

The ultimate husband in Chinese chapter 6566

Wow....

Hearing these wolf howls, everyone present was agitated for a while, and their eyes were also looking towards the hillside.

Especially Nuliha, his heart was shocked at that time, and he followed the eyes of everyone. When he saw it, his mind was buzzing and blank.

I saw that there were a lot of fiery wolves on the hillside, more than a hundred of them.

This... for

a time, Nuliha was a little surprised in addition to being flustered.

How did these fiery wolves find the Moon Worship Altar?

At this time, Nuliha didn't know that it was Yue Feng's plan for the wolves to find this place.

Just when Nuliha's mind was in chaos, the surrounding of the Moon Worship Altar completely exploded, and there were bursts of exclamations from the crowd of people.

"Wolf pack..."

"Fire wolves, my God, there are so many fire wolves."

"So many..." In the

exclamation, many people were completely stunned. Although they were far away, they were so The many fiery wolves gathered together, and the terrifying aura that filled them still made the legs of many people go weak, and many people sat on the ground on the spot, their faces turning pale.

For these Hu people, the Fire Temple Wolf is a totem beast, with a high status and uncertain whereabouts. Some people have never seen the Fire Temple Wolf in their entire life, but seeing so many at this time, the shock in their hearts can be imagined.

"Oops!"

At this moment, Yue Feng exaggeratedly shouted, pointing at Nuliha: "Nuliha, you arrested the wolves privately and angered the wolves, and now they're all here. , you still don't admit it?"

When he said this, Yue Feng looked serious, but his eyes flashed with slyness.

To be honest, with Nie Hongxue and Xing Tiance there, Yue Feng originally had many ways to assassinate Nuliha, but it was too cheap for him. The best punishment for him was to announce the truth to the public. Princess Yiyi could also succeed to the throne logically.

“You...”

Nuliha was a little flustered at first, and when he heard Yue Feng’s words, he was almost speechless: “How dare you talk nonsense? As soon as my Nuliha becomes loyal to the Hu people, how could it be against totems? Disrespectful beasts?” After the

voice fell, the lieutenant also shouted angrily at Yue Feng: “The fiery temple wolf beside Wang Khan was sent by the sky, why are you talking nonsense again and again?”

Haha!

Yue Feng chuckled: “What’s the truth, we’ll find out later.”

“Ow, ooh!”

At this moment, the wolves on the hillside let out a wolf howl again, and the howling went straight to the sky, shocking the soul. .

Hearing the howls of wolves, the people around the altar of the Moon were both shocked and frightened. Many people were so frightened that they slumped on the ground and urinated their pants. .

“Everyone, don’t panic!”

Seeing this scene, Yue Feng shouted at the people: “Fire-side wolves are totem beasts of the Hu people. They have clear grievances and only attack their own enemies, and will not hurt innocent people. .”

Speaking of this, Yue Feng looked at Nuliha with a half-smile but not a smile: “Yeah, Nuliha!”

Huh.... After

hearing this, many people calmed down and stopped. Yes, the fiery sideburn only protects the Hu people, how can it hurt people indiscriminately?

Thinking of this, everyone’s eyes converged on Nuliha, waiting for his answer.

call!

At this moment, under the attention of the public, Nuliha tried his best to calm himself, and responded coldly to Yue Feng: "Of course, the fire sideburn will not hurt people, especially the barbarians.

" Nuliha looked around with a proud expression: "I won't hurt the king of the Hu people."

Nuliha is not stupid. He knows the current situation. The most important thing is to establish prestige. It is difficult for the Hu people to convince the public.

Hearing his explanation, Yue Feng secretly sneered, and immediately said: "Really? How to explain the current situation?"

Mad!

Nuliha's face was gloomy, and his heart was very annoyed.

At this time, Nuliha wanted to kill Yue Feng immediately, but with so many people around, he held back for the time being, and immediately thought about it, and said coldly: "Does this need to be said? Today, I am Nuliha. Heaven's arrangement, succession to the throne, these fiery sideburns are naturally here to cheer."

The ultimate husband in Chinese chapter 6567

"Not bad!" The

voice fell, and the lieutenant next to him quickly echoed: "For thousands of years, once the Hu people have a wise king, there will be a vision. Recently, so many fiery wolves have come to witness the king. Khan's succession to the throne shows that Wang Khan is a great king."

