

The ultimate husband in Chinese chapter 6626

Chapter 6626: As

the words fell, Ji Kitano clutched his long sword and rushed towards the Red Flower Mother-in-Law again.

“General, we are here to help you.”

At the same time, more than a dozen generals arrived, and seeing the situation in front of them, they immediately did not hesitate for half a minute, and rushed up with shouts and drums, and together with Ji Beiye, surrounded the Red Flower Mother-in-law tightly.

“Come a few more, my wife is not afraid.”

Faced with this situation, the corner of the red flower mother-in-law’s mouth evoked a hint of fierceness, and after coldly spitting out a few words, she swung the chain knife and fought fiercely with several people of Ji Beiye.

Bang bang bang...

I saw the figures of the Red Flower Mother-in-Law and Ji Beiye several people, constantly colliding back and forth in mid-air, erupting into a roar, and everyone below was dazzled and shocked.

The movement attracted more soldiers to come and watch.

Call!

Seeing this scene, Yue Feng secretly breathed a sigh of relief, and without half a moment’s hesitation, quietly left the military camp and walked towards the river.

When he arrived at the river, Yue Feng saw that there were a lot of newly built warships and small boats, which should have been used by Ji Beiye in order to attack Qingyun City, originally there were heavy troops here, but at this time the soldiers were attracted to the direction of the camp gate, so Yue Feng easily chose a small boat and slowly headed towards the other side of the river.

For a moment, looking at the approaching Qingyun City, Yue Feng couldn’t help but murmur darkly in his heart.

Xing Tiance did not let me leave a few hours early, and it is estimated that he would have arrived in Qingyun City long ago, and handed over the covenant of the queen of the Hu people to the little emperor.

With that in mind, Yue Feng quickly rowed the boat.

.....
At this moment, Qingyun City.

Qingyun City is built by the river, has a history of thousands of years, the city is lined with shops, the degree of prosperity is no less than the imperial capital, but this time it is late at night, so it is somewhat deserted.

In the east of Qingyun City, near the river, there is a magnificent building complex, which is a pavilion and a pavilion, with a beautiful environment, luxurious and elegant, which is the main palace of Qingyun City.

Because of the special grace of the Dayan royal family and the many privileges of Qingyun City, the place where the city lord lives is almost comparable to the imperial palace.

At this time, at the door of a study in the backyard of the house, a man stood there, quietly waiting. Sword eyebrows, stary eyes, large figure, just a look that could not hide the tiredness.

It was Xing Tiance who had just arrived in Qingyun City.

After leaving the Hu tribe, Xing Tiance did not stop all the way, thinking that he could hand over the covenant to the little emperor as soon as possible, but along the way, he encountered many teams under Ji Beiye, and Xing Tiance could only choose to take a detour for safety.

In this case, Xing Tiance arrived several hours later than expected.

But at this time, Xing Tiance was finally relieved. After letting the lord of the city lead it, after meeting the emperor, he handed over the covenant, and his task was completed.

Seriously, Xing Tiance didn't want to be so troublesome, he wanted to meet the little emperor directly, but there was no way, this was Qingyun City, not the imperial capital, the palace where the little emperor lived was next door to the city lord's palace, and the guards patrolling and guarding outside were all the city lord's men.

Therefore, in order to see the little emperor, you must also go through the city lord.

“Haha...”

Just when Xing Tiance's spirit was relaxed, a burst of laughter came from the corridor not far behind him: “Commander Xing, it is really a long time to be unharmed.” The laughter was hearty and gave people an indescribable sense of intimacy.

Xing Tiance reacted quickly, and when he looked back, he saw a richly dressed middle-aged man, surrounded by several guards, walking quickly.

The man has thick eyebrows and big eyes, and his face is kind, but he also gives people an aura of not being angry and arrogant.

It was the Qingyun City Lord, Luo Ziyue.

Ha ha...

Seeing the city lord, Xing Tiance also showed a smile and quickly stepped forward to greet him: "Lord of the city, I have been absent for a long time." "A few years ago, Xing Tiance had worked with the lord of the city, and he was also an old friend, so it was naturally a pleasure to meet at this time.

The lord of the city quickened his steps, grabbed Xing Tiance's hand, and said eagerly: "Commander Xing, I don't know how happy I am to see that you are okay, when I heard that Ji Beiye rebelled against thieves to attack the imperial capital, His Majesty lost his whereabouts, and your life and death are unknown, during that time, I almost stayed up all night." With

that, the city lord commanded at the guards behind him, "Quick, go and prepare the banquet, I will take the wind and wash the dust for Commander Xing." "

The ultimate husband in Chinese chapter 6627

Chapter 6627: The

two guards answered and went to prepare.

