At this moment, when Yue Feng saw Nie Hongxue blushing shyly, he was stunned for a while, and couldn't help but admire secretly.

This Nie Hongxue usually has a cold look, but she didn't expect her shy look to be so charming.

"You..."

Aware of Yue Feng's eyes, Nie Hongxue realized that she had been tricked, and was ashamed and angry at the time: "Did you trick me on purpose?" After the voice fell, Nie Hongxue raised her jade hand and was about to go Hit Yuefeng.

Yue Feng sighed, and quickly hid to the side, making a very innocent look: "You are a little unreasonable, why am I brushing you?"

"When I learned this animal language before, I did apprentice. "

Shut up!" Nie Hongxue blushed and scolded in a low voice, "You're just kidding me...don't think I don't know."

Da Da Da Da...

The two of them were making trouble, so I couldn't hear them. In the direction of the camp in the distance, there was a rush of hooves.

In an instant, Yue Feng and Nie Hongxue hurriedly stopped, turned their heads to look, and saw a team of dozens of people rushing in. The uniform silver armor was the general's guards.

The one at the head, with a burly stature and an anxious face, was Nuliha.

Swish!

Seeing that it was Nuliha, Nie Hongxue's delicate face instantly became cold, and her eyes also showed a strong killing intent. This traitor, who sent people to assassinate the princess again and again, really wanted to kill him immediately.

Yue Feng also put away his smile and stared at Nuliha: "It's finally here." The camp was messed up, this Nuliha must be vomiting blood.

At this time, Nuliha had already arrived at the camp with dozens of personal guards.

Mad!

At this moment, Nuliha looked around, his face instantly gloomy, and his heart was full of anger.

He clearly saw that the barracks of the hundreds of thousands of troops were full of fires at this time. Countless soldiers were killed, wounded, and those who were lucky to survive.

So vulnerable, how could it look like the most elite troops of the Hu people?

"Trash, it's all trash!"

In a panic, Nuliha's face was covered with black lines, he couldn't help cursing a few words, and then shouted at the soldiers who were fleeing around: "What are you panicking about? Gather all together, hurry!"

Although Nuliha was very annoyed, he also knew in his heart that the situation was urgent and measures had to be taken as soon as possible, otherwise, the casualties would be even greater.

"It's the general!"

"The general is here."

Hearing Nuliha's words, the soldiers who were still fleeing around cheered up, and then quickly gathered in the middle of the camp according to Nuliha's order.

call!

Seeing this scene, Yue Feng, who was hiding on the hillside in the distance, couldn't help but secretly exhaled: "I can't tell, this Nuliha is quite capable of commanding troops. Gather."

Yue Feng said this from the bottom of his heart.

Speaking of which, Nuliha does have the talent to command the army, but unfortunately, this man has a bad mind and rebellion. Although he is a talent, he has become a big problem for the Hu people.

Hearing Yue Feng's words, Nie Hongxue couldn't help but snorted softly, "Even if he is talented, he is still a scoundrel. Everyone will kill this scum." "

Quick!"

The battalion commanded: "Set up the formation, the soldiers in the front row raise their shields, and the soldiers in the rear row assassinate with long spears. Be sure to annihilate these wolves..."

This...

Hearing this order, the soldiers present were shocked.

The general wants to annihilate all these fiery sideburns?

Go crazy.

Soon, some soldiers in the crowd reacted and couldn't help but say: "General, these are all fire wolves. The totems of our Hu people are divine beasts. If we kill them, we will be punished by the sky..." The

voice falling down, the other soldiers nodded in agreement.

"A bunch of idiots!" In

the face of this situation, Nuliha frowned and scolded: "These fiery wolves, used to be totems, can be worthy of your respect, but now they are killing you, do you have to stretch your neck to give them?"

"Deploy quickly, or the military orders will deal with them." In the

last sentence, Nuliha almost roared out, no doubt.

call!

Hearing these words, many soldiers took a deep breath, and then quickly deployed, using shields and spears to deal with the fiery sideburns in front of them.

Although many soldiers are still unrelenting, they also know that Nuliha is right. Although belief is important, it is not as important as life.

