

The ultimate husband in Chinese chapter 6556

Slap!

The next second, Nie Hongxue bit her lip and kicked Yue Feng's calf.

This kick wasn't very hard, but Yue Feng couldn't help jumping up, crying and laughing: "What are you kicking me for?"

"Who told you to take advantage of me?" Nie Hongxue blushed and said angrily.

Uh...

Yue Feng is very speechless: "I am saving you, how can I take advantage of you? Nuliha's army of more than 100,000 people, that small formation, can't hold back for long, don't run fast Come on, we're both going to be arrested."

Hearing this, Nie Hongxue snorted coldly, ignored it, and walked quickly towards the bedroom.

Yue Feng shook his head and smiled, and followed slowly.

"That's right!"

Nie Hongxue calmed down a bit when she was about to get to the bedroom, and suddenly thought of it, she turned her head and asked Yue Feng, "Tomorrow is the Moon Worship Festival. What's your plan next?"

This Yue Feng asked. Acting unexpectedly, Nie Hongxue couldn't help but feel a little curious.

call!

Yue Feng took a deep breath and showed a smile: "Go back to the bedroom to rest first, enough rest, continue to contact the wolves to raid the Nuliha camp."

"I want to make Nuliha mentally exhausted before tomorrow's Moon Festival. , don't think about peace for

a moment." When he said this, Yue Feng had a smile on his face.

What? We still have to raid the camp...

Nie Hongxue's delicate body trembled, and she stared at Yue Feng blankly, only to think that the person in front of her was really crazy: "We managed to escape the pursuit just now, do you want to go later?"

This Yue Feng's actions are indeed extraordinary.

Haha...

Seeing her stunned expression, Yue Feng said seriously: "The so-called soldier never tires of deceit, even you didn't expect that I would dare to go back again, so Nuliha is even more unexpected."

"I want to completely attack Nuliha, and the morale of his army, just one surprise attack is not enough."

At this moment, Nie Hongxue Xiumei frowned, and couldn't help repeating Yue Feng's words in her heart: "A soldier never tires of deceit". Thinking about it carefully, it really is the case.

Muttering in her heart, Nie Hongxue became even more curious about Yue Feng.

This Yue Feng is almost omnipotent, not only can he arrange troops, he can also refine pills, and he can speak animal language.

Out of curiosity, Nie Hongxue asked gently, "Yue Feng, can you tell me? Who is your master?" While asking, Nie Hongxue was thinking about the admirable seniors in the world today.

Um!

Yue Feng scratched his head, pondered for a moment, and responded, "Respect the teacher's name is Guiguzi." Speaking of which, Yue Feng was reluctant to say it, but he had been working with Nie Hongxue for a long time, and had been keeping things secret. It was really embarrassing. Simply said it.

"Guiguzi?" Nie Hongxue was stunned for a moment, her mind went blank for a moment.

Is this name so weird?

Afterwards, Nie Hongxue reacted and looked at Yue Feng in a complicated way: "When has this character ever existed in Jianghu? Why haven't I heard

of it?" When he spoke, Nie Hongxue was very puzzled.

She thought about the outstanding people in the arena today, but she couldn't think of one called 'Guiguzi'.

At this time, Nie Hongxue didn't know yet that the Guiguzi that Yue Feng was talking about was an existence in another human world and did not belong to this continent at all.

Haha...

Seeing her dazed face, Yue Feng couldn't help laughing, and then said seriously: "My master is indifferent to fame and fortune, he has been living in seclusion in the mountains, and rarely sets foot in the rivers and lakes, so few people know about it."
The

real situation Can't say, just find a reason.

I see.

Nie Hongxue suddenly nodded, then looked at Yue Feng: "So, you were living in seclusion in the mountains before?"

Yue Feng nodded: "Yes."

"Then what is your purpose for going down the mountain this time?" Nie Hongxue became more and more curious. .

call!

Yue Feng took a deep breath, the shadow of the God King Haotian appeared in his mind, and slowly said: "Catch a person, this person's strength is unfathomable, and his ability is no less than mine, if he is left alone, it will definitely become a disaster for the entire continent. ."

Nie Hongxue was taken aback: "Your ability is not inferior to you?" The Yue Feng in front of him was already very powerful, and now there is another existence whose ability is not inferior to him. For a time, Nie Hongxue just felt that his brain was not enough.