However, at this moment, Xing Tiance quickly stopped: "Lord of the City, the matter of receiving the wind is over, now there are urgent matters, and it is impossible not to do it." What's

the matter?

Hearing this, the city lord was stunned and subconsciously asked, "What is so important?" He knew that Xing Tiance was a person who couldn't joke, saying that there was an emergency, that is, there was really an emergency.

Call!

Xing Tiance did not answer directly, but took a deep breath and looked at several guards behind the city lord. The matter of the covenant is not trivial, especially in the current situation, it is even more necessary to keep it secret, and the fewer people who know about it, the better.

Otherwise, the news would reach Ji Beiye, which would be very unfavorable to the alliance between Dayan and the Hu people.

Well!

Seeing Xing Tiance's expression, the city lord understood and immediately waved his hand: "Well, you can help me make a pot of tea, and then retire." "Yes

, lord of the city." Several guards answered and hurried to prepare.

At this time, the city lord smiled at Xing Tiance and said, "Commander Xing, please!" The words fell, and the lord of the city pushed open the study and went inside. Xing Tiance nodded and followed in.

Soon, the guards made tea and withdrew.

In the elegant study, only the city lord and Xing Tiance were left.

"Commander Xing."

At this time, the city lord handed a cup of tea to Xing Tiance and said with a smile: "At this time, you can taste the newly picked tea in Jiangnan."

Xing Tiance nodded, took a sip of admiration, and said, "Good tea." The

city lord smiled, and only then did he cut to the point, and Zheng Se asked, "What is the matter with Commander Xing?" So mysterious? Between words, there was urgency in his eyes.

Call!

Xing Tiance took a deep breath and said slowly, "It's about the Hu people." "Hu

people?" The city lord was taken aback, and his eyes widened at that time: "Didn't the Hu general Nuriha already lead his men to part ways with Ji Beiye?" How? Are they going to meddle in the war over here? At

this time, the city lord seemed to be a little nervous on the surface, but in fact, he was inexplicably excited in his heart. Although he was the lord of the city, his status in Qingyun City was noble, but he was only a small city lord, not even a prince, a day ago Ji Beiye secretly sent someone to seek cooperation, the city lord was very moved.

Therefore, half an hour ago, the city lord sent someone to the Jiangbei camp to secretly meet Ji Beiye. At this time, hearing Xing Tiance mention the Hu people, the city lord thought that the Hu people were going to join forces with Ji Beiye again, and his heart was naturally excited.

After all, as long as he helped Ji Beiye seize the world, he could be crowned as a prince and a marquis, could he not be happy?

Hehe!

At this time, Xing Tiance did not know the psychological activities of the city lord, and immediately smiled slightly, indicating that he should not be excited: "The city lord does not need to be nervous, in the future the Hu people will not invade our Dayan, maybe, in the future, we will help us deal with Ji Beiye, the rebel thief." What

?

Hearing this, the city lord was stunned: "Hu people want to help us?" What does this mean?

Xing Tiance took a sip of tea with a smile: "It is not a secret, I have just returned from the Hu people, and I have already obtained the covenant written by the Queen of the Hu people." In

the next few minutes, Xing Tiance explained in detail what he had encountered during this time in the Hu people.

At the end of the conversation, Xing Tiance carefully took out the Covenant Book, placed it on the table, and pushed it in front of the city lord: "The Covenant Book is here, and the stakes are very high at this time, so I need to face Your Majesty as soon as possible." This

....

At this moment, seeing the covenant book in front of him, the city lord's mind was buzzing, and the whole person was stunned.

There is also the Book of Covenants.

This Xing Tiance.... And that Mr. Yue Feng, who really has the ability to make Hu and Da Yan ally with him... If the Hu people send troops to help Dayan, Ji Beiye's great cause will be difficult to achieve, and when the time comes, he and Ji Beiye's cooperation will not be able to conceal it....

No, this covenant book must not be seen by the little emperor.

At this moment, the more the city lord thought about it, the more he was afraid, and his heart was also anxious, but he did not dare to show it in front of Xing Tiance, so he smiled falsely and praised: "Good, good, with the help of the Hu people, to eliminate Ji Beiye's rebellious thieves, it is just around the corner." "

Yes!"