Soon, under the command of Nuliha, the soldiers quickly gathered together to form a formation to deal with the surrounding fire wolves, and the situation was quickly reversed.

This...

Seeing this situation, Nie Hongxue suddenly became anxious: "Damn, these fire temple wolves are in danger." She saw that many fire temple wolves were injured by the soldiers' counterattack.

Yue Feng had a calm expression on his face.

"Ouch..."

At the same time, seeing many of the same kind injured, the alpha wolf's eyes were also blood red. At that time, a roar broke out, and he was about to lead his companions and rush towards Nuliha.

Seeing this scene, Yue Feng's face changed, he quickly used animal language, and shouted at the alpha wolf: "No, first withdraw..." The purpose of disrupting the camp this

time was to damage the opponent's morale. Get up, how could these more than a hundred wolves be the opponents of an army of hundreds of thousands?

Hearing Yue Feng's cry, the alpha wolf instantly calmed down, and immediately took the wolves and quickly retreated.

Yue Feng's cry was also a wolf howl when everyone in Nuliha heard it.

Swish!

In an instant, whether it was Nuliha or the soldiers present, they all looked at the hillside where Yue Feng was hiding, and they were all in shock.

Could it be that... those who attacked the camp were only part of the wolf pack, and there were still fiery sideburns hiding on the hillside?

Nuliha, in particular, felt a little flustered at this time. There were more than 100 fire wolves, and there was not much threat to the camp, but if there were too many fire wolves, it would be difficult to say.

"Ouch, ooh..."

Just when Nuliha and the soldiers were stunned, the alpha wolf led the pack of wolves, quickly evacuated, and disappeared into the woods in a blink of an eye.

wrong!

Seeing this, Nuriha reacted immediately, and was furious at the time. Mad, fooled, there are no other wolves on the hillside, otherwise, these fiery wolves who raided the camp would not leave.

After reacting, Nuliha wanted to lead the troops to pursue, but it was too late.

call!

At this moment, Yue Feng and Nie Hongxue breathed a sigh of relief when they saw that the wolves had left safely.

Then Yue Feng smiled at Nie Hongxue: "Okay, we can also go back." After speaking, he stretched and stood up.

Nie Hongxue responded and prepared to leave with Yue Feng.

At this time, the sky was already bright. Although there were grasses around Yue Feng and Nie Hongxue, they were still discovered by the soldiers in the camp.

“General!”

At this moment, a soldier couldn't help but shouted at Nuliha: “Look at that hillside, there seems to be someone...”

Someone?

Hearing this, both Nuliha and the surrounding soldiers were all taken aback, and then they all looked over. Seeing this, they were all astonished.

Sure enough, there were two people... After

discovering this, Nuliha and the soldiers were a little stunned for a while...

Could it be that... the wolf howls on the hillside just now were made by these two people? They can actually communicate with the fire wolves and control the wolves?

“Quick!”

In his astonishment, Nuliha was the first to react, pointing to the hillside and yelling, “Catch these two people, you must capture them alive.” Because of the distance, Nuliha couldn't see Yue Feng and Nie Hongxue at all. face.

However, being able to communicate with the fire sideburn wolf, such a person is of great use.

Crash...

Upon hearing the order, thousands of soldiers responded quickly and rushed towards the hillside like a tide.

“Oops, I was discovered.” Faced with this situation, Nie Hongxue's delicate body trembled, and she suddenly became a little anxious.

Yue Feng was not in a hurry, smiled and said, “Don't panic, let's retreat into the woods.” After saying that, Yue Feng looked at the surrounding terrain and rushed towards the woods behind.

At this time, Nie Hongxue was out of ideas, so she had to follow quickly.

As soon as they entered the woods, they saw that many soldiers had already rushed to the hillside, less than fifty meters away from the two of Yue Feng.

call!

Seeing this, Nie Hongxue was completely panicked. After thinking quickly in her heart, she bit her lip tightly and said, "Yue Feng, you go first, I'll break it later."

As she said this, Nie Hongxue drew out her long sword, her delicate face full of expression. is firm.