The ultimate husband in Chinese chapter 6557

Hmm! Seeing Nie Hongxue's shocked expression, Yue Feng was indifferent, scratching his head and saying,

"But it's not difficult to deal with him. I wasn't there before, otherwise, he wouldn't be able to help Ji Beiye break Qizhou City."

Feng looked up at the slowly rising sun: "So, I want to help the princess sit on the throne as soon as possible, and then go back to Dayan to find him. Otherwise, the consequences will be disastrous."

Hearing Yue Feng's words, Nie Hongxue did not respond, but in her heart Was shocked.

Speaking of which, Nie Hongxue had been traveling in the arena for a few years before becoming a bodyguard by Princess Yiyi's side.

Seeing that the sky was bright, Yue Feng said no more, and returned to the bedroom with Nie Hongxue.

After resting in the palace for a few hours, Yue Feng contacted the wolves again and launched a surprise attack while Nuliha's soldiers were repairing the camp.

Under the secret command of Yue Feng, the wolves advanced and retreated in a moderate manner and cooperated tacitly. Even if Nuliha was in command, he could leave calmly. Until midnight, Yue Feng commanded the wolves to raid eight times, during which there were very few casualties.

Under the surprise attack of the Fire Temple Wolf, both Nuliha and the soldiers in the main camp were exhausted. One by one was almost tortured to the point of collapse.

Especially Nuliha, seeing the wolves coming and going like the wind, almost vomited blood on the spot, but there was nothing he could do.

After the last raid, Yue Feng was satisfied and returned to the palace as soon as possible.

At this time in the bedroom, Princess Yiyi has not rested yet, and has been waiting for news from Yue Feng.

"Mr. Yue Feng!"

At this time, seeing Yue Feng's return, Princess Yiyi was very happy, and hurriedly greeted her: "How is the situation?" Speaking of which, when she first heard that Yue Feng could summon wolves, Princess Yiyi didn't believe it at all.

But after listening to Nie Hongxue's report during the day, Princess Yiyi realized that Yue Feng was not bragging.

It's just... It's too risky to let the wolves raid continuously in one day, after all, Nuliha is not an ordinary person.

Hehe...

Seeing Princess Yiyi's urgent look, Yue Feng smiled slightly and said: "The plan is very successful, after I successively raided Nuliha's camp, one by one is exhausted and the army is disillusioned, even if it is tomorrow's Moon Festival. , Nuliha tore his face and started on the spot, and those soldiers are not strong anymore."

Great!

Hearing this, Princess Yiyi was very excited, and her delicate face couldn't hide her admiration: "Mr. Yue Feng, you are really amazing." To

be able to summon so many fiery wolves to raid the camp, how could it be for thousands of years? , Who can do it in the entire Hu people?

At this moment, Nie Hongxue next to him also looked at Yue Feng closely, his eyes flashed with complexity, and he raided the camp eight times in a row. This seemingly impossible thing really made him do it...

"Mr. Yue Feng

At this moment, Princess Yiyi asked excitedly: "What should we do next?" In the past few days, Yue Feng's deployment is often unexpected, and Princess Yiyi has begun to rely on him .

call!

Yue Feng breathed a sigh of relief. At this time, he was in a very happy mood. He said with a smile: "Next, of course, it is to create public opinion." To

create public opinion?

Hearing these words, Princess Yiyi and Nie Hongxue looked at each other with puzzled expressions. I haven't guessed Yue Feng's intention.

Seeing their expressions, Yue Feng smiled secretly. It seems that the development of Tianxin Continent is not as long as that of Kyushu. He doesn't know how to use public opinion. You must know that sometimes, the influence of public opinion is more important than real swords and real guns.

Thinking to himself, Yue Feng explained patiently: "It's very simple, starting from tonight, we will spread rumors in the entire royal court, saying that Nuliha offended the fire temple wolf, was disrespectful to the totem, and was punished by the sky, so he is a big deal. The camp will be raided by the fire wolves."

Speaking of this, Yue Feng showed a meaningful smile: "As soon as this kind of public opinion comes out, the entire royal court people will definitely be dissatisfied with Nuliha, and more importantly, they will be shaken. The military spirit of his battalion."