Xing Tiance nodded in agreement, and then looked closely at the city lord: "So, please ask the city lord to take it to see His Majesty immediately." "

The ultimate husband in Chinese chapter 6628

Chapter 6628:

When he spoke, Xing Tiance's eyes were full of anticipation.

This one.....

In the face of Xing Tiance's urgency, the city lord stretched out his finger, poked his eyebrows, and said with great embarrassment: "It is late at night, Your Majesty must have rested." As he spoke, the lord of the

city turned his mind quickly and said to Xing Tiance: "Commander Xing does not know that during this time, Your Majesty has been displaced, first Xuangu Pass was betrayed, and then the city of Qi Zhou was breached, and his temperament became very strange and he often became angry." If I take you to disturb his rest now, I'm afraid....."

At the end, the city lord looked embarrassed.

Alas!

Xing Tiance did not detect the lies of the city lord, and when he believed them to be true, he sighed and said, "Your Majesty is very young, he will suffer from this, and naturally he can't stand it."

Subsequently, Xing Tiance clenched his fists tightly and said fiercely, "Therefore, if we are courtiers, we must bow down and do our best to get rid of Ji Beiye, a rebellious thief, as soon as possible." "It's

nature."

The city lord quickly nodded his head in agreement, and said falsely, "In the past two days, I have already deployed a defense, as long as Ji Beiye dares to act rashly, I will beat him to the ground."

Hearing this, Xing Tiance couldn't help but laugh: "The water army of Qingyun City is famous all over the world, and Ji Beiye will definitely be defeated this time." Haha

...

As they spoke, the two looked at each other and laughed.

At this time, the lord of the city took the opportunity to say, "Although the matter of the covenant book is important, it is not in a hurry to this moment and a half, and moreover, Commander Xing has been working all the way, and it is time to rest, otherwise, I will first arrange for you to go to the inn to rest, and wait until tomorrow morning, we will see Your Majesty together." When he said this

, the city lord had a sincere face, but his eyes flashed with coldness.

It is true that the city lord plans to get rid of Xing Tiance and then destroy the covenant book, but if he does it in his own city lord's palace, I am afraid that it will be exposed, and only by doing it in the inn can he be relieved of his responsibility.

At this time, Xing Tiance did not know that the city lord in front of him had killed him, and immediately nodded: "Good, just follow the city lord's arrangement." "

Good!"

The city lord stopped talking nonsense, stood up and shouted outside, "Come! As soon as the words stopped, two guards hurried up and respectfully said, "What does the lord of the city command?" The

city lord said seriously, "Immediately escort Commander Xing to the inn, remember, we must protect Commander Xing's thoroughness, otherwise I will ask you questions."

After

giving the explanation, the city lord hugged Xing Tiance and smiled, "Commander Xing, we will see you tomorrow morning."

Xing Tiance nodded, then put away the covenant book, and left the city lord's mansion with the two guards and went to the inn to rest.

Snap....

As soon as the front foot left, the city lord immediately put away his smile and clapped his hands. Suddenly, a guard walked in from outside: "City Lord, what else do you command?" The

city lord's eyes flickered, "Immediately go and ask the deer altar lord to come." Just go. "Yes

, lord of the city." Hearing the order, the guard answered and hurried away.

Ten minutes later, the guards returned with a man in a black robe and arrived at the door of the study, where the guards immediately retreated.

Just see the man in black thirty or forty years old, medium stature, seemingly ordinary, but the eyes are shining, the breath that pervades the body is not to be underestimated.

This person's name was Lu Qingxuan, and he was the Heavenly Dao in Qingyun City, the strength of the Eight Pins.

"The lord of the city summoned him late at night, what did he command?" Lu Qingxuan approached the study and asked very doubtfully. While asking, Lu Qingxuan walked to the table, saw that there was brewed tea, and poured himself a cup.

Lu Qingxuan and the city lord were personal friends, but because of their identities, not many people knew about them.

Call!

The city lord took a deep breath and said in a deep voice, "There is a tricky thing, I need you to help me get rid of someone." "Who

?" Lu Qingxuan asked slowly. As the altar master of the Heavenly Dao, killing a person was a trivial matter for him.

The city lord's eyes became serious, and he said word by word: "Xing Tiance, commander of the Forbidden Army." What

?

Hearing this name, the teacup that Lu Qingxuan sent to his mouth suddenly stopped, and a little jealousy also appeared in his look, Xing Tiance was the commander of the Forbidden Army, his strength was strong, and it was probably not easy to kill him.

Hehe....