Speaking of which, Nie Hongxue was very embarrassed and angry when she was seen by Yue Feng in the bath last night, and she still had not calmed down until now, but the princess still needs Yue Feng's help, and her personal grievances can only be put aside.

The ultimate husband in Chinese chapter 6555

Nie Hongxue thinks about it, wait for oneself to block these chasing soldiers, and try to give Yue Feng time to escape.

Uh....

Seeing Nie Hongxue's unmistakable face, Yue Feng was helpless and moved.

Although Nie Hongxue's strength is not weak, but there are so many soldiers on the other side, they can't kill them all, how can they stop them? But I have to say that although this woman has a cold personality, her heart is as kind as a princess. At this critical moment, she didn't want to escape first, but wanted to protect my safety....

With a deep emotion, Yue Feng said with a smile, "I'll do it later."

"No!"

Nie Hongxue shook her head without thinking. "You haven't recovered your strength, you can't stop it, and the princess still needs your help."

"The princess needs you more than me." Yue Feng smiled slightly, and before Nie Hongxue could answer, he turned to greet the soldiers. go.

This Yue Feng....

Seeing this situation, Nie Hongxue was in a hurry. At that time, she wanted to stop her, but it was too late.

Forget it, if both of them are caught, there will be no one to protect the princess, so I'd better go back first.

At this moment, Nie Hongxue thought to herself, and walked forward quickly, preparing to bypass the camp and return to the bedroom. She had thought about it, if Yue Feng was caught, she would work with the princess to find a way to rescue him.

Kacha, Kacha...

At this time, Yue Feng also reached the edge of the forest, pulled out his dagger, cut off the surrounding small trees, and quickly deployed a small five-element formation on the way he must pass.

This dagger was specially used by Princess Yiyi for Yue Feng's self-defense. It was very sharp, so even if Yue Feng's strength did not recover, it would be easy to cut off these small trees.

"You..."

Nie Hongxue walked for dozens of meters, but she was still worried in the end, so she couldn't help but look back and saw that Yue Feng was chopping down a small tree, and she was so anxious that she couldn't help shouting: "What are you doing? Hurry up."

This Yue Feng, what time is it, he still has the mind to chop down small trees, these small trees are only as thick as an arm, how could they block these elite soldiers of Nuliha?

At this time, in Nie Hongxue's heart, she thought that Yue Feng was really whimsical, but the next scene left her stunned.

Whoa!

I saw that dozens of soldiers rushed to the woods and were about to rush in, but they ended up entering the five-element formation deployed by Yue Feng. They were like headless flies, circling in and out, but they couldn't get out.

The soldiers behind were unaware of the situation and urged them one after another.

"Come on, what are you doing here?"

"The two of them ran away in a while..."

"Go, go..."

Hearing the urging, the trapped soldiers all complained.

"This forest is a little weird, I can't find a way out."

"Me too... These trees seem to be alive..."

What's going on?

Seeing this scene, Nie Hongxue was still a little anxious at first, but at this moment, she was stunned.

How did he do it? To use these small trees to besiege dozens of soldiers... It's amazing.

In shock, Nie Hongxue suddenly thought that Yue Feng had helped King Shaoyang guard Qizhou City, and he had blocked hundreds of thousands of troops. Since he has the ability to block hundreds of thousands of troops, it is not a piece of cake to deal with soldiers like Nuliha.

Thinking of this, Nie Hongxue looked at Yue Feng closely, and a different feeling rose in her heart.

Although this Yue Feng is slick, he has to say that he is indeed a talent that is rare to see in a century. It would be great if he could stay by the princess's side all the time...

"Why are you stunned?"

When Nie Hongxue was stunned, Yue Feng collected the daggers and walked over with a smile: "Those idiots are trapped by me, let's go before they come out." The

voice fell, Yue Feng grabbed Nie Hongxue's hand and rushed towards the other direction of the woods go.

Nie Hongxue was still in shock and did not recover, so she let Yue Feng pull.

call!

Finally, after escaping from the woods to a safe area, Yue Feng breathed a sigh of relief and said with a smile, "Okay, now it's safe."

Nie Hongxue responded, and when she saw Yue Feng's hand being pulled, her delicate face suddenly blushed. Break free now.