Shua!

Hearing these words, both Princess Yiyi and Nie Hongxue's eyes lit up, only to feel that their hearts were suddenly enlightened.

What a wonderful idea.

The ultimate husband in Chinese chapter 6558

“Just...”

Under the excitement, Princess Yiyi thought of something, glanced at Nie Hongxue and said, “To spread rumors, you need to find a reliable person. Sister Hongxue is inconvenient to come forward, Yue Mr. Feng is also not suitable, who should go?”

After saying that, Princess Yiyi Xiumei frowned, a little tangled.

Nie Hongxue, who was beside him, also pondered.

Hehe...

Yue Feng smiled slightly and said: “Princess don’t have to worry, I have already thought about the candidate.”

After speaking, Yue Feng shouted outside the palace: “Brother Xing, come in. It’s up to you now. Don’t hide it.”

Whoosh!

The voice fell, and a tall and burly figure walked in quickly from the outside, with a strong aura around him.

It was Xing Tiance.

In the past few days, under the arrangement of Yue Feng, Xing Tiance has been hiding around the palace, secretly protecting the safety of Princess Yiyi, and has never slackened for a moment.

Who is this person?

Seeing Xing Tiance, both Princess Yiyi and Nie Hongxue were secretly surprised.

Especially Nie Hongxue, who carefully looked at Xing Tiance with her eyes, her mood was extremely complicated, and it was strange that the aura on this person was so familiar that she seemed to have seen it somewhere.

At that time, when Xing Tiance assassinated the princess, Nie Hongxue didn’t recognize her because she was covering her face.

At this time, Nie Hongxue was puzzled, and asked Yue Feng, “Yue Feng, who is this person?” When asking, she did not forget to block Princess Yiyi behind her.

call!

Yue Feng let out a sigh of relief and said, "Don't panic, princess, his name is Xing Tiance, he was the commander-in-chief of the palace of the Dayan Dynasty before, because the imperial capital was attacked by Ji Beiye, he was seriously injured and finally went into exile here. Then by chance, he became an assassin."

The assassination of the princess at that time was a complete misunderstanding, and now he has abandoned the dark and turned to the light."

What? Is he an assassin?

Hearing this, Princess Yiyi's delicate face suddenly became flushed, and she couldn't help but take two steps back.

At the same time, Nie Hongxue also had a cold look on her face, and then she quickly drew out the long sword, as if she wanted to do it at any time.

But Princess Yiyi quickly reacted and looked at Yue Feng and said, "You said just now that he has joined us? He has been secretly protecting me for the past few days?"

"Yes!" Yue Feng nodded solemnly.

At the same time, Yue Feng winked at Xing Tiance.

Xing Tiance understood, and hurriedly stepped forward and saluted Princess Yiyi: "Xing Tiance, I have seen the princess before! The assassination was completely unavoidable, and there was a big misunderstanding. I hope the princess will not be seen outside."

Seeing him with a sincere face, plus it was recommended by Yue Feng, Princess Yiyi put down her vigilance and guard, nodded, and said softly: "It turns out that Your Excellency is the commander-in-chief of the Imperial Palace of the Dayan Empire. Since it is a misunderstanding, how can this princess care about it? It's over, General Xing, don't worry about it."

She was kind-hearted, Yue Feng had explained it very clearly just now, and naturally she wouldn't be fussy.

At this moment, Nie Hongxue also put away the long sword.

"Thank you Princess for being kind." Xing Tiance saluted again.

"General Xing is very polite."

At this moment, Princess Yiyi smiled and said, "The general's status is noble, and it is really embarrassing for you to spread rumors on the streets."

Xing Tiance shook his head and said earnestly: "It is my honor to be able to serve the principal, and it is also my honor to make up for the recklessness of the past."

"Okay!"

Seeing him say this, Princess Yiyi no longer refuses: "That's trouble. General."

"Don't worry, princess, this matter is covered by me." Xing Tiance nodded, then said goodbye to Yue Feng, turned and walked out of the bedroom.

Looking at the back of Xing Tiance leaving, Yue Feng showed a smile.

I have to say that Xing Tiance's work efficiency is very high. An hour later, Nuliha blasphemed the totem, and then was punished by the heavens, which spread all over the royal court.