Seeing the change in his face, the city lord smiled and said, "After the matter is completed, five thousand taels of gold, and ten Geji will be sent, and the altar master should be fine." "

The ultimate husband in Chinese chapter 6629

Chapter 6629:

The lord of the city at this time has a determined face.

He and Lu Qingxuan had known each other for many years, and he knew very well that this person's disposition, on the surface, was very greedy, not only liked money, but also very lustful.

“Haha...”

Sure enough, when Lu Qingxuan heard this, his eyes lit up and he laughed, “Well, how can I not do what the city lord commands?” I took this job. The lord of the city is ready for gold and beauty, haha. With

that, he drank the tea out of his cup and strode away.

.....

On the other side, in the coaching inn.

Xing Tiance entered the room and put the covenant book close to his body, and then lay down and rested. Because in Qingyun City, I feel very relieved, so my spirit is completely relaxed.

Rustling....

I don't know how long I slept, Xing Tiance was confused, vaguely heard footsteps slowly approaching the room, then immediately woke up, suddenly sat up, and rushed to the door: “What person?” Hearing the inquiry, the footsteps outside the door suddenly stopped, and then an anxious voice came: “Commander Xing, there is a big incident in the city lord's palace, and the

city lord specially asked me to ask you to help.” What

? What happened to the city lord's house?

Could it be that Himekitano sent the Assassins?

At this moment, Xing Tiance was shocked in his heart, and at that time, without half a doubt, he quickly walked over and opened the door.

Uh-huh....

Just as soon as I opened the door, several cold rays of light came at me, and I saw that five or six men dressed in black were holding long knives and ambushing at the door beforehand, waiting for Xing Tiance to appear and carry out a surprise attack.

Damn it....

At this moment, Xing Tiance was furious, and immediately retreated to dodge, while shouting angrily: “Who are you?” One of the

men in black said coldly, “The one who wants your life.” When the words fell, he beckoned his companions to rush into the

room and tightly surrounded Xing Tiance.

At this time, Xing Tiance quickly calmed down: "You don't say that I also know that you were sent by Ji Beiye, right?" As he spoke, Xing Tiance drew his sword and fought fiercely with several men dressed in black.

Several men dressed in black did not answer, but cooperated closely and launched a fierce attack on Xing Tiance.

Bells and bells...

At first, Xing Tiance did not pay attention to the few black-clad people in front of him at all, but gradually he sensed that something was wrong, several black-clad people not only cooperated with tacit understanding, but their strength was not weak, and they were all the strength of the Seven Pins.

There should be no such master in Ji Beiye's camp.

Whoops....

Just when Xing Tiance was secretly doubting, a man dressed in black took advantage of his lack of attention and slashed at his back with a knife, and in a flash, blood sprayed.

When the severe pain came, Xing Tiance took a deep breath, gritted his teeth and did not shout, but the anger in his heart was also completely aroused, and he roared angrily at that time: "A few little thieves, want to kill me, I'm afraid you don't have this skill."

Buzz

!

When the last word fell, Xing Tiance's strength completely exploded, the long sword was swinging, and the air in the entire room suddenly tore apart. Although the strength of the few men in black in front of them was not weak, Xing Tiance had the strength of his own close to the Nine Pins, and he was completely sure to kill them one by one.

"Hey, go and die."

Just when Xing Tiance's attention was on several people dressed in black, a sneer suddenly came from behind him, and then, a figure rushed like a ghost and slapped Xing Tiance in the heart.

I saw that this person's face was full of viciousness, and it was Lu Qingxuan.

Yes, the six people who besieged Xing Tiance were just bait, deliberately attracting Xing Tiance's attention, and the real killing move was Lu Qingxuan hiding in the shadows.

Mader, there are even accomplices.

At this moment, Xing Tiance was furious and wanted to dodge, but what shocked him was that the other party's speed was incredible, and this palm could not be dodged at all.

Boom!

The next second, Lu Qingxuan slapped Xing Tiance on the back, and at that time, Xing Tiance only felt a force coming from the mountains and seas, and the whole person snorted and was directly shocked and flew out.

Crash...

Flying tens of meters away, Xing Tiance smashed the window and finally landed on the street outside the inn.

"Poof!" At the moment of landing, Xing Tiance spewed out a mouthful of donated blood, and his face was miserable and pale.

Whoosh....

Before he could stand up, Lu Qingxuan and several others rushed out of the window and came towards him again.

The ultimate husband in Chinese chapter 6630

Chapter 6630:

"You...."