Speaking of which, the lieutenant stared at Yue Feng: "And you, you have offended Wang Khan several times and uttered outrageous remarks, which is a crime that deserves death.

" Not to mention, Nuliha and the lieutenant sang together, and what they said was a real thing. Many leaders and people present believed it and nodded silently.

Nima...

At this moment, Yue Feng couldn't help but curse, this Nuliha can really make up.

Thinking to himself, Yue Feng laughed, looked at the lieutenant and said: "According to you, Nuliha is really the chosen person, destined to be Wang Khan?"

" Of course, can't you see?"

Hehe...

Yue Feng laughed and turned his eyes to Nuliha: "Since you said that these fiery wolves are here to cheer for you, they will definitely treat you as well. Respectfully."

"Well, in front of everyone, go around the wolves and let us see the majesty of your king."

Shuh!

When the words fell, whether it was the leaders or the people around them, they all looked at Nuliha, waiting for his response.

Princess Yiyi and Nie Hongxue snickered secretly.

Yue Feng's move was too damaging. Let Nuliha go to the wolves for a circle, and he might as well kill him directly.

Faced with this situation, Nuriha's face changed instantly, with anger and panic. These fiery wolves are obviously here for revenge, haven't they been torn to shreds in the past?

The panicked colleague, the anger in Nuliha's heart, is also rushing up.

This guard is really getting more and more presumptuous, if there are not so many people present, I really want to kill him immediately.

"Nonsense!"

At this time, the lieutenant responded, pointing at Yue Feng and shouting: "Wang Khan's status is so noble, how can he enter the wolves alone? I think you are not bad-hearted."

"Hehe!"

Hearing this After that, Yue Feng chuckled: "Wang Khan's status is naturally respected, don't tell me the fire sideburns don't respect it? Listening to your words, the totem beasts of the dignified Hu people are not as important as Wang Khan. What is your intention?" The

last one The words fell, and there was a lot of discussion around.

"You..."

Facing Yue Feng's rebuttal, the lieutenant's face flushed and he was speechless for a while.

Because what Yue Feng said was right, the Fire Temple Wolf was a totem beast, and it was worshipped by the entire Hu people, even if Wang Khan saw it, he had to respect it.

And what the lieutenant said just now, obviously Wang Khan's status is higher than that of Huobianlang, which completely violated the customs and etiquette.

"Ow, ooh..."

At this moment, the wolves on the hillside howled again.

The reason why the wolves have not launched an attack is because they are worried about the fire wolf beside Nuliha. You must know that there is a strong induction between the fire wolves. At this time, the wolves can feel that the captured one Fire Temple Wolf, was forcibly taken medicine, if it is rashly attacked, I am afraid it will backfire.

In this case, the wolves kept howling, trying to wake up the fiery wolves beside Nuliha.

"Ouch..."

Finally, under the constant calls of the wolves, the fiery sideburn wolf beside Nuliha finally regained consciousness, raised his head and let out bursts of howl in response, while constantly swinging his body, trying to break free from the rope.

Oops!

Faced with the situation, Nuliha couldn't calm down any more, holding the rope tightly in his hand, while whispering: "Don't bark, be honest."

However, the more he reprimanded, the more the fiery temple wolf resisted.

Haha....

Seeing this scene, Yue Feng couldn't help laughing, this Nuliha plan is about to be revealed, let's see how you can keep it up...

Thinking to myself, Yue Feng gestured to Nie Hongxue .

Nie Hongxue understood, took a step forward, and said coldly to Nuliha: "Nuriha, you don't have to pretend, this fiery sideburn wolf was caught by you, and the wolves on the hillside are also looking for revenge on you, what? The chosen person is completely made up by you." The

voice fell, and Princess Yiyi also came out.

The ultimate husband in Chinese chapter 6568

“Nuriha!”

At this time, Princess Yiyi’s delicate face was full of frost, and her tone was cold: “You murdered my father Khan, and then tried to snatch the throne. You are so rebellious, what should you blame?”

Voice Light and crisp, but full of aura, no doubt.