After learning this news, both the people of the royal court and the leaders were dissatisfied with Nuliha.

....

this moment, the other side.

In the camp, Nuriha sat there with a gloomy expression on his face.

The ultimate husband in Chinese chapter 6559

Early in the morning, I found someone on the hillside, and Nuliha realized at that time that the fire wolf wolf raided the camp was deliberately done, and immediately ordered his subordinates to pursue it.

But what he didn't expect was that when the soldiers chased the edge of the woods, they were trapped.

At that time, Nuriha was very angry, so he called the soldiers behind to cut down all the small trees, and the trapped soldiers were freed. However, the two suspicious people have long since disappeared.

That's not all. After Nuliha led the soldiers back to the camp, just after the mess was sorted out, the Fire Sideburns attacked again...

Then, it was the third time, the fourth time!

This annoyed Nouriha.

What made him even more angry was that no matter how he deployed, the wolves still had a way to evacuate safely after the raid.

After being raided nine times before and after, the soldiers of the entire camp were exhausted and in a state of embarrassment. At that time, Nuliha was about to explode with anger. The dignified Hu people's hundreds of thousands of elite soldiers could not deal with a group of wolves.

What a shame.

"All officers and soldiers obey orders!"

At this time, Nuliha's face was gloomy, and he instructed the general in front of him: "Strictly defend the camp, and report the whereabouts of the Fire Temple Wolf immediately!"

When he said this, the slave Riha was irritable.

Mad, if it wasn't for these fiery wolves coming to raid, he would be enjoying the tenderness of beauty.

"Yes, General!"

Upon hearing the order, the generals present responded in unison, and then quickly went out to prepare for deployment.

At this time, a guard from the General's Mansion rushed in, sweating profusely: "General, it's not good..."

"Go to Nima!"

Nuriha was in a bad mood, and when he heard the word 'not good', he suddenly felt bad, and scolded: "You unlucky bastard, what happened again?"

At this time, Nuliha had a grim expression on his face, almost going crazy.

On this day, the camp was attacked by fire wolves again and again, and until now, I haven't recovered. When I heard that something happened again, no one else could calm down.

"General!"

Feeling Nuliha's anger, the guard grimaced and said in fear: "It's the whole royal court that has happened, I don't know where the news came from just now, saying... that the general blasphemed the totem and angered him. I have received the punishment from the sky, so the main camp will be continuously raided..."

When he said this, the guard carefully looked at Nuliha's face and continued: "Now the entire king The court has spread, and many gossips say that the general is arrogant and arrogant, and is not qualified to handle government affairs on behalf of Wang Khan..."

Bang!

Hearing these words, Nuliha was furious, and immediately slapped his chair and stood up, shouting, "Made, who leaked the news? Do you want to die?"

When he yelled, Nuliha's eyes were full of rage Killing intent.

Nuliha knew very well in his heart that the fire wolves were the totems of the Hu people, and it was of great significance. The fact that the camp was raided by the fire wolves must not be leaked, so he issued an order to keep the soldiers of the entire camp tight-lipped, no matter what. Can't say it out, otherwise it will be dealt with by military law.

But he never expected that this matter would be leaked, not only it was leaked, but even the entire royal court people knew about it, and letting it develop would seriously affect his prestige.

"Check!"

In anger, Nuliha almost roared: "Go check immediately, who leaked the news, and beheaded directly after being caught."

Afterwards, Nuliha thought about it and continued: "Also, put up notices at various intersections in the royal court immediately. It is strictly forbidden to discuss this matter. If anyone does not listen, they will be arrested immediately."

When he said this, Nuliha's eyes Flashing crazy.

Tomorrow is the Moon Festival, and I have prepared to take control of the power. At this critical moment, there must be no mistakes.

"As you ordered!"

.....

and soon the next day.

Early in the morning, Yue Feng and Xing Tiance rushed to the bedroom and reunited with Princess Yiyi. In order to conceal their identities, Yue Feng and Xing Tiance deliberately changed into the armor of guards.

"General Xing!"

At this time, Princess Yiyi couldn't hide her curiosity and asked Xing Tiance, "How was the public opinion created last night?"