Xing Tiance endured severe pain, slowly stood up, and stared at Lu Qingxuan: "Who the hell are you?" "

Hey hey!" Lu Qingxuan smiled evilly and said slowly, "Anyway, you are certain to die, and I am not afraid to tell you that my name is Lu Qingxuan, and it was the city lord who entrusted me to assassinate you."

Speaking of which, Xing Tiance was close to the strength of Jiupin, and Lu Qingxuan was very jealous, but at this time, Xing Tiance had already been seriously injured, so he was not afraid at all.

What the?

Hearing this, Xing Tiance's heart was shocked, and he only felt that his brain was buzzing.

The city lord killed me? This... How can it be?

Thinking about it, Xing Tiance couldn't help but say, "Why did he kill me?"

Lu Qingxuan was too lazy to talk nonsense, and said coldly, "This question, you yourself go and ask God." With that, he beckoned a few men dressed in black and quickly rushed up.

Call!

Faced with this situation, Xing Tiance knew that it was useless to ask, so he immediately took a deep breath, clenched his sword and shouted, "Well, then I will kill you and go back to the city lord to ask for clarification." After the

words fell, Xing Tiance attacked and fought fiercely with Lu Qingxuan and several people again.

Speaking of which, Xing Tiance's strength was strong, and he collided head-on, and he was not afraid of Lu Qingxuan's several people at all, but he had just been secretly calculated twice, and the blood flowed continuously, resulting in a great reduction in strength.

In this case, in the face of the onslaught of Lu Qingxuan's men, Xing Tiance quickly couldn't resist.

Poof!

Soon, a man dressed in black, wrapped around behind Xing Tiance's body, held a long knife in his hand, and slashed at his right leg, and blood surged out at once!

Leg injury, Xing Tiance took a deep breath of cold air, staggered back, and almost fell.

Without waiting for him to stand firmly, Lu Qingxuan and several other men dressed in black took the opportunity to rush up, and the swords in their hands slashed at Xing Tiance in unison.

"Boom! Boom!

At this time, Xing Tiance was unable to resist at all, and there were several deep visible wounds on his body at once, instantly becoming a bloody man, and his mouth was full of blood!

"Shameless and despicable villain."

At this moment, Xing Tiance didn't know where the strength came from, roared angrily, and then used the strength of his whole body to shock the nearest man in black and fly out with one slap.

The man in black did not have time to scream, he was shocked and flew more than a hundred meters away, and when he landed, he had already lost his breath.

Immediately afterward, Xing Tiance staggered to his feet, although his face was miserable, but facing Lu Qingxuan in front of him, there was no fear on his face,

“Come! Want to kill me, come on! Xing Tiance blushed and howled desperately!

Mader!

Seeing this scene, whether it was Lu Qingxuan or other people dressed in black, they were all shocked, and a trace of jealousy rose in their hearts.

This... This man was worthy of being the commander of the Forbidden Army, and he had been injured like this, and he could kill one person back.

Whew...

At this time, Xing Tiance had already exhausted the last bit of strength, and he could still stand here at this moment, completely relying on a breath of support, his mind was chaotic, and he couldn't figure out how the city lord could suddenly kill himself.

“He's already the end of the crossbow. Together. At this moment, Lu Qingxuan reacted, shouted, and rushed first.

Whoosh:

As the words fell, several men dressed in black also exploded their strength and rushed towards Xing Tiance again. Xing Tiance had exhausted his strength and could not resist at all, and in just a few breaths, his heart was pierced by several knives, and the whole person fell to the ground.

“Ah!”

At the moment of falling to the ground, Xing Tiance's eyes were red with blood, and he roared unwillingly: “Why? I Xing Tiance is loyal to Dayan and can be seen from the sun and the moon, why? Why do you want to do this to me...” The last sentence was not finished, Xing Tiance died of breathlessness, but his eyes were still staring at the sky dead.

Until his death, he did not understand why the city lord would send someone to assassinate him.

“Mader, finally dead.”

Seeing him pick up, Lu Qingxuan took a deep breath, and immediately came over to search Xing Tiance’s body, and after finding the covenant book, he immediately beckoned his companions to leave.

“Commander Xing!”

Lu Qingxuan and a few people had just left, and the guards of the two city lords quickly rushed over, shouting in panic: “Commander Xing...” The two guards had an exaggerated tone, but their faces were not nervous at all.

It is true that they had already received the order of the city lord that when Xing Tiance was assassinated, they could not help, only secretly observed, and the purpose of doing so was naturally to set aside responsibility and create the illusion that Xing Tiance had died of death.