“I...”

Nuliha was originally upset by the wolves, but at this time, facing Princess Yiyi’s scolding, her mind went blank, and she didn’t know how to answer at all.

But soon, Nuliha calmed down and said loudly: “You guys don’t have a lot of blood, I am loyal and I have never murdered Wang Khan.”

After speaking, Nuliha looked at Princess Yiyi coldly: “Princess, I respect You are the royal family, and you are courteous to you again and again, but don’t think that you can slander me casually. If you say that I murdered Wang Khan, show evidence, and if you can’t show it, don’t blame me for being rude.” The

last word fell, Nuliha Madness flashed in his eyes, and then he waved his hand!

At this time, Nuliha has completely lost his patience. In his heart, the situation has been firmly controlled by himself. Even if Princess Yiyi is arrested, no one dares to say anything, so there is no need to waste words.

Whoa!

Seeing the gesture, the elite soldiers around the altar of worship immediately rushed up and surrounded Princess Yiyi and Yue Feng. Faced with this situation, Nie Hongxue’s pretty face froze, she immediately drew out her long sword, blocked Princess Yiyi

behind her, and yelled at the surrounding soldiers, “If you go against you, whoever dares to touch the princess will die!”

Calm down.

This Nuliha finally couldn’t stand it anymore.

call....

At this moment, the people who were watching around were also secretly shocked, and many people even whispered.

“Nuriha and the princess have turned their faces.”

“Nuriha is arrogant and domineering, the princess’ words may not come out of nowhere...”

“Yes, Princess Yiyi has always been kind and cannot be framed casually...”

Under the discussion, many The people looked at Nuliha’s eyes, revealing a trace of hostility.

“Evidence?”

At this moment, Princess Yiyi did not panic at all in the face of the siege of the surrounding soldiers. She stared at Nuliha and said, “I will show you the evidence now.”
The

voice fell, and Princess Yiyi clapped her hands. .

Whoa!

In an instant, I saw a slender figure surrounded by a few guards in the crowd of people below, walking quickly towards the Moon Worship Altar. A gorgeous dark blue robe, with a delicate face, charming curves, and a bit of resentment between his brows.

It is the queen!

Yes, the Queen’s appearance now is also arranged by Yue Feng.

What...

Seeing the Queen’s appearance, Nuliha’s heart was shocked, and the whole person was stupid.

queen? Why is she there?

A few days ago, Yue Feng rescued the queen, when Nuliha was very angry, he secretly sent someone to search the entire royal court, even the bedroom, but found nothing.

The search was fruitless. Nuliha thought that the queen had escaped from the Hu people, but she never expected that she would appear at the Moon Worship Altar today.

shuh....

At this moment, the leaders present, as well as the common people, also stared at the queen closely, feeling emotional.

“The queen is here!”

“The queen is so beautiful...”

“Didn’t you say that the queen murdered Wang Khan and was put in prison? Why is she here?”

Just when everyone around was amazed, the queen had already arrived. On the altar of worship, after giving Nuliha a stern look, he said to the audience:

” Everyone, Nuliha murdered Wang Khan, and robbed the throne. After I was in prison, I secretly sent someone to arrest me in his general’s mansion in an attempt to humiliate...”

In the next minute, the queen explained the situation in detail.

What?

Knowing these circumstances, whether it was the surrounding leaders or the common people, they were all furious. The Queen personally came forward to confirm that there is still a fake?

For a time, under the anger of the public, they all attacked Nuliha.

“The thief, how dare you try to sully the queen...”

“It’s abominable, I was almost deceived by him just now. It’s not a pity to die a hundred times for such a scoundrel and thief!”

Facing the anger of the crowd, Nuliha couldn’t calm down at all. With an extremely ferocious face, he pointed at the queen and Princess Yiyi and shouted: “Take it, take it all down.” What

if the truth is exposed? With a heavy army in hand, why should you be afraid of two women?

The ultimate husband in Chinese chapter 6569

Hearing the order, the lieutenant rushed out first and shouted: “Go!” The

voice fell, and many soldiers drew long knives and rushed towards the queen and Princess Yiyi.

“You guys are really courting death!”