The ultimate husband in Chinese chapter 6560

Xing Tiance smiled: "Back to the princess, the situation is very smooth, and the whole royal court has spread the word."

After speaking, Xing Tiance turned his head: "However, after Nuliha knew the situation, he quickly sent someone to the king's court. At all intersections in the court, signs are posted prohibiting people from talking about it."

Shuh!

Knowing the situation, Princess Yiyi's face froze: "This Nuliha is really daring to do things by himself, and it's too hateful for people to talk about it."

Nie Hongxue on the side was also very angry.

Ha ha!

However, Yue Feng was not angry at all, instead he showed a smile and said to Princess Yiyi: "Princess don't need to be angry, this is a good thing for us."

"If there is oppression, there will be resistance, Nuli. If Ha Yue uses such tough tactics, the people below will be more dissatisfied with him." That

makes sense!

At this moment, when they heard Yue Feng's analysis, Princess Yiyi and Nie Hongxue thought about it carefully and thought it made sense, so they nodded in agreement.

At this moment, a maid walked in and respectfully said to Princess Yiyi: "Princess, General Nuliha, and all the leaders are already waiting in the Golden Palace."

Hmm!

Princess Yiyi responded and walked out of the bedroom first, walking towards the Golden Palace.

Yue Feng and Nie Hongxue followed closely behind.

When he arrived at the Golden Temple, he saw Nuliha, dressed in bright armor, standing in the center of the Golden Temple, majestic, but he couldn't hide the tiredness between his brows.

Yesterday, the camp had been raided by fire wolves, which made Nuriha tired both physically and mentally.

On both sides of the hall, various leaders have also arrived.

“The princess is here!”

Seeing the appearance of Princess Yiyi, Nuliha squeezed out a smile and greeted her: “I haven’t seen you for a few days, the princess is really still beautiful. By the way, I heard that the princess was assassinated twice, fortunately In the end, there is no danger.”

Speaking of this, Nuliha said hypocritically: “I have arranged for the manpower in the past two days to carefully search the entire royal court. Please rest assured, princess, I will definitely find the murderer as soon as possible.”

Saying this At that time, Nuliha’s attention was all on Princess Yiyi, and Yue Feng and Xing Tiance were both wearing guards’ clothes, so Nuliha didn’t see it at all.

call!

Seeing his face, Princess Yiyi felt the disgust in her heart and said indifferently, “Thank you then!”

At the same time, Yue Feng and Nie Hongxue also sneered secretly.

This Nuliha is really disgusting and despicable. You arranged the two assassinations, but now the thief is calling him a thief. Also, it looks pretty similar.

At this moment, Nuliha thought of something, looked at Princess Yiyi with a half-smile and asked, “Princess, you said you wanted to investigate the cause of Wang Khan’s death. Did you find out?”

When asked, Nulihaman He had a smile on his face, but wickedness and cunning flashed in his eyes. Although in Nuliha’s heart, Princess Yiyi did not threaten at all, but there are some things that need to be sidelined.

Princess Yiyi was too lazy to talk nonsense with him, and said lightly: “It will come to light soon.”

“Really?”

Nuliha was stunned for a while, then smiled and said: “That’s great, if the princess needs help, just ask, I, Nuliha, are willing to do the hard work of dogs and horses.”

Hypocrisy!

Princess Yiyi scolded secretly, but didn't bother to pay attention to it at the time, looked outside and said to the leaders present: "It's getting late, it's time to go to the Moon Worship Altar."

The annual Moon Worship Festival is the most important day for the entire Hu people, so the royal family specially built the Moon Worship Altar on the mountain north of the royal court for the royal family to worship.

"The princess is right, it's time to leave."

At this moment, Nuliha nodded, and then called out to the golden hall: "Everyone is ready, go to the Moon Worship Altar." The voice fell, and he took the lead in striding. Get out of the hall.

All the leaders followed.

hateful!

Seeing this scene, Nie Hongxue was very angry and couldn't help saying: "This Nuliha is really daring, he really treats himself as a king sweat."

Princess Yiyi smiled, very calm: "Let him be proud for a while.

" With the help of an expert like Yue Feng, he will be able to bring down the traitor Nuliha today.

Um!

Seeing that the princess is rarely so calm, Yue Feng nodded approvingly: "The princess is right, let him be proud for a while."