At this moment, Nie Hongxue shouted tenderly, her delicate face full of anger:

“Following Nuliha’s rebellion and rebelling, have you thought about the consequences?”
In the

tender voice, Nie Hongxue appeared lightly, and the deputy generals Fight.

hum!

At the same time, Xing Tiance, who had been waiting for the opportunity, also pulled out his long sword to help Nie Hongxue deal with the group of enemies.

Yue Feng took the opportunity to pull Princess Yiyi and the queen aside, and then quietly released the fiery sideburn beside Nuliha.

“Ow!”

The fiery temple wolf was freed, and immediately let out a howl, and quickly rushed out of the Moon Worship Altar.

Seeing that their companions were rescued, the wolves on the hillside burst into a howl again, and then like a whirlwind, they rushed down the hillside in a mighty manner and came towards the Moon Worship Altar.

Mad!

Seeing the situation, Nuliha was about to explode with anger. At that time, his eyes were fixed on Yue Feng: “Boy is bad for me. If you don’t cramp your skin, I will swear by Nuliha.” The

last word fell, Nuli Ha drew out his long sword, and his figure was like a cheetah, heading straight for Yue Feng.

Nima, hurry up.

Seeing Nuliha burst out, Yue Feng did not panic at all. At that time, his figure flashed, and he flexibly dodged and shouted: “Nuriha, are you angry? I advise you to confess your guilt quickly, and maybe you can leave a note. Whole body...”

Although Yue Feng’s strength has not fully recovered, it is not a problem to avoid Nuliha’s attack.

“I recognize Nima!”

Nuliha scolded, waving the long knife again, and slashing at Yue Feng.

It was at this time that the wolves had already rushed to the Moon Worship Altar. For a time, the surrounding soldiers were inexplicably frightened, and many abandoned their swords and fled.

Yesterday, the camp was raided nine times by wolves. These soldiers were exhausted from torture and had long suffered from psychological shadows. At this time, facing the wolves, they simply did not have the courage to fight.

“General!”

Then, a soldier shouted at Nuliha: “The wolves are attacking, let’s retreat.” While speaking, the soldier’s legs were weak, and he could hardly stand still.

“Shut up, Lao Tzu.”

Nuliha’s face was full of anger, and he almost roared: “What about the wolf pack? I am Wang Khan, the king of the entire Hu people, hurry up to meet the enemy, who dares to escape and kill without mercy! “

Yes, General!”

Hearing the order, the soldier responded, and then turned with the other soldiers and quickly deployed a formation to deal with the attack of the wolves. However, their morale was already in chaos, and they couldn’t stop it. In a blink of an eye, Many soldiers fell in a pool of blood.

Whoa!

Originally, the people around were a little flustered, but when they saw the wolf pack and Nuliha’s men fighting, they were all infected invisibly, and they cheered loudly.

“The great totem beast, kill the traitor Nuliha...”

“Yes, kill them!”

At the same time, Yue Feng saw that many soldiers lost their faith in fighting, and took the opportunity to shout: “All soldiers, you will not end well in rebelling with Nuliha, and now even the totem beasts are coming to punish you. If you continue to resist, there is only a dead end.”

“If you still have a little conscience, retreat quickly, and the wolves will only take revenge on Nuliha.” The

voice was not loud, but it spread throughout the entire Moon Worship Altar.

Huh...

Hearing this, many soldiers took a deep breath, and without a moment’s hesitation, they turned around and fled.

Mad!

Seeing this, Nuliha's eyes were red and blood red. This group of people who were greedy for life and fear of death actually left me at a critical moment...

That is, at this time, Nie Hongxue and Xing Tiance killed more than a dozen soldiers around them. And cooperate with the wolves to besiege Nuliha and others.

"Nuriha!"

At this moment, Princess Yiyi said coldly: "Do you plead guilty? If you plead guilty, I will keep your whole body!"

Hahaha....

Hearing this, Nuliha was stunned, and then looked up to the sky He laughed loudly: "Confession? I, Nuliha, have made illustrious military exploits for the Hu people for more than ten years, and the credits are numerous. The throne should have been succeeded by me, and you, just a woman of royal blood, what qualifications do you have in charge of? Hu people?"

The ultimate husband in Chinese chapter 6570

"I've been planning for so long, but I have suffered such a fiasco. It's just bad luck and injustice."

Speaking of which, Nuliha took out a few pills from his body and quickly threw them into his mouth, with a hideous and crazy expression. He roared: "If you have the ability to kill me, just come, I will not surrender until I die."

Om!

The last word fell, and a strong breath burst out from Nuliha's body, sweeping the entire Moon Worship Altar.

Feeling this power, both Nie Hongxue and Xing Tiance frowned.

Nima!

Yue Feng was also stunned, and couldn't help but curse in his heart.

This Nuliha is really cunning. He even carries so many pills with him, but I have to say that Nuliha took a few pills at once, and his strength increased several times. I am afraid that Nie Hongxue and Xing Tiance will be difficult to subdue him.

"Ow, ooh!"

At this moment, the wolves let out bursts of howl, and then a dozen or so fiery wolves erupted in unison and rushed towards Nuliha.

When they rushed into the air, more than a dozen fiery wolves opened their bloody mouths in unison, and spewed out flames. The flames formed a sea of fire, which instantly enveloped Nuliha.

In normal times, Nuliha would have panicked when faced with the situation, but at this time he was already insane, and the endless anger made him lose his mind. In addition, he just swallowed a few pills, and he was not afraid of the sea of fire at this time. .

call!

At this moment, Nuliha raised his hand and waved, deploying a protective film around his body to separate the fire.

After a few seconds, the flames gradually extinguished, and Nuriha's figure burst out and rushed into the wolves.

bang bang bang...

I saw that after taking the medicinal pill, Nuliha not only increased his strength several times, but also increased his speed a lot. At this time, it was like lightning, shuttled back and forth among the wolves, and he heard a sound of vibration, and there were ten. Several fiery wolves were knocked out by him.

Seeing this, Nie Hongxue and Xing Tiance glanced at each other, and they all burst out, cooperating with the wolf pack and Nuliha to fight fiercely.

"You two guards want to kill me too?"

Seeing Nie Hongxue and the two rushing, Nuliha's frantic face showed a sinister smile: "I will kill you first, and then slowly clean up the princess and the queen. Bitch!"

Buzz!

When the last word fell, Nuliha waved the long sword in his hand, and two dazzling sword lights erupted, meeting Nie Hongxue and Xing Tiance respectively.

The sword light pierced through the sky, with astonishing power.

At this moment, Nie Hongxue and Xing Tiance didn't have time to dodge and were hit by the sword light one after another. At that time, the two groaned and fell quickly.

"Pfft..."

After landing, Nie Hongxue's delicate face flushed red, and then he spurted out a mouthful of blood.

Xing Tiance's injuries were relatively minor. After all, he was the commander of the Imperial Guard of the Dayan Palace, but after being hit by the sword light, his face was extremely pale.

To be honest, in terms of normal strength, Nie Hongxue and Xing Tiance joined forces to defeat Nuliha with ease, but Nuliha just took a few pills, and his strength increased by more than five times.

In this case, the two are naturally not opponents.

Hahaha....

At this moment, Nuliha clenched the long sword and laughed proudly: "With your strength, you also want to kill me? Send you all to hell today."

The voice fell, and Nuliha's figure erupted, heading straight for Nie Hongxue and Xing Tiance.

Faced with this situation, Nie Hongxue endured the pain and quickly went up to meet him, followed by Xing Tiance. In the blink of an eye, the three of them fought fiercely again.

Bang Bang Bang...

For a while, the three figures were constantly shuttled back and forth, and the speed was so fast that it was difficult to capture.

Nie Hongxue and Xing Tiance cooperated tacitly, but in the face of Nuliha, who had increased his strength five times, it was difficult to suppress him. On the contrary, Nuliha relied on his strength to beat the two in a hurry.

Mad!

Seeing this situation, Yue Feng couldn't stand anymore, and he was secretly anxious.

If it goes on like this, I am afraid that Nuliha will not be able to be killed, and the princess and queen will also be in danger.

Under the anxiety, Yue Feng suddenly had a flash of inspiration and had an idea. He immediately wiped off the disguise on his face and shouted at Nuliha, "Nuriha, look who I am?"
